Limited Covenants in the Event of a Highly Leveraged Transaction. Other than the covenants of the Company included in the Indenture as described above and as described under "Description of Debt Securities--Merger and Sale of Assets", there are no covenants or provisions in the

5

Indenture that may afford Holders protection in the event of a highly leveraged transaction, leveraged buyout, reorganization, restructuring, merger or similar transaction involving the Company.

CERTAIN DEFINITIONS

Set forth below are certain significant terms which are defined in the Indenture:

"Consolidated Net Tangible Assets" means the total amount of assets (less depreciation and valuation reserves and other reserves and items deductible from gross book value of specific asset accounts) which under generally accepted accounting principles would be included on a balance sheet of the Company and its Restricted Subsidiaries, after deducting therefrom (a) all liability items except indebtedness for borrowed money maturing more than one year from the date of creation thereof, shareholder's equity and reserves for deferred income taxes, (b) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles, and (c) amounts invested in, or equity in the net assets of, Non-Restricted Subsidiaries.

"Restricted Subsidiaries" means all Subsidiaries other than Non-Restricted Subsidiaries. "Non-Restricted Subsidiaries" means (a) any Subsidiary so designated by the Board of Directors of the Company in accordance with the

Indenture, and (b) any other Subsidiary of which the majority of the voting stock is owned directly or indirectly by one or more Non-Restricted Subsidiaries, if such other Subsidiary is a corporation, or in which the Non-Restricted Subsidiary is a general partner, if such other Subsidiary is a limited partnership. Pursuant to specified conditions in the Indenture, the Company's Board of Directors may change the designations of Restricted Subsidiaries and Non-Restricted Subsidiaries.

"Subsidiary" means any corporation, partnership, or trust more than 50% of the Voting Stock of which is owned, directly or indirectly, by the Company or by one or more other Subsidiaries, or by the Company and one or more other Subsidiaries.

AMENDMENT, SUPPLEMENT AND WAIVER

The Indenture may be amended or supplemented with the consent of the Holders of not less than a majority in principal amount of the Debt Securities at the time outstanding of each series affected by such amendment or supplement, and any past default and its consequences may be waived with the consent of the Holders of a majority in principal amount of the Debt Securities at the time outstanding of each series affected by such default; provided that, without the consent of the Holders of all of the Debt Securities affected thereby, no such amendment, supplement or waiver may change the Stated Maturity of the principal of, or any installment of principal of or interest on, any Debt Security, or reduce the principal amount thereof or the rate of interest thereon or any premium payable upon the redemption thereof, or change the stated maturity of any Debt Security (or reduce the amount payable upon a declaration of acceleration of the Debt Security), or change the time for payment of any interest on any Debt Securities, or make any Debt Security payable in money other than that stated in the Debt Security, or reduce the aforesaid percentage of principal amount of Debt Securities whose Holders must consent to an amendment, supplement or waiver. Without the consent of any Holder of Debt Securities, the Company may amend or supplement the Indenture to, among other things, evidence succession of another corporation to the Company, to add covenants or additional Events of Default for the benefit of the Holders of all or any series of Debt Securities, to cure any ambiguity, correct any provision of the Indenture inconsistent with other provisions thereof or make any other provision which does not adversely affect the interests of the Holders of Debt Securities in any material respect, or to change or eliminate any provision of the Indenture if such change or elimination is effective only when there are no Debt Securities outstanding which were issued prior to such change or elimination and entitled to the benefit of such provision.

EVENTS OF DEFAULT

The Indenture defines an Event of Default as being any one of the following events: (a) default in the payment of any interest on the Debt Securities of that series when due, continued for 30 days; (b) default in the payment of the principal and premium, if any, on the Debt Securities of that series when due

either at maturity, upon redemption, by declaration or otherwise; (c) default in the deposit of any sinking fund payment when and as due; (d) default in the performance of any other of the Company's covenants in the Indenture (other than a covenant included in the Indenture solely for the benefit of a series of Debt Securities other than that series) continued for 60 days after written notice; (e) default under any mortgage, indenture (including the Indenture) or instrument under which is issued or which secures or evidences indebtedness for borrowed money of the Company or any Restricted Subsidiary which default constitutes a failure to pay principal of such indebtedness in an amount exceeding \$20,000,000 when due and payable (other than as a result of acceleration) or results in indebtedness for borrowed money in the aggregate of \$20,000,000 or more becoming or being declared due and payable before it would otherwise become due and payable, and such acceleration is not rescinded or annulled, or such indebtedness for borrowed money is not discharged, within 30 days after written notice; (f) certain events in bankruptcy, insolvency or reorganization; and (g) any other events of default provided with respect to the Offered Debt Securities. If an Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the Debt Securities of each series affected thereby may declare the Debt Securities of that series to be due and payable immediately, but under certain conditions such acceleration may be rescinded by the Holders of a majority in principal amount of the Debt Securities of each series affected thereby.

No Holder of any Debt Security of a series will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder, unless such Holder previously shall have given to the Trustee written notice of an Event of Default and unless also the holders of not less than 25% in principal amount of the outstanding Debt Securities of that series shall have made written request upon the Trustee, and have offered indemnity satisfactory to the Trustee to institute such proceeding as Trustee, and the Trustee for 60 days shall have failed to institute such proceeding. However, the right of any Holder of any Debt Security to institute suit for enforcement of any payment of principal of, and premium and interest on, such Debt Security on or after the due date expressed in such Debt Security, may not be impaired or affected without such Holder's consent.

The Holders of a majority in principal amount of Debt Securities of any series at the time outstanding may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to Debt Securities of that series. However, the Trustee may refuse to follow any such direction that conflicts with any rule of law or the Indenture. Before proceeding to exercise any right or power under the Indenture at the direction of such Holders, the Trustee shall be entitled to receive from such Holders reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in compliance with any such direction. The Trustee may withhold from Holders of Debt Securities notice of any continuing default (except a default in payment of principal, premium or interest) if it determines that withholding notice is in their interests.

The Company will be required to furnish to the Trustee within 120 days after the end of each fiscal year, a statement as to whether any default under the Indenture occurred during the fiscal year.

DEFEASANCE AND COVENANT DEFEASANCE

Unless otherwise indicated in the accompanying Prospectus Supplement, the Company may discharge (a "defeasance") its obligations with respect to the outstanding Debt Securities of such series (other than certain obligations to the Trustee and the Company's obligations with respect to

7

the registration, transfer and exchange of Debt Securities, mutilated, destroyed, lost and stolen Debt Securities, the maintenance of an office or agency in the Place of Payment and the treatment of funds held by Paying Agents), or may be released from the restrictions described under "Certain Covenants of the Company" above and any other provisions identified in the accompanying Prospectus Supplement ("covenant defeasance") if, among other things, (i) the Company has irrevocably deposited or caused to be deposited with the Trustee (or other satisfactory trustee), as trust funds for the payment of such Debt Securities, money, U.S. Government Obligations (as defined below) which through the scheduled payment of principal and interest will provide money, or a combination thereof, in an amount sufficient, without reinvestment, to pay and discharge at maturity or redemption the entire amount of principal of (and premium, if any) and interest on such Debt Securities; (ii) no Event of Default or event which with notice or lapse of time or both would become an Event of Default with respect to such Debt Securities shall have occurred or be continuing on the date of such deposit and, for certain purposes, at any time during the period ending on the 123rd day after the date of deposit, or any longer preference period; (iii) such defeasance or covenant defeasance shall not cause the Trustee to have a conflicting interest as referred to in the Indenture; and (iv) such defeasance or covenant defeasance will not result in a breach or violation of the Indenture or other material agreements or instruments of the Company or cause the Debt Securities, if listed on a national securities exchange, to be delisted.

In addition, in the case of defeasance, the Company is required to deliver to the Trustee an opinion of counsel stating that (i) the Company has received from, or there has been published by, the Internal Revenue Service a ruling, or (ii) since the date of the Indenture there has been a change in the applicable Federal income tax law, in either case to the effect that the Holders of the outstanding Debt Securities of the series to be defeased will not recognize income, gain or loss for Federal income tax purposes as a result of such defeasance and will be subject to Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred. In the case of a covenant defeasance, the Company is required to deliver to the Trustee an opinion of counsel to the effect that the Holders of the outstanding Debt Securities of the series for which covenant defeasance is proposed will not recognize income, gain or loss for Federal income tax purposes as a result of such covenant defeasance and will be subject to Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the covenant defeasance had not occurred.

"U.S. Government Obligations" is defined in the Indenture as securities that are (i) direct obligations of the United States of America for the payment of which its full faith and credit is pledged or (ii) obligations of a Person controlled or supervised by and acting as an agency or instrumentality of the United States of America the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America, which, in either case, are not callable or redeemable at the option of the issuer thereof, and shall also include a depository receipt issued by a bank (as defined in Section 3(a)(2) of the Securities Act) as custodian with respect to any such U.S. Government Obligation or a specific payment of principal of or interest on any such U.S. Government Obligation held by such custodian for the account of the holder of such depository receipt.

MERGER AND SALE OF ASSETS

The Company may consolidate with or merge into any other Person or convey, transfer or lease its properties and assets substantially as an entirety to any Person, and another Person may consolidate with and merge into the Company or convey, transfer or lease its properties and assets substantially as an entirety to the Company only if (i) the Person formed by such consolidation or surviving such merger or to which such assets or properties are conveyed, transferred or leased is a corporation, partnership or trust organized and validly existing under the laws of the United States,

8

any State or the District of Columbia and such Person expressly assumes the Company's obligations under the Indenture; (ii) immediately after giving effect to such transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, has happened and is continuing; and (iii) if property or assets of the Company have become subject to a mortgage, pledge, lien, security interest or other encumbrance not permitted by the Indenture, the Company and such Person have taken appropriate steps to secure any of the Debt Securities equally and ratably with the securities secured thereby.

Upon such consolidation, merger or conveyance, transfer or lease, the successor Person shall be substituted for the Company under the Indenture and, except in the case of such a lease, the Company shall be relieved of all obligations under the Indenture.

GLOBAL SECURITIES

The Debt Securities of a series may be issued in the form of one or more fully registered Global Securities that will be deposited with a depository (the "Depository"), or with a nominee for a Depository, identified in the Prospectus Supplement relating to such series. In such case, one or more Global Securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal amount of outstanding Debt Securities of the series to be represented by such Global Security or Securities. Unless and until it is exchanged in whole or in part for Debt Securities in definitive registered form, a Global Security may not be

transferred except as a whole by the Depositary for such Global Security to a nominee of such Depositary or by a nominee of such Depositary to such Depositary or another nominee of such Depositary or by such Depositary or any such nominee to a successor of such Depositary or a nominee of such successor.

The specific terms of the depositary arrangement with respect to any portion of a series of Debt Securities to be represented by a Global Security will be described in the Prospectus Supplement relating to such series. The Company anticipates that the following provisions will apply to all depositary arrangements.

Upon the issuance of a Global Security, the Depositary for such Global Security will credit, on its book-entry registration and transfer system, the respective principal amounts of the Debt Securities represented by such Global Security to the accounts of Persons that have accounts with such Depositary ("participants"). The accounts to be credited shall be designated by any underwriters or agents participating in the distribution of such Debt Securities. Ownership of beneficial interests in a Global Security will be limited to participants or Persons that may hold interests through participants. Ownership of beneficial interests in such Global Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the Depositary for such Global Security (with respect to interests of participants) or by participants or Persons that hold through participants (with respect to interests of Persons other than participants). So long as the Depositary for a Global Security, or its nominees, is the registered owner of such Global Security, such Depositary or such nominee, as the case may be, will be considered the sole owner or Holder of the Debt Securities represented by such Global Security for all purposes under the Indenture. Except as set forth below, owners of beneficial interests in a Global Security will not be entitled to have the Debt Securities represented by such Global Security registered in their names, will not receive or be entitled to receive physical delivery of such Debt Securities in definitive form and will not be considered the owners or Holders thereof under the Indenture.

Principal, premium, if any, and interest payments on Debt Securities represented by a Global Security registered in the name of a Depositary or its nominee will be made to such Depositary or its nominee, as the case may be, as the registered owner of such Global Security. None of the

Company, the Trustee or any paying agent for such Debt Securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in such Global Security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

The Company expects that the Depositary for any Debt Securities represented by a Global Security, upon receipt of any payment of principal, premium or interest, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the

principal amount of such Global Security as shown on the records of such Depository. The Company also expects that payments by participants to owners of beneficial interest in such Global Security held through such participants will be governed by standing instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in "street names" and will be the responsibility of such participants.

If the Depository for any Debt Securities represented by a Global Security is at any time unwilling or unable to continue as Depository and a successor Depository is not appointed by the Company within 90 days, the Company will issue such Debt Securities in definitive form in exchange for such Global Security. In addition, the Company may at any time and in its sole discretion determine not to have any of the Debt Securities of a series represented by one or more Global Securities and, in such event, will issue Debt Securities of such series in definitive form in exchange for all of the Global Security or Securities representing such Debt Securities.

The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such laws may impair the ability to transfer beneficial interests in Debt Securities represented by Global Securities.

THE TRUSTEE

The Trustee has been and from time to time is an unsecured lender to the Company. The Company may maintain deposit accounts and conduct other banking transactions with the Trustee in the ordinary course of business.

PLAN OF DISTRIBUTION

The Company may sell the Debt Securities in any of three ways: (i) through underwriters or dealers; (ii) directly to purchasers or to a single purchaser; or (iii) through agents. The accompanying Prospectus Supplement with respect to the Offered Debt Securities sets forth the terms of the offering of the Offered Debt Securities, including the name or names of any underwriters or agents, the purchase price of the Offered Debt Securities and the proceeds to the Company from such sale, any underwriting discounts, agents' commissions and other items constituting underwriters' compensation, any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers and any securities exchanges on which the Offered Debt Securities may be listed.

If underwriters are used in the sale, the Debt Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The Debt Securities may be offered to the public through underwriting syndicates which may be represented by managing underwriters. Such firms may from time to time purchase and sell Debt Securities in the secondary market, but they are not obligated to do so. No assurance can be given that there will be a secondary market for the Debt Securities. Unless otherwise set forth in the accompanying Prospectus Supplement, the obligations of the underwriters to purchase the Offered Debt Securities will be subject to certain conditions

precedent and the underwriters will be

obligated to purchase all the Offered Debt Securities if any are purchased. Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

Offered Debt Securities may be sold directly by the Company or through agents designated by the Company from time to time. Any agent involved in the offer or sale of the Offered Debt Securities in respect of which this Prospectus is delivered will be named, and any commissions payable by the Company to such agent will be set forth, in the accompanying Prospectus Supplement. Unless otherwise indicated in the accompanying Prospectus Supplement, any such agent will be acting on a best efforts basis for the period of its appointment. Any such agent may be deemed to be an underwriter as that term is defined in the Securities Act.

If so indicated in the accompanying Prospectus Supplement, the Company will authorize agents, underwriters or dealers to solicit offers by certain specified institutions to purchase Offered Debt Securities from the Company at the public offering price set forth in the accompanying Prospectus Supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such contracts will be subject only to those conditions set forth in the accompanying Prospectus Supplement and the accompanying Prospectus Supplement will set forth the commission payable for solicitation of such contracts.

Agents and underwriters may be entitled under agreements to be entered into with the Company to indemnification by the Company against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the agents or underwriters may be required to make in respect thereof. Agents and underwriters may be customers of, engage in transactions with, or perform services for the Company in the ordinary course of business.
