Dear Shareholder:

This semiannual report for Templeton Dragon Fund covers the period ended June 30, 2008.

PERFORMANCE OVERVIEW

Templeton Dragon Fund had cumulative total returns of -19.49% in market price terms and -17.22% in net asset value terms for the six months under review. You

can find the Fund's long-term performance data in the Performance Summary on page 6.

ECONOMIC AND MARKET OVERVIEW

Chinese equities gave back some of last year's strong gains in the first half of 2008. Concerns of a U.S. recession, coupled with China's implementation of monetary tightening measures and high inflation, pressured stock markets to end the reporting period with a decline. Several major natural disasters also negatively affected market sentiment, including the worst snowstorms in more than 50 years in the central and southern regions, a major earthquake in Sichuan province and rainstorms in the southern parts of the country. The economic impact from these calamities, however, did not derail China's robust engine.

China's economy grew a strong 10.6% year-over-year in the first quarter of 2008 despite slower export growth.(1) With inflation at relatively high levels, the central bank maintained a tightening policy throughout the reporting period. Foreign direct investment increased 45% to US\$52.4 billion in the first six months of the year compared with the same period in 2007, reflecting

foreign investors' confidence in China's future.(2) Politically, President Hu Jintao and Premier Wen Jiabao were re-elected for another five-year term by the National People's Congress in March.

Gross domestic product growth in Hong Kong accelerated to 7.1% year-over-year in the first quarter of 2008.(3) Strong domestic demand, especially private consumption, was a key driver of growth. Unemployment remained low at 3.3%, while inflation rose to 6.1% year-over-year in June.(3)

Taiwan outperformed its regional counterparts on expectations that its incoming president would be able to form closer economic ties with mainland China. President Ma Ying-Jeou's plans included relaxing investment restrictions in the mainland for Taiwanese companies and normalizing cross-strait relations with China. Taiwan and China concluded their first official talks since 1999 in June and resumed direct charter flights between Taipei and Beijing.

INVESTMENT STRATEGY

Our investment strategy employs a fundamental, value-oriented, long-term approach. In selecting companies for investment, we will consider overall growth prospects, competitive positions in export markets, technologies, research and development, productivity, labor costs, raw material costs and sources. Additional considerations include profit margins, returns on investment, capital resources, government regulation, management and other factors in comparison to other companies around the world that we believe are comparable.

Our approach to selecting investments emphasizes fundamental company-by-company analysis (rather than broader analyses of specific industries or sectors of the economy), to construct an "action list" from which we make our buy decisions. Although we will consider historical value measures, the primary factor in selecting securities for investment by the Fund will be the company's current price relative to its long-term earnings potential.

MANAGER'S DISCUSSION

For the six months under review, the Fund's investments in the energy, telecommunication services and capital goods sectors had a negative impact on

absolute performance, as regional stocks in these sectors experienced substantial corrections.(4) The most significant detractors were Sinopec (China Petroleum and Chemical), the country's largest integrated energy company, China Mobile, China's dominant mobile services provider, and PetroChina, the country's largest oil and gas company in terms of reserves. Over the longer term, however, we believed the Fund's investments in these sectors were well positioned to benefit from developments in the region.

On the other hand, top contributors to Fund performance included Dairy Farm International Holdings, which operates supermarkets, hypermarkets (department store and supermarket) as well as convenience, home furnishing and health and beauty stores in Asia, Cheung Kong Infrastructure, a diversified infrastructure company in Hong Kong, and TSMC (Taiwan Semiconductor Manufacturing), the world's biggest independent integrated circuit foundry. Our investments in the food and staples retailing industry also had a positive impact on Fund returns.

During the reporting period, we increased the Fund's investments in Hong Kong and Shenzhen B shares based on what we considered attractive valuations.(5) We also made purchases in semiconductors, automobile manufacturing, and packaged foods and meats companies.(6) Key buys included the aforementioned TSMC, Shin Zu Shing, Taiwan's largest hinge manufacturer, and Hopewell Holdings, a major conglomerate in Hong Kong with interests in infrastructure, property, hospitality and construction.

(4.) The energy sector comprises oil, gas and consumable fuels in the SOI. The telecommunication services sector comprises diversified telecommunication services and wireless telecommunication services in the SOI. The capital goods sector comprises electrical equipment, industrial conglomerates and machinery in the SOI.

(5.) "Shenzhen B" denotes shares of China-incorporated, Shenzhen-listed companies that are traded in Hong Kong dollars.

(6.) The semiconductors industry is part of semiconductors and semiconductor equipment in the SOI. The automobile manufacturing industry is part of automobiles in the SOI. The packaged foods and meats industry is part of food products in the SOI.

4 | Semiannual Report

Conversely, we made select sales in Hong Kong-listed China H and Red Chip shares as well as in Taiwan to focus on stocks we considered relatively more attractively valued within our investment universe.(7) We sold some positions as stocks reached sale price targets. As a result, the Fund's exposure to electrical components and equipment, diversified banking, and telecommunication services companies was reduced.(8) Major sales included China Telecom, the country's leading integrated telecommunication services provider, Phoenixtec Power, a leading uninterruptible power supply (UPS) systems designer and manufacturer in Taiwan, and China Mobile. In addition, we reduced the Fund's holding in China Construction Bank and added to Bank of China due to what we considered attractive valuations in the banks sector.

Thank you for your continued participation in Templeton Dragon Fund. We look forward to serving your future investment needs.

Sincerely,

Templeton Dragon Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Templeton Dragon Fund, Inc. (Fund) is registered under the Investment Company Act of 1940, as amended, (1940 Act) as a non-diversified, closed-end investment company.

The following summarizes the Fund's significant accounting policies.

A. SECURITY VALUATION

Securities listed on a securities exchange or on the NASDAQ National Market System are valued at the last quoted sale price or the official closing price of the day, respectively. Over-the-counter securities and listed securities for which there is no reported sale are valued within the range of the most recent quoted bid and ask prices. Securities that trade in multiple markets or on multiple exchanges are valued according to the broadest and most representative market. Investments in open-end mutual funds are valued at the closing net asset value.

Foreign securities are valued as of the close of trading on the foreign stock exchange on which the security is primarily traded, or the NYSE, whichever is earlier. If no sale is reported at that time, the foreign security will be valued within the range of the most recent quoted bid and ask prices. The value is then converted into its U.S. dollar equivalent at the foreign exchange rate in effect at the close of the NYSE on the day that the value of the foreign security is determined.

The Fund has procedures to determine the fair value of individual securities and other assets for which market prices are not readily available or which may not be reliably priced. Methods for valuing these securities may include: fundamental analysis, matrix pricing, discounts from market prices of similar securities, or discounts applied due to the nature and duration of restrictions on the disposition of the securities. Due to the inherent uncertainty of valuations of such securities, the fair values may differ significantly from the values that would have been used had a ready market for such investments existed. Occasionally, events occur between the time at which trading in a security is completed and the close of the NYSE that might call into question the availability (including the reliability) of the value of a portfolio security held by the Fund. The investment manager monitors price movements following the close of trading in foreign stock markets through a series of country specific market proxies (such as baskets of American Depository Receipts, futures contracts and exchange traded funds). These price movements are measured against established trigger thresholds for each specific market proxy to assist in determining if an event has occurred. If such an event occurs, the securities may be valued using fair value procedures, which may include the use of independent pricing services. All security valuation procedures are approved by the Fund's Board of Directors.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED) (CONTINUED)

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. FOREIGN CURRENCY TRANSLATION

Portfolio securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollars based on the exchange rate of such currencies against U.S. dollars on the date of valuation. Purchases and sales of securities, income and expense items denominated in foreign currencies are translated into U.S. dollars at the exchange rate in effect on the transaction date. Occasionally, events may impact the availability or reliability of foreign exchange rates used to convert the U.S. dollar equivalent value. If such an event occurs, the foreign exchange rate will be valued at fair value using procedures established and approved by the Fund's Board of Directors.

The Fund does not separately report the effect of changes in foreign exchange rates from changes in market prices on securities held. Such changes are included in net realized and unrealized gain or loss from investments on the Statement of Operations.

Realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions and the difference between the recorded amounts of dividends, interest, and foreign withholding taxes and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in foreign exchange rates on foreign denominated assets and liabilities other than investments in securities held at the end of the reporting period.

C. SECURITIES PURCHASED ON A WHEN-ISSUED OR DELAYED DELIVERY BASIS

The Fund may purchase securities on a when-issued or delayed delivery basis, with payment and delivery scheduled for a future date. These transactions are subject to market fluctuations and are subject to the risk that the value at delivery may be more or less than the trade date purchase price. Although the Fund will generally purchase these securities with the intention of holding the securities, it may sell the securities before the settlement date. Sufficient assets have been segregated for these securities.

D. FOREIGN CURRENCY CONTRACTS

When the Fund purchases or sells foreign securities it may enter into foreign exchange contracts to minimize foreign exchange risk from the trade date to the settlement date of the transactions. A foreign exchange contract is an agreement between two parties to exchange different currencies at an agreed upon exchange rate at a future date. Realized and unrealized gains and losses on these contracts are included in the Statement of Operations.

The risks of these contracts include movement in the values of the foreign currencies relative to the U.S. dollar and the possible inability of the counterparties to fulfill their obligations under the contracts, which may be in excess of the amount reflected in the Statement of Assets and Liabilities.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED) (CONTINUED)

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. INCOME TAXES

No provision has been made for U.S. income taxes because it is the Fund's policy to qualify as a regulated investment company under the Internal Revenue Code and to distribute to shareholders substantially all of its taxable income and net realized gains.

Foreign securities held by the Fund may be subject to foreign taxation on dividend and interest income received. Foreign taxes, if any, are recorded based on the tax regulations and rates that exist in the foreign markets in which the Fund invests.

The Fund has reviewed the tax positions, taken on federal income tax returns, for each of the three open tax years and as of June 30, 2008, and has determined that no provision for income tax is required in the Fund's financial statements.

F. SECURITY TRANSACTIONS, INVESTMENT INCOME, EXPENSES AND DISTRIBUTIONS

Security transactions are accounted for on trade date. Realized gains and losses on security transactions are determined on a specific identification basis. Interest income and estimated expenses are accrued daily. Dividend income is recorded on the ex-dividend date except that certain dividends from foreign securities are recognized as soon as the Fund is notified of the ex-dividend

date. Distributions to shareholders are recorded on the ex-dividend date and are determined according to income tax regulations (tax basis). Distributable earnings determined on a tax basis may differ from earnings recorded in accordance with accounting principles generally accepted in the United States of America. These differences may be permanent or temporary. Permanent differences are reclassified among capital accounts to reflect their tax character. These reclassifications have no impact on net assets or the results of operations. Temporary differences are not reclassified, as they may reverse in subsequent periods.

G. ACCOUNTING ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

H. GUARANTEES AND INDEMNIFICATIONS

Under the Fund's organizational documents, its officers and directors are indemnified by the Fund against certain liabilities arising out of the performance of their duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. Currently, the Fund expects the risk of loss to be remote.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED) (CONTINUED)

2. CAPITAL STOCK

At June 30, 2008, there were 100 million shares authorized (\$0.01 par value). Transactions in the Fund's shares were as follows:

<TABLE>
<CAPTION>

	SIX MONTHS ENDED JUNE 30, 2008		YEAR ENDED DECEMBER 31, 2007

The Fund's Board of Directors previously authorized an open-market share repurchase program pursuant to which the Fund may purchase, from time to time, Fund shares in open-market transactions, at the discretion of management. This authorization remains in effect. During the period ended June 30, 2008 and the year ended December 31, 2007, there were no share repurchases.

3. TRANSACTIONS WITH AFFILIATES

Franklin Resources, Inc. is the holding company for various subsidiaries that together are referred to as Franklin Templeton Investments. Certain officers and directors of the Fund are also officers and/or directors of the following subsidiaries:

1.050%	Over \$15 billion, up to and including \$20 billion
1.000%	In excess of \$20 billion

B. ADMINISTRATIVE FEES

The Fund pays an administrative fee to FT Services of 0.15% per year of the average weekly net assets, of which 0.10% is paid to Nomura Asset Management U.S.A. Inc., for sub-administrative services.

Templeton Dragon Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED) (CONTINUED)

4. EXPENSE OFFSET ARRANGEMENT

The Fund has entered into an arrangement with its custodian whereby credits realized as a result of uninvested cash balances are used to reduce a portion of the Fund's custodian expenses. During the period ended June 30, 2008, the custodian fees were reduced as noted in the Statement of Operations.

5. INCOME TAXES

For tax purposes, realized currency losses occurring subsequent to October 31, may be deferred and treated as occurring on the first day of the following fiscal year. At December 31, 2007, the Fund deferred realized currency losses of \$59,705.

At June 30, 2008, the cost of investments and net unrealized appreciation (depreciation) for income tax purposes were as follows:

<TABLE>	<S>	<C>
Cost of investments.....	\$551,648,674	-----
Unrealized appreciation.....	\$571,353,296	
Unrealized depreciation.....	(38,529,747)	-----
Net unrealized appreciation (depreciation)...	\$532,823,549	=====

Net investment income (loss) differs for financial statement and tax purposes primarily due to differing treatments of foreign currency transactions.

Net realized gains (losses) differ for financial statement and tax purposes primarily due to differing treatments of wash sales and foreign currency transactions.

6. INVESTMENT TRANSACTIONS

Purchases and sales of investments (excluding short term securities) for the period ended June 30, 2008, aggregated \$36,622,278 and \$56,653,516, respectively.

7. INVESTMENTS IN FRANKLIN INSTITUTIONAL FIDUCIARY TRUST MONEY MARKET PORTFOLIO

The Fund may invest in the Franklin Institutional Fiduciary Trust Money Market Portfolio (Sweep Money Fund), an open-end investment company managed by Franklin Advisers, Inc. (an affiliate of the investment manager). Management fees paid by the Fund are reduced on assets invested in the Sweep Money Fund, in an amount not to exceed the management and administrative fees paid by the Sweep Money Fund.

Templeton Dragon Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED) (CONTINUED)

8. CONCENTRATION OF RISK

Investing in foreign securities may include certain risks and considerations not typically associated with investing in U.S. securities, such as fluctuating currency values and changing local and regional economic, political and social conditions, which may result in greater market volatility. In addition, certain foreign securities may not be as liquid as U.S. securities.

9. REORGANIZATION TO A DELAWARE STATUTORY TRUST

On May 29, 2002, the Board of Directors approved an Agreement and Plan of Reorganization (Agreement) whereby the Fund would be reorganized and its domicile changed from a Maryland corporation to a Delaware statutory trust. The completion of the reorganization is pending guidance from the National Tax Agency in Japan relating to the tax treatment of the Plan under Japanese laws with respect to the Fund's Japanese shareholders. If and when the reorganization is completed, the Delaware statutory trust will be the successor to the Fund.

10. FAIR VALUE MEASUREMENTS

The Fund adopted Financial Accounting Standards Board (FASB) issued FASB Statement No. 157, "Fair Value Measurement" (SFAS 157), on January 1, 2008. SFAS 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The Fund has determined that the implementation of SFAS 157 did not have a material impact on the Fund's financial statements.

SFAS 157 establishes a fair value hierarchy that distinguishes between market data obtained from independent sources (observable inputs) and the Fund's own market assumptions (unobservable inputs). These inputs are used in determining the value of the Fund's investments and are summarized in the following fair value hierarchy:

- Level 1 - quoted prices in active markets for identical securities
- Level 2 - other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speed, credit risk, etc.)
- Level 3 - significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

As of June 30, 2008, all of the Funds' investments in securities carried at fair value were in Level 1 inputs.

11. NEW ACCOUNTING PRONOUNCEMENTS

In March 2008, FASB issued FASB Statement No. 161, "Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133" (SFAS 161), which expands disclosures about derivative investments and hedging activities. SFAS 161 is effective for fiscal years beginning after November 15, 2008, and interim periods within those fiscal years. The Fund is currently evaluating the impact, if any, of applying the various provisions of SFAS 161.

Templeton Dragon Fund, Inc.

DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN

The Fund offers a Dividend Reinvestment and Cash Purchase Plan (the "Plan") with the following features:

If shares of the Fund are held in the shareholder's name, the shareholder will automatically be a participant in the Plan, unless he elects to withdraw. Shareholders holding their shares through Japan Securities Depository Center, Inc., will not be enrolled in the Plan unless certain conditions are met and they elect to participate. If shares are registered in the name of a broker-dealer or other nominee (i.e., in "street name"), the broker-dealer or nominee will elect to participate in the Plan on the shareholder's behalf unless the shareholder instructs them otherwise, or unless the reinvestment service is not provided by the broker-dealer or nominee.

Participants should contact BNY Mellon Shareowner Services, P.O. Box 358035, Pittsburgh, PA 15252-8035, to receive the Plan brochure.

To receive dividends or distributions in cash, the shareholder must notify Mellon Bank, N.A. (the "Plan Administrator") at the address above or the institution in whose name the shares are held. The Plan Administrator must receive written notice within 10 business days before the record date for a distribution.

Whenever the Fund declares dividends in either cash or common stock of the Fund, if the market price is equal to or exceeds net asset value at the valuation date, the participant will receive the dividends entirely in stock at a price equal to the net asset value, but not less than 95% of the then current market price of the Fund's shares. If the market price is lower than net asset value or if dividends and/or capital gains distributions are payable only in cash, the participant will receive shares purchased on the New York Stock Exchange or

otherwise on the open market.

A participant has the option of submitting additional payments to the Plan Administrator, in any amounts of at least \$100, up to a maximum of \$5,000 per month, for the purchase of Fund shares for his or her account. These payments shall be made by check or money order payable to "Mellon Bank, N.A." and sent to BNY Mellon Shareowner Services, P.O. Box 382009, Pittsburgh, PA 15250-8009, Attention: Templeton Dragon Fund, Inc. The Plan Administrator shall apply such payments (less a \$5.00 service charge and less a pro rata share of trading fees) to purchases of the Fund's shares on the open market.

Whenever shares are purchased on the New York Stock Exchange or otherwise on the open market, each participant will pay a pro rata portion of trading fees. Trading fees will be deducted from amounts to be invested.

The automatic reinvestment of dividends and/or capital gains does not relieve the participant of any income tax which may be payable on dividends or distributions.

BOARD REVIEW OF INVESTMENT MANAGEMENT AGREEMENT

At a meeting held February 25, 2008, the Board of Directors (Board), including a majority of non-interested or independent Directors, approved renewal of the investment management agreement for Templeton Dragon Fund, Inc. (Fund). In reaching this decision, the Board took into account information furnished throughout the year at regular Board meetings, as well as information prepared specifically in connection with the annual renewal review process. Information furnished and discussed throughout the year included investment performance reports on the Fund, information on its share price discount to net asset value, and other related financial information, as well as periodic reports on legal, compliance, pricing, brokerage commissions and execution and other services provided by the Investment Manager (Manager) and its affiliates. Information furnished specifically in connection with the renewal process included a report prepared by Lipper, Inc. (Lipper), an independent organization, as well as a Fund profitability analysis report prepared by management. The Lipper report compared the Fund's investment performance and expenses with those of other funds deemed comparable to the Fund as selected by Lipper. The Fund profitability analysis report discussed the profitability to Franklin Templeton Investments from its overall U.S. fund operations, as well as on an individual fund-by-fund basis. Included with such profitability analysis report was information on a fund-by-fund basis listing portfolio managers and other accounts they manage, as well as information on management fees charged by the Manager and its affiliates including management's explanation of differences where relevant, and a three-year expense analysis with an explanation for any increase in expense ratios. Additional material accompanying such report was a memorandum prepared by management describing project initiatives and capital investments relating to the services provided to the Fund by the Franklin Templeton Investments organization, as well as a memorandum relating to economies of scale.

In considering such materials, the independent Directors received assistance and advice from and met separately with independent counsel. In approving continuance of the investment management agreement for the Fund, the Board, including a majority of independent Directors, determined that the existing management fee structure was fair and reasonable and that continuance of the investment management agreement was in the best interests of the Fund and its shareholders. While attention was given to all information furnished, the following discusses some primary factors relevant to the Board's decision.

NATURE, EXTENT AND QUALITY OF SERVICE. The Board was satisfied with the nature and quality of the overall services provided by the Manager and its affiliates to the Fund and its shareholders. In addition to investment performance and expenses discussed later, the Board's opinion was based, in part, upon periodic reports furnished them showing that the investment policies and restrictions for the Fund were consistently complied with as well as other reports periodically furnished the Board covering matters such as the compliance of portfolio managers and other management personnel with the code of ethics adopted throughout the Franklin Templeton fund complex, the adherence to fair value pricing procedures established by the Board, and the accuracy of net asset value calculations. Favorable consideration was given to management's continuous efforts and expenditures in establishing back-up systems and recovery

procedures to function in the event of a natural disaster, it being noted that such systems and procedures had functioned smoothly during the Florida hurricanes and blackouts experienced in recent years. Among other factors taken into account by the Board were the Manager's best execution trading policies, including a favorable report by an independent portfolio trading analytical firm. Consideration was also given to the experience of the Fund's portfolio management team, the number of accounts managed and general method of compensation. In this latter respect, the Board noted that a primary factor in

management's determination of the level of a portfolio manager's bonus compensation was the relative investment performance of the funds he or she managed and that a portion of such bonus was required to be invested in a predesignated list of funds within such person's fund management area so as to be aligned with the interests of Fund shareholders.

INVESTMENT PERFORMANCE. The Board placed significant emphasis on the investment performance of the Fund in view of its importance to shareholders. While consideration was given to performance reports and discussions with portfolio managers at Board meetings during the year, particular attention in assessing performance was given to the Lipper report furnished for the agreement renewal. The Lipper report prepared for the Fund showed its investment performance during 2007 and the previous 10 years ended December 31, 2007, in comparison with a four-fund performance universe consisting of the Fund and all other non-leveraged closed-end Pacific region funds as selected by Lipper. Such report considers total return on a net asset value basis without regard to market discounts or premiums to accurately reflect investment performance. The Lipper report showed the Fund's total return for 2007 was the highest in such Lipper performance universe, and its total return on an annualized basis was also the highest in such universe during each of the previous three-, five- and 10-year periods. The Board was satisfied with such performance.

COMPARATIVE EXPENSES. Consideration was given to a Lipper report analysis of the management fees and total expense ratios of the Fund compared with those of a group of seven other funds selected by Lipper as its appropriate Lipper expense group. Prior to making such comparison, the Board relied upon a survey showing that the scope of services covered under the Fund's investment management agreement was similar to those provided by fund managers to other fund groups. In reviewing comparative costs, emphasis was given to the Fund's contractual investment management fee rate in comparison with the contractual investment management fee rate that would have been charged by other funds within its Lipper expense group assuming they were similar in size to the Fund, as well as the actual total expense ratio of the Fund in comparison with those of such expense group. The Lipper management effective fee analysis considers administrative fees to be part of management fees and the results of such expense comparisons showed the Fund's contractual investment management fee rate to be the highest in its Lipper expense group, but that the Fund's actual total expense rate was within nine basis points of the median for such expense group. The Board found such expenses to be acceptable in light of the Fund's investment performance and the quality and experience of the Fund's portfolio managers and research staff.

BOARD REVIEW OF INVESTMENT MANAGEMENT AGREEMENT (CONTINUED)

MANAGEMENT PROFITABILITY. The Board also considered the level of profits realized by the Manager and its affiliates in connection with the operation of the Fund. In this respect, the Board reviewed the Fund profitability analysis that addresses the overall profitability of Franklin Templeton's U.S. fund business, as well as its profits in providing management and other services to the Fund. Specific attention was given to the methodology followed in allocating costs to the Fund, it being recognized that allocation methodologies are inherently subjective and various allocation methodologies may each be reasonable while producing different results. In this respect, the Board noted that, while being continuously refined and reflecting changes in the Manager's own cost accounting, the cost allocation methodology was consistent with that followed in profitability report presentations made in prior years and that the Fund's independent registered public accounting firm had been engaged by the Manager to perform certain procedures on a biennial basis, specified and approved by the Manager and the Fund's Board solely for their purposes and use in reference to the profitability analysis. In reviewing and discussing such analysis, management discussed with the Board its belief that costs incurred in establishing the infrastructure necessary for the type of fund operations conducted by the Manager and its affiliates may not be fully reflected in the expenses allocated to the Fund in determining its profitability, as well as the fact that the level of profits, to a certain extent, reflected operational cost savings and efficiencies initiated by management. In addition, the Board considered a third-party study comparing the profitability of the Manager's parent on an overall basis as compared to other publicly held managers broken down to show profitability from management operations exclusive of distribution expenses, as well as profitability including distribution expenses. The Board also considered the extent to which the Manager and its affiliates might derive ancillary benefits from fund operations, as well as potential benefits resulting from allocation of fund brokerage and the use of "soft" commission dollars to pay for research. Based upon its consideration of all these factors, the Board determined that the level of profits realized by the Manager and its affiliates from providing services to the Fund was not excessive in view of the nature,

quality and extent of services provided.

ECONOMIES OF SCALE. The Board also considered whether the Manager realizes economies of scale as the Fund grows larger and the extent to which any such benefit is shared with the Fund and its shareholders. The Board believed that a Manager's ability to realize economies of scale and the sharing of such benefit is a more relevant consideration in the case of an open-end fund whose size increases as a result of the continuous sale of its shares. A closed-end investment company such as the Fund does not continuously offer shares, and growth following its initial public offering will primarily result from market appreciation, which benefits its shareholders. While believing economies of scale to be less of a factor in the context of a closed-end fund, the Board believes at some point an increase in size may lead to economies of scale that should be shared with the Fund and its shareholders and intends to monitor future growth of the Fund accordingly. The Board noted at the end of 2007 the Fund's net assets were slightly in excess of \$1.3 billion and that it had previously added a breakpoint to the Fund's investment advisory fee at the \$1 billion level.

PROXY VOTING POLICIES AND PROCEDURES

The Fund's investment manager has established Proxy Voting Policies and Procedures (Policies) that the Fund uses to determine how to vote proxies relating to portfolio securities. Shareholders may view the Fund's complete Policies online at franklintempleton.com. Alternatively, shareholders may request copies of the Policies free of charge by calling the Proxy Group collect at 1-954/527-7678 or by sending a written request to: Franklin Templeton Companies, LLC, 500 East Broward Boulevard, Suite 1500, Fort Lauderdale, FL 33394, Attention: Proxy Group. Copies of the Fund's proxy voting records are also made available online at franklintempleton.com and posted on the U.S. Securities and Exchange Commission's website at sec.gov and reflect the most recent 12-month period ended June 30.

QUARTERLY STATEMENT OF INVESTMENTS

The Fund files a complete statement of investments with the U.S. Securities and Exchange Commission for the first and third quarters for each fiscal year on Form N-Q. Shareholders may view the filed Form N-Q by visiting the Commission's website at sec.gov. The filed form may also be viewed and copied at the Commission's Public Reference Room in Washington, DC. Information regarding the operations of the Public Reference Room may be obtained by calling 1-800/SEC-0330.

CERTIFICATIONS

The Fund's Chief Executive Officer - Finance and Administration is required by the New York Stock Exchange's Listing Standards to file annually with the Exchange a certification that he is not aware of any violation by the Fund of the Exchange's Corporate Governance Standards applicable to the Fund. The Fund has filed such certification.

In addition, the Fund's Chief Executive Officer - Finance and Administration and Chief Financial Officer and Chief Accounting Officer are required by the rules of the U.S. Securities and Exchange Commission to provide certain certifications with respect to the Fund's Form N-CSR and Form N-CSRS (which include the Fund's annual and semiannual reports to shareholders) that are filed semiannually with the Commission. The Fund has filed such certifications with its Form N-CSR for the year ended December 31, 2007. Additionally, the Fund expects to file, on or about August 31, 2008, such certifications with its Form N-CSRS for the six months ended June 30, 2008.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

The board of directors of the Fund has delegated the authority to vote proxies related to the portfolio securities held by the Fund to the Fund's manager Templeton Asset Management Ltd. in accordance with the Proxy Voting Policies and Procedures (Policies) adopted by the manager.

The manager has delegated its administrative duties with respect to the voting of proxies to the Proxy Group within Franklin Templeton Companies, LLC (Proxy Group), an affiliate and wholly owned subsidiary of Franklin Resources, Inc. All proxies received by the Proxy Group will be voted based upon the manager's

instructions and/or policies.

To assist it in analyzing proxies, the manager subscribes to RiskMetrics Group (RiskMetrics), an unaffiliated third party corporate governance research service that provides in-depth analyses of shareholder meeting agendas, vote recommendations, recordkeeping and vote disclosure services. In addition, the manager subscribes to Glass, Lewis & Co., LLC (Glass Lewis), an unaffiliated third party analytical research firm, to receive analyses and vote recommendations on the shareholder meetings of publicly held U.S. companies. Although RiskMetrics' and/or Glass Lewis' analyses are thoroughly reviewed and considered in making a final voting decision, the manager does not consider recommendations from RiskMetrics, Glass Lewis or any other third party to be determinative of the manager's ultimate decision. The manager votes proxies solely in the interests of the Fund and its shareholders. As a matter of policy, the officers, directors/trustees and employees of the Fund, the manager and the Proxy Group will not be influenced by outside sources whose interests conflict with the interests of the Fund and its shareholders. Efforts are made to resolve all conflicts in the interests of the manager's clients. Material conflicts of interest are identified by the Proxy Group based upon analyses of client, broker and vendor lists, information periodically gathered from directors and officers, and information derived from other sources, including public filings. In situations where a material conflict of interest is identified, the Proxy Group may defer to the voting recommendation of RiskMetrics, Glass Lewis or those of another independent third party provider of proxy services; or send the proxy directly to the Fund with a recommendation regarding the vote for approval. If the conflict is not resolved by the Fund, the Proxy Group may refer the matter, along with the recommended course of action by the manager to an interdepartmental Proxy Review Committee (which may include portfolio managers and/or research analysts employed by the manager), for evaluation and voting instructions. The Proxy Review Committee may defer to the voting recommendation of RiskMetrics, Glass Lewis or those of another independent third party provider of proxy services; or send the proxy directly to the Fund. Where the Proxy Group or the Proxy Review Committee refers a matter to the Fund, it may rely upon the instructions of a representative of the Fund, such as the board of directors or a committee of the board.

Where a material conflict of interest has been identified, but the items on which the manager's vote recommendations differ from Glass Lewis, RiskMetrics, or another independent third party provider of proxy services relate specifically to (1) shareholder proposals regarding social or environmental issues or political contributions, (2) "Other Business" without describing the matters that might be considered, or (3) items the manager wishes to vote in opposition to the recommendations of an issuer's management, the Proxy Group may defer to the vote recommendations of the manager rather than sending the proxy directly to the Fund for approval.

To avoid certain potential conflicts of interest, the manager will employ echo voting, if possible, in the following instances: (1) when the Fund invests in an underlying fund in reliance on Sections 12(d)(1) of the 1940 Act, or pursuant to an SEC exemptive order; (2) when the Fund invests uninvested cash in affiliated money market funds pursuant to an SEC exemptive order ("cash sweep arrangement"); or (3) when required pursuant to the Fund's governing documents or applicable law. Echo voting means that the Investment Manager will vote the shares in the same proportion as the vote of all of the other holders of the fund's shares.

The recommendation of management on any issue is a factor which the manager considers in determining how proxies should be voted, but is not determinative of the manager's ultimate decision. As a matter of practice, the votes with respect to most issues are cast in accordance with the position of the company's management. Each issue, however, is considered on its own merits, and the manager will not support the position of the company's management in any situation where it deems that the ratification of management's position would adversely affect the investment merits of owning that company's shares.

Manager's proxy voting policies and principles The manager has adopted general proxy voting guidelines, which are summarized below. These guidelines are not an exhaustive list of all the issues that may arise and the manager cannot anticipate all future situations. In all cases, each proxy will be considered based on the relevant facts and circumstances.

Board of directors. The manager supports an independent board of directors, and prefers that key committees such as audit, nominating, and compensation committees be comprised of independent directors. The manager will generally vote against management efforts to classify a board and will generally support proposals to declassify the board of directors. The manager may withhold votes from directors who have attended less than 75% of meetings without a valid reason. While generally in favor of separating Chairman and CEO positions, the manager will review this issue as well as proposals to restore or provide for cumulative voting on a case-by-case basis, taking into consideration factors such as the company's corporate governance guidelines or provisions and performance.

Ratification of auditors of portfolio companies. In light of several high

profile accounting scandals, the manager will closely scrutinize the role and performance of auditors. On a case-by-case basis, the manager will examine proposals relating to non-audit relationships and non-audit fees. The manager will also consider, on a case-by-case basis, proposals to rotate auditors, and will vote against the ratification of auditors when there is clear and compelling evidence of accounting irregularities or negligence.

Management and director compensation. A company's equity-based compensation plan should be in alignment with its shareholders' long-term interests. The manager believes that executive compensation should be directly linked to the performance of the company. The manager evaluates plans on a case-by-case basis by considering several factors to determine whether the plan is fair and reasonable, including the RiskMetrics quantitative model utilized to assess such plans and/or the Glass Lewis evaluation of the plans. The manager will generally oppose plans that have the potential to be excessively dilutive, and will almost always oppose plans that are structured to allow the repricing of underwater options, or plans that have an automatic share replenishment "evergreen" feature. The manager will generally support employee stock option plans in which the purchase price is at least 85% of fair market value, and when potential dilution is 10% or less.

Severance compensation arrangements will be reviewed on a case-by-case basis, although the manager will generally oppose "golden parachutes" that are considered to be excessive. The manager will normally support proposals that require a percentage of directors' compensation to be in the form of common stock, as it aligns their interests with those of shareholders. The manager will review on a case-by-case basis any shareholder proposals to adopt policies on expensing stock option plans.

Anti-takeover mechanisms and related issues. The manager generally opposes anti-takeover measures since they tend to reduce shareholder rights. On occasion, the manager may vote with management when the research analyst has concluded that the proposal is not onerous and would not harm the Fund or its shareholders' interests. The manager generally supports proposals that require shareholder rights' plans ("poison pills") to be subject to a shareholder vote and will closely evaluate such plans on a case-by-case basis to determine whether or not they warrant support. The manager will generally vote against any proposal to issue stock that has unequal or subordinate voting rights. The manager generally opposes any supermajority voting requirements as well as the payment of "greenmail." The manager generally supports "fair price" provisions and confidential voting.

Changes to capital structure. The manager will review, on a case-by-case basis, proposals by companies to increase authorized shares and the purpose for the increase and proposals seeking preemptive rights. The manager will generally not vote in favor of dual-class capital structures to increase the number of authorized shares where that class of stock would have superior voting rights. The manager will generally vote in favor of the issuance of preferred stock in cases where the company specifies the voting, dividend, conversion and other rights of such stock and the terms of the preferred stock issuance are deemed reasonable.

Mergers and corporate restructuring. Mergers and acquisitions will be subject to careful review by the research analyst to determine whether each will be beneficial to shareholders. The manager will analyze various economic and strategic factors in making the final decision on a merger or acquisition. Corporate restructuring and reincorporation proposals are also subject to a thorough examination on a case-by-case basis.

Social and corporate policy issues. The manager will generally give management discretion with regard to social, environmental and ethical issues, although the manager may vote in favor of those that are believed to have significant economic benefits or implications for the Fund and its shareholders.

Global corporate governance. Many of the tenets discussed above are applied to proxy voting decisions for international companies. However, the manager must be more flexible in these instances and must be mindful of the varied market practices of each region.

The manager will attempt to process every proxy it receives for all domestic and foreign issuers. However, there may be situations in which the manager cannot process proxies, for example, where a meeting notice was received too late, or sell orders preclude the ability to vote. If a security is on loan, the manager may determine that it is not in the best interests of the Fund to recall the security for voting purposes. Also, the manager may abstain from voting under certain circumstances or vote against items such as "Other Business" when the manager is not given adequate information from the company.

(a) Evaluation of Disclosure Controls and Procedures. The Registrant maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Registrant's filings under the Securities Exchange Act of 1934 and the Investment Company Act of 1940 is recorded, processed, summarized and reported within the periods specified in the rules and forms of the Securities and Exchange Commission. Such information is accumulated and communicated to the Registrant's management, including its principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. The Registrant's management, including the principal executive officer and the principal financial officer, recognizes that any set of controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

Within 90 days prior to the filing date of this Shareholder Report on Form N-CSR, the Registrant had carried out an evaluation, under the supervision and with the participation of the Registrant's management, including the Registrant's principal executive officer and the Registrant's principal financial officer, of the effectiveness of the design and operation of the Registrant's disclosure controls and procedures. Based on such evaluation, the Registrant's principal executive officer and principal financial officer concluded that the Registrant's disclosure controls and procedures are effective.

(b) Changes in Internal Controls. There have been no significant changes in the Registrant's internal controls or in other factors that could significantly affect the internal controls subsequent to the date of their evaluation in connection with the preparation of this Shareholder Report on Form N-CSR.

CODE OF ETHICS FOR PRINCIPAL EXECUTIVES & SENIOR FINANCIAL OFFICERS

PROCEDURES Revised March 06, 2008

FRANKLIN TEMPLETON FUNDS
CODE OF ETHICS FOR PRINCIPAL EXECUTIVE AND
SENIOR FINANCIAL OFFICERS

I. Covered Officers and Purpose of the Code

This code of ethics (the "Code") applies to the Principal Executive Officers, Principal Financial Officer and Principal Accounting Officer (the "Covered Officers," each of whom is set forth in Exhibit A) of each investment company advised by a Franklin Resources subsidiary and that is registered with the United States Securities & Exchange Commission ("SEC") (collectively, "FT Funds") for the purpose of promoting:

- o Honest and ethical conduct, including the ethical resolution of actual or apparent conflicts of interest between personal and professional relationships;
- o Full, fair, accurate, timely and understandable disclosure in reports and documents that a registrant files with, or submits to, the SEC and in other public communications made by or on behalf of the FT Funds;
- o Compliance with applicable laws and governmental rules and regulations;
- o The prompt internal reporting of violations of the Code to an appropriate person or persons identified in the Code; and
- o Accountability for adherence to the Code.

Each Covered Officer will be expected to adhere to a high standard of business ethics and must be sensitive to situations that may give rise to actual as well as apparent conflicts of interest.

II. Other Policies and Procedures

This Code shall be the sole code of ethics adopted by the Funds for purposes of Section 406 of the Sarbanes-Oxley Act and the rules and forms applicable to registered investment companies thereunder.

Franklin Resources, Inc. has separately adopted the CODE OF ETHICS AND BUSINESS CONDUCT ("Business Conduct"), which is applicable to all officers, directors and employees of Franklin Resources, Inc., including Covered Officers. It summarizes the values, principles and business practices that guide the employee's business conduct and also provides a set of basic principles to guide officers, directors and employees regarding the minimum ethical requirements expected of them. It supplements the values, principles and business conduct identified in the Code and other existing employee policies.

Additionally, the Franklin Templeton Funds have separately adopted the CODE OF ETHICS AND POLICY STATEMENT ON INSIDER TRADING governing personal securities trading and other related matters. The Code for Insider Trading provides for separate requirements that apply to the Covered Officers and others, and therefore is not part of this Code.

Insofar as other policies or procedures of Franklin Resources, Inc., the Funds, the Funds' adviser, principal underwriter, or other service providers govern or purport to govern the behavior or activities of the Covered Officers who are subject to this Code, they are superceded by this Code to the extent that they overlap or conflict with the provisions of this Code. Please review these other documents or consult with the Legal Department if have questions regarding the applicability of these policies to you.

III. Covered Officers Should Handle Ethically Actual and Apparent Conflicts of Interest

OVERVIEW. A "conflict of interest" occurs when a Covered Officer's private interest interferes with the interests of, or his or her service to, the FT Funds. For example, a conflict of interest would arise if a Covered Officer, or a member of his family, receives improper personal benefits as a result of opposition with the FT Funds.

Certain conflicts of interest arise out of the relationships between Covered Officers and the FT Funds and already are subject to conflict of interest provisions in the Investment Company Act of 1940 ("Investment Company Act") and the Investment Advisers Act of 1940 ("Investment Advisers Act"). For example, Covered Officers may not individually engage in certain transactions (such as the purchase or sale of securities or other property) with the FT Funds because of their status as "affiliated persons" of the FT Funds. The FT Funds' and the investment advisers' compliance programs and procedures are designed to prevent, or identify and correct, violations of these provisions. This Code does not, and is not intended to, repeat or replace these programs and procedures, and such conflicts fall outside of the parameters of this Code.

Although typically not presenting an opportunity for improper personal benefit, conflicts arise from, or as a result of, the contractual relationship

between the FT Funds, the investment advisers and the fund administrator of which the Covered Officers are also officers or employees. As a result, this Code recognizes that the Covered Officers will, in the normal course of their duties (whether formally for the FT Funds, for the adviser, the administrator, or for all three), be involved in establishing policies and implementing decisions that will have different effects on the adviser, administrator and the FT Funds. The participation of the Covered Officers in such activities is inherent in the contractual relationship between the FT Funds, the adviser, and the administrator and is consistent with the performance by the Covered Officers of their duties as officers of the FT Funds. Thus, if performed in conformity with the provisions of the Investment Company Act and the Investment Advisers Act, such activities will be deemed to have been handled ethically. In addition, it is recognized by the FT Funds' Boards of Directors ("Boards") that the Covered Officers may also be officers or employees of one or more other investment companies covered by this or other codes.

Other conflicts of interest are covered by the Code, even if such conflicts of interest are not subject to provisions in the Investment Company Act and the Investment Advisers Act. The following list provides examples of conflicts of interest under the Code, but Covered Officers should keep in mind that these examples are not exhaustive. The overarching principle is that the personal interest of a Covered Officer should not be placed improperly before the interest of the FT Funds.

Each Covered Officer must:

- o Not use his or her personal influence or personal relationships improperly to influence investment decisions or financial reporting by the FT Funds whereby the Covered Officer would benefit personally to the detriment of the FT Funds;
- o Not cause the FT Funds to take action, or fail to take action, for the individual personal benefit of the Covered Officer rather than the benefit the FT Funds;
- o Not retaliate against any other Covered Officer or any employee of the FT Funds or their affiliated persons for reports of potential violations that are made in good faith;
- o Report at least annually the following affiliations or other relationships: / 1
 - o all directorships for public companies and all companies that are required to file reports with the SEC;
 - o any direct or indirect business relationship with any independent directors of the FT Funds;
 - o any direct or indirect business relationship with any independent public accounting firm (which are not related to the routine issues related to the firm's service as the Covered Persons accountant); and
 - o any direct or indirect interest in any transaction with any FT Fund that will benefit the officer (not including benefits derived from

the advisory, sub-advisory, distribution or service agreements with affiliates of Franklin Resources).

These reports will be reviewed by the Legal Department for compliance with the Code.

There are some conflict of interest situations that should always be approved in writing by Franklin Resources General Counsel or Deputy General Counsel, if material. Examples of these include/2:

- o Service as a director on the board of any public or private Company;
- o The receipt of any gifts in excess of \$100 from any person, from any corporation or association
- o The receipt of any entertainment from any Company with which the FT Funds has current or prospective business dealings unless such entertainment is business related, reasonable in cost, appropriate as to time and place, and not so frequent as to raise any question of impropriety. Notwithstanding the foregoing, the Covered Officers must obtain prior approval from the Franklin Resources General Counsel for any entertainment with a value in excess of \$1000.
- o Any ownership interest in, or any consulting or employment relationship with, any of the FT Fund's service providers, other than an investment adviser, principal underwriter, administrator or any affiliated person thereof;
- o A direct or indirect financial interest in commissions, transaction charges or spreads paid by the FT Funds for effecting portfolio transactions or for selling or redeeming shares other than an interest arising from the Covered Officer's employment, such as compensation or equity ownership.

Franklin Resources General Counsel or Deputy General Counsel will provide a report to the FT Funds Audit Committee of any approvals granted at the next regularly scheduled meeting.

IV. Disclosure and Compliance

- o Each Covered Officer should familiarize himself with the disclosure requirements generally applicable to the FT Funds;
- o Each Covered Officer should not knowingly misrepresent, or cause others to misrepresent, facts about the FT Funds to others, whether within or outside the FT Funds, including to the FT Funds' directors and auditors, and to governmental regulators and self-regulatory organizations;
- o Each Covered Officer should, to the extent appropriate within his or her area of responsibility, consult with other officers and employees of the FT Funds, the FT Fund's adviser and the administrator with the goal of

promoting full, fair, accurate, timely and understandable disclosure in the reports and documents the FT Funds file with, or submit to, the SEC and in other public communications made by the FT Funds; and

- o It is the responsibility of each Covered Officer to promote compliance with the standards and restrictions imposed by applicable laws, rules and regulations.

V. Reporting and Accountability

Each Covered Officer must:

- o Upon becoming a covered officer affirm in writing to the Board that he or she has received, read, and understands the Code (see Exhibit B);
- o Annually thereafter affirm to the Board that he has complied with the requirements of the Code; and
- o Notify Franklin Resources' General Counsel or Deputy General Counsel promptly if he or she knows of any violation of this Code. Failure to do so is itself a violation of this Code.

Franklin Resources' General Counsel and Deputy General Counsel are responsible for applying this Code to specific situations in which questions are presented under it and have the authority to interpret this Code in any particular situation.^{/3} However, the Independent Directors of the respective FT Funds will consider any approvals or waivers^{/4} sought by any Chief Executive Officers of the Funds.

The FT Funds will follow these procedures in investigating and enforcing this Code:

- o Franklin Resources General Counsel or Deputy General Counsel will take all appropriate action to investigate any potential violations reported to the Legal Department;
- o If, after such investigation, the General Counsel or Deputy General Counsel believes that no violation has occurred, The General Counsel is not required to take any further action;
- o Any matter that the General Counsel or Deputy General Counsel believes is a violation will be reported to the Independent Directors of the appropriate FT Fund;
- o If the Independent Directors concur that a violation has occurred, it will inform and make a recommendation to the Board of the appropriate FT Fund or Funds, which will consider appropriate action, which may include review of, and appropriate modifications to, applicable policies and procedures; notification to appropriate personnel of the investment adviser or its board; or a recommendation to dismiss the Covered Officer;

- o The Independent Directors will be responsible for granting waivers, as appropriate; and
- o Any changes to or waivers of this Code will, to the extent required, be disclosed as provided by SEC rules./5

VI. Other Policies and Procedures

This Code shall be the sole code of ethics adopted by the FT Funds for purposes of Section 406 of the Sarbanes-Oxley Act and the rules and forms applicable to registered investment companies thereunder. Insofar as other policies or procedures of the FT Funds, the FT Funds' advisers, principal underwriter, or other service providers govern or purport to govern the behavior or activities of the Covered Officers who are subject to this Code, they are superseded by this Code to the extent that they overlap or conflict with the provisions of this Code. The FT Code of Ethics and Policy Statement On Insider Trading, adopted by the FT Funds, FT investment advisers and FT Fund's principal underwriter pursuant to Rule 17j-1 under the Investment Company Act, the Code of Ethics and Business Conduct and more detailed policies and procedures set forth in FT's Employee Handbook are separate requirements applying to the Covered Officers and others, and are not part of this Code.

VII. Amendments

Any amendments to this Code, other than amendments to Exhibit A, must be approved or ratified by a majority vote of the FT Funds' Board including a majority of independent directors.

VIII. Confidentiality

All reports and records prepared or maintained pursuant to this Code will be considered confidential and shall be maintained and protected accordingly. Except as otherwise required by law or this Code, such matters shall not be disclosed to anyone other than the FT Funds' Board and their counsel.

IX. Internal Use

The Code is intended solely for the internal use by the FT Funds and does not constitute an admission, by or on behalf of any FT Funds, as to any fact, circumstance, or legal conclusion.

X. Disclosure on Form N-CSR

Item 2 of Form N-CSR requires a registered management investment company to disclose annually whether, as of the end of the period covered by the report, it has adopted a code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these officers are employed by the registrant or a third party. If the registrant has not adopted such a code of ethics, it must explain why it has not done so.

The registrant must also: (1) file with the SEC a copy of the code as an exhibit to its annual report; (2) post the text of the code on its Internet website and disclose, in its most recent report on Form N-CSR, its Internet address and the fact that it has posted the code on its Internet website; or (3) undertake in its most recent report on Form N-CSR to provide to any person without charge, upon request, a copy of the code and explain the manner in which such request may be made. Disclosure is also required of amendments to, or waivers (including implicit waivers) from, a provision of the code in the registrant's annual report on Form N-CSR or on its website. If the registrant intends to satisfy the requirement to disclose amendments and waivers by posting such information on its website, it will be required to disclose its Internet address and this intention.

The Legal Department shall be responsible for ensuring that:

- o a copy of the Code is filed with the SEC as an exhibit to each Fund's annual report; and
- o any amendments to, or waivers (including implicit waivers) from, a provision of the Code is disclosed in the registrant's annual report on Form N-CSR.

In the event that the foregoing disclosure is omitted or is determined to be incorrect, the Legal Department shall promptly file such information with the SEC as an amendment to Form N-CSR.

In such an event, the Fund Chief Compliance Officer shall review the Code and propose such changes to the Code as are necessary or appropriate to prevent reoccurrences.

LOCATION:

CERTIFICATION FOR
YEAR ENDING:

TO: Franklin Resources General Counsel, Legal Department

I hereby acknowledge receipt of a copy of Franklin Templeton Fund's code of ethics for Principal Executive Officers and Senior Financial Officers (the "Code") that I have read and understand. I will comply fully with all provisions of the Code to the extent they apply to me during the period of my employment. I further understand and acknowledge that any violation of the Code may subject me to disciplinary action, including termination of employment.

Signature

Date signed

1. Reporting of these affiliations or other relationships shall be made by completing the annual Directors and Officers Questionnaire and returning the questionnaire to Franklin Resources Inc, General Counsel or Deputy General Counsel.

2. Any activity or relationship that would present a conflict for a Covered Officer may also present a conflict for the Covered Officer if a member of the Covered Officer's immediate family engages in such an activity or has such a relationship. The Cover Person should also obtain written approval by FT's General Counsel in such situations.

3. Franklin Resources General Counsel and Deputy General Counsel are authorized

to consult, as appropriate, with members of the Audit Committee, counsel to the FT Funds and counsel to the Independent Directors, and are encouraged to do so.

4. Item 2 of Form N-CSR defines "waiver" as "the approval by the registrant of a material departure from a provision of the code of ethics" and "implicit waiver," which must also be disclosed, as "the registrant's failure to take action within a reasonable period of time regarding a material departure from a provision of the code of ethics that has been made known to an executive officer" of the registrant. See Part X.

5. See Part X.

I, Galen G. Vetter, certify that:

1. I have reviewed this report on Form N-CSR of TEMPLETON DRAGON FUND, INC.;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations, changes in net assets, and cash flows (if the financial statements are required to include a statement of cash flows) of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940) and internal control over financial reporting (as defined in Rule 30a-3(d) under the Investment Company Act of 1940) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of a date within 90 days prior to the filing date of this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed to the registrant's auditors and the audit committee of the registrant's board of

directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize, and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
