PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies for the Annual Meeting of Stockholders of Carpenter Technology Corporation on October 16, 2006, and any adjournment thereof. Selected information from Carpenter's 2006 Annual Report on Form 10-K, including financial statements, is being delivered along with this Notice and Proxy Statement, but is not incorporated as part of the Proxy Statement and is not to be considered part of the proxy solicitation material. These materials are being sent to stockholders on or about September 15, 2006. Carpenter Technology Corporation is referred to in this Proxy Statement as "Carpenter" or "the Company".

Why Proxies are Being Solicited

Carpenter's Board of Directors is soliciting proxies so that every stockholder will have an opportunity to vote at the meeting, whether or not the stockholder attends the meeting in person. You are being asked to vote on five proposals:

The election of three directors to three-year terms, which will expire in 2009;

Approval of the Stock-Based Compensation Plan for Non-Employee Directors, as amended;

Approval of the Stock-Based Incentive Compensation Plan for Officers and Key Employees, as amended;

Approval of the Executive Bonus Compensation Plan, as amended; and

Approval of the appointment of PricewaterhouseCoopers LLP as Carpenter's independent registered public accounting firm to perform its integrated audit for fiscal year 2007.

Cost of Solicitation

Carpenter will pay the cost of preparing, assembling, and delivering the Notice of Annual Meeting, Proxy Statement and proxy card. Directors, officers, and regular employees of Carpenter may solicit proxies in person or by telephone without additional compensation. Carpenter will reimburse brokerage houses and other nominees for their expenses in forwarding proxy material to beneficial owners of Carpenter stock. Carpenter has hired D. F. King to provide proxy solicitation services. Carpenter will pay D. F. King approximately \$20,000 for these services plus costs and certain transaction related fees.

Who Can Vote

Stockholders who were record owners of Carpenter stock at the close of business on August 18, 2006, may vote at the meeting. On August 18, 2006, there were 25,520,721 shares of Carpenter common stock issued and outstanding and entitled to vote. Each share of common stock is entitled to one vote. There were also 289.75 shares of Carpenter's series A convertible preferred stock held by the trustee of the Carpenter Employee Stock Ownership Plan ("ESOP"). Under the ESOP, each share of preferred stock is convertible into at least 2,000 shares of common stock, with the equivalent of 1.3 votes for each share of common stock, subject to anti-dilution adjustments and to limitations under applicable securities laws and stock exchange regulations. The preferred stock and the common stock vote together as a single class on all matters submitted to holders of common stock.

[Table of Contents](#)

Each participant in the ESOP may direct State Street Bank and Trust Company (“State Street”), as the trustee of the ESOP, how to vote the shares credited to the participant’s account. State Street will vote the shares as directed and will treat any such directions it receives as confidential. State Street will vote any ESOP shares for which no proper direction is received and any ESOP shares that have not yet been allocated to participating employees’ accounts, in the same proportion and manner as the directed shares, unless to do so would be contrary to ERISA. Directions must be received by State Street no later than Wednesday, October 11, 2006.

Each participant in the Savings Plan of Carpenter Technology Corporation (“Savings Plan”) may direct The Vanguard Group, Inc. (“Vanguard”), as trustee of the Savings Plan, how to vote the shares credited to the participant’s account. Vanguard will vote the shares as directed and will treat any such directions it receives as confidential. Vanguard will vote any blank proxies or any shares for which no direction is received in the same proportion or manner as the directed shares. Directions must be received by Vanguard no later than Wednesday, October 11, 2006.

How to Vote

You may vote in one of four ways:

Vote Over the Internet

If your shares are held in the name of a broker, bank or other nominee: Vote your Carpenter shares over the Internet by accessing the website given on the proxy card you received from such broker, bank, or other nominee. You will need the control number that appears on your proxy card when you access the web page.

If your shares are registered in your name: Vote your Carpenter shares over the Internet by accessing the website at www.proxyvote.com and following the on-screen instructions. You will need the control number that appears on your proxy card when you access the web page.

Vote by Telephone (Touch-Tone Phone Only)

If your shares are held in the name of a broker, bank, or other nominee: Vote your Carpenter shares over the telephone by following the telephone voting instructions, if any, provided on the proxy card you received from such broker, bank or other nominee.

If your shares are registered in your name: Vote your Carpenter shares over the telephone by accessing the telephone voting system toll-free at 1-800-690-6903 and following the telephone voting instructions. The telephone instructions will lead you through the voting process. You will need the control number that appears on your proxy card when you call.

Based on your Internet and telephone voting, the proxy holders will vote your shares according to your directions.

Vote by Returning Your Proxy Card

You may vote by signing and returning your proxy card. The proxy holders will vote your shares according to your directions. If you sign and return your proxy card without specifying choices, your shares will be voted as recommended by the Board of Directors. If you wish to give a proxy to someone other than those designated on the proxy card, you may do so by crossing out the names of the designated proxies and inserting the name of another person. The person representing you should then present your signed proxy card at the meeting.

[Table of Contents](#)

Vote by Ballot at the Meeting

You may also attend the meeting and vote by a ballot that you will receive at the meeting. Your admission ticket to the meeting is attached to your proxy card or in the e-mail by which you received this Proxy Statement.

If You Change Your Mind After Voting

You can revoke your proxy at any time before it is voted. Proxies are voted at the Annual Meeting. You can write to the Corporate Secretary, P.O. Box 14662, Reading, PA 19612-4662, stating that you wish to revoke your proxy and that you need another proxy card. More simply, you can vote again, either over the Internet or by telephone. Your last vote is the vote that will be counted. If you attend the meeting, you may vote by ballot, which will cancel your previous proxy vote.

Required Vote

Holders of a majority of the outstanding shares entitled to vote must attend or be represented by proxy at the Annual Meeting to constitute a quorum so that business may be conducted. Carpenter's By-Laws and Delaware law govern the vote needed to approve the proposals. Directors are elected by a plurality of the total votes cast. The affirmative vote of a majority of the votes cast is required to approve the amendment to the Stock-Based Incentive Compensation Plan for Officers and Key Employees, the Stock-Based Compensation Plan for Non-Employee Directors and the Executive Bonus Compensation Plan (together, the "Plans") and approve the appointment of the independent registered public accounting firm.

Abstentions as to any matter, and votes withheld for directors, are counted in determining the presence of a quorum, but are not included in the vote count for that matter, and will have no impact on the outcome of the approval of those matters. In the absence of instruction from the customers who are the beneficial owners, brokers who hold shares in street name for customers have discretionary authority to vote on certain routine matters, such as the election of directors and approval of the independent registered public accounting firm. A "broker non-vote" occurs when brokers do not have such discretionary voting authority under the rules of the New York Stock Exchange (the "NYSE"), such as with respect to the approval of the amendments to the Plans. If shares are treated as a broker non-vote, such shares will be included in the number of shares represented for purposes of determining whether a quorum is present. However, a broker non-vote will have no effect on the outcome of any matter since a broker non-vote is not counted as present and entitled to be voted with respect to such matters as to which the broker's customer has not expressly voted.

Stockholder Nominations to the Board of Directors

As described in its written charter, the Corporate Governance Committee is a standing committee of the Board of Directors which is, among other things, responsible for identifying qualified individuals to become members of the Board of Directors and recommending that the Board of Directors elect or nominate such qualified individuals for election at annual meetings of stockholders. The nominees for election to the Board of Directors listed in this Proxy Statement were recommended and nominated by the Corporate Governance Committee. All members of the Corporate Governance Committee have been determined by the Board of Directors to be independent under the listing requirements of the NYSE.

The Corporate Governance Guidelines of Carpenter provide that board candidates are considered based upon various criteria, such as their broad general training and experience in business, science, engineering, finance or administration, and their personal integrity and judgment. In Carpenter's view, the foremost responsibility of a Carpenter director is to represent the interests of stockholders as a whole. To accomplish this, Carpenter believes that directors must have time available to devote to Board activities. Accordingly, Carpenter seeks to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities to Carpenter. Recent developments in corporate governance and financial reporting have resulted in an increased demand for such highly qualified and productive public company directors. Carpenter believes that there should be a majority of independent directors on the Board, and it is Carpenter's policy to avoid the nomination

of outside professionals, including, but not limited to, lawyers, investment bankers, or accountants, whose firms provide services to Carpenter. During the fiscal year ended 2006, Carpenter did not pay fees to any third parties to assist the Corporate Governance Committee in the process of identifying or evaluating candidates. In August 2006, the Corporate Governance Committee engaged Spencer Stuart for a fee of \$100,000 per Director to identify one or more potential candidates for Board membership.

The Corporate Governance Committee will consider sound and meritorious nomination suggestions from stockholders and review such nominations pursuant to the same criteria applied to director-nominees nominated by the Corporate Governance Committee. Under Carpenter's By-Laws, all letters of recommendation for nomination at the 2007 Annual Meeting of Stockholders must be received by the Corporate Secretary at Carpenter's headquarters, P.O. Box 14662, Reading, PA 19612-4662, between July 18, 2007 and August 17, 2007. Your notice to the Corporate Secretary should contain your name, address, and number of shares of Carpenter stock you own, in addition to the following information:

For each person you propose to nominate for election or re-election as a director specify:

- (i) name, age, business address, and residence address;
- (ii) principal occupation or employment;
- (iii) number of shares of Carpenter stock beneficially owned by the person; and
- (iv) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to Schedule 14A under the proxy rules.

A signed statement from the person recommended for nomination indicating that he or she consents to be considered as a nominee.

Carpenter may require any proposed nominee to furnish other information reasonably necessary to determine the person's eligibility to serve as a director of Carpenter. Only individuals nominated in accordance with Carpenter's By-Laws and applicable Delaware law are eligible for election as a director.

2007 Stockholder Proposals

If you wish to include a proposal in the Proxy Statement for the 2007 Annual Meeting of Stockholders, your written proposal must be received by Carpenter no later than May 17, 2007. The proposal should be mailed by certified mail, return receipt requested, and must comply in all respects with applicable rules and regulations of the Securities and Exchange Commission (the "SEC"), the laws of the State of Delaware, and Carpenter's By-Laws. Stockholder proposals may be mailed to the Corporate Secretary, Carpenter Technology Corporation, P.O. Box 14662, Reading, PA 19612-4662.

Under Carpenter's By-Laws, stockholder proposals that are not included in the proxy materials may be presented at the 2007 Annual Meeting of Stockholders only if they meet the above requirements and the Corporate Secretary is notified in writing of the proposals between July 18, 2007 and August 17, 2007. For each matter that you wish to bring before the meeting, provide the following information:

- (i) a brief description of the business and the reason for bringing it to the meeting;
- (ii) your name and record address;
- (iii) the number of shares of Carpenter stock which you own; and
- (iv) any material interest (such as financial or personal interest) that you have in the matter.

CORPORATE GOVERNANCE

In accordance with the General Corporation Law of the State of Delaware and Carpenter' s Certificate of Incorporation and By-Laws, Carpenter' s business, property and affairs are managed under the direction of the Board of Directors. Although Carpenter' s directors are not involved in day-to-day operating details, they are kept informed of Carpenter' s business through written reports and documents provided to them regularly, as well as by operating, financial and other reports presented by Carpenter' s officers at meetings of the Board of Directors and its various committees.

Meetings of the Board of Directors

The Board of Directors held eleven meetings during fiscal year 2006. In addition, there were twenty-two committee meetings. The policy of Carpenter is to require attendance and active participation by directors at Board and committee meetings. The average attendance for Carpenter' s directors at these meetings was over 90%. Each director attended at least 75% of the total number of meetings of the Board and the Committees on which the director served during fiscal year 2006. Directors are encouraged to attend the Annual Meeting of Stockholders, and all of Carpenter' s directors attended the 2005 annual meeting.

Meetings of the Non-Management Directors

Pursuant to Carpenter' s Corporate Governance Guidelines and the Corporate Governance Standards of the NYSE, the non-management directors of the Board meet in an executive session at least twice per year to: (a) review the performance of the Chief Executive Officer, and (b) address any other matters affecting Carpenter that may concern individual directors. In fiscal year 2006, the non-management directors met in executive session seven times. When meeting in executive session, the senior person present who was the chair of a standing committee was chosen to preside over these sessions. In most executive sessions, this person was Kathryn C. Turner.

Communication with the Board of Directors

Stockholders may communicate with the full Board of Directors by sending a letter to Carpenter Technology Board of Directors, c/o Corporate Secretary, P.O. Box 14662, Reading, PA 19612-4662. Carpenter' s Corporate Secretary will review the correspondence and forward it to the Chair of the appropriate committee or to

any individual director or directors to whom the communication is directed, unless the communication is unduly hostile, threatening, illegal, does not reasonably relate to Carpenter or its business, or is similarly inappropriate. In addition, interested parties may contact the non-management directors as a group by sending a written communication to the Corporate Secretary as directed above. Such communication should be clearly addressed to the non-management directors. Stockholders and other interested parties may also communicate with the Audit/Finance Committee by sending an e-mail to boardauditcommittee@cartech.com.

Independence of the Board of Directors

The Board of Directors is composed of a majority of directors who qualify as independent directors (“Independent Directors”) pursuant to the rules adopted by the SEC, the corporate governance standards promulgated by the NYSE, and the regulations adopted by the Internal Revenue Service. The board committee structure includes Audit/Finance, Human Resources and Corporate Governance committees consisting entirely of Independent Directors as required by the Corporate Governance Standards of the NYSE. On May 30, 2006, the Human Resources Compensation Subcommittee was established to administer compensation for the Company’s Named Executive Officers and other senior corporate officers and for the administration of the Company’s incentive stock and employee benefit plans (as they relate to such Officers). The Compensation Subcommittee operates under a separate charter.

In determining independence pursuant to the Corporate Governance Standards of the NYSE, each year the Board affirmatively determines whether directors have a “material relationship” with Carpenter. When assessing the “materiality” of a director’s relationship with Carpenter, the Board considers all relevant facts and circumstances, not merely from the director’s standpoint, but from that of the persons or organizations with which the director has an affiliation, and the frequency or regularity of the services, whether the services are being carried out at arm’s length in the ordinary course of business and whether the services are being provided substantially on the same terms to Carpenter as those prevailing at the time from unrelated parties for comparable transactions.

Applying these standards, the Board has determined that the following directors are independent: Anderson, Hewson, Inglis, Pratt, Turner and Ward. Mr. Stephans is considered independent for all purposes except participation on the Human Resources Compensation Subcommittee.

Independence of the Audit/Finance Committee Members

Directors on Carpenter’s Audit/Finance Committee must satisfy the requirements of the Corporate Governance Standards of the NYSE and the independence requirements promulgated under the Exchange Act, in addition to the more general independence requirements. In determining whether a director is independent for purposes of each of the above stated guidelines, the Board must affirmatively determine that the directors on the Audit/Finance Committee do not, among other things, accept any consulting, advisory, or other compensatory fee from Carpenter.

Applying these standards, the Board has determined that all of the directors on the Audit/Finance Committee are independent.

Additionally, as of May 30, 2006, the Human Resources Committee has a Compensation Subcommittee, which maintains responsibility for all items relating to compensation of the Company's Named Executive Officers and other senior corporate officers and for the administration of the Company's incentive stock and employee benefit plans (as they relate to such Officers).

Director Compensation Program

No director who is an employee of Carpenter is compensated as a member of the Board. Compensation for non-employee directors consists of an annual retainer of \$90,000, plus travel expenses, where appropriate, for attending all Board of Directors and committee meetings. Each Committee Chairperson receives an additional annual retainer of \$10,000. At least 50% of the \$90,000 annual retainer for Board service is paid in stock units that convert to an equivalent number of shares of common stock following retirement or termination of service as allowed under the plan. The value of these stock units will vary depending on the fair market value of the shares of Carpenter's common stock. At the director's election, the remaining 50% of the retainer is paid in cash or deferred and paid in either cash or stock units at the time of distribution.

Each non-employee director who joins the Board is entitled to receive options to purchase 2,000 shares of common stock. In addition, following each annual meeting, each non-employee director is entitled to receive options to purchase 4,000 shares of common stock. These options permit the director, after one year of service following the grant, to purchase shares of common stock at the stock's fair market value on the date of grant. The options expire ten years from the date of grant. In acknowledgment of the increase in cash and equity compensation in fiscal year 2005, each of the directors waived his or her right to receive options for fiscal year 2006.

AUDIT/FINANCE COMMITTEE REPORT

The information contained in this report shall not be deemed to be "soliciting material" or "filed" or "incorporated by reference" in future filings with the SEC, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that Carpenter specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended, or the Exchange Act.

The Board of Directors has charged the Audit/Finance Committee with a number of responsibilities, including review of the adequacy of Carpenter's financial reporting and internal controls over financial reporting, the integrity of the financial statements of the Company and the independence and performance of Carpenter's independent registered public accounting firm. Management is responsible for the preparation, presentation and integrity of Carpenter's financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures; establishing and maintaining internal control over financial reporting; evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. The independent registered public accounting firm is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles, as well as expressing an opinion on (i) management's assessment of the effectiveness of internal control over financial reporting and (ii) the effectiveness of internal control over financial reporting.

The Committee has a direct line of communication with Carpenter's independent registered public accounting firm and the Director-Internal Audit. The Board has affirmatively determined that each of the members of the Committee is independent pursuant to the Corporate Governance Standards of the NYSE and the rules of the SEC. Furthermore, the Board has affirmatively determined that all members of the Audit/Finance Committee have no material relationship with Carpenter and are financially literate pursuant to the requirements of the NYSE. Messrs. Pratt, Inglis and Anderson each qualify as an "audit committee financial expert" under the standards promulgated under the Exchange Act. The Board has adopted a written Audit/Finance Committee Charter, and this report is made pursuant to that Charter. A copy of the Charter is posted on Carpenter's website at www.cartech.com. The Audit/Finance Committee appoints the independent registered public accounting firm to be retained to audit Carpenter's consolidated financial statements, and once retained, the independent registered public accounting firm reports directly to the Audit/Finance Committee. The Audit/Finance Committee is responsible for approving both audit and non-audit services to be provided by the independent registered public accounting firm.

In the discharge of its responsibilities, the Audit/Finance Committee has reviewed and discussed with management and the independent registered public accounting firm Carpenter's audited financial statements for

Table of Contents

fiscal year 2006. In addition, the Committee has discussed with the independent registered public accounting firm matters such as the quality (in addition to acceptability), clarity, consistency, and completeness of Carpenter' s financial reporting, as required by U.S. Auditing Standards Section AU380, Communication with Audit Committees.

The Audit/Finance Committee met with management periodically during fiscal year 2006 to consider the adequacy of Carpenter' s internal controls, and discussed these matters and the overall scope and plans for the audit of Carpenter with Carpenter' s independent registered public accounting firm, PricewaterhouseCoopers LLP. The Audit/Finance Committee also discussed with senior management and PricewaterhouseCoopers LLP Carpenter' s disclosure controls and procedures and the certifications by Carpenter' s Chief Executive Officer and Chief Financial Officer, which are required by the SEC under the Sarbanes-Oxley Act of 2002 for certain of Carpenter' s filings with the SEC. In particular, the Audit/Finance Committee was kept apprised by senior management of the progress of the evaluation of Carpenter' s system of internal control over financial reporting and provided oversight and advice to management during the process. In connection with this oversight, the Audit/Finance Committee received periodic updates provided by senior management and PricewaterhouseCoopers LLP at several committee meetings during the year. At the conclusion of the process, senior management provided the Audit/Finance Committee with, and the Audit/Finance Committee reviewed, a report on the effectiveness of Carpenter' s internal control over financial reporting. The Audit/Finance Committee also reviewed the report of PricewaterhouseCoopers LLP related to (i) the consolidated financial statements and financial statement schedule, (ii) management' s assessment of the effectiveness of internal control over financial reporting, and (iii) the effectiveness of internal control over financial reporting.

The Audit/Finance Committee has considered the compatibility of the provision of non-audit services with the independent registered public accounting firm' s maintenance of independence and has received from PricewaterhouseCoopers LLP written disclosures and a letter concerning the independent registered public accounting firm' s independence from Carpenter, as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. These disclosures have been reviewed by the Audit/Finance Committee and discussed with PricewaterhouseCoopers LLP.

Based on these reviews and discussions, the Committee has recommended to the Board that the audited financial statements be included in Carpenter' s 2006 Annual Report on Form 10-K, for filing with the SEC.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Human Resources Compensation Subcommittee reviews and determines compensation arrangements for Carpenter' s Chief Executive Officer and its other executive officers and administers the equity compensation plans. All members of the Human Resources Compensation Subcommittee are independent directors.

No member of the Human Resources Compensation Subcommittee during fiscal year 2006 was an officer or employee of Carpenter or any of its subsidiaries or was formerly an officer of Carpenter or any of its subsidiaries. No member of the Human Resources Compensation Subcommittee had any relationship requiring disclosure by Carpenter under the proxy rules promulgated under the Exchange Act.

HUMAN RESOURCES COMPENSATION SUBCOMMITTEE REPORT

The Human Resources Compensation Subcommittee of the Board of Directors is composed entirely of independent directors. The Compensation Subcommittee is responsible for the establishment and oversight of Carpenter' s executive compensation programs.

[Table of Contents](#)

The Board has adopted a written charter for the Human Resources Committee and the Compensation Subcommittee. Copies of the Charters have been posted on Carpenter' s website at www.carttech.com. The Charter for the Compensation Subcommittee delegates sole authority to the Compensation Subcommittee to the extent it is constituted from time to time to establish the salary and other elements of compensation for the CEO and other executive officers.

Compensation Philosophy

Carpenter' s executive compensation programs are designed to fulfill the following objectives:

Attract, retain, and motivate highly effective executives and promote long-term career commitment;

Link executive reward with enhanced stockholder value and profitability;

Reward sustained corporate, functional, and/or individual performance with an appropriate base salary and incentive opportunity;

Link pay to Carpenter' s financial performance and the achievement of Carpenter' s strategic business objectives; and

Stimulate and sustain significant management ownership in Carpenter.

This philosophy remained unchanged in 2006 and continues to serve as the foundation for executive compensation policy and program application.

The Compensation Subcommittee reviewed all elements of compensation paid to each executive officer in order to assure that the Compensation Subcommittee members developed a comprehensive picture of each officer' s overall compensation. Carpenter targets pay at market competitive (median) levels for achievement of expected levels of performance. The Compensation Subcommittee worked with a nationally recognized, independent consulting firm to review the competitiveness of the executive compensation program. The analysis compared Carpenter' s pay levels to the pay levels of a broad sample of companies and a specific group of industrial companies of similar size. These companies reflect the labor pool for executive talent generally rather than the labor pool specifically available to Carpenter or its competitors.

Compensation of executives at Carpenter is primarily composed of three parts –base salary, annual incentives and long-term incentives – and is closely linked to the Company' s financial performance. Carpenter' s poor performance in the early 2000' s resulted in executive pay being well below competitive levels. The Company' s improved financial results beginning in fiscal year 2004 and continuing throughout fiscal years 2005 and 2006 led the Committee to adjust executive pay for most of the executives to competitive levels over the three-year period.

Base Salary

In general, base salaries are targeted around the market 50th percentile and adjusted by the Compensation Subcommittee to recognize each executive' s experience, responsibility and value to the organization. Base salary increases were not granted in the years immediately prior to fiscal year 2005, resulting in compensation for Carpenter executives that was significantly below market level. The Compensation Subcommittee granted base salary increases in fiscal years 2005 and 2006 to bring salaries more in line with market levels and to reflect the Company' s improved performance.

Annual Incentives

In 2006, the Executive Annual Compensation Plan (“EACP”) provided short-term variable cash compensation for the Named Executive Officers and other eligible executives with payments based on combinations

Table of Contents

of corporate and business unit financial performance. This portion of the Executive Officers' cash compensation was wholly dependent upon the Company's financial results and highly leveraged to ensure below market total compensation when financial goals were not achieved and above market total compensation only when the annual financial results were superior. For fiscal year 2006, the Human Resources Committee established earnings per share ("EPS") and Return On Net Assets ("RONA") as the key corporate measures for the EACP. In addition, business unit RONA and operating income were established as additional components for Messrs. Oates and Shor. The Company's financial performance in 2006 resulted in EACP payouts at the maximum of 200% of target level for each executive officer except Mr. Shor who earned 170% of his target level. The EACP has been revised and is now named the Executive Bonus Compensation Plan ("EBCP"). This revised Plan is being submitted for stockholder approval at the Annual Meeting.

Long-Term Incentives

Carpenter continues to deliver a significant portion of an executive's total pay opportunity in the form of long-term, equity based, incentive compensation. Long-term, equity based, incentives are viewed to be a key program element, given the Committee's desire to reinforce connections among sustainable financial performance, stockholder value creation and executive pay.

For fiscal year 2006, the Company delivered long-term incentives in the form of restricted stock. There were no stock option awards issued in fiscal year 2006. Restricted stock awards were granted to Named Executive Officers in the form of performance based restricted shares which were earned upon achievement of the corporate RONA target and which will vest ratably over fiscal years 2007 and 2008. Mr. Torcolini was also granted time vested restricted shares that vest in full five years after the end of the fiscal year (June 30, 2011), if he is then still a Carpenter employee. The number of time vested restricted shares were granted based upon an evaluation of Mr. Torcolini's individual performance. In 2006, grants of restricted shares were divided equally between time vested shares and performance shares to be earned at target. The Company's financial performance in 2006 resulted in performance shares being earned at the maximum 200% of target level for each executive officer.

Stock Ownership Guidelines

Carpenter introduced stock ownership guidelines in 1997 to further its objective of increasing management's ownership stake. Over time, executives are expected to achieve and maintain ownership of certain amounts of common stock. The Chief Executive Officer is expected to own 3 times his base salary in Carpenter stock. Senior Vice Presidents and Vice Presidents are expected to own 1.5 times their base salaries in Carpenter stock and other covered executives are expected to own Carpenter stock in the amount of their base salaries. The primary intent of these guidelines is to increase significantly the extent to which each executive's personal assets are directly linked to the performance of Carpenter's common stock. All of the Named Executive Officers own Carpenter stock well in excess of their respective stock ownership guidelines.

Policy with Respect to the \$1 Million Deduction Limit

Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction for compensation paid to certain individuals, including the Named Executive Officers, to \$1 million, unless certain requirements are met. Carpenter's bonus and long-term incentive arrangements to the extent based upon achieving performance targets are intended to conform with Internal Revenue Code deductibility requirements. The Compensation Subcommittee may determine from time to time that it is appropriate to pay some portion of an executive's compensation in a manner and amount that may not be deductible for tax purposes, if it is in the best interest of the Company to do so. Grants of restricted stock made in 2006 that vest solely upon the passage of time and not on achievement of performance targets do not qualify as deductible compensation under Section 162(m). In addition, cash bonus payments under EACP are not deductible because the EACP plan was not approved by stockholders. As a result, during fiscal year 2006, Messrs. Torcolini, Geremski, Oates and Shor received compensation in excess of \$1 million that was not deductible for tax purposes. The revised Executive Bonus Compensation Plan is being submitted to stockholders for approval at the Annual Meeting.

CEO Compensation

For fiscal year 2006, the Human Resources Committee set the salary of the CEO as well as the salaries of the other Named Executive Officers. During fiscal year 2005, the financial performance of the Company significantly exceeded expectations. Management's actions have established a solid base for continued superior performance by the Company in the future. In accordance with the market data and the Company's strong financial performance, the Compensation Subcommittee maintained the CEO's salary and his annual incentive opportunity, and granted restricted stock in fiscal year 2006 and provided further adjustments effective for fiscal year 2007 as noted below. The Compensation Subcommittee recognized that Mr. Torcolini had publicly announced his intent to retire at such time as the Board of Directors designates his successor.

Annual Base Salary

Mr. Torcolini's salary was increased from fiscal year 2005 to fiscal year 2006 to \$850,000. Since this salary is in the mid-range of the comparative group of CEOs reviewed by the Compensation Subcommittee and in light of Mr. Torcolini's announced retirement, his base salary for fiscal year 2007 was not changed.

Annual Incentives

Special Severance Agreements

Carpenter has Special Severance Agreements in place with its executive officers. Under these agreements, if the officer's employment is terminated following a "change in control" of Carpenter, the officer will receive his (1) full salary and all bonuses, (2) pension and other benefits through the termination date and (3) the vesting of all restricted stock and stock options, and the ability to exercise all other grants. In addition, if the termination is by Carpenter, other than for cause, or by the officer for good reason, the officer will receive (1) a lump sum payment equal to three years salary and full annual bonus (computed without regard to actual attainment of relevant performance goals) and (2) an enhanced pension benefit either paid as a lump sum from general assets or under the Supplemental Retirement Plan for Executives ("SERP"). In addition, under similar circumstances, the agreements provide continuation of all other active benefits for three years, tax and financial planning for three years, outplacement services, company payment of any federal excise tax created by the agreement and reimbursement of any legal fees for enforcing or defending the agreement. Messrs. Torcolini, Oates, Shor, Geremski, Christiansen, Barry J. Chapman, Vice President-Human Resources and M. David Kornblatt, Senior Vice President-Finance and Chief Financial Officer, all have entered into Special Severance Agreements in the form described above. The Special Severance Agreements are currently in effect and automatically renew for three-year periods on an evergreen basis.

Savings Plan of Carpenter Technology Corporation

The Savings Plan is a profit sharing and employee stock ownership plan established pursuant to Sections 401(a), 401(k) and 4975(e) of the Internal Revenue Code. Carpenter contributes 3% of the eligible pay of each eligible employee (including officers) to the Plan. Eligible pay under the Savings Plan is the total straight-time wages paid to each eligible employee and does not include bonus compensation.

Carpenter' s contribution is invested, as the employee selects, into one or more pre-established investment funds. If Carpenter' s contribution for an employee under the Savings Plan is limited by the Internal Revenue Code, the employee will receive these lost

[Table of Contents](#)

Savings Plan contributions under the Deferred Compensation Plan for Officers and Key Employees. In addition, an employee may authorize Carpenter to make contributions, including salary deferrals, limited to 35% of eligible pay. Amounts in the Summary Compensation Table include amounts deferred.

Employee Stock Ownership Plan

The Carpenter Technology Corporation Employee Stock Ownership Plan (ESOP) was established in 1991. The trustee of the ESOP, State Street Bank and Trust Company, purchased 461,538,461.5 shares of series A convertible preferred stock from Carpenter at a price of \$65,000 per share, or an aggregate purchase price of approximately \$30 million, for a 15-year note issued by the trustee to Carpenter and a small amount of cash.

Each share of preferred stock is convertible, at the trustee's option, into at least 2,000 shares of common stock at a conversion price of \$32.50 per share of common stock. The preferred shares are divided into 2,000 equal units. Each eligible employee was allocated one unit on the effective date of the ESOP, September 6, 1991. Additional units are allocated to employees as the loan is repaid. Generally, only those employees actively employed on the last day of the plan year, December 31, will receive an allocation for that year. The funds used by the ESOP to repay the loan come from contributions by Carpenter and dividends on the ESOP shares.

Retirement Benefits

The General Retirement Plan for Employees of Carpenter Technology Corporation provides retirement benefits to employees, including the Named Executive Officers, at age 65 (with five years of service), or as early as age 55 (with ten years of service); or at any age with 30 years of service. Such benefits are based on either: (1) a fixed monthly rate for each year of service; or (2) the product of 1.3% times each of the first 20 years of service, plus 1.4% times each year of service over 20, multiplied by the individual's highest average earnings. This average is calculated from the highest five annual periods (during the last ten years of service) that end on the individual's retirement anniversary. For pension purposes, earnings include all salaries, bonuses, and extra compensation.

Carpenter has two plans for those participants in the General Retirement Plan whose benefits are reduced by limitations of the Internal Revenue Code: the Benefit Equalization Plan and the Earnings Adjustment Plan. These two plans will restore amounts lost under the General Retirement Plan because of Code limitations. In general, benefits under these plans are subject to the same administrative rules as the General Retirement Plan.

Certain executives, including the Named Executive Officers, have been designated by the Board of Directors as participants under the SERP. This supplemental benefit is payable for a fixed term of 15 years or as an actuarially equivalent life annuity, commencing in the month following retirement (unless a disabled participant elects a later date). The total benefits a participant will receive from these retirement plans, plus primary Social Security will be approximately 60% of the participant's average earnings (as calculated under the General Retirement Plan) when retirement occurs with 30 years of service. The cash equivalent of restricted shares awarded in place of fiscal year 2004 bonus will be included for purposes of determining average earnings under the General Retirement Plan or the SERP. In addition, Mr. Geremski will receive a minimum benefit equal to 50% of his average earnings upon completion of five years of service. Mr. Geremski retired from his employment effective August 1, 2006 and qualified for the minimum benefit.

The Officers' Supplemental Retirement Plan provides supplemental pension benefits to participants who have benefits reduced under the General Retirement Plan because of amounts deferred under the Deferred Compensation Plan. The Officers' Supplemental Retirement Plan restores reductions that occur under the General Retirement Plan as a result of these deferrals, without regard to any limitations of the Internal Revenue Code. Benefits under this Plan are subject to the same administrative rules as the General Retirement Plan.

The following table illustrates the total annual retirement benefits payable under the retirement plans described in this section. A participant may receive less than the maximum benefit dependent upon age and the date on which he or she was granted SERP participation.

PROPOSAL #2

APPROVAL OF THE AMENDED STOCK-BASED COMPENSATION PLAN FOR NON-EMPLOYEE DIRECTORS

The stockholders of Carpenter Technology Corporation (the "Company") are being asked to approve the amended Stock-Based Compensation Plan For Non-Employee Directors (the "Director Plan"). The Board of Directors of Carpenter Technology Corporation (the "Board") approved the amended Director Plan on August 24, 2006, to be effective June 29, 2006, subject to stockholder approval. The amendment increases the number of shares of Carpenter Common Stock reserved for issuance under the Director Plan by 500,000 and eliminates awards of Stock Appreciation Rights. As of August 18, 2006, approximately 99,195 shares remained available for issuance under the Director Plan.

Purpose of the Director Plan

The purpose of the Director Plan is to promote the long-term success of Carpenter and its subsidiaries and to increase stockholder value by:

- attracting and retaining non-employee directors of outstanding ability;
- encouraging directors to focus on long-range objectives; and
- further aligning the interests of directors with the interests of the stockholders.

Summary of the Director Plan

The following general description of certain features of the Director Plan is qualified in its entirety by reference to the Director Plan which is attached hereto as Exhibit A. Capitalized terms not otherwise defined in this summary have the meanings given to them in the Director Plan.

General. The Director Plan will authorize the grant of Options, Performance Units and Stock Units (collectively, "Awards"). All Options granted under the Director Plan shall be nonqualified stock options.

Number of Shares Authorized. The total number of shares currently available for issuance under the Director Plan represents .39% of the sum of shares of Common Stock outstanding as of August 18, 2006, plus the shares currently available. The proposed amendment would increase the aggregate number of shares of Carpenter Common Stock issuable pursuant to the Director Plan by 500,000 shares to 599,195 shares, which represents 2.29% of the sum of shares of Common Stock outstanding as of August 18, 2006, plus the shares available upon stockholder approval of the increase in authorized shares.

The lapse, cancellation or other termination of an Award that has not been fully exercised or paid shall result in the shares subject to such Award being again available for issuance on future Awards.

The total number and kind of shares available for Awards under the Plan or which may be allocated to any one Eligible Director, the number and kind of shares subject to outstanding Awards, and the exercise price for Options or the value of Performance Units or Stock Units shall be appropriately adjusted by the Board for any increase or decrease in the number of outstanding shares resulting from a stock dividend, subdivision, combination of shares, reclassification, or other change in corporate structure affecting the shares or for any conversion of the shares into or exchange of the shares for other shares as a result of any merger or consolidation (including a sale of assets) or other recapitalization as may be necessary to maintain the proportionate interest of the Participant in a previously awarded Option, Performance Unit or Stock Unit.

[Table of Contents](#)

Administration. The Company will administer the Director Plan. The Board shall have the full authority to interpret the Director Plan, however an Eligible Director must be recused and abstain from any action of the Board that affects his or her outstanding Award. Subject to the other provisions of the Director Plan, the Board has the authority to:

- determine the terms and conditions of any Award granted under the Plan (including, but not limited to, restrictions as to vesting, transferability or forfeiture, exercisability or settlement of an Award and waivers or accelerations thereof, and waivers of or modifications to performance conditions relating to an Award, based in each case on such considerations as the Board shall determine) and all other matters to be determined in connection with an Award;
- determine whether, to what extent, and under what circumstances an Award may be canceled, forfeited, or surrendered;
- determine whether, and to certify that, Performance Goals to which the settlement of an Award is subject are satisfied;
- correct any defect or supply any omission or reconcile any inconsistency in the Plan, and to adopt, amend and rescind such rules and regulations as, in its opinion, may be advisable in the administration of the Plan; and
- make all other determinations as it may deem necessary or advisable for the administration of the Plan.

Eligibility. Each member of the Board of the Company who is not an employee of the Company or any of the Company's subsidiaries (as defined in section 424(f) of the Code), or who is not otherwise excluded from participation by agreement is eligible to receive Awards under the Director Plan.

Each Award granted under the Director Plan will be evidenced by a written agreement between the Eligible Director and the Company, which will describe the Award and state the terms and conditions applicable to such Award. The principal terms and conditions of each particular type of Award are described below.

Performance Goals

The Award Agreements may provide for vesting or earning the Award based on achievement of Performance Goals. Performance Goals may be measured on an absolute or relative basis. Relative performance may be measured against an external index, such as a group of peer companies, industry groups or a financial market index. Performance Goals may be based upon:

- the price of Common Stock,
- the market share of the Company or its subsidiaries (or any business unit thereof),
- sales or revenue of the Company or its subsidiaries (or any business unit thereof),
- earnings or diluted earnings per share of Common Stock, with or without net pension credit/expense,
- return on stockholder equity of the Company,
- costs of the Company or its subsidiaries (or any business unit thereof),
- cash flow of the Company or its subsidiaries (or any business unit thereof),
- return on total assets of the Company or its subsidiaries (or any business unit thereof) ("ROA"),
- return on invested capital of the Company or its subsidiaries (or any business unit thereof),
- return on net assets of the Company or its subsidiaries (or any business unit thereof) ("RONA"),
- operating income of the Company or its subsidiaries (or any business unit thereof), with or without net pension credit/expense,
- net income of the Company or its subsidiaries (or any business unit thereof) with or without net pension credit/expense,
- costs of capital of the Company or its subsidiaries (or any business unit thereof),
- earnings before interest and income taxes ("EBIT") or earnings before interest, income taxes, depreciation and amortization ("EBITDA") of the Company or its subsidiaries,
- economic profit of the Company or its subsidiaries,

total stockholder return,

economic value added, or

any other financial or other measurement deemed appropriate by the Board, as it relates to the results of operations or other measurable progress of the Company or its subsidiaries (or any business unit thereof).

Options

An Option is the right to purchase shares of Common Stock for a specified period of time at a fixed price (the “exercise price”). The Director Plan authorizes Initial and Annual Option grants. The Board has authority to grant each Eligible Director, who has not previously received a grant under this Plan, an Initial Option to acquire up to 2,000 shares on such Eligible Director’s Election Date and, immediately after the Annual Meeting of the Company’s stockholders, each Eligible Director may be granted an Option to acquire up to 4,000 shares either in lieu of or in addition to such Eligible Director’s Annual Retainer. An Option granted under the Director Plan will be exercisable after completion of one year of service after the Grant Date and shall expire on the tenth anniversary of the Grant Date. Only non-qualified stock options may be granted under the Director Plan.

Exercise Price. The Company will determine the exercise price of an Option at the time the Option is granted. The exercise price will not be less than 100% of the Fair Market Value of Common Stock on the Grant Date.

Consideration. The means of payment for shares issued upon exercise of an Option will be specified in each Award Agreement and generally may be made by the Eligible Director in cash, with shares of Common Stock, or a combination of the foregoing methods, including “cashless exercise” arrangements. The Company may also permit Options to be exercised with such other consideration as it deems appropriate, as reflected in the applicable Award Agreement.

Term of the Option. The term of an Option granted under the Director Plan will be no longer than ten years from the Grant Date.

Performance Units

A Performance Unit means the right to receive, following eligible termination of service as an Eligible Director, one share of Common Stock. Performance Units will be earned, if at all, based upon the attainment of Performance Goals by the end of a period specified by the Board. Fractional Performance Units, measured to the nearest four decimal places, may be credited. Eligibility for Performance Units may be granted annually by the Board to an Eligible Director.

The Board is to determine the number of Performance Units (including fractions) eligible to be earned by an Eligible Director, the Performance Goals applicable to such Performance Units, and any restrictions on the Performance Units or shares that may become earned with the attainment of the Performance Goals.

Earned Units. The Board is to determine the extent to which Performance Units are earned as a result of the attainment of Performance Goals over the applicable performance period. As soon as practicable following the Board’s determination, earned Performance Units (or fractions thereof) are to be allocated to the Eligible Director’s account with an initial value equal to the Fair Market Value at the close of the applicable period.

Dividend Equivalents. An Eligible Director who has earned Performance Units will also be allocated additional Units, based on the Company’s payment of dividends on its Common Stock, determined on a quarterly basis. The number of additional Units to be allocated will be determined by multiplying the quarterly dividend per share of Company Common Stock for the immediately preceding quarter by the number of Performance Units previously credited to the Eligible Director’s account on the first day of that calendar quarter and dividing the result by the Fair Market Value on the last business day of that quarter.

Payment. An Eligible Director is to receive shares of Common Stock in payment of Performance Units credited to the Eligible Director’s account in a single lump sum distribution as soon as is practicable following the Eligible Director’s termination of service as a result of death, Disability or Retirement, provided, however, that no payment shall be made later than March 15 of the calendar year following the Eligible Director’s termination of service.

Stock Units

A Stock Unit means the right to receive, following eligible termination of service as an Eligible Director, one share of Common Stock. Fractional Stock Units, measured to the nearest four decimal places, may be credited.

An Eligible Director will be granted Stock Units in an amount equal to half of his or her annual retainer at each annual meeting of stockholders, in lieu of cash. In addition, an Eligible Director may elect to receive up to 100% of the balance of his or her annual cash retainer in Stock Units.

Dividend Equivalents. An Eligible Director who has earned Stock Units will also be allocated Stock Units based on the Company's payment of dividends on its Common Stock, determined on a quarterly basis. The number of Stock Units to be allocated will be determined by multiplying the quarterly dividend per share of Company Common Stock for the immediately preceding quarter by the number of Stock Units previously credited to the Eligible Director's account on the first day of that calendar quarter and dividing the result by the Fair Market Value on the last business day of that quarter.

Payment. An Eligible Director is to receive shares of Common Stock in payment of Stock Units credited to the Eligible Director's account in a single lump sum distribution as soon as is practicable following the Eligible Director's termination of service as a result of death, Disability or Retirement, provided, however, that no payment shall be made later than March 15 of the calendar year following the Eligible Director's termination of service.

General Provisions

Vesting. An Eligible Director's voluntarily deferred Stock Units are always vested. In general, an Eligible Director's Stock Units granted at the annual meeting vest under the Director Plan upon the Eligible Director's continued Board service through the following annual meeting and are forfeited unless Board service continues through such meeting. However, such Awards may vest earlier in the event of a Change in Control, as described below.

Forfeiture. An Eligible Director will forfeit all Units except those voluntarily deferred, if he or she terminates service as an Eligible Director for any reason other than Retirement, Disability, or death.

Nontransferability of Awards. In general, during an Eligible Director's lifetime, his or her Awards are to be exercisable only by the Eligible Director and are not transferable, other than by will or the laws of descent and distribution.

Termination of Eligible Director's Service. Each Award Agreement is to provide rules for the exercise, allocation and payment of such Award following termination of the Eligible Director's service for any reason, which may include, but not be limited to, death, Disability, termination for Cause or Retirement. The Board may take actions and provide in Award Agreements for such post-termination rights which it believes equitable under the circumstances or in the best interests of the Company with respect to Awards that are not fully earned, vested or exercisable. However, in the absence of specific Board resolution to the contrary, the Award Agreements will provide for the following terms in the event of termination of Eligible Director service by reason of death, Disability, or Retirement.

In the event of the Eligible Director's death on or after the one-year anniversary of an Option's Grant Date, the Eligible Director's Beneficiary may exercise the Option at any time before the expiration of the remainder of the existing term of the Option. In the event of the Eligible Director's termination due to Disability or Retirement on or after the one-year anniversary of an Option's Grant Date, the Option will remain exercisable during the remainder of the original term. An Eligible Director is to have no more than three months following termination for any reason other than death, Disability or Retirement to exercise any Option, to the extent exercisable at the time of such termination. If an Eligible Director's service is terminated for Cause, any unexercised Options will be revoked.

In the event of the Eligible Director's death, Disability or Retirement prior to the payment of an Award of Stock Units or earned Performance Units, the value of the Award will be payable immediately.

[Table of Contents](#)

Notwithstanding the foregoing, the Board retains the right to revoke or revise the terms of any unearned, unvested or unexercised Award in the event of an Eligible Director' s termination for Cause.

Change in Control

Upon the occurrence of a change in control, Options granted under the Director Plan shall vest in full and become exercisable. Performance Units will become payable in cash within 30 days following such Change in Control based upon attainment of the applicable Performance Goals for the expired portion of the applicable measurement period and any unvested Stock Units shall vest in full.

For purposes of the Director Plan, "Change in Control" is defined in Section 13 of the Director Plan document presented as Exhibit A.

Effective Date, Amendments, and Termination of the Director Plan. The amended Director Plan will be effective upon its approval by Company stockholders. The Board has the authority to amend or terminate the Director Plan at any time; provided, however, that stockholder approval is required for any amendment which (i) increases the number of shares available for Awards under the Director Plan (other than to reflect a change in the Company' s capital structure), (ii) decreases the price at which Awards may be granted, or (iii) as otherwise required by applicable law, regulation, or rules of any stock exchange or automated quotation system on which the Common Stock may then be listed or quoted. The Director Plan will terminate upon the date on which all outstanding Options have expired or terminated, and all outstanding Performance Units and Stock Units have been paid or otherwise provided for.

Certain Federal Income Tax Considerations

The following discussion is a summary of certain federal income tax considerations that may be relevant to Eligible Directors in the Director Plan. The discussion is for general informational purposes only and does not purport to address specific federal income tax considerations that may apply to an Eligible Director based on his or her particular circumstances, nor does it address state or local income tax or other tax considerations that may be relevant to an Eligible Director.

ELIGIBLE DIRECTORS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE PARTICULAR FEDERAL INCOME TAX CONSEQUENCES TO THEM OF PARTICIPATING IN THE DIRECTOR PLAN, AS WELL AS WITH RESPECT TO ANY APPLICABLE STATE OR LOCAL INCOME TAX OR OTHER TAX CONSIDERATIONS.

Performance Units

An Eligible Director realizes no taxable income and the Company is not entitled to a deduction when Performance Units are granted. When Performance Units are paid as a result of the Eligible Director' s Retirement or termination of services for the Company, the Eligible Director will realize ordinary income equal to the Fair Market Value of the Performance Units and the Company will be entitled to a corresponding deduction.

An Eligible Director' s tax basis in shares of Common Stock represented by Performance Units will be equal to their Fair Market Value as of the date the Eligible Director terminates Board service, and the Eligible Director' s holding period for the shares will begin at such time. Upon sale of the shares, the Eligible Director will realize short-term or long-term gain or loss, depending upon whether the shares have been held for more than one year at the time of sale. Such gain or loss will be equal to the difference between the amount realized upon the sale of the shares and the tax basis of the shares in the Eligible Director' s hands.

Options

An Eligible Director realizes no taxable income and the Company is not entitled to a deduction when a non-qualified option is granted. Upon exercise of a non-qualified option, an Eligible Director will realize ordinary income equal to the excess of the Fair Market Value of the shares received over the exercise price of the non-qualified option, and the Company will be entitled to a corresponding deduction. An Eligible Director's tax basis in the shares of Common Stock received upon exercise of a non-qualified option will be equal to the Fair Market Value of such shares on the exercise date, and the Eligible Director's holding period for such shares will begin at that time. Upon sale of the shares of Common Stock received upon exercise of an Option, the Eligible Director will realize short-term or long-term capital gain or loss, depending upon whether the shares have been held for more than one year. The amount of such gain or loss will be equal to the difference between the amount realized in connection with the sale of the shares, and the Eligible Director's tax basis in such shares.

Under the Director Plan, non-qualified options may, with the consent of the Board, be exercised in whole or in part with shares of Common Stock held for at least six months by the Eligible Director. Payment in Common Stock will be treated as a tax-free exchange of the shares surrendered for an equivalent number of shares of Common Stock received, and the equivalent number of shares received will have a tax basis equal to the tax basis of the surrendered shares. The Fair Market Value of shares of Common Stock received in excess of the number of shares surrendered will be treated as ordinary income and such shares have a tax basis equal to their Fair Market Value on the date of the exercise of the non-qualified option.

New Plan Benefits

There have been no grants made under the amended Director Plan. Because benefits under the amended Director Plan will depend on the actions of the Board and the value of the Company's Common Stock, it is not possible to determine the benefits that will be received if the amended Director Plan is approved by stockholders.

Vote Required for Approval. The affirmative vote of a majority of the votes cast is required to approve the proposed amendment to the Director Plan.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THIS PROPOSAL.

PROPOSAL #3
APPROVAL OF AMENDED AND RESTATED
STOCK-BASED INCENTIVE COMPENSATION PLAN
FOR OFFICERS AND KEY EMPLOYEES

The stockholders of Carpenter Technology Corporation are being asked to approve the amended and restated Stock-Based Incentive Compensation Plan for Officers and Key Employees (the "Omnibus Plan"). The amended and restated Omnibus Plan was adopted by Carpenter's Board of Directors on August 24, 2006, to be effective June 29, 2006, subject to stockholder approval, and increases the number of shares of Carpenter Common Stock reserved for issuance under the Omnibus Plan by 2,300,000 shares and eliminates Awards of non-restricted Performance Shares. As of August 18, 2006, approximately 152,718 shares remain available for issuance under the Omnibus Plan.

Purpose of the Omnibus Plan

The purpose of the Omnibus Plan is to attract and retain valued employees by offering them a greater stake in the Company's success and a closer identity with it, and to encourage ownership of the Company's stock by such employees.

Summary of the Omnibus Plan

The following general description of certain features of the Omnibus Plan is qualified in its entirety by reference to the Omnibus Plan which is attached hereto as Exhibit B. Capitalized terms not otherwise defined in this summary have the meanings given to them in the Omnibus Plan.

General. The Omnibus Plan authorizes the grant of Options, Restricted Stock, and Restricted Stock Units (collectively, "Awards"). Only nonqualified Options may be granted under the Omnibus Plan.

Number of Shares Authorized. The total number of shares currently available for issuance under the Omnibus Plan represents .59% of the sum of shares of Common Stock outstanding as of August 18, 2006, plus the shares currently available. The proposed amendment would increase the aggregate number of shares of Carpenter Common Stock issuable pursuant to the Omnibus Plan by 2,300,000 shares to 2,452,718 shares, which represent 8.77% of the sum of shares of Common Stock outstanding as of August 18, 2006, plus the shares available upon stockholder approval of the increase in authorized shares.

The maximum number of shares that may be granted to any Employee as Awards under the Omnibus Plan during any calendar year shall not exceed 500,000 shares. The type and amount of Awards to be granted are determined by the Committee (or subcommittee) that administers the Omnibus Plan, in its discretion.

If any shares subject to an Award are forfeited or such Award otherwise terminates or is settled for any reason whatsoever without an actual distribution of shares to the Participant, any shares counted against the number of shares available for issuance pursuant to the Omnibus Plan with respect to such Award shall, to the extent of any such forfeiture, settlement, or termination, again be available for Awards under the Omnibus Plan.

In the event that any stock dividend, recapitalization, forward split or reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase or share exchange, extraordinary or unusual cash distribution or other similar corporate transaction or event, affects the Common Stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of Participants under the Omnibus Plan, then the Committee shall, in such manner as it may deem equitable, adjust any or all of (a) the number and kind of shares of Common Stock which may thereafter be issued in connection with Awards, (b) the number and kind of shares of Common Stock issuable in respect of outstanding Awards, (c) the aggregate number and kind of shares of Common Stock available under the Omnibus Plan, and (d) the exercise or Award-date price relating to any Award or, if deemed appropriate, make provision for a cash payment with respect to any outstanding Award; provided, however, in each case, that no adjustment shall be made that would adversely affect the status of any Award that is intended to be a Qualified Performance-Based Award.

Table of Contents

Administration. The Human Resources Committee (the “Committee”) will administer the Omnibus Plan. With respect to “Qualified Performance-Based Awards” (discussed below), the Committee or a designated subcommittee is to be comprised exclusively of two or more members of the Board who are Non-Employee Directors and “outside directors” within the meaning of section 162(m)(4)(C) of the Code and treasury regulation 1.162-27(e)(3). Subject to the other provisions of the Omnibus Plan, the Committee has the authority to:

1. select the Employees who will receive Awards pursuant to the Omnibus Plan;
2. determine the type or types of Awards to be granted to each Participant;
3. determine the number of shares of Common Stock to which an Award will relate, the terms and conditions of any Award granted under the Omnibus Plan (including, but not limited to, restrictions as to vesting, transferability or forfeiture, exercisability or settlement of an Award and waivers or accelerations thereof, and waivers of or modifications to performance conditions relating to an Award, based in each case on such considerations as the Committee shall determine) and all other matters to be determined in connection with an Award;
4. determine whether, to what extent, and under what circumstances an Award may be canceled, forfeited, or surrendered;
5. determine whether, and to certify that, Performance Goals to which the settlement of an Award is subject are satisfied;
6. correct any defect or supply any omission or reconcile any inconsistency in the Omnibus Plan, and to adopt, amend and rescind such rules and regulations as, in its opinion, may be advisable in the administration of the Omnibus Plan; and
7. make all other determinations as it may deem necessary or advisable for the administration of the Omnibus Plan.

The Committee may delegate to the Company’s Chief Executive Officer (the “CEO”) its authority under numbers 1-4 above, to grant Awards covering a pre-determined aggregate number of shares of Common Stock. Such delegation is limited to the authority to grant and amend Awards to Participants who are not subject to the requirements of Rule 16b-3 of the Exchange Act. Any Awards granted or amended by the CEO are to be subject to the terms of the Omnibus Plan. The CEO shall report to the Committee, in a form and manner to be determined by the Committee, at least annually on the disposition of shares subject to Awards granted or amended by the CEO. Any reference to the Committee hereafter includes the CEO to the extent the Committee has delegated the authority to grant or amend Awards.

Eligibility. The Omnibus Plan provides that Awards may be granted to any officer or other key employee of the Company or a Subsidiary including a director who is such an employee, who is selected by the Company to participate in the Omnibus Plan. The maximum number of shares that may be awarded to any Participant as Qualified Performance-Based Awards (described below) in any calendar year may not exceed 500,000.

Each Award granted under the Omnibus Plan will be evidenced by a written agreement between the Participant and the Company, which will describe the Award and state the terms and conditions applicable to such Award. The principal terms and conditions of each particular type of Award are described below.

Performance Goals

The Award Agreements may provide for vesting or earning the Award based on achievement of Performance Goals. Performance Goals may be measured on an absolute or relative basis. Relative performance may be measured against an external index, such as a group of peer companies, industry groups or a financial market index.

Awards intended to meet the requirements of section 162(m) of the Code applicable to qualified performance-based compensation (“Qualified Performance-Based Awards”) are limited to one or more of the following Performance Goals:

- the price of Common Stock,
- the market share of the Company or its subsidiaries (or any business unit thereof),
- sales or revenue of the Company or its subsidiaries (or any business unit thereof),
- earnings or diluted earnings per share of Common Stock, with or without net pension credit/expense,

return on stockholder equity of the Company,
costs of the Company or its subsidiaries (or any business unit thereof),
cash flow of the Company or its subsidiaries (or any business unit thereof),
return on total assets of the Company or its subsidiaries (or any business unit thereof) (“ROA”),
return on invested capital of the Company or its subsidiaries (or any business unit thereof),
return on net assets of the Company or its subsidiaries (or any business unit thereof) (“RONA”),
operating income of the Company or its subsidiaries (or any business unit thereof), with or without net pension credit/expense,
net income of the Company or its subsidiaries (or any business unit thereof) with or without net pension credit/expense,
costs of capital of the Company or its subsidiaries (or any business unit thereof),
earnings before interest and income taxes (“EBIT”) or earnings before interest, income taxes, depreciation and amortization (“EBITDA”) of the Company or its subsidiaries,
economic profit of the Company or its subsidiaries,
total stockholder return,
economic value added, or
any other financial or other measurement deemed appropriate by the Board, as it relates to the results of operations or other measurable progress of the Company or its subsidiaries (or any business unit thereof).

Adjustments. The Committee has authority to make adjustments in the method of calculating achievement of Performance Goals in recognition of the effects of changes in accounting standards or methods and unusual or nonrecurring events that would otherwise modify an incentive award under the Omnibus Plan. In the case of Qualified Performance-Based Awards, these adjustments must be made in a manner consistent with section 162(m) and the regulations thereunder.

Options

An Option is the right to purchase shares of Common Stock for a specified period of time at a fixed price (the “exercise price”). Each Award Agreement will specify the exercise price, the type of Option, the term of the Option and the date or dates when the Option will become exercisable. Each grant of Options is to specify the length of service that must be achieved before it becomes exercisable. Options may only be granted to employees, shall only be transferable by will or under the laws of descent and distribution, and, during the Participant’s lifetime, may only be exercised by the Participant. Only Non-Qualified Options may be granted under the Omnibus Plan.

Exercise Price. The Committee will determine the exercise price of an Option at the time the Option is granted. The exercise price of a Non-Qualified Option will not be less than 100% of the Fair Market Value of Common Stock on the date the Option is granted.

Consideration. The means of payment for shares issued upon exercise of an Option will be specified in each Award Agreement and generally may be made by the Participant in cash, by the surrender at Fair Market Value of Common Stock, by any combination of cash and shares of Common Stock, the means or methods of payment, including “cashless exercise” arrangements, to the extent permitted by applicable law, and the methods by which, or the time or times at which, Common Stock will be delivered or deemed to be delivered to the Participant upon the exercise of such Option. Notwithstanding the foregoing, the Committee may not permit payment through any method that would constitute a prohibited extension of credit to those officers of the Company who are subject to the provisions of the Sarbanes-Oxley Act of 2002.

Term of the Option. The term of an Option granted under the Omnibus Plan will be no longer than ten years from the date of grant.

Restricted Stock

An Award of Restricted Stock is a grant to the recipient of a specified number of shares of Common Stock which are subject to forfeiture upon specified events during the Restriction Period. Each grant of Restricted Stock is to specify the duration of the Restriction Period and any other conditions under which the Restricted Stock would be

[Table of Contents](#)

forfeitable to the Company, including any applicable Performance Goals, and will include restrictions on transfer to third parties during the Restriction Period.

The Restriction Period for such Awards, unless otherwise determined by the Committee, must be at least (i) three years for Awards that vest solely on the passage of time and (ii) one year for Awards that are earned in whole or in part upon the attainment of Performance Goals.

From time to time during the Restriction Period, the Board may, but is not required to, authorize the payment of an amount equivalent to a dividend declared and paid on the Company's Common Stock to any Participant awarded Restricted Stock. Such payment may be made in cash currently or deemed reinvested in Restricted Stock as determined by the Board in its sole discretion. During the Restriction Period, the Participant will have the right to vote the shares of Restricted Stock.

Restricted Stock Units

Awards of Restricted Stock Units may be made under the Omnibus Plan. A Restricted Stock Unit is a book-entry unit with a value equal to one share of Common Stock. A grant of Restricted Stock Units will vest and become payable to the Participant upon other future events, including the achievement during a specified performance cycle of Performance Goals established by the Committee or the passage of time. Each grant of Restricted Stock Units will specify the conditions, including the passage of time and Performance Goals, if applicable, that must be satisfied in order for payment to be made. Payment of Restricted Stock Units may be made in cash, shares of Common Stock, or a combination thereof, equal to the Fair Market Value of the shares of Common Stock to which the Award relates.

The Board may, but is not required to, authorize the payment of an amount equivalent to a dividend declared and paid on the Company's Common Stock to any Participant awarded Restricted Stock Units, provided that any such payment, if authorized, shall not be made unless and until such Restricted Stock Units are earned and the relevant time period or periods satisfied and/or the attainment of Performance Goals is certified by the Committee. Such payment may be made in cash currently or deemed reinvested in Restricted Stock Units as determined by the Board in its sole discretion. A Participant will not have voting rights with respect to Restricted Stock Units prior to payment of Common Stock in satisfaction of such Restricted Stock Units.

General Provisions

Vesting. Any Award may provide for full vesting, early exercise rights or termination of a restriction or deferral period in the event of a Change in Control or similar event.

Nontransferability of Awards. In general, during a Participant's lifetime, his or her Awards shall be exercisable only by the Participant and shall not be transferable other than by will or laws of descent and distribution. However, the Committee may provide for limited lifetime transfers of Awards to certain family members, trusts for the benefit of family members, or partnerships in which such family members are the only partners.

In addition, the Committee may provide in any Award Agreement terms and conditions under which the Participant must sell or offer to sell any Awards, whether or not vested, and any Common Stock acquired pursuant to an Award to the Company.

Termination of Employment. Each Award Agreement will provide rules for the exercise or vesting of such Award following termination of employment for any reason, which may include, but not be limited to, death, Disability, termination for Cause or Retirement. The Committee may take actions and provide in Award Agreements for such post-termination rights which it believes to be equitable under the circumstances or in the best interests of the Company with respect to Awards that are not fully earned, vested or exercisable. However, in the absence of specific Committee resolution to the contrary, the following terms will apply to Awards following a Participant's termination.

In the event of the Participant's death on or after the one-year anniversary of the grant of an Option, the Participant's beneficiary may exercise the Option at any time before the expiration of the term of the Option. In the event of the

[Table of Contents](#)

Participant's termination due to Disability or Retirement on or after the one-year anniversary of the grant of an Option, the Option will be exercisable for the remainder of the term. A Participant will have three months following termination for any reason other than death, Disability or Retirement to exercise any Option, to the extent exercisable at the time of such termination.

In the event of the Participant's death, Disability or Retirement prior to the payment of an Award of Restricted Stock or Restricted Stock Units, the Award will vest immediately, except in the case of an Award based upon the Company's achievement of Performance Goals. In that case, the Award will vest based upon the Company's achievement of Performance Goals at the time the Award would otherwise vest had the Participant's employment continued. If the Participant's death, Disability or Retirement occurred prior to the completion of the Performance Period, the Award may be pro-rated. The Committee may determine that accelerated vesting of Awards is not appropriate for certain Retirements.

Notwithstanding the foregoing, the Committee retains the right to revoke or revise the terms of any unearned, unvested or unexercised Award in the event of a Participant's termination for Cause.

Change in Control

Unless otherwise determined in the applicable Award Agreement, on the occurrence of a Change in Control, (a) each Option then outstanding shall become immediately exercisable to the full extent of any shares of Common Stock subject thereto, (b) any remaining restrictions on shares of Restricted Stock shall immediately lapse, and (c) the Performance Goals and/or time period or periods applicable to any Restricted Stock Units shall be deemed satisfied and payment shall be made.

For purposes of the Omnibus Plan, "Change in Control" is defined in Section 2.5 of the Omnibus Plan document presented as Exhibit B.

Effective Date, Amendments, and Termination of the Omnibus Plan. The Omnibus Plan will be effective upon its approval by Company stockholders. The Board of Directors has the authority to amend or terminate the Omnibus Plan at any time; provided, however, that stockholder approval is required for any amendment which (i) increases the number of shares available for Awards under the Omnibus Plan (other than to reflect a change in the Company's capital structure), (ii) decreases the price at which Awards may be granted, or (iii) as otherwise required by applicable law, regulation, or rules of any stock exchange or automated quotation system on which the Common Stock may then be listed or quoted.

Unless earlier terminated, the Omnibus Plan will terminate upon the date on which all outstanding Awards have expired, terminated, been paid or otherwise provided for, and no Awards under the Omnibus Plan shall thereafter be granted.

Certain Federal Income Tax Considerations

The following discussion is a summary of certain federal income tax considerations that may be relevant to Participants in the Omnibus Plan. The discussion is for general informational purposes only and does not purport to address specific federal income tax considerations that may apply to a Participant based on his or her particular circumstances, nor does it address state or local income tax or other tax considerations that may be relevant to a Participant.

PARTICIPANTS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE PARTICULAR FEDERAL INCOME TAX CONSEQUENCES TO THEM OF PARTICIPATING IN THE OMNIBUS PLAN, AS WELL AS WITH RESPECT TO ANY APPLICABLE STATE OR LOCAL INCOME TAX OR OTHER TAX CONSIDERATIONS.

Non-Qualified Options

A Participant realizes no taxable income and the Company is not entitled to a deduction when a Non-Qualified Option is granted. Upon exercise of a Non-Qualified Option, a Participant will realize ordinary income equal to the excess of the Fair Market Value of the shares received over the exercise price of the Non-Qualified Option, and, subject to section 162(m) of the Code, the Company will be entitled to a corresponding deduction. A Participant's tax basis in the shares of Common Stock received upon exercise of a Non-Qualified Option will be equal to the Fair Market Value of such shares on the exercise date, and the Participant's holding period for such shares will begin at that time. Upon sale of the shares of Common Stock received upon exercise of a Non-Qualified Option, the Participant will realize short-term or long-term capital gain or loss, depending upon whether the shares have been held for more than one year. The amount of such gain or loss will be equal to the difference between the amount realized in connection with the sale of the shares, and the Participant's tax basis in such shares.

Under the Omnibus Plan, Non-Qualified Options may, with the consent of the Committee, be exercised in whole or in part with shares of Common Stock held by the Participant. Payment in Common Stock will be treated as a tax-free exchange of the shares surrendered for an equivalent number of shares of Common Stock received, and the equivalent number of shares received will have a tax basis equal to the tax basis of the surrendered shares. The Fair Market Value of shares of Common Stock received in excess of the number of shares surrendered will be treated as ordinary income and such shares have a tax basis equal to their Fair Market Value on the date of the exercise of the Non-Qualified Option.

Restricted Stock

Restricted Stock received pursuant to Awards will be considered subject to a substantial risk of forfeiture for federal income tax purposes. If a Participant who receives such Restricted Stock does not make the election described below, the Participant realizes no taxable income upon the receipt of Restricted Stock and the Company is not entitled to a deduction at such time. When the forfeiture restrictions with respect to the Restricted Stock lapse the Participant will realize ordinary income equal to the Fair Market Value of the shares at that time, and, subject to section 162(m) of the Code, the Company will be entitled to a corresponding deduction. A Participant's tax basis in Restricted Stock will be equal to the Fair Market Value when the forfeiture restrictions lapse, and the Participant's holding period for the shares will begin when the forfeiture restrictions lapse. Upon sale of the shares, the Participant will realize short-term or long-term gain or loss, depending upon whether the shares have been held for more than one year at the time of sale. Such gain or loss will be equal to the difference between the amount realized upon the sale of the shares and the tax basis of the shares in the Participant's hands.

Participants receiving Restricted Stock may make an election under section 83(b) of the Code with respect to the shares. By making a section 83(b) election, the Participant elects to realize compensation income with respect to the shares when the shares are received rather than at the time the forfeiture restrictions lapse. The amount of such compensation income will be equal to the Fair Market Value of the shares when the Participant receives them (valued without taking the restrictions into account), and the Company will be entitled to a corresponding deduction at that time. By making a section 83(b) election, the Participant will realize no additional compensation income with respect to the shares when the forfeiture restrictions lapse, and will instead recognize gain or loss with respect to the shares when they are sold. The Participant's tax basis in the shares with respect to which a section 83(b) election is made will be equal to their Fair Market Value when received by the Participant, and the Participant's holding period for such shares begins at that time. If, however, the shares are subsequently forfeited to the Company, the Participant will not be entitled to claim a loss with respect to the shares to the extent of the income realized by the Participant upon the making of the section 83(b) election. To make a section 83(b) election, a Participant must file an appropriate form of election with the Internal Revenue Service and with his or her employer, each within 30 days after shares of restricted stock are granted, and the Participant must also attach a copy of his or her election to his or her federal income tax return for the year in which the shares are granted.

Generally, during the restriction period, dividends and distributions paid with respect to Restricted Stock will be treated as compensation income (not dividend income) received by the Participant. Dividend payments received with respect to shares of restricted stock for which a section 83(b) election has been made will be treated as dividend income, assuming the Company has adequate current or accumulated earnings and profits.

Table of Contents

Restricted Stock Units

A Participant realizes no taxable income and the Company is not entitled to a deduction when Restricted Stock Units payable in the future and subject to conditions such as the passage of time or achievement of Performance Goals are granted. When Restricted Stock Units vest and become payable as a result of the satisfaction of the terms and conditions on such Award, including, if applicable, achievement of Performance Goals, the Participant will realize ordinary income equal to the amount of cash received or the Fair Market Value of the shares received minus any amount paid for the shares, and, subject to section 162(m) of the Code, the Company will be entitled to a corresponding deduction.

A Participant's tax basis in shares of Common Stock received upon payment will be equal to the Fair Market Value of such shares when the Participant receives them. Upon sale of the shares, the Participant will realize short-term or long-term capital gain or loss, depending upon whether the shares have been held for more than one year at the time of sale. Such gain or loss will be equal to the difference between the amount realized upon the sale of the shares and the tax basis of the shares in the Participant's hands.

The Committee may, but need not, permit a Participant to defer receipt of payment in satisfaction of Restricted Stock Units, provided that any such deferral shall be administered in good faith compliance with section 409A of the Code and the guidance thereunder. The Committee is authorized to take such action as it deems necessary and reasonable to avoid the application of the additional tax described in section 409A(a)(1)(B) of the Code to any Award deferred hereunder.

Section 162(m) Limitations

Section 162(m) of the Code limits the deductibility of compensation paid to certain executive officers, unless the compensation is a Qualified Performance-Based Award. If Awards to such persons are intended to qualify as Qualified Performance-Based Awards, the Omnibus Plan limits the maximum number of shares of Common Stock that may be granted to the recipient during any calendar year to 500,000 shares.

Withholding

The Company is entitled to deduct from the payment of any Award (whether made in stock or in cash) all applicable income and employment taxes required by federal, state, local or foreign law to be withheld, or may require the Participant to pay such withholding taxes to the Company as a condition of receiving payment of the Award. The Committee may allow a Participant to satisfy his or her withholding obligations by directing the Company to retain the number of shares necessary to satisfy the withholding obligation, or by delivering shares held by the Participant to the Company in an amount necessary to satisfy the withholding obligation.

PROPOSAL #4

APPROVAL OF THE AMENDED AND RESTATED EXECUTIVE BONUS COMPENSATION PLAN

The stockholders of Carpenter Technology Corporation are being asked to approve the amended and restated Executive Bonus Compensation Plan (formerly named the Executive Annual Compensation Plan, the “Compensation Plan”). The amended and restated Compensation Plan was adopted by Carpenter’s Board of Directors on June 29, 2006, subject to stockholder approval. Stockholder approval of the Compensation Plan is necessary so that awards under the Compensation Plan will constitute “qualified performance-based compensation” under section 162(m) of the Internal Revenue Code (the “Code”) and will be tax deductible by Carpenter.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”), generally limits to \$1 million per year the federal income tax deduction for compensation paid by a public company to certain key individuals. This \$1 million per year limit does not apply to compensation that qualifies as “qualified performance-based compensation” under regulations adopted under the Code (“Regulations”). One condition for payments under the Compensation Plan to be qualified as performance-based compensation is that a majority of the stockholders of Carpenter approve the material terms of the Compensation Plan. The Board of Directors has decided to seek stockholder approval of the Compensation Plan at this meeting so that compensation payable pursuant to the Compensation Plan will be deductible performance-based compensation under Code section 162(m).

Purpose of the Compensation Plan

The Compensation Plan is intended to further the Board’s policy of linking executive compensation to Carpenter’s performance and stockholders’ interests as a whole.

Summary of the Compensation Plan

The following general description of certain features of the Compensation Plan is qualified in its entirety by reference to the Compensation Plan which is attached hereto as Exhibit C. Capitalized terms not otherwise defined in this summary have the meanings given to them in the Compensation Plan.

Eligible Participants. Any key employee, who on or before April 1 of the first year of a Performance Period is designated by the Board to act as the President, Vice Chairman, Chief Executive Officer, Chief Operating Officer or any category of Vice President of the Company, or is otherwise designated by the Committee may participate in the Compensation Plan.

Administration. The Compensation Plan is administered by a Committee of the Board of Directors selected to administer the Compensation Plan. With respect to “qualified performance-based compensation” under section 162(m) of the Code, the Committee is to be comprised exclusively of two or more members of the Board who are non-employee “outside directors” within the meaning of section 162(m)(4)(C) of the Code and treasury regulation 1.162-27(e)(3) or a subcommittee that is so comprised. The Committee (or subcommittee, if applicable) will have the authority, subject to the provisions herein,

1. to select employees to participate in the Compensation Plan;
2. to establish and administer the Performance Goals and the Executive Bonus Compensation opportunities applicable to each Participant and certify whether the Performance Goals have been attained;
3. to construe and interpret the Compensation Plan and any agreement or instrument entered into, under or in connection with the Compensation Plan;
4. to establish, amend, and waive rules and regulations for the Compensation Plan’s administration; and
5. to make all other determinations that may be necessary or advisable for the administration of the Compensation Plan.

Any determination by the Committee pursuant to the Compensation Plan will be final, binding and conclusive on all employees and Participants and anyone claiming under or through any of them.

Table of Contents

Types of Awards. Carpenter may pay Participants cash in an amount equal to a specified percentage of their base salary, not to exceed in any calendar year four (4) times the maximum deduction limit imposed by section 162(m) of the Code, when and if certain pre-set corporate goals are attained.

Performance Goals and Awards. No later than 90 days after the first day of the Performance Period and while the Performance Goal is substantially uncertain, but in no case later than the date upon which 25% of the Performance Period has elapsed, the Committee is to establish in writing, the following:

1. the method for computing the amount of bonus compensation or percentage of Base Pay that may be payable under the Compensation Plan to each Participant in the Compensation Plan for such Performance Period if the Performance Goals established by the Committee for such Performance Period are attained in whole or in part, and
2. the Performance Goals for such Performance Period.

The Performance Goals established by the Committee may be measured on an absolute or relative basis. Relative performance may be measured against an external index, such as a group of peer companies, industry groups or a financial market index. Performance Goals may be based upon:

the price of Common Stock,
the market share of the Company or its subsidiaries (or any business unit thereof),
sales or revenue by the Company or its subsidiaries (or any business unit thereof),
earnings or diluted earnings per share of Common Stock, with or without net pension credit/expense,
return on stockholder equity of the Company,
costs of the Company or its subsidiaries (or any business unit thereof),
cash flow of the Company or its subsidiaries (or any business unit thereof),
return on total assets of the Company or its subsidiaries (or any business unit thereof) (“ROA”),
return on invested capital of the Company or its subsidiaries (or any business unit thereof),
return on net assets of the Company or its subsidiaries (or any business unit thereof) (“RONA”),
operating income of the Company or its subsidiaries (or any business unit thereof), with or without net pension credit/expense,
net income of the Company or its subsidiaries (or any business unit thereof) with or without net pension credit/expense,
costs of capital of the Company or its subsidiaries (or any business unit thereof),
earnings before interest and income taxes (“EBIT”) or earnings before interest, income taxes, depreciation and amortization (“EBITDA”) of the Company or its subsidiaries,
economic profit of the Company or its subsidiaries,
total stockholder return,
economic value added, or
any other financial or other measurement deemed appropriate by the Board, as it relates to the results of operations or other measurable progress of the Company or its subsidiaries (or any business unit thereof).

Adjustments. The Committee has authority to make adjustments in the method of calculating achievement of Performance Goals in recognition of the effects of changes in accounting standards or methods and unusual or nonrecurring events that would otherwise modify an incentive award under the Compensation Plan. However, these adjustments must be made in a manner consistent with section 162(m) and the regulations thereunder.

Payment. Benefits or amounts that will be received by or allocated to Participants in the Compensation Plan are not determinable until the completion of the Performance Period.

Amendment. The Board may amend, modify or terminate this Compensation Plan at any time. The Compensation Plan will remain in effect until terminated by the Board.

Unless otherwise specified by the stockholders, the shares of stock represented by the proxies will be voted for approval of the appointment of PricewaterhouseCoopers LLP (“PwC”), to audit and report upon the financial statements and internal controls over financial reporting of Carpenter for the fiscal year 2007. PwC, or one of its predecessor firms, has served as the independent registered public accounting firm of Carpenter since 1918. In the opinion of the Board of Directors and its Audit/Finance Committee and Management, PwC is well qualified to act in this capacity.

Audit Fees	\$1,097,478	\$1,187,974
Audit Related Fees	\$18,166	\$18,204

Audit-Related Fees: PwC billed \$18,166 in audit-related fees in fiscal year 2006 compared to \$18,204 in fiscal year 2005. In fiscal year 2006, these fees primarily related to US GAAP and IFRS translation services in the Company’s foreign entity locations.

Tax Fees: The aggregate fees billed by PwC for tax services were \$51,021 for fiscal year 2006, compared to \$38,767 in fiscal year 2005. Fees in fiscal year 2006 were primarily for international tax compliance services.

It is the practice of the Audit/Finance Committee to pre-approve all services rendered to Carpenter by its independent registered public accounting firm in accordance with applicable legal requirements. For the fiscal year ended June 30, 2006, the Audit/Finance Committee approved all services rendered to Carpenter by its independent registered public accounting firm.

A representative of PwC is expected to be present at the Annual Meeting. The representative will have an opportunity to make a statement and be available to respond to appropriate questions.

THE BOARD OF DIRECTORS AND ITS AUDIT/FINANCE COMMITTEE RECOMMENDS THAT YOU VOTE FOR APPROVAL OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP, TO AUDIT AND REPORT UPON THE FINANCIAL STATEMENTS AND INTERNAL CONTROLS OVER FINANCIAL REPORTING OF CARPENTER FOR THE FISCAL YEAR 2007.

administration of the Plan; and (e) to make all other determinations as it may deem necessary or advisable for the administration of the Plan. Notwithstanding the foregoing, an Eligible Director must be recused and abstain from participating in any action of the Board that affects his or her outstanding Award.

4. Shares Subject to the Plan:

a) Total Number. Subject to adjustment as provided in this Section, the total number of Shares as of August 18, 2006 available for Awards under the Plan shall be 500,000 increased by any shares of Common Stock that were reserved under the Plan prior to this amendment but were either (a) not subject to Awards or (b) subject to Awards that were forfeited, canceled or expired unexercised. Any Shares issued hereunder may consist, in whole or in part, of authorized and unissued Shares or treasury Shares.

b) Reduction of Shares Available.

(i) The grant of an Option will reduce the number of Shares available for further grants by the number of Shares subject to such Option.

(ii) Any shares issued by the Company through the assumption or substitution of outstanding grants from an acquired company shall not reduce the Shares available for grants under the Plan.

(iii) The grant of Performance Units or Stock Units will reduce the number of Shares available for further grants by the number of Units granted.

c) Increase of Shares Available. The lapse, cancellation or other termination of an Option or Unit that has not been fully exercised or paid shall increase the available Shares for such Options or Units by the number of Shares that have not been issued upon exercise of such Option or payment of such Unit.

d) Other Adjustments. The total number and kind of Shares available for Options or Units under the Plan or which may be allocated to any one Eligible Director, the number and kind of Shares subject to outstanding Options or Units, and the exercise price for such Options or the value of Units shall be appropriately adjusted by the Board for any increase or decrease in the number of outstanding Shares resulting from a stock dividend, subdivision, combination of Shares, reclassification, or other change in corporate structure affecting the Shares or for any conversion of the Shares into or exchange of the Shares for other Shares as a result of any merger or consolidation (including a sale of assets) or other recapitalization as may be necessary to maintain the proportionate interest of the Option or Unit holder.

5. Initial Options:

Initial Options may be granted to Eligible Directors as follows:

a) Initial Grant. Each Eligible Director who has not previously received a grant under this Plan may be granted an Option to acquire up to 2,000 Shares on such Eligible Director's Election Date or such later date as may be required to comply with the Company's normal practices under applicable securities laws and regulations.

b) Terms and Conditions. Any Option granted under this Section 5 shall be subject to the following terms and conditions:

6. Annual Options:

Annual Options may be granted to Eligible Directors as follows:

a) Annual Grant. Each Eligible Director on or after the Effective Date of the Plan may be granted, immediately after the annual meeting of the Company's stockholders, an Option to acquire up to 4,000 Shares either in lieu of or in addition to such Eligible Director's Annual Retainer.

b) Terms and Conditions. Any Option granted under this Section 6 shall be subject to the following terms and conditions:

(i) Option Price. The purchase price per Share purchasable under an Option shall be 100% of the Fair Market Value of a Share on the Grant Date.

(ii) Exercisability. Unless otherwise provided by this Plan, an Option shall become exercisable in whole or in part one year from the Grant Date.

7. General Terms:

The following provisions shall apply to any Option:

a) Option Period. Each Option shall expire ten years from its Grant Date, subject to earlier termination as hereinafter provided.

b) Each Option granted under this Plan shall become exercisable by the Eligible Director only after the completion of one year of Board service immediately following the Grant Date; provided, however, that for Annual Options under Section 6, uninterrupted Board service by the Eligible Director until the annual meeting of the Company's stockholders next following the Grant Date shall be deemed completion of one year of Board service. Exercise of any or all prior existing Options shall not be required.

c) No Option under this Plan may be transferable by the Eligible Director except by will or the laws of descent and distribution. In the event of the death of the Eligible Director more than one year after the Grant Date, an Option may be transferred to the Eligible Director's personal representative, heirs or legatees ("Transferee") and may be exercised by the Transferee for the remainder of the exercise period then available to the Eligible Director. In the event of the Retirement from Board service or Disability of an Eligible Director, an Option may be exercised prior to its expiration during the original ten-year exercise period beginning on the Grant Date. In all other cases of termination of Board service of an Eligible Director except for removal for Cause, an Option, if otherwise exercisable by the Eligible Director at the time of such termination, may be exercised within three months after such termination. In the event of removal for Cause, all existing Options shall be of no force and effect.

d) Method of Exercise. Any Option may be exercised by the Eligible Director in whole or in part at such time or times and by such methods as the Board may specify. The applicable Award Agreement may provide that the Eligible Director may make payment of the Option price in cash, Shares, held for at least six months, or such other consideration as the Board may specify, or any combination thereof, having a Fair Market Value on the exercise date equal to the total Option price.

8. Stock Units:

a) Grant of Stock Units. On the date of the annual meeting of stockholders, each Eligible Director shall be granted each year, in place of equivalent cash compensation, a number of Stock Units determined by dividing 50% of the Eligible Director's Annual Retainer by the Fair Market Value on that date.

b) Election of Stock Units. By written election filed with the Board before the end of any calendar year, an Eligible Director may elect to increase the percentage in Section 8(a) above to 100%, and thereby have the

entire Eligible Director's Annual Retainer payable in each calendar year beginning after the date of the election granted in Stock Units. An election under this Section 8(b) shall remain in effect until changed, in writing, by the Eligible Director. Any such change shall be effective in the first calendar year beginning after the date of the written notice of change.

c) Forfeiture of Stock Units. Stock Units granted at an annual meeting of stockholders will be forfeited if the Eligible Director terminates service as an Eligible Director for any reason other than Retirement, Disability, or death, before the next annual meeting of stockholders. Stock Units voluntarily deferred under Section 8(b) are at all times fully vested.

9. Performance Units:

a) Grant of Performance Units. Opportunities to earn Performance Units may be granted annually to an Eligible Director. When granting an opportunity for Performance Units, the Board shall determine the number of Performance Units (including fractions) eligible to be earned by an Eligible Director, the Performance Goals applicable to such Performance Units, and any restrictions on the Performance Units or Shares that may become earned with the attainment of the Performance Goals.

b) Allocation of Performance Units. After the close of the applicable period, the Board shall determine the extent to which Performance Units are earned as a result of the attainment of Performance Goals. As soon as practicable following the Board's determination, earned Performance Units (or fractions thereof) shall be allocated to the Eligible Director's account with an initial value equal to the Fair Market Value at the close of the applicable period.

10. Nontransferability of Units:

Neither Performance Units nor Stock Units may be sold, transferred, pledged, assigned or otherwise alienated, other than by will or by the laws of descent and distribution.

11. Dividend Equivalents:

An Eligible Director who has earned Performance Units or been granted Stock Units will also be allocated additional Units, determined on a quarterly basis. The number of additional Units to be allocated will be determined by multiplying the quarterly dividend per Share for the immediately preceding quarter by the number of Units credited to the Eligible Director's account on the first day of that calendar quarter and dividing the result by the Fair Market Value on the last business day of that quarter.

12. Payment of Units:

a) Following an Eligible Director's Retirement, or termination of service on account of Disability, the Eligible Director shall be paid a number of Shares equal to the number of whole Units credited to the Eligible Director's account, with cash paid in lieu of any fractional Units. The amount of cash to be paid will be based on the Fair Market Value on the date of the Eligible Director's termination of service as an Eligible Director. In the case of the Eligible Director's death, the payment will be made to the Eligible Director's Beneficiary.

b) Manner and Form of Payment. An Eligible Director shall receive Shares in payment of Units credited to the Eligible Director's account in a single lump sum distribution as soon as is practicable following the Eligible Director's termination of service, provided, however, that no payment shall be made later than March 15 of the calendar year following the Eligible Director's termination of service.

13. Change in Control:

a) Notwithstanding anything in this Plan to the contrary, in the event of a Change in Control of the Company, the Options granted under Sections 5 and 6 shall vest and become immediately exercisable and any unvested Stock Units granted under Section 8 shall vest.

b) For purposes of this Plan, “Change in Control” means:

(i) The acquisition by any individual, entity or group within the meaning of section 13(d)(3) or 14(d)(2) of the Exchange Act (a “Person”) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 35% or more of either (A) the then-outstanding shares of common stock of the Company (the “Outstanding Company Common Stock”) or (B) the combined voting power of the then-outstanding voting securities of the Company entitled to vote generally in the election of directors (the “Outstanding Company Voting Securities”); *provided, however*, that, for purposes of this Section 13(b), the following acquisitions shall not constitute a Change in Control: (i) any acquisition directly from the Company, (ii) any acquisition by the Company, (iii) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any affiliated company or (iv) any acquisition by any corporation pursuant to a transaction that complies with Sections 13(b)(iii)(A), 13(b)(iii)(B) and 13(b)(iii)(C);

(ii) individuals who, as of the date hereof, constitute the Board (the “Incumbent Board”) cease for any reason to constitute at least a majority of the Board; *provided, however*, that any individual becoming a director subsequent to the date hereof whose election, or nomination for election by the Company’s stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board;

(iii) consummation of a reorganization, merger, consolidation or sale or other disposition of all or substantially all of the assets of the Company or the acquisition of the assets or stock of another entity (a “Business Combination”), in each case, unless, following such Business Combination, (A) all or substantially all of the individuals and entities that were the beneficial owners of the Outstanding Company Common Stock and the Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then-outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the corporation resulting from such Business Combination (including, without limitation, a corporation that, as a result of such transaction, owns the Company or all or substantially all of the Company’s assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership immediately prior to such Business Combination of the Outstanding Company Common Stock and the Outstanding Company Voting Securities, as the case may be, (B) no Person [excluding any corporation resulting from such Business Combination or any employee benefit plan (or related trust) of the Company or such corporation resulting from such Business Combination] beneficially owns, directly or indirectly, 20% or more of, respectively, the then-outstanding shares of common stock of the corporation resulting from such Business Combination or the combined voting power of the then-outstanding voting securities of such corporation, except to the extent that such ownership existed prior to the Business Combination, and (C) at least a majority of the members of the board of directors of the corporation resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement or of the action of the Board providing for such Business Combination; or

(iv) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

c) **Payment for Performance Units.** Within 30 days following a Change in Control of the Company, as defined in Section 13(b) of this Plan, there shall be paid in cash to Eligible Directors with an opportunity to receive Performance Units under an incomplete performance period a pro rata amount based upon the assumed achievement of all relevant Performance Goals at target levels, and upon the length of time within the performance period that has elapsed before the Change in Control of the Company; provided, however, that (i) the Board shall

endeavor in good faith to comply with the requirements of section 409A of the Code with any payment hereunder; (ii) if the Board determines that actual performance to the date of the Change in Control of the Company exceeds targeted levels, the prorated payouts shall be made using the actual performance data; and (iii) there shall not be an accelerated payout with respect to Performance Units that qualify as “Derivative Securities” under section 16 of the Exchange Act that were granted less than six months before the Change in Control of the Company.

14. Amendments and Termination:

a) Board Authority. The Board may amend or terminate the Plan at any time; provided that no amendment may be made (i) without the appropriate approval of the Company’s stockholders if such approval is necessary to comply with any tax or other regulatory requirement, including any stockholder approval required as a condition to exemptive relief under section 16(b) of the Exchange Act; (ii) which would constitute a repricing or exchange of any Option; or (iii) which would adversely impair or affect, without the consent of the Eligible Director, any rights or obligations under any Option or Unit theretofore granted to such Eligible Director, unless required by the Code, applicable securities laws, or the rules of any exchange upon which the Company’s Common Stock is listed.

b) Prior Stockholder and Eligible Director Approval. Anything herein to the contrary notwithstanding, in the event that amendments to the Plan are required in order that the Plan or any other stock-based compensation plan of the Company complies with (1) the requirements of Rule 16b-3 issued under the Exchange Act, as amended from time to time, (2) any successor rules promulgated by the Securities and Exchange Commission related to the treatment of benefit and compensation plans under section 16 of the Exchange Act, or (3) other applicable law, stock exchange rule or accounting rule, the Board is authorized to make such amendments without the consent of Eligible Directors or the stockholders of the Company.

15. General Provisions:

a) Compliance Regulations. All certificates for Shares delivered under this Plan pursuant to any Option or Unit shall be subject to such stock-transfer orders and other restrictions as the Board may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Shares are then listed, and any applicable federal or state securities law, and the Board may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions. The Company shall not be required to issue or deliver any Shares under the Plan prior to the completion of any registration or qualification of such Shares under any federal or state law, or under any ruling or regulations of any governmental body or national securities exchange that the Board in its sole discretion shall deem to be necessary or appropriate.

b) Other Plans. Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required by applicable law or the rules of any stock exchange on which the Common Stock is then listed; and such arrangements may be either generally applicable or applicable only in specific cases.

c) Governing Law. The validity, construction, and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with the laws of the State of Delaware and applicable federal law.

d) Conformity With Law. If any provision of this Plan is or becomes or is deemed invalid, illegal, or unenforceable in any jurisdiction, or would disqualify the Plan or any Option or Unit under any law deemed applicable by the Board, such provision shall be construed or deemed amended in such jurisdiction to conform to applicable laws or if it cannot be construed or deemed amended without, in the determination of the Board, materially altering the intent of the Plan, it shall be stricken and the remainder of the Plan shall remain in full force and effect.

6.1 **Restricted Stock.** An Award of Restricted Stock is a grant by the Company of a specified number of shares of Common Stock to the Participant, which shares are subject to forfeiture upon the happening of specified events. Such an Award shall be subject to the following terms and conditions:

(a) Upon determination of the number of shares of Restricted Stock to be granted to the Participant, the Committee shall direct the Company to see that its transfer agent and registrar for the Common Stock (““Transfer Agent””) establishes a special account representing the number of restricted shares of Common Stock issued to the Participant. Following the Restriction Period, the Company will instruct the Transfer Agent to remove the restriction from such shares of Common Stock held for the Participant in the special account and transfer these shares to an unrestricted account in the Participant' s name.

(b) From time to time during the Restriction Period, the Committee may, but is not required to, authorize the payment of an amount equivalent to a dividend declared and paid on the Company' s Common Stock to any Participant awarded Restricted Stock. Such payment may be made in cash currently or deemed reinvested in Restricted Stock as determined by the Committee in its sole discretion. During the Restriction Period the Participant shall have the right to vote the shares of Restricted Stock.

(c) The Award Agreement shall specify the duration of the Restriction Period and the performance, employment or other conditions under which the Restricted Stock may be forfeited to the Company. The Restriction Period for such Awards, unless otherwise determined by the Committee, shall be at least (i) three years for Awards that vest solely on the passage of time and (ii) one year for Awards that are earned in whole or in part upon the attainment of Performance Goals. At the end of the Restriction Period applicable to all or a portion of the Restricted Stock, as applicable, the restrictions imposed hereunder shall lapse with respect to that number of shares of Restricted Stock and these shares will be transferred to an unrestricted account in the Participant' s name.

6.2 **Options.** Options give a Participant the right to purchase a specified number of shares of Common Stock from the Company for a specified time period at a fixed (or other determinable) price. The Award of Options shall be subject to the following terms and conditions:

(a) Option Price: The price per share at which Common Stock may be purchased upon exercise of an Option shall be determined by the Committee, but shall not be less than the Fair Market Value of a share of Common Stock on the date the Award is granted.

(b) Term of Options: The Award Agreement shall specify when an Option may be exercisable and the terms and conditions applicable thereto. The term of an Option shall in no event be greater than ten years and no Option may be exercisable sooner than one year from the date the Award is granted.

(c) Payment of Option Price: The Committee shall determine the time or times at which an Option may be exercised by the Participant in whole or in part, whether the exercise price for an Option shall be paid in cash, by the surrender at Fair Market Value of Common Stock, by any combination of cash and shares of Common Stock, the means or methods of payment, including “cashless exercise” arrangements, to the extent permitted by applicable law, and the methods by which, or the time or times at which, Common Stock will be delivered or deemed to be delivered to the Participant upon the exercise of such Option. Notwithstanding the foregoing, the Committee shall not permit payment through any method that would constitute a prohibited extension of credit to those officers of the Company who are subject to the provisions of the Sarbanes-Oxley Act of 2002.

6.3 **Restricted Stock Units.** Restricted Stock Units shall confer on the Participant the right to receive the Fair Market Value of the Restricted Stock Units upon the attainment of Performance Goals, after a period or periods of time, or a combination thereof specified by the Committee. The Award of Restricted Stock Units shall be subject to the following terms and conditions:

(a) A Participant may not receive Awards of Restricted Stock Units totaling more than the limit set forth in Section 5.2 hereof.

(b) Dividend Equivalents: The Committee may, but is not required to, authorize the payment of an amount equivalent to a dividend declared and paid on the Company’s Common Stock to any Participant awarded Restricted Stock Units, provided that any such payment, if authorized, shall not be made unless and until such Restricted Stock Units are earned and the relevant time period or periods satisfied and/or the attainment of Performance Goals is certified by the Committee. Such payment may be made in cash currently or deemed reinvested in Restricted Stock Units as determined by the Committee in its sole discretion.

(c) Voting Rights: A Participant shall not have voting rights with respect to Restricted Stock Units prior to payment of Common Stock in satisfaction of such Restricted Stock Units.

(d) Form and Timing of Payment of Restricted Stock Units: Payment of Restricted Stock Units shall be made as soon as practicable following the close of the Performance Period or other applicable period. Payment shall be in the form of Common Stock which has an aggregate Fair Market Value equal to the Fair Market Value of the Restricted Stock Units at the close of the Performance Period or other applicable period at the Committee’s discretion. Any Common Stock issued in payment of the applicable Restricted Stock Units may be subject to such additional restrictions as the Committee deems appropriate. In such case, the Common Stock issued shall be Restricted Stock subject to the provisions of section 6.1 hereof.

6.4 **Deferral of Restricted Stock Units.** The Committee may, but need not, permit a Participant to defer receipt of payment in satisfaction of earned Restricted Stock Units, provided that any such deferral shall be administered in good faith compliance with section 409A of the Code and the guidance thereunder, including the following rules:

(a) A Participant may only elect to defer payment of vested Restricted Stock Units by making a valid, irrevocable election prior to: (i) in the case of Restricted Stock Units that may become vested solely based upon the attainment of Performance Goals within a Performance Period, six months prior to any date

Table of Contents

during the Performance Period upon which the outcome of Performance Goals will determine the portion, if any, of the vesting of such Award, (ii) in the case of Restricted Stock Units that may become vested in whole or in part as a result of the passage of time, the earlier of 30 days following the grant of Restricted Stock Units or the last day of the Company's fiscal year during which the Restricted Stock Units are granted so long as the initial scheduled vesting of such Restricted Stock Units does not precede the last day of the subsequent fiscal year;

(b) Unless otherwise provided by the Committee, during the deferral period, the Participant shall have those rights with respect to Restricted Stock Units set forth at Section 6.3(b);

(c) A Participant may elect to have such Restricted Stock Units paid upon:

(i) such Participant's Retirement, which shall constitute a "Separation from Service", within the meaning of section 409A of the Code and the guidance thereunder;

(ii) a Change in Control;

(iii) Disability;

(iv) the earlier to occur of (i), (ii) or (iii) above;

(v) the occurrence of an "Unforeseeable Emergency" within the meaning of section 409A of the Code and the guidance thereunder; or

(vi) a date specified by the Participant, provided that such date shall be no earlier than the first day of the fourth month of the Company's fiscal year following the year during which such Restricted Stock Units are earned or time-vested;

(d) Notwithstanding the foregoing, a Participant who is a "Specified Employee" within the meaning of section 409A of the Code and the guidance thereunder, may not receive payment with respect to any deferred Restricted Stock Units earlier than 6 months following such Participant's Separation from Service, except that in the event of any Participant's earlier death, such Restricted Stock Units shall be paid within 30 days after the Company receives notice of the Participant's death; and

(e) The Committee is authorized to take such action as it deems necessary and reasonable to avoid the application of the additional tax described in section 409A(a)(1)(B) of the Code to any Award deferred hereunder.

6.5 Effect of Termination on Awards. Unless otherwise specified in the Award Agreement applicable to the relevant Award, the following rules shall apply:

(a) **Options:** Provided the Participant has remained in service for at least 12 months following the grant of an Option to such Participant, such Participant's Option will be exercisable following such Participant's termination of employment as follows:

(i) If the Participant's termination of employment is by reason of such Participant's death or Disability, all Options that were granted more than 12 months before such event shall become fully vested and exercisable by the Participant or his or her estate at any time prior to the expiration of the original term of the Option.

(ii) If the Participant's termination is by reason of Retirement, all unexercisable Options that were granted more than 12 months before such Retirement date shall be immediately vested and exercisable by the Participant or his or her estate prior to the expiration of the original term of the Option provided, however, that the Committee (or the CEO in the case of an Option granted under Section 4.3 hereof) reserves the right to determine that unvested Options are forfeited. Options that were exercisable at the Participant's

Table of Contents

Retirement shall continue to be exercisable by the Participant, or his or her estate, prior to the expiration of the original term.

(iii) If the Participant's termination of employment is for any reason other than as described in Sections 6.5(a)(i) and 6.5(a)(ii) above, any then exercisable Option shall expire, and no longer be exercisable, by the Participant or his or her estate as of the earlier of three months following such termination or the original term of the Option.

(b) Restricted Stock and Restricted Stock Units:

(i) If the Participant's termination of employment is by reason of such Participant's death or Disability, all earned Restricted Stock or Restricted Stock Units shall become immediately vested and payable to the Participant, or his or her estate. The Participant, or his or her estate, shall also be eligible to receive a pro-rated payout of any unearned performance-based Restricted Stock or Restricted Stock Units, payable at the time such payment would otherwise have been made had the Participant's employment continued, based upon the extent to which Performance Goals were met during the Performance Period.

(ii) If the Participant's termination is by reason of Retirement, all earned Restricted Stock and Restricted Stock Units shall become immediately vested and payable to the Participant, or his or her estate. The Participant, or his or her estate shall also be eligible to receive a pro-rated payout of any unearned performance-based Restricted Stock or Restricted Stock Units, payable at the time such payment would otherwise have been made had the Participant's employment continued, based upon the extent to which Performance Goals were met during the Performance Period. Notwithstanding the foregoing, the Committee (or the CEO in the case of an Award granted under Section 4.3 hereof) reserves the right to determine that unvested Restricted Stock and Restricted Stock Units are forfeited.

(iii) In the event of the Participant's termination of employment for any reason other than death, Disability or Retirement, any Award of Restricted Stock or Restricted Stock Units subject to Performance Goals or other restrictions or conditions not satisfied at the time of such termination shall be forfeited.

(c) Termination for Cause: Notwithstanding anything in the Plan to the contrary, in the event a Participant's employment with the Company or any Subsidiary is terminated for Cause, the Committee (or the CEO in the case of an Award granted under Section 4.3 hereof) may, in its sole discretion, cancel each unexercised or unvested Award granted to such Participant effective upon such termination.

6.6 Rules Applicable to Qualified Performance-Based Awards. To the extent the Committee determines, in its sole discretion, necessary or advisable in order to comply with the deductibility limitations of section 162(m) of the Code applicable to Qualified Performance-Based Awards, the following rules shall apply:

(a) Only Employees who are "Covered Employees" within the meaning of section 162(m) of the Code shall be eligible to receive Qualified Performance-Based Awards. The Committee shall designate in its sole discretion which Covered Employees will be Participants for a Performance Period within the earlier of (x) the first 90 days of a Performance Period and (y) the lapse of 25% of the Performance Period.

(b) The Committee shall establish in writing within the earlier of (x) the first 90 days of a Performance Period and (y) the lapse of 25% of the Performance Period, and in any event, while the outcome is substantially uncertain, (i) Performance Goals for the Performance Period, and (ii) in respect of such Performance Goals, a minimum acceptable level of achievement below which no payment will be made or no Award shall vest or become exercisable, and an objective formula or other method for determining the amount of any payment to be made or the extent to which an Award hereunder shall vest or become exercisable if performance is at or above such minimum acceptable level but falls short of the maximum achievement of the specified Performance Goals.

Table of Contents

(c) Following the completion of a Performance Period, the Committee shall review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, calculate and certify in writing the amount of the Qualified Performance-Based Awards earned for the period based upon the Performance Goals and the related formulas or methods as determined pursuant to Section 6.6(b). The Committee shall then determine the actual amount payable or the extent to which an Award is vested or exercisable as a result of attainment of such Performance Goals under each Participant's Award for the Performance Period, and, in doing so, may reduce or eliminate, except as otherwise provided in the Award Agreement, the amount of the Award. In no event shall the Committee have the authority to increase Award amounts to any Covered Employee. Notwithstanding anything to the contrary herein, the Committee may make appropriate adjustments when certifying the attainment of Performance Goals to reflect the occurrence of any Extraordinary Event during the Performance Period to the extent necessary to ensure that the determination of whether applicable Performance Goals were met is consistent with the basis upon which such Performance Goals were established.

(d) An Award granted, vesting or becoming exercisable with respect to a Performance Period shall be paid (unless such Award is subject to the Participant's exercise, which exercise such Participant has not effectuated) to the Participant within a reasonable time after completion of the certification described in Section 6.6(c).

6.7 Additional Provisions Applicable to Awards. Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution for, any other Award granted under the Plan or any Award granted under any other plan of the Company or any Subsidiary or any business entity acquired by the Company or any Subsidiary, or any other right of a Participant to receive payment from the Company or any Subsidiary.

Section 7. **Exchange and Buy Out Provisions.** Subject to the restrictions of Section 10 hereof, the Committee may at any time exchange or buy out any previously granted Award other than an Award with an exercise price that is less than Fair Market Value or may provide in any Award Agreement terms and conditions under which the Participant must sell, or offer to sell, to the Company any unexercised Award, whether or not vested, or any Common Stock acquired pursuant to such Award for a payment in cash, Common Stock or other property based on such terms and conditions as the Committee shall determine and communicate to the Participant at the time that such offer is made or as may be set forth in the Award Agreement.

Section 8. **Change in Control.** Notwithstanding any provision in this Plan to the contrary and unless otherwise provided in the applicable Participant's Award Agreement, upon the occurrence of a Change in Control, (a) each Option then outstanding shall become immediately exercisable to the full extent of any shares of Common Stock subject thereto, (b) any remaining restrictions on shares of Restricted Stock shall immediately lapse, and (c) the Performance Goals and/or time period or periods applicable to any Restricted Stock or Restricted Stock Units shall be deemed satisfied and payment shall be made pursuant to Sections 6.1(c) and 6.3(d), respectively.

Section 9. **Adjustments upon Changes in Capitalization.**

9.1 In the event that the Committee shall determine that any stock dividend, recapitalization, forward split or reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase or share exchange, extraordinary or unusual cash distribution or other similar corporate transaction or event, affects the Common Stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of Participants under the Plan, then the Committee shall, in such manner as it may deem equitable, adjust any or all of (a) the number and kind of shares of Common Stock which may thereafter be issued in connection with Awards, (b) the number and kind of shares of Common Stock issuable in respect of outstanding Awards, (c) the aggregate number and kind of shares of Common Stock available under the Plan, and (d) the exercise or Award-date price relating to any Award or, if deemed appropriate, make provision for a cash payment with respect to any outstanding Award; provided, however, in each case, that no adjustment shall be made that would adversely affect the status of any Award that is intended to be a Qualified Performance-Based Award.

9.2 In addition, the Committee is authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards, including any Performance Goals, in recognition of unusual or nonrecurring

Table of Contents

events (including, without limitation, events described in Section 15.1) affecting the Company or any Subsidiary, or in response to changes in applicable laws, regulations, or accounting principles. Notwithstanding the foregoing, no adjustment shall be made in any outstanding Awards to the extent that such adjustment would adversely affect the status of an Award intended to be a Qualified Performance-Based Award.

Section 10. **Changes to the Plan and Awards.** The Board may amend, alter, suspend, discontinue, or terminate the Plan without the consent of the Company's stockholders or Participants, except that any such amendment, alteration, suspension, discontinuation, or termination shall be subject to the approval of the Company's stockholders if such action would (a) increase the number of shares subject to the Plan, except as permitted at Section 9.1 hereof, (b) constitute a repricing or exchange of any Awards issued hereunder, (c) change the provisions of this Section 10, or (d) such stockholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the Common Stock may then be listed or quoted, and the Board may otherwise, in its discretion, determine to submit other such changes to the Plan to the stockholders for approval; provided, however, that without the consent of an affected Participant, no amendment, alteration, suspension, discontinuation, or termination of the Plan may materially and adversely affect the rights of such Participant under any outstanding Award unless required to comply with any provision of the Code, applicable securities laws, or the rules of any exchange upon which the Company's Common Stock is listed.

Section 11. **No Right to Award, Employment or Service.** No Participant shall have any claim to be granted any Award under the Plan, and there is no obligation that the terms of Awards be uniform or consistent among Participants. Neither the Plan nor any action taken hereunder shall be construed as giving any Employee any right to be retained in the employ of the Company or any Subsidiary. For purposes of this Plan, transfer of employment between the Company and its Subsidiaries and affiliates shall not be deemed a termination of employment.

Section 12. **Taxes.** Each Participant must make appropriate arrangement for the payment of any taxes relating to an Award granted hereunder. The Company or any Subsidiary is authorized to withhold from any payment relating to an Award under the Plan, including from a distribution of Common Stock or any payroll or other payment to a Participant amounts of withholding and other taxes due in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company and Participants to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Common Stock or other property and to make cash payments in respect thereof in satisfaction of a Participant's tax obligations. Withholding of taxes in the form of shares of Common Stock from the profit attributable to the Award shall not occur at a rate that exceeds the legally required federal and state withholding rates.

Section 13. **Limits on Transferability; Beneficiaries.** No Award or other right or interest of a Participant under the Plan shall be pledged, encumbered, or hypothecated to, or in favor of, or subject to any lien, obligation, or liability of such Participant to any party other than the Company, any Subsidiary or affiliate, or assigned or transferred by such Participant otherwise than by will or the laws of descent and distribution, and such Awards and rights shall be exercisable during the lifetime of the Participant only by the Participant or his or her guardian or legal representative. Notwithstanding the foregoing, the Committee may, in its discretion, provide that Awards or other rights or interests of a Participant granted pursuant to the Plan be transferable, without consideration, to immediate family members (i.e., children, grandchildren or spouse), to trusts for the benefit of such immediate family members and to partnerships in which such family members are the only partners. The Committee may attach to such transferability feature such terms and conditions as it deems advisable. In addition, a Participant may, in the manner established by the Committee, designate a beneficiary (which may be a person or a trust) to exercise the rights of the Participant, and to receive any distribution, with respect to any Award upon the death of the Participant. A beneficiary, guardian, legal representative or other person claiming any rights under the Plan from or through any Participant shall be subject to all terms and conditions of the Plan and any Award Agreement applicable to such Participant, except as otherwise determined by the Committee, and to any additional restrictions deemed necessary or appropriate by the Committee.

Section 14. **Foreign Nationals.** Without amending the Plan, Awards may be granted to Employees who are foreign nationals or employed outside the United States or both, on such terms and conditions different

[Table of Contents](#)

from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable to further the purpose of the Plan.

Section 15. **Securities Law Requirements.**

15.1 No Award granted hereunder shall be exercisable if the Company shall at any time determine that (a) the listing upon any securities exchange, registration or qualification under any state or federal law of any Common Stock otherwise deliverable upon such exercise, or (b) the consent or approval of any regulatory body or the satisfaction of withholding tax or other withholding liabilities, is necessary or appropriate in connection with such exercise. In any of the events referred to in clause (a) or clause (b) above, the exercisability of such Awards shall be suspended and shall not be effective unless and until such withholding, listing, registration, qualifications or approval shall have been effected or obtained free of any conditions not acceptable to the Company in its sole discretion, notwithstanding any termination of any Award or any portion of any Award during the period when exercisability has been suspended.

15.2 The Committee may require, as a condition to receive or exercise any Award, that the Participant deliver to the Company representations, warranties and agreements to the effect that any shares of Common Stock to be purchased or acquired pursuant to such Award are for investment only and without any present intention to sell or otherwise distribute such shares and that the Participant will not dispose of such shares in transactions which, in the opinion of counsel to the Company, would violate the registration provisions of the Securities Act of 1933, as amended, and the rules and regulations thereunder. The certificates issued to evidence such shares shall bear appropriate legends summarizing such restrictions on the disposition thereof.

Section 16. **Termination.** Unless earlier terminated, the Plan shall terminate upon the date on which all outstanding Awards have expired, terminated, been paid or otherwise provided for, and no Awards under the Plan shall thereafter be granted.

Section 17. **Fractional Shares.** The Company will not be required to issue any fractional shares of Common Stock pursuant to the Plan. The Committee may provide for the elimination of fractions and settlement of such fractional shares of Common Stock in cash.

Section 18. **Discretion.** In exercising, or declining to exercise, any grant of authority or discretion hereunder, the Committee may consider or ignore such factors or circumstances and may accord such weight to such factors and circumstances as the Committee alone and in its sole judgment deems appropriate and without regard to the effect such exercise, or declining to exercise such grant of authority or discretion, would have upon the affected Participant, any other Participant, any employee, the Company, any Subsidiary, any affiliate, any stockholder or any other person.

Section 19. **Governing Law.** To the extent that Federal laws (such as the Exchange Act or the Code) do not apply, the validity and construction of the Plan and any Award Agreements entered into thereunder shall be construed and enforced in accordance with the laws of the State of Delaware, but without giving effect to the choice of law principles thereof.

Section 20. **Adoption of the Plan and Effective Date.** The Plan shall become effective upon its approval by the stockholders of the Company, and no Award granted under this restatement shall become exercisable, realizable or vested prior to such approval.

Relative performance may be measured against an external index, such as a group of peer companies, industry groups or a financial market index. Permissible Performance Goals may be based upon: (1) the price of Common Stock, (2) the market share of the Company or its subsidiaries (or any business unit thereof), (3) sales or revenue by the Company or its subsidiaries (or any business unit thereof), (4) earnings or diluted earnings per share of Common Stock, with or without net pension credit/expense, (5) return on shareholder equity of the Company, (6) costs of the Company or its subsidiaries (or any business unit thereof), (7) cash flow of the Company or its subsidiaries (or any business unit thereof), (8) return on total assets of the Company or its subsidiaries (or any business unit thereof) ("ROA"), (9) return on invested capital of the Company or its subsidiaries (or any business unit thereof), (10) return on net assets of the Company or its subsidiaries (or any business unit thereof) ("RONA"), (11) operating income of the Company or its subsidiaries (or any business unit thereof), with or without net pension credit/expense, (12) net income of the Company or its subsidiaries (or any business unit thereof) with or without net pension credit/expense, (13) costs of capital of the Company or its subsidiaries (or any business unit thereof), (14) earnings before interest and income taxes ("EBIT") or earnings before interest, income taxes, depreciation and amortization ("EBITDA") of the Company or its subsidiaries, (15) economic profit of the Company or its subsidiaries, (16) economic value added, or (17) any other financial or other measurement deemed appropriate by the Committee, as it relates to the results of operations or other measurable progress of the Company or its subsidiaries (or any business unit thereof). The Committee shall have discretion to determine the specific targets with respect to each of these categories of Performance Goals.

M. Performance Period means a period of one or more consecutive fiscal years, or portions thereof, of the Company as established by the Committee during which the performance of the Company, any subsidiary or any department thereof, or any individual is measured for the purpose of determining the extent to which a Performance Goal is achieved. N. Plan means the Carpenter Technology Corporation Executive Bonus Compensation Plan herein set forth, as amended from time to time.

O. Qualified Executive Bonus Compensation means Executive Bonus Compensation that is intended to be "qualified performance-based compensation" under section 162(m) of the Code and treasury regulation 1.162-27(e), including any successor provision.

III. Administration

The Committee shall have the authority, subject to the provisions herein, (A) to select employees to participate in the Plan; (B) to establish and administer the Performance Goals and the Executive Bonus Compensation opportunities applicable to each Participant and certify whether the Performance Goals have been attained; (C) to construe and interpret the Plan and any agreement or instrument entered into under or in connection with the Plan; (D) to establish, amend, and waive rules and regulations for the Plan's administration; and (E) to make all other determinations that may be necessary or advisable for the administration of the Plan. Any

Table of Contents

determination by the Committee pursuant to the Plan shall be final, binding and conclusive on all employees and Participants and anyone claiming under or through any of them.

IV. Establishment of Performance Goals and Executive Bonus Compensation Opportunities

A. No later than the Determination Date for each Performance Period, the Committee shall establish in writing, the method for computing the amount of Qualified Executive Bonus Compensation or percentage of Base Pay that may be payable under the Plan to each Participant in the Plan for such Performance Period if the Performance Goals established by the Committee for such Performance Period are attained in whole or in part. The maximum amount that may be payable to any Participant in any calendar year under the Plan shall not exceed four (4) times the maximum deduction limit imposed by section 162(m) of the Code on compensation that is not performance based. Such method shall be stated in terms of an objective formula or standard that precludes discretion to increase the amount of Qualified Executive Bonus Compensation or percentage of Base Pay that would otherwise be due upon attainment of the goals and may be different for each Participant. Notwithstanding anything to the contrary contained herein, the Committee may, however, exercise negative discretion within the meaning of treasury regulation 1.162-27(e)(2)(iii)(A) with respect to any Executive Bonus Compensation hereunder to reduce any amount that would otherwise be payable hereunder to the extent necessary to allow the Company to deduct that Executive Bonus Compensation despite the limits imposed by section 162(m) of the Code.

B. No later than the Determination Date for each Performance Period, the Committee shall establish in writing, the Performance Goals for such Performance Period.

V. Attainment of Performance Goals Required; Employment Status

Executive Bonus Compensation shall be paid under this Plan for any Performance Period only upon the attainment of the Performance Goals established by the Committee with respect to such Performance Period. Executive Bonus Compensation shall also be contingent upon the Participant remaining employed by the Company or a subsidiary of the Company during such Performance Period, except as follows:

A. A Participant may receive Executive Bonus Compensation which shall be paid at the same time as the Executive Bonus Compensation the Participant would have received for such Performance Period had no termination of employment occurred, and which shall be equal to the amount of such Executive Bonus Compensation multiplied by a fraction the numerator of which is the number of full and partial pay periods elapsed in such Performance Period prior to termination of employment and the denominator of which is the number of total pay periods in the Performance Period in the event termination of employment is by reason of the Participant's death, Disability or, unless otherwise determined by the Committee, Retirement.

B. A Participant whose employment terminates prior to the end of a Performance Period for any reason not excepted above shall not be entitled to any Executive Bonus Compensation under the Plan for that Performance Period.

VI. Shareholder Approval and Committee Certification; Payment of Executive Bonus Compensation

A. Unless the Committee provides otherwise, (1) earned Executive Bonus Compensation shall be paid no later than 2 1/2 months after the end of the Performance Period with respect to which such Executive Bonus Compensation is earned, and (2) such payment shall be made in cash (subject to any payroll tax withholding the Company may determine applies).

B. Payment of any Qualified Executive Bonus Compensation under this Plan shall be contingent upon an affirmative vote of the shareholders of at least a majority of the votes cast (including abstentions) approving the Plan, including the basis upon which Performance Goals may be established under Section II(L) hereof, sufficient to satisfy the applicable requirements of Code section 162(m) and the regulations promulgated thereunder. Unless and until such shareholder approval is obtained, no Qualified Executive Bonus Compensation shall be paid pursuant to this Plan.

[Table of Contents](#)

C. Payment of any Qualified Executive Bonus Compensation under this Plan shall be contingent upon the Committee's certifying in writing that the Performance Goals and any other material terms applicable to such Qualified Executive Bonus Compensation were in fact satisfied, in accordance with applicable treasury regulations under Code section 162(m). Unless and until the Committee so certifies, such Qualified Executive Bonus Compensation shall not be paid. Notwithstanding anything to the contrary herein, the Committee may make appropriate adjustments when certifying the attainment of Performance Goals to reflect the occurrence of any Extraordinary Event during the Performance Period to the extent necessary to ensure that the determination of whether applicable Performance Goals were met is consistent with the basis upon which such Performance Goals were established.

D. Every fifth year following shareholder approval of this Plan, or more frequently if necessary for purposes of Code section 162(m), this Plan shall be resubmitted to shareholders for their reapproval for the relevant Performance Period(s).

VII. Amendment, Termination and Term of Plan

The Board may amend, modify or terminate this Plan at any time. The Plan will remain in effect until terminated by the Board.

VIII. Interpretation and Construction

A. No provision of the Plan, nor the selection of any Participant, shall constitute an employment agreement or affect the duration of any Participant's employment, which shall remain "employment at will" unless an employment agreement between the Company and the Participant provides otherwise. Both the Participant and the Company shall remain free to terminate employment at any time to the same extent as if the Plan had not been adopted.

B.
