(2) Have all other periodic reports required under section 13 or 15(d) of the Securities and Exchange Act of 1934 or section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If the answer is no, identify report(s).

Yes No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

The Registrant anticipates that there will be significant changes in the operating results for the quarter ended March 31, 2013 as compared to the operating results from the corresponding period of the prior year. During 2012, the Registrant purchased certain assets pursuant to a purchase agreement and in connection therewith incurred significant legal and accounting expenses related to the transaction and its reporting obligations as a public company, which expenses have been ongoing. In addition, subsequent to the acquisition, the Registrant began to incur other operating and general and administrative expenses in furtherance of its business plan. Accordingly, it is anticipated that the net loss for the quarter ended March 31, 2013 will exceed the net loss for the period ended March 31, 2012 by an estimated \$40,000. It should be noted that, since certain adjustments have not been finalized, this estimate of the change in operating results could change significantly.
