**-FOR IMMEDIATE RELEASE-**

**Tel Aviv, Israel – May 30, 2010 – Elron Electronic Industries Ltd. ("Elron") (TASE: ELRN)** today announced that, further to its announcement on May 25, 2010 regarding its preparations for the completion of the sale of Medingo Ltd. (a subsidiary of Elron), the aforementioned sale was completed on May 28, 2010.

As a result, in respect of the aforementioned sale:

1. Elron and RDC – Rafael Development Corporation Ltd. ("RDC"), Elron's 50.1% held subsidiary, received approximately \$14 million and approximately \$94 million, respectively, out of the consideration paid upon completion of the transaction, and may receive in the future additional amounts of up to approximately \$3 million and up to approximately \$21 million, respectively, from the amount held in escrow in connection with the transaction for a period of up to 24 months, and up to approximately \$3 million and up to approximately \$29 million, respectively, out of an additional consideration which is conditional upon Medingo Ltd. achieving gradually, over a certain period (currently estimated to extend up to approximately 5 years), certain operational milestones.

2. Elron will record in the second quarter of 2010 a net gain currently estimated to be approximately \$59 million. An additional net gain currently estimated at an aggregate amount of up to approximately \$25 million may be recorded at later stages, taking into consideration certain future events which may affect the amounts Elron and RDC will receive from the escrow amount or from the contingent consideration. The amount of the net gain that will be recorded in the second quarter is still under examination and the results thereof may increase such net gain and simultaneously decrease by the same amount the net gain that may be recorded at later stages. The aforementioned net gain amounts include Elron's share of the net gain amounts to be recorded by RDC in consideration of the aforementioned sale.

The main terms of the aforementioned sale are described in Note 3.b.2 to Elron's Financial Statements for the first quarter of 2010.
