## Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders  
Xunna Information Technology Inc.  
(A Development Stage Company)

We have reviewed the accompanying balance sheet of Xunna Information Technology Inc. (a Nevada corporation in the development stage) (the "Company") as of December 31, 2012, and the related statements of operations for the three months and six months ended December 31, 2012 and 2011 and the period from March 22, 2011 (date of inception) to December 31, 2012, and cash flows for the six months ended December 31, 2012 and 2011 and the period from March 22, 2011 (date of inception) to December 31, 2012. These interim financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements referred to above for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with auditing standards of the Public Company Accounting Oversight Board (United States), the balance sheet of Xunna Information Technology, Inc. as of June 30, 2012, and the related statements of operations, changes in stockholders' equity and cash flows for the year then ended (not presented herein); and in our report dated September 24, 2012, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying balance sheet as of June 30, 2012, is fairly stated, in all material respects, in relation to the balance sheet from which it has been derived.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company has no revenues with which to support its cost of operations, and there are no guarantees that the Company will be able to secure financing until a source of revenue can be established. These conditions raise substantial doubt about its ability to continue as a going concern. Management's plans concerning these matters are also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**XUNNA INFORMATION TECHNOLOGY INC.**  
**(A Development Stage Company)**  
**Notes to Financial Statements**

**NOTE 1 - ORGANIZATION AND NATURE OF BUSINESS**

Xunna Information technology Inc. (the "Company") was incorporated in the state of Nevada on March 22, 2011, with an authorized capital of 75,000,000 shares of common stock, par value of \$0.001 per share, and 10,000,000 preferred stock, par value of \$0.001 per share. The Company plans to provide small-size enterprises with internet building services, including website development and design, market analysis and general commercial services such as business planning and accounting support for start-up internet companies in the People's Republic of China ("PRC"). The Company has selected June 30 as its fiscal year end.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**BASIS OF PRESENTATION**

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) applicable to interim financial information and the requirements of Form 10-Q and Rule 8-03 of Regulation S-X of the Securities and Exchange Commission. Accordingly, they do not include all of the information and disclosure required by accounting principles generally accepted in the United States of America for complete financial statements. Interim results are not necessarily indicative of results for a full year. In the opinion of management, all adjustments considered necessary for a fair presentation of the financial position and the results of operations and cash flows for the interim periods have been included.

In preparing the accompanying interim financial statements, we evaluated the period from December 31, 2012 through the date the financial statements were issued for material subsequent events requiring recognition or disclosure. No such events were identified for this period.

**INTERIM FINANCIAL STATEMENTS**

These interim financial statements should be read in conjunction with the audited financial statements for the period from March 22, 2011 (date of inception) through June 30, 2012, as not all disclosures required by generally accepted accounting principles for annual financial statements are presented. The interim financial statements follow the same accounting policies and methods of computations as the audited financial statements for the period from March 22, 2011 (date of inception) through June 30, 2012.

**DEVELOPMENT STAGE COMPANY**

The Company is currently a development stage enterprise reporting under the provisions of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 915. Those standards require the Company to disclose its activities since the date of inception.

**NOTE 3 - GOING CONCERN**

The Company's financial statements are prepared using generally accepted accounting principles applicable to a going concern that contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not established any source of revenue to cover its operating costs. If the Company is unable to obtain revenue producing contracts or financing, or if the revenue or financing it does obtain is insufficient to cover any operating losses it may incur, it may substantially curtail or terminate its operations or seek other business opportunities through strategic alliances, acquisitions or other arrangements that may dilute the interests of existing stockholders. However, Xiangying Meng, the CEO and President, has agreed to lend money to the Company whenever funds are needed to cover operating losses.

**XUNNA INFORMATION TECHNOLOGY INC.**  
**(A Development Stage Company)**  
**Notes to Financial Statements**

**NOTE 4 – STOCK AUTHORIZATION AND ISSUANCE**

According to the Articles of Incorporation of Xunna Information Technology Inc., the Company is authorized to issue two classes of shares to be designated as preferred stock and common stock, respectively. The total number of shares of stock which the Company shall have the authority to issue is 85,000,000 which will consist of (1) 75,000,000 shares of common stock, par value \$0.001 per share, and (2) 10,000,000 shares of blank check preferred stock, par value \$0.001 per share. As of December 31, 2012, 13,000,000 shares of common stock were issued and outstanding.

**NOTE 5 – DUE TO SHAREHOLDER**

The shareholder made certain loans to the Company to cover its operating expenses as needed. These loans are non-interest bearing and payable upon demand. As of December 31, 2012, the balance due to the shareholder was \$11,800.

**NOTE 6 – LOSS PER SHARE**

The Company presents earnings (loss) per share on a basic and diluted basis. Basic earnings (loss) per share are computed by dividing income available to common shareholders by the weighted average number of common shares outstanding. Diluted earnings (loss) per share are computed by dividing income available to common shareholders by the weighted average number of shares outstanding plus the dilutive effect of potential securities.

	<b>For the Three Months Ended December 31,</b>	
	<b>2012</b>	<b>2011</b>
Net loss	\$ (5,625)	\$ (17,400)
Weighted average common shares (denominator for basic earnings (loss) per share)	13,000,000	13,000,000

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### FORWARD-LOOKING STATEMENTS

*This Quarterly Report on Form 10-Q, including "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Item 2 of Part I of this report includes forward-looking statements. These forward looking statements are based on our management's current expectations and beliefs and involve numerous risks and uncertainties that could cause actual results to differ materially from expectations. In some cases, you can identify forward-looking statements by terminology such as "may," "should," "expects," "plans," "anticipates," "believes," "estimates," "predicts," "potential," "proposed," "intended," or "continue" or the negative of these terms or other comparable terminology. You should read statements that contain these words carefully, because they discuss our expectations about our future operating results or our future financial condition or state other "forward-looking" information. Many factors could cause our actual results to differ materially from those projected in these forward-looking statements, including but not limited to: variability of our revenues and financial performance; risks associated with product development and technological changes; the acceptance our products in the marketplace by existing and potential future customers; general economic conditions. You should be aware that the occurrence of any of the events described in this Quarterly Report could substantially harm our business, results of operations and financial condition, and that upon the occurrence of any of these events, the trading price of our securities could decline. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, growth rates, levels of activity, performance or achievements. We are under no duty to update any of the forward-looking statements after the date of this Quarterly Report to conform these statements to actual results.*

### Introduction

The following Management's Discussion and Analysis ("MD&A") is intended to help the reader understand the results of operations and financial condition of XUNNA INFORMATION TECHNOLOGY INC. MD&A is provided as a supplement to, and should be read in conjunction with, our financial statements and the accompanying notes to the financial statements. As used in this Quarterly Report, the terms "we", "us", "our", "Registrant", and "the Company" mean XUNNA INFORMATION TECHNOLOGY INC

XUNNA INFORMATION TECHNOLOGY INC was incorporated in the State of Nevada on March 22, 2011.

### NATURE OF BUSINESS

Since becoming incorporated, Xunna has not made any significant purchases or sale of assets, nor has it been involved in any mergers, acquisitions or consolidations. Xunna has never declared bankruptcy, it has never been in receivership, and it has never been involved in any legal action or proceedings.

We plan to provide small-size enterprises with Internet building services, including website development and design, market analysis and general commercial services such as business planning and accounting support for start-up Internet companies. The future of our company depends on our ability to market the services, which require detailed planning of the services we offer so that it satisfies customer demands without causing unnecessary cost and expenses. Our operating performance is also affected by our ability of adjusting price to promote newly introduced services or to be more competitive.

As of December 31, 2012, Xunna has raised \$40,000 through the sale of common stock. This sale was a purchase of 4,000,000 common shares @ \$.01

As of this date, we have not yet generated or realized any revenues from our business operations. The following financial information summarizes the more complete historical financial information as indicated on the audited financial statements of Xunna filed with this prospectus.

## **Results of Operations for the three months and six months ended December 31, 2012.**

The following discussion should be read in conjunction with our financial statements and the related notes that appear elsewhere in this Quarterly Report.

### *Operating Expenses*

Operating expenses during the three months and six months ended December 31, 2012 totaled \$5,625 and \$8,323 as compared to operating expenses totaling \$53,853 March 22, 2011 (inception) to December 31, 2012. The increase in 2012 as compared to 2011 resulted primarily from professional fees incurred related to our public company filing obligations

### *Net Loss*

Net loss during the three months and six months ended December 31, 2012 totaled \$5,625 and \$8,323 as compared to operating expenses totaling \$53,853 March 22, 2011 (inception) to December 31, 2012. The increase in 2012 as compared to 2011 resulted primarily from professional fees incurred related to our public company filing obligations for the three months and six months ended was \$2,697. The increase in the net loss is primarily due to an increase in general and administrative expenses and professional fees.

## **Liquidity and Capital Resources**

As of December 31, 2012, we had working capital of \$ -10,403

Operating expenses during the three months and six months ended December 31, 2012 totaled \$5,625 and \$8,323 as compared to operating expenses totaling \$53,853 March 22, 2011 (inception) to December 31, 2012. The increase in 2012 as compared to 2011 resulted primarily from professional fees incurred related to our public company filing obligations

Net cash provided by financing activities during the three months and six months ended December 31, 2012 was \$7,800 and \$ 11,800, respectively

No shares were sold and no warrants were exercised during the three months and six months ended December 31, 2012.

We have not yet recognized revenues from our operations. As a result, our current cash position is not sufficient to fund our cash requirements during the next twelve months, including operations and capital expenditures.

We have current assets, including cash of \$3,997. We will be reliant upon shareholder loans, private placements or public offerings of equity to fund any kind of operations. We have secured no sources of loans. We had negative cash flow from operations and no revenues during the three months and six months ended December 31, 2012

### **SHORT TERM**

On a short-term basis, we have generated no revenues to cover operations. However, we will have insufficient revenue to satisfy current and recurring liabilities as we continue to build the business. For short term needs we will be dependent on receipt, if any, of public offering or private placement proceeds.

As noted above, we believe that we do not have sufficient liquidity to satisfy our cash requirements for the next twelve months, which will require us to raise additional external funds through the sale of additional equity or debt securities. Currently, we have no plans in place for additional capital. In any event, we expect that unless our sales increase significantly, we will need to raise additional funds over the next 12 months to finance the costs of establishing the corporate infrastructure and related expenses, as well as sales and marketing expenses to support our introduction of our brands. The sale of additional equity securities will result in additional dilution to our shareholders. Sale of debt securities could involve substantial operational and financial covenants that might inhibit our ability to follow our business plan. Additional financing may not be available in amounts or on terms acceptable to us or at all. If we are unable to obtain additional financing, we may be required to reduce the scope of, delay or eliminate some or all of our planned research, development and commercialization activities, which could harm our financial conditions and operating results.

### **Off-Balance Sheet Arrangements**

There are no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

### **Inflation**

We do not believe our business and operations have been materially affected by inflation.

## **Critical Accounting Policies and Estimates**

Our critical accounting policies are as follows:

### *Derivative Instruments*

The Company's note payable contains terms with constitute a derivative liability under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 815 and require bifurcation from the host instrument. As required by FASB ASC 815, these instruments are required to be measured at fair value in its financial statements. Changes in the fair value of the derivative liabilities from period to period are charged to derivative income (expense) as incurred.

### *Recently Issued Accounting Standards*

On July 1, 2009, the FASB issued the FASB Accounting Standards Codification (the "Codification"). The Codification became the single source of authoritative nongovernmental U.S. GAAP, superseding existing FASB, American Institute of Certified Public Accountants ("AICPA"), Emerging Issues Task Force ("EITF") and related literature. The Codification eliminates the previous US GAAP hierarchy and establishes one level of authoritative GAAP. All other literature is considered non-authoritative. However, rules and interpretive releases of the Securities Exchange Commission ("SEC") issued under the authority of federal securities laws will continue to be sources of authoritative GAAP for SEC registrants. The Codification was effective for interim and annual periods ending after September 15, 2009. The Company adopted the Codification for the year ended December 31, 2009. There was no impact to the consolidated financial results as this change is disclosure-only in nature. The adoption of SFAS 165 (ASC 855-10) during the quarter ended September 30, 2009 did not have a significant effect on the Company's financial statements as of that date or through the quarter ended September 30, 2012.

## **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

As a "smaller reporting company", we are not required to provide the information under this Item 3.

## **ITEM 4. CONTROLS AND PROCEDURES.**

### *Evaluation of Disclosure Controls and Procedures*

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 as of the end of the period covered by this report (the "Evaluation Date"). Based upon the evaluation, our principal executive officer and principal financial officer concluded as of the Evaluation Date that our disclosure controls and procedures were effective. Disclosure controls are controls and procedures designed to reasonably ensure that information required to be disclosed in our reports filed under the Exchange Act, such as this report, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls include controls and procedures designed to reasonably ensure that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

### *Changes in Internal Controls Over Financial Reporting*

There were no changes in our internal controls over financial reporting that occurred during the quarterly period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## **PART II - OTHER INFORMATION**

### **ITEM 1. LEGAL PROCEEDINGS.**

We know of no material, existing or pending legal proceedings against us, nor are we involved as a plaintiff in any material proceeding or material pending litigation. There are no proceedings in which any of our directors, officers or affiliates, or any registered or beneficial shareholder, is an adverse party or has a material interest adverse to our company.

**ITEM 1A. RISK FACTORS.**

As a “smaller reporting company”, we are not required to provide disclosure under this Item 1A.

**ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.**

None.

**ITEM 3. DEFAULTS UPON SENIOR SECURITIES.**

Dec. 31, 2012**

[Going Concern \[Abstract\]](#)  
[GOING CONCERN](#)

### NOTE 3 – GOING CONCERN

The Company's financial statements are prepared using generally accepted accounting principles applicable to a going concern that contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not established any source of revenue to cover its operating costs. If the Company is unable to obtain revenue producing contracts or financing, or if the revenue or financing it does obtain is insufficient to cover any operating losses it may incur, it may substantially curtail or terminate its operations or seek other business opportunities through strategic alliances, acquisitions or other arrangements that may dilute the interests of existing stockholders. However, Xiangying Meng, the CEO and President, has agreed to lend money to the Company whenever funds are needed to cover operating losses.

Dec. 31, 2012**

**Summary Of Significant  
Accounting Policies**

**[Abstract]**

**SUMMARY OF  
SIGNIFICANT  
ACCOUNTING POLICIES**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**BASIS OF PRESENTATION**

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) applicable to interim financial information and the requirements of Form 10-Q and Rule 8-03 of Regulation S-X of the Securities and Exchange Commission. Accordingly, they do not include all of the information and disclosure required by accounting principles generally accepted in the United States of America for complete financial statements. Interim results are not necessarily indicative of results for a full year. In the opinion of management, all adjustments considered necessary for a fair presentation of the financial position and the results of operations and cash flows for the interim periods have been included.

In preparing the accompanying interim financial statements, we evaluated the period from December 31, 2012 through the date the financial statements were issued for material subsequent events requiring recognition or disclosure. No such events were identified for this period.

**INTERIM FINANCIAL STATEMENTS**

These interim financial statements should be read in conjunction with the audited financial statements for the period from March 22, 2011 (date of inception) through June 30, 2012, as not all disclosures required by generally accepted accounting principles for annual financial statements are presented. The interim financial statements follow the same accounting policies and methods of computations as the audited financial statements for the period from March 22, 2011 (date of inception) through June 30, 2012.

**DEVELOPMENT STAGE COMPANY**

The Company is currently a development stage enterprise reporting under the provisions of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 915. Those standards require the Company to disclose its activities since the date of inception.

## Loss Per Share

**6 Months Ended  
Dec. 31, 2012**

### Loss Per Share [Abstract] LOSS PER SHARE

#### NOTE 6 – LOSS PER SHARE

The Company presents earnings (loss) per share on a basic and diluted basis. Basic earnings (loss) per share are computed by dividing income available to common shareholders by the weighted average number of common shares outstanding. Diluted earnings (loss) per share are computed by dividing income available to common shareholders by the weighted average number of shares outstanding plus the dilutive effect of potential securities.
