ITEM 1. BUSINESS.

Forward Looking Statements

When used within this document, the words "expects," "believes,"
"anticipates," "should," "estimates," and similar expressions are intended to

identify "forward-looking statements" within the meaning of that term in Section 27A of the Securities Exchange Act of 1933, as amended, and in Section 21F of the Securities Exchange Act of 1934, as amended. Such forward-looking statements involve known and unknown risks, uncertainties, and other factors, which may cause the actual results and performance of the Partnership to be materially different from those expressed or implied in the forward looking statements. Such factors include the impact of competition from new and existing real estate facilities which could impact rents and occupancy levels at the real estate facilities that the Partnership has an interest in; the Partnership's ability to effectively compete in the markets that it does business in; the impact of the regulatory environment as well as national, state, and local laws and regulations including, without limitation, those governing Partnerships; and the impact of general economic conditions upon rental rates and occupancy levels at the real estate facilities that the Partnership has an interest in.

General

PS Partners V, Ltd. (the "Partnership") is a publicly held limited partnership under the California Revised Limited Partnership Act. Commencing in June 1985, 148,000 units of limited partnership interest (the "Units") were offered to the public in an interstate offering. The offering was completed in November 1985.

The Partnership was formed to invest in and operate existing self-service facilities offering storage space for personal and business use (the "mini-warehouses") and to invest up to 40% of the net proceeds of the offering in and operate existing office and industrial properties. The Partnership's real estate investments consist of wholly-owned facilities and an investment in a general partnership (SEI/PSP V Joint Ventures, the "Joint Venture") with Public Storage, Inc. ("PSI") (formerly known as "Storage Equities, Inc."), a real estate investment trust ("REIT") organized as a corporation under the laws of California

In 1995, there was a series of mergers among Public Storage Management, Inc. (which was the Partnership's mini-warehouse operator), Public Storage, Inc. and their affiliates (collectively, "PSMI"), culminating in the November 16, 1995 merger (the "PSMI Merger") of PSMI into Storage Equities, Inc. In the PSMI Merger, Storage Equities, Inc. was renamed Public Storage, Inc. and it acquired substantially all of PSMI's United States real estate operations and became the operator of the mini warehouses of the Partnership and the Joint Venture.

The Partnership's general partners (the "General Partners") are PSI and B. Wayne Hughes ("Hughes"). PSI became a co-general partner in September 1993, when PSI acquired the interest of PSI Associates, Inc. ("PSA"), an affiliate of PSMI, relating to PSA's general partner capital contribution in the Partnership. Hughes has been a general partner of the Partnership since its inception. Hughes is the chairman of the board and chief executive officer of PSI, and Hughes and members of his family (the "Hughes Family") are the major shareholders of PSI. The Partnership is managed, and its investment decisions are made by Hughes and the executive officers and directors of PSI. The limited partners of the Partnership have no right to participate in the management or conduct of its business affairs. PSI believes that it is the largest operator of mini-warehouse facilities in the United States.

Through 1996, the business parks of the Partnership and the Joint Venture were managed by Public Storage Commercial Properties Group, Inc. ("PSCPG") pursuant to a Management Agreement. In January 1997, the Partnership, Joint Venture, PSI and other related partnerships transferred a total of 35 business parks to PS Business Parks, L.P. ("PSBPLP"), formerly known as American Office Park Properties, L.P., an operating partnership formed to own and operate business parks in which PSI has a significant interest. Included among the properties transferred were the business parks of the Partnership and the Joint Venture in exchange for a partnership interest in PSBPLP. Until March 17, 1998, the general partner of PSBPLP was American Office Park Properties, Inc., an

affiliate of PSI. On March 17, 1998, American Office Park Properties, Inc. was merged into Public Storage Properties XI, Inc., which changed its name to PS Business Parks, Inc. ("PSBP"). PSBP is a REIT affiliated with PSI, and is publicly traded on the American Stock Exchange. As a result of the merger, PSBP became the general partner of PSBPLP (which changed its name from American Office Park Properties, L.P. to PS Business Parks, L.P.). See Item 13.

PSI's current relationship with the Partnership includes (i) the joint ownership of 32 of the Partnership's 33 properties (which excludes the property transferred to PSBPLP in January 1997), (ii) PSI is a co-general partner along with Hughes, who is chairman of the board and chief executive officer of PSI,

(iii) as of January 1, 1999, PSI owned approximately 61.39% of the Partnership's limited partnership units and (iv) PSI is the operator of the 33 properties in which the Partnership has an interest (these 33 properties are referred to collectively hereinafter as the "Mini-Warehouse Properties").

Investments in Facilities

The Partnership owns interests in 33 properties (excluding the properties transferred to PSBPLP in January 1997); 32 of such properties are owned by the Joint Venture. The Partnership purchased its last property in July, 1986. Reference is made to the table in Item 2 for a summary of information about the Partnership's properties.

The Partnership believes that its operating results have benefited from favorable industry trends and conditions. Notably, the level of new mini-warehouse construction has decreased since 1988 while consumer demand has increased. In addition, in recent years consolidation has occurred in the fragmented mini-warehouse industry.

Mini-warehouses

Mini-warehouses, which comprise the majority of the Partnership's investments, are designed to offer accessible storage space for personal and business use at a relatively low cost. A user rents a fully enclosed space which is for the user's exclusive use and to which only the user has access on an unrestricted basis during business hours. On-site operation is the responsibility of resident managers who are supervised by area managers. Some mini-warehouses also include rentable uncovered parking areas for vehicle storage. Leases for mini-warehouse space may be on a long-term or short-term basis, although typically spaces are rented on a month-to-month basis. Rental rates vary according to the location of the property and the size of the storage space.

Users of space in mini-warehouses include both individuals and large and small businesses. Individuals usually employ this space for storage of, among other things, furniture, household appliances, personal belongings, motor vehicles, boats, campers, motorcycles and other household goods. Businesses normally employ this space for storage of excess inventory, business records, seasonal goods, equipment and fixtures.

The Mini-Warehouse Properties generally consist of three to seven buildings containing an aggregate of between 235 to 1,469 storage spaces, most of which have between 25 and 400 square feet and an interior height of approximately 8 to 12 feet.

The Mini-Warehouse Properties experience minor seasonal fluctuations in the occupancy levels of mini-warehouses with occupancies higher in the summer months than in the winter months. The Partnership believes that these fluctuations result in part from increased moving activity during the summer.

The Mini-Warehouse Properties are geographically diversified and are generally located in heavily populated areas and close to concentrations of apartment complexes, single family residences and commercial developments. However, there may be circumstances in which it may be appropriate to own a property in a less populated area, for example, in an area that is highly visible from a major thoroughfare and close to, although not in, a heavily populated area. Moreover, in certain population centers, land costs and zoning restrictions may create a demand for space in nearby less populated areas.

As with most other types of real estate, the conversion of mini-warehouses to alternative uses in connection with a sale or otherwise would generally require substantial capital expenditures. However, the Partnership and the Joint Venture do not intend to convert the Mini-Warehouse Properties to other uses.

Business Parks

Through 1996, the Partnership and the Joint Venture owned and operated two business parks; one in San Diego, California and one in Culver City, California. These business parks were transferred to PSBPLP in January 1997 in exchange for a partnership interest in PSBPLP.

Investment Objectives and Policies

The Partnership's objectives are to (i) preserve and protect invested capital, (ii) maximize the potential for appreciation in value of its investments, (iii) provide Federal income tax deductions so that during the early years of property operations a portion of cash distributions may be treated as a return of capital for tax purposes, and therefore, may not represent taxable income to the limited partners, and (iv) provide for cash distributions from operations.

The Partnership will terminate on December 31, 2038 unless dissolved earlier. Under the terms of the general partnership agreement with PSI, PSI has the right to require the Partnership to sell all of the properties owned by the Joint Venture (see Item 12(c)).

The Partnership engaged Lawrence R. Nicholson, MAI, a principal with the firm of Nicholson-Douglas Realty Consultants, Inc. ("NDRC") to perform a limited investigation and appraisal of the properties owned by the Partnership and the Joint Venture. In a letter appraisal report dated December 31, 1996, NDRC indicated that, based on the assumptions contained in the report, the aggregate market value of the Mini-Warehouse Properties (consisting not only of the Partnership's interest but also including PSI's interest), as of November 30, 1996, was \$85,100,000. NDRC's report is limited in that NDRC did not inspect the properties and relied primarily upon the income capitalization approach in arriving at its opinion. NDRC's aggregate value conclusion represents the 100% property interests, and although not valued separately, includes both the interest of the Partnership in the properties, as well as the interest of PSI, which owns a joint venture interest (ranging from about 29% to 50%) in 32 of the Mini-Warehouse Properties. The analytical process that was undertaken in the appraisal included a review of the properties' unit mix, rental rates and historical financial statements. Following these reviews, a stabilized level of net operating income was projected for the Mini-Warehouse Properties (an aggregate of \$8,312,000. Value estimates were then made using both a direct capitalization analysis (\$86,600,000) and a discounted cash flow analysis (\$85,000,000). In applying the discounted cash flow analysis, projections of cash flow from each property were developed for an 11-year period ending in the year 2007. Growth rates for income and expenses were assumed to be 3.5% per year. NDRC then used a terminal capitalization rate of 10.0% to capitalize each property's 11th year net operating income into a residual value at the end of the holding period. The ten yearly cash flows plus the residual or reversionary proceeds net of sales costs were then discounted to present worth using a discount rate of 12.5%. In the direct capitalization analysis, NDRC applied a 9.5% capitalization rate to the mini-warehouses' stabilized net operating income. These value estimates were then compared to an estimated value (\$84,500,000) using a regression analysis applied to approximately 300 sales of mini-warehouses to evaluate the reasonableness of the estimates using the direct capitalization and discounted cash flow analysis.

NDRC has prepared other appraisals for the General Partners and their affiliates and is expected to continue to prepare appraisals for the General Partners and their affiliates. No environmental investigations were conducted with respect to the limited investigation of the Partnership's properties. Accordingly, NDRC's appraisal did not take into account any environmental cleanup or other costs that might be incurred in connection with a disposition of the properties. Although there can be no assurance, based on recently completed environmental investigations (see Item 2), the Partnership is not aware of any environmental contamination of its facilities material to its overall business or financial condition. In addition to assuming compliance with applicable environmental laws, the appraisal also assumed, among other things, compliance with applicable zoning and use regulations and the existence of required licenses.

4

Limited Partners should recognize that appraisals are opinions as of the date specified, are subject to certain assumptions and the appraised value of the Partnership's properties may not represent their true worth or realizable value. There can be no assurance that, if these properties were sold, they would be sold at the appraised values; the sales price might be higher or lower than the appraised values.

In August 1997, PSI completed a cash tender offer, which had commenced in June 1997, pursuant to which PSI acquired a total of 13,847 limited partnership units at \$355 per unit.

Operating Strategies

The Mini-Warehouse Properties are operated by PSI under the "Public Storage" name, which the Partnership believes is the most recognized name in the

mini-warehouse industry. The major elements of the Partnership's operating strategies are as follows:

- * Capitalize on Public Storage's name recognition. PSI, together with its predecessor, has more than 20 years of operating experience in the mini-warehouse business. PSI has informed the Partnership that it is the largest mini-warehouse facility operator in the United States in terms of both number of facilities and rentable space operated. PSI believes that its marketing and advertising programs improve its competitive position in the market. PSI's in-house Yellow Pages staff designs and places advertisements in approximately 700 directories. Commencing in early 1996, PSI began to experiment with a telephone reservation system designed to provide added customer service. Customers calling either PSI's toll-free referral system, (800) 44-STORE, or a mini-warehouse facility are directed to PSI's reservation system where a trained representative discusses with the customer space requirements, price and location preferences and also informs the customer of other products and services provided by PSI. As of December 31, 1998, the telephone reservation system was supporting rental activity at all of the Partnership's properties. PSI's toll-free telephone referral system services approximately 175,000 calls per month from potential customers inquiring as to the nearest Public Storage mini-warehouse.
- * Maintain high occupancy levels and increase realized rents. Subject to market conditions, the Partnership generally seeks to achieve average occupancy levels in excess of 90% and to eliminate promotions prior to increasing rental rates. The weighted average occupancy levels at the Mini-Warehouse Properties remained stable at 92% during 1998 and 1997. The monthly average realized rent per occupied square foot for the Mini-Warehouse Properties was \$.72 in 1998 compared to \$.69 in 1997. The Partnership has increased rental rates in many markets where it has achieved high occupancy levels and eliminated or minimized promotions.
- * Systems and controls. PSI has an organizational structure and a property operation system, "CHAMP" (Computerized Help and Management Program), which links its corporate office with each mini-warehouse. This enables PSI to obtain daily information from each mini-warehouse and to achieve efficiencies in operations and maintain control over its space inventory, rental rates, promotional discounts and delinquencies. Expense management is achieved through centralized payroll and accounts payable systems and a comprehensive property tax appeals department, and PSI has an extensive internal audit program designed to ensure proper handling of cash collections.
- * Professional property operation. In addition to the approximately 170 support personnel at the Public Storage corporate offices, there are approximately 2,700 on-site personnel who manage the day-to-day operations of the mini-warehouses in the Public Storage system. These on-site personnel are supervised by 120 district managers, 33 regional managers and 11 divisional managers who report to the president of the mini-warehouse property operator (who has 15 years of experience with the Public Storage organization). PSI carefully selects and extensively trains the operational and support personnel and offers them a progressive career path. See "Mini-warehouse Property Operator."

5

Mini-warehouse Property Operator

The Mini-Warehouse Properties are managed by PSI pursuant to a Management Agreement.

Under the supervision of the Partnership and the Joint Venture, PSI coordinates the operation of the facilities, establishes rental policies and rates, directs marketing activity and directs the purchase of equipment and supplies, maintenance activity, and the selection and engagement of all vendors, supplies and independent contractors.

PSI engages, at the expense of the property owners, employees for the operation of the owner's facilities, including resident managers, assistant managers, relief managers, and billing and maintenance personnel. Some or all of these employees may be employed on a part-time basis and may also be employed by other persons, partnerships, REITs or other entities owning facilities operated by PSI.

In the purchasing of services such as advertising (including broadcast media advertising) and insurance, PSI attempts to achieve economies by combining

the resources of the various facilities that it operates. Facilities operated by PSI have historically carried comprehensive insurance, including fire, earthquake, liability and extended coverage.

PSI has developed systems for space inventory, accounting and handling delinquent accounts, including a computerized network linking PSI operated facilities. Each project manager is furnished with detailed operating procedures and typically receives facilities management training from PSI. Form letters covering a variety of circumstances are also supplied to the project managers. A record of actions taken by the project managers when delinquencies occur is maintained.

The Mini-Warehouse Properties are typically advertised via signage, yellow pages, flyers and broadcast media advertising (television and radio) in geographic areas in which many of the facilities are located. Broadcast media and other advertising costs are charged to the facilities located in geographic areas affected by the advertising. From time to time, PSI adopts promotional programs, such as temporary rent reductions, in selected areas or for individual facilities.

For as long as the Management Agreement is in effect, PSI has granted the Partnership and the Joint Venture non-exclusive license to use two PSI service marks and related designs, including the "Public Storage" name, in conjunction with rental and operation of facilities managed pursuant to the Management Agreement. Upon termination of the Management Agreement, the Partnership and the Joint Venture would no longer have the right to use the service marks and related designs. The General Partners believe that the loss of the right to use the service marks and related designs could have a material adverse effect on the Partnership's business.

The Management Agreement with PSI provides that the Management Agreement may be terminated without cause upon 60 days written notice by either party.

Business Park Operator

Through 1996, the business parks of the Partnership and the Joint Venture were managed by PSCPG, now known as PS Business Parks, Inc., pursuant to a Management Agreement. In January 1997, these properties were transferred to PSBPLP in exchange for a partnership interest.

Competition

Competition in the market areas in which the Mini-Warehouse Properties operate is significant, and affects the occupancy levels, rental rates, and operating expenses of certain of the facilities. Competition may be accelerated by any increase in availability of funds for investment in real estate. Recent increases in plans for development of mini-warehouses are expected to further intensify competition among mini-warehouse operators in certain market areas. In addition to competition from mini-warehouses operated by PSI, there are three

6

other national firms and numerous regional and local operators. The Partnership believes that the significant operating and financial experience of PSI's executive officers and directors and the "Public Storage" name should enable the Partnership to continue to compete effectively with other entities.

Other Business Activities

A corporation owned by the Hughes Family reinsures policies against losses to goods stored by tenants in the Mini-Warehouse Properties. The Partnership believes that the availability of insurance reduces the potential liability of the Partnership and the Joint Venture to tenants for losses to their goods from theft or destruction. This corporation receives the premiums and bears the risks associated with the insurance.

A corporation, in which PSI had a 95% economic interest and the Hughes Family has a 5% economic interest, sells locks, boxes, and tape to tenants to be used in securing their spaces and moving their goods. PSI believes that the availability of locks, boxes, and tape for sale promotes the rental of spaces.

Employees

There are 111 persons who render services on behalf of the Partnership

and the Joint Venture. These persons include resident managers, assistant managers, relief managers, area managers, and administrative personnel. Some of these employees may be employed on a part-time basis and may also be employed by other persons, partnerships, REITs, or other entities owning facilities operated by PSI or PSBPLP.

The weighted average occupancy level for the Mini-Warehouse Properties remained stable at 92% during 1998 and 1997. The monthly average realized rent per square foot for the Mini-Warehouse Properties was \$.72 in 1998 compared to \$.69 in 1997.

Substantially all of the facilities were acquired prior to the time that it was customary to conduct environmental investigations in connection with property acquisitions. During the fourth quarter of 1995, an independent environmental consulting firm completed environmental assessments on the Mini-Warehouse Properties to evaluate the environmental condition of, and potential environmental liabilities of, such properties. Although there can be no assurance, the Partnership is not aware of any environmental contamination of any of its property sites which individually or in the aggregate would be material to the Partnership's overall business, financial condition, or results of operations.

ITEM 3. LEGAL PROCEEDINGS.

No material legal proceeding is pending against the Partnership or the Joint Venture.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

No matters were submitted to a vote of security holders during the fourth quarter of 1998.

PART II

ITEM 5. MARKET FOR THE PARTNERSHIP'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS.

The Partnership has no common stock.

The Units are not listed on any national securities exchange or quoted on the NASDAQ System, and there is no established public trading market for the Units. Secondary sales activity for the Units has been limited and sporadic. The General Partners monitor transfers of the Units (a) because the admission of the transferee as a substitute limited partner requires the consent of the General Partners under the Partnership's Amended and Restated Agreement of Limited Partnership, (b) in order to ensure compliance with safe harbor provisions to avoid treatment as a "publicly traded partnership" for tax purposes and (c) because PSI has purchased Units. However, the General Partners do not have information regarding the prices at which all secondary sale transactions in the Units have been effectuated. Various organizations offer to purchase and sell limited partnership interests (including securities of the type such as the Units) in secondary sales transactions. Various publications such as The Stanger Report summarize and report information (on a monthly, bimonthly or less frequent basis) regarding secondary sales transactions in limited partnership interests (including the Units), including the prices at which such secondary sales transactions are effectuated.

Exclusive of the General Partners' interest in the Partnership, as of December 31, 1998, there were approximately 2,685 record holders of Units.

The Partnership makes quarterly distributions of all "Cash Available for Distribution" and will make distributions of "Cash from Sales or Refinancing." Cash Available for Distribution is cash flow from all sources less cash necessary for any obligations or capital improvements or reserves.

Reference is made to Items 6 and 7 hereof for information on the amount of such distributions.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

FORWARD LOOKING STATEMENTS

When used within this document, the words "expects," "believes," "anticipates," "should," "estimates," and similar expressions are intended to identify "forward-looking statements" within the meaning of that term in Section 27A of the Securities Exchange Act of 1933, as amended, and in Section 21F of the Securities Exchange Act of 1934, as amended. Such forward-looking statements involve known and unknown risks, uncertainties, and other factors, which may cause the actual results and performance of the Partnership to be materially different from those expressed or implied in the forward looking statements. Such factors include the impact of competition from new and existing real estate facilities which could impact rents and occupancy levels at the real estate facilities that the Partnership has an interest in; the Partnership's ability to effectively compete in the markets that it does business in; the impact of the regulatory environment as well as national, state, and local laws and regulations including, without limitation, those governing Partnerships; and the impact of general economic conditions upon rental rates and occupancy levels at the real estate facilities that the Partnership has an interest in.

RESULTS OF OPERATIONS

YEAR ENDED DECEMBER 31, 1998 COMPARED TO YEAR ENDED DECEMBER 31, 1997:

The Partnership's net income was \$3,621,000 in 1998 compared to \$3,118,000 in 1997, representing an increase of \$503,000, or 16.1%. The increase is due primarily to the Partnership's share of an improvement in operations of the mini-warehouses in which the Partnership has an interest (the "Mini-Warehouse Properties") combined with an increase in interest income.

PROPERTY OPERATIONS: Rental income for the Partnership's wholly-owned property was \$324,000 in 1998 compared to \$328,000 during 1997, representing a decrease of \$4,000, or 1.2%. Cost of operations (including management fees) increased \$9,000, or 8.0%, to \$121,000 during 1998 from \$112,000 in 1997. Accordingly, for the Partnership's mini-warehouse operations, property net operating income decreased by \$13,000, or 6.0%, to \$203,000 in 1998 from \$216,000 in 1997.

EQUITY IN EARNINGS OF REAL ESTATE ENTITIES: Equity in earnings of real estate entities was \$3,494,000 in 1998 as compared to \$3,056,000 during 1997, representing an increase of \$438,000, or 14.3%. The increase was due primarily to the Partnership's share of improved operating results at the Joint Venture's mini-warehouse properties combined with the Partnership's share of increased operating results of PSBFLP.

YEAR ENDED DECEMBER 31, 1997 COMPARED TO YEAR ENDED DECEMBER 31, 1996:

The Partnership's net income was \$3,118,000 in 1997 compared to \$2,187,000 in 1996, representing an increase of \$931,000, or 42.6%. The increase is due primarily to the Partnership's share of an improvement in operations of the Mini-Warehouse Properties and a decrease in depreciation allocated to the Partnership with respect to the Joint Venture.

PROPERTY OPERATIONS: Rental income for the Partnership's wholly-owned property was \$328,000 in 1997 compared to \$319,000 during 1996, representing an increase of \$9,000, or 2.8%. Cost of operations (including management fees) decreased \$3,000, or 2.6%, to \$112,000 during 1997 from \$115,000 in 1996. Accordingly, for the Partnership's mini-warehouse operations, property net operating income increased by \$12,000, or 5.9%, to \$216,000 in 1997 from

\$204,000 in 1996.

As a result of contribution of the Partnership's business park to PSBPLP in January 1997 in exchange for operating partnership units, rental income and cost of operations, respectively, for the Partnership's business park was reduced to zero and zero, respectively, in 1997 from \$831,000 and \$510,000, respectively, in 1996.

13

EQUITY IN EARNINGS OF REAL ESTATE ENTITIES: Equity in earnings of real estate entities was \$3,056,000 in 1997 as compared to \$2,221,000 during 1996, representing an increase of \$835,000, or 37.6%. The increase was due primarily to the impact of the contribution of the business parks of the Partnership and the Joint Venture to PSBPLP in January 1997.

DEPRECIATION AND AMORTIZATION: Depreciation and amortization decreased \$472,000 from \$521,000 in 1996 to \$49,000 in 1997. This decrease was primarily attributable to the impact of the contribution of the Partnership's wholly-owned business park facility to PSBPLP, offset partially by additional depreciation on capital expenditures made during 1996 and 1997.

SUPPLEMENTAL PROPERTY DATA

During 1998 and 1997, a majority of the Partnership's net income was from the Partnership's share of the operating results of the Mini-Warehouse Properties. Therefore, in order to evaluate the Partnership's operating results, the General Partners analyze the operating performance of the Mini-Warehouse Properties.

YEAR ENDED DECEMBER 31, 1998 COMPARED TO THE YEAR ENDED DECEMBER 31, 1997: Rental income for the Mini-Warehouse Properties was \$14,256,000 in 1998 compared to \$13,595,000 during 1997, representing an increase of \$661,000, or 4.9%. The increase in rental income was primarily attributable to increased rental rates. The monthly average realized rent per square foot was \$.72 in 1998 compared to \$.69 in 1997. The weighted average occupancy levels remained stable at 92% during 1998 and 1997. Cost of operations (including management fees) increased \$334,000, or 6.8%, to \$5,273,000 during 1998 from \$4,939,000 in 1997. This increase was primarily attributable to increases in advertising, repairs and maintenance, property tax, and payroll expenses. Accordingly, for the Mini-Warehouse Properties, property net operating income increased by \$327,000, or 3.8%, from \$8,656,000 in 1997 to \$8,983,000 during 1998.

YEAR ENDED DECEMBER 31, 1997 COMPARED TO THE YEAR ENDED DECEMBER 31, 1996: Rental income for the Mini-Warehouse Properties was \$13,595,000 in 1997 compared to \$12,780,000 during 1996, representing an increase of \$815,000, or 6.4%. The increase in rental income was primarily attributable to increased rental rates, partially offset by decreased average occupancy levels. The monthly average realized rent per square foot was \$.69 in 1997 compared to \$.65 in 1996. The weighted average occupancy levels decreased from 93% in 1996 to 92% in 1997. Cost of operations (including management fees) increased \$204,000, or 4.3%, to \$4,939,000 during 1997 from \$4,735,000 in 1996. This increase was primarily attributable to increases in advertising, property tax, and management expenses. Accordingly, for the Mini-Warehouse Properties, property net operating income increased by \$611,000, or 7.6%, from \$8,045,000 in 1996 to \$8,656,000 during 1997.

LIQUIDITY AND CAPITAL RESOURCES

The Partnership has adequate sources of cash to finance its operations, both on a short-term and long-term basis, primarily by internally generated cash from property operations and distributions from Real Estate Entities, combined with cash on hand at December 31, 1998 of \$2,702,000.

Cash flow from operating activities and distributions from Real Estate Entities (\$5,703,000 for the year ended December 31, 1998) has been sufficient to meet all current obligations of the Partnership. Total capital improvements for the Partnership's wholly-owned properties were \$17,000, \$21,000, and \$201,000 in 1998, 1997, and 1996, respectively. During 1999, the Partnership anticipates approximately \$3,000 of capital improvements to the Partnership's wholly-owned property. During 1995, the Partnership's property manager commenced a program to enhance the visual appearance of the mini-warehouse facilities. Such enhancements include new signs, exterior color schemes, and improvements to the rental offices.

14

Total distributions paid to the General Partners and the limited partners (including per Unit amounts) for 1998 and prior years were as follows:

	Total	Per Unit
	-----	-----
1998	\$3,986,000	\$24.00
1997	3,987,000	24.00
1996	3,986,000	24.00
1995	4,986,000	30.02
1994	3,987,000	24.00
1993	3,256,000	19.60
1992	3,326,000	20.02
1991	4,224,000	25.43
1990	3,378,000	20.34
1989	4,983,000	30.00
1988	4,983,000	30.00
1987	4,671,000	28.12
1986	4,153,000	25.00
1985	1,192,000	8.22

The General Partners distributed, concurrent with distributions for the fourth quarter of 1991, a portion of the operating reserve of the Partnership, and adjusted the on-going distribution level. The operating reserve that was distributed was estimated at \$7.25 per Unit. The 1995 distribution includes a portion of the operating reserve of the Partnership estimated to be \$6.02 per Unit. Future distribution levels will be based on cash available for distributions (cash flow from all sources, less cash necessary for capital improvement needs and to establish reserves).

IMPACT OF YEAR 2000

The Partnership utilizes PSI's information systems in connection with a cost sharing and administrative services agreement. PSI has completed an assessment of all of its hardware and software applications to identify susceptibility to what is commonly referred to as the "Y2K Issue" whereby certain computer programs have been written using two digits rather than four to define the applicable year. Any of PSI's computer programs or hardware with the Y2K Issue that have date-sensitive applications or embedded chips may recognize a date using "00" as the year 1900 rather than the year 2000, resulting in miscalculations or system failure causing disruptions of operations.

PSI has two phases in its process with respect to each of its systems; i) assessment, whereby PSI evaluates whether the system is Y2K compliant and identifies the plan of action with respect to remediating any Y2K issues identified and ii) implementation, whereby PSI completes the plan of action prepared in the assessment phase and verifies that Y2K compliance has been achieved.

Many of PSI's critical applications, relative to the direct management of properties, have recently been replaced and PSI believes they are already Year 2000 compliant. PSI has an implementation in process on the remaining critical applications, including its general ledger and related systems, that are believed to have Y2K issues. PSI expects the implementation to be complete by June 1999. Contingency plans have been developed for use in case PSI's implementations are not completed on a timely basis. While PSI presently believes that the impact of the Y2K Issue on its systems can be mitigated, if PSI's plan for ensuring Year 2000 Compliance and the related contingency plans were to fail, be insufficient, or not be implemented on a timely basis, Partnership operations could be materially impacted.

Certain of PSI's other non-computer related systems that may be impacted by the Y2K Issue, such as security systems, are currently being evaluated, and PSI expects the evaluation to be complete by June 1999. PSI expects the implementation of any required solutions to be complete in advance of December 31, 1999. PSI has not fully evaluated the impact of lack of Year

2000 compliance on these systems, but has no reason to believe that lack of compliance would materially impact the Partnership's operations.

The Partnership exchanges electronic data with certain outside vendors in the banking and payroll processing areas. The Partnership has been advised by these vendors that their systems are or will be Year 2000 compliant, but has requested a Year 2000 compliance certification from these entities. The Partnership is not aware of any other vendors, suppliers, or other external agents with a Y2K Issue that would materially impact the Partnership's results

of operations, liquidity, or capital resources. However, the Partnership has no means of ensuring that external agents will be Year 2000 compliant, and there can be no assurance that the Partnership has identified all such external agents. The inability of external agents to complete their Year 2000 compliance process in a timely fashion could materially impact the Partnership. The effect of non-compliance by external agents is not determinable.

The cost of the PSI's year 2000 compliance activities (which primarily consists of the costs of new systems) to be allocated to the Partnership and the Joint Venture is estimated at approximately \$148,000. These costs are capitalized. PSI's year 2000 compliance efforts have not resulted in any significant deferrals in other information system projects.

The costs of the projects and the date on which PSI and the Partnership expect to achieve Year 2000 Compliance are based upon management's best estimates, and were derived utilizing numerous assumptions of future events. There can be no assurance that these estimates will be achieved, and actual results could differ materially from those anticipated. There can be no assurance that the Partnership or PSI has identified all potential Y2K Issues either within the Partnership, at PSI, or at external agents. In addition, the impact of the Y2K issue on governmental entities and utility providers and the resultant impact on the Partnership, as well as disruptions in the general economy, may be material but cannot be reasonably determined or quantified.

Section 16 (a) Beneficial Ownership Reporting Compliance

Based on a review of the reports filed under Section 16 (a) of the Securities Exchange Act of 1934 with respect to the Units that were submitted to the Partnership, the Partnership believes that with respect to the fiscal year ended December 31, 1998, B. Wayne Hughes, Jr. and Thomas J. Barrack, Jr., each of whom is a director of PSI, a General Partner of the Partnership, each filed his Initial Statement of Beneficial Ownership of Securities on Form 3 after its due date.

ITEM 11. EXECUTIVE COMPENSATION.

The Partnership has no subsidiaries, directors or officers. See Item 13 for a description of certain transactions between the Partnership and the General Partners and their affiliates.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT.

(a) At January 1, 1999, PSI beneficially owned more than 5% or more of the Units of the Partnership:

Title of Class	Name and Address of Beneficial Owner	Amount of Beneficial Ownership	Percent of Class
Units of Limited Partnership Interest	Public Storage, Inc. 701 Western Avenue Glendale, CA 91201-2394 (1)	90,859 Units (1)	61.39%

(1) These Units are held of record by SEI Arlington Acquisition Corporation, a wholly-owned subsidiary of PSI.

In August 1997, PSI completed a cash tender offer, which had commenced in June 1997, pursuant to which PSI acquired a total of 13,847 limited partnership units at \$355 per unit.

The Partnership is not aware of any other beneficial owners of more than 5% of the Units.

(b) The Partnership has no officers and directors.

The General Partners (or their predecessor-in-interest) have contributed \$747,000 to the capital of the Partnership representing 1% of the aggregate capital contributions and as a result participate in the distributions to the limited partners and in the Partnership's profits and losses in the same proportion that the general partners' capital contribution bears to the total capital contribution. Information regarding ownership of the Units by PSI, a General Partner, is set forth under section (a) above. The directors and executive officers of PSI, as a group, do not own any Units.

(c) The Partnership knows of no contractual arrangements, the operation of the terms of which may at a subsequent date result in a change in control of the Partnership, except for articles 16, 17 and 21.1 of the Partnership's Amended Certificate and Agreement of Limited Partnership, a copy of which is included in the Partnership's prospectus included in the Partnership's Registration Statement File No. 2-95773. Those articles provide, in substance, that the limited partners shall have the right, by majority vote, to remove a

general partner and that a general partner may designate a successor with the consent of the other general partner and a majority of the limited partners.

20

The Partnership owns interests in 33 properties (which exclude the properties transferred to PSBPLP in January 1997); 32 of such properties are held in a general partnership comprised of the Partnership and PSI. Under the terms of the partnership agreement relating to the ownership of the properties, PSI has the right to compel a sale of each property at any time after seven years from the date of acquisition at not less than its independently determined fair market value provided the Partnership receives its share of the net sales proceeds solely in cash. As of December 31, 1998, PSI has the right to require the Partnership to sell all of the Joint Venture's properties on these terms.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS.

The Partnership Agreement provides that the General Partners and their affiliates are entitled to the following compensation:

1. Incentive distributions equal to 10% of Cash Flow from Operations.
2. Provided the limited partners have received distributions equal to 100% of their investment plus a cumulative 8% per year (not compounded) on their investment (reduced by distributions other than from Cash Flow from Operations), subordinated incentive distributions equal to 15% of remaining Cash from Sales or Refinancings.
3. Provided the limited partners have received distributions equal to 100% of their capital contributions plus a cumulative 6% per year (not compounded) on their investment (reduced by distributions other than distributions from Cash Flow from Operations), brokerage commissions at the lesser of 3% of the sales price of a property or 50% of a competitive commission.

During 1998, approximately \$399,000 was paid to PSI with respect to items 1, 2, and 3 above. The Partnership owns interests in 33 properties (which exclude the properties transferred to PSBPLP in January 1997); 32 of such properties are held in a general partnership comprised of the Partnership and PSI.

The Partnership and the Joint Venture have a Management Agreement with PSI pursuant to which the Partnership and the Joint Venture pay PSI a fee of 6% of the gross revenues of the mini-warehouse spaces operated for the Partnership and the Joint Venture. During 1998, the Partnership and the Joint Venture paid fees of \$855,000 to PSI pursuant to the Management Agreement.

Through 1996, the Partnership and Joint Venture's business parks were managed by a predecessor of PSBPLP pursuant to a Management Agreement which provides for the payment of a fee by the Partnership and Joint Venture of 5% of the gross revenues of the commercial space operated for the Partnership and the Joint Venture. In January 1997, the Partnership, the Joint Venture and PSI and other related partnerships transferred a total of 35 business parks to PSBPLP, an operating partnership formed to own and operate business parks in which PSI has a significant interest. Included among the properties transferred were the Partnership's and Joint Venture's business parks in exchange for a partnership interest in PSBPLP. The general partner of PSBPLP is PS Business Parks, Inc., a REIT traded on the American Stock Exchange.

PS PARTNERS V, Ltd.,
 a California Limited Partnership
 NOTES TO FINANCIAL STATEMENTS
 December 31, 1998

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PARTNERSHIP MATTERS

Description of Partnership

PS Partners V, Ltd., a California Limited Partnership (the "Partnership") was formed with the proceeds of an interstate public offering. PSI Associates II, Inc. ("PSA"), an affiliate of Public Storage Management, Inc., organized the Partnership along with B. Wayne Hughes ("Hughes"). In September 1993, Storage Equities, Inc., now known as Public Storage, Inc. ("PSI"), a California corporation, acquired the interest of PSA relating to its general partner capital contribution in the Partnership and was substituted as a co-general partner in place of PSA.

In 1995, there was a series of mergers among Public Storage Management, Inc. (which was the Partnership's mini-warehouse operator), Public Storage, Inc. and their affiliates (collectively, "PSMI"), culminating in the November 16, 1995 merger (the "PSMI Merger") of PSMI into Storage Equities, Inc. In the PSMI Merger, Storage Equities, Inc. was renamed Public Storage, Inc. and it acquired substantially all of PSMI's United States real estate operations and became the operator of the mini-warehouse properties in which the Partnership has an interest.

The Partnership has invested in existing mini-warehouse storage facilities which offer self-service storage spaces for lease, usually on a month-to-month basis, to the general public and, to a lesser extent, in existing business park facilities which offer industrial and office space for lease.

The Partnership has ownership interests in 33 properties in 14 states (collectively referred to as the "Mini-Warehouse Properties"), which exclude two properties transferred to PS Business Parks, L.P. ("PSBPLP") in January 1997. 32 of the properties are owned by SEI/PSP V Joint Ventures (the "Joint Venture"), a general partnership between the Partnership and PSI. The Partnership is the managing general partner of the Joint Venture, with ownership interests in the individual properties of the Joint Venture ranging from 50% to 70.6%.

As used hereinafter, the Joint Venture and PSBPLP are referred to as the "Real Estate Entities."

Basis of Presentation

The financial statements include the accounts of the Partnership. The accounts of the Joint Venture, which the Partnership does not control, are not consolidated with the Partnership and the Partnership's interest in the Joint Venture is accounted for on the equity method.

The Partnership does not control the Joint Venture because PSI has significant control rights with respect to the management of the properties, including the right to compel the sale of each property in the Joint Venture and the right to require the Partnership to submit operating budgets.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PARTNERSHIP MATTERS
 (CONTINUED)

Under the terms of the general partnership agreement of the Joint Venture all depreciation and amortization with respect to each property is allocated solely to the Partnership until the limited partners recover their initial capital contribution. Thereafter, all depreciation and amortization is allocated solely to PSI until it recovers its initial capital contribution. All remaining depreciation and amortization is allocated to the Partnership and PSI in proportion

to their ownership percentages.

Under the terms of the partnership agreements, for property acquisitions in which PSI issued convertible securities to the sellers for its interest, PSI's rights to receive cash flow distributions from the partnerships for any year after the first year of operation are subordinated to cash distributions to the Partnership equal to a cumulative annual 7% of its cash investment (not compounded). These agreements also specify that upon sale or refinancing of a property for more than its original purchase price, distribution of proceeds to PSI is subordinated to the return to the Partnership of the amount of its cash investment and the 7% distribution described above.

Depreciation and amortization

The Partnership and the Joint Venture depreciate the buildings and equipment on a straight-line method over estimated useful lives of 25 and 5 years, respectively. Leasing commissions relating to business park properties are expensed when incurred.

Revenue Recognition

Property rents are recognized as earned.

Allocation of Net Income

The General Partners' share of net income consists of an amount attributable to their 1% capital contribution and an additional percentage of cash flow (as defined, see Note 4) which relates to the General Partners' share of cash distributions as set forth in the Partnership Agreement. All remaining net income is allocated to the limited partners.

Per Unit Data

Per unit data is based on the number of limited partnership units (148,000) outstanding during the year.

F-8

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PARTNERSHIP MATTERS
(CONTINUED)

Environmental Cost

Substantially all of the real estate facilities in which the Partnership has an interest were acquired prior to the time that it was customary to conduct extensive environmental investigations in connection with the property acquisitions. During the fourth quarter of 1995, an independent environmental consulting firm completed environmental assessments on the Partnership's and the Joint Venture's properties to evaluate the environmental condition of, and potential environmental liabilities of such properties. Although there can be no assurance, the Partnership is not aware of any environmental contamination of the Mini-Warehouse Properties which individually or in the aggregate would be material to the Partnership's overall business, financial condition, or results of operations.

Segment Reporting

Effective January 1, 1998, the Partnership adopted SFAS No. 131, "Disclosure about Segments of an Enterprise and Related Information." SFAS No. 131 established standards for the way public business enterprises report information about operating segments in annual financial statements and requires that those enterprises report selected information about operating segments in interim financial reports. SFAS No. 131 also establishes standards for related disclosures about products and services, geographic areas and major customers. The Partnership only has one reportable segment as defined within SFAS No. 131, therefore the adoption of SFAS No. 131 had no effect on the Partnership's disclosures.

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash Distributions

The Partnership Agreement provides for quarterly distributions of cash flow from operations (as defined). Cash distributions per unit has remained at \$24.00 per year during 1998, 1997, and 1996.

Cash and Cash Equivalents

For financial statement purposes, the Partnership considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

2. REAL ESTATE FACILITIES

In 1995, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 121 ("Statement 121"), "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of." Statement 121 requires impairment losses to be recorded on long-lived assets used in operations when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amount. Statement 121 also addresses the method of accounting for long-lived assets that are expected to be disposed. The Partnership adopted Statement 121 in 1996 and the adoption had no effect.

F-9

2. REAL ESTATE FACILITIES (CONTINUED)

In January 1997, the Partnership, the Joint Venture and PSI and other related partnerships transferred a total of 35 business parks to PSBPLP, an operating partnership formed to own and operate business parks in which PSI has a significant interest. Included among the properties transferred were the Partnership's and the Joint Venture's business parks in exchange for a partnership interest in PSBPLP. The general partner of PSBPLP is PS Business Parks, Inc. ("PSBP")

3. INVESTMENT IN REAL ESTATE ENTITIES

During 1998, 1997, and 1996, the Partnership recognized earnings from the Real Estate Entities of \$3,494,000, \$3,056,000 and \$2,221,000, respectively, and received cash distributions totaling \$5,523,000, \$4,695,000, and \$2,222,000, respectively from the Real Estate Entities.

The accounting policies of the Real Estate Entities are similar to that of the Partnership. Summarized combined financial data with respect to the Real Estate Entities are as follows:

	1998	1997
	-----	-----
For the year ended December 31,		
Total revenues	\$105,123,000	\$45,498,000
Minority interest in income	11,208,000	8,566,000
Net income	36,453,000	10,359,000
At December 31,		
Total assets, net of accumulated depreciation	\$768,755,000	\$384,357,000
Total liabilities	67,775,000	12,928,000
Total minority interest	153,015,000	168,665,000
Total equity	547,965,000	202,764,000

The increase in the size of the combined financial position and operating results, respectively, of the Real Estate Entities for the year ended December 31, 1998 and at December 31, 1997, respectively, as compared to prior periods, is the result of additional properties purchased by PSBPLP during 1997 and 1998.

Financial statements of the Joint Venture are filed with the Partnership's Form 10-K for 1998, in Item 14. PS Business Parks, Inc. is a registrant with the Securities and Exchange Commission, and its filings can be accessed through the Securities and Exchange Commission.

4. GENERAL PARTNERS' EQUITY

The General Partners have a 1% interest in the Partnership. In addition, the General Partners have a 10% interest in cash distributions attributable to operations, exclusive of distributions attributable to sales and refinancing proceeds.

Proceeds from sales and refinancings will be distributed entirely to the limited partners until the limited partners recover their investment plus a cumulative 8% annual return (not compounded); thereafter, the General Partners have a 15% interest in remaining proceeds.

F-10

5. RELATED PARTY TRANSACTIONS

The Partnership has a management agreement with PSI whereby PSI operates the Mini-Warehouse Properties for a fee equal to 6% of the facilities' monthly gross revenue (as defined).

In January 1997, the Partnership and the Joint Venture transferred their business park facilities to PSBPLP in exchange for a partnership interest in PSBPLP.

PSI has a significant economic interest in PSBPLP and PSBP.

6. LEASES

The Partnership has invested primarily in existing mini-warehouse storage facilities which offer self-service storage spaces for lease to the general public. Leases for such space are usually on a month-to-month basis.

7. TAXES BASED ON INCOME

Taxes based on income are the responsibility of the individual partners and, accordingly, the Partnership's financial statements do not reflect a provision for such taxes.

Unaudited taxable net income was \$3,668,000, \$6,409,000 and \$1,831,000 for the years ended December 31, 1998, 1997 and 1996, respectively. The difference between taxable income and book income is primarily related to timing differences in depreciation expense.

SEI/PSP V JOINT VENTURES
a California Limited Partnership
NOTES TO FINANCIAL STATEMENTS
December 31, 1998

1. DESCRIPTION OF PARTNERSHIP

SEI/PSP V Joint Ventures (the "Joint Venture") was formed on December 31, 1990 in connection with the consolidation of 22 separate general partnerships between Public Storage Inc. ("PSI") and PS Partners V, Ltd. ("PSP V"). The Joint Venture, through its predecessor general partnerships, invested in existing mini-warehouse facilities which offer self-service storage spaces for lease, usually on a month-to-month basis, to the general public and, to a lesser extent, in existing business park facilities which offer industrial and office space for lease.

The Joint Venture owns 32 properties (referred to hereinafter as the "Mini-Warehouses"), which excludes a property which was transferred to PS Business Parks, L.P. ("PSBPLP") in January 1997. PSP V is the managing general partner of the Joint Venture, with its ownership interests in the properties of the Joint Venture ranging from 50% to 70.6%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PARTNERSHIP MATTERS

Basis of Presentation

The financial statements include the accounts of the Joint Venture.

Under the terms of the general partnership agreement of the Joint Venture, for property acquisitions in which PSI issued convertible securities to the sellers for its interest, PSI's right to receive cash flow distributions for any year after the first year of operation are subordinated to cash distributions to PSP V equal to a cumulative annual 7% of its cash investment (not compounded). In addition, upon sale or refinancing of a property for more than its original purchase price, distribution of proceeds to PSI is subordinated to the return to PSP V of the amount of its cash

investment and the 7% distribution described above.

Depreciation and amortization

The Joint Venture depreciates the buildings and equipment on a straight-line method over estimated useful lives of 25 and 5 years, respectively. Leasing commissions relating to business park properties are expensed when incurred.

Revenue Recognition

Property rents are recognized as earned.

Allocation of Net Income to PSP V and PSI

Net income prior to depreciation is allocated to PSP V and PSI based upon their relative ownership interest in each property and the results of each property.

Under the terms of the general partnership agreement of the Joint Venture all depreciation and amortization with respect to each Joint Venture is allocated solely to PSP V until it recovers its initial capital contribution. Thereafter, all depreciation and amortization is allocated solely to PSI until it recovers its initial capital contribution. All remaining depreciation and amortization is allocated to PSP V and PSI in proportion to their ownership percentages.

F-20

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PARTNERSHIP MATTERS
(CONTINUED)

Cash Distributions

The general partnership agreement of the Joint Venture provides for regular distributions of cash flow from operations (as defined).

Cash and Cash Equivalents

For financial statement purposes, the Joint Venture considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

Environmental Cost

Substantially all of the real estate facilities in which the Joint Venture has an interest were acquired prior to the time that it was customary to conduct extensive environmental investigations in connection with the property acquisitions. During the fourth quarter of 1995, an independent environmental consulting firm completed environmental assessments on the Joint Venture's properties to evaluate the environmental condition of, and potential environmental liabilities of such properties. Although there can be no assurance, the Joint Venture is not aware of any environmental contamination of the Mini-Warehouses which individually or in the aggregate would be material to the Joint Venture's overall business, financial condition, or results of operations.

Segment Reporting

Effective January 1, 1998, the Joint Venture adopted SFAS No. 131, "Disclosure about Segments of an Enterprise and Related Information." SFAS No. 131 established standards for the way public business enterprises report information about operating segments in annual financial statements and requires that those enterprises report selected information about operating segments in interim financial reports. SFAS No. 131 also establishes standards for related disclosures about products and services, geographic areas and major customers. The Joint Venture only has one reportable segment as defined within SFAS No. 131, therefore the adoption of SFAS No. 131 had no

effect on the Joint Venture's disclosures.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. REAL ESTATE FACILITIES

In 1995, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 121 ("Statement 121"), "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of." Statement 121 requires impairment losses to be recorded on long-lived assets used in operations when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amount. Statement 121 also addresses the method of accounting for long-lived assets that are expected to be disposed. The Joint Venture adopted Statement 121 in 1996 and the adoption had no effect.

F-21

3. REAL ESTATE FACILITIES (CONTINUED)

In January 1997, the Joint Venture and PSI and other affiliated partnerships of PSI transferred a total of 35 business parks to PSBPLP, an operating partnership formed to own and operate business parks in which PSI has a significant interest. Included among the properties transferred was the Joint Venture's business park in exchange for a partnership interest in PSBPLP. The general partner of PSBPLP is PS Business Parks, Inc. ("PSBP").

4. INVESTMENT IN REAL ESTATE ENTITY

In 1998 and 1997, the Joint Venture recognized \$931,000 and \$653,000, respectively, in equity in earnings of real estate entity with respect to the investment in PSBPLP, described in Note 3 above.

The accounting policies of PSBPLP are similar to that of the Joint Venture. Summarized combined financial data with respect to PSBPLP is as follows:

	1998	1997
	-----	-----
For the year ended December 31,		
Total revenues	\$90,260,000	\$31,578,000
Minority interest in income	11,208,000	8,566,000
Net income	29,400,000	3,836,000
At December 31,		
Total assets, net of accumulated depreciation	\$709,414,000	\$323,454,000
Total liabilities	66,494,000	11,831,000
Total minority interest	153,015,000	168,665,000
Total equity	489,905,000	142,958,000

The increase in the size of the combined financial position and operating results, respectively, of the Real Estate Entity for the year ended December 31, 1998 and at December 31, 1998, respectively, as compared to prior periods, is the result of additional properties purchased by PSBPLP during 1997 and 1998.

PS Business Parks, Inc., which owns PSBPLP, is a registrant with the Securities and Exchange Commission, and its filings can be accessed through the Securities and Exchange Commission.

5. RELATED PARTY TRANSACTIONS

The Joint Venture has a management agreement with PSI whereby PSI operates the Mini-Warehouses for a fee equal to 6% of the facilities' monthly gross revenue (as defined).

In January 1997, the Joint Venture transferred its business park facility to PSBPLP in exchange for a partnership interest in PSBPLP. PSI has a significant economic interest in PSBPLP and PSBP.

6. LEASES

The Joint Venture has invested primarily in existing mini-warehouse storage facilities which offer self-service storage spaces for lease to the general public. Leases for such space are usually on a month-to-month basis.

7. TAXES BASED ON INCOME

Taxes based on income are the responsibility of PSP V and PSI and, accordingly, the Joint Venture's financial statements do not reflect a provision for such taxes.

Unaudited taxable net income was \$5,784,000, \$6,376,000 and \$5,220,000 for the years ended December 31, 1998, 1997 and 1996, respectively. The difference between taxable income and book income is primarily related to timing differences in depreciation expense.
