NOTE 1- ORGANIZATION AND BUSINESS OPERATIONS

VIATECH CORP. (“the Company”) was incorporated under the laws of the State of Nevada, U.S. on September 22, 2011 and intends to provide interior design and architectural visualization, 3D rendering and architectural animation services. The Company is in the development stage as defined under Accounting Codification Standard, Development Stage Entities (“ASC-915”). The Company has not generated any revenue to date and consequently its operations are subject to all risks inherent in the establishment of a new business enterprise. For the period from inception on September 22, 2011 through December 31, 2012 the Company has accumulated losses of $24,623.

NOTE 2 - GOING CONCERN

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception resulting in an accumulated deficit of $24,623 as of December 31, 2012 and further losses are anticipated in the development of its business raising substantial doubt about the Company’ s ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due.

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars. In the opinion of management, all adjustments, consisting of normal recurring accruals considered necessary for a fair presentation, have been included.

Cash and Cash Equivalents
The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents. The Company's bank accounts are deposited in insured institutions. The funds are insured up to $250,000. At December 31, 2012 the Company's bank deposits did not exceed the insured amounts.

Use of Estimates and Assumptions
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Instruments

The carrying value of the Company's financial instruments approximates their fair value because of the short maturity of these instruments.

Stock-based Compensation

The Company records stock based compensation in accordance with the guidance in ASC Topic 718 which requires the Company to recognize expenses related to the fair value of its employee stock option awards. This eliminates accounting for share-based compensation transactions using the intrinsic value and requires instead that such transactions be accounted for using a fair-value-based method. The Company recognizes the cost of all share-based awards on a graded vesting basis over the vesting period of the award.

Income Taxes

Income taxes are accounted for under the assets and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Basic and Diluted Net Loss per Share

The Company computes loss per share in accordance with “ASC-260”, “Earnings per Share” which requires presentation of both basic and diluted earnings per share on the face of the statement of operations. Basic loss per share is computed by dividing net loss available to common shareholders by the weighted average number of outstanding common shares during the period. Diluted loss per share gives effect to all dilutive potential common shares outstanding during the period. Dilutive loss per share excludes all potential common shares if their effect is anti-dilutive.

The Company has no potential dilutive instruments and accordingly basic loss and diluted loss per share are the same.

Fiscal Periods

The Company's fiscal year end is March 31.

NOTE 4 - STOCKHOLDER' S EQUITY

The authorized capital of the Company is 75,000,000 common shares with a par value of $ 0.001 per share. On March 29, 2012 the Company issued 7,000,000 shares of common stock at a price of $0.001 per share for total cash proceeds of $7,000. In September and October 2012, Company issued 2,020,000 shares of common stock at a price of $0.01 per share for total cash proceeds of $20,200.
As of December 31, 2012 the Company had 9,020,000 shares of common stock issued and outstanding.

NOTE 5 - RELATED PARTY TRANSACTONS

On March 29, 2012, a Director purchased 7,000,000 shares of common stock at a price of $0.001 per share for cash of $7,000. The Director loaned $4,824 to the Company to pay for business expenses. This loan is non-interest bearing, due upon demand and unsecured.

NOTE 6- INCOME TAXES

As of December 31, 2012, the Company had net operating loss carry forwards of $24,623 that may be available to reduce future years' taxable income through 2032. Future tax benefits which may arise as a result of these losses have not been recognized in these financial statements, as their realization is determined not likely to occur and accordingly, the Company has recorded a valuation allowance for the deferred tax asset relating to these tax loss carry-forwards.

FORWARD LOOKING STATEMENTS

Statements made in this Form 10-Q that are not historical or current facts are "forward-looking statements" made pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933 (the "Act") and Section 21E of the Securities Exchange Act of 1934. These statements often can be identified by the use of terms such as "may," "will," "expect," "believe," "anticipate," "estimate," "approximate" or "continue," or the negative thereof. We intend that such forward-looking statements be subject to the safe harbors for such statements. We wish to caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. Any forward-looking statements represent management's best judgment as to what may occur in the future. However, forward-looking statements are subject to risks, uncertainties and important factors beyond our control that could cause actual results and events to differ materially from historical results of operations and events and those presently anticipated or projected. We disclaim any obligation subsequently to revise any forward-looking statements to reflect events or circumstances after the date of such statement or to reflect the occurrence of anticipated or unanticipated events.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION

GENERAL

Viatech Corp. was incorporated in the State of Nevada on September 22, 2011 and established a fiscal year end of March 31. We do not have revenues, have minimal assets and have incurred losses since inception. We are a development-stage company formed to provide interior design and architectural visualization, 3D rendering and architectural animation services. Working from sketches to fully detailed plans, we plan to create high detail, high quality three-dimensional renderings. Our images and animations can be used for design and planning, property sales, buildings, and the effective communication of concepts to clientele. Three-dimensional rendering and 3D modeling is accomplished by taking two-dimensional forms and giving them volume. Created with specialized software, the computer-generated images are used in a variety of fields including but not limited to architecture, science, geology and video games.
We have recently started our operation. As of today, we have developed our business plan, and executed a Professional Service Agreement with Petr Baroch, dated May 10, 2012 to create for him a complex interior design project of a residential building.
Our registration statement has been filed with the Securities and Exchange Commission on May 25, 2012 and has been declared effective on September 12, 2012.

RESULTS OF OPERATION

As of December 31, 2012, we had total assets of $7,401 and total liabilities of $4,824. Since our inception to December 31, 2012, we have accumulated a deficit of $24,623. We anticipate that we will continue to incur substantial losses in the next 12 months. Our financial statements have been prepared assuming that we will continue as a going concern. We expect we will require additional capital to meet our long term operating requirements. We expect to raise additional capital through, among other things, the sale of equity or debt securities.

Nine Month Period Ended December 31, 2012 Compared to the period from Inception (September 22, 2011) to December 31, 2012

Our net loss for the nine month period ended December 31, 2012 was $24,399 compared to a net loss of $24,623 during the period from inception (September 22, 2011) to December 31, 2012. During the nine month period ended December 31, 2012, we have not generated any revenues.

During the nine month period ended December 31, 2012, we incurred $24,399 in general and administrative expenses compared to $24,623 in general and administrative expenses incurred during the period from inception (September 22, 2011) to December 31, 2012. General and administrative and professional fee expenses incurred during the nine month period ended December 31, 2012 were generally related to corporate overhead, financial and administrative contracted services, such as legal and accounting, developmental costs, and marketing expenses.

The weighted average number of shares outstanding was 7,883,804 for the nine month period ended December 31, 2012.

LIQUIDITY AND CAPITAL RESOURCES

As of December 31, 2012

As at December 31, 2012 our current assets were $7,401 compared to $7,200 in current assets at March 31, 2012. As at December 31, 2012, our current liabilities were $4,824.

Stockholders' equity decreased from $6,776 as of March 31, 2012 to $2,577 as of December 31, 2012.

Cash Flows from Operating Activities

We have not generated positive cash flows from operating activities. For the nine month period ended December 31, 2012, net cash flows used in operating activities was $30,790, consisting of a net loss of $24,399 and prepaid expenses of $1,500. Net cash flows used in operating activities was $31,014 for the period from inception (September 22, 2011) to December 31, 2012.

Cash Flows from Financing Activities

We have financed our operations primarily from either advancements or the issuance of equity and advances from our sole director. For the nine month period ended December 31, 2012, cash provided by financing activities was $24,600 which was received from proceeds from issuance of common stock and loans from director. For the period from inception (September 22, 2011) to December 31, 2012, net cash provided by financing activities was $32,024 received from proceeds from issuance of common stock and advance from the director.

PLAN OF OPERATION AND FUNDING

We expect that working capital requirements will continue to be funded through a combination of our existing funds and further issuances of securities. Our working capital requirements are expected to increase in line with the growth of our business.

Existing working capital, further advances and debt instruments, and anticipated cash flow are expected to be adequate to fund our operations over the next twelve months. We have no lines of credit or other bank financing arrangements. Generally, we have financed operations to date through the proceeds of the private placement of equity and advances from our sole officer and director. In connection with our business plan, management anticipates additional increases in operating expenses and capital expenditures relating to: (i) acquisition of inventory; (ii) developmental expenses associated with a start-up business; and (iii) marketing expenses. We intend to finance these expenses with further issuances of securities, and debt issuances. Thereafter, we expect we will need to raise additional capital and generate revenues to meet long-term operating requirements. We currently have no agreements, arrangements or understandings with any person to obtain funds through bank loans, lines of credit or any other sources. Since we have no such arrangements or plans currently in effect, our inability to raise funds for the above purposes will have a severe negative impact on our ability to remain a viable company. Additional issuances of equity or convertible debt securities will result in dilution to our current shareholders. Further, such securities might have rights, preferences or privileges senior to our common stock. Additional financing may not be available upon acceptable terms, or at all. If adequate funds are not available or are not available on acceptable terms, we may not be able to take advantage of prospective new business endeavors or opportunities, which could significantly and materially restrict our business operations.

OFF-BALANCE SHEET ARRANGEMENTS

As of the date of this Quarterly Report, we do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

GOING CONCERN

The independent auditors' report accompanying our March 31, 2012 financial statements contained an explanatory paragraph expressing substantial doubt about our ability to continue as a going concern. The financial statements have been prepared "assuming that we will continue as a going concern," which contemplates that we will realize our assets and satisfy our liabilities and commitments in the ordinary course of business.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

A smaller reporting company, as defined by Item 10 of Regulation S-K, is not required to provide the information required by this item.

ITEM 4 (T). CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Our disclosure controls and procedures are designed to ensure that information required to be disclosed in reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission. Our principal executive officer and principal financial and accounting officer have reviewed the effectiveness of our “disclosure controls and procedures” (as defined in the Securities Exchange Act of 1934 Rules 13(a)-15(e) and 15(d)-15(e)) within the end of the period covered by this Quarterly Report on Form 10-Q and have concluded that the disclosure controls and procedures are effective to ensure that material information relating to the Company is recorded, processed, summarized, and reported in a timely manner.

Changes in Internal Controls over Financial Reporting

There have been no changes in the Company's internal control over financial reporting during the last quarterly period covered by this report that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Management is not aware of any legal proceedings contemplated by any governmental authority or any other party involving us or our properties. As of the date of this Quarterly Report, no director, officer or affiliate is (i) a party adverse to us in any legal proceeding, or (ii) has an adverse interest to us in any legal proceedings. Management is not aware of any other legal proceedings pending or that have been threatened against us or our properties.

Item 1A. Risk Factors

A smaller reporting company, as defined by Item 10 of Regulation S-K, is not required to provide the information required by this item.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable

ITEM 5. OTHER INFORMATION

None.

ITEM 6. EXHIBITS

Exhibit 31.1

CERTIFICATION

I, Viatcheslav Gelshteyn, President and Chief Executive Officer of VIATECH CORP., certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of VIATECH CORP.;

2. Based on my knowledge, this report does not contain any untrue statement of material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by quarterly report;

3. Based on my knowledge, the financial statements, and other financial information included in this Report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d- 15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

a) designed such disclosure controls and procedures, or caused such disclosure control and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation;

d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process summarize and report financial information; and

b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Organization, Consolidation and Presentation of Financial Statements	9 Months Ended Dec. 31, 2012
Organization, Consolidation and Presentation of Financial Statements	
Organization, Consolidation and Presentation of Financial Statements Disclosure and Significant Accounting Policies [Text Block]	NOTE 1- ORGANIZATION AND BUSINESS OPERATIONS VIATECH CORP. ("the Company") was incorporated under the laws of the State of Nevada, U.S. on September 22, 2011 and intends to provide interior design and architectural visualization, 3D rendering and architectural animation services. The Company is in the development stage as defined under Accounting Codification Standard, Development Stage Entities ("ASC-915"). The Company has not generated any revenue to date and consequently its operations are subject to all risks inherent in the establishment of a new business enterprise. For the period from inception on September 22, 2011 through December 31, 2012 the Company has accumulated losses of $24,623. NOTE 2 - GOING CONCERN The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception resulting in an accumulated deficit of $24,623 as of December 31, 2012 and further losses are anticipated in the development of its business raising substantial doubt about the Company' s ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES Basis of Presentation The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars. In the opinion of management, all adjustments, consisting of normal recurring accruals considered necessary for a fair presentation, have been included. Cash and Cash Equivalents The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents. The Company's bank accounts are deposited in insured institutions. The funds are insured up to $250,000. At December 31, 2012 the Company's bank deposits did not exceed the insured amounts. Use of Estimates and Assumptions The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Financial Instruments

The carrying value of the Company's financial instruments approximates their fair value because of the short maturity of these instruments.

Stock-based Compensation

The Company records stock based compensation in accordance with the guidance in ASC Topic 718 which requires the Company to recognize expenses related to the fair value of its employee stock option awards. This eliminates accounting for share-based compensation transactions using the intrinsic value and requires instead that such transactions be accounted for using a fair-value-based method. The Company recognizes the cost of all share-based awards on a graded vesting basis over the vesting period of the award.

Income Taxes

Income taxes are accounted for under the assets and liability method. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Basic and Diluted Net Loss per Share

The Company computes loss per share in accordance with “ASC-260”, “Earnings per Share” which requires presentation of both basic and diluted earnings per share on the face of the statement of operations. Basic loss per share is computed by dividing net loss available to common shareholders by the weighted average number of outstanding common shares during the period. Diluted loss per share gives effect to all dilutive potential common shares outstanding during the period. Dilutive loss per share excludes all potential common shares if their effect is anti-dilutive.

The Company has no potential dilutive instruments and accordingly basic loss and diluted loss per share are the same.

Fiscal Periods

The Company's fiscal year end is March 31.

NOTE 4 - STOCKHOLDER’ S EQUITY

The authorized capital of the Company is 75,000,000 common shares with a par value of $ 0.001 per share. On March 29, 2012 the Company issued 7,000,000 shares of common stock at a price of $0.001 per share for total cash proceeds of $7,000. In September and October 2012, Company issued 2,020,000 shares of common stock at a price of $0.01 per share for total cash proceeds of $20,200.

As of December 31, 2012 the Company had 9,020,000 shares of common stock issued and outstanding.

NOTE 5 - RELATED PARTY TRANSACTONS

On March 29, 2012, a Director purchased 7,000,000 shares of common stock at a price of $0.001 per share for cash of $7,000.
The Director loaned $4,824 to the Company to pay for business expenses. This loan is non-interest bearing, due upon demand and unsecured.

NOTE 6- INCOME TAXES

As of December 31, 2012, the Company had net operating loss carry forwards of $24,623 that may be available to reduce future years' taxable income through 2032. Future tax benefits which may arise as a result of these losses have not been recognized in these financial statements, as their realization is determined not likely to occur and accordingly, the Company has recorded a valuation allowance for the deferred tax asset relating to these tax loss carry-forwards.
