PROSPECTUS SUMMARY

This summary highlights information set forth in greater detail elsewhere in this prospectus. It may not contain all the information that may be important to you. You should read the following summary together with the more detailed information regarding us and our common stock being offered pursuant to this prospectus, including the information incorporated by reference into this prospectus. Unless the context requires otherwise, references to the “Company,” “Fibrocell,” “we,” “our,” and “us,” refer to Fibrocell Science, Inc. and its subsidiaries.

Our Company

We are a cellular aesthetic and therapeutic development stage biotechnology company focused on developing novel skin and tissue rejuvenation products. Our approved and clinical development product candidates are designed to improve the appearance of skin injured by the effects of aging, sun exposure, acne and burn scars with a patient’s own, or autologous, fibroblast cells produced by our proprietary Fibrocell process.

We use our proprietary process to harvest autologous fibroblasts from a small skin punch biopsy from behind the ear with the use of a local anesthetic. We chose this location both because of limited exposure to the sun and to avoid creating a visible scar. The biopsy is then packed in a vial in a special shipping container and shipped to our laboratory where the fibroblast cells are released from the biopsy and initiated into our cell culture process where the cells proliferate until they reach the required cell count. The fibroblasts are then harvested, cryopreserved, tested by quality control and released by quality assurance prior to preparation of drug product. After wash and preparation of cells to formulate the drug product, additional quality testing is performed prior to release and distribution to the medical clinic. The number of cells and the frequency of injections may vary and will depend on the indication or application being studied.

Our lead product, LAVIV (United States adopted name, or USAN, is azficel-T), we believe is the first and only personalized aesthetic cell therapy approved by the Food and Drug Administration (“FDA”) for the improvement of the appearance of moderate to severe nasolabial fold wrinkles in adults. LAVIV offers patients their own living fibroblast cells in a personalized therapy designed to improve the appearance of wrinkles. Our clinical development programs encompass both aesthetic and therapeutic indications.

We believe that because LAVIV and our product candidates are autologous, the risk of an immunological or allergic response is low. With regard to the therapeutic markets, we believe that our product candidates may address an insufficiently met medical need for the treatment of each of restrictive burn scars, acne scars and vocal scarring. There are also numerous other potential areas of interest for our technology in the body. Certain of our product candidates are still in clinical development and, as such, benefits we expect to see associated with our product candidates may not be validated in our clinical trials. In addition, disadvantages of our product candidates may become known in the future.

Securities Being Offered

3,067,992 additional shares of common stock underlying the warrants issued in connection with our Series A Offering pursuant to a Form S-1 registration statement (File No. 333-183792);

Concurrently with the registration statement of which this prospectus is a part, we are registering:

64,703,392 shares of common stock underlying the warrants issued in connection with our Series E Offering and convertible notes pursuant to a Form S-3 registration statement (File No. 333-185463).”

We are currently authorized to issue 1,100,000,000 shares of common stock and 5,000,000 shares of preferred stock. As of January 1, 2013, we had 656,747,606 shares of our common stock outstanding. In addition, we had 14,050,625 shares of common stock underlying outstanding options and 153,299,028 shares of common stock underlying outstanding warrants. As a result, there are no shares of preferred stock outstanding. Of the foregoing shares, we have registered or are in the process of registering the resale of a total of 118,183,909 shares underlying warrants under other registration statements. The additional shares of our common stock to be issued in the future upon the exercise of warrants could cause the market price of our common stock to decline, and could have an adverse effect on our earnings per share if and when we become profitable. In addition, future sales of a substantial number of shares of our common stock in the public markets, or the perception that these sales may occur, could cause the market price of our common stock to decline, and could materially impair our ability to raise capital through the sale of additional securities.”

RISK FACTORS

Before making an investment decision, you should consider the “Risk Factors” included under Item 1A. of our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 and in our updates to those Risk Factors in our Quarterly Reports on Form 10-Q, all of which are incorporated by reference in this prospectus. The market or trading price of our common stock could decline due to any of these risks. In addition, please read “Forward-Looking Statements” in this prospectus, where we describe additional uncertainties associated with our business and the forward-looking statements included or incorporated by reference in this prospectus. Please note that additional risks not currently known to us or that we currently deem immaterial may also impair our business and operations.

This prospectus relates to the resale of shares of our common stock. We will not receive any proceeds from the sale of shares of common stock in this offering.

DESCRIPTION OF SECURITIES

General

We are currently authorized to issue 1,100,000,000 shares of common stock, par value \$0.001, and 5,000,000 shares of preferred stock, par value \$0.001. As of January 1, 2013, we had 656,747,606 shares of our common stock outstanding. In addition, we had 14,050,625 shares of common stock underlying outstanding options and 153,299,028 shares of common stock underlying outstanding warrants. In connection with the private offering we completed in October 2012, all of the shares of our Series D Preferred Stock and Series E Preferred Stock were converted into common stock. As a result, there are no shares of preferred stock outstanding.

At our annual shareholder meeting held on September 13, 2012, our shareholders approved an increase in our authorized shares of common stock from 250,000,000 to 1,100,000,000 shares. The shareholders also approved an amendment to our Certificate of Incorporation to effect a reverse stock split of the outstanding shares of our common stock prior to July 31, 2013 at a ratio of any of 1-for-2, 1-for-5, 1-for-10, 1-for-15, 1-for-20 or 1-for-25, as determined by our Board of Directors, if the Board believes such action will facilitate the listing of our common stock on a national securities exchange. As of the date of this prospectus, our Board of Directors has not made any determination to complete a reverse stock split pursuant to the authority granted to the Board of Directors by our shareholders. In the event that our Board of Directors authorizes a stock split at a ratio of 1-for-2, the number of outstanding shares of our common stock will go from 656,747,606 shares to 328,373,803 shares, the number of shares of common stock underlying our options will go from 13,662,250 shares to 6,831,125 shares and the number of shares of common stock underlying our warrants will go from 153,424,028 shares to 76,712,014 shares. In the event that our Board of Directors authorizes a stock split at a ratio of 1-for-25, the number of outstanding shares of our common stock will go from 656,747,606 shares to 26,269,905 shares, the number of shares of common stock underlying our options will go from 13,662,250 shares to 546,490 shares and the number of shares of common stock underlying our warrants will go from 153,424,028 shares to 6,136,961 shares. Regardless of the stock split ratio approved by the Board of Directors, the number of shares of common stock authorized will remain 1,100,000,000 shares.

Common Stock

Subject to preferences that may be applicable to any preferred stock outstanding at the time, the holders of our common stock are entitled to receive dividends out of legally available assets at such times and in such amounts as our Board of Directors may from time to time determine. Each stockholder is entitled to one vote for each share of common stock held on all matters submitted to a vote of stockholders. Cumulative voting for the election of directors is not authorized.

[Table of Contents](#)

Our common stock is not subject to conversion or redemption and holders of our common stock are not entitled to preemptive rights. Upon the liquidation, dissolution or winding up of our company, the remaining assets legally available for distribution to stockholders, after payment of claims or creditors and payment of liquidation preferences, if any, on outstanding preferred stock, are distributable ratably among the holders of our common stock and any participating preferred stock outstanding at that time. Each outstanding share of common stock is fully paid and nonassessable.

Preferred Stock

Our Board of Directors has the authority, without action by our stockholders, to designate and issue preferred stock in one or more series. Our Board of Directors may also designate the rights, preferences and privileges of each series of preferred stock, any or all of which may be greater than the rights of the common stock. It is not possible to state the actual effect of the issuance of any shares of preferred stock on the rights of holders of the common stock until our Board of Directors determines the specific rights of the holders of the preferred stock. However, these effects might include: (a) restricting dividends on the common stock; (b) diluting the voting power of the common stock; (c) impairing the liquidation rights of the common stock; and (d) delaying or preventing a change in control of our company without further action by our stockholders. As of the date of this prospectus, we have no shares of preferred stock outstanding.

Our Outstanding Warrants

Series A Private Offering

Pursuant to the agreement in which we issued our Series A preferred stock in October 2009, we issued Class A warrants, Class B warrants and placement agent warrants. Each of the warrants is exercisable upon issuance and has a five-year term. The initial exercise price of the Class A warrants was \$1.62 per share, the initial exercise price of the Class B warrants was \$1.95 per share, and the initial exercise price of the warrants issued to the placement agents was \$1.30 per share. As a result of the purchase price of the securities sold since issuance of the foregoing warrants the exercise prices for the Class A, Class B and placement agent warrants issued as part of the Series A preferred stock offering were reduced to \$0.25 per share. As of the date hereof, the numbers of shares underlying the Class A, Class B and placement agent warrants is 2,885,990, 3,249,994 and 377,000, respectively.

March 2010 Private Offering Warrants

We entered a securities purchase agreement dated March 2, 2010 with certain accredited investors pursuant to which we agreed to sell in the aggregate 5,076,664 shares of our common stock. In addition to the common stock purchased, each investor received a warrant to purchase the same number of shares of common stock acquired in the offering at an initial exercise price of \$0.98 per share. Each of the warrants was exercisable immediately and has a five-year term. The warrants may be exercised on a cash-less basis and are non-redeemable.

If we enter into a fundamental transaction (which term is defined in the warrants), then at the warrant holder's option, exercisable at any time concurrently with, or within 30 days after, the announcement of a fundamental transaction, we must redeem all or any portion of the warrant from the holder by paying to the holder an amount of cash equal to the Black Scholes value of the remaining unexercised portion of this warrant on or prior to the date of the consummation of such fundamental transaction. Any cash payments to be made pursuant to the preceding sentence shall have priority to payments to holders of common stock in connection with a fundamental transaction. The assumptions to be used in calculating the Black Scholes value are set forth in Schedule 1 to the warrant. As a result of the securities sold since the issuance of the foregoing warrants, the exercise prices for the warrants and placement agent warrants issued as part of the March 2010 Private Offering were reduced to \$0.25 per share. As of the date hereof, the number of shares underlying the warrants and placement agent warrants is 9,081,328 and 753,882 respectively.

Series B Private Offering Warrants

We entered securities purchase agreements with certain accredited investors pursuant to which we issued Series B preferred stock and warrants. Each of the warrants was exercisable immediately and has a five-year term. The warrants are non-redeemable. As a result of the securities sold since the issuance of the foregoing warrants, the exercise prices for the warrants and placement agent warrants

issued as part of the Series B offerings were reduced to \$0.25 per share. As of the date hereof, the numbers of shares underlying the warrants and placement agent warrants were increased to 18,393,532 and 838,649, respectively.

Table of Contents

Series D Private Offering Warrants

In connection with our Series D offering, we issued Series D preferred stock and warrants. Each of the warrants is exercisable upon issuance and expires on the fifth anniversary of issuance. As a result of the securities sold since the issuance of the foregoing warrants, the exercise prices for the warrants and placement agent warrants issued as part of the Series D offerings were reduced to \$0.25 per share. As of the date hereof, the numbers of shares underlying the warrants and placement agent warrants were increased to 28,404,000 and 2,489,280, respectively.

August 2011 Private Offering Warrants

We entered into a securities purchase agreement dated August 3, 2011 with certain accredited investors pursuant to which we agreed to sell in the aggregate 41,409,461 shares of our common stock. In addition to the common stock purchased, each investor received a warrant to purchase 0.35 shares of common stock for every share acquired in the offering at an initial exercise price of \$0.75 per share. Each of the warrants was exercisable immediately and has a five-year term. The warrants are callable by us provided the (i) volume weighted average price for the common stock for each of 20 consecutive trading days commencing after the effective date of the registration statement exceeds \$1.75 (subject to adjustment for forward and reverse stock splits, recapitalizations, stock dividends and the like) and (ii) the warrant holder is not in possession of any information that constitutes, or might constitute, material non-public information which was provided by us.

Series E Private Offering Warrants

In connection with our Series E offering, we issued warrants to purchase 36,564,000 shares of our common stock at an exercise price of \$0.30 per share, expiring five years from the initial exercise date of the warrants. The initial exercise date of the warrants is September 13, 2012, which is the date on which we received approval from our shareholders to file an amendment to our Certificate of Incorporation increasing the number of our authorized shares of common stock to an amount greater than 250,000,000 shares.

We may redeem the warrants on 30 days' notice if, among other conditions (i) the volume weighted average price of our common stock for each of 20 consecutive trading days exceeds 200% of the then exercise price; and (ii) a current resale registration statement is available to sell all of the shares underlying the warrant.

If we combine, reclassify our outstanding shares of common stock into a smaller number of shares, or subdivide our outstanding shares of common stock into a greater number of shares, then the number of shares of common stock issuable upon the exercise of the warrants and the exercise price then in effect shall be adjusted by us so that the holder of the warrant thereafter exercising his, her or its warrants shall be entitled to receive the number of shares of common stock which the holder of the warrant would have received if the warrant had been exercised immediately prior to such event upon payment of the exercise price that has been adjusted to reflect a fair allocation of the economics of such event to the holder of the warrant.

In the event of any reorganization or recapitalization or in the event we consolidate with or merge into or with another entity or transfer all or substantially all of our assets to another entity, then in lieu of the shares of common stock purchasable upon the exercise of the warrants, on exercise of the warrant, the holder shall be entitled to receive the stock or other securities or property to which the warrant holder would have been entitled upon such consummation as if the warrant holder had exercised his, her, or its warrant immediately prior thereto.

Modification of Above Warrants

Effective upon the completion of a private offering we completed in October 2012, we entered into warrant modification agreements with the holders of warrants to purchase 105,232,855 shares of common stock at exercise prices of between \$0.25 per share and \$0.30 per share pursuant to which the parties agreed, among other items: (a) to extend the expiration date of the warrants by one year; and (b) to delete the full-ratchet anti-dilution adjustment provisions contained in the warrants. As such, the exercise price and number of shares underlying the foregoing warrants were not modified due to the completion of the offering.

Debt Warrants

On October 5, 2012, we entered into an Amendment and Conversion Agreement (the “Debt Agreement”) with the holders of our 12.5% Convertible Notes in the aggregate original principal amount of approximately \$3.5 million (the

Table of Contents

“Notes”). Pursuant to the Debt Agreement, we and the Note holders agreed to modify the warrants to purchase an aggregate of 14,069,696 shares of common stock previously issued in connection with the issuance of the Notes (the “Debt Warrants”): (a) to change the exercise price of the Debt Warrants from \$0.30 to \$0.10 per share; (b) to increase the number of shares of common stock underlying the Debt Warrants by two times the current number of shares rather than three times the current number; (c) to extend the expiration date of the Debt Warrants by one year to June 1, 2018; and (d) to delete the full-ratchet anti-dilution adjustment provisions contained in the Debt Warrants.

Pursuant to the Debt Agreement, we and the Note holders agreed, among other items, to modify the warrants to purchase an aggregate of 7,770,902 shares of common stock previously issued to the Note holders (and their affiliates) in prior financings (the “Prior Warrants”): (a) to extend the expiration date of the Prior Warrants by one year; and (b) to delete the full-ratchet anti-dilution adjustment provisions contained in the Prior Warrants.

Anti-Takeover Effects of Provisions of Delaware Law and our Charter Documents

Provisions of Delaware law and our Certificate of Incorporation, as amended, and Bylaws could make the acquisition of our company through a tender offer, a proxy contest or other means more difficult and could make the removal of incumbent officers and directors more difficult. We expect these provisions to discourage coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of our company to first negotiate with our Board of Directors. We believe that the benefits provided by our ability to negotiate with the proponent of an unfriendly or unsolicited proposal outweigh the disadvantages of discouraging these proposals. We believe the negotiation of an unfriendly or unsolicited proposal could result in an improvement of its terms.

Our Certificate of Incorporation, as amended, provides for our Board of Directors to be divided into three classes serving staggered terms. Approximately one-third of the Board of Directors will be elected each year. The provision for a classified board could prevent a party who acquires control of a majority of the outstanding voting stock from obtaining control of the Board of Directors until the second annual stockholders’ meeting following the date the acquirer obtains the controlling stock interest. The classified board provision could discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of our company and could increase the likelihood that incumbent directors will retain their positions.

Our Bylaws do not permit stockholders to call a special meeting of stockholders. Our Bylaws provide that special meetings of the stockholders may be called only by a majority of the members of our Board of Directors, our Chairman of the Board of Directors, our Chief Executive Officer or our President. Our Bylaws require that all stockholder actions be taken by a vote of the stockholders at an annual or special meeting, and do not permit our stockholders to act by written consent without a meeting. Our Bylaws provide for an advance notice procedure for stockholder proposals to be brought before an annual meeting of our stockholders, including proposed nominations of persons for election to the Board of Directors. At an annual meeting, stockholders may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of the Board of Directors. Stockholders may also consider a proposal or nomination by a person who was a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has given to our Secretary timely written notice, in proper form, of his, her or its intention to bring that business before the meeting. The Bylaws do not give our Board of Directors the power to approve or disapprove stockholder nominations of candidates or proposals regarding other business to be conducted at a special or annual meeting of the stockholders. However, our Bylaws may have the effect of precluding the conduct of business at a meeting if the proper procedures are not followed. These provisions may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer’s own slate of directors or otherwise attempting to obtain control of our company.

Our common stock is quoted on the OTC Bulletin Board under the symbol “FCSC.”

PLAN OF DISTRIBUTION

Each Selling Stockholder of the securities and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their securities covered hereby on the OTC Bulletin Board or any other stock exchange, market or trading facility on which the securities are traded or in private transactions. These sales may be at fixed prices, at prevailing market prices at the time of sale or at negotiated prices. The Selling Stockholders may, from time to time, sell any or all of the securities directly or through one or more underwriters, broker-dealers or agents. A Selling Stockholder may use any one or more of the following methods when selling securities:

- through one or more underwriters on a firm commitment or best efforts basis;
- through sales “at the market” or to or through a market maker or into an existing trading market;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales entered into after the effective date of the registration statement of which this prospectus is a part;
- in transactions through broker-dealers that agree with the Selling Stockholders to sell a specified number of such securities at a stipulated price per security;
- through the writing or settlement of options, swaps or derivatives or other hedging transactions, whether through an options exchange or otherwise;
- through the distribution of the securities by any Selling Stockholder to its partners, members or stockholders;
- a combination of any such methods of sale; or
- any other method permitted pursuant to applicable law.

The Selling Stockholders may also transfer the securities by gift. We do not know of any arrangements by the Selling Stockholders for the sale of any of the securities.

The Selling Stockholders may also sell securities covered by this prospectus that qualify for sale pursuant to Rule 144 under the Securities Act of 1933, as amended (the “Securities Act”), if available, rather than pursuant to this prospectus.

Broker-dealers engaged by the Selling Stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Stockholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this Prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with FINRA IM-2440.

In connection with the sale of the securities or interests therein, the Selling Stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The Selling Stockholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The Selling Stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The Selling Stockholders may sell securities through one or more underwriters on a firm commitment or best efforts

basis. If underwriters are used in a firm commitment underwriting, the Selling Stockholders will execute an underwriting agreement with those underwriters relating to the securities that the Selling Stockholders will offer. Unless otherwise set forth in a prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to conditions. The underwriters, if any, will purchase such securities on a firm commitment basis and will be obligated to purchase all of such securities.

The securities subject to the underwriting agreement will be acquired by the underwriters for their own account and may be resold by them from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may be deemed to have received compensation from the Selling Stockholders in the form of underwriting discounts or commissions and may also receive commissions from the purchasers of these securities for whom they may act as agent. Underwriters may sell these securities to or through dealers. These dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agent. Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

The Selling Stockholders may authorize underwriters to solicit offers by institutions to purchase the securities subject to the underwriting agreement from the Selling Stockholders at the public offering price stated in a prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. If the Selling Stockholders sell securities pursuant to these delayed delivery contracts, the prospectus supplement will state that as well as the conditions to which these delayed delivery contracts will be subject and the commissions payable for that solicitation.

The applicable prospectus supplement will set forth whether or not underwriters may over-allot or effect transactions that stabilize, maintain or otherwise affect the market price of the securities at levels above those that might otherwise prevail in the open market, including, for example, by entering stabilizing bids, effecting syndicate covering transactions or imposing penalty bids. Underwriters are not required to engage in any of these activities, or to continue such activities if commenced.

The Selling Stockholders may also sell securities through agents designated by them from time to time. We will name any agent involved in the offer or sale of such securities and will list commissions payable by the Selling Stockholders to these agents in a prospectus supplement, if required. These agents will be acting on a best efforts basis to solicit purchases for the period of its appointment, unless we state otherwise in any required prospectus supplement.

The Selling Stockholders may sell any of the securities directly to purchasers. In this case, the Selling Stockholders may not engage underwriters or agents in the offer and sale of such securities.

The Selling Stockholders may indemnify underwriters, dealers or agents who participate in the distribution of the securities against certain liabilities, including liabilities under the Securities Act and agree to contribute to payments which these underwriters, dealers or agents may be required to make.

The Selling Stockholders and any broker-dealers or agents that are involved in selling the securities may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each Selling Stockholder has informed the Company that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities.

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the securities. The Company has agreed to indemnify the Selling Stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

Because Selling Stockholders may be deemed to be “underwriters” within the meaning of the Securities Act, they will be subject to the prospectus delivery requirements of the Securities Act including Rule 172 thereunder. In addition, any securities covered by this prospectus which qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than under this prospectus.

We agreed to keep this prospectus effective until the earlier of (i) the date on which the securities may be resold by the Selling Stockholders without registration and without regard to any volume or manner-of-sale limitations by reason of Rule 144, without the requirement for the Company to be in compliance with the current public information under Rule 144 under the Securities Act or any other rule of similar effect or (ii) all of the securities have been sold pursuant to this prospectus or Rule 144 under the Securities Act or any other rule of similar effect. The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Table of Contents

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the common stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling Stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of securities of the common stock by the Selling Stockholders or any other person. We will make copies of this prospectus available to the Selling Stockholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).

We will not receive any proceeds from sales of any securities by the Selling Stockholders.

We cannot assure you that the Selling Stockholders will sell all or any portion of the securities offered hereby.

LEGAL MATTERS

The validity of the securities offered will be passed upon for us by Cozen O' Connor, Philadelphia, Pennsylvania.

PART II
INFORMATION NOT REQUIRED IN PROSPECTUS

Item 14. Other expenses of issuance and distribution

The following table sets forth the estimated costs and expenses, other than the underwriting discounts and commissions, payable by the registrant in connection with the offering of the securities being registered. All the amounts shown are estimates, except for the registration fee:

Securities and Exchange Commission registration fee	\$5,456
Accounting fees and expenses	\$5,000
Legal fees and expenses	\$5,000
Miscellaneous	\$3,000
Total	\$18,456

Item 15. Indemnification of directors and officers

Fibrocell's Certificate of Incorporation and Bylaws authorize it to indemnify directors, officers, employees and agents of Fibrocell against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement, actually and reasonably incurred in connection with any action, suit or proceeding, if the party to be indemnified acted in good faith and in a manner that he reasonably believed to be in or not opposed to the best interests of Fibrocell, and, with respect to any criminal action or proceeding, such party had no reasonable cause to believe his conduct was unlawful. The Certificate of Incorporation and the Bylaws of Fibrocell also authorize it to indemnify directors, officers, employees and agents of Fibrocell who are or were a party to or threatened to be a party to, any threatened, pending, or completed action or suit by or in the right of Fibrocell to procure a judgment in its favor by reason of the fact the he was a director, officer, employee or agent of Fibrocell or of another entity at the request of Fibrocell, against expenses (including reasonable attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of Fibrocell, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged liable to Fibrocell unless and to the extent that the court in which such suit or action was brought shall determine on application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as the court deems proper.

The Bylaws also permit Fibrocell to enter into indemnity agreements with individual directors, officers, employees, and other agents. Fibrocell reserves the right to enter into such agreements with its directors and executive officers effective upon the closing of this offering. These agreements, together with the Bylaws and Certificate of Incorporation, may require Fibrocell, among other things, to indemnify directors or officers against certain liabilities that may arise by reason of their status or service as directors (other than liabilities resulting from willful misconduct of a culpable nature), to advance expenses to them as they are incurred, provided that they undertake to repay the amount advanced if it is ultimately determined by a court that they are not entitled to indemnification, and to obtain and maintain directors' and officers' insurance if available on reasonable terms.

Fibrocell's Certificate of Incorporation provides that directors shall have no personal liability to Fibrocell or its stockholders for monetary damages for breach of fiduciary duty as a director, except (i) for any breach of a director's duty of loyalty to Fibrocell or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under section 174 of the General Corporation Law of Delaware as it may from time to time be amended or any successor provision thereto, or (iv) for any transaction from which a director derived an improper personal benefit.

Fibrocell currently has directors' and officers' liability insurance. Delaware General Corporation Law, Section 145, and the Certificate of Incorporation and Bylaws of Fibrocell provide for the indemnification of officers, directors and other corporate agents in terms sufficiently broad to indemnify such persons, under certain circumstances, for liabilities (including reimbursement of expenses incurred) arising under the Securities Act. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to

directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, Fibrocell has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first

used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than a payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

**Re: Fibrocell Science, Inc. (the “Company”)
Registration Statement on Form S-3
Filed December 13, 2012
File No. 333-185466**

Dear Mr. Riedler:

This letter responds to the comments of the staff of the Securities and Exchange Commission (the “Commission”) contained in its letter to the Company dated January 7, 2013. For your convenience, we have repeated the comment prior to the response in italics.

Simultaneous with this letter, we have filed through EDGAR with the Commission a complete copy of Amendment No. 1 to the Registration Statement on Form S-3 for the Company (the “Amended S-3”). The Amended S-3 incorporates changes responsive to the comments set forth in the Commission’s letter. All references to page numbers in our discussion below each heading are to the pages in the Amended S-3. The references to page numbers in the headings are to the original Registration Statement on Form S-3.

Registration Statement on Form S-3

- 1. Please revise your disclosure throughout the filing to indicate the total number of shares that are being registered and offered pursuant to each of the two registration statements filed on December 13, 2012 (in addition to the instant registration statement, File No. 333-185463) and the four registration statements filed on September 7, 2012 (File Nos. 333-183791, 333-183792, 333-183793 and 333-183794) in the aggregate.***

The Company has added the following disclosure to the end of the section “Prospectus Summary” on page 1 of the prospectus in the Amended S-3:

“Recently Filed Registration Statements

On September 7, 2012, we filed registration statements, which registration statements became effective on November 20, 2012, registering:

36,564,000 shares of common stock issued upon conversion of our Series E Preferred Stock pursuant to a Form S-1 registration statement (File No. 333-183791);

3,067,992 additional shares of common stock underlying the warrants issued in connection with our Series A Offering pursuant to a Form S-1 registration statement (File No. 333-183792);

9,196,766 additional shares of common stock underlying the warrants issued in connection with our Series B Offering pursuant to a Form S-1 registration statement (File No. 333-183793); and

14,202,000 additional shares of common stock underlying the warrants issued in connection with our Series D Offering pursuant to a Form S-1 registration statement (File No. 333-183794).

Concurrently with the registration statement of which this prospectus is a part, we are registering:

64,703,392 shares of common stock underlying the warrants issued in connection with our Series E Offering and convertible notes pursuant to a Form S-3 registration statement (File No. 333-185463)."

Prospectus Summary, page 1

- 2. Please expand your disclosure in this section to disclose the aggregate number of shares that could be issued under all existing conversion rights and pursuant to all outstanding options or warrants, the number of such shares in the aggregate registered for resale, and the potential adverse effects on the market that may result upon exercise of all such right and/or resale of all such shares.***

The Company has added the following disclosure to the end of the section "Prospectus Summary" on page 1 of the prospectus in the Amended S-3:

"We are currently authorized to issue 1,100,000,000 shares of common stock and 5,000,000 shares of preferred stock. As of January 1, 2013, we had 656,747,606 shares of our common stock outstanding. In addition, we had 14,050,625 shares of common stock underlying outstanding options and 153,299,028 shares of common stock underlying outstanding warrants. In connection with the private offering we completed in October 2012, all of the shares of our Series D Preferred Stock and Series E Preferred Stock were converted into common stock. As a result, there are no shares of preferred stock outstanding. Of the foregoing shares, we have registered or are in the process of registering the resale of a total of 118,183,909 shares underlying warrants under other registration statements. The additional shares of our common stock to be issued in the future upon the exercise of warrants could cause the market price of our common stock to decline, and could have an adverse effect on our earnings per share if and when we become profitable. In addition, future sales of a substantial number of shares of our common stock in the public markets, or the perception that these sales may occur, could cause the market price of our common stock to decline, and could materially impair our ability to raise capital through the sale of additional securities."

Selling Security Holders, page 6

- 3. Please refer to each of the two registration statements filed on December 13, 2012 (in addition to the instant registration statement, File No. 333-185463) and the four***

registration statements filed on September 7, 2012 (File Nos. 333-183791, 333-183792, 333-183793 and 333-183794). Please expand your disclosure to add a separate table which identifies Selling Stockholders that will register shares for resale pursuant to two or more registration statements and indicates the total number of shares to be offered for resale in the aggregate and the resulting approximate percentage of shares to be owned after the offering assuming resale of the aggregate amount to be offered.

The Company has added the following table at the end of the section “Selling Security Holders” on page 12 of the prospectus in the Amended S-3:

“On September 7, 2012, we filed registration statements, which registration statements became effective on November 20, 2012, registering:

36,564,000 shares of common stock issued upon the conversion of our Series E Preferred Stock pursuant to a Form S-1 registration statement (File No. 333-183791);

14,202,000 additional shares of common stock underlying the warrants issued in connection with our Series D Offering pursuant to a Form S-1 registration statement (File No. 333-183794).

64,703,392 shares of common stock underlying the warrants issued in connection with our Series E Offering and convertible notes pursuant to a Form S-3 registration statement (File No. 333-185463).

The following is a list of the selling security holders that hold shares registered for resale pursuant to two or more of the aforementioned registration statements, the amount of shares being registered pursuant to each registration statement, the total number of shares to be offered for resale in the aggregate and the resulting approximate percentage of shares to be owned after the offering assuming resale of the aggregate amount to be offered under all of the registration statements.
