## EXPLANATORY PARAGRAPH

On November 30, 2012, Smartag International, Inc. filed its Annual Report on Form 10-K for the year ended September 30, 2012 (the "Original Report") with the Securities and Exchange Commission. In response to comments from the staff of the Securities and Exchange Commission, we are filing this Amendment No. 1 to the Original Report ("Amendment No. 1") for the sole purpose of revising the disclosure about management's conclusion regarding the effectiveness of our disclosure controls and procedures which was inadvertently omitted from the Original Report. This Amendment No. 1 also contains currently dated certifications as Exhibits 31 and 32 hereof. This Amendment No. 1 does not reflect facts or events that may have occurred subsequent to the filing date of the Original Report, and does not modify or update in any way any other disclosures made in the Original Report. Accordingly, this Amendment No. 1 should be read in conjunction with our filings with the Securities and Exchange Commission subsequent to the filing date of the Original Report.

### ITEM 9A. CONTROLS AND PROCEDURES

**Evaluation of Disclosure Controls and Procedures:** We conducted an evaluation under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. The term "disclosure controls and procedures", as defined in Rules 13a-15(e) and 15d-15(e) under the Securities and Exchange Act of 1934, as amended ("Exchange Act"), means controls and other procedures of a company that are designed to ensure that information required to be disclosed by the company in the reports it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures also include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company's management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate, to allow timely decisions regarding required disclosure.

Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded as of September 30, 2012, that our disclosure controls and procedures are effective at a reasonable assurance level and are designed to provide reasonable assurance that the controls and procedures will meet their objectives. However, it should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote.

**Management's Report on Internal Control Over Financial Reporting:** Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The internal controls for the Company are provided by executive management's review and approval of all transactions. Our internal control over financial reporting also includes those policies and procedures that:

- (1) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of our assets;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. GAAP, and that our receipts and expenditures are being made only in accordance with the authorization of our management; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of the Company's internal control over financial reporting as of June 30, 2011. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control-Integrated Framework. Management's assessment included an evaluation of the design of our internal control over financial reporting and testing of the operational effectiveness of these controls.

Based on this assessment, management has concluded that as of September 30, 2013, our internal control over financial reporting was effective to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U.S. generally accepted accounting principles.

This annual report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the SEC that permit the Company to provide only management's report in this annual report.

#### **Changes in Internal Control over Financial Reporting**

There were no changes in the Company's internal control over financial reporting that occurred during the last fiscal quarter that have materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.
