CHOICE REVISES 2/ND/ QUARTER '01 ESTIMATE UPWARD

SILVER SPRING, Md. (July 12, 2001) - Choice Hotels International, Inc., (NYSE:CHH) today announced that the company should exceed by three cents the second quarter consensus estimate of recurring diluted EPS of \$0.29.

The company said that it expects to report recurring diluted EPS of \$0.32, excluding certain non-cash charges for equity losses from its investment in Friendly Hotels plc and a write-off of certain deferred financing fees associated with its recently refinanced credit facility. These non-cash charges should result in diluted EPS of approximately \$0.29

"Our basic franchising business model continues to be less sensitive to industry fluctuations in RevPAR, which better positions Choice for economic cycles," said Charles A. Ledsinger, Jr., president and chief executive officer. "Despite softness in revenue per available room, our strong second quarter earnings will be driven in part by steady initial franchising and relicensing fees, and accretive share repurchases."

The company is scheduled to release its second quarter earnings report after the close of trading on Monday, July 23. Choice will conduct a conference call to discuss second quarter results on Tuesday, July 24, at 9 a.m. Eastern time. The call-in number to listen to the call is 1-800-450-0819. The conference call also will be Webcast simultaneously via the company's Web site, www.choicehotels.com.
