Shutterstock Reports Second Quarter 2025 Financial Results

New York, NY - July 29, 2025 - Shutterstock, Inc. (NYSE: SSTK) (the “Company”), a family of brands delivering scalable creative and GenAI solutions to help customers fuel great work, today announced financial results for the second quarter ended June 30, 2025.

Commenting on the Company's performance, Paul Hennessy, the Company's Chief Executive Officer, said, “I am pleased to report that Shutterstock set new high water marks in the second quarter, achieving record levels in both Revenue and Adjusted EBITDA. Our complete suite of offerings, from creative content to custom creative solutions to AI model inputs to our GIPHY distribution is now more than ever enabling us to fuel great work for our customers.”

Second Quarter 2025 highlights as compared to Second Quarter 2024:

Financial Highlights

- Revenues were \$267.0 million compared to \$220.1 million.
- Net income was \$29.4 million compared to \$3.6 million.
- Net income per diluted common share was \$0.82 compared to \$0.10.
- Adjusted net income was \$42.9 million compared to \$35.9 million.
- Adjusted net income per diluted common share was \$1.19 compared to \$1.00.
- Adjusted EBITDA was \$82.2 million compared to \$62.1 million.

SECOND QUARTER RESULTS

Revenue

Second quarter revenue of \$267.0 million increased by \$46.9 million or 21% as compared to the second quarter of 2024.

Revenue from our Content product offering increased by \$29.8 million, or 18%, as compared to the second quarter of 2024, to \$199.8 million. Envato, which was acquired in July of 2024, contributed to the year-over-year increase. Content revenue represented 75% of our total revenue in the second quarter of 2025.

Revenue generated from our Data, Distribution, and Services product offering increased by \$17.1 million, or 34%, as compared to the second quarter of 2024, to \$67.2 million, and represented 25% of second quarter revenue in 2025. Second quarter revenue benefited from the timing of data deal revenue recognition, which fluctuates quarter-to-quarter based on the delivery of metadata to our customers.

Net income and net income per diluted common share

Net income in the second quarter of 2025 of \$29.4 million increased \$25.8 million as compared to net income of \$3.6 million for the second quarter in 2024. Net income per diluted common share was \$0.82, as compared to \$0.10 for the same period in 2024. These increases were attributable to profitability associated with the Envato business acquired in July of 2024 and unrealized gains related to our investment in Meitu, Inc, offset by an increase in interest expense of \$3.7 million due to increased debt which funded the purchase of Envato. The Company also incurred \$8.7 million of professional fee expenses in the quarter associated with the proposed merger with Getty Images Holdings, Inc. (“Getty Images”).

Adjusted net income and adjusted net income per diluted common share

Adjusted net income in the second quarter of 2025 of \$42.9 million increased \$7.0 million as compared to adjusted net income of \$35.9 million for the second quarter in 2024. Second quarter 2025 adjusted net income was favorably impacted by profitability associated with the Envato acquisition offset by an increase in interest expense.

Adjusted net income per diluted common share was \$1.19 as compared to \$1.00 for the second quarter of 2024, an increase of \$0.19 per diluted share.

Adjusted EBITDA

Adjusted EBITDA of \$82.2 million for the second quarter of 2025 increased by \$20.2 million, or 32%, as compared to the second quarter of 2024, primarily due to the contribution from Envato and data deal revenue. Net income margin of 11.0% for the second quarter of 2025 increased by 9.4%, as compared to 1.6% in the second quarter of 2024. The adjusted EBITDA margin of 30.8% for the second quarter of 2025 increased by 2.6%, as compared to 28.2% in the second quarter of 2024.

SECOND QUARTER LIQUIDITY

Our cash and cash equivalents increased by \$4.2 million to \$116.4 million at June 30, 2025, as compared with \$112.2 million as of March 31, 2025. This increase was driven by \$26.8 million of net cash provided by our operating activities and a favorable impact from foreign currency exchange rate changes, partially offset by \$13.9 million of net cash used in financing activities and \$15.0 million of net cash used in investing activities.

Net cash provided by our operating activities was driven by our operating income and changes in the timing of cash collections from our customers and payments pertaining to operating expenses. In addition, cash flows for the three months ended June 30, 2025 were unfavorably impacted by \$5.7 million of expenses related to the Getty Images proposed merger.

Cash used in investing activities for the three months ended June 30, 2025 consisted of \$15.4 million related to capital expenditures and content acquisition, partially offset by \$0.4 million related to the receipt of the Giphy Retention Compensation, as reimbursed by the Giphy seller.

Cash used in financing activities for the three months ended June 30, 2025 consisted of \$11.6 million related to the payment of the quarterly cash dividend, \$1.5 million paid in settlement of tax withholding obligations related to employee stock-based compensation awards, and \$0.8 million used for the repayment of our credit facility.

Adjusted free cash flow was \$17.5 million for the second quarter of 2025, a decrease of \$18.7 million from the second quarter of 2024.

QUARTERLY CASH DIVIDEND

During the three months ended June 30, 2025, the Company declared and paid a cash dividend of \$0.33 per common share or \$11.6 million.

On July 21, 2025, the Board of Directors declared a dividend of \$0.33 per share of outstanding common stock, payable on September 18, 2025 to stockholders of record at the close of business on September 4, 2025.

KEY OPERATING METRICS

	Three Months Ended June 30,		Six Months Ended June 30,	
	2025	2024	2025	2024

Subscribers, Subscriber Revenue and Average Revenue Per Customer from acquisitions are included in these metrics beginning twelve months after the closing of the respective business combination. (1) Subscribers is defined as those customers who purchase one or more of our monthly recurring products for a continuous period of at least three months, measured as of the end of the reporting period.

(2) Subscriber revenue is defined as the revenue generated from subscribers during the period.

(3) Average revenue per customer is calculated by dividing total revenue for the last twelve-month period by customers. Customers is defined as total active, paying customers that contributed to total revenue over the last twelve-month period.

Paid downloads exclude content related to our Studios business, downloads of content that are offered to customers for no charge, including our free trials and metadata delivered through our data deal offering.

NON-GAAP FINANCIAL MEASURES

To supplement Shutterstock's consolidated financial statements presented in accordance with the accounting principles generally accepted in the United States, or GAAP, Shutterstock's management considers certain financial measures that are not prepared in accordance with GAAP, collectively referred to as non-GAAP financial measures, including adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage), billings and adjusted free cash flow.

Shutterstock defines adjusted EBITDA as net income adjusted for depreciation and amortization, non-cash equity-based compensation, Giphy Retention Compensation Expense - non-recurring, foreign currency transaction gains and losses, severance costs associated with strategic workforce optimizations, impairment loss on long-term investment, unrealized losses / gains on investments, interest income and expense, income taxes and Merger related costs; adjusted EBITDA margin as the ratio of adjusted EBITDA to revenue; adjusted net income as net income adjusted for the impact of non-cash equity-based compensation, amortization of acquisition-related intangible assets, Giphy Retention Compensation Expense - non-recurring, severance costs associated with strategic workforce optimizations (reported in Other), unrealized losses / gains on investments (reported in Other), impairment loss on long-term investment, Merger related costs and the estimated tax impact of such adjustments; adjusted net income per diluted common share as adjusted net income divided by weighted average diluted shares; revenue growth (including by product offering) on a constant currency basis (expressed as a percentage) as the increase in current period revenues over prior period revenues, utilizing fixed exchange rates for translating foreign currency revenues for all periods in the comparison; billings as revenue adjusted for the change in deferred revenue, excluding deferred revenue acquired through business combinations; and adjusted free cash flow as net cash provided by operating activities, adjusted for capital expenditures, content acquisition, cash received related to Giphy Retention Compensation in connection with the acquisition of Giphy, and cash paid for costs related to the Getty Images merger.

The expense associated with the Giphy Retention Compensation related to (i) the one-time employment inducement bonuses and (ii) the vesting of the cash value of unvested Meta equity awards held by the employees prior to closing, which are reflected in operating expenses (together, the "Giphy Retention Compensation Expense - non-recurring"), are required payments in accordance with the terms of the acquisition. Meta's sale of Giphy was directed by the United Kingdom Competition and Markets Authority (the "CMA") and accordingly, the terms of the acquisition were subject to CMA preapproval. Management considers the operating expense associated with these required payments to be unusual and non-recurring in nature. The Giphy Retention Compensation Expense - non-recurring is not considered an ongoing expense necessary to operate the Company's business. Therefore, such expenses have been included in the below adjustments for calculating adjusted EBITDA, adjusted EBITDA margin, adjusted net income and adjusted net income per diluted common share. For the three months ended June 30, 2025, the Company also incurred \$4.3 million of Giphy Retention Compensation expense related to recurring employee costs, which is included in operating expenses, and are not included in the below adjustments for calculating adjusted EBITDA, adjusted EBITDA margin, adjusted net income and adjusted net income per diluted common share.

These figures have not been calculated in accordance with GAAP and should be considered only in addition to results prepared in accordance with GAAP and should not be considered as a substitute for, or superior to, GAAP results. Shutterstock cautions investors that non-GAAP financial measures are not based on any standardized methodology prescribed by GAAP and are not necessarily comparable to similarly-titled measures presented by other companies.

Shutterstock's management believes that adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted common share, revenue growth (including by product offering) on a constant currency basis (expressed as a percentage), billings and adjusted free cash flow are useful to investors because these measures enable investors to analyze Shutterstock's operating results on the same basis as that used by management. Additionally, management believes that adjusted EBITDA, adjusted EBITDA margin, adjusted net income and adjusted net income per diluted common share provide useful information to investors about the performance of the Company's overall business because such measures eliminate the effects of unusual or other infrequent charges that are not directly attributable to Shutterstock's underlying operating performance; and revenue growth (including by product offering) on a

constant currency basis (expressed as a percentage) provides useful information to investors by eliminating the effect of foreign currency fluctuations that are not directly attributable to Shutterstock's operating performance. Management also believes that providing these non-GAAP financial measures enhances the comparability for investors in assessing Shutterstock's financial reporting. Shutterstock's management believes that adjusted free cash flow is useful for investors because it provides them with an important perspective on the cash available for strategic measures, after making necessary capital investments in internal-use software and website development

costs to support the Company's ongoing business operations and provides them with the same measures that management uses as the basis for making resource allocation decisions.

Shutterstock's management also uses the non-GAAP financial measures adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted common share, revenue growth (including by product offering) on a constant currency basis (expressed as a percentage), billings and adjusted free cash flow, in conjunction with GAAP financial measures, as an integral part of managing the business and to, among other things: (i) monitor and evaluate the performance of Shutterstock's business operations, financial performance and overall liquidity; (ii) facilitate management's internal comparisons of the historical operating performance of its business operations; (iii) facilitate management's external comparisons of the results of its overall business to the historical operating performance of other companies that may have different capital structures and debt levels; (iv) review and assess the operating performance of Shutterstock's management team and, together with other operational objectives, as a measure in evaluating employee compensation; (v) analyze and evaluate financial and strategic planning decisions regarding future operating investments; and (vi) plan for and prepare future annual operating budgets and determine appropriate levels of operating investments.

Reconciliations of the differences between each of our non-GAAP financial measures (adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted common share, revenue growth (including by product offering) on a constant currency basis (expressed as a percentage), billings, adjusted free cash flow), and each measure's most directly comparable financial measure calculated and presented in accordance with GAAP, are presented under the headings "Reconciliation of Non-GAAP Financial Information to GAAP" and "Supplemental Financial Data" immediately following the Consolidated Balance Sheets.

Reconciliation of Non-GAAP Financial Information to GAAP
(In thousands, except per share information)
(unaudited)

Adjusted EBITDA, adjusted EBITDA margin, adjusted net income, adjusted net income per diluted share, revenue growth (including by distribution channel) on a constant currency basis (expressed as a percentage), billings and adjusted free cash flow are not financial measures prepared in accordance with United States generally accepted accounting principles (GAAP). Such non-GAAP financial measures should not be construed as alternatives to any other measures of performance determined in accordance with GAAP. Investors are cautioned that non-GAAP financial measures are not based on any standardized methodology prescribed by GAAP and are not necessarily comparable to similarly-titled measures presented by other companies.

(1) Statutory tax rates are used to calculate the tax effect of the adjustments.

(2) The tax effect of non-cash equity-based compensation in 2024 includes a \$6.3 million add-back for the reduction of deferred tax assets associated with the expiration of performance-based stock options and restricted stock units granted the Company's Founder and Executive Chairman in 2014. The performance-based metrics were not met, the awards were not exercisable, and the Company recognized a non-cash tax expense for the change in deferred taxes.

(3) Of these amounts, \$8.9 million and \$8.2 million are included in cost of revenue for the three months ended June 30, 2025 and 2024, respectively. The remainder of acquisition-related amortization expense is included in general and administrative expense in the Statement of Operations.

- (4) Other consists of unrealized gains and losses on investments and severance costs associated with strategic workforce optimizations.
