**PROXY STATEMENT
For the Annual Meeting of Stockholders
to be held May 27, 2003**

This Proxy Statement is furnished by and on behalf of the Board of Directors (the "Board of Directors") of EarthLink, Inc. (the "Company" or "EarthLink") in connection with the solicitation of proxies for use at the 2003 Annual Meeting of Stockholders of the Company to be held at 10:00 a.m. (local time) on Tuesday, May 27, 2003, at the Georgia Center for Advanced Telecommunications Technology (GCATT), located at 250 14th Street NW, Atlanta, Georgia, and at any adjournments or postponements thereof (the "Annual Meeting"). This

Proxy Statement and the enclosed proxy card will be mailed on or about April 22, 2003 to the Company's stockholders of record (the "Stockholders") on the Record Date, as defined below.

THE BOARD OF DIRECTORS URGES YOU TO VOTE YOUR SHARES BY ANY OF THE THREE AVAILABLE METHODS—BY MAIL, BY TELEPHONE OR BY INTERNET. IF YOU VOTE BY MAIL, PLEASE COMPLETE, SIGN, DATE AND RETURN THE ENCLOSED PROXY CARD IN THE ENCLOSED ENVELOPE.

YOUR VOTE IS IMPORTANT!

SOLICITATION, VOTING AND REVOCABILITY OF PROXIES

General

Proxies will be voted as specified by the Stockholder or Stockholders granting the proxy. Unless contrary instructions are specified, if the enclosed proxy card is executed and returned (and not revoked) prior to the Annual Meeting, the shares of Common Stock, \$.01 par value per share, of the Company (the "Common Stock") represented thereby will be voted FOR the proposals set forth in this Proxy Statement. The submission of a signed proxy will not affect a Stockholder's right to attend and to vote in person at the Annual Meeting. A Stockholder who executes a proxy may revoke it at any time before it is voted by filing with the Secretary of the Company either a written revocation or an executed proxy bearing a later date or by attending and voting in person at the Annual Meeting.

Only holders of record of Common Stock as of the close of business on March 31, 2003 (the "Record Date") will be entitled to vote at the Annual Meeting. Holders of shares of Common Stock (the "Shares") authorized to vote are entitled to cast one vote per Share on all matters voted upon at the Annual Meeting. As of the close of business on the Record Date, there were 151,651,175 Shares issued and outstanding.

Quorum Required

According to the Company's Bylaws, the holders of a majority of the Shares entitled to be voted must be present or represented by proxy to constitute a quorum. Each outstanding Share is entitled to one vote on all matters. For purposes of the quorum and the discussion below regarding the vote necessary to take stockholder action, the Stockholders who are present at the Annual Meeting in person or by proxy and who abstain, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, are considered Stockholders who are present and entitled to vote and they count toward the quorum.

Vote Required

Under Delaware law, directors are elected by a plurality of the votes of the Shares entitled to vote and present in person or represented by proxy at a meeting at which a quorum is present. Only votes

actually cast will be counted for the purpose of determining whether a particular nominee received more votes than the persons, if any, nominated for the same seat on the Board of Directors. A Stockholder may withhold votes from any or all nominees by notation on the proxy card. Except to the extent that a Stockholder withholds votes from any or all nominees, the persons named in the proxy card, in their sole discretion, will vote such proxy for the election of the nominees listed below as directors of the Company.

Under rules of self-regulatory organizations governing brokers, brokers holding shares of record for customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. As used herein, "broker non-votes" means the votes that could have been cast on the matter in question by brokers if the brokers had received their customers' instructions.

Each of the proposals to be voted upon at the Annual Meeting, except as discussed above with respect to election of directors, requires the affirmative vote of a majority of the Shares present or represented and entitled to vote at the Annual Meeting to be approved. Abstentions have the effect of negative votes on these matters and broker non-votes would have no effect on these matters.

With respect to any other matters that may come before the Annual Meeting, if proxies are executed and returned, such proxies will be voted in a manner deemed by the proxy representatives named therein to be in the best interests of the Company and its stockholders.

PROPOSAL 1—ELECTION OF DIRECTORS

Nominees

EarthLink's Amended and Restated Certificate of Incorporation provides that the Company shall have at least two and not more than 17 directors, with the exact number to be fixed by resolution of the Board of Directors from time to time or by a majority vote of the stockholders entitled to vote on directors. The current size of the Board of Directors is fixed at seven, and the Company currently has seven directors. The Board of Directors held seven meetings in 2002. Each of the members of the Company's Board of Directors, except for Austin M. Beutner, attended at least 75% of the aggregate number of (i) meetings of the Board of Directors and (ii) meetings held by all committees of the Board of Directors on which the director served.

As established in its Amended and Restated Certificate of Incorporation, EarthLink's Board of Directors is divided into three classes, designated as Class I, Class II and Class III, which classes are to have as nearly equal number of directors as possible. The current seven-member Board of Directors consists of three Class I members, two Class II members and two Class III members. The term for each class is three years, which expires at the third succeeding Annual Meeting of Stockholders after their election. The term for our Board of Directors' Class I directors expires at this year's Annual Meeting.

Directors Standing for Election

The Board of Directors has nominated Marce Fuller and Robert M. Kavner for election as Class I directors to the Board of Directors at the Annual Meeting, each to serve until the 2006 Annual Meeting of Stockholders or until their successors are duly elected and qualified. Austin M. Beutner, currently a Class I director, has determined not to stand for re-election in order to devote more attention to other commitments.

In the event that each nominee listed below is elected as director, there will be one vacancy on the Board of Directors. This vacancy is the result of Mr. Beutner's decision not to stand for re-election. We are maintaining a vacant director's seat at this time in order to provide the Board of Directors flexibility to add an additional director if it so determines. The Company's Stockholders may not vote,

or cause their proxies to be voted, for a greater number of nominees for director than the two named below.

Set forth below is certain biographical information furnished to the Company by the directors standing for election:

EXECUTIVE COMPENSATION

Pursuant to SEC rules for proxy statement disclosure of executive officer compensation, the Compensation Committee of the Board of Directors of the Company has prepared the following Report on Executive Officer Compensation. The Committee intends that this report

clearly describe the current executive officer compensation program of the Company, including the underlying philosophy of the program and the specific performance criteria on which executive officer compensation is based. This report also discusses in detail the compensation paid to the Company's Chief Executive Officer.

Compensation Committee Report on Executive Officer Compensation

This report by the Compensation Committee of the Board of Directors (the "Committee") discusses the Committee's compensation objectives and policies applicable to the Company's executive officers. The report reviews the Committee's policy generally with respect to the compensation of all executive officers as a group for the year ended December 31, 2002, as reported in the Summary Compensation Table. The Committee is comprised entirely of non-employee directors. The Committee also administers the Company's equity-based compensation plans.

Compensation Philosophy

The Committee consists of two non-employee directors, Mr. Lacy—Chairman and Ms. Fuller. The Committee is responsible for setting cash and long-term incentive compensation for executive officers and other key employees of the Company. The Company's compensation policies are intended to create a direct relationship between the level of compensation paid to executives and the Company's current and long-term level of performance. The Committee believes that this relationship is best implemented by providing a compensation package of separate components, all of which are designed to enhance the Company's overall performance. The components are base salary, short-term compensation in the form of annual bonuses and long-term incentive compensation in the form of stock options.

Base Salaries

The base salaries for the Company's executive officers for the year ended December 31, 2002 were established by comparing base salaries offered for similar positions in competing or similar companies. The salaries of the executive officers were established based on the market environment and the Company's need to attract and retain key personnel for whom the Company must compete against similar companies and larger, more established companies.

Short-Term Annual Bonuses

Annual bonuses established for the executive officers are intended to provide an incentive for advancing company performance in the short term. The Committee establishes target bonus levels for the executive officers at the beginning of the year based on predetermined goals such as total paying customers, customer retention, revenue and profitability.

Long-Term Incentive Compensation

The Company's long-term incentive compensation plan for its executive officers is based on the Company's stock option plans. These plans promote ownership of the Company's Common Stock, which, in turn, provides a common interest between the stockholders of the Company and the executive officers of the Company. In establishing a long-term compensation plan, the Committee concluded that any compensation received under such plans should be directly linked to the performance of the Company, as reflected by increases in the price of its Common Stock, and the contribution of the individual thereto. Options have an exercise price equal to the fair market value of the shares on the

date of grant and, to encourage a long-term perspective, have an exercise period of 10 years and generally vest over four to six years. The number of options granted to executive officers is determined by the Committee, which is charged with administering the stock option plans.

The base salaries, targeted bonus amounts and number of stock options established for or granted to the Company's executive officers are based in part on the Committee's understanding of compensation amounts and forms paid to persons in comparable roles performing at comparable levels at other companies in the same or related industries. Such amounts, however, mainly reflect the subjective discretion of the members of the Committee based on the evaluation of the Company's current and anticipated future financial performance, the contribution of the individual executive officers to such financial performance, the contribution of the individual executive officers to the Company in areas not necessarily reflected by the Company's financial performance and the most appropriate incentive to link the performance and compensation of the executive officers to the stockholders' return on the Company's Common Stock.

The Compensation Committee Report on Executive Compensation does not constitute solicitation material and should not be deemed filed or incorporated by reference into any of the Company's other filings under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that EarthLink specifically incorporates this report by reference therein.

Change-In-Control Accelerated Vesting and Severance Plan

General. EarthLink's Change-In-Control Accelerated Vesting and Severance Plan (the "CIC Plan") provides security to certain employees of EarthLink and its designated subsidiaries in the event of a Change in Control (as defined) of the Company. For purposes of the CIC Plan, "Change in Control" generally means a transaction pursuant to which any person acquires more than 50% of the voting power of the Company or any merger, reorganization or similar event where the owners of the voting stock of the Company before the event do not own voting stock representing at least 50% of the voting power of the Company or its successor after the event. The CIC Plan generally is a severance pay plan that provides continued compensation and other benefits to certain employees of the Company and its designated subsidiaries if their employment terminates for reasons described in the CIC Plan within a certain time of a Change in Control of the Company. The CIC Plan as a "welfare plan" is subject to the Employee Retirement Income Security Act of 1974. The CIC Plan is administered by the Company, which has responsibility for construing and interpreting the CIC Plan and establishing and amending such rules and regulations as it deems necessary or desirable for the proper administration of the CIC Plan.

Eligibility for Participation. The CIC Plan creates three benefit categories based on the employee's position with the Company or a designated subsidiary. For purposes of the CIC Plan, the "Gold" benefit category includes the Chief Executive Officer and President of the Company. The "Silver" benefit category includes the Chief Financial Officer of the Company, the Chief Executive Officer, President, and Chief Financial Officer of a designated subsidiary, and the Executive Vice Presidents of the Company or a designated subsidiary. Finally, the "Bronze" benefit category includes Vice Presidents of the Company or a designated subsidiary, Blue Zone Classified Jobs of the Company or a designated subsidiary (as defined in the normal human resources practices and procedures of the Company or a designated subsidiary), or one or more classes of employees whom the Board of Directors of the Company may select for participation under the CIC Plan.

Compensation Benefits. If at any time within 18 months after a Change in Control occurs, the employment of a participating employee is terminated by the Company or a designated subsidiary for any reason other than Cause (as defined in the CIC Plan), disability or death, or the participating employee voluntarily terminates his employment for Good Reason (as defined in the CIC Plan), such participating employee is entitled to receive the following benefits. To an employee in the Gold or Silver benefit category, the Company will make a lump sum payment equal to (a) 150% of the employee's salary plus bonus target and (b) all amounts payable with respect to such employee's elected COBRA coverage (including for spouse and dependents) for one and one-half (1^{1/2}) years from termination. To an employee in the Bronze benefit category, the Company will make a lump sum payment equal to (a) 100% of the employee's salary plus bonus target and (b) all amounts payable with respect to such employee's elected COBRA coverage (including for spouse and dependents) for one year from

termination. The payment of the compensation benefits will be consistent with normal payroll practices and subject to applicable withholdings and employment taxes.

Acceleration of Options. As with the compensation benefits, a participating employee's benefit category determines the accelerated vesting benefits to which he or she is entitled. For an employee in the Gold or Silver benefit category, if his or her stock options are assumed or continued after a Change in Control, all outstanding stock options granted on or before the Change in Control will vest and be exercisable in full, if not already fully vested, on termination of the employee's employment for any reason after the Change in Control occurs; however, if his or her stock options are not assumed or continued after the Change in Control, all outstanding stock options will vest and be exercisable in full contemporaneously with the Change in Control, if not already fully vested. For an employee in the Bronze benefit category, if his or her stock options are assumed or continued after a Change in Control, all outstanding stock options granted on or before the Change in Control will vest and be exercisable at least as much as if the employee had remained employed for 24 months after the Change in Control occurs, if not already vested to such extent; however, if his or her stock options are not assumed or continued after the Change in Control, all outstanding stock options are vested and exercisable at least as much as if the employee had remained employed for 24 months after the Change in Control occurs, if not already vested to such extent.

Unfunded Status. The CIC Plan is unfunded, and the Company and its subsidiaries are not required to segregate any assets to fund the benefits, if any, that will become payable under it. Any liability of the Company or any subsidiary to any employee with respect to the CIC Plan is based solely on any contractual obligations that may be created pursuant to the CIC Plan.

Amendment and Termination. The Company will have the right to amend the CIC Plan from time to time and may terminate it at any time; provided, however, that after a Change in Control in the Company occurs (i) no amendment may be made that diminishes any employee's rights following such Change in Control and (ii) the CIC Plan may not be terminated.

Compensation of our Chief Executive Officer

Charles G. Betty is employed as our Chief Executive Officer pursuant to an employment agreement for a term of three years, as such may automatically be extended from year-to-year thereafter, at a salary of not less than \$600,000 per year, plus such other benefits generally made available to our other senior executives. Mr. Betty is entitled, if the bonus criteria for the applicable annual period are met, to an annual bonus in the amount equal to 50% of his base salary in 2003, and an amount equal to 60% of his base salary in each year thereafter. The Company provides Mr. Betty and his family with health, medical, disability and term life insurance in accordance with any group plan it maintains. The Company reimburses Mr. Betty for any term life insurance policy payments made under a policy (or policies) with aggregate death benefits of \$3,000,000 until such time as the Company provides a policy (or policies) with coverage and benefits the same as or substantially similar

to the term life insurance policy held by Mr. Betty. In addition, if Mr. Betty is terminated by the Company for any reason other than for "cause," as defined in the employment agreement, the Company elects not to extend the term of the employment agreement or any yearly extension of the term, or Mr. Betty terminates the employment agreement for reasons of a breach by the Company, Mr. Betty will receive (i) his base salary for the longer of 18 months or the remainder of the initial term of the employment agreement (the "Severance Period"), (ii) the earned but unpaid bonus payment for that portion of the year Mr. Betty was employed, and (iii) health, medical, life and disability insurance coverage for himself and his family for the term of the Severance Period. If the employment agreement is terminated as a result of Mr. Betty's death, the Company will (i) pay to Mr. Betty's estate (A) Mr. Betty's base salary for a period of 18 months plus (B) the earned but unpaid bonus payment for that portion of the year prior to Mr. Betty's death, and (ii) provide Mr. Betty's family with health, medical, life and disability insurance coverage for a period of 18 months. If the Company terminates Mr. Betty's employment for "cause," the Company shall not have an obligation to pay Mr. Betty his base salary or make any bonus payment or provide any benefits beyond the termination date, except as required by law. In the event (i) a "change in control event" occurs, as defined in the employment agreement, (ii) the Company terminates Mr. Betty's employment for other than "cause," or (iii) Mr. Betty terminates his employment for reasons of a breach by the Company, all unvested stock options shall immediately vest and be fully exercisable by Mr. Betty. Mr. Betty's benefits under his employment agreement are cumulative of his benefits under all other Company sponsored plans, except that, with respect to the CIC Plan, Mr. Betty must

elect whether to take benefits under the terms of the CIC Plan or his employment agreement. The employment agreement restricts Mr. Betty from competing, directly or indirectly, with the Company or soliciting certain employees and officers of the Company or its affiliates during the term of the employment agreement and for a period of 18 months following its termination.

Limitations on Deductibility of Compensation

Under the 1993 Omnibus Budget Reconciliation Act, a portion of annual compensation payable after 1993 to any of the Company's five highest paid executive officers would not be deductible by the Company for federal income tax purposes to the extent such officer's overall compensation exceeds \$1,000,000. Qualifying performance-based incentive compensation, however, would be both deductible and excluded for purposes of calculating the \$1,000,000 base. Although the Committee does not presently intend to award compensation in excess of the \$1,000,000 cap, it will continue to address this issue when formulating compensation arrangements for the Company's executive officers.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Company's Board of Directors currently consists of Mr. Lacy and Ms. Fuller. No member of the Compensation Committee was, during the last fiscal year, an officer or employee of the Company nor was formerly an officer of the Company, except for Mr. Dayton, who served on the Compensation Committee until October 2002 and who had served as EarthLink Network's Chief Executive Officer and President prior to Mr. Betty's appointment to those positions in January 1996.

Mr. Dayton is the Chairman of EarthLink's Board of Directors, and through October 2002, Mr. Dayton was a member of the Compensation Committee of the Board of Directors. Mr. Beutner is a member of EarthLink's Board of Directors. During the year ended December 31, 2002, the Company maintained its \$10.0 million equity capital investment as a limited partner of EVG, which was originally invested in 2000. The Company

paid consulting fees and expenses to eCompanies in years prior to, but not during, the year ended December 31, 2002.

No other members of the Compensation Committee had disclosable relationships with the Company during the year ended December 31, 2002.

Certain Relationships and Related Transactions

During the year ended December 31, 2000 and during the quarter ended June 30, 2001, the Company loaned money to certain executive officers to allow them to meet margin calls on shares of EarthLink Common Stock that they held at that time. These loans were made at what the Company believes to be market interest rates and may be prepaid at any time, without penalty, prior to their due dates. As of February 28, 2003, the following loans to executive officers were outstanding:

Name of Executive Officer	Largest Aggregate Amount of Indebtedness During the Year Ended December 31, 2002	Aggregate Amount of Indebtedness Outstanding as of February 28, 2003	Interest Rate %
Jon M. Irwin(1)	\$ 202,834	\$ 121,408	6.5%
Brinton O.C. Young	\$ 1,066,248	\$ 1,038,910	6.5%

(1) Mr. Irwin was an executive officer of EarthLink through May 31, 2002.

Mr. Kavner, a member of our Board of Directors, is the Chairman of the Board of Overture. In 2002, Overture paid the Company approximately \$292,000 in connection with those arrangements.

Please also see "Compensation Committee Interlocks and Insider Participation" above for a description of other arrangements between the Company and certain members of the Compensation Committee of the Board of Directors.

The Company believes that the foregoing transactions were on terms no less favorable to the Company than could be obtained from unaffiliated parties. It is the Company's current policy that all transactions by the Company with officers, directors, more than five percent stockholders and their affiliates will be entered into only if such transactions are approved by the Audit Committee of the Board of Directors and are on terms the Audit Committee believes are no less favorable to the Company than could be obtained from unaffiliated parties.

- (1) The total number of options granted to employees during the year ended December 31, 2002 was 10,924,502.
- (2) The exercise price per share of options granted represented the fair market value of the underlying shares of Common Stock on the dates the options were granted.
- (3) As required under the SEC's rules, amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock price appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. These assumptions are not intended to forecast future appreciation of our stock price. The potential realizable value computation does not take into account federal or state income tax consequences of option exercises or sales of appreciated stock. If our stock price does not actually increase to a level above the applicable exercise price at the time of exercise, the realized value to the Named Executive Officers from these options will be zero.
- (4) These options vest and become exercisable on October 17, 2008 but are subject to four acceleration clauses. If EarthLink meets certain operating and financial performance targets in 2003 and 2004, all or portions of these options vest and become exercisable upon the achievement of such targets.
- (5) These options become exercisable as follows: (i) 25% of the options become exercisable one year after the date of the grant, and (ii) an additional 6.25% of the options become exercisable each fiscal quarter thereafter until fully vested.

STOCK PERFORMANCE GRAPH

The following indexed line graph indicates EarthLink's total return to stockholders from February 7, 2000, the date on which the Company's Common Stock began trading on the Nasdaq National Market, to December 31, 2002, as compared to the total return for the Nasdaq Stock Market-US Index and the Morgan Stanley Internet Index for the same period. The calculations in the graph assume that \$100 was invested on February 7, 2000 in the Company's Common Stock and each index and also assume dividend reinvestment.

AUDIT COMMITTEE

Pursuant to SEC rules for proxy statements, the Audit Committee of the Board of Directors of the Company has prepared the following Audit Committee Report. The Audit Committee intends that this report clearly describe the current audit program of the Company, including the underlying philosophy and activities of the Audit Committee.

Audit Committee Report

The primary function of the Audit Committee of the Board of Directors (the "Audit Committee") is to assist the Board of Directors in fulfilling its oversight responsibilities by overseeing: (a) the integrity of the Company's financial reports provided by the Company to any governmental body or the public, (b) the Company's systems of internal auditing and controls, and (c) the Company's finance, auditing, accounting, legal, financial reporting and regulatory compliance as established by the Company. The Audit Committee operates under a written charter. Consistent with this function, the Audit Committee encourages continuous improvement of, and fosters adherence to, the Company's policies, procedures and practices at all levels. The Audit Committee is accountable and responsible to the full Board of Directors. The Audit Committee's primary duties and responsibilities are to:

Serve as an independent and objective party to monitor the Company's financial reporting process and internal control systems;

Review and appraise the audit efforts of the Company's independent auditors and internal auditing department; and

Provide open channels of communication among the Company's independent auditors, financial and senior management, the internal auditing department and the Board of Directors.

Composition and Qualifications of Audit Committee

The Audit Committee presently consists of three non-employee directors: Mr. Kavner—Chairman, Mr. Beutner and Dr. Metcalfe. Each member of the Audit Committee is independent, financially literate and is free from any relationship that, in the judgment of the Board of Directors, would interfere with the exercise of his independent judgment as a member of the Audit Committee. At least one member of the Audit Committee is an audit committee financial expert, as defined by regulations promulgated by the SEC. The members of the Audit Committee meet the independence and experience requirements of Nasdaq as set forth in the NASD Listing Standards for Nasdaq-listed companies.

Election and Meetings

The Board of Directors annually elects the members of the Audit Committee to serve for a term of one year or other length of term, in the discretion of the Board of Directors, and shall otherwise serve until their successors are duly elected and qualified. Each member of the Audit Committee shall serve at the pleasure and discretion of the Board of Directors and may be replaced or removed by the Board of Directors at any time and from time to time in its discretion. At the time of each annual election of the Audit Committee members, or at other times in the discretion of the Audit Committee or the Board of Directors, the Audit Committee shall designate one member of the Audit Committee to be its Chairman; in the absence of such designation, the Board of Directors shall designate the Chairman.

The Audit Committee meets at least four times annually, or more frequently as circumstances require. The Audit Committee meets at least annually with representatives from the Company's executive management and its independent auditors in separate sessions to discuss any matters that the Audit Committee or either of these groups believe should be discussed. In addition, the Audit

Committee or its Chairman meets with the independent auditors and a representative(s) of the Company's management at least quarterly to review the Company's quarterly financial statements consistent with the provisions of Statement of Auditing Standards No. 61.

Responsibilities and Duties

To fulfill its responsibilities and duties, the Audit Committee performed the following during the year ended December 31, 2002:

Documents/Reports Review

1. Reviewed and discussed the Company's annual financial statements and all certifications, reports, opinions or reviews rendered by the Company's independent auditors.
2. Discussed with the Company's financial management and its independent auditors, prior to filing with the SEC, audited and unaudited financial statements and certain other disclosures to be included in the Company's 10-Q Quarterly Reports, 10-K Annual Report and other reports that contain financial information.

Independent Auditors

3. Recommended to the Board of Directors the selection of Ernst & Young LLP as the Company's independent auditors. The Audit Committee evaluates the performance of the independent accounting firm. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU Sect. 380). These discussions included the scope of the auditors' responsibilities, significant accounting adjustments, any disagreements with management and a discussion of the quality, not just the acceptability, of accounting principles; reasonableness of significant judgments and the clarity of disclosures in the financial statements. In addition, the Audit Committee has also received the written disclosures and the letter from Ernst & Young LLP relating to the independence of that firm as required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and has discussed with Ernst & Young LLP that firm's independence with respect to the Company.
4. Periodically consulted with the independent auditors out of the presence of the Company's management regarding internal controls and the fullness and accuracy of the Company's financial statements.

Financial Reporting Process

5. In consultation with the independent auditors and the Company's internal financial and accounting personnel, the Audit Committee reviewed the integrity of the Company's financial reporting process, both internal and external.
6. Considered any significant judgments made in management's preparation of the Company's financial statements and management's view of each as to the appropriateness of such judgments.
7. Considered the independent auditors' judgments about the quality and appropriateness of the Company's accounting principles as applied to its financial reporting.

Legal Compliance/Risk Management; General

8. Reviewed, with the Company's internal and outside legal counsel, legal compliance matters, including corporate securities trading policies, and legal matters that could have a significant impact on the Company's financial statements.
9. Reviewed and discussed with management the Company's major financial and operating risks and exposures and the steps management has taken to monitor and control such risks and exposures, including the Company's risk assessment and risk management policies.

Based on the Audit Committee's discussions with management and Ernst & Young LLP and the Audit Committee's review of the representation of management and report of Ernst & Young LLP to the Audit Committee, the Audit Committee recommended that the Board

of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 filed with the SEC.

PROPOSAL 2

**APPROVAL OF THE AMENDMENT OF THE COMPANY'S STOCK OPTION PLAN FOR
NON-EMPLOYEE DIRECTORS AND RESERVATION OF
ADDITIONAL SHARES OF COMMON STOCK FOR ISSUANCE THEREUNDER**

The Board of Directors of the Company has approved the amendment of the EarthLink, Inc. Stock Option Plan for Non-Employee Directors (the "Director Plan") in order to reserve an additional 600,000 shares of the Company's Common Stock for issuance thereunder and to permit the use of up to 300,000 of these shares for grants of Restricted Stock and Restricted Stock Units thereunder and the issuance of shares of Common Stock for deferred stock benefits. Under the Director Plan, as amended, non-employee directors of the Company may receive grants of shares of EarthLink Common Stock that are subject to forfeiture and restrictions on transfer ("Restricted Stock") and awards that entitle such non-employee directors to receive EarthLink Common Stock under certain terms and conditions ("Restricted Stock Units"). Additionally, under the Director Plan, as amended, shares of Common Stock available for issuance under the Director Plan may be issued for deferred stock benefits. The Director Plan also is to be renamed the "EarthLink, Inc. Equity Plan for Non-Employee Directors."

The Board of Directors has determined that the amendment of the Director Plan to allow the grant of Restricted Stock and Restricted Stock Units and to make the other changes described herein is in the best interest of the Company because (i) it allows the Company to grant varying forms of equity awards that will better align the interests of the non-employee directors with those of the Company's stockholders and (ii) it gives the Company greater flexibility in specifically tailoring awards to meet the Company's compensation goals with respect to the non-employee directors.

Summary of the Director Plan

The general purpose of the Director Plan is to assist the Company in attracting and retaining qualified and experienced individuals for service as non-employee directors of the Company and to align such individuals' interests with those of the Company's stockholders by enabling such individuals to participate in the future success of the Company by having the right to purchase shares of Common Stock of the Company. Currently, non-qualified stock options ("NQOs") are available for grant under the Director Plan. Each NQO granted under the Director Plan is governed by a separate written agreement between the Company and the non-employee director that specifies the terms and conditions of the stock option (the "Option"). The Director Plan is not subject to the Employee Retirement Income Security Act of 1974, as amended, and is not intended to be and is not qualified like a retirement plan under Section 401(a) of the Internal Revenue Code of 1986, as amended.

The Board of Directors administers the Director Plan on behalf of the Company. All directors of the Company who are not officers or employees of the Company or any of its subsidiaries and who are not elected to the Board of Directors pursuant to special voting rights of any

preferred stock or other voting securities that are exclusive of the voting rights granted to other classes of stock are eligible to participate in the Director Plan during the time they serve as non-employee directors. Non-employee directors who serve as consultants to the Company are eligible for participation in the Director Plan if they otherwise meet the eligibility requirements. A non-employee director's right to participate in the Director Plan automatically terminates on and after the time he or she is no longer serving as a non-employee director of the Company.

Currently, the maximum number of shares of Common Stock that may be issued pursuant to the exercise of NQOs under the Director Plan is 350,000, subject to certain adjustments. Any shares of Common Stock subject to NQOs that are not issued because of the expiration or termination of the NQO shall again be available for issuance under the Directors Plan. Each non-employee director who is elected or appointed to the Board of Directors automatically is granted at such time of election or

appointment a NQO to purchase 35,000 shares of Common Stock or such lesser amount as is approved by the Board of Directors. Thereafter, each non-employee director serving as such at that time automatically is granted on the first business day of each fiscal year of the Company an Option to purchase another 15,000 shares of Common Stock or such lesser amount as is approved by the Board of Directors.

The purchase price of each share of Common Stock that may be purchased on exercise of a NQO shall be the fair market value of a share of Common Stock as of the date the NQO is granted. Subject to earlier termination, all NQOs expire no later than 10 years from their date of grant. NQOs granted under the Director Plan become exercisable with respect to one-third (or such lesser amount as is approved by the Board of Directors) of the shares of Common Stock subject to the NQO on each annual anniversary of the date of grant, provided the non-employee director is still serving as such at that time, until the NQO becomes fully exercisable, provided the NQO does not expire by its terms before that time. Any NQO granted to a non-employee director whose status as a director is terminated will be canceled, accelerated, paid or continued, as provided in the Director Plan. The Board of Directors may accelerate the exercisability of the NQO of any non-employee director whose status as a director terminates because of removal on or within one year after a Change in Control (as defined in the Director Plan). Outstanding NQOs become automatically exercisable as if the non-employee director had remained on the Board of Directors for an additional 18 months if the non-employee director is serving as such at the time of the Change in Control.

Summary of Changes to the Director Plan

The following summary of the changes to the Director Plan is qualified in its entirety by the specific language of the Director Plan, as amended, a copy of which is available to any stockholder upon request.

General. In addition to the automatic Option grants set forth in the Director Plan, the Director Plan, as amended, is intended to also allow non-employee directors of the Company to receive Restricted Stock and Restricted Stock Units. Restricted Stock is Common Stock that is subject to restrictions that make the Common Stock nontransferable and forfeitable until certain vesting conditions are met. A Restricted Stock Unit entitles the holder to receive payment, when certain vesting conditions are met, equal to one share of Common Stock for each Restricted Stock Unit that is then payable. As described below, Restricted Stock and Restricted Stock Units have different tax consequences.

Additionally, the Director Plan, as amended, will allow a non-employee director to elect to defer the receipt of Common Stock issuable pursuant to Options, Restricted Stock or Restricted Stock Units in connection with any deferred compensation program that the Company establishes for the non-employee directors. Such deferred compensation program may also allow an eligible non-employee director to defer the receipt of benefits to which the director may be entitled other than under the Director Plan. To the extent the non-employee director defers the receipt of Common Stock or other benefits under such deferred compensation program, and such deferred benefits are payable in shares of Common Stock ("Deferred Stock Benefits"), shares of Common Stock available under the Director Plan will be available for issuance in connection with such Deferred Stock Benefits.

Shares Subject to Plan. A total of 350,000 shares of Common Stock were initially reserved for issuance under the Director Plan. As of February 28, 2003, 30,000 of such shares of Common Stock remain available for issuance. The Board of Directors has determined that it is in the Company's best interest to increase the number of shares of Common Stock available for issuance under the Director Plan in order to have

additional available shares for use to attract and retain qualified non-employee directors in the future. Therefore, an additional 600,000 shares of Common Stock will be reserved for issuance under the Director Plan, as amended, so that an aggregate of 630,000 shares of Common

Stock (plus the number of shares authorized for issuance pursuant to outstanding awards previously issued under the Director Plan) will be available for issuance pursuant to Options or upon the grant of Restricted Stock or Restricted Stock Units or upon settlement of Deferred Stock Benefits. With respect to that aggregate amount, up to 300,000 shares of Common Stock will be available for issuance pursuant to Restricted Stock or Restricted Stock Units or upon settlement of Deferred Stock Benefits. If any Restricted Stock or Restricted Stock Units are terminated for any reason other than becoming vested or paid, the number of shares of Common Stock subject to such Restricted Stock or Restricted Stock Units will again be available for issuance under the Director Plan and will not reduce the aggregate number of shares of Common Stock available for issuance under the Director Plan. If any Deferred Stock Benefits are terminated and the number of shares of Common Stock subject to such Deferred Stock Benefits will not be issued, then the number of shares of Common Stock covered by such Deferred Stock Benefits will again be available for issuance under the Director Plan and will not reduce the aggregate number of shares of Common Stock available for issuance under the Director Plan.

Eligibility for Participation. Any director of the Company who is not an officer or employee of the Company or any subsidiary and whom the Board of Directors designates will be eligible to receive Restricted Stock and Restricted Stock Units under the Director Plan. The recipient of Restricted Stock or Restricted Stock Units is referred to herein as a "Participant."

The Board of Directors in its discretion will determine the non-employee directors who will be eligible to participate in any deferred compensation program and thus entitled to Deferred Stock Benefits.

Terms and Conditions of Restricted Stock. The Board of Directors will designate the non-employee director to whom Restricted Stock is to be granted and will specify the number of shares of Common Stock subject to such grant and the purchase price, if any, the Participant must pay for such shares. Each grant of Restricted Stock will be evidenced by a written agreement in such form and containing such terms, conditions and restrictions (not inconsistent with the Director Plan) as the Board of Directors may determine to be appropriate (a "Restricted Stock Agreement").

Restricted Stock is nontransferable, except by will or the laws of descent and distribution, until it has become vested (i.e. transferable and no longer subject to forfeiture). Restricted Stock will become vested at such time or times as the Board of Directors determines and sets forth in the Restricted Stock Agreement. Restricted Stock will become vested, if at all, within 10 years of the date of grant.

Before shares of Restricted Stock become vested, the Participant will have all rights of a stockholder in the shares of Restricted Stock as provided in the Company's Certificate of Incorporation and under applicable law, including without limitation the right to vote the shares and receive dividends and distributions thereon; provided, however, that during such period the Participant may not sell, transfer, exchange, pledge, hypothecate or otherwise dispose of any shares of Restricted Stock.

Additional terms and conditions applicable to Restricted Stock are described below.

Terms and Conditions of Restricted Stock Units. The Board of Directors will designate the eligible non-employee director to whom Restricted Stock Units are to be granted and will specify the number of shares of Common Stock subject to such grant. Each grant of Restricted Stock Units will be evidenced by a written agreement in such form and containing such terms, conditions and restrictions (not inconsistent with the Director Plan) as the Board of Directors may determine to be appropriate (a "Restricted Stock Unit Agreement").

Restricted Stock Units are nontransferable except by will or the laws of descent and distribution. Restricted Stock Units will become payable at such time or times as the Board of Directors determines and sets forth in the Restricted Stock Unit Agreement. Once Restricted Stock Units have become

payable, a Participant will receive one share of Common Stock as payment for each Restricted Stock Unit that is then payable. If the applicable Restricted Stock Unit Agreement so provides, if the Company pays any cash dividends on Common Stock, the number of Restricted Stock Units a Participant is granted shall be increased by the number of Restricted Stock Units, rounded down to the nearest whole number, equal to (a) the product of the number of the Participant's outstanding Restricted Stock Units as of the record date for such dividend multiplied by the per share amount of the dividend divided by (b) the fair market value of a share of Common Stock on the payment date of such dividend.

A Participant shall not have any rights as a stockholder with respect to any Restricted Stock Units until the Participant receives payment of such Restricted Stock Units and the issuance of the certificates representing the shares of Common Stock received in payment of such Restricted Stock Units.

Additional terms and conditions applicable to Restricted Stock Units are described below.

Additional Terms and Conditions Applicable to Restricted Stock and Restricted Stock Units. Restricted Stock and Restricted Stock Units will be forfeited on and after the times specified in the Restricted Stock Agreement or the Restricted Stock Unit Agreement, as applicable. Neither the Director Plan nor any Restricted Stock Agreement or Restricted Stock Unit Agreement confers upon any Participant the right to continue as a director or in any way affects the right or power to terminate the service of a Participant as a director at any time with or without stating a reason therefor.

Immediately before a Change in Control of the Company, all outstanding Restricted Stock and Restricted Stock Units that the Company previously granted under the Director Plan that are not then vested or payable will become vested or payable, contingent upon the consummation of the Change in Control.

Summary of United States Federal Income Tax Consequences for Directors

Restricted Stock. A Participant who receives a grant of Restricted Stock generally will not recognize any taxable income at the time of the grant so long as the Restricted Stock is nontransferable and subject to a substantial risk of forfeiture. Restricted Stock is subject to a substantial risk of forfeiture for tax purposes if, for example, the Participant's rights in the Restricted Stock are conditioned on the Participant's continued service or the satisfaction of specified performance objectives. When the Restricted Stock either (i) becomes transferable or (ii) is no longer subject to a substantial risk of forfeiture, the Participant will recognize as ordinary income the amount by which the fair market value of the Common Stock at such time exceeds the amount, if any, the Participant paid for the Restricted Stock. Alternatively, the Participant may elect to recognize ordinary income at the time the Restricted Stock is granted by making a Section 83(b) election within 30 days of the grant. If the Participant makes that election, the Participant will recognize ordinary income equal to the amount by which the fair market value of the Common Stock at the time of grant (determined without regard to the restrictions to which the Common Stock is then subject) exceeds the amount, if any, the Participant paid for the Restricted Stock. If a Participant makes such an election and subsequently forfeits his or her rights in the Restricted Stock, the Participant will not be able to deduct the amount he or she recognized as ordinary income.

The Company generally will be entitled to a federal income tax deduction equal to the amount of ordinary income the Participant recognizes.

Except as described in the next sentence, the Participant's holding period in Common Stock received pursuant to an award of Restricted Stock generally will begin on the date the Restricted Stock becomes vested. If the Participant makes the Section 83(b) election described above, however, his or

her holding period in such Common Stock will begin on the date of grant of the Restricted Stock. The Participant's tax basis in the Common Stock will equal the amount, if any, he or she paid for the Restricted Stock, plus the amount he or she included in ordinary income with respect to the Restricted Stock. Any gain or loss that a Participant realizes on a subsequent disposition of the Common Stock will be treated as long-term or short-term capital gain or loss, depending on the Participant's holding period for the Common Stock. The amount of the gain (or loss) will equal the amount by which the amount realized on the disposition exceeds (or is less than) the Participant's tax basis in the Common Stock.

Restricted Stock Units. A Participant generally will not recognize any income at the time Restricted Stock Units are granted. However, when the vesting criteria for the Restricted Stock Units have been satisfied and the Restricted Stock Units are paid, the Participant will recognize ordinary income in an amount equal to the fair market value of the Common Stock he or she receives as payment of the Restricted Stock Units.

The Company generally will be entitled to a federal income tax deduction equal to the amount of ordinary income the Participant recognizes.

The Participant's holding period in Common Stock received pursuant to the payment of a Restricted Stock Unit will begin on the date the Common Stock is received. The Participant's tax basis in the Common Stock will equal the amount he or she included in ordinary income with respect to the payment of the Restricted Stock Unit. Any gain or loss that a Participant realizes on a subsequent disposition of the Common Stock will be treated as long-term or short-term capital gain or loss, depending on the Participant's holding period for the Common Stock. The amount of the gain (or loss) will equal the amount by which the amount realized on the disposition exceeds (or is less than) the Participant's tax basis in the Common Stock.

Deferred Shares of Common Stock. To the extent the Participant's receipt of shares of Common Stock is deferred, then the Participant will not recognize any taxable income until the distribution or payment of such Deferred Stock Benefit. The Participant will recognize as ordinary income the fair market value of shares of Common Stock that he or she receives on payment or distribution of the Deferred Stock Benefits.

Ordinary income and short-term capital gains currently are subject to a maximum federal tax rate of 39.6%, while long-term capital gains generally are subject to a maximum federal tax rate of 20% (10% for individuals in the 15% ordinary income tax bracket).

The discussion above is only a summary of the federal income tax consequences applicable to a Participant who receives Restricted Stock or Restricted Stock Units under the Director Plan and does not cover the tax consequences that might arise in all circumstances. Additionally, the federal income tax consequences of Restricted Stock and Restricted Stock Units for directors may be different in some cases than the consequences described above.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" APPROVAL AND RATIFICATION OF THE AMENDMENT OF THE EARTHLINK, INC. STOCK OPTION PLAN FOR NON-EMPLOYEE DIRECTORS AS DESCRIBED IN THIS PROXY STATEMENT, INCLUDING IN ORDER TO RESERVE AN ADDITIONAL 600,000 SHARES OF THE COMPANY'S COMMON STOCK FOR ISSUANCE THEREUNDER AND TO PERMIT THE USE OF UP TO 300,000 OF THESE SHARES FOR GRANTS OF RESTRICTED STOCK AND RESTRICTED STOCK UNITS THEREUNDER AND THE ISSUANCE OF SHARES OF COMMON STOCK FOR DEFERRED STOCK BENEFITS.

PROPOSAL 3

APPROVAL OF THE AMENDMENT OF THE COMPANY'S STOCK INCENTIVE PLAN

The Board of Directors of the Company has approved the amendment of the EarthLink, Inc. Stock Incentive Plan (the "Incentive Plan") in order to permit the use of up to 1,000,000 of the shares currently reserved for issuance under the Incentive Plan for the grant of Restricted Stock, Restricted Stock Units, Stock Appreciation Rights and Performance Awards thereunder and to make the other changes that are described below. Under the Incentive Plan, as amended, eligible individuals may receive (i) grants of shares of EarthLink Common Stock that are subject to forfeiture and restrictions on transferability ("Restricted Stock"); (ii) awards that entitle them to receive EarthLink Common Stock under certain terms and conditions ("Restricted Stock Units"); (iii) awards that entitle them to receive an amount that equals the appreciation in the fair market value of EarthLink Common Stock after the date of grant of the award ("Stock Appreciation Rights" or "SARs") and (iv) awards that entitle them to receive a specified amount in cash or Common Stock upon the attainment of specified performance objectives ("Performance Awards"). Additionally, under the Incentive Plan, as amended, shares of Common Stock available for issuance under the Incentive Plan may be issued for deferred stock benefits.

The Board of Directors has determined that the amendment of the Incentive Plan to allow the grant of Restricted Stock, Restricted Stock Units, SARs and Performance Awards and the other changes described below is in the best interest of the Company because (i) it allows the Company to grant varying forms of equity awards that will align the interests of the recipients with those of the Company's stockholders and (ii) it gives the Company greater flexibility in specifically tailoring awards to meet the Company's compensation goals with respect to particular individuals.

The amendment of the Incentive Plan does not increase the number of shares of Common Stock that may be issued pursuant to the Incentive Plan.

Summary of the Incentive Plan

The general purpose of the Incentive Plan is to assist the Company in recruiting and retaining individuals with ability and initiative and to align such individuals' interests with those of the Company's stockholders by enabling such persons to participate in the future success of the Company by having the right to purchase shares of Common Stock of the Company. Two types of stock options ("Options") may be granted under the Incentive Plan— incentive stock options ("ISOs") and non-qualified options ("NQOs"). Each Option granted under the Incentive Plan is governed by a separate written agreement between the Company and the optionee that specifies the terms and conditions of the Option. The Incentive Plan is not subject to the Employee Retirement Income Security Act of 1974, as amended, and is not intended to be and is not qualified like a retirement plan under Section 401(a) of the Internal Revenue Code of 1986, as amended.

The Compensation Committee of the Board of Directors (the "Compensation Committee") administers the Incentive Plan on behalf of the Company. Participation in the Incentive Plan is limited to any employee, contractor, consultant, agent or other service provider of the Company or any subsidiary, if the Compensation Committee in its sole discretion determines that such person has contributed significantly or can be expected to contribute significantly to the profits or growth of the Company or any subsidiary. Members of the Board of Directors also may receive Options under the Incentive Plan. Notwithstanding the foregoing, an ISO may only be granted to an employee of the Company or any subsidiary.

Currently, the maximum number of shares of Common Stock that may be issued pursuant to the exercise of Options under the Incentive Plan is 20,000,000, subject to certain adjustments. No individual may be granted, in any calendar year, aggregate Options covering more than 750,000 shares of Common Stock, subject to certain adjustments. If for any reason other than exercise, an Option is terminated in whole or in part without the issuance of the underlying shares of Common Stock, the number of shares of Common Stock allocated to the terminated Option are available to be issued pursuant to other Options granted under the Incentive Plan. The Compensation Committee will designate each individual to whom an Option is to be granted; will specify the number of shares of Common Stock covered by such grant; and will set forth the other terms and conditions of the Option, including the time or times when the Option is to become exercisable. The purchase price payable on exercise of an Option may not be less than the fair market value of the Common Stock on the date of grant of the Option. No Option may be exercised after the expiration of 10 years after the date of grant. Any Option granted to an optionee who is an employee and

whose employment with the Company is terminated will be canceled, accelerated, paid or continued, as provided in the Incentive Plan and the applicable written agreement governing the Option. ISOs are subject to additional exercise limits. The Compensation Committee in its discretion can accelerate the exercisability of an Option in the event of a Change in Control as and on the terms set forth in the Incentive Plan.

Summary of Changes to the Incentive Plan

The following summary of the changes to the Incentive Plan is qualified in its entirety by the specific language of the Incentive Plan, as amended, a copy of which is available to any stockholder upon request.

General. In addition to Option grants, the Incentive Plan, as amended, is intended to also allow eligible employees, contractors, consultants, agents and other service providers, including directors, of the Company and its subsidiaries to receive Restricted Stock, Restricted Stock Units, SARs and Performance Awards. Restricted Stock is Common Stock that is subject to restrictions that make the Common Stock nontransferable and forfeitable until certain vesting conditions are met. A Restricted Stock Unit entitles the holder to receive payment, when certain vesting conditions are met, of one share of Common Stock for each Restricted Stock Unit that is then payable. A SAR can be granted alone or in tandem with an Option. A SAR entitles the holder to receive upon exercise of the SAR the excess of the fair market value on that date of each share of Common Stock subject to the exercise over the fair market value of each such share on the date of the grant of the SAR. A SAR granted in tandem with an Option (a "Corresponding SAR") entitles the holder to receive upon exercise the excess of the fair market value on that date of each share of Common Stock subject to the exercise over the exercise price of the related Option. A Performance Award entitles the holder to receive a specified value in cash or Common Stock upon the attainment of specified performance objectives. As described below, Restricted Stock, Restricted Stock Units, SARs and Performance Awards have different tax consequences.

Additionally, the Incentive Plan, as amended, will allow eligible award recipients to elect to defer the receipt of Common Stock issuable or cash or other consideration payable pursuant to Options, Restricted Stock, Restricted Stock Units, SARs or Performance Awards in connection with any deferred compensation program that the Company establishes for those eligible individuals. Such deferred compensation program may also allow such eligible individuals to defer the receipt of benefits to which they are entitled other than under the Incentive Plan. To the extent an eligible individual defers the receipt of Common Stock or other benefits under such deferred compensation program, and such deferred benefits are payable in shares of Common Stock ("Deferred Stock Benefits"), shares of Common Stock available under the Incentive Plan will be available for issuance in connection with such Deferred Stock Benefits.

Shares Subject to Incentive Plan. Currently, 20,000,000 shares of Common Stock are reserved for issuance under the Incentive Plan. As amended, the Incentive Plan provides that up to 1,000,000 of those shares may be issued pursuant to the grant of Restricted Stock, Restricted Stock Units, SARs or Performance Awards or upon settlement of Deferred Stock Benefits. As amended, the Incentive Plan provides that no individual may, in any calendar year, be granted Options, Restricted Stock, Restricted Stock Units, SARs or Performance Awards with respect to more than 1,000,000 shares of Common Stock in the aggregate for any calendar year. Performance Awards granted in any one calendar year may not provide for payments in excess of \$1,000,000. No additional shares of Common Stock are being reserved for issuance under the Incentive Plan. If any Restricted Stock, Restricted Stock Units, SARs or Performance Awards are terminated for any reason other than being exercised or becoming vested or paid, the number of shares of Common Stock subject to such Restricted Stock, Restricted Stock Units, SARs or Performance Awards will again be available for issuance and will not reduce the aggregate number of shares of Common Stock available for issuance. If shares of Common Stock subject to Deferred Stock Benefits shall not be issued because of the surrender, lapse, expiration, forfeiture or termination of any rights in such shares of Common Stock or Deferred Stock Benefits, then the number of shares of Common Stock subject to such Deferred Stock Benefits will again be available for issuance and will not reduce the aggregate number of shares of Common Stock available for issuance.

Eligibility for Participation. An employee, contractor, consultant, agent or other service provider, including a director, of the Company or any subsidiary (including a corporation that later becomes a subsidiary) whom the Compensation Committee designates will be eligible to receive Restricted Stock, Restricted Stock Units, SARs or Performance Awards. The recipient of Restricted Stock, Restricted Stock Units,

SARs or Performance Awards is referred to herein as a "Participant." The Compensation Committee may designate such an individual only if the Compensation Committee in its sole discretion determines that such person has contributed significantly or can be expected to contribute significantly to the profits or growth of the Company or any subsidiary.

The Compensation Committee in its discretion will determine the awards that will be subject to the deferred compensation program, the Participants eligible to participate in the deferred compensation program and all other administrative rules relating thereto.

Terms and Conditions of Restricted Stock. The Compensation Committee will designate each eligible individual to whom Restricted Stock is to be granted and will specify the number of shares of Common Stock subject to such grant and the purchase price, if any, the Participant must pay for such shares. Each grant of Restricted Stock will be evidenced by a written agreement in such form and containing such terms, conditions and restrictions (not inconsistent with the Incentive Plan) as the Compensation Committee may determine to be appropriate (a "Restricted Stock Agreement").

Restricted Stock is nontransferable except by will or the laws of descent and distribution, until it has become vested (i.e. transferable and no longer subject to forfeiture). Restricted Stock will become vested at such times as the Compensation Committee determines and sets forth in the Restricted Stock Agreement. The Compensation Committee may prescribe that Restricted Stock will become vested only to the extent that certain performance objectives are attained. Restricted Stock will become vested, if at all, within 10 years of the date of grant.

Before shares of Restricted Stock become vested, the Participant will have all rights of a stockholder in the shares of Restricted Stock as provided in the Company's Certificate of Incorporation and under applicable law, including without limitation the right to vote the shares and receive dividends and distributions thereon; provided, however, that during such period the Participant may not sell, transfer, exchange, pledge, hypothecate or otherwise dispose of any shares of Restricted Stock.

Additional terms and conditions applicable to Restricted Stock are described below.

Terms and Conditions of Restricted Stock Units. The Compensation Committee will designate each eligible individual to whom Restricted Stock Units are to be granted and will specify the number of shares of Common Stock subject to such grant. Each grant of Restricted Stock Units will be evidenced by a written agreement in such form and containing such terms, conditions and restrictions (not inconsistent with the Incentive Plan) as the Compensation Committee may determine to be appropriate (a "Restricted Stock Unit Agreement").

Restricted Stock Units are nontransferable, except by will or the laws of descent and distribution. Restricted Stock Units will become payable at such times as the Compensation Committee determines and sets forth in the Restricted Stock Unit Agreement. The Compensation Committee may prescribe that Restricted Stock Units will become payable only to the extent that certain performance objectives are attained. Once Restricted Stock Units have become payable, a Participant will receive one share of Common Stock as payment for each Restricted Stock Unit that is then payable. If the Restricted Stock Unit Agreement so provides, if the Company pays any cash dividends on Common Stock, the number of Restricted Stock Units the Participant is granted may be increased by the number of Restricted Stock Units, rounded down to the nearest whole number, equal to (a) the product of the number of the Participant's outstanding Restricted Stock Units as of the record date for such dividend multiplied by the per share amount of the dividend divided by (b) the fair market value of a share of Common Stock on the payment date of such dividend. Restricted Stock Units will become payable, if at all, within 10 years of the date of grant.

A Participant shall not have any rights as a stockholder with respect to any Restricted Stock Units until the Participant receives payment of such Restricted Stock Units and the certificates representing such shares of Common Stock are issued.

Additional terms and conditions applicable to Restricted Stock Units are described below.

Terms and Conditions of Stock Appreciation Rights. The Compensation Committee will designate each eligible individual to whom SARs are to be granted and will specify the number of shares of Common Stock subject to such grant. Each grant of SARs will be evidenced by a written agreement in such form and containing such terms, conditions and restrictions (not inconsistent with the Incentive Plan) as the

Compensation Committee may determine to be appropriate (a "SAR Agreement"). When a SAR is granted, the Compensation Committee will designate whether the SAR is a Corresponding SAR.

As a general rule, SARs are nontransferable, except by will or the laws of descent and distribution, except a SAR (other than a Corresponding SAR that relates to an Option) may be transferred by the Participant to his or her children, grandchildren or spouse, to a trust for the benefit of such family members or to a partnership of which such family members are the only partners, provided the Participant does not receive any consideration for the transfer and the transfer is expressly approved by the Compensation Committee. All SARs shall be exercisable in accordance with the terms of the applicable SAR Agreement. The Compensation Committee may prescribe that SARs will be exercisable only to the extent that certain performance objectives are attained. Upon the exercise of a Corresponding SAR, the Participant must surrender to the Company, unexercised, the portion of the Option to which the Corresponding SAR relates. Conversely, upon the exercise of an Option to which a Corresponding SAR relates, the Participant must surrender to the Company, unexercised, the portion of the Corresponding SAR to which the Option relates. A Corresponding SAR may be exercised only to the extent that the related Option is exercisable and the fair market value of the Common Stock exceeds the exercise price of the related Option. SARs will be exercisable, if at all, within 10 years of the date of grant.

Within 15 days after the exercise of a SAR, the Company will pay the Participant, with respect to each share of Common Stock subject to the exercise of the SAR, the excess of the fair market value of such Common Stock on the date of exercise over the initial value of the SAR. If the SAR is a

Corresponding SAR, the initial value is the exercise price of the related Option. If the SAR is not a Corresponding SAR, the initial value is the fair market value of a share of Common Stock on the date of grant of the SAR. The Compensation Committee, in its discretion, will determine and set forth in the applicable SAR Agreement whether the amount payable as a result of the exercise of a SAR will be paid (i) in cash, (ii) in Common Stock, (iii) by delivery of the Company's or any subsidiary's full recourse, interest-bearing promissory note or (iv) by any combination of the foregoing.

A Participant shall not have any rights as a stockholder with respect to shares of Common Stock subject to a SAR until proper exercise thereof, and then only to the extent that payment is made in Common Stock and the certificates representing such shares of Common Stock are issued.

Additional terms and conditions applicable to SARs are described below.

Terms and Conditions of Performance Awards. The Compensation Committee will designate each eligible individual to whom Performance Awards are to be granted and will specify the terms and conditions applicable to such Performance Awards, including the performance objectives that must be satisfied to receive payment under the Performance Award. Each grant of a Performance Award will be evidenced by a written agreement in such form and containing such terms, conditions and restrictions (not inconsistent with the Incentive Plan) as the Compensation Committee may determine to be appropriate (a "Performance Award Agreement").

Performance Awards are nontransferable except by will or the laws of descent and distribution. Performance Awards will be earned and become payable at such times as the Compensation Committee determines and sets forth in the Performance Award Agreement. Once the performance objectives set forth in the Performance Award Agreement have been attained, the Participant will receive payment in cash or Common Stock, as set forth in the Performance Award Agreement in the amount specified in the Performance Award Agreement. Performance Awards will become payable, if at all, within 10 years of the date of grant.

A Participant shall not have any rights as a stockholder with respect to any shares of Common Stock that may be payable pursuant to a Performance Award until the Participant receives payment of such Performance Awards in Common Stock and the certificates representing such shares of Common Stock are issued.

Additional terms and conditions applicable to Performance Awards are described below.

Additional Terms and Conditions Applicable to Restricted Stock, Restricted Stock Units, Stock Appreciation Rights and Performance Awards. As described above, the Compensation Committee may prescribe that Restricted Stock, Restricted Stock Units, SARs or Performance Awards will become vested, exercisable or payable only to the extent that specified performance objectives are obtained. Such performance objectives may be based on one or more of the Company's or any subsidiary's (i) gross, operating or net earnings before or after taxes; (ii) return on equity; (iii) return on capital; (iv) return on sales; (v) return on assets or net assets; (vi) earnings per share; (vii) cash flow per share; (viii) book value per share; (ix) earnings growth; (x) sales growth; (xi) customer growth; (xii) cash flow (as the Compensation Committee may define); (xiii) fair market value of the Company or any subsidiary or shares of Common Stock; (xiv) stock price or total stockholder return; (xv) market share; (xvi) economic value added; (xvii) market value added; (xviii) productivity; (xix) level of expenses; (xx) quality; (xxi) safety; (xxii) customer satisfaction or (xxiii) peer group comparisons of any of the aforementioned performance objectives.

Restricted Stock, Restricted Stock Units, SARs and Performance Awards will be forfeited on and after the times specified in the applicable Agreement. Nevertheless, all rights that a Participant has with respect to any Restricted Stock, Restricted Stock Units, SARs or Performance Awards granted under the Incentive Plan will be immediately forfeited on and after the time the Participant is discharged from employment with the Company or any subsidiary for cause (as defined in the Incentive

Plan). Neither the Incentive Plan nor any Restricted Stock Agreement, Restricted Stock Unit Agreement, SAR Agreement or Performance Award Agreement confers upon any Participant any right to continue in the employ or service of the Company or any subsidiary or in any way affects the right or power of the Company or any subsidiary to terminate the employment or service of that Participant at any time with or without stating a reason therefor.

Each Participant will be responsible for satisfying any income and employment tax withholdings attributable to the grant, vesting, exercise or payment of Restricted Stock, Restricted Stock Units, SARs or Performance Awards, as applicable.

In the event of or in anticipation of a Change in Control (as defined in the Incentive Plan) of the Company, the Compensation Committee, in its discretion may accelerate the time at which some or all outstanding shares of Restricted Stock or Restricted Stock Units will become vested or payable or the time at which some or all outstanding SARs or Performance Awards will become exercisable or payable and/or may terminate some or all outstanding Restricted Stock, Restricted Stock Units, SARs or Performance Awards that are not then vested, exercisable or payable without any payment therefor. Additionally, in such event, the Compensation Committee may terminate some or all outstanding SARs that are then exercisable in exchange for payment to the Participant with respect to each share of Common Stock for which the SAR is then exercisable, of the excess of the fair market value of such Common Stock on such date over the initial value of the SAR (as described above). Alternatively, the Compensation Committee may terminate some or all outstanding SARs that are then exercisable by providing written notice to the holders thereof and an opportunity to exercise such SARs before termination. However, the Compensation Committee may not terminate any such Restricted Stock, Restricted Stock Units, SARs or Performance Awards to the extent that written provision is made for their continuance and assumption by a successor company in connection with a Change in Control.

Summary of United States Federal Income Tax Consequences

Restricted Stock. A Participant who receives a grant of Restricted Stock will not recognize any taxable income at the time of the grant so long as the Restricted Stock is nontransferable and subject to a substantial risk of forfeiture. Restricted Stock is subject to a substantial risk of forfeiture for tax purposes if, for example, the Participant's rights in the Restricted Stock are conditioned on the Participant's continued employment or the satisfaction of specified performance objectives. When the Restricted Stock either (i) becomes transferable or (ii) is no longer subject to a substantial risk of forfeiture, the Participant will recognize as ordinary income the amount by which the fair market value of the Common Stock at such time exceeds the amount, if any, the Participant paid for the Restricted Stock. Alternatively, the Participant may elect to recognize ordinary income at the time the Restricted Stock is granted by making a Section 83(b) election within 30 days of the grant. If the Participant makes that election, the Participant will recognize ordinary income equal to the amount by which the fair market value of the Common Stock at the time of grant (determined without regard to the restrictions to which the Common Stock is then subject) exceeds the

amount, if any, the Participant paid for the Restricted Stock. If the Participant makes such an election and subsequently forfeits his or her rights in the Restricted Stock, the Participant will not be able to deduct the amount he or she recognized as ordinary income.

The ordinary income an employee recognizes with respect to Restricted Stock will constitute wages for withholding and employment tax purposes. Therefore, the employer (the Company or its subsidiary, as applicable) will be required to withhold or obtain payment from such employee for the amount of any applicable income and employment tax withholdings. The employer generally will be entitled to a federal income tax deduction equal to the amount of ordinary income the Participant recognizes.

Except as described in the next sentence, the Participant's holding period in Common Stock received pursuant to an award of Restricted Stock generally will begin on the date the Restricted Stock

becomes vested. If the Participant makes the Section 83(b) election described above, however, his or her holding period in such Common Stock will begin on the date of grant of the Restricted Stock. The Participant's tax basis in the Common Stock will equal the amount, if any, he or she paid for the Restricted Stock, plus the amount he or she included in ordinary income with respect to the Restricted Stock. Any gain or loss that a Participant realizes on a subsequent disposition of the Common Stock will be treated as long-term or short-term capital gain or loss, depending on the Participant's holding period for the Common Stock. The amount of the gain (or loss) will equal the amount by which the amount realized on the disposition exceeds (or is less than) the Participant's tax basis in the Common Stock.

Restricted Stock Units. A Participant will not recognize any income at the time Restricted Stock Units are granted. However, when the vesting criteria for the Restricted Stock Units have been satisfied and the Restricted Stock Units are paid, the Participant will recognize ordinary income in an amount equal to the fair market value of the Common Stock he or she receives as payment of the Restricted Stock Units.

The ordinary income an employee recognizes with respect to the payment of Restricted Stock Units will constitute wages for withholding and employment tax purposes. Therefore, the employer (the Company or its subsidiary, as applicable) will be required to withhold or obtain payment from such employee for the amount of any applicable income and employment tax withholdings. The employer generally will be entitled to a federal income tax deduction equal to the amount of ordinary income the Participant recognizes.

The Participant's holding period in Common Stock received pursuant to the payment of a Restricted Stock Unit will begin on the date the Common Stock is received. The Participant's tax basis in the Common Stock will equal the amount he or she included in ordinary income with respect to the payment of the Restricted Stock Unit. Any gain or loss that a Participant realizes on a subsequent disposition of the Common Stock will be treated as long-term or short-term capital gain or loss, depending on the Participant's holding period for the Common Stock. The amount of the gain (or loss) will equal the amount by which the amount realized on the disposition exceeds (or is less than) the Participant's tax basis in the Common Stock.

Stock Appreciation Rights. A Participant will not recognize any taxable income at the time SARs are granted. Upon exercise of the SAR, the Participant will recognize as ordinary income the amount of cash and the fair market value of the Common Stock that he or she receives.

The ordinary income an employee recognizes will constitute wages for withholding and employment taxes. Therefore, the employer will be required to withhold or obtain payment from such employee for the amount of the applicable income and employment tax withholdings. The employer will be entitled to a federal income tax deduction equal to the amount of ordinary income the Participant recognizes.

The Participant's holding period for any Common Stock received pursuant to the exercise of a SAR will begin on the date the Common Stock is received. The Participant's tax basis in the Common Stock will equal the amount he or she included in ordinary income on receipt with respect to such shares of Common Stock. Any gain or loss that a Participant realizes on a subsequent disposition of the Common Stock will be treated as long-term or short-term capital gain or loss, depending on the Participant's holding period for the Common Stock. The

amount of the gain (or loss) will equal the amount by which the amount realized on the disposition exceeds (or is less than) the Participant's tax basis in the Common Stock.

Performance Awards. A Participant will not recognize any taxable income at the time a Performance Award is granted. When the performance objectives to which the Performance Award is subject have been attained and the Performance Award is paid, the Participant will recognize as

35

ordinary income the amount of cash and the fair market value of the Common Stock he or she receives.

The ordinary income an employee recognizes will constitute wages for withholding and employment taxes. Therefore, the employer will be required to withhold or obtain payment from such employee for the amount of the applicable income and employment tax withholdings. The employer will be entitled to a federal income tax deduction equal to the amount of ordinary income the Participant recognizes.

The Participant's holding period in any Common Stock received pursuant to the payment of a Performance Award will begin on the date the Common Stock is received. The Participant's tax basis in the Common Stock will equal the amount he or she included in ordinary income on receipt with respect to such shares of Common Stock. Any gain or loss that a Participant realizes on a subsequent disposition of the Common Stock will be treated as long-term or short-term capital gain or loss, depending on the Participant's holding period for the Common Stock. The amount of the gain (or loss) will equal the amount by which the amount realized on the disposition exceeds (or is less than) the Participant's tax basis in the Common Stock.

Deferred Shares of Common Stock. To the extent the Participant defers the receipt of any shares of Common Stock or cash or other consideration to be received, the Participant will not recognize any taxable income until the distribution or payment of such Deferred Stock Benefits. The Participant will recognize as ordinary income the amount of cash and the fair market value of Common Stock he or she receives on payment or distribution.

Ordinary income and short-term capital gains currently are subject to a maximum federal tax rate of 39.6%, while long-term capital gains generally are subject to a maximum federal tax rate of 20% (10% for individuals in the 15% ordinary income tax bracket).

The discussion above is only a summary of the federal income tax consequences applicable to a Participant who receives Restricted Stock, Restricted Stock Units, SARs or Performance Awards under the Incentive Plan and does not cover the tax consequences that might arise in all circumstances. Additionally, the federal income tax consequences of such awards for officers and directors may be different in some cases than the consequences described above.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has appointed the firm of Ernst & Young LLP, independent auditors, to audit and report on the financial statements of the Company for the year ending December 31, 2003. The Company has employed Ernst & Young LLP as its independent auditors since July 2000. It is expected that a representative of Ernst & Young LLP will be present at the Annual Meeting to answer questions of Stockholders and will have the opportunity, if desired, to make a statement.

During the years ended December 31, 2001 and 2002, Ernst & Young LLP billed the Company the fees set forth below in connection with services rendered by that firm to the Company.

Audit Fees. Fees for audit services rendered by Ernst & Young LLP for the years ended December 31, 2001 and 2002 were \$341,000 and \$337,000, respectively. Fees for audit services include fees associated with the annual audit and the reviews of the Company's quarterly reports on Form 10-Q.

Audit Related Fees. Fees for audit related services rendered by Ernst & Young LLP for the years ended December 31, 2001 and 2002 were \$558,000 and \$247,000, respectively. Audit related services generally include fees for registration statements, business acquisitions, benefit plan audits and accounting consultations.

Tax. Fees for tax services, including tax advice and tax planning, totaled \$44,000 and \$191,000 for the years ended December 31, 2001 and 2002, respectively.

All Other Fees. Fees for all other services not described above totaled \$41,000 for the year ended December 31, 2002. The Company did not pay any fees other than those described above during the year ended December 31, 2001. All other fees for the year ended December 31, 2002 principally relate to vendor analysis services.

The Audit Committee of the Board of Directors has considered whether the provision of services described above under "Audit Related Fees," "Tax" and "All Other Fees" is compatible with maintaining the independence of Ernst & Young LLP, and has concluded that it is so compatible.

THE AUDIT COMMITTEE UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT AUDITORS FOR THE YEAR ENDING DECEMBER 31, 2003.

Notwithstanding Stockholder ratification of the appointment of the independent auditors, the Audit Committee, in its discretion, may direct the appointment of new independent auditors if the Audit Committee believes that such a change would be in the best interest of EarthLink and its Stockholders. If the Stockholders do not ratify the appointment, the Audit Committee will reconsider the appointment.

OTHER MATTERS

The Board of Directors knows of no other matters to be brought before the Annual Meeting. However, if any other matters are properly brought before the Annual Meeting, the persons appointed in the accompanying proxy intend to vote the shares represented thereby in accordance with their best judgment.

SOLICITATION OF PROXIES

The cost of the solicitation of proxies on behalf of the Company will be borne by the Company. The Company has engaged MacKenzie & Partners, Inc. to assist it in the proxy solicitation process and will pay such firm approximately \$4,000 for its services. In addition, directors, officers and other employees of the Company may, without additional compensation except reimbursement for actual expenses, solicit proxies by mail, in person or by telecommunication. The Company will reimburse brokers, fiduciaries, custodians and other

nominees for out-of-pocket expenses incurred in sending the Company's proxy materials to, and obtaining instructions relating to such materials from, beneficial owners.

The Plan is intended to permit the grant of Options, Restricted Stock, Restricted Stock Units, SARs and Performance Awards. The proceeds the Company receives from the sale of Common Stock pursuant to any Participant's exercise of an Option or purchase of Restricted Stock shall be used for general corporate purposes.

ARTICLE III
ADMINISTRATION

The Administrator shall have the complete authority to grant Awards on such terms (not inconsistent with the provisions of this Plan), as the Administrator may consider appropriate. Such terms may include conditions (in addition to those contained in this Plan) on the exercisability, Vesting, payment or forfeiture of any Award. The Administrator also shall administer the Plan. The Administrator shall have the complete authority to interpret all provisions of this Plan; to prescribe the form of Agreements; to accelerate the exercisability, Vesting or payment of an Award as a result of a Change in Control or otherwise; to adopt, amend and rescind rules and regulations pertaining to the administration of the Plan; and to make all other determinations necessary or advisable for the administration of the Plan. The express grant in the Plan of any specific power to the Administrator shall not be construed as limiting any power or authority of the Administrator. Any decision or action of the Administrator in connection with the administration of this Plan shall be final, conclusive and binding on all persons. Neither the Administrator nor any member of the Committee shall be liable for any act done or not done in good faith with respect to this Plan, any Agreement or any Award.

The Administrator may act only by decision of a majority of its members, except that the Administrator, in its discretion, may delegate to another Committee of the Board all or part of the Administrator's authority and duty with respect to grants of Awards, and provided that applicable law so permits, may delegate to one or more officers of the Company all or part of the Administrator's authority and duties with respect to grants of Awards to Participants who are not Insiders or Named

4

Executive Officers. The Administrator may amend or revoke the terms of such delegation at any time but such action shall not invalidate any prior actions of the Administrator's delegate or delegates that were consistent with the terms of the Plan.

If and to the extent deemed necessary by the Board (i) all Awards to an Insider shall be approved by the Board or by a Committee comprised of two or more non-employee directors within the meaning of Rule 16b-3 of the Exchange Act, unless such Awards will be held by the Participant at least six months after the date they are granted to such Participant and (ii) all Awards to a Named Executive Officer shall be approved by a Committee comprised solely of two or more outside directors within the meaning of Code Section 162(m).

The Company shall bear all expenses of administering this Plan. The Company shall indemnify and hold harmless each person who is or shall have been a member of any Board or Committee acting as the Administrator, or any delegate of such, against and from any cost, liability, loss or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any action, claim, suit, or proceeding to which such person may be a party or in which such person may be involved by reason of any action taken or not taken under the Plan and against and from any and all amounts paid by such person in settlement thereof, with the Company's approval, or paid by such person in satisfaction of any judgment in any such action, suit, or proceeding against such person, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. Notwithstanding the foregoing, the Company shall not indemnify and hold harmless any such person if (i) applicable law prohibits such indemnification or (ii) such person did not act in good faith and in a manner that such person believed to be consistent with the Plan and such person's conduct constituted gross negligence or willful misconduct. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law or otherwise, or under any other power that the Company may have to indemnify such person or hold him or her harmless. The provisions of the foregoing indemnity shall survive indefinitely the term of this Plan.

ARTICLE IV
ELIGIBILITY

Any Employee, contractor, consultant, agent or other service provider of the Company or any Subsidiary (including a corporation that becomes a Subsidiary after the adoption of this Plan) is eligible to receive an Award if the Administrator, in its sole discretion, determines that

such person has contributed significantly or can be expected to contribute significantly to the profits or growth of the Company or any Subsidiary. Members of the Board or the Board of Directors of any Subsidiary also may receive Awards.

ARTICLE V
STOCK SUBJECT TO PLAN

5.01. *Shares Issued.* On the exercise of an Option or a SAR, the grant of Restricted Stock, the payment of a Restricted Stock Unit, or the payment of a Performance Award payable in Common Stock, the Company may deliver to the Participant (or the Participant's broker if the Participant so directs) shares of Common Stock from its authorized but unissued shares of Common Stock or from reacquired shares of Common Stock. On the distribution or payment of Deferred Stock Benefits, the Company may issue shares of Common Stock from its authorized but unissued shares of Common Stock or from reacquired shares of Common Stock.

5.02. *Aggregate Limits.* The maximum number of shares of Common Stock that may be issued under this Plan and to which Awards may relate or which may be distributed or paid in settlement of

5

Deferred Stock Benefits shall be 20,000,000 shares of Common Stock. Up to 1,000,000 of such shares of Common Stock may be issued pursuant to grants of Restricted Stock and Restricted Stock Units, the exercise of SARs or the payment of Performance Awards or in settlement of Deferred Stock Benefits that represent deferred shares of Common Stock in connection with such Awards or any other Deferred Stock Benefits to be distributed or paid under the Deferred Compensation Program (other than with respect to Options). Up to the full 20,000,000 of such shares of Common Stock may be issued pursuant to the exercise of Options or in settlement of the Deferred Stock Benefits that represent deferred shares of Common Stock previously subject to Options. The maximum number of shares in each instance shall be subject to adjustment as provided in Article XIV.

5.03. *Individual Limits.* Subject to the other limitations set forth in this Plan, no individual may, in any calendar year, be granted aggregate Awards covering more than 1,000,000 shares of Common Stock. Performance Awards granted in any one calendar year may not provide for payments in excess of \$1,000,000. If an Award that a Participant holds is canceled and a replacement Award is issued, the canceled Award shall continue to be counted against the maximum number of shares of Common Stock for which similar Awards may be granted to the Participant in any calendar year and any replacement Awards granted to such Participant in replacement of the canceled Awards also shall count against such maximum limit. The maximum number of shares that may be granted in any calendar year to any individual shall be subject to adjustment as provided in Article XIV.

5.04. *Deferred Shares.* Shares of Common Stock issued or distributed in settlement of Deferred Stock Benefits, shares of Common Stock subject to Awards with respect to which there is a Deferred Stock Benefit and any other Deferred Stock Benefits to be paid or distributed under the Deferred Compensation Program shall be counted against the maximum number of shares of Common Stock that may be issued under this Plan or to which various Awards may relate unless and until such shares of Common Stock shall not be issued because of the surrender, lapse, expiration, forfeiture or termination of any rights in such shares of Common Stock or the Deferred Stock Benefits; provided, however, that shares of Common Stock shall be counted toward the foregoing limits only once (so that in the case of shares of Common Stock subject to Awards that are cancelled in connection with Deferred Stock Benefits, such Shares of Common Stock shall only be counted once). If a Deferred Stock Benefit is forfeited, in whole or in part, the number of shares of Common Stock allocated to such Deferred Stock Benefit or portion thereof may be reallocated to other Awards to be granted under the Plan or to settlement of any other Deferred Stock Benefits. However, shares of Common Stock issued in settlement of or representing Deferred Stock Benefits that constitute earnings on deferred shares of Common Stock shall be counted separately towards the foregoing limits.

5.05. *Reallocation of Shares.* If an Option or SAR is terminated, in whole or in part, for any reason other than its exercise (including an exercise that results in a Deferred Stock Benefit) or payment, or if any Restricted Stock is canceled, expires or terminates without the Restricted Stock becoming Vested, or if any Performance Award or Restricted Stock Unit is terminated without payment of shares of

Common Stock, the number of shares of Common Stock allocated to such Award or the terminated portion thereof may be reallocated to other Awards to be granted under this Plan, subject to the aggregate limits described above.

ARTICLE VI
TERMS AND CONDITIONS
OF ALL OPTIONS

6.01. *Grants.* In accordance with the provisions of Article IV, the Administrator will designate each individual to whom an Option is to be granted and will specify the number of shares of Common Stock covered by such grant and whether the Option is an Incentive Stock Option or a Nonqualified Stock Option. Incentive Stock Options also must comply with the provisions of Article VII. An Option may be granted with or without a Corresponding SAR. The date an Option is granted shall be the date

6

on which the Administrator has approved the terms and conditions of the Option. Each Option granted under the Plan shall be evidenced by an Agreement in such form and containing such terms, conditions and restrictions (not inconsistent with this Plan) as the Administrator in its sole discretion determines.

6.02. *Option Price.* The Administrator on the date of grant shall determine the price per share for Common Stock payable upon the exercise of an Option except that the price per share for Common Stock shall not be less than the Fair Market Value of a share of Common Stock on the date of grant of the Option.

6.03. *Maximum Option Period.* The Administrator on the date of grant shall determine the maximum period in which an Option may be exercised, except that no Option shall be exercisable after the expiration of 10 years from the date such Option is granted. The terms of any Option may provide that it is exercisable for a period less than such maximum period.

6.04. *Nontransferability.*

(a) Except as set forth in Section 6.04(b) below, each Option granted under this Plan shall be nontransferable except by will or by the laws of descent and distribution. In the event of any such transfer of an Option, the Option must be transferred in its entirety to the same person or persons or entity or entities. Except as set forth in Section 6.04(b) below, during the lifetime of the Participant to whom the Option is granted, only the Participant may exercise the Option. No right or interest of a Participant in any Option shall be liable for, or subject to, any lien, obligation or liability of such Participant.

(b) Notwithstanding Section 6.04(a) above, if the applicable Agreement so provides, an Option that is not an Incentive Stock Option may be transferred by the Participant to the Participant's children, grandchildren, spouse, one or more trusts for the benefit of such family members or a partnership in which such family members are the only partners, on such terms and conditions as Rule 701 of the Securities Act of 1933, as amended, as in effect from time to time may permit. Any such transfer will be permitted only if (i) the Participant does not receive any consideration for the transfer and (ii) the Administrator expressly approves the transfer. The holder of such Option shall be bound by the same terms and conditions that governed the Option during the period the Participant held it; provided, however, that such transferee may not transfer such Option except by will or the laws of descent and distribution. Any such transfer shall be evidenced by an appropriate written document executed by the Participant, and a copy thereof shall be delivered to the Administrator on or prior to the effective date of the transfer.

6.05. *Change in Control.* Notwithstanding any provision of any Agreement, in the event of or in anticipation of a Change in Control, the Administrator in its discretion (i) may declare that some or all outstanding Options previously granted under the Plan, whether or not then exercisable, shall terminate as of a date on or after an Acceleration Date or before or on the Control Change Date without any payment to the holder of the Option, provided the Administrator gives prior written notice to the Participants of such termination and gives such Participants the right to exercise their outstanding Options before such date to the extent then exercisable or (ii) may terminate on or after an Acceleration Date or before or on the Control Change Date some or all outstanding Options previously granted under the Plan, whether or not then

exercisable, in consideration of payment to the holder of the Option, with respect to each share of Common Stock for which the Option is then exercisable, of the excess, if any, of the Fair Market Value on such date of the Common Stock subject to the exercisable portion of the Option over the Option price. The payment described in (ii) above may be made in any manner the Administrator determines, including in cash, Voting Stock or other property. The Administrator may take the actions described in (i) or (ii) above with respect to Options that are not then exercisable whether or not the Participant will receive any payment therefor. The Administrator in its discretion may take the actions described in (i) or (ii) above contingent on consummation of the Change in Control and with respect to some or all outstanding Options, whether

or not then exercisable, or on an Option-by-Option basis, which actions need not be uniform with respect to all outstanding Options. However, the Options shall not be terminated to the extent that written provision is made for their continuance, assumption or substitution by a successor employer or its parent or subsidiary in connection with the Change in Control.

6.06. *Exercise.* The Administrator in its discretion may but need not declare that some or all outstanding Options previously granted under the Plan shall be exercisable, in whole or in part, on the earlier of (i) immediately before the time the Administrator takes either of the actions described in (i) or (ii) of Section 6.06 above or (ii) as of the Control Change Date; if the Administration makes such declaration, all such Options which became exercisable shall remain exercisable thereafter in accordance with the terms of the Plan and the applicable Agreement. The Administrator may act with respect to some or all outstanding Options or on an Option-by-Option basis, which actions need not be uniform with respect to all outstanding Options. Subject to the preceding sentences, an Option may be exercised in whole at any time or in part from time to time and at such times and in compliance with such requirements as the Administrator shall determine and as set forth in the applicable Agreement. An Option granted under this Plan may be exercised with respect to any number of whole shares less than the full number of shares for which the Option could be exercised. A partial exercise of an Option shall not affect the right to exercise the Option from time to time in accordance with this Plan and the applicable Agreement with respect to the remaining shares subject to the Option. To the extent an Option relates to a Corresponding SAR, upon exercise of or payment with respect to such Option, the Participant shall surrender to the Company, unexercised, the related portion of the Corresponding SAR.

6.07. *Payment.* Unless the Agreement provides otherwise, payment of the Option price shall be made in cash or a cash equivalent acceptable to the Administrator. If the Agreement so provides, the Administrator, in its discretion and provided applicable law so permits, may allow a Participant to pay all or part of the Option price (i) by surrendering shares of Common Stock to the Company that the Participant has held for at least six months; (ii) by a cashless exercise through a broker; (iii) by delivery of the full recourse, interest-bearing promissory note of the Participant, bearing interest at such rate as would avoid interest being imputed under the Code; (iv) by such other medium of payment as the Administrator, in its discretion shall authorize or (v) by any combination of the aforementioned methods of payment. If Common Stock is used to pay all or part of the Option price, the sum of the cash and cash equivalent and other payments and the Fair Market Value (determined as of the day preceding the date of exercise) of the Common Stock surrendered must not be less than the Option price of the shares for which the Option is being exercised.

6.08. *Shareholder Rights.* No Participant shall have any rights as a shareholder with respect to shares of Common Stock subject to an Option until the proper exercise of such Option, the payment of the Option price and any applicable withholding taxes, and the issuance to the Participant of the certificates representing the shares of Common Stock for which the Option is exercised. The Company may include on any certificates representing shares of Common Stock issued pursuant to an Option such legends referring to any representations, restrictions or any other applicable statements as the Company, in its discretion, shall deem appropriate.

6.09. *Reload Option.* The Administrator, in its discretion, may accompany the grant of an Option with a reload Option, which shall represent an additional Option to acquire the same number of shares of Common Stock as used by the Participant to pay for the original Option. The reload Option shall be subject to all of the same terms and conditions as the original Option except that (i) the purchase price for the shares of Common Stock subject to the reload Option will be the same Fair Market Value of the shares of Common Stock that the Participant used to pay for the original Option and (ii) such reload Option shall conform to all the provisions of the Plan at the time the original Option is exercised.

ARTICLE VII
ADDITIONAL TERMS AND CONDITIONS OF
INCENTIVE STOCK OPTIONS

7.01. *Employee Status.* Notwithstanding any other provision of the Plan or any Agreement, the Administrator may only grant an Incentive Stock Option to an Employee of the Company or any Subsidiary.

7.02. *Exercise Price.* Notwithstanding any other provision contained in the Plan or any Agreement, no Employee may receive an Incentive Stock Option under the Plan, unless the Option price per share for such Incentive Stock Option is at least 100 percent of the Fair Market Value on the date of grant of each share of Common Stock subject to such Incentive Stock Option.

7.03. *Aggregate Exercise Limits.* The Administrator may not grant an Incentive Stock Option or any Corresponding SAR that relates to an Incentive Stock Option to the extent the aggregate Fair Market Value, determined at the time the Administrator grants the Incentive Stock Option and any Corresponding SAR, of shares of Common Stock with respect to which a Participant may exercise Incentive Stock Options or Corresponding SARs for the first time during any calendar year under this Plan and any other plan of the Company (or any plan of any parent or Subsidiary of the Company) exceeds \$100,000. If the limitation is exceeded, the Incentive Stock Options that cause the limitation to be exceeded shall be treated as Nonqualified Stock Options.

7.04. *Restrictions on Ten-Percent Shareholders.* No Employee may receive an Incentive Stock Option under the Plan if such Employee, at the time of grant, is a Ten Percent Shareholder, unless the Option price per share for such Incentive Stock Option is at least 110 percent of the Fair Market Value on the date of grant of each share of Common Stock subject to such Incentive Stock Option and unless such Incentive Stock Option is not exercisable after the expiration of five years from the date such Incentive Stock Option is granted.

7.05. *Validity of Options.* Options that are intended to be Incentive Stock Options but do not qualify as such shall be treated as Nonqualified Stock Options.

7.06. *Notification Upon Sale.* A Participant shall give written notice to the Company if the Participant sells or otherwise disposes of any shares of Common Stock acquired under an Incentive Stock Option before the expiration of the later of the two-year period beginning on the date of grant of the Incentive Stock Option or the one-year period beginning on the date that the Participant exercises the Incentive Stock Option with respect to such shares of Common Stock.

7.07. *No Liability of Company.* The Company shall not be liable to any Participant or any other person if the Internal Revenue Service or any court having jurisdiction over such matter determines for any reason that any Option intended to be an Incentive Stock Option and granted hereunder does not qualify as an Incentive Stock Option.

ARTICLE VIII
TERMS AND CONDITIONS OF RESTRICTED STOCK

8.01. *Grants.* In accordance with the provisions of Article IV, the Administrator will designate each individual to whom Restricted Stock is to be granted or sold and will specify the number of shares of Common Stock such Award covers and the purchase price, if any, the Participant must pay for any Award. The date Restricted Stock is granted shall be the date on which the Administrator has approved the terms and conditions of the Restricted Stock grant. If the Participant must pay for an Award, the date of grant shall not be earlier than the date the Participant pays for the Restricted Stock in accordance with Section 8.02. Restricted Stock shall be evidenced by an Agreement in such form and containing such terms, conditions and restrictions (not inconsistent with the Plan) as the Administrator in its sole discretion determines.

8.02. *Payment.* Unless the Agreement provides otherwise, if the Participant must pay for an Award of Restricted Stock, payment of the Award shall be made in cash or cash equivalent acceptable to the Administrator. If the Agreement so provides, the Administrator in its discretion and provided applicable law so permits, may allow a Participant to pay all or part of the purchase price (i) by surrendering shares of Common Stock to the Company that the Participant has held for at least six months; (ii) by delivery of the full recourse, interest-bearing promissory note of the Participant, bearing interest at such rate as would avoid interest being imputed under the Code; (iii) by such other medium of payment as the Administrator in its discretion shall authorize or (iv) by any combination of the aforementioned methods of payment. If Common Stock is used to pay all or part of the purchase price, the sum of the cash and cash equivalent and other payments and the Fair Market Value (determined as of the day preceding the date of purchase) of the Common Stock surrendered must not be less than the purchase price of the Restricted Stock.

8.03. *Maximum Vesting Period.* The Administrator on the date of grant shall determine the maximum period over which Restricted Stock may become Vested, except that no Restricted Stock shall become Vested after the expiration of 10 years from the date such Restricted Stock is granted. The terms of any Restricted Stock may provide that such Restricted Stock will become Vested over a period less than such maximum period.

8.04. *Nontransferability.* Restricted Stock granted under the Plan shall be nontransferable except by will or by the laws of descent and distribution, until it has become Vested. No Restricted Stock or any right or interest of a Participant in any shares of Restricted Stock shall be liable for, or subject to, any liability, lien or obligation of such Participant.

8.05. *Change in Control.* Notwithstanding any provision of any Agreement, in the event of or in anticipation of a Change in Control, the Administrator in its discretion may terminate on or after an Acceleration Date or before or on the Control Change Date outstanding shares of Restricted Stock previously granted under the Plan that are not then Vested without any payment to the holder of the Restricted Stock. The Administrator in its discretion may take the action described in this Section 8.05 contingent on the consummation of the Change in Control and with respect to some or all outstanding shares of Restricted Stock or on a share-by-share basis, which actions need not be uniform with respect to all outstanding shares of Restricted Stock. The preceding sentences to the contrary notwithstanding, the shares of Restricted Stock shall not be terminated to the extent that written provision is made for their assumption, continuance or substitution by a successor employer or its parent or subsidiary in connection with the Change in Control.

8.06. *Vesting.* The Administrator in its discretion may but need not declare that some or all outstanding shares of Restricted Stock previously granted under the Plan shall become Vested, in whole or in part, on or after an Acceleration Date or before or on the Control Change Date. The Administrator may act with respect to some or all outstanding shares of Restricted Stock or on a share-by-share basis, which actions need not be uniform with respect to outstanding shares of Restricted Stock. Subject to the preceding sentences, shares of Restricted Stock acquired under the Plan shall become Vested in whole at any time or in part from time to time at such times and in compliance with such requirements as the Administrator shall determine and set forth in the Agreement. If and to the extent deemed necessary by the Administrator, shares of Restricted Stock granted to Named Executive Officers shall become Vested subject to performance objectives that enable such Restricted Stock to qualify as "performance based compensation" under the Treasury Regulations promulgated under Code Section 162(m). The grant of Restricted Stock can only become Vested during the Participant's lifetime in the hands of the Participant.

8.07. *Shareholder Rights.* Before the shares of Restricted Stock become Vested, the Participant will have all rights of a shareholder in the shares of Restricted Stock as provided under the Certificate of Incorporation of the Company and applicable law, including without limitation the right to vote the

shares and receive dividends and distributions thereon; provided, however, that during such period the Participant (i) may not sell, transfer, exchange, pledge, hypothecate or otherwise dispose of any shares of Restricted Stock; (ii) the Company shall retain custody of the certificates evidencing the shares of Restricted Stock until they become Vested and (iii) the Participant will deliver to the Company a stock power, endorsed in blank, with respect to each share of Restricted Stock. The Company may include on any certificates representing shares of

Common Stock issued pursuant to a grant of Restricted Stock such legends referring to any representations, restrictions or other applicable statements as the Company, in its discretion, shall deem appropriate.

ARTICLE IX
TERMS AND CONDITIONS OF RESTRICTED STOCK UNITS

9.01. *Grants.* In accordance with the provisions of Article IV, the Administrator will designate each individual to whom Restricted Stock Units are to be granted and will specify the number of Restricted Stock Units such grant covers. All Restricted Stock Units shall be evidenced by an Agreement in such form and containing such terms, conditions and restrictions (not inconsistent with the Plan) as the Administrator in its sole discretion determines.

9.02. *Maximum Payment Period.* The Administrator on the date of grant shall determine the maximum period over which Restricted Stock Units may become payable, except that no Restricted Stock Unit shall become payable after the expiration of 10 years from the date such Restricted Stock Unit is granted. The terms of any Restricted Stock Unit may provide that it is payable for a period less than such maximum period.

9.03. *Nontransferability.* Restricted Stock Units granted under the Plan shall be nontransferable except by will or by the laws of descent and distribution. No Restricted Stock Units or any right or interest of a Participant in any Restricted Stock Units shall be liable for, or subject to, any liability, lien or obligation of such Participant.

9.04. *Change in Control.* Notwithstanding any provision of any Agreement, in the event of or in anticipation of a Change in Control, the Administrator in its discretion may terminate on or after an Acceleration Date or before or on the Control Change Date some or all outstanding Restricted Stock Units previously granted under the Plan that are not then payable without any payment to the holder of the Restricted Stock Units. The Administrator in its discretion may take the action described in this Section 9.04 contingent on consummation of the Change in Control and with respect to some or all outstanding Restricted Stock Units or on a Restricted Stock Unit-by-Restricted Stock Unit basis, which actions need not be uniform with respect to all outstanding Restricted Stock Units. The Restricted Stock Units shall not be terminated to the extent that written provision is made for their assumption, continuance or substitution by a successor employer or its parent or subsidiary in connection with the Change in Control.

9.05. *Right to Receive Payment.* The Administrator in its discretion may but need not declare that some or all outstanding Restricted Stock Units granted under the Plan shall become payable, in whole or in part, on or after an Acceleration Date or before or on the Control Change Date. The Administrator may act with respect to some or all outstanding Restricted Stock Units or on a Restricted Stock Unit-by-Restricted Stock Unit basis, which actions need not be uniform with respect to all outstanding Restricted Stock Units. Subject to the preceding sentences, Restricted Stock Units may be paid in whole at any time or in part from time to time at such times and in compliance with such requirements as the Administrator shall determine and set forth in the Agreement. If and to the extent deemed necessary by the Administrator, Restricted Stock Units granted to Named Executive Officers shall become payable subject to performance objectives that enable such Restricted Stock Units to qualify as "performance based compensation" under the Treasury Regulations promulgated under Code

Section 162(m). The payment of one or more Restricted Stock Units shall not affect the right to receive payment for any remaining Restricted Stock Units.

9.06. *Form of Payment.* The Company shall pay each Participant one share of Common Stock for each Restricted Stock Unit that becomes payable and shall deliver to the Participant (or the Participant's broker if the Participant so directs) certificates representing the shares of Common Stock that have been paid.

9.07. *Shareholder Rights.* No Participant shall have any rights as a shareholder with respect to any Restricted Stock Units until the Participant receives payment of such Restricted Stock Unit as described in Section 9.06 and the issuance to the Participant of the certificates

representing the shares of Common Stock that have been paid. The Company may include on any certificates representing shares of Common Stock issued pursuant to a grant of Restricted Stock such legends referring to any representations, restrictions or other applicable statements as the Company, in its discretion, shall deem appropriate.

ARTICLE X
TERMS AND CONDITIONS OF SARs

10.01. *Grants.* In accordance with the provisions of Article IV, the Administrator will designate each individual to whom a SAR is to be granted and will specify the number of shares of Common Stock encompassed by such grant and whether the SAR is a Corresponding SAR. The date a SAR is granted shall be the date on which the Administrator has approved the terms and conditions of the SAR. Each SAR granted under the Plan shall be evidenced by an Agreement in such form and containing such terms, conditions and restrictions (not inconsistent with this Plan) as the Administrator in its sole discretion determines.

10.02. *Maximum SAR Period.* The Administrator on the date of grant shall determine the maximum period in which a SAR may be exercised, except that no SAR shall be exercisable after the expiration of 10 years from the date the SAR is granted. The terms of a SAR may provide that it is exercisable for a period less than such maximum period. No Corresponding SAR shall be exercisable or continue in existence after the expiration of the Option to which the Corresponding SAR relates.

10.03. *Nontransferability.*

(a) Except as set forth in Section 10.03(b) below, each SAR granted under this Plan shall be nontransferable except by will or by the laws of descent and distribution. In the event of any transfer of a Corresponding SAR, the Corresponding SAR and the Option to which it relates must be transferred in their entirety to the same persons or entities. Except as set forth in Section 10.03(b) below, during the lifetime of the Participant to whom the SAR is granted, only the Participant may exercise the SAR. No right or interest of a Participant in any SAR shall be liable for, or subject to, any liability, lien or obligation of such Participant.

(b) Notwithstanding Section 10.03(a) above, if the applicable Agreement so provides, a SAR (other than a Corresponding SAR that is related to an Incentive Stock Option) may be transferred by the Participant to the Participant's children, grandchildren, spouse, one or more trusts for the benefit of such family members or a partnership in which such family members are the only partners, on such terms and conditions as Rule 701 of the Securities Act of 1933, as amended, as in effect from time to time may permit. Any such transfer will be permitted only if (i) the Participant does not receive any consideration for the transfer and (ii) the Administrator expressly approves the transfer. The holder of such SAR shall be bound by the same terms and conditions that governed the SAR during the period the Participant held it; provided, however, that such transferee may not transfer such SAR except by will or the laws of descent and distribution. Any such transfer shall be evidenced by an appropriate written document executed by the Participant, and a copy thereof shall be delivered to the Administrator on or prior to the effective date of the

transfer. In the event of a transfer of a Corresponding SAR pursuant to this Section 10.03(b), the Corresponding SAR and the related Option must be transferred to the same transferee.

10.04. *Change in Control.* Notwithstanding any provision of any Agreement, in the event of or in anticipation of a Change in Control, the Administrator in its discretion (i) may declare that some or all outstanding SARs previously granted under the Plan, whether or not then exercisable, shall terminate as of a date on or after an Acceleration Date or before or on the Control Change Date without any payment to the holder of the SAR, provided the Administrator gives prior written notice to the Participants of such termination and gives such Participants the right to exercise their outstanding SARs at least 15 days before such termination date to the extent then exercisable or (ii) may terminate on or after an Acceleration Date or before or on the Control Change Date some or all outstanding SARs previously granted under the Plan, whether or not then exercisable, in consideration of payment to the holder of the SAR, with respect to each share of Common Stock for which the SAR is then exercisable, of the excess, if any, of the Fair Market Value of such Common Stock on such date over the Initial Value of the SAR. The

payment described in (ii) above may be made in any manner the Administrator determines, including in cash, Voting Stock or other property. The Administrator may take the actions described in (i) or (ii) above with respect to SARs that are not then exercisable whether or not the Participant will receive any payment therefor. The Administrator in its discretion may take the actions described in (i) or (ii) above contingent on consummation of the Change in Control and with respect to some or all outstanding SARs, whether or not then exercisable, or on a SAR-by-SAR basis, which actions need not be uniform with respect to all outstanding SARs. Notwithstanding the foregoing, no payment shall be made with respect to a Corresponding SAR to the extent the Administrator made a payment with respect to the Option that relates to the Corresponding SAR. No SARs shall be terminated to the extent that written provision is made for their assumption, continuance or substitution by a successor employer or its parent or subsidiary in connection with the Change in Control.

10.05. *Exercise.* The Administrator in its discretion may but need not declare that some or all outstanding SARs previously granted under the Plan shall be exercisable, in whole or in part, on the earlier of (i) immediately before the time the Administrator takes either of the actions described in (i) or (ii) of Section 10.04 above or (ii) as of the Control Change Date; if the Administrator makes such declaration, all such SARs which became exercisable shall remain exercisable thereafter in accordance with the terms of the Plan and the applicable Agreement. The Administrator may act with respect to some or all outstanding SARs or on a SAR-by-SAR basis, which actions need not be uniform with respect to all outstanding SARs. Subject to the preceding sentences, a SAR may be exercised in whole at any time or in part from time to time at such times and in compliance with such requirements as the Administrator shall determine and as set forth in this Plan and the applicable Agreement. A SAR granted under this Plan may be exercised with respect to any number of whole shares less than the full number of shares covered by the SAR. A partial exercise of a SAR shall not affect the right to exercise the SAR from time to time in accordance with this Plan and the applicable Agreement with respect to the remaining shares covered by the SAR. A SAR may be exercised and paid only to the extent that the Fair Market Value of the Common Stock that is the subject of the exercise exceeds the Initial Value of the SAR.

10.06. *Special Rules for Corresponding SARs.* Upon the exercise or payment of a Corresponding SAR, the Participant shall surrender to the Company, unexercised and unpaid, any portion of an Option to which the Corresponding SAR relates. Upon exercise or payment of an Option to which a Corresponding SAR relates, the Participant shall surrender to the Company, unexercised and unpaid, the related portion of the Corresponding SAR. A Corresponding SAR may be exercised only to the extent that the related Option is exercisable.

10.07. *Payment Upon Exercise of SAR.* Within 15 days after the exercise of a SAR, the Company shall pay the Participant, with respect to each share of Common Stock encompassed by the exercise of

the SAR, the excess of the Fair Market Value of such Common Stock on the date of exercise over the Initial Value. The Administrator, in its discretion, shall determine and set forth in the applicable Agreement whether the amount payable as a result of the exercise of a SAR will be paid (i) in cash; (ii) Common Stock; (iii) by delivery of the Company's or any Subsidiary's full recourse, interest-bearing promissory note, bearing interest at such rate as would avoid interest being imputed under the Code or (iv) by any combination of the foregoing.

10.08. *Shareholder Rights.* No Participant shall have any rights as a shareholder with respect to shares of Common Stock subject to a SAR until the proper exercise of the SAR, and then only to the extent that Common Stock is issued to the Participant. The Company may include on any certificates representing shares of Common Stock issued pursuant to a SAR such legends referring to any representations, restrictions or any other applicable statements as the Company, in its discretion, shall deem appropriate.

ARTICLE XI TERMS AND CONDITIONS OF PERFORMANCE AWARDS

11.01. *Grants.* In accordance with the provisions of Article IV, the Administrator will designate each individual to whom a Performance Award is to be granted and will specify the terms and conditions applicable to such Performance Award, including the performance objectives the Participant must satisfy to receive a payment under the Performance Award. The date a Performance Award is

granted shall be the date on which the Administrator has approved the terms and conditions of the Performance Award. Each Performance Award granted under the Plan shall be evidenced by an Agreement in such form and containing such terms, conditions and restrictions (not inconsistent with this Plan) as the Administrator in its sole discretion determines.

11.02. *Maximum Performance Award Period.* The Administrator on the date of grant shall determine the maximum period in which a Performance Award may be paid, except that no Performance Award may be paid after the expiration of 10 years from the date such Performance Award is granted. The terms of any Performance Award may provide that it can be paid over a period less than such maximum period.

(a) *Nontransferability.* Performance Awards granted under this Plan shall be nontransferable except by will or by the laws of descent and distribution.

11.03. *Change in Control.* Notwithstanding any provision of any Agreement, in the event of or in anticipation of a Change in Control, the Administrator in its discretion may terminate on or after an Acceleration Date or before or on the Control Change Date some or all outstanding Performance Awards previously granted under the Plan that are not then payable without any payment to the holder of the Performance Award. The Administrator in its discretion may take the action described in this Section 11.03 contingent on consummation of the Change in Control and with respect to some or all outstanding Performance Awards or on a Performance Award-by-Performance Award basis, which actions need not be uniform with respect to all outstanding Performance Awards. The Performance Awards shall not be terminated to the extent that written provision is made for their assumption, continuance or substitution by a successor employer or its parent or subsidiary in connection with the Change in Control.

11.04. *Payment of Performance Award.* The Administrator in its discretion may but need not declare that some or all outstanding Performance Awards granted under the Plan shall become payable, in whole or in part, on or after an Acceleration Date or before or on a Control Change Date. The Administrator may act with respect to some or all outstanding Performance Awards or on a Performance Award-by-Performance Award basis, which actions need not be uniform with respect to all outstanding Performance Awards. Subject to the preceding sentences, a Performance Award will become payable at such times, in such amounts and in compliance with such requirements as the

Administrator shall determine and as set forth in this Plan and the applicable Agreement. If and to the extent deemed necessary by the Administrator, Performance Awards granted to Named Executive Officers shall become payable pursuant to performance objectives that enable the Performance Award to qualify as "performance based compensation" under the Treasury Regulations promulgated under Code Section 162(m).

11.05. *Shareholder Rights.* No Participant shall have any rights as a shareholder with respect to any Performance Award until payment of the Performance Award and then only to the extent that payment is made in Common Stock that is issued to the Participant. The Company may include on any certificates representing shares of Common Stock issued pursuant to a Performance Award such legends referring to any representations, restrictions or any other applicable statements as the Company, in its discretion, shall deem appropriate.

ARTICLE XII
ADDITIONAL TERMS AND CONDITIONS
APPLICABLE TO ALL AWARDS

12.01. *Interruption of Employee or Independent Contractor Status.* In the event that the terms of any Award provide that it may be exercised, Vested or paid only during employment or service or within a specified period of time after termination of employment or service, the Administrator may decide to what extent leaves of absence for illness, temporary disability, governmental or military service or other reasons shall not be deemed interruptions of employment or service.

12.02. *Performance Objectives.* The Administrator may prescribe that an Award may be exercised, Vested or paid only to the extent that certain performance objectives are obtained. Such performance objectives may be based on one or more of the Company's or any Subsidiary's or any division's (i) gross, operating or net earnings before or after taxes; (ii) return on equity; (iii) return on capital; (iv) return on sales; (v) return on assets or net assets; (vi) earnings per share; (vii) cash flow per share; (viii) book value per share; (ix) earnings growth; (x) sales growth; (xi) customer growth; (xii) cash flow (as the Administrator may define such term); (xiii) Fair Market Value of the Company or any Subsidiary or shares of Common Stock; (xiv) share price or total shareholder return; (xv) market share; (xvi) economic value added; (xvii) market value added; (xviii) productivity; (xix) level of expenses; (xx) quality; (xxi) safety; (xxii) customer satisfaction or (xxiii) peer group comparisons of any of the aforementioned performance objectives. If the Administrator, on the grant of the Award, prescribes that the Award shall be exercisable or shall become Vested or payable only upon the attainment of performance objectives stated with respect to one or more of the foregoing criteria, the Award shall become exercisable, Vested or payable only to the extent the Administrator certifies in writing that such performance objectives have been obtained. Additionally, the Administrator may prescribe that an Award may be exercised, Vested, or paid only to the extent that the Participant completes a specified period of employment or service with the Company or any Subsidiary.

12.03. *Other Conditions.* The Administrator, in its discretion, may, as a condition to the grant of an Award, require the Participant on or before the date of grant of the Award to enter into (i) a covenant not to compete (including a confidentiality, non-solicitation or other similar agreement) with the Company or any Subsidiary, which shall become effective on the date of termination of employment or service of the Participant with the Company or any Subsidiary or any other date the Administrator may specify and shall contain such terms and conditions as the Administrator shall otherwise specify and/or (ii) an agreement to cancel any other employment agreement, service agreement, fringe benefit or compensation arrangement in effect between the Company or any Subsidiary and such Participant. If the Participant shall fail to enter into any such agreement at the Administrator's request, then no Award shall be granted to the Participant and the number of shares of Common Stock that would have been subject to such Award, if any, shall be added to the remaining shares of Common Stock available under the Plan.

12.04. *Forfeiture Provisions.* Notwithstanding any other provisions of the Plan or any Agreement, all rights to any Award that a Participant has will be immediately discontinued and forfeited, and the Company shall not have any further obligation hereunder to the Participant with respect to any Award and the Award will not be exercisable (whether or not previously exercisable) or become Vested or payable on and after the time the Participant is discharged from employment or service with the Company or any Subsidiary for Cause.

ARTICLE XIII

DEFERRED BENEFITS

In accordance with rules the Administrator prescribes, a Participant who is eligible for the Deferred Compensation Program may elect to defer the receipt of Common Stock issuable or cash or other consideration payable to the Participant pursuant to any Award. The Administrator in its discretion may prescribe the types of Awards that are subject to the Deferred Compensation Program, the Participants eligible to participate in the Deferred Compensation Program and all other administrative rules relating thereto relating to Awards.

ARTICLE XIV

LIMITATION ON BENEFITS

Despite any other provisions of this Plan to the contrary, if the receipt of any payments or benefits under this Plan would subject a Participant to tax under Code Section 4999, the Administrator may determine whether some amount of payments would meet the definition of a "Reduced Amount." If the Administrator determines that there is a Reduced Amount, the total payments to the Participant hereunder must be reduced to such Reduced Amount, but not below zero. If the Administrator determines that the benefits and payments must be reduced to the Reduced Amount, the Company must promptly notify the Participant of that determination, with a copy of the detailed calculations by the

Administrator. All determinations of the Administrator under this Article XIV are final, conclusive and binding upon the Company and the Participant. It is the intention of the Company and the Participant to reduce the payments under this Plan only if the aggregate Net After Tax Receipts to the Participant would thereby be increased. If as result of the uncertainty in the application of Code Section 4999 at the time of the initial determination by the Administrator under this Article XIV, however, it is possible that amounts will have been paid under the Plan to or for the benefit of a Participant which should not have been so paid ("Overpayment") or that additional amounts which will not have been paid under the Plan to or for the benefit of a Participant could have been so paid ("Underpayment")—in each case, consistent with the calculation of the Reduced Amount. If the Administrator, based either upon the assertion of a deficiency by the Internal Revenue Service against the Company or the Participant which the Administrator believes has a high probability of success or controlling precedent or other substantial authority, determines that an Overpayment has been made, any such Overpayment must be treated for all purposes as a loan which the Participant must repay to the Company together with interest at the applicable federal rate under Code Section 7872(f)(2); provided, however, that no such loan may be deemed to have been made and no amount shall be payable by Participant to the Company if and to the extent such deemed loan and payment would not either reduce the amount on which the Participant is subject to tax under Code Section 1, 3101 or 4999 or generate a refund of such taxes. If the Administrator, based upon controlling precedent or other substantial authority, determines that an Underpayment has occurred, the Administrator must promptly notify the Company of the amount of the Underpayment, which then shall be paid to the Participant. For purposes of this Section, (i) "Net After Tax Receipt" means the Present Value of a payment under this Plan net of all taxes imposed on Participant with respect thereto under Code Sections 1, 3101 and 4999, determined by applying the highest marginal rate under Code Section 1 which applies to the Participant's taxable income for the applicable taxable year; (ii) "Present Value" means the value determined in accordance with Code Section 280G(d)(4) and (iii) "Reduced Amount" means the

smallest aggregate amount of all payments under this Plan which (a) is less than the sum of all payments under this Plan and (b) results in aggregate Net After Tax Receipts which are equal to or greater than the Net After Tax Receipts which would result if the aggregate payments under this Plan were any other amount less than the sum of all payments to be made under this Plan.

ARTICLE XV

ADJUSTMENT UPON CHANGE IN COMMON STOCK

The maximum number of shares as to which Awards and Deferred Stock Benefits may be granted under this Plan, the terms of outstanding Awards and Deferred Stock Benefits, the per individual limitations on the number of shares for which Awards may be granted and any other limitations in this Plan shall be adjusted as the Administrator shall determine to be equitably required in the event that (a) the Company (i) effects one or more stock dividends, stock split-ups, subdivisions or consolidations of shares or (ii) engages in a transaction to which Code Section 424 or any similar event applies or (b) there occurs any other event which, in the judgment of the Administrator, necessitates such action. In addition, the Administrator may make such other adjustments to the terms of an outstanding Award or Deferred Stock Benefit to the extent equitable and necessary to prevent an enlargement or dilution of the Participant's rights thereunder as a result of any such event or similar transaction. Any determination the Administrator makes under this Article XV shall be final and conclusive. The issuance by the Company of either shares of stock of any class or securities convertible into shares of stock of any class, for cash or property, or for labor or services, either upon direct sale or upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, shall not affect, and no adjustment by reason thereof shall be made with respect to, the maximum number of shares as to which Awards and Deferred Stock Benefits may be granted, the per individual limitations on the number of shares for which Awards may be granted, any other limitations in this Plan or the terms of outstanding Awards and Deferred Stock Benefits. The Administrator may grant Awards in substitution for performance shares, stock awards, stock options, stock appreciation rights, phantom shares, or similar awards held by an individual who becomes an Employee, contractor, agent or other service provider of the Company in connection with a transaction described in the first paragraph of this Article XV. Notwithstanding any provision of the Plan (other than the limitations of Article V), the terms of such substituted Awards shall be as the Administrator, in its discretion, determines is appropriate.

ARTICLE XVI
COMPLIANCE WITH LAW AND
APPROVAL OF REGULATORY BODIES

16.01. *Compliance.* No Award shall be granted or become exercisable, Vested or payable, no Common Stock shall be issued, no certificates for shares of Common Stock shall be delivered, and no payment shall be made except in compliance with all applicable federal and state laws and regulations (including, without limitation, withholding tax requirements), any listing agreement with any stock exchange to which the Company is a party, and the rules of all domestic stock exchanges on which the Company's shares may be listed. The Company shall have the right to rely on an opinion of its counsel as to such compliance. Any certificate for shares of Common Stock issued under the Plan may bear such legends and statements as the Administrator may deem advisable to assure compliance with federal and state laws and regulations. No Award will be granted, become exercisable, Vested or payable, no Common Stock shall be issued, no certificate for shares of Common Stock shall be delivered, and no payment shall be made under this Plan until the Company has obtained such consent or approval as the Administrator may deem advisable from regulatory bodies having jurisdiction over such matters.

17

16.02. *Postponement of Exercise or Payment.* The Administrator may postpone any grant, exercise, Vesting or payment of an Award for such time as the Administrator in its sole discretion may deem necessary in order to permit the Company (i) to effect, amend or maintain any necessary registration of the Plan or the shares of Common Stock issuable pursuant to the Award under the securities laws; (ii) to permit any action to be taken in order to (A) list such shares of Common Stock or other shares of stock of the Company on a stock exchange if shares of Common Stock or other shares of stock of the Company are not then listed on such exchange or (B) comply with restrictions or regulations incident to the maintenance of a public market for its shares of Common Stock or other shares of stock of the Company, including any rules or regulations of any stock exchange on which the shares of Common Stock or other shares of stock of the Company are listed; (iii) to determine that such shares of Common Stock in the Plan are exempt from such registration or that no action of the kind referred to in (ii)(B) above needs to be taken; (iv) to comply with any other applicable law, including without limitation, securities laws; (v) during any such time the Company or any Subsidiary is prohibited from doing any of such acts under applicable law, including without limitation, during the course of an investigation of the Company or any Subsidiary, or under any contract, loan agreement or covenant or other agreement to which the Company or any Subsidiary is a party or (vi) to otherwise comply with any prohibition on such acts or payments during any applicable blackout period; and the Company shall not be obligated by virtue of any terms and conditions of any Agreement or any provision of the Plan to recognize the grant, exercise, Vesting or payment of an Award or to grant, sell or issue shares of Common Stock or make any such payments in violation of the securities laws or the laws of any government having jurisdiction thereof or any of the provisions hereof. Any such postponement shall not extend the term of the Award and neither the Company nor its directors and officers nor the Administrator shall have any obligation or liability to any Participant or to any other person with respect to shares of Common Stock or payments as to which the Award shall lapse because of such postponement.

16.03. *Forfeiture of Payment.* The Participant shall be required to forfeit any and all rights under Awards or to reimburse the Company for any payment under any Award (with interest as necessary to avoid imputed interest or original issue discount under the Code or as otherwise required by applicable law) to the extent applicable law requires such forfeiture or reimbursement, including without limitation, in connection with any event where the Company or any Subsidiary is required to prepare an accounting restatement due to material noncompliance, as a result of misconduct with financial reporting requirements, for any applicable period.

ARTICLE XVII
GENERAL PROVISIONS

17.01. *Effect on Employment and Service.* Neither the adoption of this Plan, its operation, nor any Agreement or other documents describing or referring to this Plan shall confer upon any individual any right to continue in the employ or service of the Company or any Subsidiary or in any way affect the right and power of the Company or any Subsidiary to terminate the employment or service of any individual at any time with or without assigning a reason therefor.

17.02. *Unfunded Plan.* The Plan shall be unfunded, and the Company shall not be required to segregate any assets that may at any time be represented by Awards under this Plan. Any liability of the Company to any person with respect to any Award under this Plan shall be based solely upon any contractual obligations that may be created pursuant to this Plan. No such obligation of the Company shall be deemed to be secured by any pledge of, or other encumbrance on, any property of the Company.

17.03. *Tax Withholding and Reporting.* Unless an Agreement provides otherwise, each Participant shall be responsible for satisfying in cash or cash equivalent acceptable to the Administrator any income and employment tax withholding obligations attributable to participation in the Plan and the

grant, exercise, Vesting or payment of Awards granted thereunder. In accordance with procedures that the Administrator establishes, the Administrator, to the extent applicable law permits, may allow a Participant to pay such amounts (i) by surrendering shares of Common Stock that the Participant has held for at least six months; (ii) by a cashless exercise through a broker; (iii) by delivery of the full recourse, interest-bearing promissory note of the Participant; (iv) by such other medium of payment as the Administrator, in its discretion, shall authorize or (v) by any combination of the aforementioned methods of payment. The Company shall comply with all such reporting and other requirements relating to the administration of this Plan and the grant, exercise, Vesting or payment of any Award hereunder as applicable law requires.

17.04. *Reservation of Shares.* The Company, during the term of this Plan, shall at all times reserve and keep available such number of shares of Common Stock as shall be sufficient to satisfy the requirements of the Plan. Additionally, the Company, during the term of this Plan, shall use its best efforts to seek to obtain from appropriate regulatory agencies any requisite authorizations needed in order to issue and to sell such number of shares of Common Stock as shall be sufficient to satisfy the requirements of the Plan. However, the inability of the Company to obtain from any such regulatory agency the requisite authorizations the Company's counsel deems to be necessary for the lawful issuance and sale of any shares of Common Stock hereunder, or the inability of the Company to confirm to its satisfaction that any issuance and sale of any shares of Common Stock hereunder will meet applicable legal requirements, shall relieve the Company of any liability in respect to the failure to issue or to sell such shares of Common Stock as to which such requisite authority shall not have been obtained.

17.05. *Governing Law.* This Plan and all Awards granted hereunder shall be governed by the laws of the State of Delaware, except to the extent federal law applies.

17.06. *Other Actions.* Nothing in the Plan shall be construed to limit the authority of the Company to exercise its corporate rights and powers, including, by way of illustration and not by way of limitation, the right to grant options, restricted stock, restricted stock units, stock appreciation rights or performance awards for proper corporate purposes otherwise than under the Plan to any employee or to any other person, firm, corporation, association or other entity, or to grant options, restricted stock, restricted stock units, stock appreciation rights or performance awards to, or assume such awards of any person in connection with, the acquisition, purchase, lease, merger, consolidation, reorganization or otherwise, of all or any part of the business and assets of any person, firm, corporation, association or other entity.

ARTICLE XVIII

AMENDMENT

The Board may amend this Plan from time to time or terminate the Plan; provided, however, that no amendment may become effective until shareholder approval is obtained if (i) the amendment increases the aggregate number of shares of Common Stock that may be issued pursuant to Awards under the Plan; (ii) the amendment changes the class of individuals eligible to receive Awards or (iii) the amendment changes the performance objectives to which the exercisability, Vesting or payment of Awards granted to Named Executive Officers may be subject. No amendment shall, without a Participant's consent, adversely affect any rights of such Participant under any outstanding Award at the time such amendment is made. No amendment shall, without the consent of a participant in the Deferred Compensation Program, adversely affect any rights of such participant under the Deferred Compensation Program as in effect at that time. Notwithstanding the foregoing, the Plan may not be terminated so long as the Deferred Compensation Program remains in effect unless all Deferred Stock Benefits

payable with shares of Common Stock under this Plan have been paid or distributed in full or the Deferred Compensation Program is terminated in accordance with its terms on or before such time.

ARTICLE XIX
DURATION OF PLAN

No Award may be granted under this Plan 10 years after the Board originally adopted the Plan before its amendment and restatement. Awards granted before that date shall remain valid in accordance with their terms.

ARTICLE XX
EFFECTIVE DATE OF PLAN

The Plan, as amended and restated, became effective on January 23, 2003, the date the Board approved it, except that (i) no Restricted Stock, Restricted Stock Units, SARs or Performance Awards shall be granted hereunder; (ii) no shares of Common Stock shall be issued for Deferred Stock Benefits; and (iii) the individual award limit per calendar year shall remain at 750,000 shares of Common Stock, unless the Company's stockholders at the 2003 Annual Meeting of Stockholders or any adjournment thereof or at a Special Meeting of the Stockholders approve the Plan, as amended herein. Notwithstanding the foregoing, Options granted before January 23, 2003 shall continue to be governed by the terms of the Plan as in effect prior to its amendment and restatement and will not be eligible to be converted into Deferred Stock Benefits.

ARTICLE XXI
RULES OF CONSTRUCTION

Headings are given to the articles and sections of this Plan solely as a convenience to facilitate reference. The reference to any statute, regulation, or other provision of law shall be construed to refer to any amendment to or successor of such provision of law.

The Board shall have the complete authority to grant Restricted Stock and Restricted Stock Units on such terms (not inconsistent with the provisions of this Plan) as the Board may consider appropriate. Such terms may include conditions (in addition to those contained in this Plan) on the time or times when such Restricted Stock or Restricted Stock Units shall become Vested or payable. The Board also shall have complete authority to prescribe the time or times when Options granted under the Plan shall become exercisable. Notwithstanding the foregoing, however, to the extent the Board is exercising its discretion regarding the grant of Restricted Stock or Restricted Stock Units or the exercisability of Options, the Board shall act without the Non-Employee Director to whom the Award relates.

With respect to that aggregate amount, a total of 300,000 Shares (subject to adjustment in accordance with Section 9 below) may be issued in connection with Restricted Stock and Restricted Stock Units granted under the Plan or the settlement of Deferred Stock Benefits. The Shares so issued may be either authorized but unissued Shares of the Company or Shares that have been or may be reacquired by the Company, including treasury shares. Any Shares subject to issuance upon grant, exercise, vesting or payment of an Award but that are not issued because of a surrender, lapse, expiration, forfeiture or termination of such Award, shall once again be reserved and available for issuance under the Plan. Any Shares the receipt of which is deferred in accordance with the rules the Board prescribes and any other Shares represented by Deferred Stock Benefits will continue to count against the aggregate number of Shares available under the Plan unless such Shares will not be issued because of a surrender, lapse, expiration, foreclosure or termination of the rights therein or in the Deferred Stock Benefits; provided, however, that Shares shall be counted toward the foregoing limits only once (so that in case of Shares subject to Awards that are cancelled in connection with Deferred Stock Benefits, such Shares shall only be counted once). If a Deferred Stock Benefit is forfeited, in whole or in part, the number of Shares allocated to such Deferred Stock Benefit or the portion thereof may be reallocated to other Awards to be granted under the Plan or to the settlement of any other Deferred Stock Benefits. However, Shares issued in settlement of or representing Deferred Stock Benefits that constitute earnings on deferred Shares shall be counted separately towards the foregoing limits.

6. TERMS AND CONDITIONS OF OPTIONS

6.1 *Grants*

(a) All grants of Options under the Plan shall be automatic and non-discretionary (except with respect to the vesting provisions of such Options), and subject to the terms and conditions provided in this Plan. All Options granted under the Plan shall be Non-Qualified Stock Options and shall be evidenced by an Agreement in such form and containing such terms and conditions (not inconsistent with this Plan) as the Board determines.

(b) Subject to the provisions of the Plan, each Non-Employee Director who is elected or appointed to the Board after March 8, 2000 shall be granted an Option to purchase 35,000 Shares (or such lower number as the Board shall determine) on the date such director takes office.

(c) Subject to the provisions of the Plan, each Non-Employee Director serving as a Non-Employee Director at such time shall, as of the first business day of each fiscal year of the Company beginning after March 8, 2000, be granted an Option to purchase an additional 15,000 Shares (or such lower number as the Board shall determine). If at any time there are not sufficient Shares reserved under the Plan for grants of such Options, the Options to be granted each Non-Employee Director under the Plan at such time shall be proportionately adjusted.

(d) The purchase price of each Share that may be purchased upon exercise of an Option shall be the Fair Market Value of the Share on the date the Option is granted.

4

(e) Except as set forth in Sections 6.2(b) or 6.6, Options shall become exercisable with respect to one-third of the Shares subject to the Option (or such lesser percentage as the Board shall determine) on each annual anniversary of the date of grant, provided the Non-Employee Director is still serving as a Non-Employee Director at such time, until the Option becomes exercisable with respect to all the Shares subject to the Option, provided the Option does not expire by its terms before such time. Options may be exercised, once vested, only within 10 years of the date of grant.

6.2 *Termination of Directorship*

(a) The Option of any Participant whose status as a director of the Company shall terminate because of death or Disability may be exercised, to the extent exercisable on the date of death or Disability, at any time within one year after the date of such termination or prior to the date on which the Option expires by its terms, whichever is earlier. Any such exercise shall be made (i) in the case of the death of the Participant, by the executor or administrator of the estate of the deceased Participant or the person or persons to whom the deceased Participant's rights under the Option shall pass by will or by the laws of descent and distribution, and (ii) in the case of the Disability of the Participant, by the Participant or by the Participant's guardian or legal representative.

(b) The Board in its discretion may declare that an Option of a Participant whose status as a director terminates because of removal from the Board on or within one year after a Change in Control shall become fully exercisable with respect to all Shares covered thereby and not previously purchased upon exercise of the Option, and shall remain fully exercisable until three months after the date of such termination or prior to the date the Option expires by its terms, whichever is earlier. If the Board does not make any such declaration before the Participant's status as a director terminates because of removal from the Board on or within one year after a Change in Control, then the Option of any Participant whose status as a director so terminates may be exercised, to the extent exercisable on the date of such termination, within three months after the date of termination or prior to the date on which the Option expires by its terms, whichever is earlier.

(c) The Option of any Participant whose status as a director shall terminate for any reason other than as specified in Sections 6.2(a) and 6.2(b) may be exercised, to the extent exercisable on the date of such termination, within three months after the date of such termination or prior to the date on which the Option expires by its terms, whichever is earlier.

6.3 *Nontransferability*

Each Option granted under the Plan shall be nontransferable except by will or by the laws of descent and distribution, and shall be exercised during the lifetime of the Participant only by the Participant or by the Participant's guardian or legal representative. Notwithstanding the preceding sentence, a Participant, at any time prior to his death, may assign all or any portion of an Option granted to him to (i) his spouse or lineal descendants; (ii) the trustee of a trust established for the primary benefit of his spouse or lineal descendants or (iii) a partnership of which his spouse and lineal descendants are the only partners. In such event, the spouse, lineal descendants, trust, or partnership will be entitled to all the rights of the Participant with respect to the assigned portion of such Option (except that such transferee may not transfer the Option other than by will or by the laws of descent and distribution), and such portion of the Option will continue to be subject to all of the terms, conditions and restrictions applicable to the Option as set forth herein immediately prior to the effective date of the assignment. Any such assignment will be permitted only if (i) the Participant does not receive any consideration therefor and (ii) the assignment is expressly approved by the Board. Any such assignment shall be evidenced by an appropriate written document executed by the Participant and a copy thereof shall be delivered to the Board on or prior to the effective date of the assignment.

6.4 *Terms of Options*

Options shall expire 10 years from the date of the granting thereof, but shall be subject to earlier termination as provided in Section 6.2. Each Agreement evidencing the grant of Options under the Plan shall comply with and shall be subject to the terms and conditions of the Plan and shall constitute evidence, by the Non-Employee Director's signature thereon, that it is the intent of the Non-Employee Director to continue to serve as a director of the Company for the remainder of his term during which the Option was granted. It shall be a condition to the exercise of an Option that the Participant represent to the Company at the time of exercise that the Shares are being acquired for investment and not with a view to the distribution thereof and that the Participant agrees that the Shares will not be disposed of except pursuant to an effective registration statement, unless the Company shall receive an opinion of counsel that such disposition is exempt from registration under the applicable securities laws. The Company may include on certificates representing Shares issued pursuant to any Option such legends referring to the foregoing representations or restrictions or any other applicable restrictions as the Company, in its discretion, shall deem appropriate.

6.5 *Exercise of Options*

A Participant may exercise an Option by delivery of a written notice, specifying the number of Shares with respect to which the Option is being exercised, accompanied by payment in full of the purchase price of any Shares to be purchased (in the form of a cashier's or certified check). The Option shall not be deemed exercised and no Shares shall be issued upon exercise of an Option until full payment has been made therefor. Notwithstanding the foregoing sentences, the Board, in its discretion and to the extent applicable law permits, may allow a Participant to pay the purchase price of the Shares to be purchased (i) in Shares that the Participant has owned for at least six months prior to the date of exercise valued at their Fair Market Value on the day preceding the date of exercise equal to the exercise price of the Option; (ii) in a cashless exercise through a broker; or (iii) by any combination of the aforementioned methods of payment. Shares issued upon exercise of an Option shall be issued only in the name of the Participant. All notices shall be delivered to the Secretary of the Company and shall become effective when received.

6.6 *Change in Control*

Outstanding Options previously granted under the Plan shall be exercisable in whole or in part, with respect to the additional number of Shares to which the Option is not at that time exercisable as if the Participant had remained on the Board for an additional 18 months from the date of the Change in Control (it being deemed that the Non-Employee Director had an additional 18 months on the Board for purposes of determining the extent of the exercisability of such outstanding Options), on the earlier of (i) immediately before the consummation of the

Change in Control or (ii) immediately before the Board takes any of the actions described in the next sentence provided in either event the Non-Employee Director to whom the Option was granted is still serving as a Non-Employee Director at such time, and such Options shall remain exercisable to such extent thereafter in accordance with the terms of such Options, notwithstanding any provisions in the Options to the contrary regarding exercisability. Notwithstanding any provision of any Agreement to the contrary, in the event of or in anticipation of a Change in Control, the Board in its discretion (i) may declare that some or all outstanding Options previously granted under the Plan shall terminate as of a date on or before the Change in Control without any payment to the holder of the Options, provided the Board gives prior written notice to the holders of the Options and gives them the right to exercise their outstanding Options before such date to the extent they are exercisable and/or (ii) may terminate some or all outstanding Options on the consummation of the Change in Control in consideration of payment to the holder of each such Option, with respect to each Share to which the Option is then exercisable, of the excess of the Fair Market Value on such date of the Shares subject to the Option over the Option price. The Board may take such actions with respect to some or all outstanding Options or on an

Option-by-Option basis, which actions need not be uniform for all outstanding Options. Such payment in (ii) above may be made in any manner the Board determines, including in cash, Voting Stock or other property. However, such Options shall not be terminated to the extent that written provision is made for their continuance, assumption or substitution by a successor employer or its parent or subsidiary in connection with the Change in Control.

7. TERMS AND CONDITIONS OF RESTRICTED STOCK AND RESTRICTED STOCK UNITS

7.1 Grants

(a) In accordance with the provisions of Section 4, the Board, in its sole discretion, will designate each Non-Employee Director to whom Restricted Stock is to be granted or sold or to whom Restricted Stock Units are to be granted and will specify the number of Shares such Award covers and the purchase price, if any, the Participant must pay for any Award. All Restricted Stock and Restricted Stock Units granted under the Plan shall be evidenced by an Agreement in such form and containing such terms and conditions (not inconsistent with this Plan) as the Board in its sole discretion determines.

(b) Restricted Stock and Restricted Stock Units granted pursuant to the Plan shall be subject to such additional terms and conditions as are set forth in the Agreement evidencing such Restricted Stock or Restricted Stock Units.

(c) Unless the applicable Agreement provides otherwise, if a Participant must pay for an award of Restricted Stock, payment for the Award shall be made in cash or cash equivalent acceptable to the Board. If the Agreement so provides, the Board in its discretion and to the extent applicable law permits may allow a Participant to pay all or part of the purchase price (i) by surrendering Shares to the Company that a Participant has held for at least six months; (ii) by delivery of the full recourse, interest-bearing promissory note of a Participant, bearing interest at such rate as would avoid interest being imputed under the Code; (iii) by such other medium of payment as the Board in its discretion shall authorize or (iv) by any combination of the aforementioned methods of payment. If Shares are used to pay all or part of the purchase price, the sum of the cash and cash equivalent and other payments and the Fair Market Value (determined as of the day preceding the date of purchase) of the Shares surrendered must not be less than the purchase price of the Restricted Stock.

(d) Except as set forth in Sections 7.2 or 7.6, shares of Restricted Stock shall become Vested and Restricted Stock Units shall become payable at such time or times as the Board determines and sets forth in the applicable Agreement. Restricted Stock and Restricted Stock Units will become Vested or payable, as applicable, if at all, within 10 years of the date of grant. The Company shall pay each Participant one Share for each Restricted Stock Unit that becomes payable and shall deliver to the Participant certificates representing the Shares that have been paid. All Shares issued upon the grant, vesting or payment of Restricted Stock or Restricted Stock Units shall be issued only in the name of the Participant.

7.2 Termination of Directorship

Outstanding Restricted Stock or Restricted Stock Units granted to a Participant under the Plan may become Vested or payable, as applicable, upon the termination of such Participant's service as a director of the Company to the extent set forth in the applicable Agreement.

7.3 Nontransferability

Restricted Stock and Restricted Stock Units granted under the Plan shall be nontransferable except by will or by the laws of descent and distribution; provided, however that Restricted Stock will be nontransferable only until it has become Vested. No Restricted Stock or Restricted Stock Units or

any right or interest of a Participant in any Restricted Stock or Restricted Stock Units shall be liable for, or subject to, any liability, lien or obligation of such Participant.

7.4 Terms of Restricted Stock and Restricted Stock Units

Restricted Stock and Restricted Stock Units shall expire 10 years from the date of the granting thereof, whether or not then Vested or payable, but shall be subject to earlier termination as provided in the applicable Agreement. Each Agreement evidencing the grant of Restricted Stock or Restricted Stock Units shall comply with and be subject to the terms and conditions of the Plan and shall constitute evidence, by the Non-Employee Director's signature thereon, that it is the intent of the Non-Employee Director to continue to serve as a director of the Company for the remainder of his or her term during which the Restricted Stock or Restricted Stock Units were granted. It shall be a condition to the grant of Restricted Stock or Restricted Stock Units that a Participant represent to the Company at the time of grant that the Shares issuable pursuant to the grant, vesting or payment of Restricted Stock or Restricted Stock Units, as applicable, are being acquired for investment and not with a view to the distribution thereof and that a Participant agrees that the Shares will not be disposed of except pursuant to an effective registration statement, unless the Company shall receive an opinion of counsel that such disposition is exempt from registration under the applicable securities laws. The Company may include on certificates representing Shares issued pursuant to any Restricted Stock or Restricted Stock Units such legends referring to the foregoing representations or restrictions or any other applicable restrictions as the Company, in its discretion, shall deem appropriate.

7.5 Shareholder Rights

Before shares of Restricted Stock become Vested, a Participant will have all rights of a shareholder in the shares of Restricted Stock as provided under the Certificate of Incorporation of the Company and applicable law, including without limitation the right to vote the shares and receive dividends and distributions thereon; provided, however, that during such period a Participant (i) may not sell, transfer, exchange, pledge, hypothecate or otherwise dispose of any shares of Restricted Stock, (ii) the Company shall retain custody of the certificates evidencing the shares of Restricted Stock until they become Vested and (iii) a Participant will deliver to the Company a stock power, endorsed in blank, with respect to each share of Restricted Stock. No Participant shall have any rights as a shareholder with respect to any Restricted Stock Units until payment of such Restricted Stock Units and the issuance to a Participant of the certificates representing the Shares that have been paid.

7.6 Change in Control

Outstanding Restricted Stock and Restricted Stock Units previously granted under the Plan that are not then Vested or payable shall become Vested or payable, immediately before the consummation of a Change in Control, provided the Non-Employee Director is still serving as a Non-Employee Director at such time.

8. LISTING AND REGISTRATION OF SHARES; CONTRACTS

Each Award shall be subject to the requirement that, if at any time the Board shall determine, in its discretion, that the listing, registration or qualification of the Plan or of the Shares covered thereby upon any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such Award

or the issuance, purchase, vesting or payment of Shares thereunder, such Award may not be granted or exercised or become Vested or payable in whole or in part unless and until such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Board. Each Award shall also be subject to the condition that the Company shall not be obligated to make a grant or to issue or transfer its Shares to a Participant or allow such Shares to become Vested or payable pursuant to the Award, if the Board

determines that such grant, issuance, transfer or payment would violate any covenant in any loan agreement or other contract to which the Company is a party or would violate any prohibition on such acts during any applicable blackout period or otherwise or would violate any applicable law. Any postponement of the grant of an Award or the issuance or payment of Shares hereunder in accordance with this Section 8 shall not extend the term of the Award and neither the Company nor its directors and officers, nor the Board, shall have any obligation or liability to any Participant or to any other person with respect to Shares as to which the Award shall lapse because of such postponement. The Company may include on certificates representing Shares issued pursuant to an Award such legends referring to the foregoing representations or restrictions or any other applicable restrictions on resale as the Company, in its discretion, shall deem appropriate.

9. ADJUSTMENT FOR CHANGES IN CAPITALIZATION

Any increase in the number of outstanding Shares of the Company occurring through stock splits or stock dividends after the adoption of the Plan shall be reflected proportionately in an increase in the aggregate number of Shares then available for the grant of Awards under the Plan or Deferred Stock Benefits, or becoming available through the termination, surrender or lapse of Awards previously granted but unexercised or Deferred Stock Benefits, and in the number of Shares subject to Awards or Deferred Stock Benefits then outstanding. Any fractional shares resulting from such adjustments shall be eliminated. If changes in capitalization other than those considered above shall occur, the Board shall make such adjustment in the number and class of Shares as to which Awards may thereafter be granted or Deferred Stock Benefits, and in the number and class of Shares remaining subject to Awards or Deferred Stock Benefits then outstanding, as the Board in its discretion may consider appropriate, and all such adjustments shall be conclusive upon all persons.

10. TAXES

Each Participant shall be responsible for satisfying any income and tax withholding obligations attributable to participation in the Plan and the grant, exercise, vesting or payment of any Awards. The Board, to the extent applicable law permits, may allow a Participant to satisfy any such amounts (i) in Shares that the Participant has owned for at least six months prior to the date of grant, exercise, vesting or payment, as applicable, valued at their Fair Market Value on the day preceding such date; (ii) in a cashless exercise through a broker or (iii) by any combination of the aforementioned methods of payment.

11. LIMITATION OF RIGHTS

11.1 Neither the Plan, nor the granting of an Award nor any other action taken pursuant to the Plan, shall constitute or be evidence of any agreement or understanding, express or implied, that the Company will retain a director for any period of time, or at any particular rate of compensation.

11.2 Except as provided in Section 7.5, a Participant shall have no rights as a stockholder with respect to the Shares covered by Awards until the date of the issuance of a stock certificate upon exercise or payment of the Award, and except as provided in Section 7.5 or in any applicable Restricted Stock Unit Agreement, no provision will be made for dividends or other rights for which the record date is prior to the date such stock certificate is issued.

12. OTHER ACTIONS

Nothing in the Plan shall be construed to limit the authority of the Company to exercise its corporate rights and powers, including, by way of illustration and not by way of limitation, the right to grant Awards for proper corporate purposes otherwise than under the Plan to any employee or any other person, firm, corporation, association or other entity, or to grant Awards to, or assume Awards

of, any person in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of all or any part of the business and assets of any person, firm, corporation, association or other entity.

13. DEFERRAL OF SHARES

In accordance with rules the Board prescribes, a Participant who is eligible for the Deferred Compensation Program may elect to defer the receipt of Shares issuable to the Participant pursuant to any Award. The Board in its discretion may prescribe the types of Awards that are subject to the Deferred Compensation Program, the Participants eligible to participate in the Deferred Compensation Program and all administrative rules related thereto with respect to Awards.

14. EFFECTIVE DATE OF THE PLAN

The Plan was originally effective as of March 8, 2000. The Plan, as amended and restated, became effective on January 23, 2003, the date the Board approved it, except that (i) no additional Shares shall be reserved for issuance hereunder and (ii) no Restricted Stock or Restricted Stock Units shall be granted hereunder and no Shares shall be issued for Deferred Stock Benefits unless the Company's stockholders at the 2003 Annual Meeting of Stockholders or any adjournment thereof or at a Special Meeting of the Stockholders approve the Plan, as amended herein. Notwithstanding the foregoing, Options granted before January 23, 2003 shall continue to be governed by the terms of the Plan as in effect prior to its amendment and restatement and will not be eligible to be converted into Deferred Stock Benefits. Unless earlier terminated by the Board, the Plan shall terminate on March 8, 2010. No Award shall be granted under the Plan after such date.

15. TERMINATION AND AMENDMENT OF THE PLAN

The Board, without further action on the part of the Company's stockholders, may at any time terminate, suspend or modify the Plan to the extent permitted by law, regulation or stock exchange requirements. The Plan will automatically terminate on and after the time there are no longer any Shares available for issuance pursuant to Awards or Deferred Stock Benefits under the Plan. No termination or amendment of the Plan, or amendment of any Award, shall adversely affect any right acquired by any Participant under an Award granted before the date of such termination or amendment, unless such Participant shall consent; but it shall be conclusively presumed that any adjustment for changes in capitalization as provided in Section 9 above does not adversely affect any such right. No amendment shall, without the consent of the participating director in the Deferred Compensation Program, adversely affect any rights of such director under the Deferred Compensation Program as in effect at that time. Notwithstanding the foregoing, the Plan may not be terminated so long as the Deferred Compensation Program remains in effect unless all Deferred Stock Benefits payable with Shares under this Plan have been paid or distributed in full unless the Deferred Compensation Program is terminated in accordance with its terms on or before such time.

16. GOVERNING LAW

The Plan shall be construed and administered under the laws of the State of Delaware.
