Hosting Agreement

On September 12, 2024, Stronghold Digital Mining Hosting, LLC (“Stronghold Hosting”), a Delaware limited liability company and indirect subsidiary of Stronghold Digital Mining, Inc., a Delaware corporation (the “Company”) entered into a Hosting Agreement (the “Hosting Agreement”) with Bitfarms Ltd., a corporation organized under the Business Corporations Act (Ontario) (“Bitfarms”), pursuant to which Bitfarms will deliver approximately 10,000 Bitmain T21 miners owned by Bitfarms (the “Bitfarms Miners”) to the Company’s Panther Creek mining facility, and the Company will provide power to, maintain, host and operate the Bitfarms Miners.

The initial term of the Hosting Agreement will commence on October 1, 2024 and remain effective until December 31, 2025, after which it will automatically renew for additional one year periods unless either party provides written notice of non-renewal to the other party at least sixty days prior to the expiration of the then-current initial term or renewal term, as applicable. Upon the occurrence of an event of default that is not cured within fifteen days, the non-breaching party may terminate the Hosting Agreement.

Pursuant to the Hosting Agreement, Bitfarms will pay Stronghold Hosting a monthly fee equal to fifty percent of the profit generated by the Bitfarms Miners, subject to certain monthly adjustments between the parties to account for the upfront monthly payment due from Bitfarms to Stronghold Hosting in an amount of \$210,000 and for taxes and the net cost of power associated with the operation of the Bitfarms Miners.

In connection with the execution of the Hosting Agreement, Bitfarms deposited with Stronghold Hosting \$7.8 million (the “Deposit”), equal to the estimated cost of power for three months of operations of the Bitfarms Miners, which will be refundable in full to Bitfarms within one business day of the end of the initial term expiring on December 31, 2025. In addition, if the Merger Agreement (as defined below) is terminated and the Parent Termination Fee (as defined in the Merger Agreement) is payable by Bitfarms in connection with such termination, up to \$5.0 million of the Deposit shall be refunded by way of a corresponding \$5.0 million reduction in the amount of the Parent Termination Fee, payable in accordance with the Merger Agreement Amendment as described below (the “Parent Termination Fee Offset”). The Deposit will bear interest at a floating rate equal to the forward-looking term secured overnight financing rate as administered by CME Group Benchmark Administration Limited for the applicable interest period plus 1.0%, payable in kind on the last day of each calendar quarter by capitalizing and adding such interest to the then-outstanding amount of the Deposit. Upon the occurrence and during the continuance of an event of default under the Hosting Agreement, the principal of, and all accrued and unpaid interest on, the Deposit shall bear interest from the date of such event of default, until cured or waived, at a rate equal to 24.0%.

The foregoing description of the Hosting Agreement is only a summary and does not purport to be complete and is qualified in its entirety by reference to the full text of the Hosting Agreement, a copy of which is filed as Exhibit 10.1 hereto and incorporated by reference herein.

Amendment No. 1 to Merger Agreement

On September 12, 2024, the Company, Bitfarms, Backbone Mining Solutions LLC, a Delaware limited liability company and a wholly-owned, indirect subsidiary of Bitfarms (“BMS”), and HPC & AI Megacorp, Inc., a Delaware corporation and a wholly-owned, direct subsidiary of BMS (“Merger Sub”) entered into Amendment No. 1 (the “Merger Agreement Amendment”) to the Agreement and Plan of Merger (the “Merger Agreement”), dated August 21, 2024, by and among the Company, Bitfarms, BMS and Merger Sub. The Merger Agreement Amendment revised the Merger Agreement to provide for the Parent Termination Fee Offset, require the consent of Bitfarms for any issuances of equity interests of the Company pursuant its at-the-market offering program, and amend certain representations and warranties of the Company.

Forward-Looking Statements

This communication contains “forward-looking statements” within the meaning of the federal securities laws, including Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. In this context, forward-looking statements often address future business and financial events, conditions, expectations, plans or ambitions, and often contain words such as “expect,” “anticipate,” “intend,” “plan,” “believe,” “seek,” “see,” “will,” “would,” “target,” similar expressions, and variations or negatives of these words, but not all forward-looking statements include such words. Forward-looking statements by their nature address matters that are, to different degrees, uncertain, such as statements about the consummation of the proposed transaction and the anticipated benefits thereof. All such forward-looking statements are based upon current plans, estimates, expectations and ambitions that are subject to risks, uncertainties and assumptions, many of which are beyond the control of Bitfarms and Stronghold, that could cause actual results to differ materially from those expressed in such forward-looking statements. Important risk factors that may cause such a difference include, but are not limited to: the risk that the Merger may not be completed on the anticipated terms in a timely manner or at all, which may adversely affect Stronghold’s business and the price of Class A Common Stock; the failure to satisfy any of the conditions to the consummation of the Merger, including obtaining required stockholder and regulatory approvals; potential litigation relating to the Merger that could be instituted against Stronghold, Bitfarms or their respective directors or officers, including the effects of any outcomes related thereto; the occurrence of any event, change or other circumstance that could give rise to the termination of the Merger Agreement, including in circumstances requiring Stronghold to pay a termination fee; the effect of the announcement or pendency of the Merger on Stronghold’s business relationships, operating results and business generally; the risk that the Merger disrupts Stronghold’s current plans and operations; Stronghold’s ability to retain and hire key personnel and maintain relationships with key business partners and customers, and others with whom it does business, in light of the Merger; potential adverse reactions or changes to business relationships resulting from the announcement or completion of the Merger; risks related to diverting management’s attention from Stronghold’s ongoing business operations; certain restrictions during the pendency of the Merger that may impact Stronghold’s ability to pursue certain business opportunities or strategic transactions; the possibility that the Merger may be more expensive to complete than anticipated, including as a result of unexpected factors or events; those risks described in Section 4.19 of Bitfarms’ Annual Information Form for the year ended December 31, 2023, filed with the SEC on March 7, 2024 as Exhibit 99.1 to Bitfarms’ Annual Report on Form 40-F, Section 19 of Bitfarms’ Management’s Discussion and Analysis for the year ended December 31, 2023, filed with the SEC on March 7, 2024 as Exhibit 99.3 to Bitfarms’ Annual Report on Form 40-F, Section 19 of Bitfarms’ Management’s Discussion and Analysis for the three and six months ended June 30, 2024, filed with the SEC on August 8, 2024 as Exhibit 99.2 to Bitfarms’ Current Report on Form 6-K, and subsequent reports on Form 6-K; those risks described in Item 1A of Stronghold’s Annual Report on Form 10-K, filed with the SEC on March 8, 2024, Item 1A of Stronghold’s Quarterly Report on Form 10-Q for the fiscal quarter ended March 31, 2024, filed with the SEC on May 8, 2024, Item 1A of Stronghold’s Quarterly Report on Form 10-Q for the fiscal quarter ended June 30, 2024, filed with the SEC on August 14, 2024, and subsequent reports on Forms 10-Q and 8-K; and those risks that will be described in the registration statement on Form F-4 and accompanying prospectus available from the sources indicated above.

These risks, as well as other risks associated with the proposed transaction, will be more fully discussed in the proxy statement/prospectus that will be included in the registration statement on Form F-4 that will be filed with the SEC in connection with the proposed transaction. While the list of factors presented here is, and the list of factors to be presented in the registration statement on Form F-4 will be, considered representative, no such list should be considered to be a complete statement of all potential risks and uncertainties. Unlisted factors may present significant additional obstacles to the realization of forward-looking statements. We caution you not to place undue reliance on any of these forward-looking statements as they are not guarantees of future performance or outcomes and that actual performance and outcomes, including, without limitation, our actual results of operations, financial condition and liquidity, and the development of new markets or market segments in which we operate, may differ materially from those made in or suggested by the forward-looking statements contained in this communication. Hosting Agreement

THIS HOSTING AGREEMENT (this “Agreement”) is made this 12th day of September, 2024 by and between Stronghold Digital Mining Hosting, LLC, a Delaware limited liability company (“Stronghold”) and Bitfarms Ltd. (“Bitfarms,” and, together with Stronghold, each a “Party” and, collectively, the “Parties”).

WHEREAS, Bitfarms owns the Bitfarms Equipment as set forth in Exhibit A (the “Bitcoin Miners” and the “PDUs”), and the Bitcoin Miners and PDUs will be delivered to Stronghold’s Panther Creek power plant located at 4 Dennison Road, Nesquehoning, Pennsylvania 18240 (“Panther Creek”) at Bitfarms’s sole cost and expense, and will be installed and operating at Panther Creek;

WHEREAS, Stronghold will maintain, host, and operate the Bitcoin Miners and PDUs on behalf of Bitfarms during the Term (as defined herein) in accordance with the terms and conditions set forth herein;

WHEREAS, certain defined terms set forth herein are set forth in Exhibit B and are incorporated by reference herein;

NOW, THEREFORE, in consideration of the foregoing and the promises set forth below, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Services.

- 1.1. Installation and Facility Services. To the extent not previously installed, as soon as practicably possible following Stronghold’s receipt of the Bitcoin Miners and PDUs, Stronghold will provide racking infrastructure and install the Bitcoin Miners and PDUs. Stronghold covenants and agrees to supply electrical power and Internet access for the Bitcoin Miners and PDUs at Panther Creek. Notwithstanding the foregoing, Bitfarms agrees that Stronghold will not be liable for any delays in the hosting or installation of the Bitcoin Miners and PDUs unless such delays are caused by the gross negligence or willful misconduct of Stronghold. Bitfarms agrees that Stronghold may contract to sell capacity and energy to additional parties and may contract with third parties to provide similar services; *provided, however*, that such contracts do not breach or cause a breach under this Agreement.
- 1.2. Hosting Services. Upon delivery of the Bitcoin Miners and PDUs to Panther Creek, Stronghold agrees to unload, install, provision, maintain, and operate the Bitcoin Miners and PDUs at Panther Creek as instructed in writing by Bitfarms, so long as such instruction is commercially reasonable. In the event that Bitfarms does not provide instruction in writing, Stronghold will use its commercially reasonable judgement in performing such services. Stronghold agrees to supply power, rack space, ambient cooling, and miner reboots, subject to other terms found in this Agreement.

- 1.3. Mining. Subject to the terms hereof, Stronghold shall direct mined tokens derived from the operation of the Bitcoin Miners and PDUs to a wallet that is controlled by Bitfarms. Stronghold shall be granted view-only rights to the wallet that is controlled by Bitfarms. Bitfarms shall determine the pool to which the Bitcoin Miners' and PDUs' hashpower shall be directed.
- 1.4. Identification. Bitfarms will ensure that all Bitcoin Miners and PDUs are labelled or otherwise marked such that Stronghold can identify that Bitfarms is the owner of such Bitcoin Miners and PDUs.
- 1.5. Site Security. Stronghold will provide adequate and reasonable site security at Panther Creek in accordance with industry standards.

2. **Term and Termination.**

- 2.1. Term. The term of this Agreement (the "Hosting Term") shall commence on October 1, 2024, and shall remain effective until December 31, 2025. The term of this Agreement shall automatically renew for additional one (1) year periods (such renewal period(s), together with the Hosting Term, the "Term") unless one party notifies the other in writing at least sixty (60) days prior to the conclusion of the then-current Term
- 2.2. Termination; Exclusion of Certain Bitcoin Miners and PDUs.
 - 2.2.1. Solely upon the occurrence of an Event of Default that has not been cured (to the extent a cure is permissible) within fifteen (15) days under this Agreement, Stronghold or Bitfarms may terminate this Agreement.
 1. The following events shall constitute an "Event of Default" under this Agreement: failure by any Party to make payment on undisputed amounts when due; failure to maintain any Bitcoin Miner or PDU as required hereunder; a material breach of the representations and warranties contained in this Agreement; a material breach of any covenant or provision of this Agreement, a Party shall file a voluntary petition or commence a case in bankruptcy in a proceeding under any bankruptcy or insolvency law or seek relief under the provisions of any other insolvency, reorganization or similar law either now existing or that may in the future exist, providing for the winding up or termination of its existence as a limited liability company, or shall make a general assignment for the benefit of its creditors; and an involuntary petition or filing to commence a case or proceeding under any bankruptcy or insolvency law shall have been filed by any creditor of a Party (or other third-party with adequate standing to make such filing). Provided, however, that the events of default listed above shall not constitute an Event of Default to the extent cured within fifteen (15) days.

2. If a Party, in good faith, disputes any payment called for herein, that Party shall submit to the other Party, by the due date, full payment of the undisputed portion of the payment, and written documentation identifying and substantiating the disputed amount. If Party does not report a dispute within fifteen (15) calendar days following the date when the payment is due to be paid, that Party shall have waived its right to dispute the invoice or charge. The Parties agree to use their respective commercially reasonable efforts to resolve any dispute within ten (10) days after a Party receives written notice of a dispute from the other Party. Any disputed amounts resolved in favor of Bitfarms shall be credited to the Actual Payment Amount due to or by Bitfarms for the next month following resolution of the dispute. Any disputed amounts resolved in favor of Stronghold shall be offset against the Actual Payment Amount due to or by Bitfarms for the next month following resolution of the dispute.
- 2.2.2. This Agreement shall no longer apply to any Bitcoin Miner or PDU, and such Bitcoin Miner or PDU shall be excluded from any calculations used to determine any payments, profits or fees, that (i) is not in working order, (ii) is “Economically Obsolete” (as defined herein), or (iii) is removed and replaced pursuant to Section 5.3.
 1. “Economically Obsolete” shall mean when a Bitcoin Miner or PDU has an Implied Bitcoin Mining Revenue that is less than the Agreement Cost of Power for three (3) consecutive months or if a Bitcoin Miner or PDU is not in working order.
 2. “Not in working order” means not functioning normally for more than thirty (30) consecutive days after Stronghold provides written notice to Bitfarms that a Bitcoin Miner or PDU is not functioning properly which written notice shall include calculations related to the performance of that Bitcoin Miner or PDU. Bitfarms shall have the right to replace that Bitcoin Miner or PDU with a replacement Bitcoin Miner or PDU or to repair that Bitcoin Miner or PDU to bring it to normal function. Stronghold shall hold a space at the Mining Facility for that Bitcoin Miner or PDU to be replaced or repaired for thirty (30) days after notice is given to Bitfarms.
 3. In each case, Bitfarms shall have thirty (30) days to either (i) in the case of 2.2.2.1, provide a new Bitcoin Miner or PDU that is not Economically Obsolete; or (ii) in the case of 2.2.2.2, provide a replacement Bitcoin Miner or PDU or provide necessary spare parts to cure any defects in the applicable Bitcoin Miner or PDU.
 4. In the event a Bitcoin Miner or PDU is removed and replaced pursuant to Section 5.3, this Agreement shall apply to the replacement Bitcoin Miner or PDU supplied by Bitfarms commencing upon delivery of such replacement Bitcoin Miner or PDU by Bitfarms to Stronghold at Panther Creek.

2.2.3. Additional Remedies.

1. If Bitfarms fails to make any undisputed payment required hereunder and such payment failure has not been remedied in accordance with Section 2.2.1 above, within thirty (30) days, then in addition to any other rights and remedies it may have, Stronghold shall have the right, with written notice to Bitfarms, to redirect mining revenue from the Bitcoin Miners and PDUs, or to collect 100% of electricity sales (or any combination thereof) for Stronghold's sole account (such redirection of mining or electricity revenue shall be known as "Stronghold Self Operation").
2. Should Stronghold's Net Self Operation Income earned in the first thirty (30) days of Stronghold Self Operation equal or exceed 105% of the undisputed payment that Bitfarms failed to pay to Stronghold, the Parties shall consider Bitfarms's failure to pay that undisputed amount to be cured. "Net Self Operation Income" is calculated as (x) the product of the gross revenues received by Stronghold during Stronghold Self Operation and the Bitfarms Share applicable during the month prior to Bitfarms's failure to make an undisputed failure payment *minus* (y) the product of the Total Cost and the Bitfarms Share applicable during the month prior to Bitfarms's failure to make an undisputed failure payment. For the avoidance of doubt, once the non-payment of the undisputed amount is cured, Stronghold shall redirect the mining revenue as per the original terms of this Agreement, subject to Section 2.2.3.4 below.
3. Should Stronghold not receive 105% of the undisputed payment that Bitfarms failed to make to Stronghold earned in the first thirty (30) days of Stronghold Self Operation, as calculated in Section 2.2.3.2, then upon five (5) Business Days' notice to Bitfarms, Stronghold may in its sole discretion, in addition to any other rights and remedies it may have, (a) reconfigure for Stronghold's use, or (b) remove and store at Bitfarms's expense, all or any portion of the Bitcoin Miners and PDUs without any cost, obligation or liability of Stronghold to Bitfarms until such undisputed payment owed by Bitfarms is made.
4. Should Bitfarms fail to make more than one undisputed payment required hereunder and such second payment failure is not remedied in accordance with Section 2.2.1 above, then, in addition to any other rights and remedies it may have, Stronghold shall have the right, in its sole discretion, with written notice to Bitfarms, to immediately (a) reconfigure for Stronghold's use, or (b) remove and store at Bitfarms's expense, all or any portion of the Bitcoin Miners and PDUs without any cost, obligation or liability of Stronghold to Bitfarms until such undisputed payment is made, without the obligation to comply with in Stronghold Self Operation or offset any unpaid amounts with any Stronghold Self Operation Income prior to taking such action.

- 2.3. The Parties agree that in the event of a termination of this Agreement as provided for herein, neither Party shall have a duty or obligation to mitigate unless otherwise indicated in this Agreement.
- 2.4. Access; Removal of Property. Upon the occurrence of an Event of Default, Bitfarms shall, upon written notice to Stronghold, immediately have the right to access the Mining Facility during the Access Period (as defined herein) for the purpose of removing any of the Bitcoin Miners and PDUs from the Mining Facility at Bitfarms's sole cost and expense; *provided, however*, that should the Access Period be tolled due to stay by the Court in a bankruptcy, insolvency or similar debtor proceeding, after any such stay is lifted, Bitfarms shall have any time that remained before the tolling to conclude the exercise of the rights and removal of the Bitcoin Miners and PDUs for the Access Period. Stronghold will not unreasonably withhold access to Panther Creek or otherwise obstruct the process of removing the Bitcoin Miners and PDUs. Should Bitfarms fail to remove the Bitcoin Miners and PDUs in the time provided above, Stronghold shall be permitted, at its sole discretion, to (i) operate the Bitcoin Miners and PDUs and keep 100% of the proceeds generated by the Bitcoin Miners and PDUs from the end of such period until the Bitcoin Miners and PDUs are actually removed or (ii) remove all Bitcoin Miners and PDUs and return them to Bitfarms, for which Bitfarms shall immediately reimburse Stronghold for its costs and expenses to do so, and Stronghold shall not have liability for the condition of the Bitcoin Miners and PDUs delivered to Bitfarms, so long as such Bitcoin Miners were maintained as specified herein and, with respect to the removal and return or storage of the Bitcoin Miners and PDUs, absent Stronghold's gross negligence or willful misconduct in performing such tasks. As used herein, the term "Access Period" shall mean the period beginning on the date set forth in the written notice required pursuant to this Section 2.4 and ending on the earlier to occur of (i) ninety (90) days from the date set forth in Bitfarms's notice of exercise or (ii) ninety (90) days after the expiration or earlier termination of this Agreement in accordance with its terms.
- 2.4.1. During the exercise of Bitfarms's rights pursuant hereto, Stronghold shall permit Bitfarms and its agents and nominees to gain access to Panther Creek and the Mining Facility for the purpose of enforcing its security interest in the Bitcoin Miners and PDUs, including, without limitation, protecting, removing, or disposing of or liquidating the Bitcoin Miners and PDUs.
- 2.4.2. Bitfarms shall have access to Panther Creek and the Mining Facility during the Access Period at no charge to Bitfarms.
- 2.5. Stronghold Waiver and Release. Stronghold hereby waives in favor of Bitfarms:

- 2.5.1. all rights, if any, of distraint, levy and execution which Stronghold may now or hereafter have against the Bitcoin Miners and PDUs;
 - 2.5.2. all statutory liens, security interests, or other liens, if any, which Stronghold may now have or hereafter have in the Bitcoin Miners and PDUs; and
 - 2.5.3. all other interests or claims of every nature whatsoever, if any, which Stronghold may now or hereafter have in or against the Bitcoin Miners and PDUs for any rent, storage charges, or other sums due, or to become due, to Stronghold by Bitfarms.
- 2.6. No Bitcoin Miners or PDUs Deemed Fixtures. The Bitcoin Miners and PDUs may be stored, used, or installed at the Mining Facility but shall not be deemed a fixture or part of the real estate but rather at all times be deemed personal property, whether or not the Bitcoin Miners or PDUs become so related to Panther Creek and/or the Mining Facility that an interest therein arises under real estate law.

3. Fees and Payment.

- 3.1. Before the first day of every calendar month during the Hosting Term, Bitfarms will pay to Stronghold \$210,000 (the “Upfront Monthly Payment”) in immediately available cash as set forth in Section 3.4.
- 3.2. As Bitcoins are mined by the Bitcoin Miners and PDUs, Bitfarms, through its mining pool, shall send earned rewards on a daily basis to a pool subaccount, in accordance with the full pay per share (“FPPS”) method. If there are significant deviations between the FPPS payout to Stronghold and the expected payout based on performance, Stronghold may request an audit with which Bitfarms shall cooperate. Subsequently, Bitfarms shall cause the mining pool to then transfer a quantity of Bitcoin, which will be calculated as the product of total earned rewards and the difference between 100% and the prevailing “Bitfarms Share” (as defined herein), to the designated wallet of Stronghold if the total earned rewards exceeds .01 BTC (the “Reward Limit”), except on the last day of each month, in which the Reward Limit is reduced to .001 BTC. For the avoidance of doubt, any partial BTC that is not paid to Stronghold on a certain day will be paid to Stronghold the next time BTC is paid to Stronghold; *provided* that Bitfarms’s minimum thresholds for pool subaccount pay-outs are met.
- 3.3. Not later than twenty (21) days after the end of each month (the “True-up Date”), Stronghold shall provide to Bitfarms the calculations of the “Monthly Service Fees” (as defined herein) and the “Actual Payment Amount” (as defined herein). If the Actual Payment Amount is less than 0, Stronghold will deliver an invoice to Bitfarms for an amount equal to the Actual Payment Amount *multiplied by* negative one, which Bitfarms will pay to Stronghold within five (5) Business Days of receiving the invoice. If the Actual Payment Amount is greater than 0, Stronghold will pay to Bitfarms an amount equal to the Actual Payment Amount within two (2) Business Days of the True-up Date.

- 3.4. Stronghold and Bitfarms shall provide information regarding their fiat accounts and bitcoin public key addresses to be used for payments required hereunder via separate cover.
- 3.5. All fees are exclusive of taxes, including, but not limited to, sales, use, transfer, privilege, excise, VAT, GST, consumption and other similar taxes, fees, duties, governmental assessments, impositions and levies imposed on the transaction in question (including, without limitation, access and use of the Bitcoin Miners and PDUs and the delivery of Services), all of which Bitfarms shall pay in full, or reimburse Stronghold for payments made on Bitfarms's behalf; *provided* that Bitfarms shall not be liable for taxes arising from Stronghold's income. Any payments due to Stronghold shall be accounted for in accordance with this [Section 3](#).
- 3.6. Deposit.
- 3.6.1. Bitfarms will deposit with Stronghold simultaneously with the execution of this Agreement the sum of US\$7,800,000.00 (the "Deposit") (equal to US\$70 per MW *multiplied by* 50 MW and ninety-three (93) days (three (3) months) and twenty-four (24) hours), which Deposit (or remainder thereof following a refund pursuant to [Section 3.6.2](#)), inclusive of any accrued and unpaid interest, shall be returned to Bitfarms within one (1) Business Day following the end of the Hosting Term.
- 3.6.2. Notwithstanding the foregoing, the parties acknowledge that if the Merger Agreement is terminated in accordance with its terms and the Parent Termination Fee (as defined in the Merger Agreement) is payable in connection with such termination, up to US\$5,000,000.00 of the Deposit shall be immediately refunded by way of reduction of the Parent Termination Fee payable by Bitfarms in accordance with the Merger Agreement Amendment.
- 3.7. The Deposit shall bear interest at a rate per annum equal to the Interest Rate. Accrued interest on the Deposit shall be payable in arrears on each applicable Interest Payment Date; *provided* that (i) interest accrued pursuant to this [Section 3.7](#) shall be payable on demand and (ii) at the time the Deposit is refunded to Bitfarms pursuant to [Section 3.6.1](#), accrued interest on the Deposit shall be payable on the date of such refund.

- 3.8. The accrued interest on the Deposit shall be due and payable in kind on each Interest Payment Date. Notwithstanding the foregoing or anything to the contrary contained herein, so long as no Event of Default has occurred and is continuing, on each date on which interest is to be paid in accordance with [Section 3.7](#), such interest shall be paid in kind on each such date by capitalizing and adding such interest to the then outstanding amount of the Deposit (“PIK Interest”) and any interest to be so capitalized pursuant to this [Section 3.8](#) shall be capitalized on the relevant date provided for payment herein and added to the then outstanding amount of the Deposit so as to increase the amount of the Deposit, which Deposit amount shall be refunded in accordance with [Section 3.6](#). For purposes of this Agreement, from the date so capitalized, PIK Interest capitalized pursuant to this [Section 3.8](#) shall bear interest in accordance with this [Section 3.8](#) as if it had originally been part of the amount of the Deposit and all references herein to the amount of the Deposit shall include PIK Interest.
- 3.9. To the extent permitted by law and notwithstanding anything to the contrary in this Section 3, upon the occurrence and during the continuance of an Event of Default, the principal of, and all accrued and unpaid interest on, the Deposit shall bear interest, from the date such Event of Default occurred until the date such Event of Default is cured or waived in writing in accordance herewith, at a rate per annum equal at all times to 24.0%.

4. Access.

- 4.1. Access to Facilities. Other than as provided in [Section 2.4](#), Bitfarms shall not be permitted access to Panther Creek other than through a supervised tour and upon prior written notice to Stronghold no less than forty-eight (48) hours in advance and such access shall occur during normal business hours. Bitfarms may be permitted supervised access to Panther Creek to provide repairs to Bitcoin Miners and PDUs that are not in working order or “Economically Obsolete,” in accordance with 2.2.2 above, or to replace any Bitcoin Miner or PDU at the request of Bitfarms in accordance with [Section 5.3](#). Bitfarms will be solely responsible for any damage or loss caused by anyone acting for or on its behalf while at the Mining Facility except to the extent of any contributory negligence on the part of Stronghold.
- 4.2. Hazardous Conditions. If, in the reasonable discretion of Stronghold, its employees, or its agents, any hazardous conditions arise on, from, or affecting Panther Creek, Stronghold is hereby authorized to suspend service under this Agreement for the affected site without subjecting Stronghold to any liability. Stronghold shall provide written notice of any such suspension of service to Bitfarms within a reasonable time. In the event of an emergency, and upon prior written notice to Bitfarms, Stronghold may rearrange, remove, or relocate Bitcoin Miners and PDUs without any liability to Bitfarms. For the avoidance of doubt, Bitfarms shall not be liable or responsible for any obligations under this Agreement during such period of suspended service.
- 4.3. Intermittent Outages. Bitfarms acknowledges that Stronghold may curtail the Bitcoin Miners and PDUs upon the occurrence and continuation of a Force Majeure event, during outages for maintenance purposes, in the event Stronghold identifies a hazardous condition, or if Stronghold determines that it is in the best interest of, and more economical for, all Parties to the Agreement to sell power to the grid. Stronghold agrees to provide written notice to Bitfarms of any of the foregoing events, as specified in this Agreement.

5. Removal, Relocation and Replacement of the Bitcoin Miners and PDUs.

- 5.1. Relocation by Stronghold. Stronghold may, from time to time, relocate Bitcoin Miners and PDUs within Panther Creek to the extent Stronghold reasonably determines that such relocation is necessary to protect the Bitcoin Miners and PDUs from hazardous conditions, due to commercially unacceptable interference (as defined in Section 5.2), or to perform maintenance work on the Bitcoin Miners and PDUs. Stronghold agrees to provide written notice of any such relocation as soon as reasonably practical (or as set forth in Section 5.2 for commercially unacceptable interference). Stronghold must receive prior written approval from Bitfarms to relocate the Bitcoin Miners and PDUs for any other reason. In any case, the site of relocation shall afford comparable environmental conditions for the Bitcoin Miners and PDUs, comparable accessibility to the Bitcoin Miners and PDUs, and comparable security conditions for the Bitcoin Miners and PDUs. Stronghold shall not arbitrarily or capriciously relocate the Bitcoin Miners and PDUs. If the Bitcoin Miners and PDUs are relocated according to this Section 5.1, the cost of relocating the Bitcoin Miners and PDUs shall be borne exclusively by Stronghold.
- 5.2. Commercially Unacceptable Interference. If at any time any Bitcoin Miners and PDUs cause commercially unacceptable interference to other equipment at Panther Creek and such interference cannot be cured within ten (10) days, Stronghold may, with prior written notice to Bitfarms, relocate such Bitcoin Miners and PDUs at Bitfarms's sole expense. Interference as used herein means either (i) damages to Stronghold network infrastructure, (ii) damages to energy sources throughout Panther Creek, and/or (iii) significant negative impact on other miners' hash rate performance or (iv) to other equipment, goods or material at Panther Creek
- 5.3. Equipment Removal and Replacement. During the Term or any renewal Term, Bitfarms shall have the right to replace Bitcoin Miners and PDUs at Panther Creek if Bitfarms reasonably determines that such replacement will be economically beneficial. For the avoidance of doubt, a replacement Bitcoin Miner will be deemed economically beneficial if such replacement Bitcoin Miner (i) has the same or higher hash rate capacity as the replaced Bitcoin Miner and (ii) has the same or better efficiency than the replaced Bitcoin Miners and PDUs. In that event, Stronghold agrees, at Bitfarms's sole cost upon not less than thirty (30) Business Days' notice, to remove the Bitcoin Miners and PDUs that are being replaced and arrange for the delivery of such removed Bitcoin Miners and PDUs to Bitfarms upon the delivery by Bitfarms of the replacement Bitcoin Miners and PDUs to Stronghold at Panther Creek.

6. Bitfarms Responsibilities.

- 6.1. Insurance. Bitfarms acknowledges that Stronghold is not an insurer, and the Bitcoin Miners and PDUs in respect of which Bitfarms holds title are not covered by any insurance policy held by Stronghold. Bitfarms is responsible for obtaining insurance coverage for such Bitcoin Miners and PDUs for up to the full replacement cost of the Bitcoin Miners and PDUs during the Hosting Term, and Bitfarms's failure to maintain the insurance coverage as required by this provision shall be a material breach of this Agreement. Bitfarms shall assume responsibility for all costs related to damage to Stronghold's personnel and/or property as a result of Bitfarms's gross negligence. In respect of those Bitcoin Miners and PDUs covered by Bitfarms, Bitfarms's insurance must be primary and non-contributory with respect to the Bitcoin Miners and PDUs and shall contain a waiver of subrogation clause in favor of Stronghold and shall name Stronghold as an additional insured.
- 6.2. Equipment in Good Working Order. Bitfarms represents and warrants that all Bitcoin Miners and PDUs delivered to Stronghold under the Agreement are functioning properly and suitable for use at the Mining Facility. To the extent that any Bitcoin Miner or PDU is deemed to be malfunctioning because that Bitcoin Miner or PDU fails to perform properly ("Nonconforming"), Bitfarms may direct Stronghold to attempt to repair that Nonconforming Bitcoin Miner or PDU with all spare parts to be provided by Bitfarms or may replace that Nonconforming Bitcoin Miner or PDU with a Replacement Bitcoin Miner or PDU provided at Bitfarms's sole cost and expense. It is understood that Bitfarms is responsible for any costs associated with the troubleshooting and repair of Nonconforming Bitcoin Miners and PDUs including labor, parts and replacement of Nonconforming Bitcoin Miners or PDUs. Stronghold is not responsible in any way for installation delays or loss of profits as a result of Nonconforming Bitcoin Miners or PDUs. Once the Bitcoin Miners and PDUs are delivered by Bitfarms to Stronghold, confirmed by both Parties hereto to be in good working order, and installed and operational, Stronghold shall ensure the ongoing services as stated in this Agreement. For the avoidance of doubt, this provision shall not apply in the event any defect and/or unsuitability of use of the Bitcoin Miners or PDUs is caused by the gross negligence or willful misconduct of Stronghold.
- 6.3. Compliance with Laws. Bitfarms's use of Panther Creek and the Associated Equipment located at the Panther Creek shall conform to all applicable Law, including international Law, the Law of the jurisdictions in which Bitfarms is doing business and where Panther Creek is located. As used herein, "Law" means any law, statute, rule, protocol, procedure, exchange rule, tariff, decision, requirement, writ, order decree or judgement adopted by or any interpretation hereof by any court, government agency, regulatory body, instrumentality or any other entity, including an electric utility, retail electric provider, regional transmission organization or independent system operator. In the event that there is a new Law or a change in Law that causes Stronghold to directly or indirectly incur new or additional costs in connection with this Agreement, which cost exceeds more than \$10,000 per month, Stronghold shall notify Bitfarms as soon as reasonably practicable, and Bitfarms shall have ten (10) days to decide whether to accept or reject such pass through costs. If Bitfarms rejects the pass through costs, then either Party may terminate this Agreement without incurring further liabilities or obligations to the other Party (notwithstanding obligations due prior to and up until the time where notice of termination is provided). If Bitfarms does not reject the pass through costs, then Stronghold may pass through such costs to Bitfarms without markup. Bitfarms shall timely cooperate in any audit or review of Bitfarms's compliance with the terms hereof conducted by or on behalf of Stronghold, responding accurately and completely to all inquiries, and providing any requested documents.

This includes, but is not limited to network failures, pool operator failures, denial of service attacks, currency network outages, blockchain network outages or failures, hacking or malicious attacks on the crypto networks or exchanges, power outages, or acts of God. NOTWITHSTANDING SECTION 7.5 OF THIS AGREEMENT, STRONGHOLD SHALL HAVE NO OBLIGATION, RESPONSIBILITY, AND/OR LIABILITY FOR ANY INTERRUPTION OR DEFECTS IN ASSOCIATED EQUIPMENT FUNCTIONALITY. 8. **Limitations on Liability.** IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY OR ANY OTHER PERSON, FIRM, OR ENTITY IN ANY RESPECT, FOR ANY INDIRECT, CONSEQUENTIAL, SPECIAL, INCIDENTAL, RELIANCE, EXEMPLARY, OR PUNITIVE DAMAGES, INCLUDING LOSS OF PROFITS OF ANY KIND OR NATURE WHATSOEVER, LOSS OF BUSINESS, LOSS OF DATA OR COST OF COVER OF ANY KIND OR NATURE WHATSOEVER, ARISING OUT OF OR RELATING TO THE SUBJECT OF THIS AGREEMENT INCLUDING MISTAKES, NEGLIGENCE, ACCIDENTS, ERRORS, OMISSIONS, INTERRUPTIONS, OR DEFECTS IN TRANSMISSION, OR DELAYS, INCLUDING, BUT NOT LIMITED TO, THOSE COSTS AND LIABILITIES WHICH MAY BE CAUSED BY REGULATORY OR JUDICIAL AUTHORITIES ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE OBLIGATIONS OF SUCH PARTY PURSUANT TO THIS AGREEMENT, EVEN IF ADVISED OF THE POSSIBILITY THEREOF.
