**3) Vision and Vision New York Prospectuses**

The AZL Fusion Conservative Fund and the AZL Balanced Index Strategy Fund are part of Investment Protector Investment Option Group X.

**4) Connections and Vision Prospectuses**

In the Appendix – The Lifetime Benefits – Example of the Highest Annual Increase under the Lifetime Plus II Benefit, the 4<sup>th</sup> bullet point has been revised as follows:

- On each Contract Anniversary, we will automatically generate a new “reset” Enhanced 5% Annual Increase if twice the Contract Value is greater than the most recently established Enhanced 10-Year Value, plus all Purchase Payments received within the previous ten Contract Years (not including Purchase Payments received within 90 days of the Issue Date).

The 8<sup>th</sup> bullet point has been revised as follows:

- On the second Contract Anniversary, an automatic reset occurs and we establish the second reset Enhanced 5% Annual Increase because twice the Contract Value (\$324,000) is greater than both the initial Enhanced 10-Year Value (\$250,000) and the amount of the third additional Purchase Payment and the first reset Enhanced 10-Year Value (\$308,000 = \$258,000 + \$50,000). The second reset Enhanced 5% Annual Increase will equal the Contract Value (\$162,000) and the second reset Enhanced 10-Year Value will be twice the Contract Value (\$324,000).
