**Proxy Statement**

---

**Time and Place**

You are invited to attend the annual meeting of stockholders of Wolverine World Wide, Inc. that will be held on April 26, 2001, at Wolverine's headquarters located at 9341 Courtland Drive, N.E., Rockford, Michigan, at 10:00 a.m. local time.

This proxy statement and enclosed proxy card are being furnished to you in connection with the solicitation of proxies by the Wolverine Board of Directors for use at the annual meeting. In this proxy statement, “we,” “us,” “our” and “Wolverine” refer to Wolverine World Wide, Inc. and “you” and “your” refer to Wolverine stockholders.

## **Purpose of the Meeting**

The purpose of the annual meeting is to consider and vote upon:

election of four directors for three-year terms expiring in 2004;

approval of the Stock Incentive Plan of 2001;

ratification of the appointment of Ernst & Young LLP as independent auditors for Wolverine for its current fiscal year; and

such other business as may properly come before the meeting.

***Your Board of Directors recommends that you vote FOR each nominee and each proposal discussed in this proxy statement.***

## **How to Vote Your Shares**

You may vote at the meeting or by proxy if you were a stockholder of record of Wolverine on March 1, 2001. Wolverine now offers the convenience of voting by mail-in proxy or via the internet. See the enclosed proxy for voting instructions. Each stockholder is entitled to one vote per share on each matter presented.

As of March 1, 2001, there were 41,678,839 shares of Wolverine common stock issued and outstanding (excluding 3,236,756 shares of treasury stock).

If you properly sign and return the proxy in the form we have provided or properly vote via the internet, your shares will be voted at the annual meeting and at any adjournment of that meeting.

If you specify a choice, your shares will be voted as specified. If you do not specify a choice, your shares will be voted for the election of all nominees named in this proxy statement, for the proposals set forth in this proxy statement and, with respect to any other matter that may come before the meeting, in the discretion of the individuals named as proxies on the proxy card. We are not currently aware of any other matters to be presented at the meeting.

You may revoke your proxy at any time before it is exercised by delivering written notice of revocation to the Secretary of Wolverine or by attending and voting at the annual meeting.

## **Quorum and Required Vote**

The presence in person or by proxy of the holders of a majority of the shares entitled to vote at the meeting is necessary to constitute a quorum. In determining the presence or absence of a quorum for the meeting, we will count as present and represented at the meeting all shares for which we receive a proxy or vote, including abstentions and shares represented by a broker vote on any matter.

A plurality of the shares voting is required to elect directors. This means that if there are more nominees than positions to be filled, the nominees who receive the most votes will be elected. In counting votes on the election of directors, abstentions, broker non-votes and other shares not voted will be counted as not voted. These shares will be deducted from the total shares of which a plurality is required.

Each other matter to be voted upon at the meeting will be approved if a majority of the shares present or represented at the meeting and entitled to vote on the proposal are voted in favor of such matter. In counting votes on each matter, abstentions will be counted as voted against the matter and broker non-votes will be counted as not voted on the matter. Shares that are not voted will be deducted from the total shares of which a majority is required.

## **Election of Directors**

---

As recommended by the Governance Committee, the Board of Directors proposes that the following nominees be elected as directors for terms expiring at the 2004 annual meeting:

Geoffrey B. Bloom

David T. Kollat

David P. Mehney

Timothy J. O' Donovan

All of the nominees are currently directors of Wolverine whose terms will expire at the annual meeting. Each proposed nominee is willing to be elected and serve as a director. However, if a nominee is unable to serve or is otherwise unavailable for election, which we do not contemplate, the incumbent Wolverine Board of Directors may or may not select a substitute nominee. If a substitute nominee is selected, your shares will be voted for the substitute nominee (unless you give other instructions). If a substitute nominee is not selected, your shares will be voted for the remaining nominees. Proxies will not be voted for more than four nominees.

Wolverine's Board of Directors currently consists of 12 directors. Wolverine's Amended and Restated Bylaws provide that the Board of Directors is divided into three classes, with each class to be as nearly equal in number as possible. Each class serves a term of office of three years, with the term of one class expiring at the annual meeting in each successive year.

Biographical information as of December 31, 2000, for each nominee and each current director who will continue to serve after the annual meeting is presented below. Except as otherwise indicated, all have had the same principal positions and employment for over five years.

***Your Board of Directors recommends that you vote FOR each nominee.***

## **Board Committees and Meetings**

The Board of Directors has four standing committees: the Audit Committee, the Compensation Committee, the Executive Committee and the Governance Committee.

*Audit Committee.* The Audit Committee:

recommends the selection of independent accountants;

approves the nature and scope of services to be performed by the independent accountants and reviews the range of their fees for such services; and

reviews Wolverine's internal accounting controls, the results of the annual audit, and policies and practices regarding compliance with laws and conflicts of interest.

Directors who are employees of Wolverine or its subsidiaries may not serve on the Audit Committee. Messrs. Carroll, Grimoldi, Kollat and Parini currently serve on the Audit Committee. Mr. Parini is Chairman of this committee. It met four times in 2000.

Wolverine's Board of Directors has adopted a written charter for the Audit Committee. The written charter is attached as Appendix A to this proxy statement. All members of the Audit Committee are "independent" from Wolverine and its management under the rules and standards of the New York Stock Exchange.

*Compensation Committee.* The Compensation Committee:

reviews and recommends the timing and amount of compensation for the Chief Executive Officer and other key employees, including salaries, bonuses and other benefits;

administers Wolverine's stock option and other equity-based incentive plans;

recommends retainer and attendance fees for directors who are not employees of Wolverine or any of its subsidiaries ("outside directors"); and

reviews for adequacy and competitiveness the compensation plans and awards as they relate to the Chief Executive Officer and other key employees.

Messrs. Fites, Matthews, Mehney and Schrage and Ms. Sanders currently serve on the Compensation Committee. Mr. Matthews is Chairman of this committee. It met five times during 2000.

*Executive Committee.* The Executive Committee exercises all powers and authority of the Board of Directors during periods between board meetings. Messrs. Bloom, Fites, Grimoldi, Matthews, O' Donovan and Parini currently serve on the Executive Committee. Mr. Matthews is Chairman of this committee. It did not meet during 2000.

*Governance Committee.* The Governance Committee:

- interviews each potential nominee and recommends suitable candidates for nomination to the Board of Directors;
- reviews the appropriate skills and characteristics of Board members;
- reviews and evaluates the performance of the Board and the directors;
- reviews and reports on all matters generally relating to corporate governance; and
- recommends the officers of Wolverine for election by the Board.

Messrs. Kollat, Mehney and Schrage and Mses. Parker and Sanders currently serve on the Governance Committee. Mr. Mehney is Chairman of this committee. It met three times during 2000.

During the 2000 fiscal year, the Board of Directors held five regular and no special meetings. Each of the directors attended at least 75% or more of the aggregate of the total number of full Board meetings and the total number of meetings of committees on which he or she served (during the periods that he or she served).

### **Stockholder Nominations**

The Governance Committee will consider nominees for election to the Board of Directors submitted by stockholders. Nominations may be made by a stockholder entitled to vote for the election of directors if, and only if, the stockholder submits advance notice of the proposed nomination and the notice is received by the Secretary of Wolverine not less than 50 nor more than 75 days before the annual meeting. However, if fewer than 65 days' notice of the meeting or prior public disclosure is given to stockholders, the notice of the proposed nomination must be received not later than the close of business on the 15th day after the day on which the notice of the date of the meeting was mailed or the public disclosure was made, whichever occurs first. Each notice submitted by a stockholder must set forth each nominee's name, age, business address, residence address and principal occupation and employment, the class and number of shares of common stock

---

beneficially owned by each nominee, and any other information concerning each nominee required to be included in a proxy statement soliciting proxies for the election of the nominee under the rules of the Securities and Exchange Commission. In addition, the notice must state the name, record address and the class and number of shares of common stock beneficially owned by the stockholder submitting the notice. If the chairman of the meeting determines that a nomination was not made in accordance with these procedures, he or she must announce that determination at the meeting and the nomination will be disregarded.

### **Compensation of Directors**

Wolverine paid each outside director an annual retainer of \$21,000 plus \$1,000 per day for attendance at each regular meeting of the Board of Directors and \$1,000 per day for attendance at each committee meeting. In addition,

Wolverine paid the chairmen of the Audit, Compensation and Governance Committees annual fees of \$3,500. Directors who are also employees of Wolverine or any of its subsidiaries receive no annual retainer and are not compensated for attendance at board or committee meetings. Wolverine also reimburses directors for expenses associated with attending board and committee meetings.

Under the Directors' Stock Option Plan approved by stockholders in 1994 (the "Directors' Stock Option Plan"), each newly appointed or elected outside director is granted an option to purchase shares of common stock with a market value on the date of his or her initial election or appointment of \$250,000. On the date of each annual meeting after his or her initial appointment or election, each outside director is granted an option to purchase shares with a market value on the annual meeting date of \$65,000. The exercise price of options granted under this plan is 100% of the market value of common stock on the date each option is granted. The term of each option may not exceed 10 years. Options were granted under this plan to all outside directors on April 13, 2000. Options to purchase a maximum of 405,000 shares of common stock may be granted under the plan.

In 1996, Wolverine adopted the Outside Directors' Deferred Compensation Plan (the "Outside Directors' Plan"), a supplemental nonqualified deferred compensation plan for the outside directors. The plan permits all outside directors to defer 25%, 50%, 75% or 100% of their directors' fees. Amounts deferred are credited on the books of Wolverine to an account established for that director as if the amounts had been invested to purchase shares of common stock using the market price of common stock on the date such fees would have been payable ("phantom stock"). The value of the account will increase or decrease during the deferral period corresponding to changes in the market value of common stock. The accumulated value of a director's account under the plan is paid in cash upon termination of service as a director in a single lump-sum or annual installments over a period of up to 10 years.

Upon adoption of the Outside Directors' Plan, Wolverine terminated its previously existing Director Retirement Plan and provided for the conversion of the expected benefits payable under the Director Retirement Plan. Only outside directors who continued to serve as directors at the close of the annual meeting of stockholders on April 17, 1996 ("continuing directors"), received an award of phantom stock units representing additional retirement income under the Outside Directors' Plan. Except for the continuing directors, no future outside director will receive retirement awards under the Outside Directors' Plan. To approximate as nearly as possible the expected benefits that otherwise would have been payable to continuing directors under the Director Retirement Plan if it had remained in effect, on April 17, 1996, Wolverine awarded to each continuing director a number of phantom stock units having a market value equal to the present value (determined by an actuary) of the expected benefits payable under the Director Retirement Plan. In addition, to approximate as nearly as possible the minimum service requirements imposed under the Director Retirement Plan, phantom stock units that represent awards of retirement income are subject to delayed vesting provisions. Cash equal to the accumulated value of all phantom stock units representing retirement awards credited to a director's account will be payable upon termination of service as a director. Payments will be made in 10 annual installments beginning the month following termination of service as a director.

Upon a "change in control" as defined in the Outside Directors' Plan, all amounts credited to a director's account (both for deferred fees and retirement income) will be distributed to the director in a single lump-sum. For purposes of the Outside Directors' Plan, "change in control" is defined as:

failure of the individuals who were directors at the time the Outside Directors' Plan was adopted and those whose election or nomination to the Board of Directors was approved by a three-quarters vote of the directors then still in office who were directors at the time the Outside Directors' Plan was adopted, or

---

whose election or nomination was so approved, to constitute a majority of the Board of Directors;

acquisition by certain persons or groups of 20% or more of the common stock or combined outstanding voting power (excluding certain transactions);

approval by the stockholders of a reorganization, merger or consolidation (excluding certain permitted transactions);  
or

approval by the stockholders of a complete liquidation or dissolution of Wolverine or the sale or disposition of all or substantially all of the assets of Wolverine (excluding certain permitted transactions).

Mr. Matthews serves as Lead Director of Wolverine. Wolverine paid Mr. Matthews a fee of \$60,000 for his service as Lead Director.

In April 2000, Mr. Bloom relinquished his role as Chief Executive Officer of Wolverine but continues to serve as Chairman of the Board of Directors. In addition to his duties as Chairman, Mr. Bloom has also agreed to provide consulting services to Wolverine regarding its operations and strategic direction during a transition period. For the period from May 2000 through April 2001, Mr. Bloom will receive \$250,000 for these services. This payment is in lieu of all other director compensation and Mr. Bloom will not participate in the Directors' Stock Option Plan or the Outside Directors' Plan and will receive no annual retainer, fees for Board or Committee meeting attendance or other compensation. The scope of Mr. Bloom's services and his compensation will be reviewed annually by the Board of Directors.

### **Stock Incentive Plan of 2001**

---

The Board of Directors firmly believes that Wolverine's long-term interests are best advanced by aligning the interests of its key employees with the interests of its stockholders. Therefore, to attract, retain and motivate officers and key management employees of exceptional abilities, and in recognition of the significant and extraordinary contributions to the long-term performance and growth of Wolverine and its subsidiaries made by these individuals, on March 6, 2001, the Board of Directors adopted, subject to stockholder approval, the Stock Incentive Plan of 2001 (the "Plan"). The Plan is intended to supplement and continue the compensation policy and practice of other stock incentive plans of Wolverine, which Wolverine has utilized for these purposes for several decades, including the 1999 Stock Incentive Plan, the 1997 Stock Incentive Plan, the 1995 Stock Incentive Plan and the 1993 Stock Incentive Plan. Because the current plans have limited authorized shares remaining for future awards and stock options to employees (approximately 12,548 shares in total), the Board of Directors believes that adoption of the Plan is now advisable to make additional shares available for awards and stock options.

The following summarizes information as of March 12, 2001, with respect to available shares and outstanding awards under Wolverine's existing equity-based incentive plans:

110,885 shares of common stock are currently available for new awards under *all* of Wolverine's existing equity-based compensation plans (of which 98,337 shares are reserved for issuance to outside directors under the Directors' Stock Option Plan);

options for 4,260,714 shares of common stock are currently outstanding and unexercised under *all* of Wolverine's existing stock option plans;

the weighted-average exercise price of all currently outstanding stock options is \$13.755; and

the weighted-average term until expiration of all currently outstanding stock options is 7.26 years.

The following summarizes certain important information about the proposed Plan:

2,000,000 shares of common stock would be available for awards under the Plan, subject to certain anti-dilution and other adjustments;

a maximum of 40% of the shares available for issuance under the Plan could be awarded in the form of restricted stock and stock awards, combined;

the exercise price for all stock options issuable under the Plan must be at least 100% of the market value of common stock on the date of grant; and

the Plan prohibits repricing, replacement, or modification of any award under the Plan without stockholder approval if the effect of the action would be to reduce the exercise price of the outstanding award.

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits to \$1,000,000 the annual income tax deduction that may be claimed by a publicly held corporation for compensation paid to its chief executive officer and to the four most highly compensated officers other than the chief executive officer. Qualified “performance-based” compensation is exempt from the \$1,000,000 limit and may be deducted even if other

---

compensation exceeds \$1,000,000. The proposed Plan is intended to provide performance-based compensation under Section 162(m) to permit compensation associated with stock options awarded under the Plan to be tax deductible to Wolverine while allowing, as nearly as practicable, the continuation of Wolverine’s preexisting practices with respect to the award of stock options. As required by the regulations issued under Section 162(m), no participant in the Plan may be granted, with respect to any calendar year, awards representing more than 25% of the total number of shares of Wolverine common stock available for awards under the Plan.

The Plan is intended to grant stock options and restricted stock consistent with the past practice of Wolverine. Most of the options granted under the current plans have been incentive stock options within the meaning of the Internal Revenue Code with an exercise price equal to the market price of the stock on the date of grant. However, the Plan would also permit the grant of other forms of long-term incentive compensation if determined to be desirable to advance the purposes of the Plan. These other forms of long-term incentive compensation include tax benefit rights and stock awards (together with stock options and restricted stock, collectively referred to as “Incentive Awards”). By combining in a single plan many types of incentives commonly used in long-term incentive compensation programs, the Plan is intended to provide significant flexibility for Wolverine to design specific long-term incentives to best promote Plan objectives and in turn promote the interests of Wolverine’s stockholders.

The following is a summary of the principal features of the Plan and is qualified in its entirety by reference to the terms of the Plan attached as Appendix B to this proxy statement.

Subject to certain anti-dilution and other adjustments, the total number of shares available for Incentive Awards under the Plan would be 2,000,000 shares of Wolverine’s common stock, \$1.00 par value. Persons eligible to receive Incentive Awards under the Plan (with certain limitations discussed below) include corporate executive officers (currently 11 persons) and other officers and key employees (currently approximately 200 persons) of Wolverine and its subsidiaries in consideration of their abilities to contribute to increased stockholder value. Additional individuals may become executive officers, officers or key employees in the future and could participate in the Plan. Executive officers, officers and key employees of Wolverine and its subsidiaries may be considered to have an interest in the Plan because they may receive Incentive Awards under the Plan. The benefits payable under the Plan are presently not determinable and the benefits that would have been payable had the Plan been in effect during the most recent fiscal year are similarly not determinable. The Plan would not be qualified under Section 401(a) of the Internal Revenue Code and would not be subject to the Employee Retirement Income Security Act of 1974.

The Plan would be administered by the Compensation Committee of the Board of Directors. The Compensation Committee would determine, subject to the terms of the Plan, the persons to receive Incentive Awards, the amount of Incentive Awards to be granted to each person (subject to the limit specified in the Plan), the time of each grant, the terms and duration of each grant and all other determinations necessary or advisable for administration of the Plan. No participant may be granted, during any calendar year, Incentive Awards representing more than 25% of the total number of shares of Wolverine common stock available for Incentive Awards under the Plan, subject to certain anti-dilution and other adjustments. In addition, not more than 40% of the total number of shares available for awards under the Plan could be granted in the form of restricted stock and stock awards, combined. The Compensation Committee could amend the terms of Incentive Awards granted under the Plan from time to time in a manner consistent with the Plan.

The principal stock option features of the Plan permit Wolverine to grant to participants' options to purchase shares of Wolverine common stock at stated prices for specific periods of time. Certain stock options that could be granted to employees under the Plan may qualify as incentive stock options as defined in Section 422 of the Internal Revenue Code. Wolverine has traditionally granted incentive stock options to its officers and key employees as the primary form of long-term, equity-based incentive compensation. Other stock options would not be incentive stock options within the meaning of the Internal Revenue Code. Stock options could be granted at any time prior to the termination of the Plan according to its terms or termination of the Plan by action of the Compensation Committee or the Board of Directors. The Compensation Committee could award options for any amount of consideration, or no consideration, as determined by the Compensation Committee.

The Compensation Committee would establish the terms of individual stock option grants in stock option agreements. The stock option agreements would contain

---

terms, conditions and restrictions that the Compensation Committee determines to be appropriate and consistent with the provisions of the Plan. These restrictions could include vesting requirements to encourage long-term ownership of shares. Stock options granted by the Compensation Committee under the stock incentive plans currently in place generally vest in four installments over a three-year period subject to, among other things, the participant' s continued employment with Wolverine or the applicable subsidiary. The terms could also provide for automatic regrants of options for a small group of senior managers with respect to shares surrendered to Wolverine in connection with the exercise of an outstanding stock option or payment of taxes in connection with the vesting of restricted stock or the exercise of a stock option. The exercise price per share would be determined by the Compensation Committee and would be a price equal to or greater than the market value of common stock on the date of grant. No Incentive Award could be repriced, replaced, regranted through cancellation or modified without stockholder approval if the effect of such repricing, replacement, regrant or modification would be to reduce the exercise price of then outstanding Incentive Awards to the same participants. On March 7, 2001, the closing price of Wolverine common stock on the New York Stock Exchange was \$14.90 per share. When exercising all or a portion of a stock option, a participant could pay the exercise price with cash or, if permitted by the Compensation Committee, shares of Wolverine common stock or other consideration substantially equal to cash. If shares of Wolverine common stock are used to pay the exercise price and the Compensation Committee permits, a participant could use the value of shares received upon exercise for further exercises in a single transaction. The Compensation Committee could also authorize payment of all or a portion of the exercise price in the form of a promissory note or installments on terms approved by the Compensation Committee. The Board of Directors could restrict or suspend the power of the Compensation Committee to permit such loans and could require that adequate security be provided.

Although the term of each stock option would be determined by the Compensation Committee, no stock option would be exercisable under the Plan after the expiration of 10 years from the date it was granted. Stock options generally would be exercisable for limited periods of time in the event a stock option holder dies, becomes disabled or is

terminated without cause. If a stock option holder is terminated for cause, the stock option holder would forfeit all rights to exercise any outstanding stock options unless the Compensation Committee determines otherwise. If a stock option holder retires after age 55 or upon any other age determined by the Compensation Committee, the option holder could exercise options for the remainder of the terms of the options unless the terms of the option agreement or grant provide otherwise. Stock options granted to participants under the Plan generally could not be transferred except by will or by the laws of descent and distribution, unless the Compensation Committee otherwise consents or transfer is permitted by the terms of the grant or the applicable stock option agreement.

For federal income tax purposes, the participant would not recognize income and Wolverine would not receive a deduction at the time an incentive stock option is granted. A participant exercising an incentive stock option would not recognize income at the time of the exercise. The difference between the market value and the exercise price would, however, be a tax preference item for purposes of calculating alternative minimum tax. Upon sale of the stock, as long as the participant held the stock for at least one year after the exercise of the stock option and at least two years after the grant of the stock option, the participant's basis would equal the exercise price and the participant would pay tax on the difference between the sale proceeds and the exercise price as capital gain. Wolverine would receive no deduction for federal income tax purposes. If, before the expiration of either of the above holding periods, the participant sold shares acquired under an incentive stock option, the tax deferral would be lost and the participant generally would recognize taxable compensation income equal to the difference between the exercise price and the fair market value of the stock at the time of exercise. Wolverine would then receive a corresponding deduction for federal income tax purposes. Additional gains, if any, recognized by the participant would result in the recognition of short- or long-term capital gain.

Federal income tax laws provide different rules for nonqualified options that do not meet the Internal Revenue Code's definition of an incentive stock option. Under current federal income tax laws, a participant would not recognize any income and Wolverine would not receive a deduction at the time a nonqualified option is granted. If a nonqualified option is exercised, the participant would recognize compensation income in the year of exercise equal to the difference between the exercise price and the fair market value of the stock on the date of exercise. Wolverine would receive a corresponding deduction for federal income tax purposes.

---

The participant's tax basis in the shares acquired would be increased over the exercise price by the amount of compensation income recognized. Sale of the stock after exercise would result in recognition of short- or long-term capital gain or loss.

In addition to the authority to grant stock options under the Plan, the Compensation Committee could also grant tax benefit rights, subject to such terms and conditions as the Compensation Committee determines to be appropriate. Although permitted by the current plans, Wolverine has never granted any such rights and presently has no intention to do so. A tax benefit right is a cash payment to a participant upon exercise of a stock option. The amount of the payment would not exceed the amount determined by multiplying the ordinary income realized by the participant (and deductible by Wolverine) upon exercise of a nonqualified option, or upon a disqualifying disposition of an incentive stock option, by the maximum federal income tax rate (including any surtax or similar charge or assessment) for corporations plus the applicable state and local tax imposed on the exercise of the stock option or disqualifying disposition. Unless the Compensation Committee provides otherwise, the net amount of a tax benefit right, subject to withholding, could be used to pay a portion of the exercise price. Tax benefit rights could be issued under the Plan with respect to stock options granted not only under the Plan but also with respect to existing or future stock options awarded under any other plan of Wolverine that has been approved by the stockholders as of the date of the Plan.

The Plan also permits the Compensation Committee to make stock awards. A stock award of Wolverine's common stock would be subject to terms and conditions set by the Compensation Committee at the time of the award. Stock

award recipients would generally have all voting, dividend, liquidation and other rights with respect to awarded shares of Wolverine common stock. However, the Compensation Committee could impose restrictions on the assignment or transfer of Wolverine common stock awarded under a stock award. Wolverine has previously granted stock awards for minimal numbers of shares to a limited number of persons in connection with short-term programs targeted at specific locations or profit centers as rewards for achieving pre-established sales or similar goals. Wolverine presently expects any future awards would be for similar numbers of shares and purposes.

Finally, the Plan permits the Compensation Committee to award restricted stock, subject to such terms and conditions set by the Compensation Committee. Only 40% of the shares authorized under the Plan may be issued as restricted stock or stock awards, combined. As with stock option grants, the Compensation Committee would establish the terms of individual awards of restricted stock in restricted stock agreements. Restricted stock granted by the Compensation Committee, other than stock associated with payouts under Wolverine's Executive Long-Term Incentive Plan, generally vests in three installments over a five-year period, with 25% of the shares subject to an award vesting on the third anniversary of the date of the award, 25% of the shares vesting on the fourth anniversary and the remaining shares vesting on the fifth anniversary. Restricted stock awarded in connection with the Executive Long-Term Incentive Plan (approved by the stockholders in 1997) generally vests in three equal installments over a three-year period on each anniversary of the date of grant. Unless the Compensation Committee consents or provides otherwise in a restricted stock agreement, if a participant's employment is terminated during the restricted period for any reason other than death, disability or retirement (as defined in the Plan), the participant's restricted stock would be entirely forfeited. If the participant's employment terminates during the restricted period by reason of death, disability or retirement, the restrictions on the participant's shares would terminate automatically with respect to that number of shares (rounded to the nearest whole number) equal to the total number of shares of restricted stock awarded to the participant multiplied by the number of full months that have elapsed since the date of grant divided by the total number of full months in the restricted period. All remaining shares would be forfeited and returned to Wolverine, unless the Compensation Committee consents or provides otherwise. Wolverine has previously granted restricted stock awards pursuant to the current stock incentive plans.

Without Compensation Committee authorization, a recipient of restricted stock would not be allowed to sell, exchange, transfer, pledge, assign or otherwise dispose of the stock other than to Wolverine or by will or the laws of descent and distribution. In addition, the Compensation Committee could impose other restrictions on shares of restricted stock. Holders of restricted stock would enjoy all other rights of a stockholder with respect to restricted stock, including the right to vote restricted shares at stockholders' meetings and the right to receive all dividends paid with respect to shares of Wolverine common stock. Any securities received by a holder of restricted stock pursuant to a stock dividend, stock split, recapitalization, merger, consolidation, combination or exchange of shares would be subject to the

---

same terms, conditions and restrictions that are applicable to the restricted stock for which the shares are received.

Generally, a participant would not recognize income upon the award of restricted stock. However, a participant would be required to recognize compensation income on the value of restricted stock at the time the restricted stock vests (when the restrictions lapse). At the time the participant recognizes compensation income, Wolverine would be entitled to a corresponding deduction for federal income tax purposes. If restricted stock is forfeited by a participant, the participant would not recognize income and Wolverine would not receive a deduction. Prior to the lapse of restrictions, dividends paid on restricted stock would be reported as compensation income to the participant and Wolverine would receive a corresponding deduction.

A participant could, within 30 days after the date of an award of restricted stock, elect to report compensation income for the tax year in which the award of restricted stock occurs. If the participant makes such an election, the amount of

compensation income would be the value of the restricted stock at the time of the award. Any later appreciation in the value of the restricted stock would be treated as capital gain and realized only upon the sale of the restricted stock. Dividends received after such an election would be taxable as dividends and not treated as additional compensation income. If, however, restricted stock is forfeited after the participant makes such an election, the participant would not be allowed any deduction for the amount earlier taken into income. Upon the sale of restricted stock, a participant would realize capital gain (or loss) in the amount of the difference between the sale price and the value of the stock previously reported by the participant as compensation income.

Compensation associated with awards of restricted stock under the Plan not associated with payouts under the Executive Long-Term Incentive Plan would not, based upon Wolverine's past practices, qualify as performance-based compensation for purposes of Section 162(m) and would be subject to the \$1,000,000 deductibility limit. Wolverine believes that awards of restricted stock in connection with the Executive Long-Term Incentive Plan would constitute performance-based compensation and would be exempt from the \$1,000,000 deductibility limit imposed by Section 162(m).

Upon the occurrence of a "change in control" of Wolverine (as defined in the Plan), all outstanding stock options would become immediately exercisable in full and would remain exercisable in accordance with their terms and all other outstanding Incentive Awards under the Plan would immediately become fully vested and nonforfeitable. In addition, the Compensation Committee, without the consent of any affected participant, could determine that some or all participants holding outstanding stock options would receive cash in an amount equal to the greater of the excess over the exercise price per share of each stock option of: (i) the highest sale price of the shares on the New York Stock Exchange immediately before the effective date of the change in control; or (ii) the price per share actually paid in connection with any change in control of Wolverine.

If Incentive Awards are made under the Plan, Wolverine could withhold from any cash otherwise payable to a participant or require a participant to remit to Wolverine an amount sufficient to satisfy federal, state, local and foreign withholding taxes. Tax withholding obligations could be satisfied by withholding Wolverine common stock to be received upon exercise of an option or the vesting of restricted stock or by delivery to Wolverine of previously owned shares of common stock.

The Board of Directors could, on the recommendation of the Compensation Committee, terminate the Plan at any time and could from time to time amend the Plan as it considered proper and in the best interests of Wolverine, provided that no amendment could impair any outstanding Incentive Award without the consent of the participant except according to the terms of the Plan or Incentive Award. No termination, amendment or modification could become effective with respect to any Incentive Award outstanding under the Plan without the prior written consent of the participant holding the award unless the amendment or modification operated to the benefit of the participant. Subject to stockholder approval, the Plan would take effect on March 6, 2001, and, unless terminated earlier by the Board of Directors, no awards could be made under the Plan after March 5, 2011.

Wolverine intends to register shares covered by the Plan under the Securities Act of 1933 before any Incentive Award could be exercised.

If the Plan is not approved by the stockholders, no Incentive Awards will be made under the Plan to any employee of Wolverine, including the Chief Executive Officer or any of the four most highly compensated executive officers (other than the Chief Executive Officer).

***Your Board of Directors recommends that you vote FOR approval of the Stock Incentive Plan of 2001.***

# Ownership of Wolverine Stock

## Five Percent Stockholders

The following table sets forth information concerning the number of shares of Wolverine stock held by each entity known to Wolverine to have been the beneficial owner of more than five percent of Wolverine's outstanding shares of common stock:

### Five Percent Stockholders

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership of Common Stock			Percent of Class
	Sole Voting or Dispositive Power	Shared Voting or Dispositive Power	Total Beneficial Ownership	
Berger Small Cap Value Fund(1) 210 University Boulevard Denver, Colorado 80206	–	3,300,000(2)	3,300,000(2)	7.37%
Perkins, Wolf, McDonnell & Company(3) 53 N. Jackson Boulevard Chicago, Illinois 60604	170,200	4,441,800(2)	4,612,000(2)	11.1%
Gabelli Entities(4) One Corporate Center Rye, New York 10580-1435	2,405,300	–	2,405,300	5.4%

(1) Based on information set forth in Schedule 13G dated February 14, 2001. The Schedule 13G indicates that the Berger Small Cap Value Fund and its sub-investment adviser, Perkins, Wolf, McDonnell & Company, have investment and voting authority with respect to 3,300,000 shares of Wolverine's common stock. Documents filed with the Securities and Exchange Commission indicate that the Berger Small Cap Value Fund is a portfolio series established under the Berger Omni Trust Fund, an open-ended management investment company registered under the Investment Company Act of 1940, as amended.

(2) According to a letter dated February 21, 2001, sent by the Berger Small Cap Value Fund to Wolverine, all 3,300,000 shares of Wolverine common stock considered to be beneficially owned by the Berger Small Cap Value Fund are also considered to be beneficially owned by Perkins, Wolf, McDonnell & Company. The first footnote describes the relationship between the Berger Small Cap Value Fund and Perkins, Wolf, McDonnell & Company. Because both the Berger Small Cap Value Fund and Perkins, Wolf, McDonnell & Company are considered beneficial owners of the 3,300,000 shares of Wolverine common stock, these shares are counted twice in the table.

(3) Based on information set forth in Schedule 13G dated September 1, 2000. The Schedule 13G indicates that Perkins, Wolf, McDonnell & Company, identified as an investment adviser, is considered the beneficial owner of 4,612,000 shares of Wolverine common stock. As discussed in Note 2, the Berger Small Cap Value Fund is also considered to beneficially own 3,300,000 of these 4,612,000 shares of Wolverine common stock.

(4) Based on information set forth in Schedule 13D dated February 5, 2001. The Schedule 13D indicates that:  
(i) Gabelli Funds, LLC (an investment adviser) has the sole power to vote and dispose of 903,600 shares of

common stock; (ii) GAMCO Investors, Inc. (an investment adviser) has the sole power to vote 1,441,700 shares of common stock and the sole power to dispose of 1,471,700 shares of common stock; and (iii) Gabelli International Limited (a corporation) has the sole power to vote 30,000 shares of common stock.

## Stock Ownership By Management

The following table sets forth the number of shares of common stock beneficially owned as of March 1, 2001, by each of Wolverine's directors and nominees for director, each of the named executive officers and all of Wolverine's directors, nominees for director and executive officers as a group. An asterisk in the column for "Percent of Class" means the individual owns less than one percent of the common stock:

These numbers include shares over which the listed person is legally entitled to share voting or dispositive power

(2) by reason of joint ownership, trust or other contract or property right, and shares held by spouses, children or other relatives over whom the listed person may have influence by reason of relationship.

(3) These numbers include shares that may be acquired by the exercise of stock options granted under Wolverine's various stock option plans within 60 days after March 1, 2001.

## Wolverine's Stock Price Performance

The following graph compares the cumulative total stockholder return on Wolverine common stock to the Standard & Poor's 500 Stock Index, the Standard & Poor's 600 Small Cap Index, the Standard & Poor's 600 Footwear Index and an index of peer companies that produce non-athletic footwear, assuming an investment of \$100.00 at the beginning of the period indicated. Note 3 below describes the various indices. The index of peer companies consists of the companies listed in Note 1 to the graph. In the Peer Group index, the return of each Peer Group company is weighted according to its respective stock market capitalization at the beginning of each period indicated. Cumulative total stockholder return is measured by dividing: (i) the sum of the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and the difference between the share price at the end and the beginning of the measurement period; by (ii) the share price at the beginning of the measurement period.

### Five Year Cumulative Total Return Summary

The Peer Group companies consist of J. Baker, Inc.; R.G. Barry Corporation; Brown Shoe Company, Inc.; Candie's, Inc.; Daniel Green Company; Genesco Inc.; Kenneth Cole Productions, Inc.; Lacrosse Footwear, Inc.; Rocky Shoes & Boots, Inc.; The Stride Rite Corporation; The Timberland Company; Wellco Enterprises, Inc.; and Weyco Group, Inc.

In 1999, the Peer Group included Justin Industries, Inc., which was acquired in 2000 by Berkshire Hathaway, Inc., and Penobscot Shoe Company, which was acquired in 1999 by Riedman Corporation. Neither of these companies are quoted on an exchange or quotation system, and therefore have been omitted from the Peer Group for fiscal 2000.

Wolverine has elected to use the Standard & Poor's 600 Small Cap Index and the Standard & Poor's 600 Footwear Index for fiscal 2000 and future years as its comparative broad market index and industry index, respectively. Wolverine is part of the Standard & Poor's 600 Small Cap Index and considers this index to be more suitable than the previously used Standard & Poor's 500 Stock Index because the Standard & Poor's 600 Small Cap Index is limited to companies with a market capitalization more similar to Wolverine's capitalization. Wolverine has elected to change from the Peer Group used in prior years to the Standard & Poor's 600 Footwear Index because the Standard & Poor's 600 Footwear Index (i) reflects companies in Wolverine's industry with

similar market capitalization; (ii) is established and maintained by an independent third party; and (iii) is readily accessible to shareholders. Wolverine is part of the Standard & Poor's 600 Footwear Index.

The dollar values for total stockholder return plotted in the graph are shown in the table below:

## Executive Compensation

### Summary of Executive Compensation

The following Summary Compensation Table shows selected information concerning the compensation earned during each of the three fiscal years in the period ended December 30, 2000, by all individuals who served as Chief Executive Officer during the last fiscal year and each of Wolverine's four most highly compensated executive officers who served in positions other than Chief Executive Officer at the end of the last completed fiscal year. The numbers of shares subject to awards of stock options have been adjusted to reflect stock splits.

(1) The values of restricted stock awards reported in this column are calculated using the closing market price of common stock on the date of grant. As of the end of Wolverine's 2000 fiscal year, each of the named executive officers held shares of restricted stock. Dividends will be paid on shares of restricted stock at the same rate

14

dividends are paid on common stock. The number of shares of restricted stock held by each named individual and the aggregate value of those shares (as represented by the closing price of common stock on December 29, 2000) at the end of Wolverine's 2000 fiscal year, without giving effect to the reduction in value attributable to the restrictions on the stock, are set forth below:

	<b>Number of Shares</b>	<b>Aggregate Value</b>
Mr. Bloom	129,063	\$ 1,968,203
Mr. Duffy	32,313	492,766
Mr. Estes	18,125	276,406
Mr. Gulis	32,313	492,766
Mr. Krueger	32,875	501,344
Mr. O' Donovan	56,375	859,719

These numbers do not include the number or value of shares of restricted stock awarded during the years presented in connection with the Company's Executive Long-Term Incentive Plan (Three-Year Bonus Plan) (the "Long-Term Plan"), the values of which are included in the amounts reported in the "LTIP Payouts" column in this table for the applicable year for each listed individual.

(2) Under Wolverine's Long-Term Plan, amounts payable are paid (i) in cash equal to 50% of the amount payable, and (ii) in shares of restricted stock that have a market value, on the date the cash payment is made, equal to 140% of the remaining 50% payable under the plan (i.e. 70% of the calculated bonus amount). The dollar amounts reported in this column reflect the cash payment and the market value of the shares of restricted stock on the date of payment. Shares of restricted stock are granted under existing plans that provide for such awards. The restrictions lapse with respect to one-third of the shares on each of the first three anniversaries of the date of grant. Pursuant to these plans, Wolverine did not grant any shares of restricted stock to key management employees with respect to amounts payable for the three-year performance period ended December 30, 2000.

(3) The compensation listed in this column for 2000 consisted of: (i) Wolverine's contributions to the accounts of the named executive officers under Wolverine's 401(k) Savings Plan as follows: \$5,250 for Mr. Bloom; \$5,250 for Mr. Duffy; \$5,250 for Mr. Estes; \$5,250 for Mr. Gulis; \$5,250 for Mr. Krueger; and \$5,250 for Mr. O' Donovan; and (ii) payments made by Wolverine for the premiums on certain life insurance policies as follows: \$5,203 for

Mr. Bloom; \$3,954 for Mr. Duffy; \$966 for Mr. Estes; \$1,946 for Mr. Gulis; \$3,842 for Mr. Krueger; and \$4,934 for Mr. O' Donovan.

(4) The salary stated for Mr. Bloom does not include compensation he receives as a director of Wolverine detailed under the section of this Proxy Statement entitled "Wolverine's Board of Directors – Compensation of Directors."

(5) Includes one-third of the outstanding principal balance (\$34,330) of a three-year, interest-free loan made to Mr. Bloom which was forgiven because Wolverine achieved its targeted performance goals under the annual bonus plan for the most recently completed fiscal year.

(6) This compensation consisted of imputed income from a three-year, interest-free loan made to Mr. Bloom.

(7) Includes the value of 62,500 shares of restricted stock subject to performance-based vesting conditions awarded to Mr. Bloom pursuant to his amended and restated employment agreement.

## Stock Options

The Compensation Committee administers Wolverine's stock option plans and also has authority to determine the individuals to whom and the terms upon which options are granted, the number of shares subject to each option and the form of consideration payable upon the exercise of an option. The Chief Executive Officer makes recommendations of stock option grants (other than for himself), which the Compensation Committee then considers.

The following tables set forth information regarding stock options granted to and exercised by the named executive officers during the fiscal year ended December 30, 2000, and the number of shares of common stock subject to and values of options at that date:

All options indicated in boldface text above are exercisable with respect to 25% of the shares on the date of grant and become exercisable with respect to 25% of the shares on each following anniversary date with full vesting (1) occurring on the third anniversary date of the grant. Vesting may be accelerated upon certain events relating to a change in control of Wolverine. All options in boldface text were granted in February 2000. All such options were granted for a term of 10 years. In 1997, the Compensation Committee adopted a program to automatically

award "reload options" to a limited group of senior executives if those executives surrender shares of common stock to pay the exercise price or tax withholding obligations associated with the exercise of a then outstanding nonqualified stock option or the vesting of restricted stock. New stock options (both stock options that may qualify as incentive stock options as defined in Section 422 of the Internal Revenue Code and other stock options that would not be incentive stock options within the meaning of the Internal Revenue Code) and restricted stock awards under Wolverine's plans provide for automatic awards of reload options to such executives. All options not shown in boldface text in the table are reload options granted in 2000.

Reload options to purchase the number of shares surrendered by an executive are awarded at the market price on the date of grant. Reload options granted in connection with the exercise of another stock option have the same term as the term remaining under the underlying option that was exercised. Reload options granted upon the vesting of restricted stock before October 2000 have 10-year terms from the date the reload was granted. Reload

options granted upon vesting of restricted stock after October 2000 have 10-year terms from the date of the underlying restricted stock award. Reload options are fully vested on the date of grant. Certain senior executives are permitted to transfer nonqualified stock options to a limited group of permissible transferees primarily for estate planning purposes. Options terminate, with certain limited exercise provisions, in the event of death, retirement or other termination of employment. All options permit the option price to be paid by delivery of cash or, if permitted by the Compensation Committee, shares of common stock.

(2) Based on the Black-Scholes option pricing model. The actual value, if any, an option holder may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised. There is no assurance the value realized by an option holder will be at or near the value estimated by the Black-Scholes model. The estimated values in the table above were calculated using the Black-Scholes model based on assumptions that include:

a stock price volatility factor of .495%, calculated using monthly stock prices for the three years prior to the grant date;

a risk free rate of return of 6.1%;

an expected average dividend yield of .5% (the dividend yield at the date of the grant); and

an expected average option holding period of 4 years, which approximates Wolverine's historical experience.

No adjustments were made for the general non-transferability of the options or to reflect any risk of forfeiture before vesting. Disclosure of grant date present value is presented pursuant to Securities and Exchange Commission regulations. Wolverine's use of the Black-Scholes model to indicate the present value of each grant is not an endorsement of this valuation method.

Wolverine's employee loan program allows an employee (or outside director) to borrow from Wolverine up to 95% of the exercise price to exercise options acquired under Wolverine's stock option plans. These loans bear interest at a rate equal to the greater of 6.5% per annum or the interest rate imputed by the Internal Revenue Service with interest

payable quarterly. Principal is payable quarterly at the rate of 15% per annum beginning five years after the date on which the option to which the loan relates is exercised. Participants may pay principal and/or accrued interest on these loans in shares of Wolverine common stock. All loans are secured by a pledge of the stock obtained upon exercise of the applicable option. Outstanding loan balances as of March 1, 2001 (and, if higher, the largest balance outstanding during the last fiscal year) for each director and executive officer were as follows: Mr. Bloom, \$0 (\$189,988); Mr. Duffy, \$109,818; Mr. Gulis, \$285,042; Mr. Krueger, \$160,989; Mr. O' Donovan, \$188,739; Ms. Parker, \$86,272 (\$87,289); and Mr. Sedrowski, \$82,002.

### Long-Term Incentive Awards

Wolverine's Long-Term Plan permits Wolverine to award cash and shares of restricted stock to plan participants conditioned upon the achievement of certain corporate performance goals over a three-year performance period.

The following table sets forth certain information concerning awards of long-term incentive compensation to the named individuals during the last fiscal year:

#### Long-Term Incentive Plans – Awards in Last Fiscal Year

Name	Number of Shares, Units or Other Rights(1)	Performance or Other Period Until Maturation or Payout	Estimated Future Payouts Under Non-Stock-Price-Based Plans(2)		
			Threshold	Target	Maximum
Geoffrey B. Bloom	–	–	–	–	–
Steven M. Duffy	40 %	3 years	\$ 75,272	\$ 150,544	\$ 301,088

Blake W. Krueger	40	3 years	76,800	153,600	307,200
Timothy J. O' Donovan	60	3 years	195,697	391,394	782,788

Under Wolverine's Long-Term Plan, key management employees may earn incentive compensation based upon achievement of specified fully-diluted earnings per share ("EPS") goals over a three-year performance period. The numbers reported in the column under the heading "Number of Shares, Units or Other Rights" represent the percentage of each officer's average earned salary during the three-year period that the officer will receive as bonus compensation under the plan if the specified EPS targets are achieved. The Compensation Committee (1) determined these amounts. If higher or lower actual EPS levels are attained during the three-year performance period, the percentage of base salary to be received as bonus compensation by each officer will be correspondingly higher, lower or zero. Bonuses are conditioned upon achieving a minimum or "threshold" EPS level. The Compensation Committee established the EPS goals at the beginning of 2000 for the period ending on the last day of Wolverine's 2002 fiscal year. EPS goals are expressed as net earnings per share after taxes, excluding one-time charges.

Under the Long-Term Plan, amounts earned as bonus compensation are calculated based on each participant's average annual earned salary during the three-year performance period. For purposes of illustration, the "Threshold," "Target" and "Maximum" amounts in the table have been calculated using each named (2) individual's base salary for 2000 as reported in the Summary Compensation Table, adjusted for 5% annual cost of living increases. Amounts payable under the Long-Term Plan are paid: (i) in cash equal to 50% of the amount payable; and (ii) in shares of restricted stock that have a market value, on the date the cash payment is made, equal to 140% of the remaining 50% payable under the Long-Term Plan (i.e. 70% of the calculated bonus

amount). The dollar amounts reported under the headings “Threshold,” “Target” and “Maximum” reflect the value of the cash payment and the market value of restricted stock to be received on the date of payment. Shares of restricted stock are granted under existing plans that provide for such awards. The restrictions lapse with respect to one-third of the shares on each anniversary of the date of grant.

## Pension Plan

Wolverine has a qualified pension plan covering most of its salaried employees. The Internal Revenue Code imposes limitations on the maximum amount of pension benefits payable under qualified plans. It also imposes a cap currently equal to \$170,000 (subject to grandfather provisions for earnings accrued before January 1, 1994) on the amount of earnings that may be taken into account in determining benefits payable under qualified plans.

The following table illustrates the estimated annual benefits payable under the pension plan for Wolverine’s named executive officers if they retire at age 65 at the annual levels of average remuneration and years of service indicated (computed on a straight life annuity basis without the reduction required by the plan for the Social Security allowance received by participants in the plan and without regard to any accrued grandfathered benefit for earnings before January 1, 1994):

**Pension Plan Table**

Average Remuneration	Years of Service				
	10	15	20	25	30 or more
\$ 170,000	\$ 40,800	\$ 61,200	\$ 81,600	\$ 102,000	\$ 122,400

Subject to the limitations imposed by the Internal Revenue Code, the pension plan provides monthly benefits at normal retirement in an amount equal to the greater of: (i) \$22.00 multiplied by the participant’s number of years of service up to 30 years; or (ii) 1.6% of final average earnings multiplied by the participant’s number of years of service up to 30 years reduced by the participant’s Social Security allowance as defined in the pension plan. Certain designated executives have a percentage benefit multiplier of 2.4% or 2.0% in lieu of the 1.6% of final average earnings benefit multiplier. “Final average earnings” are defined as the average of the participant’s annual earnings for the four consecutive highest compensation calendar years out of the last 10 calendar years of the participant’s employment (with earnings for the last year of employment annualized based on a participant’s then rate of pay). Except for the compensation cap imposed by the Internal Revenue Code, the remuneration covered by the plan for an employee would be essentially equivalent to the sum of the amounts reported under the heading “Annual Compensation” in the Summary Compensation Table above, except for the forgiveness of Mr. Bloom’s interest-free loan.

If the pension plan is terminated during any period beginning on a “restricted date” (defined below) and ending two years later, the plan requires that surplus plan assets be used to purchase retiree medical and life insurance in satisfaction of Wolverine’s then outstanding obligations, if any, and be paid pro rata to increase the benefits of plan participants, subject to legal limitations. If the pension plan is merged with, or the assets of the plan are transferred to, another plan, then: (i) benefits will be fully vested; (ii) benefits will be increased as if the plan had been terminated; and (iii) benefits will be satisfied through the purchase of a guaranteed annuity contract. A restricted date is defined as the date any person or group acquires more than 50% of the voting stock of Wolverine in a transaction not approved by the Board of Directors or the date during any two-year period on which individuals who at the beginning of the period constituted the Board of Directors (including any new director whose nomination or election was approved by two-thirds of the directors who were directors at the beginning of the period or whose election or nomination was so approved) cease for any reason to constitute a majority of the Board.

As of December 30, 2000, the persons listed in the Summary Compensation Table had the following years of credited service under the plan: Mr. Bloom, 14 years; Mr. Duffy, 12 years; Mr. Estes, 26 years; Mr. Gulis, 16 years; Mr. Krueger, five years; and Mr. O' Donovan, 30 years.

## **Supplemental Executive Retirement Plan**

In 1995, Wolverine adopted a Supplemental Executive Retirement Plan ("SERP") to replace the deferred compensation agreements entered into with certain key employees, including those listed in the Summary Compensation Table, except that an executive covered by a deferred compensation agreement will always be entitled to a benefit under the SERP at least equal to what he or she would have received under the deferred compensation agreement. The SERP became effective January 1, 1996.

Under the SERP, a participating executive will be eligible for an annual supplemental benefit once he or she has completed five years of service after having been approved as a participant in the SERP (or, for those executives already covered by a deferred compensation agreement, five years after entering into the deferred compensation agreement). Alternatively, a participating executive will be eligible for a benefit with less than five years of service if he or she retires at or after age 65. The supplemental benefit is equal to the difference between the executive's retirement benefit under Wolverine's qualified pension plan and an amount equal to a designated percentage of the executive's average earnings multiplied by the executive's years of service under the pension plan, except that the plan counts years during which the executive received a disability benefit under the SERP (except in computing the SERP's disability benefit); excludes years that an executive is designated as an inactive participant; and may count deemed years of service granted by the Board of Directors (up to a maximum of 25 years). The designated percentage is either 2.4% for each year of service (including all of the individuals listed in Summary Compensation Table) or 2% per year of service. "Annual earnings" is defined as the average of the executive's annual earnings for the four consecutive highest compensation years out of the last 10 years of the executive's employment (excluding years during which the executive receives a disability benefit if the exclusion would produce a higher average; yearly compensation is not restricted by the \$170,000 compensation cap under the pension plan and for the last year of employment is annualized). Average earnings do not include payments under the Long-Term Plan or severance payments. For this purpose, average earnings do not vary significantly from the amounts shown under the caption "Annual Compensation" in the Summary Compensation Table above, except for the forgiveness of Mr. Bloom's interest-free loan.

A retired participating executive may draw the full benefit beginning at age 65. A participating executive may elect to begin receiving a reduced benefit at or after age 55. The reduction factor is 0.333% for each month prior to age 60, and 0.1666% for each month between age 60 and age 65. The SERP provides for a disability benefit equal to 60% of the supplemental retirement benefit (based on the executive's years of service at the date of disability). A disabled executive is still eligible for a supplemental retirement benefit beginning at age 65 based on all years of service (including years during which the executive was receiving a disability benefit). The SERP also provides for a death benefit to the executive's designated beneficiary if the executive dies before retiring. The death benefit is a lump-sum equal to the present value of the benefit the executive could have received beginning at age 65, based on his or her years of service up to the date of death. Executives covered by a pre-existing deferred compensation agreement are provided a minimum benefit equal to the amount payable under the deferred compensation agreement and the pension plan under the formula in effect on December 31, 1994.

Benefits under the SERP are subject to forfeiture if the executive's employment is terminated for serious misconduct, if the executive later competes with Wolverine or if Wolverine cannot collect under an insurance policy purchased to fund plan benefits for certain reasons. For all individuals listed in the Summary Compensation Table, if, within two or three years after a "change in control," the executive resigns for "good reason" or is terminated by Wolverine or at the

request of a third party who effectuates a change in control (other than for “cause” or due to death or “disability” as defined in the SERP), the executive will be entitled to a lump sum payment equal to 125% of the present value of the benefit payments for which the executive would have been eligible if the executive had retired at age 55 (or at his or her actual age, if greater than age 55), without applying the monthly early retirement reduction factor, but based on years of service at the actual date of termination. For purposes of the SERP, “change in control” is defined as:

failure of the individuals who were directors at the time the SERP was adopted and those whose election or nomination to the Board of Directors was approved by a three-quarters vote of the directors then still in office who were directors at the time the SERP was adopted, or whose election or nomination was so approved, to constitute a majority of the Board of Directors;

acquisition by certain persons or groups of 20% or more of the common stock or combined outstanding voting power (excluding certain transactions);

approval by the stockholders of a reorganization, merger or consolidation (excluding certain permitted transactions);  
or

approval by the stockholders of a complete liquidation or dissolution of Wolverine or the sale or disposition of all or substantially all of the assets of Wolverine (excluding certain permitted transactions).

Wolverine may terminate the SERP or stop further accrual of plan benefits for a participating executive at any time, but termination will not affect previously accrued benefits.

## **Employment Agreements and Termination of Employment and Change In Control Arrangements**

---

*Mr. Bloom’s Agreement.* On April 27, 1998, Wolverine entered into an amended and restated employment agreement with Mr. Bloom to employ him as Chief Executive Officer until the 2000 annual meeting of stockholders and as an executive officer through April 30, 2000. The employment agreement prohibits Mr. Bloom from competing with Wolverine during his employment and for an additional period of five years following termination of his employment. Mr. Bloom received a salary of not less than \$600,000 per year, a leased vehicle, the benefits of a term life insurance policy in the amount of \$500,000 and other benefits normally provided to top-level executives. In consideration for entering into the employment agreement, Mr. Bloom received two years of additional “deemed service” under the SERP. Since Mr. Bloom remained employed by Wolverine through April 30, 2000, he received, in addition to his actual service, four additional years of “deemed service” under the SERP. Because the Board of Directors determined that the planning and execution of the transition from Mr. Bloom to Mr. O’ Donovan had been carried out successfully, Mr. Bloom received an additional four years of “deemed service” under the SERP. The employment agreement provides that Mr. Bloom’s SERP benefit will be calculated based upon his “average earnings” for 1997, 1998 and 1999 rather than his average earnings for the four consecutive highest compensation years out of the 10 years preceding retirement. Pursuant to the employment agreement, in September 1998 Mr. Bloom received 62,500 shares of unvested restricted stock. Vesting of 40,000 shares of the restricted stock will occur in 2002, if at all, depending on improvement of Wolverine’s net earnings in the 2001 fiscal year, and 22,500 shares of the restricted stock will vest, if at all, depending on improvement of Wolverine’s per share price on the New York Stock Exchange for the 10 trading days preceding April 30, 2001, when compared to the price for the 10 trading days preceding April 30, 2000.

*Severance Agreements.* Under individual agreements, Messrs. Duffy, Estes, Gulis, Krueger and O' Donovan, and certain other key management employees, will receive compensation if their employment is terminated following a change in control of Wolverine, unless:

the termination of the officer is due to death or retirement in accordance with Wolverine' s policy or as otherwise agreed;

the termination is by Wolverine for cause or disability; or

the termination is by resignation of the officer for other than "good reason."

Good reason is defined in the agreements to include, among other things, the assignment of duties inconsistent with the officer' s status as a senior executive officer or the duties performed by the officer immediately before a change in control, a reduction in the officer' s annual base salary or relocation of the officer.

The compensation payable if such a termination occurs after a change in control includes:

cash equal to two or three times the officer' s annual salary, including target bonus;

cash equal to 100% of the difference between the market price of common stock (or, if higher, the highest price paid in connection with any change in control of Wolverine) and the exercise prices of unexercised stock options granted to the officer (other than incentive stock options granted after the date of the officer' s agreement), and 100% of the difference between the market price and exercise prices of incentive stock options granted to the officer after the date of the agreement which are then exercisable;

relocation expenses, legal fees and indemnity against loss in the sale of the officer' s principal residence;

up to two or three years' benefits under all employee benefit programs;

a cash payment at the officer' s retirement age equal to the actuarial value of the retirement pension and SERP to which the officer would have been entitled (without regard to vesting requirements) had he or she accrued three additional years of service with Wolverine, plus the amount awarded to the officer during the year most recently ended reduced by the single sum actuarial equivalent of any amounts to which the officer is entitled under Wolverine' s normal retirement plans and programs; and

outplacement services paid for by Wolverine.

---

In all of the severance agreements, the officer has no requirement to mitigate the payments by seeking employment, but the compensation to be paid during the fourth and later months after termination will be reduced to the extent of any compensation earned by the officer during the applicable period.

A change in control is defined in the agreements to include the acquisition of 20% or more of the common stock by any person or group of persons acting together or a change in a majority of the Board of Directors unless each new director was approved by a vote of at least three-quarters of the directors then still in office who were directors as of the date of the agreements, or whose election or nomination was so approved.

*Stock Plan Provisions.* Wolverine has granted certain stock options and awarded shares of restricted stock that are subject to accelerated vesting upon a change in control of Wolverine. The options include options issued under plans

adopted by Wolverine in 1988, 1993, 1995, 1997 and 1999 and the shares of restricted stock include shares awarded under plans adopted by Wolverine in 1993, 1995, 1997 and 1999.

Under the stock option agreements entered into between Wolverine and participants in the 1988, 1993, 1995, 1997 and 1999 plans, other than the agreements applicable to reload options, 25% of each option generally becomes exercisable on the date of grant and 25% of the shares becomes exercisable on each of the next three anniversary dates following the date of grant. The stock option agreements also provide that all options granted under the 1988 plan become immediately exercisable in the event of a change in control of Wolverine. The terms of the 1993, 1995, 1997 and 1999 plans provide for such acceleration upon a change in control of Wolverine.

The 1993, 1995, 1997 and 1999 plans provide for restricted stock awards. Except for shares awarded in connection with the payment of bonuses under the Long-Term Plan, the restrictions on 25% of the shares received under an award normally lapse on the third anniversary of the date of the award, with the restrictions on an additional 25% of the shares lapsing on the fourth anniversary and the restrictions with respect to the remaining shares lapsing on the fifth anniversary. With respect to shares awarded in connection with the Long-Term Plan, the restrictions on one-third of the shares received under an award lapse on each anniversary of the date of the award. The restricted stock agreements entered into with employees under these plans provide that all restrictions on restricted stock will lapse upon certain terminations of employment within a five-year period after a change in control.

A change in control is defined in the agreements under the 1988 plan to include a change of control as set forth in the proxy rules issued by the Securities and Exchange Commission, the acquisition of 25% or more of the common stock by any person or group of persons acting together or a change during any two-year period in a majority of the Board of Directors unless each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period, or whose election or nomination was so approved. The definition of change in control under the 1993 plan differs from the definition of that term in the agreements under the 1988 plan in that a change in control is considered to occur upon the acquisition of 20% or more (rather than 25%) of the common stock and the definition includes the sale, lease, exchange or other transfer of substantially all of Wolverine's assets to, or the merger or consolidation of Wolverine with, a corporation that is not controlled by Wolverine. Under the 1995, 1997 and 1999 plans, a change in control is defined as:

failure of the individuals who were directors at the time such plan was adopted and those whose election or nomination to the Board of Directors was approved by a two-thirds vote of the directors then still in office who were directors at the time such plan was adopted, or whose election or nomination was so approved, to constitute a majority of the Board of Directors;

acquisition by certain persons or groups of 20% or more of the common stock;

approval by the stockholders of a reorganization, merger or consolidation (except with certain permitted entities);  
or

approval by the stockholders of a complete liquidation or dissolution of Wolverine or the sale or disposition of all or substantially all of the assets of Wolverine (other than to certain permitted entities).

*Other Plans and Agreements.* Severance agreements with various executive officers (described above) provide for cash payments in lieu of outstanding options if a change in control of Wolverine and a subsequent triggering event occur. In addition, the SERP (described above) and the Outside Directors' Plan (described above) provide for certain benefits and payments if a change in control of Wolverine occurs.

*Benefit Trust Agreement.* In May 1987, Wolverine established a Benefit Trust (“trust”) to ensure that payments to employees under the employment agreements, severance agreements, the SERP and deferred compensation agreements (collectively, the “agreements”) will not be improperly withheld after a change in control of Wolverine as defined in the agreement establishing the trust. Under the trust, upon the occurrence of a “potential change in control,” Wolverine will deliver to the trustee, to be held in trust, cash, marketable securities or insurance corresponding to an amount determined by Wolverine to have a fair market value, together with any existing amounts in the trust, equal to the value of the benefits due to employees under the agreements given certain assumptions set forth in the trust. Additional terms of the trust provide for the return of the property to Wolverine upon written request before a change in control or automatically if no change in control has occurred within six months after funding upon a potential change in control. Wolverine has transferred to the trust insurance policies on the lives of certain key employees.

*Indemnity Agreements.* Wolverine has entered into indemnity agreements with Messrs. Bloom, Duffy, Estes, Gulis, Krueger and O’ Donovan and with each director and executive officer. The indemnity agreements indemnify each director and officer against all expenses incurred in connection with any action or investigation involving the director or officer by reason of his or her position with Wolverine (or with another entity at the Wolverine’ s request). The directors and officers will also be indemnified for costs, including judgments, fines and penalties, indemnifiable under Delaware law or under the terms of any current or future liability insurance policy maintained by Wolverine that covers the directors and officers. A director or officer involved in a derivative suit will be indemnified for expenses and amounts paid in settlement. Indemnification is dependent in every instance on the director or officer meeting the standards of conduct set forth in the indemnity agreements. If a potential change in control occurs, Wolverine will fund a trust to satisfy its anticipated indemnification obligations.

## **Compensation Committee Report on Executive Compensation**

---

The Compensation Committee develops and recommends to the Board of Directors the compensation policies of Wolverine. The Compensation Committee also administers Wolverine’ s compensation plans and recommends for approval by the Board of Directors the compensation to be paid to the Chief Executive Officer and, with the advice of the Chief Executive Officer, the other executive officers and senior managers of Wolverine. The Compensation Committee consists of five directors, none of whom is a current or former employee of Wolverine or its subsidiaries.

The Compensation Committee continues to engage an independent compensation consulting firm to assist the Compensation Committee in formulating Wolverine’ s compensation policies, provide advice to the Compensation Committee concerning specific compensation packages and appropriate levels of executive compensation, provide advice about competitive levels of compensation and review and recommend changes in the compensation system of Wolverine. The firm was also retained to provide specific advice concerning the compensation arrangements for Mr. Bloom and Mr. O’ Donovan and the compensation to be paid to the Board’ s Lead Director.

The basic compensation philosophy of the Compensation Committee and Wolverine is to provide competitive salaries as well as competitive incentives to achieve superior financial performance. Wolverine’ s executive compensation policies are designed to achieve four primary objectives:

attract and retain well-qualified executives who will lead Wolverine and achieve and inspire superior performance;

provide incentives for achievement of specific short-term individual, business unit and corporate goals;

provide incentives for achievement of longer-term financial goals; and

align the interests of management with those of the stockholders to encourage achievement of continuing increases in stockholder value.

Executive compensation at Wolverine consists primarily of the following components:

base salary and benefits;

amounts paid, if any, under the Annual Bonus Plan (defined below);

23

---

amounts paid, if any, under the Long-Term Plan;

amounts paid, if any, as individual-specific bonuses designed to encourage achievement of individual goals; and

participation in Wolverine' s stock option and equity-based incentive plans.

Each component of compensation is designed to accomplish one or more of the four compensation objectives described above.

Management recommends the participation of specific executive officers and other key employees in the Annual Bonus Plan, the Long-Term Plan and Wolverine' s stock option and equity-based incentive plans. All such recommendations (including the level of participation) are reviewed, modified (to the extent appropriate) and approved by the Compensation Committee. Senior executive officers are normally eligible to receive a greater percentage of their potential compensation in the form of awards under these incentive plans to reflect the Compensation Committee' s belief that the percentage of an executive' s total compensation that is "at risk" should increase as the executive' s responsibilities and ability to influence profits increase.

Section 162(m) of the Internal Revenue Code provides that publicly held companies may not deduct compensation paid to certain executive officers in excess of \$1,000,000 annually, with certain exceptions for qualified "performance-based" compensation. Wolverine has obtained stockholder approval of the Annual Bonus Plan, the Long-Term Plan, and the 1997 and 1999 stock incentive plans to permit amounts payable under the Annual Bonus Plan and the Long-Term Plan and awards of stock options granted under the 1997 and 1999 plans to qualify as "performance-based" compensation for purposes of Section 162(m). Because incentives under these plans are not included in the \$1,000,000 limit for purposes of calculating Wolverine' s deduction for compensation paid to its executive officers, Wolverine believes its compensation policies reflect due consideration of Section 162(m).

### **Base Salary**

To attract and retain well-qualified executives, the Compensation Committee seeks to establish base salaries at levels and provide benefit packages that have been confirmed to be competitive. The Compensation Committee determines the base salaries of executives by comparing each executive' s position with similar positions in companies of similar type, size and financial performance. The Compensation Committee uses surveys provided by the independent compensation consulting firm in making that comparison. Although some of the companies included in the Peer Group used in the graph of cumulative total stockholder return are among the companies included in the surveys, the surveys are not limited to those companies because Wolverine competes for talent with a wide range of corporations. In general, the Compensation Committee has targeted salaries to be at the median to slightly below the median percentile of base salaries paid for comparable positions by companies included in the surveys provided by the independent compensation consulting firm. Other factors considered by the Compensation Committee are the executive' s performance, the executive' s current compensation and Wolverine' s or the applicable business unit' s performance (determined by reference to pre-tax levels of profit and levels of sales).

Although the Compensation Committee does not give specific weight to any particular factor, the most weight is given to the executive's performance (in determining whether to adjust above or below the current salary level), and a significant but lesser weight is generally given to the comparative survey data. In general, base salaries for Wolverine's executive officers during 2000 were near the median of salaries paid by companies included in the surveys. The 2000 average base salary of executive officers increased over the previous year's level as a result of a combination of factors, including improved individual performance, improved or continued excellent performance by the applicable business unit (and Wolverine), promotions and increased responsibilities.

### **Annual Bonus Plan**

To provide incentives and rewards for achievement of short-term business unit goals, the existing Executive Short-Term Incentive Plan (the "Annual Bonus Plan") was designed to provide key employees with the opportunity for bonuses based on the performance of Wolverine and/or the performance of its operating divisions or profit-centers. The Annual Bonus Plan was approved by the stockholders at the April 16, 1997, annual meeting of stockholders. The Annual Bonus Plan continues the annual bonus policy that Wolverine has used for many years. A target bonus goal (the "target bonus"), expressed as a percentage of the participant's base salary, is established by the Compensation Committee. The Compensation Committee then establishes "incentive bonus" levels, expressed as a percentage of the target bonus, that are paid to the participant at specified levels of performance by Wolverine, the

division or profit-center. "Incentive bonus" as used in the Annual Bonus Plan means an annual bonus awarded and paid to a participant for services to Wolverine during a fiscal year that is based upon achievement of pre-established financial objectives of Wolverine. The incentive bonus levels may be expressed as either: (i) a matrix of percentages of the target bonus that would be paid at specified levels of performance; or (ii) a mathematical formula that determines the percentage of the target bonus that would be paid at varying levels of performance. Performance is determined by reference to pre-tax profit and sales of Wolverine and/or its operating divisions or profit-centers. Payment of an incentive bonus to a participant for a fiscal year under the Annual Bonus Plan is entirely contingent upon achievement of the performance levels established by the Compensation Committee. All determinations to be made by the Compensation Committee for a fiscal year are made by the Compensation Committee during the first 90 days of each fiscal year.

The two primary measures of corporate performance, pre-tax levels of profit (excluding one-time charges) and levels of sales, did not meet the pre-established threshold performance levels for 2000. During fiscal 2000, executive officers were generally targeted to receive from 16% to 48% of their annual salaries in bonus compensation. In determining these percentages, the Compensation Committee considered each executive's position, competitive incentives and the executive's aggregate incentive compensation potential under all of Wolverine's plans. The percentage of total compensation represented by annual bonuses is generally higher for more senior executives to reflect their greater influence on profits and to put a larger percentage of their total potential cash compensation "at risk." Because the two primary measures of corporate performance did not meet the pre-established performance levels for 2000, executive officers did not receive any payments under the Annual Bonus Plan.

### **Long-Term Plan**

To provide incentives and rewards for longer-term planning and decision-making and the achievement of longer-term corporate performance goals, the Long-Term Plan provides the opportunity for additional compensation based upon the achievement of company financial performance goals over a three-year period. The stockholders approved the Long-Term Plan at the April 16, 1997, annual meeting of stockholders. The Long-Term Plan continues the long-term incentive bonus policy that Wolverine has used for many years. The primary purposes of the Long-Term Plan and prior long-term bonus plans are to provide significant incentive and to foster cooperation among all business units

such that the long-term earnings performance of Wolverine is substantially improved. The primary concept of the Long-Term Plan is to establish financial performance goals for each three-year time period for Wolverine. New performance periods begin each fiscal year and end three full fiscal years later. The Compensation Committee establishes the goals during the first 90 days of each three-year performance period.

Awards under the Long-Term Plan are based on a percentage of average annual earned salary during the three-year period. For each participant in each three-year period, the Compensation Committee specifies a target bonus goal (the “target bonus”), expressed as a specified dollar amount or as a percentage of the participant’s average annual earned salary, and “incentive bonus” levels, expressed as a percentage of the target bonus, that will be paid to the participant at specified levels of performance. “Incentive bonus” as used in the Long-Term Plan means a bonus awarded and paid to a participant for services to Wolverine during a three-year period, which bonus is based upon achievement of previously established financial objectives by Wolverine. The incentive bonus levels may be expressed as either: (i) a matrix of multiples of the target bonus that will be paid at specified levels of performance; or (ii) a mathematical formula that determines the percentage of the target bonus that will be paid at varying levels of performance. Performance is determined by reference to the fully-diluted earnings per share (“EPS”) of Wolverine. If the minimum three-year targeted EPS goal is not achieved, no bonus will be paid. For purposes of the Long-Term Plan, the definition of “earnings per share” means Wolverine’s net after-tax earnings per share of common stock after all expenses and taxes, except for any special one-time charges. For the 2000-2002 performance period, executive officers are targeted to receive long-term bonus compensation in amounts that range from 20% to 60% of their average annual earned salaries. In determining the percentages, the Compensation Committee considered the factors discussed above in connection with the Annual Bonus Plan and each executive’s capacity to affect the long-term performance of Wolverine. EPS was below the pre-established threshold performance level for the 1998-2000 performance period under the Long-Term Plan, and executive officers did not receive any bonuses under the Long-Term Plan for this period.

Under the Long-Term Plan, amounts payable are paid:

in cash equal to 50% of the calculated bonus; and

in shares of restricted stock under existing stockholder-approved plans that have a market value, on the date the cash payment is made, equal to 140% of the remaining 50% payable under the plan (i.e. 70% of the calculated bonus amount).

The restrictions lapse with respect to one-third of the shares of restricted stock on each anniversary of the date of grant. Wolverine did not grant any shares of restricted stock to executive officers with respect to amounts payable under the Long-Term Plan for the three-year performance period ended December 30, 2000.

### **Discretionary Bonuses**

In addition to bonuses based on corporate performance pursuant to the Annual Bonus Plan, Wolverine generally pays annual incentive bonuses to employees based on individual performance goals. Bonuses based on individual performance are paid on a discretionary basis and the performance bonuses for the Chief Executive Officer are paid only after the review and approval of the Compensation Committee. Because Wolverine did not meet the corporate threshold earnings goals under the Annual Bonus Plan for fiscal 2000, no discretionary bonus payments were made to Wolverine’s executive officers for this period based upon individual performance goals.

### **Stock Options and Equity-Based Incentive Plans**

Awards under Wolverine’s stock option and equity-based incentive plans are designed to:

encourage long-term investment in Wolverine by participating executives;  
more closely align executive and stockholder interests; and  
reward executives and other key employees for building stockholder value.

The Compensation Committee believes stock ownership by management has been demonstrated to be beneficial to all stockholders and stock awards have been granted by Wolverine to executives and other key employees pursuant to various equity-based plans for several decades. The Compensation Committee administers all aspects of these plans and reviews, modifies (to the extent appropriate) and takes final action on any such awards.

Under Wolverine' s plans that provide for awards of restricted stock, all of which have been previously approved by the stockholders, the Compensation Committee may grant to executives and other key employee' s shares of restricted stock. These shares are subject to certain restrictions that, except for shares awarded in connection with the Long-Term Plan described above, generally lapse over a period of five years from the date of grant.

Under Wolverine' s stock option plans, all of which have been previously approved by the stockholders, the Compensation Committee may grant to executives and other key employees options to purchase shares of stock, as well as tax benefit rights. Wolverine has never granted tax benefit rights under its existing plans and has no present intention to do so. The Compensation Committee reviews, modifies (to the extent appropriate) and takes final action on the amount, timing, price and other terms of all options granted to employees of Wolverine. The Compensation Committee grants both incentive stock options and nonqualified options within the meaning of the Internal Revenue Code. Under the terms and conditions of the plans, the Compensation Committee may grant nonqualified options with an exercise price above or below the market price on the date of grant. Virtually all stock options granted (both incentive and nonqualified) have an exercise price equal to the market price of common stock on the date of grant.

In determining the number of shares of restricted stock and/or the number of options to be awarded to an executive, the Compensation Committee generally adheres to a formula which takes into consideration the executive' s level of responsibility and compensation practices of similar companies. The Compensation Committee also considers the recommendations of management (except for awards to the Chief Executive Officer), the individual performance of the executive and the number of shares previously awarded to the executive. As a general practice, both the number of shares granted and their proportion relative to the total number of shares granted increase in some proportion to increases in each executive' s responsibilities.

### **Chief Executive Officer**

The Chief Executive Officer' s compensation is based upon the policies and objectives discussed above. The Chief Executive Officer, however, has a higher percentage of total compensation "at risk" because a larger

---

percentage of potential compensation is based upon the Annual Bonus Plan and the Long-Term Plan described above. In April 2000, Mr. Bloom relinquished his duties as Chief Executive Officer and the Board of Directors appointed Mr. O' Donovan as Chief Executive Officer and President.

*Mr. Bloom' s Compensation.* Mr. Bloom' s base salary was established consistent with his employment agreement. In setting Mr. Bloom' s base salary and total annual cash compensation, the Compensation Committee was advised by the independent compensation consulting firm and compared Mr. Bloom' s cash compensation with that of chief executive officers in a survey group of companies of similar general type and size. Mr. Bloom' s base salary was targeted by the

Compensation Committee at or near the median of salaries paid to chief executive officers by companies included in the survey group. Mr. Bloom's base salary for 2000 was not changed from the prior year.

Mr. Bloom's annual incentive bonus under the Annual Bonus Plan was based upon corporate performance goals (100% weighting). The target annual bonus award for Mr. Bloom under the Annual Bonus Plan was 48% of earned salary. Mr. Bloom's annual bonus was subject to achievement of minimum goals and his threshold bonus at this level would have been 24% of earned salary. Mr. Bloom's annual bonus was capped at 96% of earned salary under the Annual Bonus Plan. Corporate performance goals in 2000 were based on Wolverine's achievement of predetermined pre-tax levels of profit (approximately 80% weighting) and sales (20% weighting), both of which were set above the prior year's actual results. Since Wolverine's profit and sales performance did not meet the pre-established performance levels, Mr. Bloom did not receive a payment under the Annual Bonus Plan or any discretionary bonus for fiscal 2000.

Wolverine did not make any payment to Mr. Bloom pursuant to the 1998-2000 Long-Term Plan since Wolverine did not meet the pre-established level of financial performance for the bonus period.

In 2000, Mr. Bloom was awarded 18,000 shares of restricted stock. The amount of this award was determined by the Compensation Committee considering the factors discussed above.

Due to Wolverine's 2000 results, Mr. Bloom's salary, bonus and total compensation was below the median for chief executive officers paid by companies included in the previously described survey group.

*Mr. O' Donovan's Compensation.* In setting Mr. O' Donovan's base salary and total annual cash compensation, the Compensation Committee was advised by the independent compensation consulting firm and compared Mr. O' Donovan's cash compensation with that of chief executive officers in a survey group of companies of similar general type and size. Mr. O' Donovan's base salary was targeted by the Compensation Committee slightly below the median of salaries paid to chief executive officers by companies included in the survey group. Mr. O' Donovan's base salary for 2000 increased 22.2% above his 1999 level, primarily due to his increased responsibilities correspondent with his promotion to Chief Executive Officer and his prior individual performance. Following the 2000 increase, Mr. O' Donovan's salary was below the competitive median. At his request, Wolverine does not have an employment agreement with Mr. O' Donovan.

Mr. O' Donovan's annual incentive bonus under the Annual Bonus Plan was based upon corporate performance goals (100% weighting). The target annual bonus award for Mr. O' Donovan under the Annual Bonus Plan was 48% of earned salary. Mr. O' Donovan's annual bonus was subject to achievement of minimum goals and his threshold bonus at this level would have been 24% of earned salary. Mr. O' Donovan's annual bonus was capped at 96% of earned salary under the Annual Bonus Plan. Corporate performance goals in 2000 were based on Wolverine's achievement of predetermined pre-tax levels of profit (approximately 80% weighting) and sales (20% weighting), both of which were set above the prior year's actual results. Since Wolverine's profit and sales performance did not meet the pre-established performance levels, Mr. O' Donovan did not receive a payment under the Annual Bonus Plan or a discretionary bonus for fiscal 2000.

Mr. O' Donovan's Long-Term Plan bonus award was based upon financial performance goals for Wolverine expressed in terms of targeted EPS that were above budget and prior year's results. The target bonus for Mr. O' Donovan was 60% of average annual earned salary for the 2000-2002 plan period. The bonus payout for Mr. O' Donovan can range from 0%-200% of the target bonus. Wolverine did not make any payment to Mr. O' Donovan pursuant to the 1998-2000 Long-Term Plan since Wolverine did not meet the pre-established level of financial performance for the bonus period.

In 2000, Mr. O' Donovan was awarded 20,000 shares of restricted stock and stock options to purchase 75,000 shares of common stock. The amount of these awards

---

were determined by the Compensation Committee considering the factors discussed above.

Due to Wolverine' s 2000 results, Mr. O' Donovan' s salary, bonus and total compensation was below the median for chief executive officers paid by companies included in the previously described survey group.

All actions and recommendations of the Compensation Committee attributable to 2000 compensation were unanimous and all recommendations were approved and adopted by the Board of Directors without modification.

Respectfully submitted,

Phillip D. Matthews, Chairman, Donald V. Fites, David P. Mehney, Elizabeth A. Sanders, Paul D. Schrage

### **Selection of Auditors**

---

Subject to the approval of stockholders, the Board of Directors has reappointed the firm of Ernst & Young LLP as independent auditors for the current fiscal year.

Ernst & Young LLP, certified public accountants, has audited the financial statements of Wolverine and its subsidiaries for the fiscal year ended December 30, 2000. Representatives of Ernst & Young LLP are expected to be present at the annual meeting, will have an opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions from stockholders.

*Audit Fees.* Wolverine paid to Ernst & Young LLP \$413,000 during fiscal year 2000 for the last annual audit.

*All Other Fees.* Wolverine paid to Ernst & Young LLP \$691,926 during fiscal year 2000 for services other than the last annual audit, including audit-related services of \$217,948 and nonaudit services of \$473,978. Audit-related services generally include fees for pension audits, potential business acquisitions and accounting consultations.

***Your Board of Directors recommends that you vote FOR ratification of the reappointment of Ernst & Young LLP.***

### **Audit Committee Report**

---

The Audit Committee reviews and supervises Wolverine' s procedures for recording and reporting the financial results of its operations on behalf of the Board of Directors. Wolverine' s management has primary responsibility for the financial statements and the reporting process, including the systems of internal controls. As part of its supervisory duties, the Audit Committee has reviewed Wolverine' s audited financial statements for the fiscal year ended December 30, 2000, and has discussed those financial statements with Wolverine' s management.

The Audit Committee has also discussed with Wolverine' s independent auditors, who are responsible for expressing an opinion on the conformity of those financial statements with generally accepted accounting principles, the judgments of the independent auditors concerning the quality of Wolverine' s accounting principles and such other matters that are required under generally accepted accounting principles to be discussed with the independent auditors. In addition, the Audit Committee has received from the independent auditors the written disclosures required by the Independence Standards Board and has discussed their independence from Wolverine and Wolverine' s management with them, including a consideration of the compatibility of nonaudit services with their independence.

After and in reliance upon the reviews and discussions described above, the Audit Committee recommended to Wolverine' s Board of Directors that the audited financial statements for the fiscal year ended December 30, 2000, be

included in Wolverine' s Annual Report on Form 10-K for the year then ended to be filed with the Securities and Exchange Commission.

Respectfully submitted,

Joseph A. Parini, Chairman, Daniel T. Carroll, Alberto L. Grimoldi, David T. Kollat

## Related Matters

---

### Certain Relationships and Related Transactions

During 2000, Wolverine engaged J. Walter Thompson, an international advertising firm, to perform public relations and marketing services. Wolverine paid \$200,214 in fees and expenses to J. Walter Thompson. Ms. Joan Parker, a director of Wolverine, is a Senior Partner with J. Walter Thompson. Wolverine anticipates continuing its relationship with J. Walter Thompson during the current year.

Wolverine has entered into agreements with Grimoldi, S.A., an Argentinean corporation of which Mr. Alberto Grimoldi, a director of Wolverine, is a large shareholder, granting to Grimoldi, S.A. the exclusive rights to distribute and sell footwear products in Argentina under the *Hush Puppies*®, *Wolverine*®, *Caterpillar*®, *Harley-Davidson*®, and *Merrell*® trademarks. Wolverine and Grimoldi, S.A. have executed a similar agreement that grants similar rights with respect to Brazil, which was subsequently assigned to a wholly-owned subsidiary of Grimoldi, S.A. Under these agreements, Grimoldi, S.A., or its subsidiary, pays Wolverine royalties and certain sublicense fees based on sales or purchases of footwear products in Argentina and Brazil.

Under the agreements described above, Grimoldi, S.A. was obligated to pay to Wolverine royalties, sublicense fees and service fees in 2000 totaling \$1,144,463. These agreements were made under terms and conditions customary for other international licensees and distributors, and all payments due under these agreements were invoiced or paid in accordance with Wolverine' s customary terms and practices.

In the ordinary course of their business, Wolverine and its subsidiaries sell footwear for resale, samples, components of footwear products (such as leather and shoe soles), advertising materials and miscellaneous items to licensees, distributors and customers. In 2000, purchases of such items by Grimoldi, S.A. totaled \$402,157 (including any applicable sublicense fees for products containing licensed proprietary technology). All of these purchases were made pursuant to Wolverine' s customary trade terms and were invoiced or paid in accordance with Wolverine' s customary payment terms and schedules applicable to all licensees, distributors and customers.

All of the transactions described above occurred pursuant to continuing contractual arrangements between Wolverine and Grimoldi, S.A. Wolverine expects similar transactions to occur between Grimoldi, S.A. and Wolverine and its subsidiaries during 2001.

### Compensation Committee Interlocks and Insider Participation

Wolverine' s Compensation Committee consists of Donald V. Fites, Phillip D. Matthews, David P. Mehney, Elizabeth A. Sanders, and Paul D. Schrage. While Mr. Matthews was not at any time an employee of Wolverine or its subsidiaries, he served as Chairman of the Board of Wolverine from 1993 until 1996. Daniel T. Carroll, a current director of Wolverine, was Chairman of Wolverine' s Compensation Committee until April 13, 2000. Mr. Carroll no longer serves on Wolverine' s Compensation Committee. Mr. Carroll is also Chairman of the Board of Comshare, Inc. and receives compensation from Comshare in that capacity. Geoffrey B. Bloom, Wolverine' s Chairman of the Board

and former Chief Executive Officer, is a director of Comshare and serves as Chairman of Comshare's Compensation Committee.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act requires Wolverine's directors and officers, and persons who beneficially own more than 10% of the outstanding shares of common stock, to file reports of ownership and changes in ownership of shares of common stock with the Securities and Exchange Commission. Directors, officers and greater than 10% beneficial owners are required by Securities and Exchange Commission regulations to furnish Wolverine with copies of all Section 16(a) reports they file. Based on its review of the copies of such reports received by it, or written representations from certain reporting persons that no reports on Form 5 were required for those persons for the 2000 fiscal year, except as described below, Wolverine believes that its officers and directors complied with all applicable filing requirements during Wolverine's last fiscal year.

On the Form 5 filed for Steven M. Duffy for fiscal 2000, one exempt transaction was inadvertently omitted. In 1998, Thomas P. Mundt failed to file a Form 4 to report one transaction involving the purchase of 220 shares of Wolverine common stock by his wife (this transaction was also not reported on a Form 5 for that fiscal year). Under the revised Section 16(a) rules,

29

---

beginning in 1991, David P. Mehney was required to report shares acquired prior to 1991 by a retirement plan of The KMW Group, Inc. Mr. Mehney has not reported the retirement plan shares on his Section 16(a) reports. Corrective amendments or reports for the above holdings were filed promptly upon discovery.

### **Stockholder Proposals**

To be considered timely, any stockholder proposal intended to be presented at the annual meeting of stockholders in 2002 (whether or not intended for inclusion in our proxy statement and proxy card relating to that meeting) must be received by us not later than November 16, 2001. Stockholder proposals intended for inclusion in our proxy statement and proxy card relating to that meeting should be made as described in Securities and Exchange Commission Rule 14a-8. You should address all stockholder proposals to the attention of the Secretary of the Company, 9341 Courtland Drive, N.E., Rockford, Michigan 49351.

### **Solicitation of Proxies**

We will initially seek proxies by mail. Wolverine directors, officers and employees may also solicit proxies by telephone or facsimile or personally without additional compensation. Proxies may be solicited by nominees and other fiduciaries who may mail materials to or otherwise communicate with the beneficial owners of shares held by them. Wolverine will pay all costs of solicitation of proxies, including the charges and expenses of brokerage firms, banks, trustees or other nominees for forwarding proxy materials to beneficial owners. We have engaged Corporate Investor Communications, Inc. at an estimated cost of \$9,000, plus expenses and disbursements, to assist in solicitation of proxies.

The following shall be the principal recurring processes of the Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the Committee may modify or supplement them as appropriate.

The Committee shall communicate to management and the independent auditors that the independent auditors are ultimately accountable to the Committee and the Board of Directors, as representatives of the Company’s stockholders.

The Committee shall assist the Board of Directors in its responsibility to select, evaluate and, if appropriate, replace the independent auditors. Annually, the Committee shall review and recommend to the Board the selection of the Company’s independent auditors, subject to stockholder approval. The Committee shall

annually review the performance (effectiveness, objectivity, and independence) of the independent and internal auditors and shall report its conclusions to the Board of Directors. The Committee shall ensure receipt of a formal written statement from the independent auditors consistent with standards set by the Independence Standards Board. The Committee shall review the statement on independence and shall discuss with the independent auditors any relationships that may adversely affect the independent auditors' objectivity or independence, and shall consider the compatibility of nonaudit services with the auditors' independence. If the Committee is not satisfied with the auditors' assurances of independence, it shall recommend to the full Board appropriate action to ensure the independence of the independent auditors.

The Committee shall discuss with the internal and independent auditors the overall scope and plans for their respective audits including the adequacy of staffing and compensation. The Committee shall review with management and the internal and independent auditors the adequacy and effectiveness of the Company's accounting and financial controls, including the Company's systems to monitor and manage business risks. The Committee shall also meet separately with the internal auditors and the independent auditors, with and without management present, to discuss the results of the Committee's examinations.

The Committee shall review the Company's interim financial statements with management and the independent auditors prior to the filing of Quarterly Reports on Form 10-Q. The Committee shall review the results of the quarterly reviews with the independent auditors and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards. The Chairperson of the Committee may represent the entire Committee for the purposes of quarterly reviews.

The Committee shall review with management and the independent auditors the Company's financial statements to be included in Annual Reports on Form 10-K (or annual reports to stockholders if distributed prior to the filing of Form 10-K). The Committee shall review the results of the annual audit with the independent auditors and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards.

Although the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete, accurate and in accordance with generally accepted accounting principles. These tasks are the responsibility of management and the independent auditors. It is not the duty of the Committee to conduct investigations, to resolve disagreements between management and the independent auditors, or to assure compliance with laws and regulations.

Except as limited in this Plan or as may be necessary to ensure that this Plan provides performance-based compensation under Section 162(m) of the Code, the Committee shall have all of the express and implied powers and duties set forth in the Bylaws of the Company and this Plan, shall have full power and authority to interpret the provisions of the Plan and Incentive Awards granted under the Plan and shall have full power and authority to supervise the administration of the Plan and Incentive Awards granted under the Plan and to make all other determinations considered necessary or advisable for the administration of the Plan. The Committee shall hold its meetings at such times and places as it considers advisable. Action may be taken by a written instrument signed by a majority of the members of the Committee and any action so taken shall be fully as effective as if it had been taken at a meeting duly called and held. The Committee shall make such rules and regulations for the conduct of its business as it considers advisable.

3.2 *Grants or Awards to Participants.* In accordance with and subject to the provisions of the Plan, the Committee shall have the authority to determine all provisions of Incentive Awards as the Committee may consider necessary or desirable and as are consistent with the terms of the Plan, including, without limitation, the following: (a) the persons who shall be selected as Participants; (b) the nature and, subject to the limitations set forth in Sections 4.1 and 4.2 of the Plan, extent of the Incentive Awards to be made to each Participant (including the number of shares of Common Stock to be subject to each Incentive Award, any exercise price, the manner in which an Incentive Award will vest or become exercisable and the form of payment for the Incentive Award); (c) the time or times when Incentive Awards will be granted; (d) the duration of each Incentive Award; and (e) the restrictions and other conditions to which payment or vesting of Incentive Awards may be subject.

3.4 *Indemnification of Committee Members.* Neither any member or former member of the Committee nor any individual to whom authority is or has been delegated shall be personally responsible or liable for any act or omission in connection with the performance of powers or duties or the exercise of discretion or judgment in the administration and implementation of the Plan. ## SECTION 4

### Shares Subject to the Plan

4.1 *Number of Shares.* Subject to adjustment as provided in Section 4.3 of the Plan, the total number of shares of Common Stock available for Incentive Awards under the Plan shall be 2,000,000 shares of Common Stock; plus shares subject to Incentive Awards that are canceled, surrendered, modified, exchanged for substitute Incentive Awards or expire or terminate prior to the exercise or vesting of the Incentive Award in full and shares that are surrendered to the Company in connection with the exercise or vesting of an Incentive Award, whether previously owned or otherwise subject to such Incentive Award; *provided*, that not more than 40% of the shares authorized for issuance under the Plan pursuant to this Section 4.1 may be issued as Restricted Stock or Stock Awards, combined. Such shares shall be authorized and may be either unissued or treasury shares or shares repurchased by the Company, including shares purchased on the open market.

4.2 *Limitation Upon Incentive Awards.* No Participant shall be granted, during any calendar year, Incentive Awards with respect to more than 25% of the total number of shares of Common Stock available for Incentive Awards under the Plan set forth in Section 4.1 of the Plan for the Plan Year that includes the greatest number of days contained in such calendar year, subject to adjustment as provided in Section 4.3 of the Plan. The purpose of this Section 4.2 is to ensure that the Plan may provide performance-based compensation under Section 162(m) of the Code and this Section 4.2 shall be interpreted, administered and amended if necessary to achieve that purpose.

#### 4.3 *Adjustments.*

(a) *Stock Dividends and Distributions.* If the number of shares of Common Stock outstanding changes by reason of a stock dividend, stock split, recapitalization or other general distribution of Common Stock or other securities to holders of Common Stock, the number and kind of securities subject to Incentive Awards and reserved for issuance under the Plan, together with applicable exercise prices, as well as the number of shares available for issuance under the Plan, shall be adjusted appropriately. No fractional shares shall be issued pursuant to the Plan and any fractional shares resulting from such adjustments shall be eliminated from the respective Incentive Awards.

(b) *Other Actions Affecting Common Stock.* If there occurs, other than as described in the preceding subsection, any merger, business combination, recapitalization, reclassification, subdivision or combination approved by the Board that would result in the Persons who were stockholders of the Company immediately prior to the effective time of any such transaction owning or holding, in lieu of or in addition to shares of Common Stock, other securities, money and/ or property (or the right to receive other securities, money and/ or property) immediately after the effective time of such transaction, then the outstanding Incentive Awards (including exercise prices) and reserves for Incentive Awards under this Plan shall be adjusted in such manner and at such time as shall be equitable under the circumstances. It is intended that in the event of any such transaction, Incentive Awards

under this Plan shall entitle the holder of each Incentive Award to receive (upon exercise in the case of Stock Options), in lieu of or in addition to shares of Common Stock, any other securities, money and/ or property receivable upon consummation of any such transaction by holders of Common Stock with respect to each share of Common Stock outstanding immediately prior to the effective time of such transaction; upon any such adjustment, holders of Incentive Awards under this Plan shall have only the right to receive in lieu of or in addition to shares of Common Stock such other securities, money and/ or other property as provided by the adjustment. If the agreement, resolution or other document approved by the Board to effect any such transaction provides for the adjustment of Incentive Awards under the Plan in connection with such transaction, then the adjustment provisions contained in such agreement, resolution or other document shall be final and conclusive.

## SECTION 5

### Stock Options

5.1 *Grant.* A Participant may be granted one or more Stock Options under the Plan. The Committee, in its discretion, may provide in the initial grant of a Stock Option or other Incentive Award for the subsequent automatic

B-4

---

grant of additional Stock Options for the number of shares, if any, that are surrendered to the Company in connection with the exercise or vesting of the initial or any subsequently granted Stock Option or other Incentive Award. Stock Options shall be subject to such terms and conditions, consistent with the other provisions of the Plan, as may be determined by the Committee in its sole discretion. In addition, the Committee may vary, among Participants and among Stock Options granted to the same Participant, any and all of the terms and conditions of the Stock Options granted under the Plan. Subject to the limitation imposed by Section 4.2 of the Plan, the Committee shall have complete discretion in determining the number of Stock Options granted to each Participant. The Committee may designate whether or not a Stock Option is to be considered an incentive stock option as defined in Section 422(b) of the Code; *provided*, that the number of shares of Common Stock that may be designated as subject to incentive stock options for any given Participant shall be limited to that number of shares that become exercisable for the first time by the Participant during any calendar year (under all plans of the Company and its Subsidiaries) and have an aggregate Market Value less than or equal to \$100,000 (or such other amount as may be set forth in the Code) and all shares subject to an Incentive Award that have a Market Value in excess of such aggregate amount shall automatically be subject to Stock Options that are not incentive stock options.

5.2 *Stock Option Agreements.* Stock Options shall be evidenced by stock option agreements and/ or certificates of award containing the terms and conditions applicable to such Stock Options. To the extent not covered by the stock option agreement, the terms and conditions of this Section 5 shall govern.

5.3 *Stock Option Price.* The per share Stock Option price shall be determined by the Committee, but shall be a price that is equal to or greater than 100% of the Market Value of the Company's Common Stock on the date of grant.

5.4 *Medium and Time of Payment.* The exercise price for each share purchased pursuant to a Stock Option granted under the Plan shall be payable in cash or, if the Committee consents or provides in the applicable stock option agreement or grant, in shares of Common Stock (including Common Stock to be received upon a simultaneous exercise of that or any other Incentive Award) or other consideration substantially equivalent to cash. The time and terms of payment may be amended with the consent of a Participant before or after exercise of a Stock Option. The Committee may from time to time authorize payment of all or a portion of the Stock Option price in the form of a promissory note or other deferred payment installments according to such terms as the Committee may approve. The Board may restrict or suspend the power of the Committee to permit such loans and may require that adequate security be provided.

*5.5 Stock Options Granted to 10% Stockholders.* No Stock Option granted to any Participant who at the time of such grant owns, together with stock attributed to such Participant under Section 424(d) of the Code, more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries may be designated as an incentive stock option, unless such Stock Option provides an exercise price equal to at least 110% of the Market Value of the Common Stock on the date of grant and the exercise of the Stock Option after the expiration of 5 years from the date of grant of the Stock Option is prohibited by its terms.

*5.6 Limits on Exercisability.* Except as set forth in Section 5.5, Stock Options shall be exercisable for such periods, not to exceed 10 years from the date of grant, as may be fixed by the Committee. At the time of exercise of a Stock Option, the holder of the Stock Option, if requested by the Committee, must represent to the Company that the shares are being acquired for investment and not with a view to the distribution thereof. The Committee may in its discretion require a Participant to continue the Participant's service with the Company and its Subsidiaries for a certain length of time prior to a Stock Option becoming exercisable and may eliminate such delayed vesting provisions.

*5.7 Restrictions on Transferability.*

(a) *General.* Unless the Committee otherwise consents or permits (before or after the option grant) or unless the stock option agreement or grant provides otherwise, Stock Options granted under the Plan may not be sold, exchanged, transferred, pledged, assigned or otherwise alienated or hypothecated except by will or the laws of descent and distribution, and, as a condition to any transfer permitted by the Committee or the terms of the stock option agreement or grant, the transferee must execute a written agreement permitting the Company to withhold from the shares subject to the Stock Option a number of shares having a Market Value at least equal

B-5

---

to the amount of any federal, state or local withholding or other taxes associated with or resulting from the exercise of a Stock Option. All provisions of a Stock Option that are determined with reference to the Participant, including without limitation those that refer to the Participant's employment with the Company or its Subsidiaries, shall continue to be determined with reference to the Participant after any transfer of a Stock Option.

(b) *Other Restrictions.* The Committee may impose other restrictions on any shares of Common Stock acquired pursuant to the exercise of a Stock Option under the Plan as the Committee deems advisable, including, without limitation, restrictions under applicable federal or state securities laws.

*5.8 Termination of Employment or Officer Status.* Unless the Committee otherwise consents or permits (before or after the option grant) or unless the stock option agreement or grant provides otherwise:

(a) *General.* If a Participant ceases to be employed by or an officer of the Company or one of its Subsidiaries for any reason other than the Participant's death, disability, Retirement or termination for cause, the Participant may exercise his or her Stock Options in accordance with their terms for a period of 3 months after such termination of employment or officer status, but only to the extent the Participant was entitled to exercise the Stock Options on the date of termination. For purposes of the Plan, the following shall not be considered a termination of employment or officer status: (i) a transfer of an employee from the Company to any Subsidiary; (ii) a leave of absence, duly authorized in writing by the Company, for military service or for any other purpose approved by the Company if the period of such leave does not exceed 90 days; (iii) a leave of absence in excess of 90 days, duly authorized in writing by the Company, provided that the employee's right to re-employment is guaranteed by statute, contract or written policy of the Company; or (iv) a termination of employment with continued service as an officer. For purposes of the Plan, termination of employment shall be considered to occur on the date on which the employee is no longer obligated to perform services for the Company or any of its Subsidiaries and the

employee's right to re-employment is not guaranteed by statute, contract or written policy of the Company, regardless of whether the employee continues to receive compensation from the Company or any of its Subsidiaries after such date.

(b) *Death.* If a Participant dies either while an employee or officer of the Company or one of its Subsidiaries or after the termination of employment other than for cause but during the time when the Participant could have exercised a Stock Option, the Stock Options issued to such Participant shall be exercisable in accordance with their terms by the personal representative of such Participant or other successor to the interest of the Participant for one year after the Participant's death, but only to the extent that the Participant was entitled to exercise the Stock Options on the date of death or termination of employment, whichever first occurred, and not beyond the original terms of the Stock Options.

(c) *Disability.* If a Participant ceases to be an employee or officer of the Company or one of its Subsidiaries due to the Participant's disability, the Participant may exercise his or her Stock Options in accordance with their terms for one year following such termination of employment, but only to the extent that the Participant was entitled to exercise the Stock Options on the date of such event and not beyond the original terms of the Stock Options.

(d) *Participant Retirement.* If a Participant Retires as an employee or officer of the Company or one of its Subsidiaries, Stock Options granted under the Plan may be exercised in accordance with their terms during the remaining terms of the Stock Options.

(e) *Termination for Cause.* If a Participant is terminated for cause, the Participant shall have no further right to exercise any Stock Options previously granted. The Committee or officers designated by the Committee shall have absolute discretion to determine whether a termination is for cause.

## SECTION 6

### Restricted Stock

6.1 *Grant.* Subject to the limitations set forth in Sections 4.1 and 4.2 of the Plan, a Participant may be granted Restricted Stock under the Plan. Restricted Stock shall be subject to such terms and conditions, consistent with the

B-6

---

other provisions of the Plan, as shall be determined by the Committee in its sole discretion. The Committee may impose such restrictions or conditions, consistent with the provisions of the Plan, to the vesting of Restricted Stock as it considers appropriate. The Committee may also require that certificates representing shares of Restricted Stock be retained and held in escrow by a designated employee or agent of the Company or any Subsidiary until any restrictions applicable to shares of Restricted Stock so retained have been satisfied or lapsed.

6.2 *Restricted Stock Agreements.* Awards of Restricted Stock shall be evidenced by restricted stock agreements or certificates of award containing such terms and conditions, consistent with the provisions of the Plan, as the Committee shall from time to time determine. Unless a restricted stock agreement or certificate provides otherwise, Restricted Stock awards shall be subject to the terms and conditions set forth in this Section 6.

6.3 *Termination of Employment or Officer Status.* Unless the Committee otherwise consents or permits (before or after the grant of Restricted Stock) or unless the restricted stock agreement or grant provides otherwise:

(a) *General.* In the event of termination of employment or officer status during the Restricted Period for any reason other than death, disability, Retirement or termination for cause, any shares of Restricted Stock still subject to restrictions at the date of such termination shall automatically be forfeited and returned to the Company. For purposes of the Plan, the following shall not be considered a termination of employment or officer status: (i) a transfer of an employee from the Company to any Subsidiary; (ii) a leave of absence, duly authorized in writing by the Company, for military service or for any other purpose approved by the Company if the period of such leave does not exceed 90 days; (iii) a leave of absence in excess of 90 days duly authorized in writing by the Company, provided that the employee's right to re-employment is guaranteed by statute, contract or written policy of the Company; and (iv) a termination of employment with continued service as an officer. For purposes of the Plan, termination of employment shall be considered to occur on the date on which the employee is no longer obligated to perform services for the Company or any of its Subsidiaries and the employee's right to re-employment is not guaranteed by statute, contract or written policy of the Company, regardless of whether the employee continues to receive compensation from the Company or any of its Subsidiaries after such date.

(b) *Death, Retirement or Disability.* In the event a Participant terminates his or her employment with the Company because of death, disability or Retirement during the Restricted Period, the restrictions applicable to the shares of Restricted Stock shall terminate automatically with respect to that number of shares (rounded to the nearest whole number) equal to the total number of shares of Restricted Stock granted to such Participant multiplied by the number of full months that have elapsed since the date of grant divided by the total number of full months in the Restricted Period. All remaining shares shall be forfeited and returned to the Company; *provided*, that the Committee may, in its sole discretion, waive the restrictions remaining on any or all such remaining shares of Restricted Stock either before or after the death, disability or Retirement of the Participant.

(c) *Termination for Cause.* If a Participant's employment is terminated for cause, the Participant shall have no further right to exercise or receive any Restricted Stock and all Restricted Stock still subject to restrictions at the date of such termination shall automatically be forfeited and returned to the Company. The Committee or officers designated by the Committee shall have absolute discretion to determine whether a termination is for cause.

#### 6.4 *Restrictions on Transferability.*

(a) *General.* Unless the Committee otherwise consents or permits or unless the terms of the restricted stock agreement or grant provide otherwise: (i) shares of Restricted Stock shall not be sold, exchanged, transferred, pledged, assigned or otherwise alienated or hypothecated during the Restricted Period except by will or the laws of descent and distribution; and (ii) all rights with respect to Restricted Stock granted to a Participant under the Plan shall be exercisable during the Participant's lifetime only by such Participant, his or her guardian or legal representative.

(b) *Other Restrictions.* The Committee may impose other restrictions on any shares of Common Stock acquired pursuant to an award of Restricted Stock under the Plan as the Committee considers advisable, including, without limitation, restrictions under applicable federal or state securities laws.

B-7

---

6.5 *Legending of Restricted Stock.* Any certificates evidencing shares of Restricted Stock awarded pursuant to the Plan shall bear the following legend:

The shares represented by this certificate were issued subject to certain restrictions under the Wolverine World Wide, Inc. Stock Incentive Plan of 2001 (the "Plan"). This certificate is held subject to the terms and conditions contained in a restricted stock agreement that includes a prohibition against the sale or transfer of the stock represented by this certificate except in compliance with that agreement and that provides for forfeiture upon

certain events. Copies of the Plan and the restricted stock agreement are on file in the office of the Secretary of the Company.

6.6 *Rights as a Stockholder.* A Participant shall have all voting, dividend, liquidation and other rights with respect to Restricted Stock held of record by such Participant as if the Participant held unrestricted Common Stock; *provided*, that the unvested portion of any award of Restricted Stock shall be subject to any restrictions on transferability or risks of forfeiture imposed pursuant to Sections 6.1, 6.3 and 6.4 of the Plan. Unless the Committee otherwise determines or unless the terms of the restricted stock agreement or grant provide otherwise, any noncash dividends or distributions paid with respect to shares of unvested Restricted Stock shall be subject to the same restrictions as the shares to which such dividends or distributions relate.

## SECTION 7

### Stock Awards

7.1 *Grant.* Subject to the limitations set forth in Sections 4.1 and 4.2 of the Plan, a Participant may be granted one or more Stock Awards under the Plan. Stock Awards shall be subject to such terms and conditions, consistent with the other provisions of the Plan, as may be determined by the Committee in its sole discretion.

7.2 *Rights as a Stockholder.* A Participant shall have all voting, dividend, liquidation and other rights with respect to shares of Common Stock issued to the Participant as a Stock Award under this Section 7 upon the Participant becoming the holder of record of the Common Stock granted pursuant to such Stock Award; *provided*, that the Committee may impose such restrictions on the assignment or transfer of Common Stock awarded pursuant to a Stock Award as it considers appropriate.

## SECTION 8

### Tax Benefit Rights

8.1 *Grant.* Subject to the limitation set forth in Section 4.2 of the Plan, a Participant may be granted Tax Benefit Rights under the Plan to encourage a Participant to exercise Stock Options and provide certain tax benefits to the Company. A Tax Benefit Right entitles a Participant to receive from the Company or a Subsidiary a cash payment not to exceed the amount calculated by multiplying the ordinary income, if any, realized by the Participant for federal tax purposes as a result of the exercise of a nonqualified stock option, or the disqualifying disposition of shares acquired under an incentive stock option, by the maximum federal income tax rate (including any surtax or similar charge or assessment) for corporations, plus the applicable state and local tax imposed on the exercise of the Stock Option or the disqualifying disposition.

8.2 *Restrictions.* A Tax Benefit Right may be granted only with respect to a Stock Option issued and outstanding or to be issued under the Plan or any other plan of the Company or its Subsidiaries that has been approved by the stockholders as of the date of the Plan and may be granted concurrently with or after the grant of the Stock Option. Such rights with respect to outstanding Stock Options shall be issued only with the consent of the Participant if the effect would be to disqualify an incentive stock option, change the date of grant or the exercise price or otherwise impair the Participant's existing Stock Options.

8.3 *Terms and Conditions.* The Committee shall determine the terms and conditions of any Tax Benefit Rights granted and the Participants to whom such rights will be granted with respect to Stock Options under the Plan or any other plan of the Company. The Committee may amend, cancel, limit the term of or limit the amount payable under a Tax Benefit Right at any time prior to the exercise of the related Stock Option, unless otherwise provided under the

terms of the Tax Benefit Right. The net amount of a Tax Benefit Right, subject to withholding, may be used to pay a portion of the Stock Option price, unless otherwise provided by the Committee.

## SECTION 9

### Change in Control

9.1 *Acceleration of Vesting.* If a Change in Control of the Company shall occur, then, unless the Committee or the Board otherwise determines with respect to one or more Incentive Awards, without action by the Committee or the Board: (a) all outstanding Stock Options shall become immediately exercisable in full and shall remain exercisable during the remaining terms thereof, regardless of whether the Participants to whom such Stock Options have been granted remain in the employ or service of the Company or any Subsidiary; and (b) all other outstanding Incentive Awards shall become immediately fully vested and exercisable and nonforfeitable.

9.2 *Cash Payment for Stock Options.* If a Change in Control of the Company shall occur, then the Committee, in its sole discretion, and without the consent of any Participant affected thereby, may determine that some or all Participants holding outstanding Stock Options shall receive, with respect to some or all of the shares of Common Stock subject to such Stock Options, as of the effective date of any such Change in Control of the Company, cash in an amount equal to the greater of the excess of (a) the highest sales price of the shares on the New York Stock Exchange on the date immediately prior to the effective date of such Change in Control of the Company or (b) the highest price per share actually paid in connection with any Change in Control of the Company over the exercise price per share of such Stock Options.

## SECTION 10

### General Provisions

10.1 *No Rights to Awards.* No Participant or other person shall have any claim to be granted any Incentive Award under the Plan and there is no obligation of uniformity of treatment of Participants or holders or beneficiaries of Incentive Awards under the Plan. The terms and conditions of Incentive Awards of the same type and the determination of the Committee to grant a waiver or modification of any Incentive Award and the terms and conditions thereof need not be the same with respect to each Participant or the same Participant.

10.2 *Withholding.* The Company or a Subsidiary shall be entitled to: (a) withhold and deduct from future wages of a Participant (or from other amounts that may be due and owing to a Participant from the Company or a Subsidiary), or make other arrangements for the collection of, all legally required amounts necessary to satisfy any and all federal, state, local and foreign withholding and employment-related tax requirements attributable to an Incentive Award, including, without limitation, the grant, exercise or vesting of, or payment of dividends with respect to, an Incentive Award or a disqualifying disposition of Common Stock received upon exercise of an incentive stock option; or (b) require a Participant promptly to remit the amount of such withholding to the Company before taking any action with respect to an Incentive Award. Unless the Committee determines otherwise, withholding may be satisfied by withholding Common Stock to be received upon exercise or vesting of an Incentive Award or by delivery to the Company of previously owned Common Stock.

10.3 *Compliance With Laws; Listing and Registration of Shares.* All Incentive Awards granted under the Plan (and all issuances of Common Stock or other securities under the Plan) shall be subject to all applicable laws, rules and regulations, and to the requirement that if at any time the Committee shall determine, in its discretion, that the listing, registration or qualification of the shares covered thereby upon any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the grant of such Incentive Award or the issue or purchase of shares thereunder, such Incentive Award may not be exercised in whole or in part, or the restrictions on such Incentive Award shall not lapse,

unless and until such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Committee.

10.4 *No Limit on Other Compensation Arrangements.* Nothing contained in the Plan shall prevent the Company or any Subsidiary from adopting or continuing in effect other or additional compensation arrangements, including the

grant of stock options and other stock-based awards, and such arrangements may be either generally applicable or applicable only in specific cases.

10.5 *No Right to Employment.* The grant of an Incentive Award shall not be construed as giving a Participant the right to be retained in the employ of the Company or any Subsidiary. The Company or any Subsidiary may at any time dismiss a Participant from employment, free from any liability or any claim under the Plan, unless otherwise expressly provided in the Plan or in any written agreement with a Participant.

10.6 *Suspension of Rights under Incentive Awards.* The Company, by written notice to a Participant, may suspend a Participant's and any transferee's rights under any Incentive Award for a period not to exceed 30 days while the termination for cause of that Participant's employment with the Company and its Subsidiaries is under consideration.

10.7 *Governing Law.* The validity, construction and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with the laws of the State of Delaware and applicable federal law.

10.8 *Severability.* In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining provisions of the Plan and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included, unless such construction would cause the Plan to fail in its essential purposes.

## SECTION 11

### Termination and Amendment

The Board may terminate the Plan at any time or may from time to time amend the Plan as it considers proper and in the best interests of the Company, provided that no such amendment may impair any outstanding Incentive Award without the consent of the Participant, except according to the terms of the Plan or the Incentive Award. No termination, amendment or modification of the Plan shall become effective with respect to any Incentive Award previously granted under the Plan without the prior written consent of the Participant holding such Incentive Award unless such amendment or modification operates solely to the benefit of the Participant.

## SECTION 12

### Effective Date and Duration of the Plan

This Plan shall take effect March 6, 2001, subject to approval by the stockholders at the 2001 Annual Meeting of Stockholders or any adjournment thereof or at a Special Meeting of Stockholders. Unless earlier terminated by the Board of Directors, no Incentive Award shall be granted under the Plan after March 5, 2011.
