ICA's airport subsidiary OMA files shelf registration statement for a Global Public Secondary Offering of up to 100 million OMA shares

Mexico City, May 15, 2013 – Empresas ICA, S.A.B. de C.V. (BMV and NYSE: ICA), the largest infrastructure and construction company in Mexico, and Mexican airport operator **Grupo Aeroportuario del Centro Norte, S.A.B. de C.V.**, known as OMA (NASDAQ: OMAB; BMV: OMA), announced today that OMA has filed a shelf registration statement on Form F-3 with the U.S. Securities and Exchange Commission relating to the potential future sale of up to 100 million of its Series B shares, without par value, directly or in the form of American Depositary Shares (ADSs), by ICA's indirect wholly owned subsidiary, Aeroinvest, S.A. de C.V. Each of OMA's ADSs represents eight Series B shares. The registered shares represent up to 25% of OMA's total capital.

This filing is intended to allow ICA the flexibility to sell a portion of its shares in OMA should it determine that market and other conditions are appropriate. If ICA decides to go forward with sales of OMA's Series B shares (directly or in the form of ADSs) covered by OMA's shelf registration statement, ICA would receive all proceeds from such sales. In addition, ICA expects to retain a controlling interest in OMA through its ownership of OMA's Series BB shares.

A registration statement relating to these securities has been filed with the SEC but has not yet become effective. Once declared effective by the SEC, the shelf registration is expected to remain effective for a period of three years.

These securities may not be sold nor may offers to buy be accepted prior to the time the registration statement becomes effective. This announcement is neither an offer to sell nor a solicitation of an offer to buy ordinary shares. Any offering of OMA's Series B shares (directly or in the form of ADSs) will be made solely by means of the prospectus included in the registration statement and any prospectus supplements that may be issued with respect to such offering.

The prospectus and any prospectus supplements will be available from the SEC (www.sec.gov).

A copy of the final prospectus and any prospectus supplement relating to the offering under the registration statement will be filed with the SEC.

This press release may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. Such forward-looking statements are subject to various risks and uncertainties and may differ materially from actual results or events due to various factors, including (with respect to ICA) material changes in the performance or terms of its concessions, ability to obtain additional debt or equity financing on attractive terms, developments in legal proceedings, economic and political conditions and government policies in Mexico or elsewhere, inflation and exchange rates, regulatory developments, and customer demand and competition; and (with respect to OMA) governmental regulations governing airport operations, airport concessions, and maximum rates, air traffic volumes, U.S. and global economic activity, fuel prices, terrorist attacks, factors affecting Mexican tourism, and tax claims asserted by municipalities. These and other risk factors are set forth in ICA's and OMA's most recent filings on Form 20-F and in any filings or submissions the companies have made with the SEC subsequent to their most recent filings on Form 20-F. All forward-looking statements are based on information available to ICA and OMA on the date hereof, and neither ICA nor OMA assumes any obligation to update such statements.
