Zhongshan, China, January 11, 2013 - China Ming Yang Wind Power Group Limited (“Ming Yang” or the “Company”) (NYSE: MY), a leading wind turbine manufacturer in China, announced today that the New York Stock Exchange has notified the Company about significant and unusual trading activity in the Company’s American depository shares on January 10 and requested the Company to respond by press release to the unusual activity.

Ming Yang wishes to confirm that the management of the Company is unaware of any specific reason for the recent significant increase in the Company’s share price and trading volume, other than China’s recently announced plan to increase installed wind power capacity by 18GW in 2013, representing an increase of 29% from 63GW at the end of 2012, as reported in the media. In particular, there have been no corporate developments or events to support this significant and unusual trading activity.
