ECOLAND INTERNATIONAL, INC.
(Formerly Guano Distributors, Inc.)
(A Development Stage Company)
Notes to the Consolidated Financial Statements

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization of Business

The Company began operations on April 15, 2005 as Guano Distributors, Pty. The Company was then incorporated in the State of Nevada on June 24, 2005 as Guano Distributors, Inc. The Company changed its name to Ecoland International, Inc on June 24, 2006. In May 2006, the Company amended its Articles of Incorporation to increase the authorized common stock to 500,000,000 shares and 50,000,000 of “blank check” preferred shares. In May 2005 the Company acquired certain distribution rights from Sociaf, LDA an Angolan company, pertaining to Dry Bar Cave Bat Guano.

The Company is currently in the process of formulating business and strategic plans to process, package and market the guano worldwide from the deposits in Angola.

The Company has not achieved significant revenues and is a development stage company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reporting amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the periods. Management makes these estimates using the best information available at the time the estimates are made; however, actual results could differ materially from these estimates.

Fair Value of Financial Instruments

Fair value estimates are based upon certain market assumptions and pertinent information available to management as of August 31, 2008. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values. These financial instruments include cash. Fair values were assumed to approximate carrying values for cash and payables because they are short term in nature and their carrying amounts approximate fair values or they are payable on demand.

Cash equivalents

The Company maintains a cash balance in a non-interest-bearing account that currently does not exceed federally insured limits. For the purpose of the statements of cash flows, all highly liquid investments with an original maturity of three months or less are considered to be cash equivalents.

Property and Equipment

Property and equipment are stated at cost, net of accumulated depreciation. Depreciation is provided primarily by the straight-line method over the estimated useful lives of the related assets of five years.

ECOLAND INTERNATIONAL, INC.
(Formerly Guano Distributors, Inc.)
(A Development Stage Company)
Notes to the Consolidated Financial Statements

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Income Per Share

SFAS No. 128, Earnings per Share, requires dual presentation of basic and diluted earnings or loss per share (“EPS”) for all entities with complex capital structures and requires a reconciliation of the numerator and denominator of the basic EPS computation to the numerator and denominator of the diluted EPS computation. Basic EPS excludes dilution; diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the earnings of the entity.

Basic loss per share is computed by dividing net loss applicable to common shareholders by the weighted average number of common shares outstanding during the period. Diluted loss per share reflects the potential dilution that could occur if dilutive securities and other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the earnings of the Company, unless the effect is to reduce a loss or increase earnings per share. The Company had no potential common stock instruments which would result in a diluted loss per share. Therefore, diluted loss per share is equivalent to basic loss per share.

Revenue recognition

Revenue from product sales is recognized when shipped, FOB shipping point and accepted by the customer without right of return. Shipping and handling charges billed to customers are included in net sales, and shipping and handling costs incurred by the Company are included in cost of goods sold.

Advertising

The Company has incurred no advertising costs since inception. At such time the Company commences advertising activities, such costs will be expensed as incurred.

NOTE 2 - GOING CONCERN

The Company’s financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent upon the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management’s plans to obtain such resources for the Company include (1) financing current operations with funds obtained through equity offerings, and (2) planning and streamlining distribution operations with respect to the Company’s Angolan guano supply. However, management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

ECOLAND INTERNATIONAL, INC.
(Formerly Guano Distributors, Inc.)
(A Development Stage Company)
Notes to the Consolidated Financial Statements

NOTE 3 - NOTES PAYABLE

At August 31, 2008, the Company had notes payable totaling \$66,209. Included in this amount are four separate notes payable to unrelated entities. The notes are due on demand and accrue interest at a rate of 8.0 percent per annum.

NOTE 4 - NOTES PAYABLE - RELATED PARTIES

At August, 2008, the Company had notes payable to three related parties totaling \$100,000. These notes are payable to various officers and directors of the Company. Each note is due on demand and accrues interest at a rate of 8.0% per annum.

Item 2. Management's Discussion And Analysis Or Plan Of Operation.

Cautionary Statement Concerning Forward-Looking Statements

This report on Form 10-Q contains forward-looking statements, including, without limitation, statements concerning our possible or assumed future results of operations. These statements are preceded by, followed by or include the words “believes,” “could,” “expects,” “intends” “anticipates,” or similar expressions. Our actual results could differ materially from those anticipated in the forward-looking statements for many reasons including: our ability to continue as a going concern, adverse economic changes affecting markets we serve; competition in our markets and industry segments; our timing and the profitability of entering new markets; greater than expected costs, customer acceptance of wireless networks or difficulties related to our integration of the businesses we may acquire and other risks and uncertainties as may be detailed from time to time in our public announcements and SEC filings. Although we believe the expectations reflected in the forward-looking statements are reasonable, they relate only to events as of the date on which the statements are made, and our future results, levels of activity, performance or achievements may not meet these expectations. We do not intend to update any of the forward-looking statements after the date of this document to conform these statements to actual results or to changes in our expectations, except as required by law.

The discussion and financial statements contained herein are for the three months ended August 31, 2008 with the three months ended August 31, 2007. The following discussion should be read in conjunction with our financial statements and the notes thereto included herewith.

Three Months Period Ended August 31, 2008 as Compared to Three Months Ended August 31, 2007.

Results of Operations

Net Revenue

We did not generate any sales revenue during the three month period ended August 31, 2008, as compared to \$2,030 for the three month period ended August 31, 2007. Net revenues continue to fluctuate as Ecoland seeks to establish a customer base that can provide suitable volumes of business. To date we have concentrated on establishing the viability of the market for guano as a fertilizer and now seek to find distributors capable of handling a higher volume of sales. Revenue is also affected by seasonality, that is to say sales will differ between summer and winter in the target markets, the current period corresponded to winter in Southern Africa.

Cost of Sales

There were no cost of sales for the period three month period ended August 31, 2008. We incurred cost of sales of \$704 for the three month period ended August 31, 2007.

Gross Profit

The gross profit for the three month period ended August 31, 2008, was in line with revenue generation at zero. We generated gross profit of \$1,326 for the three month period ended August 31, 2007. The decrease in gross profit can be attributed to the lower level of sales in the current period.

General, Administrative and Selling Expenses

We incurred general and administrative costs of \$7,510 for the three month period ended August 31, 2008 as compared to \$25,056 for the three month period ended August 31, 2007. General and administrative expenses in the current period decreased significantly as we no

longer needed to incur significant professional charges arising from registering the sale of the shares of our common stock, which was achieved on December 21, 2007.

Net Income (Loss)

We had a loss before taxes of \$14,593 for the three month period ended August 31, 2008, as compared to a loss before taxes of \$31,666 for the three month period ended August 31, 2007. The loss before taxes in the period ending August 31, 2008 was impacted by an operating expense of \$7,847 and interest expense of \$6,746. The difference between the two quarters can be attributed to the lower level of professional fees incurred.

Basic and Diluted Income (Loss) Per Share

Our basic and diluted income (loss) per share for the three month period ended August 31, 2008 was \$(0.00), compared a loss per share of \$(0.00) during the corresponding period ended August 31, 2007.

Liquidity and Capital Resources

Our independent auditor has issued a “going concern” qualification as part of its opinion in the Audit Report for the year ended May 31, 2008. We do not currently have sufficient capital to meet our short-term cash requirements. We will continue to need to raise additional funds to conduct our business activities in the next twelve months. We owe approximately \$239,998 in current liabilities. Additionally, we estimate that we will need approximately \$1,000,000 to expand operations through the end of the fiscal years 2008/9. These operating costs include general and administrative expenses and the deployment of inventory. We have raised funds through the sale of our common stock, although no shares were sold during the three months ended August 31, 2008.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures.

See Item 4(T) below.

Item 4(T). Controls and Procedures.

The term disclosure controls and procedures means controls and other procedures of an issuer that are designed to ensure that information required to be disclosed by the issuer in the reports that it files or submits under the Exchange Act (15 U.S.C. 78a, *et seq.*) is recorded, processed, summarized and reported, within the time periods specified in the Commission’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer’s management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

The term internal control over financial reporting is defined as a process designed by, or under the supervision of, the issuer’s principal executive and principal financial officers, or persons performing similar functions, and effected by the issuer’s board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that:

- Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the issuer;

- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the issuer are being made only in accordance with authorizations of management and directors of the issuer; and
- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the issuer's assets that could have a material effect on the financial statements.

Our management, including our chief executive officer and chief financial officer, does not expect that our disclosure controls and procedures or our internal controls over financial reporting will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of inherent limitations in all control systems, internal control over financial reporting may not prevent or detect misstatements, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the registrant have been detected. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Evaluation of Disclosure and Controls and Procedures. Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rule 13a-15(f) under the Exchange Act. Our internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States. We carried out an evaluation, under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. The evaluation was undertaken in consultation with our accounting personnel. Based on that evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures are currently effective to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. As we develop new business or if we engage in an extraordinary transaction, we will review our disclosure controls and procedures and make sure that they remain adequate.

Changes in Internal Controls over Financial Reporting. There were no changes in the internal controls over our financial reporting that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

This report does not include an attestation report of the registrant's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the registrant's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the registrant to provide only management's report in this report.

CERTIFICATION OF CHIEF EXECUTIVE OFFICER**AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, David Wallace, certify that:

1. I have reviewed this Form 10-Q of Ecoland International, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods present in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13-a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principals;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involved management or other employees who have a significant role in the registrant's internal control over financial reporting.

Date: October 29, 2008.

/s/ David Wallace
David Wallace, Chief Executive Officer

CERTIFICATION OF CHIEF FINANCIAL OFFICER**AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, David Wallace, certify that:

1. I have reviewed this Form 10-Q of Ecoland International, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods present in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13-a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principals;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involved management or other employees who have a significant role in the registrant's internal control over financial reporting.

Date: October 29, 2008.
