CAUTIONARY STATEMENTS REGARDING FORWARD-LOOKING STATEMENTS

This prospectus, including the documents incorporated by reference herein and therein, contains forward-looking statements. In addition, from time to time, we or our representatives may make forward-looking statements orally or in writing. We base these forward-looking statements on our expectations and projections about future events, which we derive from the information currently available to us. Such forward-looking statements relate to future events or our future performance, including: our financial performance and projections; our growth in revenue and earnings; and our business prospects and opportunities. You can identify forward-looking statements by those that are not historical in nature, particularly those that use terminology such as “may,” “should,” “expects,” “anticipates,” “contemplates,” “estimates,” “believes,” “plans,” “projected,” “predicts,” “potential,” or “hopes” or the negative of these or similar terms. In evaluating these forward-looking statements, you should consider various factors, including: our ability to change the direction of the Company; our ability to keep pace with new technology and changing market needs; and the competitive environment of our business. These and other factors may cause our actual results to differ materially from any forward-looking statement. Forward-looking statements are only predictions. We are not obligated to publicly update or revise any forward-looking statement, whether as a result of uncertainties and assumptions. The forward-looking events discussed in this prospectus and other statements made from time to time by us or our representatives might not occur.

While we believe we have identified material risks, these risks and uncertainties are not exhaustive. Other sections of this prospectus describe additional factors that could adversely impact our business and financial performance. Moreover, we operate in a very competitive and rapidly changing environment. New risks and uncertainties emerge from time to time, and it is not possible to predict all risks and uncertainties, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

Although we believe the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, level of activity, performance or achievements. Moreover, neither we nor any other person assumes responsibility for the accuracy or completeness of any of these forward-looking statements. Our businesses may be affected by, among other things, the following:

- our businesses operate in highly competitive and dynamic industries, and our businesses and results of operations could be adversely affected if we do not compete effectively;
- changes in consumer behavior continue to adversely affect our businesses and challenge existing business models;

- our success depends on consumer acceptance of our content, and our businesses may be adversely affected if our content fails to achieve sufficient consumer acceptance;
- our businesses depend on keeping pace with technological developments;
- weak economic conditions may have a negative impact on our businesses;
- unfavorable litigation or governmental investigation results could require us to pay significant amounts or lead to onerous operating procedures;
- "short squeezes" due to sudden increases in demand for shares of our Class B Common Stock that largely exceeds supply has led to, and may continue to lead to, extreme price volatility in shares of our Class B Common Stock;
- information published by third parties that include statements not attributable to the Company may not be reliable or accurate; and
- other factors detailed under the section entitled "*Risk Factors*" and included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2024.

We caution you not to place undue reliance on the forward-looking statements, which speak only as of the date of this prospectus.

Overview

Newsmax Inc. is a holding company that owns 100% of the equity interests of its operating company Newsmax Media, Inc. ("Newsmax Media"). Newsmax Media and its subsidiaries operate the businesses described in and incorporated by reference into this prospectus.

Newsmax Media has six wholly-owned subsidiaries: Newsmax Broadcasting, LLC, a Florida limited liability company ("Newsmax Broadcasting"), Crown Atlantic Insurance, LLC, a Florida limited liability company ("Crown Atlantic"), Humanix

Publishing, LLC, a Florida limited liability company (“Humanix Publishing”), Medix Health LLC, a Florida limited liability company (“Medix Health”), ROI Media Strategies, LLC, a Florida limited liability company (“ROI Media Strategies”), and Newsmax Radio LLC, a Florida limited liability company (“Newsmax Radio,” and together with Newsmax Media, Newsmax Broadcasting, Crown Atlantic Insurance, Humanix Publishing, Medix Health, and ROI Media Strategies, the “Subsidiaries”).

Newsmax Media is a television broadcaster and multi-platform content publisher with a mixed-revenue model that primarily derives income from (i) digital, linear and over-the-top (“OTT”) television advertising, (ii) online web and digital advertising, (iii) cable license fees and streaming subscriptions, and (iv) subscriptions to online and print publications. Newsmax Media uses original news, syndicated services and editorial content to draw consumers to its media outlets, including through its highly-rated TV channel, digital websites and print publications, and its website, *Newsmax.com*, in order to sell advertising to third party marketers. Newsmax Media also sells subscriptions to its own streaming, digital and print products through its channels and platforms. Newsmax Media differentiates itself in a crowded media marketplace, among other things, through broad distribution of Newsmax Media’s content across linear cable, OTT streaming, and digital and print platforms, all with a focus on content related to politics, health, finance and lifestyle for an audience primarily comprised of viewers who are 45 years old or older.

Newsmax Media’s industry leading digital brand, which started in 1998, enabled it to launch Newsmax, its linear cable channel, in 2014. Today, each month, more than 40 million Americans watch, read and listen to Newsmax. The Newsmax channel is currently carried by major Multichannel Video Programming Distributor (“MVPDs”) cable/satellite systems in the United States. Nielsen reports that Newsmax is the fourth highest-rated cable news network in the United States, with 21 million regular viewers, and is one of the 15 most viewed basic cable programs. In 2023, Nielsen reported that Newsmax was the only cable news channel with ratings growth across all dayparts, seeing a 42% increase in total viewership in prime time, 16% in daytime, 23% in total day, including a 69% increase in total day viewership among adults between age 35 and 64, and an 11% increase in access. As such, Newsmax Media became the first major digital brand to become the fastest-growing cable news platform. Meanwhile, competitor Fox News saw a 6% decline in viewership for total day and a 2% decline in prime during the same time period. In the first half of 2024, Newsmax’s total viewership in prime time grew by 41%, including a 10% increase among adults between the ages of 35 and 64, and by 36% in total day, including a 16% increase among adults between 35 and 64. In comparison, Fox News experienced a 10% increase in prime time viewership, including a 10% increase among adults between age 35 and 64, and a 2% increase in total day, including a 1% increase among adults between age 35 and 64. Overall, Newsmax’s total day ratings grew by 36% in the first half of 2024 compared to the first half of 2023, compared to 7% growth for MSNBC, a 2% growth for Fox News, a 3% growth for CNN, a 7% decline for CNBC and a 36% decline for Newsnation.

Corporate History

Newsmax Inc. is a holding company that owns 100% of the equity interests of its operating company Newsmax Media. Newsmax Media and the other Subsidiaries operate the businesses described in and incorporated by reference into this prospectus.

Newsmax Media was incorporated as Sequoia Digital Corporation in the State of Nevada in 1998. In 1999, Newsmax Media changed its name from Sequoia Digital Corporation to Newsmax.com, Inc. In 2001, Newsmax Media changed its name from Newsmax.com, Inc. to Newsmax Media, Inc. In 2006, Newsmax Media became a wholly-owned subsidiary of NMX Holdings, LLC. In 2014, Newsmax Media changed its state of domicile from Nevada to Delaware and consummated a corporate reorganization in which the members of NMX Holdings, LLC exchanged their membership interests in NMX Holdings, LLC for capital stock of Newsmax Media.

In 2024, Newsmax Media consummated a corporate reorganization. Newsmax Inc. was formed as a new holding company that owns all of the outstanding shares of the operating company, Newsmax Media. The stockholders of Newsmax Media exchanged their shares of capital stock in Newsmax Media for the same class and number of shares in Newsmax Inc. Subsequently, Newsmax Media changed its state of domicile from Delaware to Florida. As a result of this reorganization, Newsmax Inc. became the direct holding company and the sole shareholder of Newsmax Media. Newsmax Media’s ownership of its Subsidiaries was not affected or changed as a result of this reorganization.

On March 28, 2025, we amended and restated our Articles of Incorporation (the “Amended and Restated Articles of Incorporation”) to, among other things, reclassify and reconstitute certain of our applicable authorized share capital to implement a dual class of securities, such that each share of our then-existing Class A Common Stock issued and outstanding immediately prior to the effectiveness of the Amended and Restated Articles of Incorporation (the “Effective Time”) was reclassified and reconstituted into one fully paid and non-assessable share of Class B Common Stock; provided, that each share of our then-existing Class A Common Stock, issued and outstanding immediately prior to the Effective Time held by Mr. Christopher Ruddy (our Chief Executive Officer and director) or his affiliates was reclassified and reconstituted into one fully paid and non-assessable share of new Class A Common Stock of Newsmax Inc. Each share of our Class A Common Stock after the reclassification has ten votes per share and each share of our Class B Common Stock after the reclassification has one vote per share.

In addition, on March 28, 2025, we effectuated a 6,765.396-for-1 forward stock split (the “Forward Stock Split”) of all of the outstanding shares of Newsmax Inc., which became effective immediately following the reclassification. All share and per share information reflect the Forward Stock Split.

Recent Developments

Initial Public Offering

On March 7, 2025, we entered into a Selling Agency Agreement with Digital Offering, LLC, as selling agent, to sell up to 7,500,000 shares of our Class B Common Stock at a purchase price of \$10.00 per share through a best-efforts offering pursuant to Regulation A under the Securities Act. The shares of Class B Common Stock were offered pursuant to our offering statement on Form 1-A, initially filed with the SEC on February 7, 2025 and initially qualified by the SEC on March 7, 2025.

On March 28, 2025, we completed the offering and sold an aggregate of 7,500,000 shares of Class B Common Stock, resulting in aggregate gross proceeds of \$75,000,000, before deducting commissions and other expenses payable to the selling agent.

Listing on the NYSE

On March 31, 2025, shares of our Class B Common Stock began trading on the NYSE.

SEPA with Yorkville

On April 4, 2025, we entered into a Standby Equity Purchase Agreement (“SEPA”) with YA II PN, LTD., a Cayman Islands exempt limited company (“Yorkville”). Pursuant to the SEPA, we have the right, but not the obligation, to sell to Yorkville up to \$1,200,000,000 of our Class B Common Stock, subject to certain limitations and conditions set forth in the SEPA, from time to time during the term of the SEPA. Sales of shares to Yorkville under the SEPA, and the timing of any such sales, are at the Company’s option. In accordance with the Company’s obligations under the SEPA, we have filed a registration statement with the SEC to register under the Securities Act the resale by Yorkville of shares of our Class B Common Stock we may elect, in our sole discretion, to issue and sell to Yorkville, under the SEPA. As of the date of this prospectus, the registration statement has not been declared effective by the SEC.

Implications of Being an Emerging Growth Company

As an issuer with (i) less than \$1.235 billion in total annual gross revenues during our last fiscal year, (ii) \$700 million in market value of our capital stock held by non-affiliates and (iii) \$1.07 billion in non-convertible debt over a three-year period, we qualify as an “emerging growth company” under the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”). An emerging growth company may take advantage of certain reduced reporting requirements and is relieved of certain other significant requirements that are otherwise generally applicable to public companies. In particular, as an emerging growth company we:

- will not be required to obtain an auditor attestation on our internal controls over financial reporting pursuant to the Sarbanes-Oxley Act of 2002, as amended;

- will not be required to provide a detailed narrative disclosure discussing our compensation principles, objectives and elements and analyzing how those elements fit with our principles and objectives (commonly referred to as “compensation discussion and analysis”);
- will not be required to obtain a non-binding advisory vote from our members on executive compensation or golden parachute arrangements (commonly referred to as the “say-on-pay,” “say-on-frequency” and “say-on-golden-parachute” votes);
- will be exempt from certain executive compensation disclosure provisions requiring a pay-for-performance graph and CEO pay ratio disclosure;
- may present only two years of audited financial statements and only two years of related Management’s Discussion and Analysis of Financial Condition and Results of Operations, or MD&A; and
- will be eligible to claim longer phase-in periods for the adoption of new or revised financial accounting standards.

We intend to take advantage of all of these reduced reporting requirements and exemptions, including the longer phase-in periods for the adoption of new or revised financial accounting standards, and hereby elect to do so. Our election to use the phase-in periods may make it difficult to compare our financial statements to those of non-emerging growth companies and other emerging growth companies that have opted out of the phase-in periods under Section 107 of the JOBS Act.

Under the JOBS Act, we may take advantage of the above-described reduced reporting requirements and exemptions for up to five years after our initial sale of common equity pursuant to a registration statement declared effective under the Securities Act, or such earlier time that we no longer meet the definition of an emerging growth company. Note that this Offering, while a public offering, is not a sale of common equity pursuant to a registration statement, since the Offering is conducted pursuant to an exemption from the registration requirements. In this regard, the JOBS Act provides that we would cease to be an “emerging growth company” if we have more than \$1.235 billion in annual revenues, have more than \$700 million in market value of our capital stock held by non-affiliates, or issue more than \$1.07 billion in principal amount of non-convertible debt over a three-year period.

Certain of these reduced reporting requirements and exemptions are also available to us due to the fact that qualify as a “smaller reporting company” under the SEC’s rules. Generally, a company qualifies as a “smaller reporting company” if (i) it has public float of less than \$250 million or (ii) it has less than \$100 million in annual revenues and no public float or public float of less than \$700 million. For instance, smaller reporting companies are not required to provide a compensation discussion and analysis; are not required to provide a pay-for-performance graph or CEO pay ratio disclosure; and may present only two years of audited financial statements and related MD&A disclosure.

Controlled Company Exemption

Through his affiliate, our Chief Executive Officer and director, Christopher Ruddy, holds 39,239,297 shares of Class A Common Stock. Each share of Class A Common Stock gives the holder ten votes per share. Each share of Class B Common Stock is entitled to one vote per share. Accordingly, Mr. Ruddy holds approximately 81.5% of the voting stock of the Company. As a result, we are a “controlled company” within the meaning of applicable NYSE rules as of the date of this prospectus and, consequently, qualify for exemptions from certain corporate governance requirements. Our stockholders do not have the same protections afforded to stockholders of companies that are subject to such requirements.

Risks Related to this Offering

The Selling Stockholders may sell a substantial number of shares of our Class B Common Stock pursuant to this offering, which could cause the price of our Class B Common Stock to decline.

In this offering, the Selling Stockholders are offering shares of Class B Common Stock. The existence of the potential additional shares of our Class B Common Stock in the public market, or the perception that such additional shares may be in the market, could adversely affect the price of our Class B Common Stock. We cannot predict the effect, if any, that market sales of those shares of Class B Common Stock or the availability of those shares of Class B Common Stock for sale will have on the market price of our Class B Common Stock.

Sales of a substantial number of our shares of Class B Common Stock in the public markets, or the perception that such sales could occur, could cause our stock price to fall.

We may issue and sell additional shares of Class B Common Stock in the public markets. As a result, a substantial number of our shares of Class B Common Stock may be sold in the public market. Sales of a substantial number of our shares of Class B Common Stock in the public markets or the perception that such sales could occur, could depress the market price of our Class B Common Stock and impair our ability to raise capital through the sale of additional equity securities.

You may experience future dilution as a result of future equity offerings.

In order to raise additional capital, we may in the future offer additional shares of our Class B Common Stock or other securities convertible into or exchangeable for our Class B Common Stock at prices that may not be the same as the price per share in this offering. We may sell shares or other securities in any other offering at a price per share that is less than the price per share paid by any investors in this offering, and investors purchasing shares or other securities in the future could have rights superior to existing stockholders. The price per share at which we sell additional shares of our Class B Common Stock, or securities convertible or exchangeable into Class B Common Stock, in future transactions may be higher or lower than the price per share paid by any investors in this offering.

Neither we nor the Selling Stockholders have authorized any other party to provide you with information concerning us or this offering.

You should carefully evaluate all of the information in this prospectus. We may receive media coverage regarding our Company, including coverage that is not directly attributable to statements made by our officers, that incorrectly reports on statements made by our officers or employees, or that is misleading as a result of omitting information provided by us, our officers or employees. Neither we nor the Selling Stockholders have authorized any other party to provide you with information concerning us or this offering, and recipients should not rely on this information.

The market price of our Class B Common Stock has been extremely volatile and may continue to be volatile due to numerous circumstances beyond our control.

The market price of our Class B Common Stock has fluctuated, and may continue to fluctuate, widely, due to many factors, some of which may be beyond our control. These factors include, without limitation:

- “short squeezes”;

- comments by securities analysts or other third parties, including blogs, articles, message boards and social and other media;
- large stockholders exiting their position in our Class B Common Stock or an increase or decrease in the short interest in our Class B Common Stock;
- actual or anticipated fluctuations in our financial and operating results;
- the effect of changes in tax rates in the jurisdictions in which we operate;
- negative public perception of us, our competitors or industry; and
- overall general market fluctuations.

These broad market fluctuations may adversely affect the trading price of our Class B Common Stock. These and other external factors have caused and may continue to cause the market price and demand for our Class B Common Stock to fluctuate substantially, which may limit or prevent our stockholders from readily selling their shares of our Class B Common Stock and may otherwise negatively affect the liquidity of our Class B Common Stock.

A “short squeeze” due to a sudden increase in demand for shares of our Class B Common Stock that largely exceeds supply has led to, and may continue to lead to, extreme price volatility in shares of our Class B Common Stock.

Investors may purchase shares of our Class B Common Stock to hedge existing exposure or to speculate on the price of our Class B Common Stock. Speculation on the price of our Class B Common Stock may involve long and short exposures. To the extent aggregate short exposure exceeds the number of shares of our Class B Common Stock available for purchase on the open market, investors with short exposure may have to pay a premium to repurchase shares of our Class B Common Stock for delivery to lenders of our Class B Common Stock. Those repurchases may in turn, dramatically increase the price of shares of our Class B Common Stock until additional shares of our Class B Common Stock are available for trading or borrowing. This is often referred to as a “short squeeze.”

Information available in public media that is published by third parties, including blogs, articles, message boards and social and other media may include statements not attributable to the Company and may not be reliable or accurate.

We have received, and may continue to receive, a high degree of media coverage that is published or otherwise disseminated by third parties, including blogs, articles, message boards and social and other media. This includes coverage that is not attributable to statements made by our officers or associates. Information provided by third parties may not be reliable or accurate and could materially impact the trading price of our Class B Common Stock which could cause stockholders to lose their investments.

In February 2025, the Company completed an offering of its Series B Preferred Stock in a private placement pursuant to Regulation D of the Securities Act of 1933, as amended (the “Private Placement”). The Company issued 44,991 shares of Series B Preferred Stock at \$5,000 per share for an aggregate offering amount of \$224,955,000. In connection with the Conversion, all shares of

Series B Preferred Stock, as well as the accrued dividends on such shares of Series B Preferred Stock, converted into shares of Class B Common Stock at a conversion price of \$50,740.47 per share (representing a 25% discount to the pre-Forward Stock Split value per common share price of \$67,653.96 used in the IPO), resulting in 4,541.45 shares of Class B Common Stock. Subsequently, upon the consummation of the Forward Stock Split, the 4,541.45 shares of Class B Common Stock were split into 30,724,711 shares of Class B Common Stock.

Forward Stock Split

Following a determination of the pre-money enterprise value of the Company and a per share valuation of \$67,653.96, the Company effectuated the Forward Stock Split of all of the then outstanding shares of Common Stock of the Company at a ratio of 6,765.396:1 (the “Forward Stock Split Ratio”) to result in the \$10.00 per share IPO Price. As a result of the Forward Stock Split, all shares of Common Stock outstanding following the Conversion and Reclassification were proportionally increased based upon the Forward Stock Split Ratio. No fractional shares were issued as a result of the Forward Stock Split. Any fractional shares resulting from the Forward Stock Split were rounded to the nearest whole share.

The Warrants are currently exercisable and have a term of three years from the date of issuance of the Warrants. 600,000 shares of Class B Stock registered for resale pursuant to this prospectus are issuable upon the exercise of the Warrants.

USE OF PROCEEDS

We will not receive any of the proceeds from the sale by the Selling Stockholders of the Class B Common Stock. However, we will receive proceeds from the exercise of the Warrants by the Selling Stockholders to the extent they are exercised for cash. We estimate that the maximum proceeds that we may receive from the exercise of the Warrants, assuming all the Warrants are exercised at their exercise price of \$12.50, will be \$7,500,000. We do not know, however, whether any of the Warrants will be exercised or, if any of the Warrants are exercised, when they will be exercised. It is possible that the Warrants will expire and never be exercised. There are circumstances under which the Warrants may be exercised on a cashless basis. In these circumstances, even if the Warrants are exercised, we may not receive any proceeds, or the proceeds that we do receive may be significantly less than what we might expect. We intend to use the aggregate net proceeds from the exercise of the Warrants for general corporate purposes, including working capital. The actual allocation of proceeds realized from the exercise of these Warrants will depend upon the amount and timing of such exercises, our operating revenues and cash position at such time and our working capital requirements. The Selling Stockholders will pay any expenses incurred by the Selling Stockholders for brokerage, accounting, tax or legal services or any other expenses incurred by the Selling Stockholders in disposing of its shares of Common Stock. We will bear all other costs, fees and expenses incurred in effecting the registration of the shares covered by this prospectus, including, without limitation, all registration fees and fees and expenses of our counsel and our accountants.

PLAN OF DISTRIBUTION

We are required to pay all fees and expenses incident to the registration of the Class B Common Stock to be offered and sold pursuant to this prospectus. The Selling Stockholders will bear all commissions and discounts, if any, attributable to their sale of Class B Common Stock. We will not receive any of the proceeds from the sale of the Class B Common Stock by the Selling Stockholders.

The shares of Class B Common Stock beneficially owned by the Selling Stockholders covered by this prospectus may be offered and sold from time to time by the Selling Stockholders. The Selling Stockholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. Such sales may be made on one or more exchanges or in the over-the-counter market or otherwise, at prices and under terms then prevailing or at prices related to the then current market price or in negotiated transactions. The Selling Stockholders may sell their shares of Class B Common Stock by one or more of, or a combination of, the following methods:

- purchases by a broker-dealer as principal and resale by such broker-dealer for its own account pursuant to this prospectus;
- ordinary brokerage transactions and transactions in which the broker solicits purchasers;
- block trades in which the broker-dealer so engaged will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

- an over-the-counter distribution in accordance with the rules of NYSE;
- through trading plans entered into by a Selling Stockholder pursuant to Rule 10b5-1 under the Exchange Act, that are in place at the time of an offering pursuant to this prospectus and any applicable prospectus supplement hereto that provide for periodic sales of their securities on the basis of parameters described in such trading plans;
- short sales;
- distribution to employees, members, limited partners or stockholders of a Selling Stockholder;
- through the writing or settlement of options or other hedging transaction, whether through an options exchange or otherwise;
- by pledge to secured debts and other obligations;
- delayed delivery arrangements;
- to or through underwriters or broker-dealers;
- in “at the market” offerings, as defined in Rule 415 under the Securities Act, at negotiated prices, at prices prevailing at the time of sale or at prices related to such prevailing market prices, including sales made directly on a national securities exchange or sales made through a market maker other than on an exchange or other similar offerings through sales agents;
- in privately negotiated transactions;
- in options transactions;
- through a combination of any of the above methods of sale; or
- any other method permitted pursuant to applicable law.

In addition, any securities that qualify for sale pursuant to Rule 144 may be sold under Rule 144 rather than pursuant to this prospectus. To the extent required, this prospectus may be amended and/or supplemented from time to time to describe a specific plan of distribution.

A Selling Stockholder that is an entity may elect to make an in-kind distribution of shares of Class B Common Stock to its members, partners, stockholders or other equityholders pursuant to the registration statement of which this prospectus forms a part by delivering a prospectus. To the extent that such members, partners, stockholders or other equityholders are not affiliates of ours, such members, partners, stockholders or other equityholders would thereby receive freely tradable shares of Class B Common Stock pursuant to a distribution pursuant to the registration statement of which this prospectus forms a part.

In connection with distributions of the securities or otherwise, the Selling Stockholders may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-dealers or other financial institutions may engage in short sales of shares of Class B Common Stock in the course of hedging transactions, and broker-dealers or other financial institutions may engage in short sales of shares of Class B Common Stock in the course of hedging the positions they assume with Selling Stockholders. The Selling Stockholders may also sell shares of Class B Common Stock short and redeliver the securities to close out such short positions. The Selling Stockholders may also enter into option or other transactions with broker-dealers or other financial institutions which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). The Selling Stockholders may also pledge securities to a broker-dealer or other financial institution, and, upon a default, such broker-dealer or other financial institution may effect sales of the pledged securities pursuant to this prospectus (as supplemented or amended to reflect such transaction).

In effecting sales, broker-dealers or agents engaged by the Selling Stockholders may arrange for other broker-dealers to participate. Broker-dealers or agents may receive commissions, discounts or concessions from the Selling Stockholders in amounts to be negotiated immediately prior to the sale.

A Selling Stockholder may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by any Selling Stockholder or borrowed from any Selling Stockholder or others to settle those sales or to close out any related open borrowings of stock and may use securities received from any Selling Stockholder in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and will be identified in the applicable prospectus supplement (or a post-effective amendment). In addition, any Selling Stockholder may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

In offering the securities covered by this prospectus, the Selling Stockholders and any broker-dealers who execute sales for the Selling Stockholders may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. Any profits realized by the Selling Stockholders and the compensation of any broker-dealer may be deemed to be underwriting discounts and commissions.

In order to comply with the securities laws of certain states, if applicable, the securities must be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

We have advised the Selling Stockholders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of securities in the market and to the activities of the Selling Stockholders and their affiliates. In addition, we will make copies of this prospectus available to the Selling Stockholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act.

The Selling Stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the securities against certain liabilities, including liabilities arising under the Securities Act.

At the time a particular offer of securities is made, if required, a prospectus supplement will be distributed that will set forth the number of securities being offered and the terms of the offering, including the name of any underwriter, dealer or agent, the purchase price paid by any underwriter, any discount, commission and other item constituting compensation, any discount, commission or concession allowed or reallocated or paid to any dealer, and the proposed selling price to the public.

Certain agents, underwriters and dealers, and their associates and affiliates, may be customers of, have borrowing relationships with, engage in other transactions with, or perform services, including investment banking services, for us or one or more of our respective affiliates and/or the Selling Stockholders or one or more of its respective affiliates in the ordinary course of business for which they receive compensation.

If at the time of any offering made under this prospectus a member of FINRA participating in the offering has a “conflict of interest” as defined in FINRA Rule 5121 (“Rule 5121”), that offering will be conducted in accordance with the relevant provisions of Rule 5121.

DISCLOSURE OF COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITY

Item 14. Indemnification of Directors and Officers

Under Section 607.0831 of the Florida Business Corporation Act, as amended (the “FBCA”), a director is not personally liable for monetary damages to the corporation or any other person for any statement, vote, decision to take or not to take action, or any failure to take any action unless (1) the director breached or failed to perform his or her duties as a director and (2) the director’s breach of, or failure to perform, those duties constitutes any of the following: (a) a violation of the criminal law, unless the director had reasonable cause to believe his or her conduct was lawful or had no reasonable cause to believe his or her conduct was unlawful; (b) a circumstance under which the transaction at issue is one from which the director derived an improper personal benefit, either directly or indirectly; (c) a circumstance under which the liability provisions of Section 607.0834 of the FBCA are applicable (relating to liability for unlawful distributions); (d) in a proceeding by or in the right of the corporation to procure a judgment in its favor or by or in the right of a shareholder, conscious disregard for the best interest of the corporation, or willful or intentional misconduct; or (e) in a proceeding by or in the right of someone other than the corporation or a shareholder, recklessness or an act or omission which was committed in bad faith or with malicious purpose or in a manner exhibiting wanton and willful disregard of human rights, safety, or property.

Under Section 607.0851 of the FBCA, except as otherwise provided in Section 607.0859 (as described below), and not in limitation of indemnification allowed under Section 607.0858 of the FBCA (regarding variation by corporate action), a corporation may indemnify an individual who is a party to any proceeding because the individual is or was a director or officer of the corporation against liability incurred in the proceeding if (a) the director or officer acted in good faith; (b) the director or officer acted in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation; and (c) in the case of any criminal proceeding, the director or officer had no reasonable cause to believe his or her conduct was unlawful. The termination of a proceeding by judgment, order, settlement, or conviction, or upon a plea of nolo contendere or its equivalent, does not, of itself, create a presumption that the director or officer did not meet the relevant standard of conduct described in this section of the FBCA. Unless ordered by a court, a corporation may not indemnify a director or an officer in connection with a proceeding by or in the right of the corporation except for expenses and amounts paid in settlement not exceeding, in the judgment of the board of directors, the estimated expense of litigating the proceeding to conclusion, actually and reasonably incurred in connection with the defense or settlement of such proceeding, where such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation.

For purposes of the indemnification provisions of the FBCA, “director” or “officer” means an individual who is or was a director or officer, respectively, of a corporation or who, while a director or officer of the corporation, is or was serving at the corporation’s request as a director or officer, manager, partner, trustee, employee, or agent of another domestic or foreign corporation, limited liability company, partnership, joint venture, trust, employee benefit plan, or another enterprise or entity and the terms include, unless the context otherwise requires, the estate, heirs, executors, administrators, and personal representatives of a director or officer.

Section 607.0852 of the FBCA provides that a corporation must indemnify an individual who is or was a director or officer who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which the individual was a party because he or she is or was a director or officer of the corporation against expenses incurred by the individual in connection with the proceeding.

Section 607.0853 of the FBCA provides that a corporation may, before final disposition of a proceeding, advance funds to pay for or reimburse expenses incurred in connection with the proceeding by an individual who is a party to the proceeding because that individual is or was a director or an officer if the director or officer delivers to the corporation a signed written undertaking of the director or officer to repay any funds advanced if (a) the director or officer is not entitled to mandatory indemnification under Section 607.0852; and (b) it is ultimately determined under Section 607.0854 or Section 607.0855 (as described below) that the director or officer has not met the relevant standard of conduct described in Section 607.0851 or the director or officer is not entitled to indemnification under Section 607.0859 (as described below).

Section 607.0854 of the FBCA provides that, unless the corporation's articles of incorporation provide otherwise, notwithstanding the failure of a corporation to provide indemnification, and despite any contrary determination of the board of directors or of the shareholders in the specific case, a director or officer of the corporation who is a party to a proceeding because he or she is or was a director or officer may apply for indemnification or an advance for expenses, or both, to a court having jurisdiction over the corporation which is conducting the proceeding, or to a circuit court of competent jurisdiction. Our articles of incorporation do not provide any such exclusion. After receipt of an application and after giving any notice it considers necessary, the court may order indemnification or advancement of expenses upon certain determinations of the court.

Section 607.0855 of the FBCA provides that, unless ordered by a court under Section 607.0854, a corporation may not indemnify a director or officer under Section 607.0851 unless authorized for a specific proceeding after a determination has been made that indemnification is permissible because the director or officer has met the relevant standard of conduct set forth in Section 607.0851.

Section 607.0857 of the FBCA provides that a corporation has the power to purchase and maintain insurance on behalf of and for the benefit of an individual who is entitled to indemnification as set forth therein, whether or not the corporation would have the power to indemnify or advance expenses to the individual against the same liability under the FBCA, and Section 607.0858 of the FBCA provides that the indemnification provided pursuant to Section 607.0851 and Section 607.0852, and the advancement of expenses provided pursuant to Section 607.0853 are not exclusive. A corporation may, by a provision in its articles of incorporation, bylaws or any agreement, or by vote of shareholders or disinterested directors, or otherwise, obligate itself in advance of the act or omission giving rise to a proceeding to provide any other or further indemnification or advancement of expenses to any of its directors or officers.

Section 607.0859 of the FBCA provides that, unless ordered by a court under the provisions of Section 607.0854 of the FBCA, a corporation may not indemnify a director or officer under Section 607.0851 or Section 607.0858 or advance expenses to a director or officer under Section 607.0853 or Section 607.0858 if a judgment or other final adjudication establishes that his or her actions, or omissions to act, were material to the cause of action so adjudicated and constitute: (a) willful or intentional misconduct or a conscious disregard for the best interests of the corporation in a proceeding by or in the right of the corporation to procure a judgment in its favor or in a proceeding by or in the right of a shareholder; (b) a transaction in which a director or officer derived an improper personal benefit; (c) a violation of the criminal law, unless the director or officer had reasonable cause to believe his or her conduct was lawful or had no reasonable cause to believe his or her conduct was unlawful; or (d) in the case of a director, a circumstance under which the liability provisions of Section 607.0834 are applicable (relating to unlawful distributions).

Our Amended and Restated Articles of Incorporation and Amended and Restated Bylaws limit the liability of our officers and directors and provide that we will indemnify our officers and directors, in each case, to the fullest extent permitted by the FBCA. In addition to the foregoing, each of Newsmax Inc. and Newsmax Media, Inc. carry a directors and officers insurance policy that covers certain liabilities of their respective officers and directors arising out of claims based on acts or omissions in their capacities as directors or officers. In addition, Company. has or intends to enter into indemnification agreements with each of its executive officers and directors to provide these executive officers and directors with additional contractual assurances regarding the scope of the indemnification set forth in the Company's Amended and Restated Articles of Incorporation and Amended and Restated Bylaws and to provide additional procedural protections.

The above provisions may discourage stockholders from bringing a lawsuit against our directors for breach of their fiduciary duty. The provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. Furthermore, a stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions. We believe that these Articles of Incorporation provisions, Bylaw provisions, indemnification agreements and the insurance are necessary to attract and retain qualified persons as directors and officers.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement to:

i. Include any prospectus required by Section 10(a)(3) of the Securities Act.

ii. Reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

iii. Include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (ii) and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

2. That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to securities offered therein, and the offering of the securities at that time shall be deemed to be the initial bona fide offering thereof;

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

4. That, for the purpose of determining liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
