Item 8.01 – Other Events

As previously disclosed, APAC Customer Services, Inc. (referred to as “APAC”), a leading international provider of outsourced services and solutions, was acquired by One Equity Partners (referred to as “OEP”), the majority stockholder of NCO Group, Inc. (referred to as “us”, “our” or the “Company”), on October 14, 2011. OEP has informed us that it funded such acquisition with \$300 million of equity and a \$159 million bridge loan. At such time, OEP had further informed us that OEP intended to seek to combine APAC with the Company to build market leadership in business process outsourcing and customer care solutions (referred to as the “Combination”). The Combination is subject to board approval and obtaining new debt financing, and the terms of any such Combination have not been finalized. There can be no assurance that the Combination will be completed or if completed, the terms or timing of any the Combination. If the Combination occurs, the Company's management has targeted approximately \$30 million of annualized cost savings anticipated to be achieved after the completion of the Combination. Further, OEP has informed us that, if the Combination occurs, it has committed to keep the \$300 million of equity funded by OEP in connection with the APAC acquisition invested in the combined business. As part of the Combination, the Company anticipates changing its name to Expert Global Solutions, Inc.

The Company is currently seeking to obtain debt financing to refinance substantially all of its outstanding indebtedness, consisting of a new credit facility (comprised of a revolving credit line of approximately \$120 million (under which it is currently anticipated that no significant amounts will be drawn at the time of the refinancing closing), and a term loan of approximately \$750 million) and the issuance of new senior unsecured notes having a principal amount of approximately \$300 million. Proceeds from the new borrowings would be used to repay

substantially all of NCO' s and APAC' s existing debt (which includes the \$159 million bridge loan from OEP to APAC), and related fees and expenses. Such debt financing is subject, among other things, to the completion of the Combination described above and board approval. There can be no assurance that such new debt financing will be available on terms acceptable to the Company, or at all.

Furthermore, there can be no assurance that the Company can successfully refinance its outstanding indebtedness, that it can realize the anticipated cost savings or that the Combination will be consummated.

In addition, these additional borrowings and liabilities may have a materially adverse effect on our liquidity and capital resources. Completing any such refinancing and Combination involves a number of risks, including diverting management' s attention from our daily operations, the use of additional management, operational and financial resources, system conversions, and the inability to maintain key pre-Combination relationships with customers, suppliers and employees. If the Combination occurs, we might not be able to successfully integrate the Combination into our business or operate the combined businesses profitably, and we may be subject to unanticipated problems and liabilities of APAC.

Certain statements in this current report, including, without limitation, statements as to a potential combination with APAC, statements as to the new debt structure, statements as to expected expense synergies, statements as to the Company' s or management' s beliefs, expectations or opinions, and all other statements in this press release, other than historical facts, are forward-looking statements, as such term is defined in the Securities Exchange Act of 1934, which are intended to be covered by the safe harbors created thereby. Forward-looking statements are subject to risks and uncertainties, are subject to change at any time and may be affected by various factors that may cause actual results to differ materially from the expected or planned results. In addition to the factors discussed above, certain other factors, including without limitation, risks detailed from time to time in the Company' s filings with the Securities and Exchange Commission, including the Annual Report on Form 10-K for the year ended December 31, 2010, can cause actual results and developments to be materially different from those expressed or implied by such forward-looking statements. The Company disclaims any intent or obligation to publicly update or revise any forward-looking statements, regardless of whether new information becomes available, future developments occur or otherwise.
