LUMINA REPORTS FIRST AND SECOND QUARTER 2004 HIGHLIGHTS

Vancouver, British Columbia - Lumina Copper Corp. reports on its activities and financial results for the quarters ended March 31, 2004 ("first quarter") and June 30, 2004 ("second quarter").

FIRST QUARTER

- Lumina initiated a drill program on its Regalito Property, Chile.
- An agreement to acquire a 100% interest in the Relincho Property, Chile was closed in January, 2004.
- In January, Lumina completed a private placement and issued 2,030,200 units for net proceeds of \$8,152,153.
- In March, 2004 Lumina acquired the leasehold interest in the Molino mining concession, which is located adjacent to Lumina's Galeno Property in Peru.
- As at March 31, 2004, Lumina had cash and cash equivalents of \$9,659,006 and working capital of \$9,595,764. Total assets were \$17,401,889. The Company has no long-term debt.
- Net loss for the three-month period was \$253,448.

SECOND QUARTER

- Second quarter activity focused on the drill program at Regalito, with approximately half of the planned 23,500-meter program completed to date. A metallurgical testing program is underway. A preliminary economic evaluation has been completed which will be further refined as new drill results are received.
- On July 14, 2004 Lumina's shares were approved for listing on the Toronto Stock Exchange.
- Lumina's shares began trading on the American Stock Exchange on May 10, 2004.

1CAUTION REGARDING FORWARD LOOKING STATEMENTS:

Safe Harbor Statement under the United States Private Securities Litigation Reform Act of 1995: Except for the statements of historical fact contained herein, the information presented constitutes "forward-looking statements" within the meaning of the Private Securities Act of 1995. Such forward-looking statements, including but not limited to those with respect to the price of copper, gold and molybdenum, the timing and amount of future production, costs of production, reserve and resource determination and reserve conversion rates, involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievement of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, risks relating to the integration of acquisitions, risk relating to international operations, risks relating to joint-venture operations, the actual results of current exploration activities, conclusions of economic evaluations, changes in project and exploration parameters as plans continue to be refined, future prices of copper, gold and molybdenum, as well as those factors discussed in the section entitled "Risk Factors" in the Form 20-F as on file with the Securities and Exchange Commission in Washington, D.C. Although the Company has attempted to identify important factors that could cause actual results to differ materially, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.

CAUTIONARY NOTE TO U.S. INVESTORS CONCERNING ESTIMATES OF MEASURED, INDICATED AND INFERRED RESOURCES:

This presentation uses the terms "Measured", "Indicated" and "Inferred" Resources. U.S. Investors are advised that while such terms are recognized and required by Canadian regulations, the Securities and Exchange Commission does not recognize them. "Inferred Resources" have a great amount of uncertainty as to their existence, and great uncertainty as to their economic and legal feasibility. It cannot be assumed that all or any part of an Inferred Resource will ever be upgraded to a higher category. Under Canadian rules, estimates of Inferred Resources may not form the basis of feasibility or other economic studies. U.S. Investors are cautioned not to assume that all or any part of Measured or Indicated Resources will ever be converted into reserves. U.S. Investors are also cautioned not to assume that all or any part of an Inferred Resource exists, or is economically or legally mineable. U.S. Investors are urged to consider closely the disclosure in our Form 20-F, File No. 0-50311, which may be secured from us, or from the SEC's website at <http://www.sec.gov/edgar.shtml>.
