INFORMATION CONTAINED IN THIS FORM 6-K REPORT

Attached as Exhibit 1 is a press release of Nordic American Tankers Ltd. (the "Company") dated January 11, 2013 announcing that the Company has completed the acquisition of Scandic American Shipping Ltd., the Business Manager of NAT.

Nordic American Tankers Ltd. (“NAT”- (NYSE:NAT) completes acquisition of Scandic American Shipping Ltd., the Business Manager of NAT.

Hamilton, Bermuda, January 11, 2013.

On December 17, 2012 NAT announced that it had acquired 100% of the shares of Scandic American Shipping Ltd. (“Scandic”), its management company since 2004. This transaction has now been completed. The Company acquired Scandic from a company controlled by Herbjørn Hansson, NAT's Chairman and CEO, and his closest family. As part of the consideration payable to the seller, the Company issued an aggregate of 1,910,112 common shares of the Company, which are subject to a one-year lock up agreement. Following this transaction, Mr. Hansson and members of his family own about 5.6% or 3.1 million shares of the Company's outstanding shares.

Mr. Hansson commented: “Our ownership in Scandic has now been converted into NAT shares and as a result of this transaction our interests are further aligned with those of all shareholders. This increased shareholding in NAT is showing my strong support of the Company and its strategy and policies. The NAT acquisition of Scandic will have no effect on the management of NAT in any way. I plan to serve as Chairman and CEO for a good many years to come.”

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Matters discussed in this press release may constitute forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies to provide prospective information about their business. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts.

The Company desires to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and is including this cautionary statement in connection with this safe harbor legislation. The words "believe," "anticipate," "intend," "estimate," "forecast," "project," "plan," "potential," "will," "may," "should," "expect," "pending" and similar expressions identify forward-looking statements.

The forward-looking statements in this press release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, our management's examination of historical operating trends, data contained in our records and other data available from third parties. Although we believe that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, we cannot assure you that we will achieve or accomplish these expectations, beliefs or projections. We undertake no obligation to update any forward-looking statement, whether as a result of new information, future events or otherwise.

Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, general market conditions, including fluctuations in charter rates and vessel values, changes in demand in the tanker market, as a result of changes in OPEC's petroleum production levels and world wide oil consumption and storage, changes in our operating expenses, including bunker prices, drydocking and insurance costs, the market for our vessels, availability of financing and refinancing, changes in governmental rules and regulations or actions taken by regulatory authorities, potential liability from pending or future litigation, general domestic and international political conditions, potential disruption of shipping routes due to accidents or political events, vessels breakdowns and instances of off-hires and other important factors described from time to time in the reports filed by the Company with the Securities and Exchange Commission, including the prospectus and related prospectus supplement, our Annual Report on Form 20-F, and our reports on Form 6-K.
