REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Administrator of the Savings and  
Investment Plan of E. I. du Pont de Nemours and Company

In our opinion, the financial statements listed in the accompanying index present fairly, in all material respects, the net assets available for plan benefits of the Savings and Investment Plan of E. I. du Pont de Nemours and Company at September 30, 1993 and 1992, and the changes in net assets available for plan benefits for each of the two years then ended, in conformity with generally accepted accounting principles. These financial statements are the responsibility of E. I. du Pont de Nemours and Company as the Plan's Administrator; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with generally accepted auditing standards which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

PAGE 11  
SAVINGS AND INVESTMENT PLAN  
OF  
E. I. DU PONT DE NEMOURS AND COMPANY (THE "COMPANY")

NOTES TO FINANCIAL STATEMENTS

NOTE 1 -- DESCRIPTION OF SAVINGS AND INVESTMENT PLAN:

THE PLAN

The Savings and Investment Plan of E. I. du Pont de Nemours and Company (the "Plan") is a defined contribution Plan which was established by the Company's Board of Directors and became effective September 1, 1955.

The purpose of the Plan is to encourage and assist employees in following a systematic savings program suited to their individual objectives, and to provide an opportunity for employees, at no cost to themselves, to become stockholders of the Company. The Plan is a tax qualified contributory profit sharing plan. Any employee of the Company or its subsidiaries (including Du Pont Merck Pharmaceutical Company (DMPC), a general partnership which has adopted the Plan) and who has completed at least one year of continuous service, as determined in accordance with the Company's Service Rules, or who has been compensated for 1,000 or more hours in a period of twelve consecutive months is eligible to participate in the Plan.

An eligible employee may authorize the Company to make a payroll deduction under the Plan ranging from 1% to 22% of monthly pay. The amount deducted can be deposited into a before-tax or after-tax account or some combination thereof. Any amounts in excess of 16% are considered to be cash supplemental deposits and must be deposited in the after-tax account. The before-tax provision is permitted under Section 401(k) of the Internal Revenue Code. Nondiscrimination rules of the Internal Revenue Code require that the average savings rates in both the before-tax and after-tax accounts of "Highly Compensated" employees (as defined by the IRS) should be limited by the average savings rates of "Nonhighly Compensated" employees. At September 30, 1993 and September 30, 1992, for the "Highly Compensated" employees there was no limitation on the after-tax savings rate (other than the Plan limit) and the allowable before-tax savings rate was 13% in both years. At September 30, 1993 and September 30, 1992, the allowable before-tax savings rate for DMPC was 11% and 3%, respectively. In addition, in accordance with the Tax Reform Act of 1986, the Plan limited contributions by any employee to the before-tax account to \$8,994 in 1993 and \$8,728 in 1992. The Company will contribute an amount equal to 50% of the participant's savings deductions during a month except that no Company Contribution will be made for any participant's savings in excess of 6% of monthly pay. In addition, subject to certain limitations, a participant is allowed to make lump sum savings deposits in cash or through payroll deduction to the Plan at any time.

A participant with less than five years of participation credit, who withdraws any matched before-tax or after-tax savings will forfeit a portion of related Company contributions in accordance with specific Plan provisions. Company contributions will be suspended for six months if a

E. I. DU PONT DE NEMOURS AND COMPANY (THE "COMPANY")

NOTES TO FINANCIAL STATEMENTS - (Continued)

participant withdraws any matched before-tax or after-tax savings or Company contributions contributed to the account during the last two years of participation or any earnings in the before-tax or after-tax accounts. A participant who retires from active service may elect to make a full account withdrawal in the later of the month in which employment was terminated or March of the calendar year following the year in which the participant attains age 70 1/2.

Participants may borrow up to one-half of their nonforfeitable account balances subject to certain minimum and maximum loan limitations. The loans are executed by promissory notes and have a minimum term of 12 months and a maximum term of 60 months, except for qualified residential loans which have a maximum term of 120 months. The loans bear an interest rate equal to the average rate for secured personal loans as determined by the Plan administrator. The loans are repaid over the term in monthly installments of principal and interest by payroll deduction. A participant also has the right to repay the loan in full at any time without penalty.

INVESTMENT FUNDS

The following investment funds have been established with trustees for the investment of employee savings and Company contributions. The nature of the investments maintained in each fund is described below:

U.S. Savings Bond Fund	-- United States Savings Bonds, Series EE in \$100 denominations. This fund was eliminated as of May 1, 1993.
Fixed Income Fund	-- Investments under agreement with one or more financial institutions, including insurance companies, banks and other investment companies which provide for the return of principal in full plus the payment of interest at a predetermined rate for a specific period of time. The fund's blended rate of return for the 12 months ending September 30, 1993 and September 30, 1992 was 9.3% and 9.8%, respectively.
Family of Mutual Funds	-- A group of seven different mutual funds, each with its own investment objectives, offered through Fidelity Investments Institutional Operations Company. As of January 13, 1993 these funds were transferred to similar mutual funds at Merrill Lynch with the exception of Magellan and Retirement Growth which were combined into the Magellan fund. The Magellan Fund continues to be shown under the caption Family of Mutual Funds.
3-Way Asset Allocation Fund	-- 3-Way Asset Allocation Fund with money invested by Wells Fargo Nikko Investment Advisors among stocks, bonds, and cash (money market).

12

E. I. DU PONT DE NEMOURS AND COMPANY (THE "COMPANY")

NOTES TO FINANCIAL STATEMENTS - (Continued)

DuPont Common Stock Fund	-- DuPont common stock.
Loan Fund	-- Participant loans--amounts transferred from the United States Savings Bond Fund, the Fixed Income Fund, the Fidelity Family of Mutual Funds, Merrill Lynch Mutual Funds, the DuPont Common Stock Fund and/or the 3-Way Asset Allocation Fund that are loaned to participants.
Merrill Lynch Funds	-- A group of 5 different mutual funds each with

its own investment objective offered through Merrill Lynch.

Participants may allocate their before and after-tax savings deductions and Company contributions among all Funds at their discretion. Amounts contributed by the Company were not to be used to purchase U.S. Savings Bonds.

At September 30, 1993 the Plan participants directed their savings and the related matching Company contributions be invested in the following funds (approximate number of participants in each fund): United States Savings Bonds Fund (0); Fixed Income Fund (85,600); Family of Mutual Funds (12,600); DuPont Common Stock Fund (53,300); 3-Way Asset Allocation Fund (6,200); Merrill Lynch (ML) International Holdings (3,800); ML Balanced Fund (2,000); ML Equity Index (8,600); ML Capital Fund (4,000); ML Basic Value Fund (2,600). Approximately 22,600 participants had loans outstanding in the Loan Fund at September 30, 1993.

#### ADMINISTRATION

The designated trustee of all the aforementioned funds is Merrill Lynch, Pierce, Fenner & Smith Incorporated (Merrill Lynch). The administration of the Plan is vested in the Office of the Chairman of the Company which may designate one or more persons to operate and administer the Plan. The Finance Committee of the Company has the authority to appoint the trustees and select insurers. All administrative costs of the Plan are paid by the Company.

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event the Plan is terminated, all participants become vested and the distribution of shares of DuPont common stock and all cash balances, including those resulting from the liquidation of the Fixed Income Fund, the Fidelity Family of Mutual Funds, the 3-Way Asset Allocation Fund, and Merrill Lynch Mutual Funds will be made based upon the valuation of the participant's account.

SAVINGS AND INVESTMENT PLAN  
OF

E. I. DU PONT DE NEMOURS AND COMPANY (THE "COMPANY")

NOTES TO FINANCIAL STATEMENTS - (Continued)

#### NOTE 2 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

For financial reporting purposes, the assets of the Plan are reflected on the accrual and fair value bases of accounting. The provisions of the Employee Retirement Income Security Act of 1974 (ERISA) require presentation based on fair value. The fair value of the United States Savings Bonds Fund is based on the redemption values for U.S. Savings Bonds which are published by the Department of Treasury. U.S. Savings Bonds are nonredeemable for a six month period subsequent to purchase. Such bonds purchased within six months prior to the September 30 period-end are valued at cost. The Fixed Income Fund guaranteed investment contracts and separate account portfolios are stated at cost plus accrued interest, using the contracted interest rates applied to the daily account balances. Investments in the Family of Mutual Funds, the DuPont Common Stock Funds, and Merrill Lynch Mutual Funds are recorded at the latest price on the last business day of the period reported. Investments in the 3-Way Asset Allocation Fund are recorded at the fair market value of all assets in the Fund on the last business day of the period reported. The fair value of loans to participants in the Loan Fund represent the outstanding principal balances of the loans.

The unit value or price of the Fixed Income Fund, the 3-Way Asset Allocation Fund, Merrill Lynch Mutual Funds and the DuPont Common Stock Fund, reflect the prices at which participant's accounts are valued at the end of the period reported. The "Net Asset Value" per share, or NAV, for each Fund in the Family of Mutual Funds is computed by adding the value of all portfolio holdings and other assets, deducting liabilities and then dividing the result by the number of shares outstanding at month end. Fidelity Investments Institutional Services Company calculates each of these Funds' NAV at the close of each business day of the New York Stock Exchange. There is no unit value for the United States Savings Bonds Fund and the Loan Fund since U.S. Savings Bonds and loans are identified directly with participants' accounts. The Company may, at its option, issue DuPont common stock in lieu of cash contributions to the DuPont Common Stock Fund and also in lieu of cash dividends on DuPont common stock. The number of shares issued is based upon the cash value of the contributions and dividends divided by the market value of DuPont common stock at the end of the month

of issue. Shares of DuPont common stock are allocated to participants in the DuPont Common Stock Fund based on the ratio of the amount deposited to each participant's account to the total amount contributed to the Fund.

Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Gains and losses on the sale of the DuPont Common Stock Fund investment securities are based on average cost of the securities sold and are recognized on the trade date. Monthly sales and purchases are netted to minimize brokerage fees.

NOTE 4 -- REALIZED AND UNREALIZED GAINS AND LOSSES

Realized and unrealized gains and losses are calculated based upon historical cost of assets. Such gains and losses are computed on a current value basis for Form 5500. The difference may result in a differing classification between realized and unrealized but the total gain or loss will be unaffected.

PAGE 18  
SAVINGS AND INVESTMENT PLAN  
OF

E. I. DU PONT DE NEMOURS AND COMPANY (THE "COMPANY")

NOTES TO FINANCIAL STATEMENTS - (Continued)

NOTE 5 -- INCOME TAX STATUS

The Savings and Investment Plan is a qualified plan pursuant to Section 401(a) of the Internal Revenue Code and the related Trusts are exempt from federal taxation under Section 501(a) of the Code. A favorable tax determination letter has been received by the Plan. Accordingly, no provision has been made for federal income taxes in the accompanying financial statements.

Participants in the Plan are not subject to federal income taxes on account balances arising from employer contributions, tax-deferred employee deposits, or accrued income until distributions or withdrawals are made.

NOTE 6 -- Change of Trustee and Record Keeper

Effective January 1993 the record keeping of the Savings and Investment Plan was transferred to Merrill Lynch, Pierce, Fenner & Smith Incorporated (Merrill Lynch). Concurrently with this move, Merrill Lynch became the Trustee for the Fixed Income, Family of Mutual, 3-Way Asset Allocation, DuPont Common Stock, Loan and the Merrill Lynch Mutual Funds. Wilmington Trust Company remained Trustee of the U.S. Savings Bond Fund until its elimination. The Family of Mutual Funds at Fidelity Investments Institutional Operations Company (Fidelity) were transferred to similar mutual funds at Merrill Lynch with the exception of the Magellan and Retirement Growth funds which were combined into the Magellan Fund.

NOTE 7 -- Wells Fargo Conversion

In November 1992, the Plan's position in the Wells Fargo Three Way Asset Allocation Fund was converted from Monthly (U.S. Tactical Asset Allocation Fund) to Daily (U.S. Tactical Asset Allocation Fund E). This conversion resulted in a change of the base unit value to \$10 per share with a relative change in shares held to ensure no gain or loss for participants.

The conversion was necessary to allow daily trading of the Wells Fargo Fund.
