U.K. MiFIR PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPs ONLY TARGET MARKET

– Solely for the purposes of the manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (“**COBS**”), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**U.K. MiFIR**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer’s target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**U.K. MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer’s target market assessment) and determining appropriate distribution channels.

ADB does not fall under the scope of application of Directive 2014/65/EU (as amended, “**MiFID II**”) or U.K. MiFIR. Consequently, ADB does not qualify as an “investment firm”, “manufacturer” or “distributor” for the purposes of either MiFID II or U.K. MiFIR.

B. Compounded SOFR Fallback Provisions

SOFR Index Unavailable:

If a SOFR IndexStart or SOFR IndexEnd is not published on the associated Interest Determination Date and a Benchmark Transition Event and its related Benchmark Replacement Date have not occurred with respect to SOFR Index or SOFR, then “Compounded SOFR” means, for the applicable Interest Period for which such index is not available, the rate of return on a daily compounded interest investment calculated by the Calculation Agent in accordance with the formula for SOFR Averages, and definitions required for such formula, published on the SOFR Administrator’s Website at <https://www.newyorkfed.org/markets/treasury-repo-reference-rates-information>. For the purposes of this provision, references in the SOFR Averages compounding formula and related definitions to “calculation period” shall be replaced with “Observation Period” and the words “that is, 30-, 90-, or 180- calendar days” shall be removed. If the daily SOFR (“**SOFR_i**”) does not so appear for any day, “i” in the Observation Period, SOFR_i for such day “i” shall be the SOFR published in respect of the first preceding U.S. Government Securities Business Day for which SOFR was published on the SOFR Administrator's Website.

Effect of a Benchmark Transition Event:

If ADB determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates.

In connection with the implementation of a Benchmark Replacement, ADB will have the right to make Benchmark Replacement Conforming Changes from time to time.

Any determination, decision or election that may be made by ADB pursuant to this section, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection:

- (1) will be conclusive and binding absent manifest error;
- (2) will be made in the sole discretion of ADB; and
- (3) notwithstanding anything to the contrary in the documentation relating to the Notes described herein, shall become effective without consent from the holders of the Notes or any other party.

“**Benchmark**” means, initially, SOFR Index; provided that if ADB determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR Index (or the published daily SOFR used in the calculation thereof) or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement.

“Benchmark Replacement” means the first alternative set forth in the order below that can be determined by ADB as of the Benchmark Replacement Date:

- (1) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (b) the Benchmark Replacement Adjustment;
- (2) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment; or
- (3) the sum of: (a) the alternate rate of interest that has been selected by ADB as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (b) the Benchmark Replacement Adjustment.

“Benchmark Replacement Adjustment” means the first alternative set forth in the order below that can be determined by ADB as of the Benchmark Replacement Date:

- (1) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, the ISDA Fallback Adjustment; or
- (3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by ADB giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark (or the daily published component used in the calculation thereof) with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time.

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors, and other administrative matters) that ADB decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if ADB decides that adoption of any portion of such market practice is not administratively feasible or if ADB determines that no market practice for use of the Benchmark Replacement exists, in such other manner as ADB determines is reasonably necessary).

“Benchmark Replacement Date” means the earliest to occur of the following events with respect to the then-current Benchmark (or the daily published component used in the calculation thereof):

- (1) in the case of clause (1) or (2) of the definition of “Benchmark Transition Event,” the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark (or such component); or

- (2) in the case of clause (3) of the definition of “Benchmark Transition Event,” the later of (a) the date of the public statement or publication of information referenced therein and (b) the first date on which such Benchmark (or such component) is no longer representative per such statement or publication.

For the avoidance of doubt, if the event that gives rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

“**Benchmark Transition Event**” means the occurrence of one or more of the following events with respect to the then-current Benchmark (or the daily published component used in the calculation thereof):

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing (A) that such Benchmark (or its component) is no longer, or as of a specified future date will no longer be, capable of being representative, or is non-representative, of the underlying market and economic reality that such Benchmark (or its component) is intended to measure as required by applicable law or regulation and as determined by the regulatory supervisor in accordance with applicable law or regulation and (B) that it is being made in the awareness that the statement or publication will engage contractual triggers for fallbacks activated by pre-cessation announcements by such supervisor (howsoever described) in contracts.

“ISDA Definitions” means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time.

“ISDA Fallback Adjustment” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark (or the daily published component used in the calculation thereof).

“ISDA Fallback Rate” means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark (or the daily published component used in the calculation thereof) for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

“Reference Time” with respect to any determination of the Benchmark (or the daily published component used in the calculation thereof) means (1) if the Benchmark is SOFR Index, the SOFR Index Determination Time, and (2) if the Benchmark is not SOFR Index, the time determined by ADB after giving effect to the Benchmark Replacement Conforming Changes.

“Relevant Governmental Body” means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto.

“Unadjusted Benchmark Replacement” means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

The Standard Provisions are incorporated herein by reference. In so purchasing the Notes, the Manager understands and agrees that it is not acting as an agent of ADB in the sale of the Notes.

When used herein and in the Standard Provisions as so incorporated, the term “Notes” refers to the Notes as defined herein. All other terms defined in the Prospectus, the Pricing Supplement relating to the Notes and the Standard Provisions shall have the same meanings when used herein.

ADB represents and warrants to, and agrees with, the Manager that the representations and warranties of ADB set forth in Section 2(a) of the Standard Provisions are true and correct as though made at and as of the date hereof and will be true and accurate as though made at and as of the Settlement Date.

The Manager warrants and covenants that this Terms Agreement has been duly authorized, executed and delivered by it, and that such execution and delivery does not, and the performance by it of its obligations hereunder will not, contravene any provision of applicable law or its articles of association or equivalent constitutive documents or any judgment, order or decree of any governmental body, regulatory agency or court having jurisdiction over it. The Manager warrants and covenants to ADB that the warranties of the Manager set forth in Section 2(b) of the Standard Provisions are true and correct as though made at and as of the date hereof and will be true and accurate as of the Settlement Date.

The obligation of the Manager to purchase Notes hereunder is subject to the continued accuracy, on each date from the date hereof to and including the Settlement Date, of ADB’s representations and warranties contained in the Standard Provisions and to ADB’s performance and observance of all applicable covenants and agreements contained herein and therein. The obligation of the Manager to purchase Notes hereunder is further subject to the additional conditions (if applicable) set forth in Section 6 of the Standard Provisions, including the receipt by the Manager of the documents referred to in Sections 6(c)(i), (iii) and (vi) of the Standard Provisions.

Solely for the purposes of the requirements of 3.2.7R of the FCA Handbook Product Intervention and Product Governance Sourcebook (the “U.K. MiFIR Product Governance Rules”) regarding the mutual responsibilities of manufacturers under the U.K. MiFIR Product Governance Rules:

(a) the Manager (the “U.K. Manufacturer”) understands the responsibilities conferred upon it under the U.K. MiFIR Product Governance Rules relating to each of the product approval process, the target market and the proposed distribution channels as applying to the Notes and the related information set out in the Pricing Supplement and any announcements in connection with the Notes; and

(b) ADB notes the application of the U.K. MiFIR Product Governance Rules and acknowledges the target market and distribution channels identified as applying to the Notes by the U.K. Manufacturer and the related information set out in the Pricing Supplement in connection with the Notes.

ADB certifies to the Manager that, as of the Settlement Date, (i) ADB has performed all of its obligations under the Standard Provisions and this Terms Agreement required to be performed or satisfied on or prior to the Settlement Date and (ii) the Prospectus, as supplemented by the Pricing Supplement, contains all material information relating to the assets and liabilities, financial position, and net income of ADB, and nothing has happened or is expected to happen that would require the Prospectus, as supplemented by the Pricing Supplement, to be further supplemented or updated.

The following additional terms shall apply to the issue and purchase of Notes:

1. ADB agrees that it will issue the Notes and the Manager agrees to purchase the Notes at the aggregate purchase price specified above, calculated as follows: the issue price of 102.127 per cent. of the principal amount of the Notes plus U.S.\$792,752.92 on account of 47 days' accrued interest on the Notes.

2. Payment for the Notes shall be made on the Settlement Date by the Manager to Citibank, N.A., London Branch as custodian for DTC, for transfer in immediately available funds to Federal Reserve Bank of New York, New York (SWIFT code: FRNYUS33) for the account of Asian Development Bank, Manila (SWIFT code: ASDBPHMM) ADB's Account A No. 021080245. 3. ADB hereby appoints the Manager as a Dealer under the Standard Provisions solely for the purpose of the issue of Notes to which this Terms Agreement pertains. The Manager shall be vested, solely with respect to this issue of Notes, with all authority, rights and powers of a Dealer purchasing Notes as principal set out in the Standard Provisions, a copy of which it acknowledges it has received, and this Terms Agreement. The Manager acknowledges having requested and received, or waived receipt of, a copy of the Prospectus and the Global Agency Agreement, duly executed by the parties thereto.

4. In consideration of ADB appointing the Manager as a Dealer solely with respect to this issue of Notes, the Manager hereby undertakes for the benefit of ADB that, in relation to this issue of Notes, it will perform and comply with all of the duties and obligations specified to be assumed by a Dealer under the Standard Provisions.

5. The Manager acknowledges that such appointment is limited to this particular issue of Notes and is not for any other issue of notes of ADB pursuant to the Standard Provisions and that such appointment will terminate upon this issue of Notes, but without prejudice to any rights (including, without limitation, any indemnification rights), duties or obligations of the Manager that have arisen prior to such termination.

6. The Manager represents, warrants and agrees that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the "FSMA")) received by it in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to ADB; and
