*The following information replaces similar disclosure contained in APPENDIX I-D – PORTFOLIO MANAGEMENT under the headings “Fund Ownership of Portfolio Managers” and “Conflicts of Interest” in Part I of the Fund’s Statement of Additional Information:*

**Fund Ownership of Portfolio Managers**

The following table shows the dollar range of shares owned beneficially and of record by the portfolio management team for the fund as well as in all US registered DWS Funds as a group (i.e., those funds advised by Deutsche Asset Management or its affiliates), including investments by their immediate family members sharing the same household and amounts invested through retirement and deferred compensation plans. This information is provided as of the fund’s most recent fiscal year end.

<b>Name of Portfolio Manager</b>	<b>Dollar Range of Fund Shares Owned</b>	<b>Dollar Range of All DWS Fund Shares Owned</b>
Luiz Ribeiro	\$0	\$0
Danilo Pereira	\$0	\$0
Thomas Petschnigg	\$0	\$0

**Conflicts of Interest**

In addition to managing the assets of the fund, a portfolio manager may have responsibility for managing other client accounts. The tables below show, per portfolio manager, the number and asset size of (1) SEC registered investment companies (or series thereof) other than the fund, (2) pooled investment vehicles that are not registered investment companies and (3) other accounts (e.g., accounts managed for individuals or organizations) managed by a portfolio manager. Total assets attributed to a portfolio manager in the tables below include total assets of each account managed, although a portfolio manager may only manage a portion of such account’s assets. For a fund subadvised by subadvisors unaffiliated with the Advisor, total assets of funds managed may only include assets allocated to the portfolio manager and not the total assets of the fund managed. The tables also show the number of performance based fee accounts, as well as the total assets of the accounts for which the advisory fee is based on the performance of the account. This information is provided as of the fund’s most recent fiscal year end.
