Annual Meeting of Shareholders to be Held

Wednesday, August 10, 2005

---

### INTRODUCTION

The enclosed proxy is being solicited by our board of directors for use in connection with our annual meeting of shareholders to be held on Wednesday, August 10, 2005 at the Marriott Southwest Hotel, 5801 Opus Parkway, Minnetonka, Minnesota 55343, at 3:30 p.m., central time, and at any adjournments thereof. The mailing of this proxy statement and our board of directors' form of proxy to shareholders will commence on or about July 7, 2005.

The board of directors requests that you vote on the proposals described in this proxy statement. You are invited to attend the meeting, but you do not need to attend the meeting in order to vote your shares. Instead, you may follow the instructions below to vote your shares over the telephone or on the Internet, or you can complete, sign and return the enclosed proxy card.

#### *What is the purpose of the annual meeting?*

At the annual meeting we will ask our shareholders to vote on three matters:

1. to elect a board of directors of six directors, to serve until the next annual meeting of shareholders or until their successors have been duly elected and qualified;
2. to approve the Stellent, Inc. 2005 Equity Incentive Plan, which combines 878,855 shares currently available for awards pursuant to existing equity incentive plans with 2,321,145 additional shares to provide a maximum of 3,200,000 shares available for equity incentive awards under the plan; and
3. to ratify the appointment of Grant Thornton LLP as our independent auditors for the fiscal year ending March 31, 2006;

as well as to transact other business that may properly be brought before the meeting. Following the formal portion of the meeting, our management will report on our performance and answer questions from our shareholders.

#### *Who is entitled to vote at the meeting?*

Only shareholders of record at the close of business on June 24, 2005 will be entitled to vote at the meeting or adjournments thereof. At the close of business on the record date, we had 27,852,799 shares of our common stock outstanding and entitled to vote. Every share is entitled to one vote on each matter that comes before the meeting.

#### *Who is entitled to attend the meeting?*

Subject to space availability, all shareholders as of the record date, or their duly appointed proxies, may attend the meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration will begin at 3:00 p.m. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Please also note that if you hold your shares in “street name” (that is, through a broker or other nominee), and you wish to vote your shares at the meeting, instead of by proxy, you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

### ***What constitutes a quorum?***

A majority of the shares outstanding on the record date, present in person or represented by proxy, will constitute a quorum for the transaction of business at the meeting. If a quorum is present, the meeting can proceed. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of determining whether there is a quorum.

### ***How do I vote?***

Proxies in the accompanying form that are properly signed and duly returned to us, or if you hold your shares through a broker or bank, voted by telephone or through the Internet in accordance with the voting instructions set forth below, and not revoked, will be voted in the manner specified.

To vote by mail:

Mark your selections on the proxy card.

Date and sign your name exactly as it appears on your proxy card.

Mail the proxy card in the enclosed postage-paid envelope.

If you hold your shares through a broker or bank, to vote by Internet:

Go to the web site at [www.eproxy.com/stel](http://www.eproxy.com/stel), 24 hours a day, seven days a week.

You will be prompted to enter information from your proxy card and the last four digits of the U.S. Social Security Number or Tax Identification Number for this account to obtain your records and create an electronic ballot. If you do not have a U.S. Social Security Number or Tax Identification Number, please leave blank.

Complete the electronic ballot and submit your voting instructions.

If you hold your shares through a broker or bank, to vote by telephone:

From a touch-tone telephone, call the toll-free number printed on your proxy card or electronic notification, 24 hours a day, seven days a week.

Enter the control number shown on your proxy card or electronic notification.

Follow the simple recorded instructions.

If you are a registered shareholder and attend the annual meeting, you may deliver your proxy in person. If you hold your shares in “street name,” you need to obtain a proxy form from the institution that holds your shares.

### ***May I change my vote after I return my proxy card?***

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with our corporate secretary either a notice of revocation or a duly executed proxy bearing a later date. Alternatively, if you have voted by telephone or through the Internet, you may change your vote by calling the toll-free number again and following the instructions, or by accessing the web site and following the instructions. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

***What is the recommendation of the board of directors on voting my shares?***

Our board of directors recommends a vote *for* the election of the six nominated directors to constitute the board of directors; *for* approval the 2005 Equity Incentive Plan; and *for* the ratification of Grant Thornton LLP as our independent auditors. If any other matters come up for a vote at the meeting, the proxy holders will vote in line with the recommendations of the board of directors or, if there is no recommendation, at their own discretion.

***What vote is required to approve each item?***

**Election of Directors.** Directors are elected by a plurality of the voting power of the shares of common stock entitled to vote and present in person or represented by proxy at the meeting. For this purpose, a properly executed proxy marked “WITHHELD” with respect to the election of director nominees will be counted for purposes of determining whether there is a quorum, but will have no effect on the outcome of the vote on the election of directors.

**Other Items.** For all other items that properly come before the meeting, the affirmative vote of a majority of the outstanding shares of common stock entitled to vote and present in person or represented by proxy at the meeting is required for approval. A properly executed proxy marked “ABSTAIN” with respect to any such matter will be counted for purposes of determining whether there is a quorum and will be considered present in person or by proxy and entitled to vote.

***What is the effect of abstentions and broker non-votes?***

If shareholders indicate on their proxy that they wish to abstain from voting on a particular proposal, including brokers holding their customers’ shares of record who cause abstentions to be recorded, these shares are considered present and entitled to vote at the meeting. These shares will count toward determining whether or not a quorum is present. However, these shares will not be considered cast with respect to the proposal for which they abstain from voting and will not be taken into account in determining the outcome of any of those proposals. Accordingly, an abstention will have the effect of a “NO” vote.

If a shareholder does not give a broker holding the shareholder’ s shares instructions as to how to vote the shares, the broker has authority under New York Stock Exchange rules to vote those shares for or against “routine” matters, such as the election of directors and the ratification of Grant Thornton LLP as our independent auditors. Brokers cannot vote on their customers’ behalf on “non-routine” proposals, such as the approval of the 2005 Equity Incentive Plan. These rules apply to us notwithstanding the fact that shares of our common stock are traded on The Nasdaq National Market. If a broker votes shares that are unvoted by its customers for or against a “routine” proposal, these shares are counted for the purpose of establishing a quorum and also will be counted for the purpose of determining the outcome of the “routine” proposals on which they are cast. Shares held by a broker on behalf of a shareholder will not be considered cast with respect to any “non-routine” proposals and will not be taken into account in determining the outcome of any “non-routine” proposals.

***May the meeting be adjourned?***

If a quorum is not present to transact business at the meeting or if we do not receive sufficient votes in favor of the proposals by the date of the meeting, the persons named as proxies may propose one or more adjournments of the meeting to permit solicitation of proxies. Any adjournment would require the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting.

***Who pays the expenses incurred in connection with the solicitation of proxies?***

We will pay the cost of soliciting proxies in the accompanying form. In addition to solicitation by the use of the mail, certain directors, officers and regular employees may solicit proxies by telephone, the Internet, email or personal interview, and may request brokerage firms and custodians, nominees and other

record holders to forward soliciting materials to the beneficial owners of our shares. We will reimburse them for their reasonable out-of-pocket expenses in forwarding these materials.

We have also engaged The Proxy Advisory Group of Strategic Stock Surveillance, LLC to assist in the solicitation of proxies and provide related advice and informational support, for a services fee and reimbursement of customary disbursements that are not expected to exceed \$20,000 in the aggregate.

***How may I obtain additional copies of the annual report?***

Our annual report for our fiscal year ended March 31, 2005, known as fiscal 2005, including financial statements, is enclosed. The annual report is also available online at [www.stellent.com](http://www.stellent.com). For additional printed copies, which are available without charge, please contact our corporate secretary by mail at Stellent, Inc., c/o Corporate Secretary, 7777 Golden Triangle Drive, Eden Prairie, Minnesota 55344.

***What is the deadline for submitting a shareholder proposal for the 2006 annual meeting?***

We must receive shareholder proposals intended to be presented at the 2006 annual meeting of shareholders that are requested to be included in the proxy statement for that meeting at our principal executive office no later than March 9, 2006. We must receive any other shareholder proposals intended to be presented at the 2006 annual meeting of shareholders at our principal executive office no later than May 12, 2006. The inclusion of any shareholder proposals in such proxy materials will be subject to the requirements of the proxy rules adopted under the Securities Exchange Act of 1934, including Rule 14a-8. Written copies of all shareholder proposals should be sent to our principal executive offices at Stellent, Inc., c/o Corporate Secretary, 7777 Golden Triangle Drive, Eden Prairie, Minnesota 55344.

### **Board of Directors Meetings and Attendance**

Our board of directors held 13 meetings during fiscal 2005 and acted by written consent in lieu of a meeting on seven occasions. During fiscal 2005, each director attended all of the meetings of our board of directors and of the board committees on which the director serves.

### **Committees of Our Board of Directors**

The board has an audit committee, established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, a compensation committee and a corporate governance and nominating committee. Following is a description of the functions performed by these committees.

#### *Audit Committee*

In accordance with its charter, our audit committee consists of at least three independent non-employee directors. The audit committee currently consists of Messrs. Tucker, as chairman, Holec, Menkes, Soran and Waldron. The board of directors has determined that all members of the audit committee are “independent” as that term is defined in the applicable listing standards of The Nasdaq Stock Market. In addition, the board of directors has determined that Mr. Tucker has the financial experience required by the applicable Nasdaq listing standards and is an “audit committee financial expert” as defined by applicable regulations of the Securities and Exchange Commission. The audit committee oversees our financial reporting process by, among other things, reviewing our accounting and auditing principles and procedures with a view toward providing for adequate internal controls and reliable financial records, reviewing and reassessing the audit committee charter annually, recommending and taking action to oversee the independence of the independent auditors, selecting and appointing the independent auditors and approving all fees of, as well as the provision of any non-audit services by, our independent auditors. The audit committee met eight times during fiscal 2005. The responsibilities of the audit committee are set forth in the audit committee charter, adopted by the board in August 2000, and amended and restated most recently on June 2, 2004. A copy of the audit committee charter was included as an exhibit to the proxy statement for our 2004 annual meeting of shareholders as is available on our website at [www.stellent.com](http://www.stellent.com).

#### *Compensation Committee*

We also maintain a compensation committee to provide recommendations concerning salaries, stock options and incentive compensation for our executive officers and employees. The compensation committee administers all of our equity incentive plans and our employee stock purchase plan. The members of the

compensation committee are Messrs. Holec, as chairman, Menkes, Soran, Tucker and Waldron. The compensation committee met six times and took action, by written action in lieu of a meeting, once during fiscal 2005. A copy of the compensation committee charter is available on our website at [www.stellent.com](http://www.stellent.com).

### *Corporate Governance and Nominating Committee*

In accordance with its charter, the corporate governance and nominating committee monitors and recommends to the board corporate governance principles and business conduct guidelines, including overseeing the process for selecting director candidates, recommending to the board director nominees and reviewing and recommending as necessary, changes in the size and composition of the board and its committees. The charter of the corporate governance and nominating committee is available on our website at [www.stellent.com](http://www.stellent.com). The corporate governance and nominating committee members are Messrs. Waldron, as chairman, Holec, Menkes, Soran and Tucker. The corporate governance and nominating committee met three times during fiscal 2005.

### **Director Independence**

Our board of directors has determined that all of its members except Mr. Olson are “independent,” as that term is used in Section 10A of the Securities Exchange Act of 1934, and as that term is defined in Rule 4200(a)(15) of the National Association of Securities Dealers regulations.

### **Director Qualifications and Director Nominee Selection Policy**

The corporate governance and nominating committee is responsible for recommending nominees for election to the board of directors. The corporate governance and nominating committee is responsible for reviewing with the board, on an annual basis, the requisite skills and characteristics of individual board members, as well as the composition of the board as a whole, in the context of our needs. The corporate governance and nominating committee reviews all nominees for director and recommends to the board those nominees whose attributes it believes would be most beneficial to us. This assessment will include such issues as experience, integrity, competence, diversity, age, skills and dedication in the context of the needs of the board.

The corporate governance and nominating committee has established a policy that it will consider persons recommended by shareholders in selecting nominees for election to the board. Shareholders who wish to suggest qualified candidates should write to: Stellent, Inc., 7777 Golden Triangle Drive, Eden Prairie, Minnesota 55344, Attention: Corporate Governance and Nominating Committee, c/o Corporate Secretary. All recommendations should state in detail the qualifications of such persons for consideration by the corporate governance and nominating committee and should be accompanied by an indication of the person’s willingness to serve. If a shareholder wishes to nominate a director other than a person nominated by or on behalf of the board of directors, he or she must comply with certain procedures set out in our bylaws.

### **Compensation Committee Interlocks and Insider Participation**

No executive officer serves as a member of the board of directors or compensation committee of any entity that has any of its executive officers serving as a member of our board of directors or compensation committee.

### **Director Compensation**

Effective May 10, 2005, the board established a director compensation policy under which each member of the board who is not an employee of our company will receive on an annual basis \$37,500 in cash and the grant of an option to purchase 12,500 shares of our common stock, subject to the availability of such shares under our applicable stock option plans. All option grants to directors have been, and will be, made at the fair market value of our common stock on the date of grant. Each option grant vests, so

long as such person remains a director, ratably at the end of each quarter in our fiscal year, ending on the last day of our fiscal year. The chair of the audit committee will receive an additional \$16,000 in cash annually and each chair of each other committee will receive an additional \$8,000 in cash annually.

### **Attendance at Annual Meeting**

All directors are encouraged to attend the annual meeting of shareholders. All directors at the time of the 2004 annual meeting of shareholders attended that meeting.

### **Procedures for Contacting the Board of Directors**

Security holders may communicate with any director in writing by mail addressed to our headquarters to the attention of the director by name, title or to any board member generally. Except for suspicious mail, mail received by us addressed to the attention of a director by name or title will be forwarded, unopened, to that director.

Suspicious mail received by us that is addressed to the attention of a director may be segregated by us and investigated by us or appropriate private or government agencies. Suspicious mail that eventually is determined to be benign and that is addressed to the attention of a director by name or title will be forwarded to that director.

Mail received by us addressed to the attention of any board member generally, without specifying a director by name or title, will be forwarded by us unopened to the Chairman of the Board.

**OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF EACH OF THE SIX NOMINEES LISTED ABOVE TO CONSTITUTE OUR BOARD OF DIRECTORS.**

## PROPOSAL 2

### APPROVAL OF 2005 EQUITY INCENTIVE PLAN

#### Current and Proposed Equity Incentive Plans

We currently maintain five equity incentive plans, known as the Current Plans, under which we may, based on the provisions of the applicable plan, issue equity incentive awards to employees, including in some cases executive officers, director, and consultants. Not all of the Current Plans allow awards to be granted to all categories of potential award recipients. The Current Plans consist of our 1994-1997 Stock Option Plan, our 1997 Director Stock Option Plan, our 1999 Employee Stock Option and Compensation Plan, our 2000 Stock Incentive Plan and our 2000 Employee Stock Incentive Plan. Our 1999 Employee Stock Option and Compensation Plan and our 2000 Employee Stock Incentive Plan have not previously been approved by shareholders, because such approval was not required prior to July, 2003. In response to a changing compensation environment, we wish to combine the shares available for future awards under the Current Plans with additional shares under a new, comprehensive, 2005 Equity Incentive Plan. In addition to the Current Plans, we maintain four other equity incentive plans, known as the Acquired Plans, that we obtained through acquisitions of subsidiaries. No additional awards may be issued from any of the Acquired Plans.

We historically have included equity incentives as a significant component of compensation for a broad range of our employees. Our board of directors believes that the amount and variety of equity incentive awards that we will be able to offer under the proposed 2005 Equity Incentive Plan are critical to maintaining our position within the competitive market for qualified personnel.

Subject to shareholder approval, our board of directors established our 2005 Equity Incentive Plan with a total share reserve of 3,200,000 shares of common stock. Of these shares, the following amount of shares were available for grants at June 24, 2005 under the plans indicated: (a) 151,892 shares were under the 1994-1997 Stock Option Plan, (b) 230,834 shares under the 1997 Director Stock Option Plan, (c) 177,847 shares under the 1999 Employee Stock Option and Compensation Plan, (d) 261,586 shares under the 2000 Stock Incentive Plan and (e) 56,696 shares under the 2000 Employee Stock Incentive Plan. Upon shareholder approval of the 2005 Equity Incentive Plan, we will suspend the Current Plans so that no new stock awards will be granted under those plans. Outstanding awards under the Current Plans will remain outstanding, and any shares issued under those awards will be issued from the shares reserved for the Current Plans. Upon shareholder approval of the 2005 Equity Incentive Plan, if any of the outstanding awards relating to the Current Plans terminate unexercised, then the shares subject to those terminated awards will be available for issuance under the 2005 Equity Incentive Plan. Any shares granted as awards other than options or stock appreciation rights are counted against this limit as one and four tenths (1.4) shares for every one share granted.

As of March 31, 2005, there were 6,685,865 shares subject to issuance upon exercise of options under all of our equity incentive plans, at a weighted average exercise price of \$9.186, and with a weighted average remaining life of 7.6 years. As of March 31, 2005 there were 1,448,291 shares available for future awards under all plans. As of June 24, 2005, there were 7,087,378 shares subject to issuance upon exercise of options under all of our equity incentive plans, at a weighted average exercise price of \$9.153, and with

a weighted average remaining life of 7.1 years. As of June 24, 2005 there were 878,855 shares available for future awards under all plans. The following table sets forth information about our equity incentive plans.

The full, authoritative text of the 2005 Equity Incentive Plan is attached hereto as Exhibit A. A summary follows for convenience only. Subject to shareholder approval, only the 2005 Equity Incentive Plan document itself is binding on our company or any participant in the 2005 Equity Incentive Plan.

By combining the 878,855 shares available under the Current Plans as of June 24, 2005 with 2,321,145 additional shares to create the share reserve for the 2005 Equity Incentive Plan, our board of directors believes that awards available under the 2005 Equity Incentive Plan will allow us to motivate our current and future directors, officers, employees and consultants to put forth maximum effort for our continued success and growth. If the shareholders fail to approve this proposal, the Current Plans will remain in effect as they each existed immediately prior to this proposal. In that case, we would be limited to issuing no more than the available awards described in the table above.

### Market Price of Our Common Stock

The closing market price of our common stock on June 24, 2005 was \$7.54 per share.

### Summary Description of the 2005 Equity Incentive Plan

#### Purpose of the 2005 Plan

The purpose of the 2005 Plan is to motivate our key personnel to produce a superior return for our shareholders by offering them an opportunity to realize stock appreciation, by facilitating their ownership of our common stock and by rewarding them for achieving a high level of corporate performance. The 2005 Plan is also intended to facilitate recruiting and retaining key personnel, including outside directors, consultants and advisors, of outstanding ability.

### **Shares Available Under the 2005 Plan**

*Shares Available.* Upon shareholder approval the 2005 Plan, 3,200,000 shares of our common stock will be authorized for awards under the 2005 Plan, provided that this number will be increased by any awards under the Current Plans that are not used because the terms and conditions of the award are not met, by any unexercised or undistributed portion of any terminated, expired, exchanged, or forfeited awards under the Current Plans, or by any awards under the Current Plans settled in cash in lieu of shares. This number also is subject to adjustment for future stock splits, stock dividends and similar changes in the capitalization of our company. The 2005 Plan will remain in effect until all shares subject to it have been distributed or until all awards have expired or lapsed. In addition, our board of directors may terminate the

2005 Plan at any time, subject to the conditions stated in the 2005 Plan. The 2005 Plan is not subject to the Employee Retirement Income Security Act of 1974 and is not a “qualified plan” under Section 401(a) of the Internal Revenue Code of 1986.

***Calculation of Shares Used in Award Grants.*** For the purposes of computing the total number of shares granted under the 2005 Plan, the following rules will apply:

each share that is subject to an award of options or stock appreciation rights will be counted against the shares available under the 2005 Plan as one (1) share;

each share (or security that is convertible into, or equivalent to, a share) that is subject to any award other than options or stock appreciation rights will be counted against the shares available under the 2005 Plan as one and four tenths (1.4) shares;

where the number of shares available under an award is variable on the date it is granted, the number of shares subject to the award will be considered to be the maximum number of shares that could be received under that particular award;

where two or more types of awards are granted, such that the exercise of one type of award cancels at least an equal number of shares of the other, the award will be considered to be the equivalent of the maximum number of shares available under the largest single award; and

for performance units denominated in dollars, the number of shares counted against the shares available for distribution under the 2005 Plan shall be equal to the result of dividing the dollar amount for which the performance unit is denominated by the fair market value of one share on the date the performance unit is granted.

## **2005 Plan Administration**

The 2005 Plan is administered by a committee of two or more non-employee members of the board of directors, or by action of the board of directors as permitted in the 2005 Plan. In the event of a conflict between a permitted action of the board of directors and an action of the committee, the action of the board of directors controls. The committee has the authority to interpret the 2005 Plan and any award or agreement made under the 2005 Plan. The committee also has the authority, subject to the terms of the 2005 Plan, to establish, amend, waive and rescind any rules relating to the 2005 Plan. The committee is also responsible for determining when and to whom awards will be granted, the form of each award, the amount of each award and any other terms of an award, consistent with the 2005 Plan.

Members of the committee are designated by our board of directors and serve on the committee for an indefinite term, at the discretion of our board of directors. The committee may delegate all or any portion of its authority to persons who are not non-employee directors solely for purposes of determining and administering awards to persons who are not insiders of our company and who are not, and are not anticipated to become, “covered employees” as defined in Section 162(m)(3) of the Internal Revenue Code of 1986.

## **Eligibility**

All of our employees and persons who provide services to us and our affiliates, including directors, advisors and consultants, are eligible to receive awards under the 2005 Plan. The selection of those to whom awards under the 2005 Plan are made is within the sole discretion of the committee.

## **Types of Awards Under the 2005 Plan**

The types of awards that may be granted under the 2005 Plan include incentive and non-statutory stock options, stock appreciation rights, performance units, restricted stock and other stock-based awards. The following is a brief description of the material characteristics of each type of award.

***Incentive and Non-Statutory Stock Options.*** Incentive stock options are options designated by the committee as incentive stock options that comply with the requirements of Section 422 of the Internal Revenue Code of 1986 or any successor provision. Non-statutory stock options are all options other than incentive stock options. Stock options may be granted and exercised at such times as the committee may determine, but no more than 500,000 shares of common stock underlying stock options may be granted to any one person in any year. The purchase price of each share subject to an option shall be determined by the committee and set forth in an option agreement, and, except where determined otherwise by the committee, shall not be less than 100% of the fair market value of a share as of the date the option is granted. No stock option may be exercised more than 10 years after the date of grant. Each option shall be exercisable in whole or in part on the terms provided in the agreement. In no event shall any option be exercisable at any time after the expiration of its term. When an option is no longer exercisable, it shall be deemed to have lapsed or terminated.

The purchase price of the shares with respect to which an option is exercised shall be payable in full at the time of exercise. The purchase price may be payable in cash, by delivery or tender of shares having a fair market value as of the date the option is exercised equal to the purchase price of the shares being purchased pursuant to the option, or a combination thereof, as determined by the committee, but no fractional shares will be issued or accepted. A participant exercising a stock option shall not be permitted to pay any portion of the purchase price with shares if, in the opinion of the committee, payment in such manner could have adverse financial accounting consequences for our company.

With respect to incentive stock options, the committee retains full authority to impose other conditions, limitations or provisions where needed to qualify the option as an incentive stock option. For example, the purchase price of each share subject to an incentive stock option shall not be less than 100% of the fair market value of a share as of the date the incentive stock option is granted if this limitation is necessary to qualify as an incentive stock option. The aggregate fair market value of the shares with respect to which incentive stock options held by an individual first become exercisable in any calendar year shall also not exceed \$100,000 (or such other limit required by law) if this limitation is necessary to qualify the option as an incentive stock option. Any stock options exceeding this limit will be treated as non-statutory stock options. An incentive stock option will also not be exercisable more than 10 years after the date of grant (or such other limit imposed by law) if this limitation is necessary to qualify the option as an incentive stock option.

In addition, no participant may receive an incentive stock option under the 2005 Plan if, at the time the award is granted, the participant owns shares possessing more than 10% of the total combined voting power of all classes of stock of our company or our subsidiaries, unless (1) the option price for that incentive stock option is at least 110% of the fair market value of the shares subject to that incentive stock option on the date of grant and (2) that option is not exercisable after the date five years from the date of grant.

***Stock Appreciation Rights and Performance Units.*** The recipient of a stock appreciation right receives, upon exercise of the right and subject to the terms and conditions specified by the committee, all or a portion of the excess of the fair market value of a specified number of shares as of the date of exercise of the right over a specified price that shall not be less than 100% of the fair market value of such shares as of the date of grant of the right. Payment shall be made upon exercise of a stock appreciation right, subject to terms and conditions imposed by the committee in the agreement. No stock appreciation right shall be exercisable at any time after the expiration of its term, and when a stock appreciation right is no longer exercisable, it shall be deemed to have lapsed or terminated. No stock appreciation right may be exercised more than 10 years after the date of grant. In no event may a participant be awarded more than 500,000 shares in the form of stock appreciation rights in any year.

An award of performance units under the 2005 Plan entitles the recipient to future payments of cash, shares or a combination of cash and shares, as determined by the committee, based upon the achievement of pre-established performance targets. The committee shall determine the extent to which performance targets have been attained and the amount of payment due for such satisfaction.

Note that an agreement may permit an acceleration of the performance cycle, and an adjustment of performance targets and payments with respect to some or all of the performance units awarded to a participant, upon the occurrence of certain events, which may, but need not include, without limitation, a fundamental change in our company as defined in the 2005 Plan, the participant's death or retirement or other events affecting the capitalization of our company.

***Restricted Stock and Other Stock-Based Awards.*** The committee may award restricted stock under the 2005 Plan, which is stock subject to specified restrictions on transfer and conditions of forfeiture. Except as provided in the agreement related to the restricted stock award, a holder of restricted stock shall have all the other rights of a shareholder, including the right to receive dividends and the right to vote. No more than 1,500,000 of the total number of shares available as awards under the 2005 Plan shall be issued as restricted stock.

The committee may also award stock or other awards, such as securities convertible into stock and phantom securities. The granting of such awards is within the discretion of the committee; however, no more than 750,000 of the total number of shares available for awards under the 2005 Plan shall be issued during the term of the 2005 Plan in the form of stock without restrictions.

#### **Acceleration of Awards, Lapse of Restrictions, Forfeiture**

The committee may provide in an award agreement for the lapse or waiver of restrictions or conditions on restricted stock or other awards, or acceleration of the vesting of stock options, stock appreciation rights and other awards, or acceleration of the term with respect to which the achievement of performance targets for performance units is determined in the event of a fundamental change in the corporate structure of our company, upon a change of control of our company or upon the participant's death, disability or retirement.

If the participant's employment or other relationship with our company or our affiliates is terminated for any reason, then any unexercised portion of the award will generally be forfeited, except as provided in the award agreement or by the committee.

#### **Adjustments, Modifications, Termination**

The board of directors may at any time terminate, suspend or modify the 2005 Plan. And, except as where stated otherwise in the 2005 Plan, the committee may at any time alter or amend any or all agreements under the 2005 Plan to the extent permitted by law, subject to shareholder approval required to comply with applicable laws or any securities exchange on which the shares are listed by the Company. No termination, suspension, or modification of the 2005 Plan will materially and adversely affect any right acquired by a participant before the date of such termination, suspension, or modification. However, any and all adjustments made in response to changes in the capitalization of our company will be conclusively presumed to not adversely affect any rights of award recipients. If we experience a change in capitalization, a fundamental change, or any other relevant change as described in the 2005 Plan, the committee may make appropriate adjustments to the awards in order to prevent enlargement of rights or inappropriate dilution of rights.

#### **Federal Tax Considerations (United States Only)**

This section summarizes the material federal income tax consequences that may result from awards made under the 2005 Plan. Because this is only a summary, issues that are material to a participant may not be discussed. Furthermore, the tax laws are subject to legislative changes and new or revised administrative or judicial interpretations. Participants may also incur foreign, state or local tax consequences that are not discussed in this summary.

***Incentive Stock Options.*** Participants will realize no taxable income, and we will not be entitled to any related deduction, when participants are granted an incentive stock option. If certain statutory employment and holding period conditions are satisfied before a participant disposes of the shares acquired

pursuant to the exercise of such an option, then the participant will not realize any taxable income upon the exercise of such an option and we will not be entitled to any deduction in connection with such exercise. Upon disposition of the shares after expiration of the statutory holding periods, any gain or loss a participant realizes will be a capital gain or loss. We will not be entitled to a deduction with respect to a disposition of the shares by a recipient after the expiration of the statutory holding periods.

Except in the event of death, if a recipient disposes of the shares acquired upon exercise of an incentive stock option before the expiration of the statutory holding periods, the recipient will be considered to have realized as compensation, taxable as ordinary income in the year of disposition in an amount, not exceeding the gain realized on such disposition, equal to the difference between the exercise price and the fair market value of the shares on the date of exercise of the option. We will be entitled to a deduction at the same time and in the same amount as the participant is deemed to have realized ordinary income. Any gain realized on the disposition in excess of the amount treated as compensation or any loss realized on the disposition will constitute capital gain or loss, respectively. If a participant pays the option price with shares that were originally acquired pursuant to the exercise of an incentive stock option and the statutory holding periods for such shares have not been met, the participant will be treated as having made a disqualifying disposition of such shares, and the tax consequences of such disqualifying disposition will be as described above.

The foregoing discussion applies only for regular tax purposes. For alternative minimum tax purposes, an incentive stock option will be treated as if it were a non-statutory stock option, the tax consequences of which are discussed below.

**Non-Statutory Stock Options.** Participants will realize no taxable income, and we will not be entitled to any related deduction, when any nonqualified stock option is granted under the 2005 Plan. Upon exercise of a nonqualified stock option, a participant will realize ordinary income, and we will be entitled to a deduction, equal to the excess of the fair market value of the shares on the date of exercise over the option price. Upon disposition of the shares, any additional gain or loss realized by a participant will be taxed as a capital gain or loss.

**Stock Appreciation Rights and Performance Units.** Generally, participants will realize no income upon the award of a stock appreciation right or performance units. Participants will realize ordinary income, and we will be entitled to a corresponding deduction, when cash or shares are delivered to a participant upon exercise of a stock appreciation right or in payment of the performance unit award. The amount of ordinary income and deduction will be the amount of cash, plus fair market value of the shares received on the date the participant receives them. Upon a subsequent disposition of shares a participant receives, any additional gain or loss a participant realizes will be taxed as capital gain or loss.

**Restricted Stock and Other Stock-Based Awards.** With respect to awards of unrestricted stock, generally (a) participants will realize ordinary income and we will be entitled to a corresponding deduction upon the grant of the unrestricted stock and (b) the amount of such ordinary income and deduction will be the fair market value of such unrestricted stock on the date of the grant.

Unless a participant files an election to be taxed under Section 83(b) of the Internal Revenue Code of 1986, the following federal tax consequences will generally apply to an award of restricted stock:

a participant will not realize income upon the grant of the restricted stock;

a participant will realize ordinary income, and we will be entitled to a corresponding deduction, when the restrictions on the participant's stock have been removed or have expired; and

the amount of a participant's ordinary income and our deduction will be the fair market value of the stock on the date the restrictions are removed or expire.

If a participant elects to be taxed under Section 83(b) or if a participant is awarded unrestricted stock, then the tax consequences to the participant and us will be determined as of the date of the grant of the stock, rather than as of the date of the removal or expiration of the restrictions.

When a participant disposes of restricted or unrestricted stock, the difference between the amount the participant receives upon the disposition and the fair market value of the shares on the date the participant realized ordinary income will be taxed as a capital gain or loss.

**Withholding.** The 2005 Plan permits us to withhold from cash awards, and to require participants to pay us, cash sufficient to cover any required withholding taxes. In lieu of cash, the committee may permit participants to cover withholding obligations through a reduction in the number of shares delivered to participants or through the surrender to us of shares of our common stock that a participant owns.

### **Restrictions on Transfer of Awards**

Except as provided otherwise in the 2005 Plan, the only person who may exercise an option, stock appreciation right, or receive payments pursuant to performance units or any other award, is the participant who received such award under the 2005 Plan.

No award of restricted stock (before the expiration of the restrictions), options, stock appreciation rights, performance units or other award, may be sold, assigned, transferred, exchanged or otherwise encumbered, except under the following limited circumstances:

transfers or grants to a successor in interest in the event of the participant's death;

pursuant to a qualified domestic relations order as defined in the Internal Revenue Code of 1986 or Title 1 of the Employee Retirement Income Security Act of 1974; or

the committee specifically authorizes a transfer of the interest in the award where no consideration accompanies the transfer.

Any attempted transfer not permitted by the 2005 Plan is ineffective. And, where a transfer is authorized, the transferee continues to be subject to the terms and conditions of the award as existed immediately before the transfer.

### **Resale Considerations**

Shares of stock acquired under the 2005 Plan by persons other than our affiliates, as defined in Rule 405 under the Securities Act of 1933, may be resold without further registration under the Securities Act of 1933. Generally, our affiliates may resell the shares obtained under the 2005 Plan as follows:

in compliance with Rule 144 under the Securities Act of 1933;

under an applicable exemption to the registration requirements of the Securities Act of 1933; or

in connection with an effective registration statement under the Securities Act of 1933.

Recipients who are our directors or executive officers or who are directly or indirectly the beneficial owners of more than 10% of any class of equity security that is registered pursuant to Section 12 of the Securities Exchange Act of 1934 must also comply with the reporting and trading requirements of Section 16 of the Securities Exchange Act of 1934 and the rules and regulations of the Securities and Exchange Commission under that statute.

**OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" PROPOSAL 2 TO APPROVE THE 2005 EQUITY INCENTIVE PLAN.**

### EQUITY COMPENSATION PLANS NOT APPROVED BY SECURITY HOLDERS

#### Stellent, Inc. 1999 Employee Stock Option and Compensation Plan

In November 1999, the board adopted the 1999 Employee Stock Option and Compensation Plan, known as the 1999 Plan. The 1999 Plan has not been approved by our shareholders.

*Shares Subject to the 1999 Plan.* As of March 31, 2005, 177,891 shares of our common stock were subject to outstanding awards granted and 750,471 shares remained available for future award grants under the 1999 Plan. If the 2005 Plan is approved, no additional awards will be granted under the 1999 Plan, and if any award granted pursuant to the 1999 Plan expires or terminates without being exercised in full, the unexercised shares released from such award will become available for issuance under the 2005 Plan. If the 2005 Plan is not approved, additional awards may be granted under the 1999 Plan, and if any award granted pursuant to the 1999 Plan expires or terminates without being exercised in full, the unexercised shares released from such award will again become available for issuance under the 1999 Plan. The number of shares available for future grant and previously granted but unexercised awards are subject to adjustment for any future stock dividends, splits, combinations, or other changes in capitalization as described in the 1999 Plan.

*Plan Administration.* The 1999 Plan is administered by a committee of two or more members of the board or if the board has not designated a committee, the board will constitute the committee and administer the 1999 Plan.

*Eligibility.* All employees of our company and its subsidiaries who are not also officers or directors of our company, and consultants to our company or its subsidiaries, are eligible to receive awards under the 1999 Plan.

*Incentive and Non-Statutory Stock Options.* Both incentive stock options and non-statutory stock options may be granted under the terms of the 1999 Plan. However, since the 1999 Plan has not been approved by our shareholders, under the Internal Revenue Code of 1986, incentive stock options may not be granted under the 1999 Plan. The exercise price of an option is determined by the committee. The exercise price may not be less than 100% of the fair market value, as defined in the 1999 Plan, of our

common stock on the date the option is granted. Stock options may be granted and exercised at such times as the committee may determine, provided that the term shall not exceed ten years and one day from the date of grant. The purchase price for common stock purchased upon the exercise of stock options may be payable in cash, uncertified or certified check, bank draft, by delivery of shares of our common stock having a fair market value on the date the option is exercised equal to all or any part of the option price of the stock being purchased, by instructing us to withhold from the shares of common stock issuable upon exercise of the stock option shares having fair market value on the date the option is exercised equal to all or any part of the option price of the stock being purchased or any other manner authorized by the committee.

*Stock Appreciation Rights.* A stock appreciation right may be granted under the 1999 Plan with or without reference to any related stock option. The recipient of a stock appreciation right receives, without payment to us, a number of shares of common stock, cash or any combination thereof, the amount of which is determined by dividing: (x) the number of shares of common stock as to which the stock appreciation right is exercised multiplied by the amount by which the fair market value of the shares on the exercise date exceeds the purchase price of shares of common stock under the related stock option or, if there is no related stock option, an amount determined by the committee at the time of grant, by (y) the fair market value of a share of common stock on the exercise date.

*Performance Shares.* A performance share consists of an award that is paid in shares of common stock. Performance shares entitle the recipient to payment in amounts determined by the committee based upon the achievement of specified performance targets during a specified term. Performance shares may be subject to additional terms and conditions as determined by the committee.

*Restricted Stock and Other Stock-Based Awards.* The committee may grant, either alone or in combination with other types of awards, restricted stock and other stock-based awards. Restricted stock may contain such restrictions, including provisions requiring forfeiture and imposing restrictions on stock transfer, as the committee may determine. To enforce the restrictions imposed by the committee, a recipient must enter into an agreement with us setting forth the conditions of the grant.

*Acceleration of Awards, Lapse of Restrictions, Forfeiture.* The committee may provide in a recipient's agreement for the lapse or waiver of restrictions or conditions on restricted stock or other awards, or acceleration of the vesting of stock options, stock appreciation rights and other awards, or acceleration of the term with respect to which the achievement of performance targets for performance shares is determined in the event of a fundamental change in the corporate structure of our company, or the replacement of the majority of the board members within a period of less than two years by directors not nominated and approved by the board, or, upon a change of control of our company or a recipient's death, disability or retirement. Options and stock appreciation rights automatically vest upon death or disability, unless otherwise provided in a recipient's agreement, or upon the occurrence of a change in control of our company. If a recipient's employment or other relationship with our company or its affiliates is terminated for any reason other than death or disability, then any unexercised portion of such recipient's award will generally be forfeited, except as provided in the 1999 Plan or such recipient's agreement or by the committee.

*Adjustments, Modifications, Termination.* The 1999 Plan gives the committee discretion to adjust the kind and number of shares available for awards or subject to outstanding awards, the limitations on the number and type of securities that may be issued to an individual recipient, the exercise price of outstanding stock options, and performance targets for, and payments under, outstanding awards of performance shares upon mergers, recapitalizations, stock dividends, stock splits or similar changes affecting our company. Adjustments in performance targets and payments on performance shares are also permitted upon the occurrence of such other events as may be specified by the committee. The 1999 Plan also gives the board the right to terminate, suspend or modify the 1999 Plan. Amendments to the 1999 Plan are subject to shareholder approval, however, if needed to comply with applicable laws or regulations. The committee may generally also alter or amend any agreement covering an award granted under the 1999 Plan to the extent permitted by law. Under the 1999 Plan, the committee generally may cancel

outstanding stock options and stock appreciation rights in exchange for the payment of cash or other consideration to the recipients upon dissolutions, liquidations, mergers, statutory share exchanges or similar events involving our company.

### **Stellent, Inc. 2000 Employee Stock Incentive Plan**

In May 2000, the board adopted the 2000 Employee Stock Incentive Plan, known as the 2000 Employee Plan. The 2000 Employee Plan was amended in October 2001. The 2000 Employee Plan has not been approved by our shareholders.

*Shares Subject to the 2000 Employee Plan.* As of March 31, 2005, 1,686,437 shares of our common stock were subject to outstanding awards granted and 86,717 shares remained available for future award grants under the 2000 Employee Plan. If the 2005 Plan is approved, no additional awards will be granted under the 2000 Employee Plan, and if any award granted pursuant to the 2000 Employee Plan expires or terminates without being exercised in full, the unexercised shares released from such award will become available for issuance under the 2005 Plan. If the 2005 Plan is not approved, additional awards may be granted under the 2000 Employee Plan, and if any award granted pursuant to the 2000 Employee Plan expires or terminates without being exercised in full, the unexercised shares released from such award will again become available for issuance under the 2000 Employee Plan. The number of shares available for future grant and previously granted but unexercised awards are subject to adjustment for any future stock dividends, splits, combinations, or other changes in capitalization as described in the 2000 Employee Plan.

*Plan Administration.* The 2000 Employee Plan is administered by a committee of three or more members of the board or if the board has not designated a committee, the board will constitute the committee and administer the 2000 Employee Plan. The committee may delegate all or any part of its responsibilities under the 2000 Employee Plan to officers or other persons for purposes of determining and administering awards.

*Eligibility.* All employees of our company and its affiliates who are not officers or directors of our company are eligible to receive awards under the 2000 Employee Plan. Awards may be granted by the committee to any individuals or entities who are not employees of our company, but who provide services to us or our affiliates as a consultant or adviser.

*Non-Qualified Stock Options.* Non-qualified stock options may be granted under the 2000 Employee Plan. The exercise price of an option is determined by the committee. The exercise price for stock options may not be less than 100% of the fair market value of our common stock on the date the option is granted. Stock options may be granted and exercised at such times as the committee may determine. No more than 500,000 shares of common stock underlying stock options and stock appreciation rights may be granted to any one person in any year. The purchase price for common stock purchased upon the exercise of stock options may be payable in cash, in our common stock having a fair market value on the date the option is exercised equal to the option price of the stock being purchased, or a combination of cash and stock, as provided in each stock option agreement. In addition, the committee may permit recipients of stock options to simultaneously exercise options and sell the common stock purchased upon exercise and to use the sale proceeds to pay the purchase price.

*Stock Appreciation Rights and Performance Shares.* The recipient of a stock appreciation right receives all or a portion of the amount by which the fair market value of a specified number of shares, as of the date the right is exercised, exceeds a price specified by the committee at the time the right is granted. The price specified by the committee must be at least 100% of the fair market value of our common stock on the date the right is granted. No more than 500,000 shares of stock underlying stock appreciation rights and stock options may be awarded to any one person in any year. Performance shares entitle the recipient to payments in amounts determined by the committee based upon the achievement of specified performance targets during a specified term. No person may receive performance shares relating to more than 500,000 shares of our common stock in any year. Payments with respect to stock appreciation rights and performance shares may be paid in cash, shares of our common stock, or a combination of cash and shares, as determined by the committee.

*Restricted Stock and Other Stock-Based Awards.* The committee may grant, either alone or in combination with other types of awards, restricted stock and other stock-based awards. Restricted stock may contain such restrictions, including provisions requiring forfeiture and imposing restrictions on stock transfer, as the committee may determine and set forth in each restricted stock agreement. No award of restricted stock may vest earlier than one year from the date of grant, except as provided in each restricted stock agreement. No more than 400,000 of the shares of common stock subject to the 2000 Employee Plan may be granted as restricted stock subject to performance conditions or subject to other stock-based awards.

*Acceleration of Awards, Lapse of Restrictions, Forfeiture.* The committee may provide in an award agreement for the lapse or waiver of restrictions or conditions on restricted stock or other awards, or acceleration of the vesting of stock options, stock appreciation rights and other awards, or acceleration of the term with respect to which the achievement of performance targets for performance shares is determined in the event of a fundamental change in our corporate structure, upon a change of control of our company or upon a recipient' s death, disability or retirement. If a recipient' s employment or other relationship with our company or its affiliates is terminated for any reason, then any unexercised portion of such employee' s award will generally be forfeited, except as provided in that employee' s award agreement or by the committee.

*Adjustments, Modifications, Termination.* The 2000 Employee Plan gives the committee discretion to adjust the kind and number of shares available for awards or subject to outstanding awards, the limitations on the number and type of securities that may be issued to an individual participant, the exercise price of outstanding stock options, and performance targets for, and payments under, outstanding awards of performance shares upon a merger, recapitalization, stock dividend, stock split or similar change affecting our company. Adjustments in performance targets and payments on performance shares are also permitted upon the occurrence of such other events as may be specified by the committee. The 2000 Employee Plan also gives the board the right to terminate, suspend or modify the 2000 Employee Plan. Amendments to the 2000 Employee Plan are subject to shareholder approval, however, only if needed to comply with any applicable law or regulation. Termination, suspension or modification of the 2000 Employee Plan generally may not materially and adversely affect any right an individual participant may have acquired before the termination, suspension or modification, unless otherwise provided in that individual' s award agreement, or otherwise, or required by law. We (with the approval of the committee) may amend any agreement covering an award granted under the 2000 Employee Plan unless the committee determines that the amendment would be materially adverse to the recipient and is not required by law. Under the 2000 Employee Plan, the committee generally may cancel outstanding stock options and stock appreciation rights in exchange for the payment of cash or other consideration to the recipients upon dissolutions, liquidations, mergers, statutory share exchanges or similar events involving our company.

### **InfoAccess 1995 Stock Option Plan**

In connection with our acquisition of InfoAccess, Inc. on September 29, 1999, we assumed the InfoAccess, Inc. 1995 Stock Option Plan, known as the InfoAccess Plan. The InfoAccess Plan was approved by the shareholders of InfoAccess on May 10, 1995, but has not been approved by our shareholders.

*Shares Subject to the InfoAccess Plan.* As of March 31, 2005, 11,925 shares of our common stock were subject to outstanding awards granted under the InfoAccess Plan. No additional stock options may be granted under the InfoAccess Plan.

*Plan Administration.* The InfoAccess Plan is administered by the board or a committee appointed by the board. The board or committee has the authority, subject to the terms of the InfoAccess Plan, to interpret provisions of the InfoAccess Plan and the options granted under it and to adopt rules and regulations for administering the InfoAccess Plan.

*Eligibility.* All employees of InfoAccess were eligible to receive option grants under the InfoAccess Plan prior to our adoption of the InfoAccess Plan. Non-statutory stock options could be granted under the

InfoAccess Plan prior to our adoption to individuals or entities that were not employees of InfoAccess, but that provided services to InfoAccess or its affiliates as consultants or independent contractors.

*Types of Awards under the InfoAccess Plans.* Both incentive stock options and non-statutory stock options could be granted under the InfoAccess Plan. The exercise price of an option was determined by the committee of the board of directors of InfoAccess administering the InfoAccess Plan at the time of the grant. The exercise price for all options under the InfoAccess Plan could not be less than 100% of the fair market value of the shares on the date of the grant. The exercise price for incentive stock options granted to persons who beneficially owned 10% or more of the outstanding stock of InfoAccess at the time of the grant could not be less than 110% of the fair market value of the shares on the date of grant. The number of shares and purchase price of each recipient's option grant has been adjusted to reflect the exchange ratio of InfoAccess shares for our shares in the merger of the companies. Stock options were granted and may be exercised at such times as the committee of the board of directors of InfoAccess administering the InfoAccess Plans at the time of the grant determined; however, under the InfoAccess Plan, if no exercise schedule is set forth in a recipient's agreement, 25% of the shares subject to the option shall vest two years following the start of the recipient's continuous relationship with our company, and an additional 25% of the shares subject to the option shall vest following each additional year of the recipient's continuous relationship with our company. The purchase price for common stock purchased upon the exercise of stock options may be payable in cash or the committee may, subject to approval by the board, permit recipients of stock options to deliver a promissory note as full or partial payment for the exercise of a stock option. In addition, shares may be purchased with our common stock, that a recipient has held at least six months, having a fair market value on the date the option is exercised equal to the option price of the stock being purchased.

*Termination of Employment or Relationship.* If a recipient's relationship with our company or its affiliates is terminated for any reason other than for cause (as defined in the InfoAccess Plan), death or total disability, then any portion of the recipient's option grant that is vested but unexercised may be exercised for a period of thirty days following the termination of employment, unless the option by its terms expires earlier, and except as otherwise provided in the InfoAccess Plan or such recipient's agreement. If a recipient's relationship with us or our affiliates is terminated for cause, as defined in the InfoAccess Plan, such recipient's options granted under the InfoAccess Plan automatically will terminate as of the first discovery by our company of any reason for that recipient's termination for cause. If a recipient's employment with us or our affiliates is terminated by such recipient's total disability, as defined in the InfoAccess Plan, such recipient may exercise vested but unexercised options granted under the InfoAccess Plan for a period of three months after such recipient's termination date, subject to the expiration of the option under the terms of such recipient's agreement. If a recipient's employment with us or our affiliates is terminated by such recipient's death while an employee of our company or its affiliates, or during the period in which options granted under the InfoAccess Plan may be exercised due to the termination of such recipient's employment with us or our affiliates other than for cause (as defined in the InfoAccess Plan) or such recipient's total disability, such recipient's legal representative may exercise vested but unexercised options granted to that recipient under the InfoAccess Plan for a period of one year after that recipient's death, subject to the expiration of the option under the terms of such recipient's option agreement.

*Adjustments and Modifications.* The InfoAccess Plan provides that each option will be proportionately adjusted for any increase or decrease in the number of issued shares of our common stock resulting from a split-up or consolidation of shares or any like capital adjustment, or the payment of any stock dividend. The InfoAccess Plan gives the board the right to terminate, suspend, or modify the InfoAccess Plan as long as the rights and obligation related to outstanding option grants are not adversely affected.

## Employment Agreements

### *Robert F. Olson*

In April 2003, we entered into an employment agreement with Robert F. Olson as President and Chief Executive Officer, which continues for an indefinite term until terminated by us, Mr. Olson resigns or Mr. Olson becomes disabled or dies. Mr. Olson originally received an annual base salary of \$240,000 under the agreement, subject to annual adjustments, plus annual performance bonuses based on achievement of specific objectives and criteria established by the board from time to time. Mr. Olson has agreed not to compete with our company during his employment and for a period of one year following his termination of employment. In the event of Mr. Olson's death, disability, termination of employment without cause or termination of employment following a change in control due to his relocation, a material reduction of his duties or responsibilities or a material reduction of his base salary, other than pursuant to a general reduction in the base salary of all executives of our company, Mr. Olson will receive lump sum severance pay equal to one year of his then current salary.

### *Frank A. Radichel*

In April 2003, we entered into an employment agreement with Frank A. Radichel as Executive Vice President of Research and Development, which continues for an indefinite term until terminated by us, Mr. Radichel resigns or Mr. Radichel becomes disabled or dies. Mr. Radichel originally received an annual base salary of \$195,000 under the agreement, subject to annual adjustments, plus annual performance bonuses based on achievement of specific objectives and criteria established by our company from time to time. Mr. Radichel has agreed not to compete with our company during his employment and for a period of one year following his termination of employment. In the event of Mr. Radichel's death, disability, termination of employment without cause or termination of employment following a change in control due to his relocation, a material reduction of his duties or responsibilities or a material reduction of his base salary, other than pursuant to a general reduction in the base salary of all executives of our company, Mr. Radichel will receive lump sum severance pay equal to six months of his then current salary.

### *Mark K. Rupert*

In connection with the execution of our merger agreement with Optika Inc. in January 2004, we entered an employment agreement with Mark K. Rupert, the former Chairman of the Board and Chief Executive Officer of Optika Inc., to serve as our Executive Vice President of Field Operations, which continues until November 2005 unless terminated by us, Mr. Rupert resigns or Mr. Rupert becomes disabled or dies. Mr. Rupert originally received an annual base salary of \$240,000 under the agreement, subject to annual adjustments, plus annual performance bonuses based on achievement of specific objectives and criteria established by our company from time to time.

Under Mr. Rupert's prior employment agreement with Optika Inc., if he was involuntarily terminated without cause within an eighteen month period following a change of control of Optika Inc., he would be entitled to receive severance payments equal to the greater of (i) \$672,000 or (ii) 33 months of his then-current base salary, 70% of which would be payable on the date his employment terminated and 30% of which would be payable on the first anniversary of his termination date. In addition, Mr. Rupert would have been entitled to continuing health benefits paid by Optika Inc. during the twelve-month period following the termination date and he would have been treated as "in service" to Optika Inc. during such period so any and all stock options held by him would continue to vest and would not have to be exercised.

The salary and benefits provided to Mr. Rupert under his employment agreement with our company are substantially similar to his Optika Inc. employment agreement, except that at the effective time of the merger Mr. Rupert received a grant of (i) options to purchase 200,000 shares of our common stock that vest ratably over a three-year period and (ii) options to purchase 50,000 shares of our common stock that vested in May 2005. After the initial twelve months of the employment agreement, but prior to the expiration of the employment agreement, Mr. Rupert may terminate his employment with us and receive,

as a severance payment from us, a lump-sum amount equivalent to his monthly base salary for 33 months less the number of months he was actually employed by us. In addition, Mr. Rupert would be entitled to continuing health benefits paid by us during the twelve-month period following the termination date and any and all stock options held by him at the time of the merger would become fully vested, and could be exercised during the twelve-month period following the termination date, during which time any additional grants of our stock options at or subsequent to the effective time of the merger would continue to vest. If at any time during the term of the employment agreement, Mr. Rupert terminates his employment with us with good reason (defined in the employment agreement as (i) any material diminution in Mr. Rupert's duties, responsibilities or authority, (ii) any material reduction in his level of compensation or (iii) any request or requirement that he relocate outside of Colorado Springs), or we terminate Mr. Rupert's employment without cause, Mr. Rupert would receive from us, as a severance payment, a lump-sum amount equivalent to his monthly base salary for 33 months and the other severance benefits that he otherwise would have been entitled to receive if he had terminated his employment with us after twelve months, but prior to the termination of the employment agreement. Following the term of the employment agreement, we are required to make a good faith offer to enter into a new employment agreement with Mr. Rupert with terms substantially similar to those employment agreements currently existing with other members of our management team. The failure to offer Mr. Rupert continued employment under such an agreement would also permit Mr. Rupert to terminate his employment with us and receive the severance pay and other severance benefits that he otherwise would have been entitled to receive if he had terminated his employment with us after twelve months, but prior to the expiration of the employment agreement. Mr. Rupert will receive no severance payments if we terminate his employment for cause at any time during the term of the employment agreement. ## **BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION**

The compensation committee of the board generally has made decisions on compensation of our company's executives. Each member of the committee is a non-employee director. All decisions by the committee relating to the compensation of our company's executive officers are reviewed by the full board. Pursuant to rules designed to enhance disclosure of our company's policies toward executive compensation, set forth below is a report prepared by the committee addressing the compensation policies for our company for the fiscal year ended March 31, 2005 as they affected our company's executive officers.

The committee's executive compensation policies are designed to provide competitive levels of compensation that integrate pay with our company's annual objectives and long-term goals, reward above-average corporate performance, recognize individual achievements, and assist our company in attracting and retaining qualified executives. Executive compensation is set at levels that the committee believes to be consistent with others in our company's industry.

There are three elements in our company's executive compensation program, all determined by individual and corporate performance. They are:

Base salary compensation;

Annual incentive compensation; and

Stock options.

Total compensation opportunities are competitive with those offered by employers of comparable size, growth and profitability in our company's industry.

Base salary compensation is determined by the potential impact the individual has on our company, the skills and experiences required by the job, and the performance and potential of the incumbent in the job.

Annual incentive compensation for executives of our company is based primarily on corporate operating earnings and revenue growth and our company's positioning for future results, but also includes an overall assessment by the committee of executive management's performance, as well as market conditions.

Awards of stock option grants under our company's stock incentive plans are designed to promote the identity of long-term interests between our company's executives and its shareholders and assist in the retention of executives and other key employees. The stock incentive plans also permit the committee to grant stock awards to other key personnel.

The committee surveys employee stock option programs of companies with similar capitalization to our company prior to recommending the grant of options to executives. While the value realizable from exercisable options is dependent upon the extent to which our company's performance is reflected in the market price of the common stock at any particular point in time, the decision as to whether such value will be realized in any particular year is determined by each individual executive and not by the committee. Accordingly, when the committee recommends that an option be granted to an executive, that recommendation does not take into account any gains realized that year by that executive as a result of his or her individual decision to exercise an option granted in a previous year.

The committee believes that our company must offer a competitive benefits program to attract and retain our executive officers. During fiscal 2005, we provided medical and other benefits to our executive officers that are generally available to our other employees.

The committee evaluates the performance and establishes the base salary of the Chief Executive Officer on an annual basis based in part on the compensation criteria discussed above and the committee's assessment of his past performance and its expectation as to his future contributions in leading our company. In addition, the committee considers significant accomplishments made by our company during the prior year and other performance factors, such as the effectiveness of the Chief Executive Officer in establishing our company's strategic direction and growth objectives. Any incentive compensation is entirely dependent on the accomplishment by our company of certain corporate goals approved by the board. Factors considered by the committee in determining the Chief Executive Officer's base salary and cash bonus, if any, are not subject to any specific weighting factor or formula. In determining the Chief Executive Officer's base salary for fiscal 2005, as reported in the Summary Compensation Table, the committee considered the comparative compensation criteria and performance factors discussed above.

Based on Mr. Olson's performance, in fiscal 2005 the committee offered to grant Mr. Olson stock options in connection with his compensation. Mr. Olson refused to accept these stock options, preferring that they be offered as compensation to our company's other employees and directors.

Section 162(m) of the Internal Revenue Code of 1986 generally disallows a tax deduction to public companies for compensation over \$1 million paid to the corporation's chief executive officer or any of the four other most highly compensated executive officers. Compensation is not subject to the deduction limit if certain requirements are met, including that the compensation be performance-based. Our company intends to structure the performance-based portion of the compensation of its executive officers in a manner that complies with the statute to mitigate any disallowance of deductions.

Section 16(a) of the Securities Exchange Act of 1934 and the regulations promulgated thereunder require directors and certain officers and persons who own more than ten percent of our common stock to file reports of their ownership of our common stock and changes in their ownership with the Securities and Exchange Commission. To our knowledge, none of our directors or executive officers failed to file on a timely basis any reports during fiscal 2005, except that Frank Radichel inadvertently was late in filing one Form 4 reporting a stock option exercise.

The Committee shall have exclusive power to (i) make Awards, (ii) determine when and to whom Awards will be granted, the form of each Award, the amount of each Award, and any other terms or conditions of each Award consistent with the Plan, and (iii) determine whether, to what extent and under what circumstances, Awards may be settled, paid or exercised in cash, Shares or other Awards, or other property or canceled, (a) forfeited or suspended. Each Award shall be subject to an Agreement authorized by the Committee. A majority of the members of the Committee shall constitute a quorum for any meeting of the Committee, and acts of a majority of the members present at any meeting at which a quorum is present or the acts unanimously approved in writing by all members of the Committee shall be the acts of the Committee. Notwithstanding the foregoing, the Board shall have the sole and exclusive power to administer the Plan with respect to Awards granted to Outside

Directors and, except to the extent that the grant or exercise of such authority would cause any Award or transaction to become subject to (or lose an exemption under) the short-swing profit recovery provisions of Section 16 of the Exchange Act, the Board may, at any time and from time to time, without any further action of the Committee, exercise the powers and duties of the Committee under the Plan. To the extent that any permitted action taken by the Board conflicts with action taken by the Committee, the Board action will control.

- (b) Solely for purposes of determining and administering Awards to Participants who are not (i) Insiders, or (ii) at the time of the grant of an Award, or during the term of the award anticipated to become, “covered employees” as defined in Section 162(m)(3) of the Code, the Committee may delegate all or any portion of its authority under the Plan to one or more persons who are not Non-Employee Directors.
- (c) To the extent within its discretion and subject to Sections 15 and 16 of the Plan, other than price, the Committee may amend the terms and conditions of any outstanding Award.

- (d) It is the intent that the Plan and all Awards granted pursuant to it shall be administered by the Committee so as to permit the Plan and Awards to comply with Exchange Act Rule 16b-3, except in such instances as the Committee, in its discretion, may so provide. If any provision of the Plan or of any Award would otherwise frustrate or conflict with the intent expressed in this Section 3.1(d), that provision to the extent possible shall be interpreted and deemed amended in the manner determined by the Committee so as to avoid the conflict. To the extent of any remaining irreconcilable conflict with this intent, the provision shall be deemed void as applicable to Insiders to the extent permitted by law and in the manner deemed advisable by the Committee.

- (e) The Committee’s interpretation of the Plan and of any Award or Agreement made under the Plan and all related decisions or resolutions of the Board or Committee shall be final and binding on all parties with an interest therein. Consistent with its terms, the Committee shall have the power to establish, amend or waive regulations to administer the Plan. In carrying out any of its responsibilities, the Committee shall have discretionary authority to construe the terms of the Plan and any Award or Agreement made under the Plan.

*Indemnification.* Each person who is or shall have been a member of the Committee, or of the Board, and any other person to whom the Committee delegates authority under the Plan, shall be indemnified and held harmless by the Company, to the extent permitted by law, against and from any loss, cost, liability or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any claim, action, suit or proceeding to which such person may be a party or in which such person may be involved by reason of any action taken or failure to act, made in good faith, under the Plan and against and from any and all amounts paid by such person in settlement thereof, with the Company’s approval, or paid by such person in satisfaction of any judgment in any such action, suit or proceeding against such person, provided such person shall give the Company an opportunity, at the Company’s expense, to handle and defend the same before such person undertakes to handle and defend it on such person’s own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such person or persons may be entitled under the Company’s Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

#### 4. Shares Available Under the Plan.

- (a) The number of Shares available for distribution under the Plan shall not exceed 3,200,000 (subject to adjustment pursuant to Sections 4(b) and (c) below and Section 16 of the Plan).

- Any Shares subject to the terms and conditions of an Award or an award under the Prior Plans that are not used because the terms and conditions of the Award or award are not met may again be used for an Award under the Plan, subject to Section 4(g) below;
- (b) provided, however, that Shares with respect to which a Stock Appreciation Right has been exercised and paid in Shares may not again be awarded under the Plan.

- Any unexercised or undistributed portion of any terminated, expired, exchanged, or forfeited Award or an award under the Prior
- (c) Plans, or any Award, or an award under the Prior Plans, settled in cash in lieu of Shares (except as provided in Section 4(b) of the Plan) shall be available for further Awards, subject to Section 4(g) below.

- (d) For the purposes of computing the total number of Shares granted under the Plan, the following rules shall apply:

- (i) each Share that is subject to an Award of Options or Stock Appreciation Rights shall be counted against the Shares available for distribution under this Plan as one (1) Share;

- each Share (or security that is convertible into, or equivalent to, a Share) that is subject to any Award other than Options or
- (ii) Stock Appreciation Rights shall be counted against the Shares available for distribution under this Plan as one and four tenths (1.4) Shares;

- where the number of Shares available under the Award is variable on the date it is granted, the number of Shares subject to
- (iii) the Award shall be deemed to be the maximum number of Shares (computed in accordance with Sections 4(d)(i) and (ii) based on the nature of the Award) that could be received under that particular Award;

- where two or more types of Awards are granted to a Participant in tandem with each other, such that the exercise of one type of Award with respect to a number of Shares cancels at least an equal number of Shares of the other, each such joint
- (iv) Award shall be deemed to be the equivalent of the maximum number of Shares available under the largest single Award (computed in accordance with Sections 4(d)(i) and (ii) based on the nature of the Award); and

- with respect to the grant of Performance Units denominated in dollars, the number of Shares counted against the Shares available for distribution under this Plan shall be equal to the result of dividing (i) the dollar amount for which the
- (v) Performance Unit is denominated by (ii) the Fair Market Value of one (1) Share on the date the Performance Unit is granted.

Additional rules for determining the number of Shares granted under the Plan may be made by the Committee as it deems necessary or desirable.

- (e) No fractional Shares may be issued under the Plan; however, cash shall be paid in lieu of any fractional Share in settlement of an Award.

- (f) The maximum number of Shares that may be awarded to a Participant in any calendar year in the form of Options or Stock Appreciation Rights is 500,000.

- (g) Any Shares that again become available for grant pursuant to this Section 4 shall be added back as one (1) Share if such Shares were subject to Options or Stock Appreciation Rights

granted under the Plan or options or stock appreciation rights granted under the Prior Plans, and as one and four tenths (1.4) Shares if such Shares were subject to Awards other than Options or Stock Appreciation Rights granted under the Plan.

Upon approval of the Plan by the shareholder of the Company, the Company shall make no additional awards under the Prior (h) Plans; provided, however, that this limitation shall not prohibit the issuance of Shares pursuant to options awarded prior to such shareholder approval.

(i) Any Shares granted pursuant to Section 19 of the Plan shall not reduce the number of Shares available for distribution under the Plan.

**Eligibility.** Participation in the Plan shall be limited to Employees and to individuals or entities who are not Employees but who provide services to the Company or an Affiliate, including services provided in the capacity of a consultant, advisor or director. The granting of Awards is solely at the discretion of the Committee, except that Incentive Stock Options may only be granted to 5. Employees. References herein to “employed,” “employment” or similar terms (except “Employee”) shall include the providing of services in any capacity or as a director or director emeritus. Neither the transfer of employment of a Participant between any of the Company or its Affiliates, nor a leave of absence granted to such Participant and approved by the Committee, shall be deemed a termination of employment for purposes of the Plan.

## 6. General Terms of Awards.

*Amount of Award.* Each Agreement shall set forth the number of Shares of Restricted Stock, Stock or Performance Units subject to the Agreement, or the number of Shares to which the Option subject to the Agreement applies or with respect to which 6.1 payment upon the exercise of the Stock Appreciation Right subject to the Agreement is to be determined, as the case may be, together with such other terms and conditions applicable to the Award as determined by the Committee acting in its sole discretion.

*Term.* Each Agreement, other than those relating solely to Awards of Shares without restrictions, shall set forth the Term of the Option, Stock Appreciation Right, Restricted Stock or other Award or the Performance Cycle for the Performance Units, as the 6.2 case may be. Acceleration of the expiration of the applicable Term is permitted, upon such terms and conditions as shall be set forth in the Agreement, which may, but need not, include, without limitation, acceleration in the event of the Participant’s death or retirement. Acceleration of the Performance Cycle of the Performance Units will be subject to Section 11.2 of the Plan.

*Transferability.* Except as provided in this Section, during the lifetime of a Participant to whom an Award is granted, only that Participant (or that Participant’s legal representative) may exercise an Option or Stock Appreciation Right, or receive payment with respect to Performance Units or any other Award. No Award of Restricted Stock (before the expiration of the restrictions), Options, Stock Appreciation Rights, Performance Units or other Award may be sold, assigned, transferred, exchanged or 6.3 otherwise encumbered other than to a Successor in the event of a Participant’s death or pursuant to a qualified domestic relations order as defined in the Code or Title 1 of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), or the rules thereunder; any attempted transfer in violation of this Section 6.3 shall be of no effect. Notwithstanding the immediately preceding sentence, the Committee, in an Agreement or otherwise at its discretion, may provide that the Award (other than Incentive Stock Options) may be transferable to a Transferee if the Participant does not receive any consideration for the transfer. Any Award held by a Transferee shall continue to be subject to the same terms and conditions that were applicable to that Award immediately before the transfer thereof to the Transferee. For purposes of any provision of the Plan relating to notice to a Participant or to acceleration or termination of an Award upon the death, disability or termination of

employment of a Participant, the references to “Participant” shall mean the original grantee of an Award and not any Transferee.

6.4 *Termination of Employment.* Except as otherwise determined by the Committee or provided by the Committee in an Agreement, in case of a Participant’s termination of employment, the following provisions shall apply:

(a) *Options and Stock Appreciation Rights.*

(i) If a Participant’s employment or other relationship with the Company and its Affiliates terminates because of the Participant’s death, then any Option or Stock Appreciation Right that has not expired or been terminated shall remain exercisable for one year after Participant’s death, but, unless otherwise provided in the Agreement, only to the extent that such Option or Stock Appreciation Right was exercisable immediately prior to Participant’s death.

(ii) If a Participant’s employment or other relationship with the Company and its Affiliates terminates because the Participant is disabled (within the meaning of Section 22(e)(3) of the Code), then any Option or Stock Appreciation Right that has not expired or been terminated shall remain exercisable for one year after Participant’s termination of employment resulting from Participant’s disability, but, unless otherwise provided in the Agreement, only to the extent that such Option or Stock Appreciation Right was exercisable immediately prior to such Participant’s termination of employment resulting from Participant’s disability.

(iii) If a Participant’s employment terminates for any reason other than death or disability, then any Option or Stock Appreciation Right that has not expired or been terminated shall remain exercisable for three months after termination of the Participant’s employment or Participant’s cessation of service as an Outside Director or director emeritus, whichever occurs later, but, unless otherwise provided in the Agreement, only to the extent that such Option or Stock Appreciation Right was exercisable immediately prior to such Participant’s termination of employment or ceasing to be an Outside Director or director emeritus.

(iv) Notwithstanding Sections 6.4(a)(i), (ii) and (iii) of the Plan, in no event shall an Option or a Stock Appreciation Right be exercisable after the expiration of the Term of such Award. Any Option or Stock Appreciation Right that is not exercised within the periods set forth in Sections 6.4 (i), (ii) and (iii) of the Plan, except as otherwise provided by the Committee in the Agreement, shall terminate as of the end of the periods described in such Sections.

(b) *Performance Units.* If a Participant’s employment or other relationship with the Company and its Affiliates terminates during a Performance Cycle because of death or disability, or under other circumstances provided by the Committee in its discretion in the Agreement or otherwise, the Participant, unless the Committee shall otherwise provide in the Agreement, shall be entitled to a payment with respect to the Performance Units at the end of the Performance Cycle based upon the extent to which achievement of performance targets was satisfied at the end of such period (as determined at the end of the Performance Cycle) and prorated for the portion of the Performance Cycle during which the Participant was employed by the Company or its Affiliates. Except as provided in this Section 6.4(b) or in the Agreement, if a Participant’s employment or other relationship with the Company and its Affiliates terminates during a Performance Cycle, then such Participant shall not be entitled to any payment with respect to that Performance Cycle.

(c) *Restricted Stock Awards.* Unless otherwise provided in the Agreement, in case of a Participant’s death or disability, the Participant shall be entitled to receive a number of

Shares of Restricted Stock under outstanding Awards that has been prorated for the portion of the Term of the Awards during which the Participant was employed by the Company and its Affiliates, and, with respect to such Shares, all restrictions shall lapse. Any Shares of Restricted Stock as to which restrictions do not lapse under the preceding sentence shall terminate at the date of the Participant's termination of employment and such Shares of Restricted Stock shall be forfeited to the Company.

*Rights as Shareholder.* Each Agreement shall provide that a Participant shall have no rights as a shareholder with respect to any securities covered by an Award unless and until the date the Participant becomes the holder of record of the Stock, if any, to which the Award relates.

## 7. **Restricted Stock Awards.**

An Award of Restricted Stock under the Plan shall consist of Shares subject to restrictions on transfer and conditions of forfeiture, which restrictions and conditions shall be included in the applicable Agreement. The Committee may provide for the lapse or waiver of any such restriction or condition based on such factors or criteria as the Committee, in its sole discretion, may determine.

Except as otherwise provided in the applicable Agreement, each Stock certificate issued with respect to an Award of Restricted Stock shall either be deposited with the Company or its designee, together with an assignment separate from the certificate, in blank, signed by the Participant, or bear such legends with respect to the restricted nature of the Restricted Stock evidenced thereby as shall be provided for in the applicable Agreement.

The Agreement shall describe the terms and conditions by which the restrictions and conditions of forfeiture upon awarded Restricted Stock shall lapse. Upon the lapse of the restrictions and conditions, Shares free of restrictive legends, if any, relating to such restrictions shall be issued to the Participant or a Successor or Transferee.

Except as otherwise provided in the applicable Agreement, a Participant or a Transferee with a Restricted Stock Award shall have all the other rights of a shareholder including, but not limited to, the right to receive dividends and the right to vote the Shares of Restricted Stock.

No more than 1,500,000 of the total number of Shares available for Awards under the Plan shall be issued during the term of the Plan as Restricted Stock. This limitation shall be calculated pursuant to the applicable provisions of Sections 4 and 16 of the Plan.

**Other Awards.** The Committee may from time to time grant Stock and other Awards under the Plan including, without limitation, those Awards pursuant to which Shares are or may in the future be acquired, Awards denominated in Stock units, securities convertible into Stock and phantom securities. The Committee, in its sole discretion, shall determine the terms and conditions of such Awards provided that such Awards shall not be inconsistent with the terms and purposes of the Plan. The Committee may, at its sole discretion, direct the Company to issue Shares subject to restrictive legends and/or stop transfer instructions that are consistent with the terms and conditions of the Award to which the Shares relate. No more than 750,000 of the total number of Shares available for Awards under the Plan shall be issued during the term of the Plan in the form of Stock without restrictions.

## 9. **Stock Options.**

### 9.1 *Terms of All Options.*

An Option shall be granted pursuant to an Agreement as either an Incentive Stock Option or a Non-Statutory Stock Option.

(a) The purchase price of each Share subject to an Option shall be determined by the Committee and set forth in the Agreement, but

shall not be less than 100% of the Fair Market Value of a Share as of the date the Option is granted (except as provided in Sections 9.2 and 19 of the Plan or as otherwise determined by the Committee in its discretion). No Option may be exercised more than 10 years after the date of grant. Other than pursuant to Section 16, the Committee shall not without the approval of the Company's shareholders (a) lower the option price per Share of an Option after it is granted, (b) cancel an Option when the option price per Share exceeds the Fair Market Value of the underlying Shares in exchange for another Award, and (c) take any other action with respect to an Option that may be treated as a repricing under the rules and regulations of the NASDAQ Stock Market (or such other principal securities market on which the Shares are traded).

The purchase price of the Shares with respect to which an Option is exercised shall be payable in full at the time of exercise, provided that to the extent permitted by law, the Agreement may permit some or all Participants to simultaneously exercise Options and sell the Shares thereby acquired pursuant to a brokerage or similar relationship and use the proceeds from the sale as payment of the purchase price of the Shares. The purchase price may be payable in cash, by delivery or tender of

(b) Shares having a Fair Market Value as of the date the Option is exercised equal to the purchase price of the Shares being purchased pursuant to the Option, or a combination thereof, as determined by the Committee, but no fractional Shares will be issued or accepted. A Participant exercising a stock option shall not be permitted to pay any portion of the purchase price with Shares if, in the opinion of the Committee, payment in such manner could have adverse financial accounting consequences for the Company.

Each Option shall be exercisable in whole or in part on the terms provided in the Agreement. In no event shall any Option

(c) be exercisable at any time after the expiration of its Term. When an Option is no longer exercisable, it shall be deemed to have lapsed or terminated.

9.2 *Incentive Stock Options.* In addition to the other terms and conditions applicable to all Options:

the purchase price of each Share subject to an Incentive Stock Option shall not be less than 100% of the Fair Market Value

(a) of a Share as of the date the Incentive Stock Option is granted if this limitation is necessary to qualify the Option as an Incentive Stock Option (except as provided in Section 19 of the Plan);

the aggregate Fair Market Value (determined as of the date the Option is granted) of the Shares with respect to which Incentive Stock Options held by an individual first become exercisable in any calendar year (under the Plan and all other

(b) incentive stock option plans of the Company and its Affiliates) shall not exceed \$100,000 (or such other limit as may be required by the Code) if this limitation is necessary to qualify the Option as an Incentive Stock Option and to the extent any Option granted to a Participant exceeds this limit the Option shall be treated as a Non-Statutory Stock Option;

(c) an Incentive Stock Option shall not be exercisable more than 10 years after the date of grant (or such other limit as may be required by the Code) if this limitation is necessary to qualify the Option as an Incentive Stock Option;

(d) the Agreement covering an Incentive Stock Option shall contain such other terms and provisions that the Committee determines necessary to qualify this Option as an Incentive Stock Option; and

(e) notwithstanding any other provision of the Plan to the contrary, no Participant may receive an Incentive Stock Option under the Plan if, at the time the Award is granted,

the Participant owns (after application of the rules contained in Code Section 424(d), or its successor provision), Shares possessing more than 10% of the total combined voting power of all classes of stock of the Company or its Subsidiaries, unless (i) the option price for that Incentive Stock Option is at least 110% of the Fair Market Value of the Shares subject to that Incentive Stock Option on the date of grant and (ii) that Option is not exercisable after the date five years from the date that Incentive Stock Option is granted.

**Stock Appreciation Rights.** An Award of a Stock Appreciation Right shall entitle the Participant (or a Successor or Transferee), subject to terms and conditions determined by the Committee, to receive upon exercise of the Stock Appreciation Right all or a portion of the excess of (i) the Fair Market Value of a specified number of Shares as of the date of exercise of the Stock Appreciation Right over (ii) a specified price that shall not be less than 100% of the Fair Market Value of such Shares as of the date of grant of the Stock Appreciation Right. No Stock Appreciation Right may be exercised more than 10 years after the date of grant. A Stock Appreciation Right may be granted in connection with part or all of, in addition to, or completely independent of an Option or any other Award under the Plan. If issued in connection with a previously or contemporaneously granted Option, the Committee may

10. impose a condition that exercise of a Stock Appreciation Right cancels a pro rata portion of the Option with which it is connected and vice versa. Each Stock Appreciation Right may be exercisable in whole or in part on the terms provided in the Agreement. No Stock Appreciation Right shall be exercisable at any time after the expiration of its Term. When a Stock Appreciation Right is no longer exercisable, it shall be deemed to have lapsed or terminated. Upon exercise of a Stock Appreciation Right, payment to the Participant or a Successor or Transferee shall be made at such time or times as shall be provided in the Agreement in the form of cash, Shares or a combination of cash and Shares as determined by the Committee. The Agreement may provide for a limitation upon the amount or percentage of the total appreciation on which payment (whether in cash and/or Shares) may be made in the event of the exercise of a Stock Appreciation Right.

## 11. Performance Units.

### 11.1 *Initial Award.*

An Award of Performance Units under the Plan shall entitle the Participant or a Successor or Transferee to future payments of cash, Shares or a combination of cash and Shares, as determined by the Committee, based upon the achievement of pre-established performance targets. These performance targets may, but need not, include, without

(a) limitation, targets relating to one or more of the Company' s or a group' s, unit' s, Affiliate' s or an individual' s performance. The Agreement may establish that a portion of a Participant' s Award will be paid for performance that exceeds the minimum target but falls below the maximum target applicable to the Award. The Agreement shall also provide for the timing of the payment.

Following the conclusion or acceleration of each Performance Cycle, the Committee shall determine the extent to which

(b) (i) performance targets have been attained, (ii) any other terms and conditions with respect to an Award relating to the Performance Cycle have been satisfied and (iii) payment is due with respect to an Award of Performance Units.

*Acceleration and Adjustment.* The Agreement may permit an acceleration of the Performance Cycle and an adjustment of performance targets and payments with respect to some or all of the Performance Units awarded to a Participant, upon the

11.2 occurrence of certain events, which may, but need not include, without limitation, a Change in Control, a Fundamental Change, a recapitalization, a change in the accounting practices of the Company, a change in the Participant' s title or employment responsibilities, the

Participant's death or retirement or, with respect to payments in Shares with respect to Performance Units, a reclassification, stock dividend, stock split or stock combination as provided in Plan Section 16. The Agreement also may provide for a limitation on the value of an Award of Performance Units that a Participant may receive.

## 12. Effective Date and Duration of the Plan.

- 12.1 *Effective Date.* Upon its adoption by the Board, the Plan shall be submitted for approval by the shareholders of the Company and shall be effective as of the date of such approval.

- Duration of the Plan.* The Plan shall remain in effect until all Stock subject to it shall be distributed, all Awards have expired or lapsed, the Plan is terminated pursuant to Section 15 of the Plan or the tenth anniversary of the Effective Date (the "Termination Date"); provided, however, that Awards made before the Termination Date may be exercised, vested or otherwise effectuated beyond the Termination Date unless limited in the Agreement or otherwise. No Award of an Incentive Stock Option shall be made more than 10 years after the Effective Date (or such other limit as may be required by the Code) if this limitation is necessary to qualify the Option as an Incentive Stock Option. The date and time of approval by the Committee of the granting of an Award shall be considered the date and time at which the Award is made or granted.
- 12.2

## 13. Plan Does Not Affect Employment Status.

- (a) Status as an eligible Employee shall not be construed as a commitment that any Award will be made under the Plan to that eligible Employee or to eligible Employees generally.

- Nothing in the Plan or in any Agreement or related documents shall confer upon any Employee or Participant any right to continue in the employment of the Company or any Affiliate or constitute any contract of employment or affect any right that the Company or any Affiliate may have to change such person's compensation, other benefits, job responsibilities, or title, or to terminate the employment of such person with or without cause.
- (b)

- Tax Withholding.** The Company shall have the right to withhold from any cash payment under the Plan to a Participant or other person (including a Successor or a Transferee) an amount sufficient to cover any required withholding taxes. The Company shall have the right to require a Participant or other person receiving Shares under the Plan to pay the Company a cash amount sufficient to cover any required withholding taxes before actual receipt of those Shares. In lieu of all or any part of a cash payment from a person receiving Shares under the Plan, the Committee may permit the individual to cover all or any part of the required withholdings through a reduction of the number of Shares delivered or delivery or tender return to the Company of Shares held by the Participant or other person, in each case valued in the same manner as used in computing the withholding taxes under the applicable laws, and in the minimum number of Shares required to cover such withholdings.
- 14.

## 15. Amendment, Modification and Termination of the Plan.

- The Board may at any time and from time to time terminate, suspend or modify the Plan, subject to shareholder approval required to comply with applicable laws or any securities exchange on which the Shares are listed by the Company. Except as limited in (b) below, the Committee may at any time alter or amend any or all Agreements under the Plan to the extent permitted by law.
- (a)

- No termination, suspension, or modification of the Plan will materially and adversely affect any right acquired by any Participant or Successor or Transferee under an Award granted before the date of termination, suspension, or modification, unless otherwise agreed to by the Participant in the Agreement or otherwise, or required as a matter of law; but it will be
- (b)

conclusively presumed that any adjustment for changes in capitalization provided for in Section 16 of the Plan does not adversely affect these rights.

**Adjustment for Changes in Capitalization.** Subject to any required action by the Company's shareholders, appropriate adjustments, so as to prevent enlargement of rights or inappropriate dilution – (i) in the aggregate number and type of Shares available for Awards under the Plan, (ii) in the limitations on the number of Shares that may be issued to an individual Participant as an Option or a Stock Appreciation Right in any calendar year or that may be issued in the form of Restricted Stock or Shares without restrictions, (iii) in the number and type of Shares and amount of cash subject to Awards then outstanding, and (iv) in the Option price as to any outstanding Options may be made by the Committee in its sole discretion to give effect to adjustments made in the number or type of Shares through a Fundamental Change (subject to Section 17 of the Plan), recapitalization, reclassification, stock dividend, stock split, stock combination or other relevant change, provided that fractional Shares shall be rounded to the nearest whole Share.

17. **Fundamental Change.** In the event of a proposed Fundamental Change, the Committee may, but shall not be obligated to:

(a) if the Fundamental Change is a merger or consolidation or statutory share exchange, make appropriate provision for the protection of the outstanding Options and Stock Appreciation Rights by the substitution of options, stock appreciation rights and appropriate voting common stock of the corporation surviving any merger or consolidation or, if appropriate, the parent corporation of the Company or such surviving corporation; or

at least ten days before the occurrence of the Fundamental Change, declare, and provide written notice to each holder of an Option or Stock Appreciation Right of the declaration, that each outstanding Option and Stock Appreciation Right, whether or not then exercisable, shall be canceled at the time of, or immediately before the occurrence of the Fundamental Change in exchange for payment to each holder of an Option or Stock Appreciation Right, within ten days after the Fundamental Change, of cash equal to (i) for each Share covered by the canceled Option, the amount, if any, by which the Fair Market Value (as defined in this Section) per Share exceeds the exercise price per Share covered by such Option or (ii) for each Stock Appreciation Right, the price determined pursuant to Section 10, except that Fair Market Value of the Shares as of the date of exercise of the Stock Appreciation Right, as used in clause (i) of Section 10 of the Plan, shall be deemed to mean Fair Market Value for each Share with respect to which the Stock Appreciation Right is calculated determined in the manner hereinafter referred to in this Section.

(b) At the time of the declaration provided for in the immediately preceding sentence, each Stock Appreciation Right and each Option shall immediately become exercisable in full and each person holding an Option or a Stock Appreciation Right shall have the right, during the period preceding the time of cancellation of the Option or Stock Appreciation Right, to exercise the Option as to all or any part of the Shares covered thereby or the Stock Appreciation Right in whole or in part, as the case may be. In the event of a declaration pursuant to this Section 17(b), each outstanding Option and Stock Appreciation Right granted pursuant to the Plan that shall not have been exercised before the Fundamental Change shall be canceled at the time of, or immediately before, the Fundamental Change, as provided in the declaration. Notwithstanding the foregoing, no person holding an Option or a Stock Appreciation Right shall be entitled to the payment provided for in this Section 17(b) if such Option or Stock Appreciation Right shall have terminated, expired or been cancelled. For purposes of this Section only, "Fair Market Value" per Share means the cash plus the fair market value, as determined in good faith by the Committee, of the non-cash consideration to be received per Share by the shareholders of the Company upon the occurrence of the Fundamental Change.

**Forfeitures.** An Agreement may provide that if a Participant has received or been entitled to payment of cash, delivery of Shares, or a combination thereof pursuant to an Award within six months before the Participant's termination of employment with the Company and its Affiliates, the Committee, in its sole discretion, may require the Participant to return or forfeit the cash and/or Shares received with respect to the Award (or its economic value as of (i) the date of the exercise of Options or Stock Appreciation Rights, (ii) the date of, and immediately following, the lapse of restrictions on Restricted Stock or the receipt of Shares without restrictions or (iii) the date on which the right of the Participant to payment with respect to Performance Units vests, as the case may be) in the event of certain occurrences specified in the Agreement. The Committee's right to require forfeiture must be exercised within 90 days after discovery of such an occurrence but in no event later than 15 months after the Participant's termination of employment with the Company and its Affiliates. The occurrences may, but need not, include competition with the Company or any Affiliate, unauthorized disclosure of material proprietary information of the Company or any Affiliate, a violation of applicable business ethics policies of the Company or Affiliate or any other occurrence specified in the Agreement within the period or periods of time specified in the Agreement.

**Corporate Mergers, Acquisitions, Etc.** The Committee may also grant Options, Stock Appreciation Rights, Restricted Stock or other Awards under the Plan in substitution for, or in connection with the assumption of, existing options, stock appreciation rights, restricted stock or other award granted, awarded or issued by another corporation and assumed or otherwise agreed to be provided for by the Company pursuant to or by reason of a transaction involving a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation to which the Company or a Subsidiary is a party. The terms and conditions of the substitute Awards may vary from the terms and conditions set forth in the Plan to the extent as the Board at the time of the grant may deem appropriate to conform, in whole or in part, to the provisions of the awards in substitution for which they are granted.

**Unfunded Plan.** The Plan shall be unfunded and the Company shall not be required to segregate any assets that may at any time be represented by Awards under the Plan. Neither the Company, its Affiliates, the Committee, nor the Board of Directors shall be deemed to be a trustee of any amounts to be paid under the Plan nor shall anything contained in the Plan or any action taken pursuant to its provisions create or be construed to create a fiduciary relationship between the Company and/or its Affiliates, and a Participant or Successor or Transferee. To the extent any person acquires a right to receive an Award under the Plan, this right shall be no greater than the right of an unsecured general creditor of the Company.

**21. Limits of Liability.**

- (a) Any liability of the Company to any Participant with respect to an Award shall be based solely upon contractual obligations created by the Plan and the Award Agreement.

Except as may be required by law, neither the Company nor any member of the Board of Directors or of the Committee, nor any other person participating in any determination of any question under the Plan, or in the interpretation, administration or application of the Plan, shall have any liability to any party for any action taken, or not taken, in good faith under the Plan.

**Compliance with Applicable Legal Requirements.** No certificate for Shares distributable pursuant to the Plan shall be issued and delivered unless the issuance of the certificate complies with all applicable legal requirements including, without limitation, compliance with the provisions of applicable state securities laws, the Securities Act of 1933, as amended and in effect from time to time or any successor statute, the Exchange Act and the requirements of the exchanges on which the Company's Shares may, at the time, be listed.

**Deferrals and Settlements.** The Committee may require or permit Participants to elect to defer the issuance of Shares or the settlement of Awards in cash under such rules and procedures as it may establish under the Plan. It may also provide that deferred settlements include the payment or crediting of interest on the deferral amounts.

**Other Benefit and Compensation Programs.** Payments and other benefits received by a Participant under an Award made pursuant to the Plan shall not be deemed a part of a Participant's regular, recurring compensation for purposes of the termination, indemnity or severance pay laws of any country and shall not be included in, nor have any effect on, the determination of benefits under any other employee benefit plan, contract or similar arrangement provided by the Company or an Affiliate unless expressly so provided by such other plan, contract or arrangement, or unless the Committee expressly determines that an Award or portion of an Award should be included to accurately reflect competitive compensation practices or to recognize that an Award has been made in lieu of a portion of competitive cash compensation.

**Beneficiary Upon Participant's Death.** To the extent that the transfer of a Participant's Award at his or her death is permitted under an Agreement, a Participant's Award shall be transferable at death to the estate or to the person who acquires the right to succeed to the Award by bequest or inheritance.

**26. Requirements of Law.**

- To the extent that federal laws do not otherwise control, the Plan and all determinations made and actions taken pursuant to the
- (a) Plan shall be governed by the laws of the State of Minnesota without regard to its conflicts-of-law principles and shall be construed accordingly.
  - (b) If any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not effect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.
