GROUP VARIABLE CONTRACTS
FOR SECTION 403(B) OR 408 PLANS
ISSUED BY HARTFORD LIFE INSURANCE COMPANY [THE HARTFORD LOGO]
SEPARATE ACCOUNT TWO

This Prospectus sets forth information you should know before you purchase or become a Participant under the group variable annuity contract (the "Contract" or "Contracts"). Please read it carefully before you purchase or become a Participant under the Contract.

Hartford Life Insurance Company issues the Contracts for use in (a) annuity purchase plans adopted according to section 403(b) of the Internal Revenue Code by public school systems and certain tax-exempt organizations described in section 501(c)(3) of the Code, (b) employee pension plans established for employees of a state, or an agency or instrumentality of either a state or a political subdivision of a state, and (c) Individual Retirement Annuity plans adopted according to section 408 of the Code.

We hold Contributions in a Separate Account that is known as Hartford Life Insurance Company Separate Account Two during the period before Annuity payments start and during the period after Annuity payments start.

The Contracts may contain a General Account option. The General Account option may contain restrictions. The General Account option and these restrictions are not described in this Prospectus. The General Account option is not required to be registered with the Securities and Exchange Commission.

We allocate the Contributions to the "Sub-Accounts" as directed by the Contract Owner or Participant, as applicable. Sub-Accounts are divisions of a Separate Account. The following Sub-Accounts are available under the Contracts. Also listed is the name of the underlying Fund for each Sub-Account.

- Hartford Advisers HLS Fund Sub-Account which purchases Class IA shares of Hartford Advisers HLS Fund of Hartford Series Fund, Inc.
- Hartford Capital Appreciation HLS Fund Sub-Account which purchases Class IA shares of Hartford Capital Appreciation HLS Fund of Hartford Series Fund, Inc. (Closed to Contracts issued after January 3, 2005)
- Hartford Dividend and Growth HLS Fund Sub-Account which purchases Class IA shares of Hartford Dividend and Growth HLS Fund of Hartford Series Fund, Inc.
- Hartford Index HLS Fund Sub-Account which purchases Class IA shares of Hartford Index HLS Fund of Hartford Series Fund, Inc.
- Hartford International Opportunities HLS Fund Sub-Account which purchases Class IA shares of Hartford International Opportunities HLS Fund of Hartford Series Fund, Inc. (Closed to Contributions and transfers of Contract value)
- Hartford Money Market HLS Fund Sub-Account which purchases Class IA shares of Hartford Money Market HLS Fund of Hartford Series Fund, Inc.
- Hartford Mortgage Securities HLS Fund Sub-Account which purchases Class IA shares of Hartford Mortgage Securities HLS Fund of Hartford Series Fund, Inc.
- Hartford Stock HLS Fund Sub-Account which purchases Class IA shares of Hartford Stock HLS Fund of Hartford Series Fund, Inc.
- Hartford Total Return Bond HLS Fund Sub-Account which purchases Class IA shares of Hartford Total Return Bond HLS Fund of Hartford Series Fund, Inc. (Formerly Hartford Bond HLS Fund Sub-Account)
- Calvert Social Balanced Portfolio Sub-Account which purchases shares of the Social Balanced Portfolio of Calvert Variable Series, Inc. ("Calvert")

- American Century Investments VP Capital Appreciation Sub-Account which purchases shares of American Century Investments Variable Portfolios Inc. American Century Investments VP Capital Appreciation
- Fidelity-Registered Trademark- VIP Asset Manager(SM) Sub-Account which purchases Initial Class shares of Fidelity VIP Asset Manager Portfolio
- Fidelity-Registered Trademark- VIP Contrafund-Registered Trademark- Sub-Account which purchases Initial Class shares of Fidelity VIP Contrafund-Registered Trademark- Portfolio

- Fidelity-Registered Trademark- VIP Growth Sub-Account which purchases Initial Class shares of Fidelity VIP Growth Portfolio
- Fidelity-Registered Trademark- VIP Overseas Sub-Account which purchases Initial Class shares of Fidelity VIP Overseas Portfolio

If you decide to become a Contract Owner or a Participant, you should keep this Prospectus for your records. You can also call us at 1-800-771-3051 to get a Statement of Additional Information, free of charge. The Statement of Additional Information contains more information about the Contract, and, like this Prospectus, is filed with the Securities and Exchange Commission. We have included a Table of Contents for the Statement of Additional Information at the end of this Prospectus.

The Commission doesn't approve or disapprove these securities or determine if the information in this prospectus is truthful or complete. Anyone who represents that the Securities and Exchange Commission does these things may be guilty of a criminal offense.

This Prospectus and the Statement of Additional Information can also be obtained from the Securities and Exchange Commissions' website (<http://www.sec.gov>).

This group variable annuity contract IS NOT:

- A bank deposit or obligation
- Federally insured
- Endorsed by any bank or governmental agency

Prospectus Dated: May 2, 2005
Statement of Additional Information Dated: May 2, 2005

GLOSSARY OF SPECIAL TERMS

ACCUMULATION PERIOD: The period before the start of Annuity payments.

ACCUMULATION UNIT: A unit of measure used to calculate Separate Account values before we begin to make Annuity payments to you.

ADMINISTRATIVE OFFICE: Located at 200 Hopmeadow Street, Simsbury, CT 06089. The mailing address for correspondence concerning this Contract is P.O. Box 1583, Hartford, CT 06144-1583, except for overnight or express mail packages, which should be sent to: Attention: IPD/Retirement Plan Service Center, 200 Hopmeadow Street, Simsbury, CT 06089.

ANNUAL MAINTENANCE FEE: An annual charge for establishing and maintaining a Participant's Account under a Contract.

ANNUITANT: The person on whose life Annuity payments are based.

ANNUITANT'S ACCOUNT: An account established at the beginning of the Annuity Period for making Annuity payments under the Contracts.

ANNUITY: A series of payments for life or another designated period.

ANNUITY COMMENCEMENT DATE: The date we start to make Annuity payments to you.

ANNUITY PERIOD: The period during which we make Annuity payments to you.

ANNUITY UNIT: A unit of measure in the Separate Account used to calculate the value of Variable Annuity payments we make to you.

BENEFICIARY: The person or persons designated to receive Contract values in the event of the Participant's or Annuitant's death.

CODE: The Internal Revenue Code of 1986, as amended.

COMMISSION: Securities and Exchange Commission.

CONTRACT OWNER: The Employer or entity owning the Contract.

CONTRACT YEAR: A period of 12 months beginning with the effective date of the Contract or with any anniversary of the effective date.

CONTRIBUTION(S): The amount(s) paid or transferred to us by the Contract Owner on behalf of Participants pursuant to the terms of the Contracts.

DATE OF COVERAGE: The date on which we receive the application on behalf of a Participant.

EMPLOYER: An employer maintaining a Tax Sheltered Annuity plan or an Individual Retirement Annuity plan for its employees.

FIXED ANNUITY: An Annuity providing for guaranteed payments which remain fixed in amount throughout the payment period and which do not vary with the investment experience of a separate account.

GENERAL ACCOUNT: Our General Account that consists of all of our company assets, including any money you have invested in the General Account option. The assets in the General Account are available to the creditors of Hartford.

HARTFORD, WE OR US: Hartford Life Insurance Company.

INDIVIDUAL RETIREMENT ANNUITY: An Annuity Contract purchased or sponsored by an Employer on behalf of its employees that provides for special tax treatment under section 408 of the Code.

MINIMUM DEATH BENEFIT: The minimum amount payable upon the death of a Participant prior to age 65 and before Annuity payments have started.

PARTICIPANT (ALSO, "YOU"): Any employee of an Employer electing to participate in a Contract.

PARTICIPANT ACCOUNT: An account to which the General Account values and the Separate Account Accumulation Units are allocated on behalf of a Participant under a Contract.

5

<Page>

PARTICIPANT'S CONTRACT YEAR: A period of twelve (12) months beginning with the Date of Coverage of a Participant and each successive 12-month period.

PREMIUM TAX: A tax charged by a state or municipality on premiums, purchase payments or Contract values.

SURRENDER: Any partial or complete withdrawal of Contract values.

TAX SHELTERED ANNUITY (ALSO "TAX DEFERRED ANNUITY"): An Annuity Contract purchased by an Employer on behalf of its employees that qualifies for special tax treatment under section 403(b) of the Code.

VALUATION DAY: Every day the New York Stock Exchange is open for trading. The value of the Separate Account is determined at the close of the New York Stock Exchange (generally 4:00 p.m. Eastern Time).

VALUATION PERIOD: The period between the close of business on successive Valuation Days.

VARIABLE ANNUITY: An Annuity providing for payments varying in amount in accordance with the investment experience of the assets held in the underlying securities of the Separate Account.

6

FEE TABLE

The following tables describe the fees and expenses that you will pay when buying, owning and surrendering the Contract or, if you are a Participant, when opening, holding and surrendering a Participant Account under the Contract.

If you are a Contract Owner, this table describes the fees and expenses that you will pay at the time that your purchase the Contract or Surrender the Contract. If you are a Participant, this table describes the fees and expenses that you will pay at the time that you open a Participant Account or surrender a Participant Account under the Contract. Charges for state premium taxes may also be deducted when you contribute to the Contract, upon Surrender or when we start to make Annuity payouts.

CONTRACT OWNER TRANSACTION EXPENSES

<Table>

<S>

Sales Charge Imposed on Purchases (as a percentage of premium

<C>

payments).....	None
Transfer Fee (1).....	\$ 5
Contingent Deferred Sales Charge (as a percentage of amounts Surrendered) (2)	
During the First Year through Fifth Year.....	5%
During the Sixth Year.....	4%
During the Seventh Year.....	3%
During the Eighth Year.....	2%
During the Ninth Year.....	1%
During the Tenth Year and thereafter.....	0%

</Table>

(1) We currently waive the Transfer Fee.

(2) Each Participant Account has its own Contingent Deferred Sales Charge schedule. The amount of the Contingent Deferred Sales Charge depends on the number of Participant's Contract Years completed with respect to the Participant's Account before the Surrender. We waive the Contingent Deferred Sales Charge on certain types of Surrenders. See the Contingent Deferred Sales Charge in the Charges and Fees Section of this prospectus.

THIS TABLE DESCRIBES THE FEES AND EXPENSES THAT YOU WILL PAY PERIODICALLY AND ON A DAILY BASIS DURING THE TIME THAT YOU OWN THE CONTRACT OR HAVE A PARTICIPANT ACCOUNT UNDER THE CONTRACT, NOT INCLUDING FEES AND EXPENSES OF THE UNDERLYING FUNDS.

<Table>	
<S>	<C>
Annual Maintenance Fee (3).....	\$ 30
SEPARATE ACCOUNT ANNUAL EXPENSES (as a percentage of average daily Sub-Account Value)	
Mortality and Expense Risk and Administrative Charge.....	1.25%
Total Separate Account Annual Expenses.....	1.25%

</Table>

(3) The Annual Maintenance Fee is a single \$30 charge on a Participant's Individual Account. It is deducted proportionally from the investment options in use at the time of the charge.

We may eliminate or change the Transfer Fee, Contingent Deferred Sales Charge, Annual Maintenance Fee, and Mortality and Expense Risk and Administrative Charge. See "Experience Rating under the Contracts" and "Negotiated Charges and Fees". We may also deduct a charge for Premium Taxes at the time of Surrender.

7

<Page>

THIS TABLE SHOWS THE MINIMUM AND MAXIMUM TOTAL FUND OPERATING EXPENSES CHARGED BY THE UNDERLYING FUNDS THAT YOU MAY PAY ON A DAILY BASIS DURING THE TIME THAT YOU OWN THE CONTRACT OR HAVE A PARTICIPANT ACCOUNT UNDER THE CONTRACT. MORE DETAIL CONCERNING EACH UNDERLYING FUND'S FEES AND EXPENSES IS CONTAINED IN THE PROSPECTUS FOR EACH FUND.

<Table>

</Table>

8

<Page>

EXAMPLE

THIS EXAMPLE IS INTENDED TO HELP YOU COMPARE THE COST OF INVESTING IN THE CONTRACT WITH THE COST OF INVESTING IN OTHER VARIABLE ANNUITY CONTRACTS. THE EXAMPLE REFLECTS A DEDUCTION FOR ANY CONTINGENT DEFERRED SALES CHARGE, ANNUAL MAINTENANCE FEE, MAXIMUM SEPARATE ACCOUNT ANNUAL EXPENSES AND THE HIGHEST TOTAL ANNUAL FUND OPERATING EXPENSES OF THE UNDERLYING FUNDS. THE EXAMPLE DOES NOT REFLECT THE DEDUCTION OF ANY APPLICABLE PREMIUM TAXES.

THE EXAMPLE SHOULD NOT BE CONSIDERED A REPRESENTATION OF PAST OR FUTURE EXPENSES AND ACTUAL EXPENSES MAY BE GREATER OR LESS THAN THOSE SHOWN. IN THE FOLLOWING EXAMPLE TABLE, HARTFORD ASSUMES A CONTRACT VALUE OF \$25,000 TO ILLUSTRATE THE CHARGES THAT WOULD BE DEDUCTED. THE EXAMPLE ASSUMES THE ANNUAL MAINTENANCE FEE WILL ALWAYS BE DEDUCTED IF THE CONTRACT OR PARTICIPANT ACCOUNT

IS SURRENDERED. WE CHANGE THE ANNUAL MAINTENANCE FEE FOR A \$25,000 CONTRACT VALUE INTO A PERCENTAGE TO MORE EASILY CALCULATE THE CHARGES. THE PERCENTAGE WE USE IS 0.12%.

THE EXAMPLE ASSUMES THAT YOU INVEST \$10,000 IN THE CONTRACT FOR THE TIME PERIODS INDICATED. THE EXAMPLE ALSO ASSUMES THAT YOUR INVESTMENT HAS A 5% RETURN EACH YEAR AND ASSUMES THE HIGHEST TOTAL ANNUAL FUND OPERATING EXPENSES. ALTHOUGH YOUR ACTUAL COSTS MAY BE HIGHER OR LOWER, BASED ON THESE ASSUMPTIONS, YOUR COSTS WOULD BE:

EXAMPLE -- 1.25% MORTALITY AND EXPENSE RISK AND ADMINISTRATIVE CHARGE

(1) If you Surrender your Contract at the end of the applicable time period:

<S>	<C>
1 year.....	\$ 756
3 years.....	\$1,287
5 years.....	\$1,846
10 years.....	\$2,730

(2) If you annuitize at the end of the applicable time period:

<S>	<C>
1 year.....	\$ 231
3 years.....	\$ 735
5 years.....	\$1,265
10 years.....	\$2,715

(3) If you do not Surrender your Contract:

<S>	<C>
1 year.....	\$ 243
3 years.....	\$ 748
5 years.....	\$1,279
10 years.....	\$2,730

CONDENSED FINANCIAL INFORMATION

When Contributions are credited to your Sub-Accounts, they are converted into Accumulation Units by dividing the amount of your Contributions, minus any Premium Taxes, by the Accumulation Unit Value for that day. For more information on how Accumulation Unit Values are calculated see "How do I know what my Participant Account is worth?". Please refer to Appendix I for information regarding Accumulation Unit Values. Accumulation Unit Values may be obtained, free of charge, by calling us at 1-800-528-9009.

<Page>

SUMMARY

WHAT ARE THE CONTRACTS?

The Contracts are group variable annuity contracts. They are issued in connection with Employer programs allowing employee participation and special tax treatment under section 403(b) and Section 408 of the Code.

WHAT IS THE ACCUMULATION PERIOD?

During the Accumulation Period, under the Contracts, the Employer makes Contributions to the Contracts that are used to purchase variable Separate Account interests. Contributions allocated to purchase variable interests may, after the deductions described in this Prospectus, be invested in selected Sub-Accounts of Separate Account Two.

During the Accumulation Period, Participants may allocate monies held in the Separate Account among the available Sub-Accounts of the Separate Account. There may be restrictions under certain circumstances (see "May I transfer assets between Sub-Accounts?").

WHAT ARE THE SALES CHARGES UNDER THE CONTRACT?

We do not deduct sales charges at the time Contributions are made to the Contract. We deduct a contingent deferred sales charge ("Sales Charge") from Surrenders of or from the Contract. The amount of the Sales Charge depends on the number of Participant's Contract Years completed with respect to a Participant's Account before the Surrender. It is a percentage of the amount Surrendered. Such charges will in no event exceed 8.50% when applied as a percentage against the sum of all Contributions to a Participant's Account.

<Table> <Caption> PARTICIPANT'S CONTRACT YEARS -----	SALES CHARGE -----
<S>	<C>
During the First through the Fifth Year.....	5%
During the Sixth Year.....	4%
During the Seventh Year.....	3%
During the Eighth Year.....	2%
During the Ninth Year.....	1%
During the Tenth Year and thereafter.....	0%

We may reduce the amount or term of the Sales Charge (see "Experience Rating under the Contracts" and "Negotiated Charges and Fees").

No deduction for Sales Charges will be made in certain cases. (See "Is there ever a time when the Sales Charge does not apply?").

WHAT CHARGES WILL I PAY ON AN ANNUAL BASIS?

MORTALITY AND EXPENSE RISK AND ADMINISTRATIVE CHARGE: For providing administrative services, and for assuming mortality and expense risks under the Contract, we deduct a daily charge at an annual rate against all Contract values held in the Separate Accounts during the life of the Contract. This is the charge for mortality and expense risk and administrative undertakings. We deduct this charge at an annual rate of 1.25% from the average daily net assets of Separate Account Two. The mortality and expense risk and administrative charge can be reduced (See "Experience Rating under the Contracts" and "Negotiated Charges and Fees").

ANNUAL MAINTENANCE FEE: We deduct an Annual Maintenance Fee from the value of each Participant Account under a Contract. The maximum Annual Maintenance Fee is \$30 per year, but such fee may be reduced or waived (see "Experience Rating under the Contracts" and "Negotiated Charges and Fees").

IS THERE A DEDUCTION FOR PREMIUM TAXES?

We deduct during the Accumulation Period and at the time of annuitization, as appropriate, for the payment of any Premium Taxes levied against the Contract by a state or other governmental entity. The range is generally up to 3.50%. (See "Contract Charges").

<Page>
IS THERE A DEATH BENEFIT?

We will pay a Minimum Death Benefit if a Participant dies before the earlier of (1) the Participant's 65th birthday or (2) the Annuity Commencement Date. (See "Death Benefits").

PARTICIPANT ACCOUNT LOANS

You can request a loan from your Participant Account under certain plans. To obtain a loan, you enter into a loan agreement with Hartford that describes all the terms, conditions, fees or charges of your loan. Your Employer's plan may further restrict the amount of your Participant Account available for a loan. Participant Account loans may not be available in all states or in all Contracts, or may be subject to other restrictions.

WHAT IS THE ANNUITY PERIOD?

At the end of the Accumulation Period, you can allocate Contract values held, less Premium Taxes if applicable, with respect to your Participant Account to establish Annuitants' Accounts to provide Fixed and/or Variable Annuities under the Contract. (See "Settlement Provisions.")

WHAT ANNUITY PAYMENT OPTIONS ARE AVAILABLE?

When you purchase an Annuity, you may choose one of the following Annuity payment options, or receive a lump sum payment (all annuity options may not be available in all states or Contracts):

LIFE ANNUITY where we make monthly Annuity payments for as long as the Annuitant lives.

- Payments under this option stop upon the death of the Annuitant, even if the Annuitant dies after one payment.

LIFE ANNUITY WITH 120, 180 OR 240 MONTHLY PAYMENTS CERTAIN where we make monthly payments for the life of the Annuitant with the provision that payments will be made for a minimum of 120, 180 or 240 months, as elected. If, at the death of the Annuitant, payments have been made for less than the minimum elected number of months, then any remaining guaranteed monthly payments will be

paid to the Beneficiary unless other provisions have been made and approved by us.

UNIT REFUND LIFE ANNUITY where we make monthly payments during the life of the Annuitant and when the Annuitant dies, we pay any remaining value to the Beneficiary. See Annuity payment Option 3 for a discussion of how the remaining value is determined.

JOINT AND LAST SURVIVOR ANNUITY where we make monthly payments during the joint lifetime of the Annuitant and a designated individual (called the joint Annuitant) and then throughout the remaining lifetime of the survivor.

- When the Annuity is purchased, the Annuitant elects what percentage (50%, 66 2/3%, or 100%) of the monthly Annuity payment will continue to be paid to the survivor.
- It is possible for an Annuitant and joint Annuitant to receive only one payment in the event of the common or simultaneous death of the Annuitant and joint Annuitant prior to the due date for the second payment.

PAYMENTS FOR A DESIGNATED PERIOD where we agree to make monthly payments for the number of years selected. Under the Contracts, the minimum number of years is five. In the event of the Annuitant's death prior to the end of the designated period, the present value of any then remaining payments will be paid in one sum to the Beneficiary unless other provisions have been made and approved by us.

- This option does not involve life contingencies and does not provide any mortality guarantee.
- Surrenders by the Annuitant are subject to the limitations set forth in the contract and any applicable contingent deferred sales charges.

UNDER ANY OF THE ANNUITY PAYMENT OPTIONS ABOVE, EXCEPT THE PAYMENTS FOR A DESIGNATED PERIOD OPTION (ON A VARIABLE BASIS), NO SURRENDERS ARE PERMITTED BY THE ANNUITANT AFTER ANNUITY PAYMENTS COMMENCE.

11

<Page>

PERFORMANCE RELATED INFORMATION

Separate Account Two may advertise certain performance related information concerning its Sub-Accounts. Performance information about a Sub-Account is based on the Sub-Account's past performance only and is no indication of future performance.

Hartford Advisers HLS, Hartford Total Return Bond HLS, Calvert Social Balanced, Hartford Capital Appreciation HLS, Hartford Dividend and Growth HLS, Hartford Index HLS, Hartford International Opportunities HLS, Hartford Money Market HLS, Hartford Mortgage Securities HLS, Hartford Stock HLS, American Century VP Capital Appreciation, Fidelity VIP II Asset Manager, Fidelity VIP Growth, Fidelity VIP II Contrafund-Registered Trademark-, and Fidelity VIP Overseas Sub-Accounts may include total return in advertisements or other sales material.

When a Sub-Account advertises its STANDARDIZED TOTAL RETURN, it will usually be calculated for one year, five years, and ten years or some other relevant periods if the Sub-Account has not been in existence for at least ten years. Total return is measured by comparing the value of an investment in the Sub-Account at the beginning of the relevant period to the value of the investment at the end of the period (assuming the deduction of any contingent deferred sales charge which would be payable if the investment were redeemed at the end of the period). Total return figures reflect a deduction for all total fund operating expenses, the contingent deferred sales charge, the highest charge for mortality, expense risk, and administrative undertakings and the highest Annual Maintenance Fee.

The Separate Account may also advertise NON-STANDARD TOTAL RETURNS THAT PRE-DATE THE INCEPTION DATE OF THE SEPARATE ACCOUNT. These non-standardized total returns are calculated by assuming that the Sub-Accounts have been in existence for the same periods as the underlying Funds and by taking deductions for charges equal to those currently assessed against the Sub-Accounts. This figure will usually be calculated for one year, five years, and ten years or other periods. Non-standardized total return figures reflect a deduction for total fund operating expenses, the actual charge for mortality, expense risk, and administrative undertakings and do not take into account contingent deferred sales charges or the Annual Maintenance Fee. This means the non-standardized total return for a Sub-Account is higher than standardized total return for a Sub-Account. These non-standardized returns must be accompanied by standardized total returns.

Hartford Total Return Bond HLS and Hartford Mortgage Securities HLS Sub-Accounts may ADVERTISE YIELD IN ADDITION TO TOTAL RETURN. The yield will be computed in the following manner: the net investment income per unit earned during a recent 30 day period is divided by the unit value on the last day of

the period. This figure reflects the recurring charges on the Separate Account level including the charge for mortality, expense risk, administrative undertakings and the Annual Maintenance Fee.

Hartford Money Market HLS Sub-Account may advertise YIELD AND EFFECTIVE YIELD. The yield of the Sub-Account is based upon the income earned by the Sub-Account over a seven-day period and then annualized, i.e. the income earned in the period is assumed to be earned every seven days over a 52-week period and stated as a percentage of the investment. Effective yield is calculated similarly but when annualized, the income earned by the investment is assumed to be reinvested in Sub-Account units and thus compounded in the course of a 52-week period. Yield and effective yield reflect the recurring charges on the Separate Account level including the charge for mortality, expense risk, administrative undertakings and the Annual Maintenance Fee.

We may provide information on various topics to Contract Owners and prospective Contract Owners in advertising, sales literature or other materials. These topics may include the relationship between sectors of the economy and the economy as a whole and its effect on various securities markets, investment strategies and techniques (such as value investing, dollar cost averaging and asset allocation), the advantages and disadvantages of investing in tax-deferred and taxable instruments, customer profiles and hypothetical purchase scenarios, financial management and tax and retirement planning, and other investment alternatives, including comparisons between the Contracts and the characteristics of and market for such alternatives.

HARTFORD LIFE INSURANCE COMPANY

Hartford Life Insurance Company is a stock life insurance company engaged in the business of writing life insurance and annuities, both individual and group, in all states of the United States and the District of

12

<Page>

Columbia. We were originally incorporated under the laws of Massachusetts on June 5, 1902, and subsequently redomiciled to Connecticut. Our offices are located in Simsbury, Connecticut; however, our mailing address is P.O. Box 1583, Hartford, CT 06144-1583. We are ultimately controlled by The Hartford Financial Services Group, Inc., one of the largest financial service providers in the United States.

HARTFORD'S RATINGS

<Table>

<Caption>

RATING AGENCY	EFFECTIVE DATE OF RATING	RATING	BASIS OF RATING
A.M. Best and Company, Inc.	2/15/05	A+	Financial strength
Standard & Poor's	2/15/05	AA-	Financial strength
Fitch	2/15/05	AA	Financial strength

</Table>

These ratings apply to Hartford's ability to meet its obligations under the Contract. The ratings do not apply to the Separate Account or the underlying Funds.

THE SEPARATE ACCOUNT

The Separate Account is where we set aside and invest assets of some of our annuity contracts, including this Contract. The assets of Separate Account Two were transferred from Hartford Variable Annuity Life Insurance Company Separate Account DC-II on December 31, 1987.

The Separate Account is registered as a unit investment trust under the Investment Company Act of 1940. This registration does not involve supervision by the Commission of the management or the investment practices of the Separate Account or Hartford. The Separate Account meets the definition of "separate account" under federal securities law. The Separate Account holds only assets for variable annuity contracts. The Separate Account:

- Holds assets for the benefit of Participants and Contract Owners, and the persons entitled to the payments described in the Contract.
- Is not subject to the liabilities arising out of any other business Hartford may conduct. However, all obligations under the Contract are general corporate obligations of Hartford.
- Is not affected by the rate of return of Hartford's General Account or by the investment performance of any of Hartford's other separate accounts.
- May be subject to liabilities from a Sub-Account of the Separate Account that holds assets of other contracts offered by the Separate Account which are not described in this Prospectus.

- Is credited with income and gains, and takes losses, whether or not realized, from the assets it holds.

WE DO NOT GUARANTEE THE INVESTMENT RESULTS OF THE SEPARATE ACCOUNT. THERE IS NO ASSURANCE THAT THE VALUE OF YOUR PARTICIPANT ACCOUNT WILL EQUAL THE TOTAL OF THE CONTRIBUTIONS MADE TO YOUR PARTICIPANT ACCOUNT.

THE FUNDS

The Hartford HLS Funds are sponsored and administered by Hartford or its affiliates. HL Investment Advisors, LLC ("HL Advisors") serves as the investment manager to each of the Hartford HLS Funds. Wellington Management Company, LLP ("Wellington Management") and Hartford Investment Management Company ("Hartford Investment Management") serve as sub-investment advisors and provide day to day investment services.

Hartford Advisers HLS Fund, Hartford Total Return Bond HLS Fund, Hartford Capital Appreciation HLS Fund, Hartford Dividend and Growth HLS Fund, Hartford Index HLS Fund, Hartford International Opportunities HLS Fund, Hartford Money Market HLS Fund, Hartford Mortgage Securities HLS Fund and Hartford Stock HLS Fund are series of Hartford Series Fund, Inc. a Maryland corporation registered with the Securities and Exchange Commission as an open-end management investment company.

13

<Page>

The shares of each Hartford HLS Fund have been divided into Class IA and Class IB. Only Class IA shares are available in this Contract.

Calvert Asset Management Company, Inc. serves as investment adviser and manages the fixed-income portion of the Calvert Social Balanced Portfolio. The sub-advisers to the Portfolio are Brown Capital Management, Inc. and State Street Global Advisers Management, Inc.

American Century Investment Management, Inc. ("ACIM") serves as the investment adviser to the American Century Investment VP Funds. ACIM has been providing investment advisory services to investment companies and institutional investors since it was founded in 1958.

Fidelity Management & Research Company ("FMR") is the investment adviser for the Fidelity VIP Funds.

We do not guarantee the investment results of any of the underlying Funds. Since each underlying Fund has different investment objectives, each is subject to different risks. These risks and the Funds' expenses are more fully described in the accompanying Funds' prospectuses and Statements of Additional Information, which may be ordered from us. The Funds' prospectuses should be read in conjunction with this Prospectus before investing.

THESE FUNDS MAY NOT BE AVAILABLE IN ALL STATES OR IN ALL CONTRACTS.

The investment goals of each of the Funds are as follows:

HARTFORD HLS FUNDS

HARTFORD ADVISERS HLS FUND

Seeks maximum long-term total return. Sub-advised by Wellington Management Company, LLP.

HARTFORD CAPITAL APPRECIATION HLS FUND

(Closed to Contracts issued after January 3, 2005) -- Seeks growth of capital. Sub-advised by Wellington Management Company, LLP.

HARTFORD DIVIDEND AND GROWTH HLS FUND

Seeks a high level of current income consistent with growth of capital. Sub-advised by Wellington Management Company, LLP.

HARTFORD INDEX HLS FUND

Seeks to provide investment results which approximate the price and yield performance of publicly traded common stocks in the aggregate. Sub-advised by Hartford Investment Management Company.

HARTFORD INTERNATIONAL OPPORTUNITIES HLS FUND

(Closed to new and subsequent Premium Payments and transfers of Contract Value) -- Seeks growth of capital. Sub-advised by Wellington Management Company, LLP.

HARTFORD MONEY MARKET HLS FUND

Seeks maximum current income consistent with liquidity and preservation of capital. Sub-advised by Hartford Investment Management Company.

HARTFORD MORTGAGE SECURITIES HLS FUND

Seeks maximum current income consistent with safety of principal and maintenance of liquidity by investing primarily in mortgage-related securities. Sub-advised by Hartford Investment Management Company.

HARTFORD STOCK HLS FUND

Seeks long-term growth of capital, with income as a secondary consideration. Sub-advised by Wellington Management Company, LLP.

14

<Page>

HARTFORD TOTAL RETURN BOND HLS FUND

(Formerly Hartford Bond HLS Fund) Seeks a high level of current income, consistent with a competitive total return, as compared to bond funds with similar investment objectives and policies. Sub-advised by Hartford Investment Management Company.

CALVERT FUND

CALVERT SOCIAL BALANCED PORTFOLIO

Seeks to achieve a competitive return through an actively managed portfolio of stocks, bonds and money market instruments which offer income and capital growth opportunity and which satisfy the investment and social criteria.

AMERICAN CENTURY VP FUND

AMERICAN CENTURY INVESTMENTS VARIABLE PORTFOLIOS, INC. AMERICAN CENTURY INVESTMENTS VP CAPITAL APPRECIATION

Seeks capital growth over time by investing primarily in equity securities that are considered by management to have better than average prospects for appreciation.

FIDELITY FUNDS

FIDELITY VIP ASSET MANAGER-SM- PORTFOLIO

Seeks high total return with reduced risk over the long-term by allocating its assets among stocks, bonds and short term instruments.

FIDELITY VIP CONTRAFUND-REGISTERED TRADEMARK- PORTFOLIO

Seeks long term capital appreciation.

FIDELITY VIP GROWTH PORTFOLIO

Seeks capital appreciation.

FIDELITY VIP OVERSEAS PORTFOLIO

Seeks long-term growth of capital.

ALL FUNDS

Hartford Advisers HLS Sub-Account was not available under Contracts issued prior to May 2, 1983. Hartford Capital Appreciation HLS Sub-Account was not available under Contracts issued prior to May 1, 1984. Hartford Mortgage Securities HLS Sub-Account was not available under Contracts issued prior to January 15, 1985. Hartford Index HLS Sub-Account was not available under Contracts issued prior to May 1, 1987. Hartford Dividend and Growth HLS Sub-Account was not available under Contracts issued prior to May 1, 1995. Funds not available prior to the issue date of a Contract may be requested in writing by the Contract Owner.

MIXED AND SHARED FUNDING: Shares of the Funds are sold to our other separate accounts and our insurance company affiliates or other unaffiliated insurance companies to serve as the underlying investment for both variable annuity contracts and variable life insurance contracts, a practice known as "mixed and shared funding." As a result, there is a possibility that a material conflict may arise between the interests of Contract Owners, and of owners of other contracts whose contract values are allocated to one or more of these other separate accounts investing in any one of the Funds. In the event of any such material conflicts, we

15

<Page>

will consider what action may be appropriate, including removing the Fund from the Separate Account or replacing the Fund with another Fund. There are certain

risks associated with mixed and shared funding. These risks are disclosed in the Funds' prospectus accompanying this prospectus.

VOTING RIGHTS: We are the legal owners of all Fund shares held in the Separate Account and we have the right to vote at the Fund's shareholder meetings. To the extent required by federal securities laws or regulations, we will:

- Notify the Contract Owner of any Fund shareholders' meeting if the shares held for the Contract may be voted;
- Send proxy materials and a form of instructions to the Contract Owner that may be used to tell us how to vote the Fund shares held for the Contract;
- Arrange for the handling and tallying of proxies received from Contract Owners;
- Vote all Fund shares attributable to a Contract according to instructions received from the Contract Owner; and
- Vote all Fund shares for which no voting instructions are received in the same proportion as shares for which instructions have been received.

If any federal securities laws or regulations, or their present interpretation, change to permit us to vote Fund shares on our own, we may decide to do so. Contract Owners may attend any shareholder meeting at which shares held for their Contract may be voted.

During the Annuity Period under a Contract, the number of votes will decrease as the assets held to fund the Annuity benefits will decrease.

SUBSTITUTION, ADDITION OR DELETION OF FUNDS, SEPARATE ACCOUNTS AND/OR SUB-ACCOUNTS: We reserve the right, subject to any applicable law, to substitute the shares of any other registered investment company for the shares of any Fund held by the Separate Account. Substitution may occur if shares of the Fund(s) become unavailable or due to changes in applicable law or interpretations of law or as we deem appropriate. Current law requires notification to you of any such substitution and approval of the Securities and Exchange Commission. We also reserve the right, subject to any applicable law, to offer additional Sub-Accounts with differing investment objectives, and to make existing Sub-Account options unavailable under the Contracts in the future.

We may offer additional separate account options from time to time under these Contracts. Such new options will be subject to the then in effect charges, fees, and or transfer restrictions for the Contracts for such additional separate accounts.

ADMINISTRATIVE AND DISTRIBUTION SERVICES: Hartford has entered into agreements with the investment advisers or distributors of many of the Funds. Under the terms of these agreements, Hartford provides administrative and distribution related services and the Funds pay fees to Hartford that are usually based on an annual percentage of the average daily net assets of the Funds. These agreements may be different for each Fund or each Fund family and may include fees paid under a distribution and/or servicing plan adopted by a Fund pursuant to Rule 12b-1 under the Investment Company Act of 1940.

GENERAL ACCOUNT OPTION

IMPORTANT INFORMATION YOU SHOULD KNOW: THE PORTION OF THE CONTRACT RELATING TO THE GENERAL ACCOUNT OPTION IS NOT REGISTERED UNDER THE SECURITIES ACT OF 1933 ("1933 ACT") AND THE GENERAL ACCOUNT OPTION IS NOT REGISTERED AS AN INVESTMENT COMPANY UNDER THE INVESTMENT COMPANY ACT OF 1940 ("1940 ACT"). NEITHER THE GENERAL ACCOUNT OPTION NOR ANY INTEREST IN THE GENERAL ACCOUNT OPTION IS SUBJECT TO THE PROVISIONS OR RESTRICTIONS OF THE 1933 ACT OR THE 1940 ACT, AND THE STAFF OF THE SECURITIES AND EXCHANGE COMMISSION HAS NOT REVIEWED THE DISCLOSURE REGARDING THE GENERAL ACCOUNT OPTION.

The General Account option is part of our General Account that includes our company assets. Contributions and Contract values allocated to the General Account option are available to our general creditors.

16

<Page>

DECLARED RATE OF INTEREST: We credit interest on Contributions made to the General Account at a rate we declare for any period of time that we determine. We may change the declared interest rate from time to time at our discretion.

GUARANTEED RATE OF INTEREST: We guarantee a minimum rate of interest. The declared interest rate will not be less than the minimum guaranteed rate of interest.

DISTRIBUTIONS AND TRANSFERS: We generally process distributions and transfers from the General Account within a reasonable period of time after we receive a Participant request at our Administrative Office. However, under certain conditions, transfers from the General Account may be limited or

deferred. Distributions may be subject to a contingent deferred sales charge and may be deferred.

CONTRACT CHARGES

SALES CHARGE: The purpose of the Sales Charge is to cover expenses relating to the sale and distribution of the Contracts, including:

- the cost of preparing sales literature,
- commissions and other compensation paid to distributing organizations and their sales personnel, and
- other distribution related activities.

If the Sales Charge is not sufficient to cover sales and distribution expenses, we pay those expenses from our general assets, including surplus. Surplus might include profits resulting from unused mortality and expense risk charges.

There is no deduction for Sales Charge at the time Contributions are made to the Contract. The Sales Charge is deducted from Surrenders of or from the Contract. The amount of the Sales Charge depends on the number of Participant's Contract Years completed with respect to a Participant's Account before the Surrender. It is a percentage of the amount Surrendered. Such charges will in no event exceed 8.50% when applied as a percentage against the sum of all Contributions to a Participant's Account.

<Table>
<Caption>
PARTICIPANT'S CONTRACT YEARS SALES CHARGE

<S> <C>
During the First through the Fifth Year..... 5%
During the Sixth Year..... 4%
During the Seventh Year..... 3%
During the Eighth Year..... 2%
During the Ninth Year..... 1%
During the Tenth Year and thereafter..... 0%
</Table>

We may reduce the amount or term of the Sales Charge (see "Experience Rating under the Contracts" and "Negotiated Charges and Fees").

When you request a full Surrender, the Sales Charge is deducted from the amount Surrendered and the balance is paid to you.

- Example: You request a full Surrender when the value of your Participant Account is \$1,000 and the applicable Sales Charge is 5%: Your Sub-Account(s) will be surrendered by \$1,000 and you will receive \$950 (i.e., the \$1,000 Surrender less the 5% Sales Charge).

If you request a partial Surrender and ask for a specific dollar amount, the Sales Charge will be calculated on the total amount that must be withdrawn from your Sub-Account(s) to provide you with the amount requested.

- Example: You ask for \$1,000 when the applicable Sales Charge is 5%: Your Sub-Account(s) will be reduced by \$1,052.63 (i.e., a total withdrawal of \$1,052.63 made up of \$52.63 in Sales Charge plus the \$1,000 you requested). The net amount of \$1,000 is paid to you.

ANNUAL MAINTENANCE FEE: We deduct an Annual Maintenance Fee from the value of each Participant Account under a Contract. The maximum Annual Maintenance Fee is \$30 per year, but such fee may be reduced or waived (see "Experience Rating under the Contracts" and "Negotiated Charges and Fees").

<Page>
We deduct the Annual Maintenance Fee on the last business day of each Participant's Contract Year. However, if you Surrender the value of your Participant Account in full at any time before the last business day of your Participant's Contract Year, we will deduct the Annual Maintenance Fee from the proceeds of such Surrender. We do not deduct the Annual Maintenance Fee during the Annuity Period under a Contract. We deduct the Annual Maintenance Fee on a pro rata basis from the value of the Sub-Accounts chosen with respect to a Participant Account.

IS THERE EVER A TIME WHEN THE SALES CHARGE OR ANNUAL MAINTENANCE FEE DO NOT APPLY?

We do not deduct the Sales Charge and Annual Maintenance Fee from a Surrender from Participant's Account under a Contract in the event of the Participant's:

- death,

- disability, within the meaning of Code section 72(m)(7) (provided that any such disability would entitle the Participant to receive social security disability benefits),
- confinement in a nursing home, provided the Participant is confined immediately following at least 90 days of continuous confinement in a hospital or long term care facility,
- separation from service with the Employer on or after the Participant Contract Year 5 for Participants age 59 1/2 or older,
- financial hardship (e.g., an immediate and heavy financial need of the Participant other than purchase of a principal residence or payment for post-secondary education), or
- in the event that a Participant Account is paid out under one of the available Annuity payment options under the Contracts or under the Systematic Withdrawal Option (except that a Surrender out of Annuity payment option 5 is subject to Sales Charges, if applicable).

Some of the foregoing events may not apply to Participants under an Individual Retirement Annuity.

If you are otherwise eligible to make a withdrawal from your Participant Account under the terms of your Employer's plan, you can withdraw, on a non-cumulative basis, up to 10% of the value of your Participant Account, without application of a Sales Charge for each Participant Contract Year after the first Participant Contract Year. The minimum amount you can withdraw under this provision is \$250.

No deduction for the Sales Charge will apply to a transfer to a Related Participant Directed Account Option. A "Related Participant Directed Account Option" is a separate Participant directed investment account under a Code section 403(b)(7) custodial account that you identify and we accept for the purpose of participant-directed transfers of amounts from the Contract for investment outside of the Contract. The Related Participant Directed Account Option may not be available in all states or in all Contracts.

MORTALITY AND EXPENSE RISK AND ADMINISTRATIVE CHARGE: For providing administrative services, and for assuming mortality and expense risks under the Contract, we deduct a daily charge at an annual rate of 1.25% against all Contract values in the Separate Account during the life of the Contract.

The mortality and expense risk and administrative charge compensates us for providing administrative services and for assuming mortality and expense risks under the Contracts. We assume two types of mortality risk and an expense risk:

- **MORTALITY RISK DURING THE ACCUMULATION PERIOD** -- During the period your Contributions are accumulating, we are required to cover any difference between the Minimum Death Benefit paid and the Participant Account value. These differences may occur during periods of declining value or in periods where the Contingent Deferred Sales Charges would have been applicable. The risk that we bear during this period is that actual mortality rates, in aggregate, may exceed expected mortality rates.
- **MORTALITY RISK DURING THE ANNUITY PERIOD** -- Once Annuity payouts have begun, we may be required to make Annuity payouts as long as the Annuitant is living, regardless of how long the Annuitant lives. The risk that we bear during this period is that the actual mortality rates, in aggregate, may be lower than the expected mortality rates.
- **EXPENSE RISK** -- We also bear an expense risk that the Contingent Deferred Sales Charges collected before the Annuity Commencement Date may not be enough to cover the actual cost of selling, distributing and administering the Contract.

18

<Page>

Although variable Annuity payouts will fluctuate with the performance of the underlying Fund selected, your Annuity payouts will not be affected by (a) the actual mortality experience of our Annuitants, or (b) our actual expenses if they are greater than the deductions stated in the Contract. Because we cannot be certain how long our Annuitants will live, we charge this percentage fee based on the mortality tables currently in use. This charge enables us to keep our commitments and to pay you as planned.

We also provide various administrative support services for Plans. These services include recordkeeping, statements of account, internet and automated voice response account access, and participant educational materials.

If the mortality and expense risk and administrative charge under a Contract is insufficient to cover actual costs incurred by us, we will bear the loss. If the mortality and expense risk and administrative charge exceeds these costs, we will keep the excess as profit. We may use these profits for any proper

corporate purpose including, among other things, payment of sales expenses. We expect to make a profit from the mortality and expense risk and administrative charge.

We may reduce the mortality and expense risk and administrative charge under the Contracts (see "Experience Rating under the Contracts" and "Negotiated Charges and Fees").

PREMIUM TAXES: We deduct a charge for Premium Tax, if applicable, imposed by a state or other governmental entity. Certain states and municipalities impose a Premium Tax, generally ranging up to 3.50%. In some cases, Premium Taxes are deducted at the time purchase payments are made; in other cases Premium Tax is assessed at the time of annuitization. We will pay Premium Taxes at the time imposed under applicable law. At our sole discretion, we may deduct Premium Taxes at the time we pay such taxes to the applicable taxing authorities, at the time the Contract is surrendered, at the time a death benefit is paid, or at the time a Participant annuitizes.

TRANSFER FEE: You can transfer your Participant Account values between or among the Sub-Accounts up to 12 times per Participant Contract Year. A Transfer Fee of \$5 may apply to each transfer in excess of 12 made in a Participant Contract Year. We do not currently charge the \$5 Transfer Fee.

EXPERIENCE RATING UNDER THE CONTRACTS: We may apply experience credits under a Contract based on investment, administrative, mortality or other factors, including, but not limited to: (1) the total number of Participants, (2) the sum of all Participants' Account values, (3) the allocation of Contract values between the General Account and the Separate Account under the Contract, (4) present or anticipated levels of Contributions, distributions, transfers, administrative expenses or commissions, and (5) whether we are the exclusive annuity contract provider. Experience credits can take the form of a reduction in the deduction for mortality, expense risk and administrative undertakings, a reduction in the term or amount of any applicable Sales Charges, an increase in the rate of interest credited under the Contract, a reduction in the amount of the Annual Maintenance Fee, a reduction in the amount of the Transfer Fee, or any combination of the foregoing. We may apply experience credits either prospectively or retrospectively. We may apply and allocate experience credits in such manner as we deem appropriate. Any such credit will not be unfairly discriminatory against any person, including the affected Contract Owners or Participants. Experience credits have been given in certain cases. Participants in Contracts receiving experience credits will receive notification regarding such credits. Experience credits may be discontinued at our sole discretion in the event of a change in applicable factors.

NEGOTIATED CHARGES AND FEES: The charges and fees described in this section vary from Contract to Contract, depending on plan characteristics. The Contract Owner can negotiate charges and fees. This flexibility allows us and the Contract Owner to custom design a charge and fee structure that meets the financial goals of both the Contract Owner and Hartford.

CHARGES OF THE FUNDS: The investment performance of each Fund reflects the management fee that the Fund pays to its investment manager as well as other operating expenses that the Fund incurs. Investment management fees are generally daily fees computed as a percentage of a Fund's average daily net assets as an annual rate. Please read the prospectus for each Fund for complete details.

PLAN RELATED EXPENSES: We can agree with the Contract Owner to be directed to deduct amounts from the assets under a Contract to pay certain administrative expenses or other Plan related expenses including, but not limited to, fees to consultants, auditors and other Plan service providers. We will deduct and pay such amounts to the Contract Owner or as directed by the Contract Owner. We may agree to include such amounts as an adjustment to the charge for administrative undertakings for the Separate Account.

THE CONTRACTS

THE CONTRACTS OFFERED: The Contracts are group variable annuity contracts. We can offer the Contracts for use in connection with Tax Sheltered Annuity plans adopted under section 403(b) of the Code by public school systems, certain tax-exempt organizations described in section 501(c)(3) of the Code and including employee pension plans established for employees by a state, political subdivision of a state, or an agency or instrumentality of either a state or political subdivision of a state. We can also offer the Contracts in connection with Individual Retirement Annuity plans. We issue a Contract to an Employer or to a trustee or custodian of the Employer's plan to provide a Tax Sheltered Annuity or Individual Retirement Annuity plan for its employees.

ASSIGNMENTS: The Contract and a Participant's interest in a Contract cannot be assigned, transferred or pledged.

PRICING AND CREDITING OF CONTRIBUTIONS: We credit initial Contributions to your Participant Account within two business days after we receive your properly

completed application and the initial Contribution at our Administrative Office.

If your application or other necessary information is incomplete when received, your initial Contribution will be credited to your Participant Account not later than two business days after the application is made complete. However, if an incomplete application is not made complete within five business days of its initial receipt, the Contribution will be immediately returned unless we inform the Contract Owner of the delay and the Contract Owner tells us not to return it.

Subsequent Contributions properly designated for your Participant Account that are received prior to the close of the New York Stock Exchange will be invested on the same Valuation Day. Subsequent Contributions properly designated for your Participant Account that are received on a Non-Valuation Day or after the close of the New York Stock Exchange will be invested on the next Valuation Day.

MAY I CANCEL MY CERTIFICATE?

For certificates issued in New York in connection with 403(b) Contracts, you have a limited right to return your certificate for cancellation. We urge you to closely examine its provisions. If for any reason you are not satisfied with your certificate, simply return it within ten days after you receive it with a written request for cancellation that indicates your tax-withholding instructions. We will not deduct any Contingent Deferred Sales Charges during this time. We may require additional information before we can cancel your certificate.

You bear the investment risk from the time the certificate is issued until we receive your complete cancellation request.

The amount we pay you upon cancellation depends on the requirements of the state where you purchased your certificate.

MAY I MAKE CHANGES IN THE AMOUNTS OF MY CONTRIBUTION?

Yes. There is no minimum amount for initial Contributions or subsequent Contributions that may be made on behalf of a Participant Account under a Contract, unless the Employer's plan provides otherwise. If the Plan adopted by the Contract Owner so provides, the Contract permits the allocation of Contributions, in multiples of 10% among the several Sub-Accounts of the Separate Accounts. The minimum amount that may be allocated to any Sub-Account in a Separate Account shall not be less than \$10. Such changes must be requested in the form and manner prescribed by us.

CAN I TRANSFER FROM ONE SUB-ACCOUNT TO ANOTHER?

You may make transfers between the Sub-Accounts offered in this Contract according to our policies and procedures.

WHAT IS A SUB-ACCOUNT TRANSFER?

A Sub-Account transfer is a transaction requested by you that involves reallocating part or all of your Participant Account value among the underlying Funds available in your Contract.

20

<Page>

You may transfer from one Sub-Account to another during the Accumulation Period. Your transfer request will be processed on the day that it is received as long as it is received on a Valuation Day before the close of the New York Stock Exchange. Otherwise, your request will be processed on the following Valuation Day. We will send you a confirmation when we process your transfer. You are responsible for verifying transfer confirmations and promptly advising us of any errors within 30 days of receiving the confirmation.

HOW DO I TRANSFER FROM ONE SUB-ACCOUNT TO ANOTHER?

You can transfer the values of your Sub-Account allocations between or among the Sub-Accounts or the General Account option during the Accumulation Period. You can make these transfers and changes in allocations by:

- written request,
- by calling 1-800-528-9009, or
- where available, electronically by Internet through our web site at retire.hartfordlife.com.

We or our agents and affiliates will not be responsible for losses resulting from acting upon telephone or electronic requests reasonably believed to be genuine. We will employ reasonable procedures to confirm that instructions communicated by telephone or electronically are genuine. The procedures we follow for transactions initiated by telephone include requirements that callers provide certain information for identification purposes. All transfer

instructions by telephone are tape-recorded. Transfer requests initiated electronically require a personal identification number.

If available under your Employer's Plan, you may also transfer amounts to a Related Participant Directed Account Option. The Related Participant Directed Account Option may not be available in all states, or in all Contracts.

WHAT HAPPENS WHEN I REQUEST A SUB-ACCOUNT TRANSFER?

When you request a Sub-Account transfer, Hartford sells shares of the underlying Fund that makes up the Sub-Account you are transferring from and buys shares of the underlying Fund that makes up the Sub-Account you want to transfer into.

Each day, many Participants request Sub-Account transfers. Some request transfers into a particular Sub-Account, and others request transfers out of a particular Sub-Account. In addition, each day some Participants allocate Contributions to Sub-Accounts, and others request Surrenders. Hartford combines all the requests to transfer out of a Sub-Account along with all Surrenders from that Sub-Account and determines how many shares of that Sub-Account's underlying Fund Hartford would need to sell to satisfy all Participants' "transfer-out" requests. At the same time, Hartford also combines all the requests to transfer into a particular Sub-Account or Contributions allocated to that Sub-Account and determines how many shares of that Sub-Account's underlying Fund Hartford would need to buy to satisfy all Participants' "transfer-in" requests.

In addition, many of the underlying Funds that are available as investment options in the Contracts are also available as investment options in other variable annuity contracts, variable life insurance policies, group funding agreements and other products offered by Hartford. Each day, investors and participants in these other products engage in transactions similar to the Sub-Account transfers described for Participants.

Hartford takes advantage of its size and available technology to combine the sales of a particular underlying Fund for all the variable annuities, variable life insurance policies, group variable annuity contracts, group funding agreements or other products offered by Hartford. We also combine all the purchases of that particular underlying Fund for all the products we offer. We then "net" those trades. This means that we sometimes reallocate shares of an underlying Fund within the accounts at Hartford rather than buy new shares or sell shares of the underlying Fund.

For example, if we combine all transfer-out requests and Surrenders of a Stock Fund Sub-Account with all other sales of that underlying Fund from all the other products available at Hartford, we may have to sell \$1 million dollars of that Fund on any particular day. However, if other Participants and the owners of other products offered by Hartford, want to purchase or transfer-in an amount equal to \$300,000 of that Fund, then Hartford would send a sell order to the underlying Fund for \$700,000, which is a \$1 million sell order minus the purchase order of \$300,000.

21

<Page>

WHAT RESTRICTIONS ARE THERE ON MY ABILITY TO MAKE A SUB-ACCOUNT TRANSFER?

You should be aware that there are important restrictions on your ability to make a Sub-Account transfer.

FIRST, YOU MAY MAKE ONLY ONE SUB-ACCOUNT TRANSFER EACH DAY. HARTFORD LIMITS EACH PARTICIPANT TO ONE SUB-ACCOUNT TRANSFER EACH DAY. Hartford counts all Sub-Account transfer activity that occurs on any one day as one Sub-Account transfer, except you cannot transfer the same Participant Account value more than once a day.

For example, if the only transfer you make on a day is a transfer of \$10,000 from one Sub-Account into another Sub-Account, it would count as one Sub-Account transfer. If, however, on a single day you transfer \$10,000 out of one Sub-Account into five other Sub-Accounts (dividing the \$10,000 among the five other Sub-Accounts however you chose), that day's transfer activity would count as one Sub-Account transfer. Likewise, if on a single day you transferred \$10,000 out of one Sub-Account into ten other Sub-Accounts (dividing the \$10,000 among the ten other Sub-Accounts however you chose), that day's transfer activity would count as one Sub-Account transfer. Conversely, if you have \$10,000 in Participant Account value distributed among 10 different Sub-Accounts and you request to transfer the Participant Account value in all those Sub-Accounts into one Sub-Account, that would also count as one Sub-Account transfer.

However, you cannot transfer the same Participant Account value more than once in one day. That means if you have \$10,000 in a Money Market Fund Sub-Account and you transfer all \$10,000 into a Stock Fund Sub-Account, on that same day you could not then transfer the \$10,000 out of the Stock Fund Sub-Account into another Sub-Account.

SECOND, YOU CAN TRANSFER YOUR PARTICIPANT ACCOUNT VALUES BETWEEN OR AMONG

THE SUB-ACCOUNTS OR GENERAL ACCOUNT OPTION UP TO 12 TIMES PER PARTICIPANT CONTRACT YEAR WITHOUT INCURRING A TRANSFER FEE. A Transfer Fee of \$5 may apply to each transfer in excess of 12 made in a Participant Contract Year. We do not currently charge the \$5 Transfer Fee. This restriction does not apply to transfers made under a Dollar Cost Averaging Program, which are not limited in number and are free of charge.

In addition, for Contracts issued or amended on or after May 1, 1992:

- Transfers of assets presently held in the General Account option, or which were held in the General Account option at any time during the preceding three months, to any account that we determine is a competing account, may be prohibited. We do not currently enforce this prohibition.
- Similarly, transfers of assets presently held in any account during the preceding three months, that we determine is a competing account, to the General Account option, may be prohibited. We do not currently enforce this prohibition.

We may limit the maximum amount transferred or distributed from the General Account option under a Participant Account to 1/6 of such portion of the Participant Account held in the General Account option in any one Participant Contract Year.

THIRD, MANY OF THE UNDERLYING FUNDS HAVE IMPLEMENTED POLICIES DESIGNED TO RESTRICT EXCESSIVE TRADING. You should not purchase this Contract if you want to make frequent Sub-Account transfers for any reason. In particular, Hartford does not want you to purchase this Contract if you plan to engage in "market timing," which includes frequent transfer activity into and out of the same underlying Fund, or engaging in frequent Sub-Account transfers in order to exploit inefficiencies in the pricing of the underlying Fund.

Hartford is bound by the Contracts with respect to frequent transfers of Participant Account value. Other than the restrictions described above, our Contracts do not allow us to limit or restrict the total number of transfers of Participant Account value. However, Hartford attempts to curb frequent transfers in the following ways:

- x Working with the underlying funds to identify frequent transfers; and
- x Working with plan sponsors to limit frequent transfer activity by Participants.

We rely on the underlying Funds to identify a pattern or frequency of Sub-Account transfers that the underlying Fund wants us to investigate. Most often, the underlying Fund will identify a particular day where it experienced a higher percentage of shares bought followed closely by a day where it experienced the almost identical percentage of shares sold. Once an underlying Fund contacts us, we run a report that identifies all Participants who transferred in or out of that underlying Fund's Sub-Account on the day or days identified by

22

<Page>

the underlying Fund. We then provide the underlying Fund with information from the list so that it can determine whether the transfer activity violates its abusive transfer policy. The underlying Fund notifies us of each Participant in violation of its abusive transfer policy.

Hartford provides the underlying Fund's notice to plan sponsors. We rely on plan sponsors to restrict or suspend Participants' Sub-Account transfer privileges. A plan sponsor may restrict or suspend a Participant's Sub-Account transfer privileges for a specified period of time or indefinitely. Since we rely on the plan sponsor to restrict or suspend a Participant's Sub-Account transfer privileges, there is the risk that the plan sponsor may refuse to restrict or suspend a Participant's Sub-Account transfer privileges.

Since we combine all the purchases of a particular underlying Fund for all the products through net trades, the underlying Fund is unable to identify transfers of any specific Participant. As a result, there is the risk that the underlying Fund may not be able to identify abusive transfers.

We may make changes to these procedures at any time.

ARE THERE ANY EXCEPTIONS TO THESE POLICIES?

GROUP VARIABLE ANNUITY CONTRACTS. The Contracts, and other group variable annuities or group funding agreements issued by us, are offered to retirement plans, and plan sponsors administer their plan according to plan documents. These retirement plan documents may or may not have restrictions on Sub-Account transfers. If these retirement plan documents have no restrictions on Sub-Account transfers, then Hartford may not be able to apply any restriction on transfers. Hartford works with plan sponsors and plan administrators to deter frequent transfer activity. Hartford has had only limited success in this area. As discussed below, frequent transfers by individuals or entities that occur in

the Contracts and in other investment or retirement products provided by Hartford may increase your costs under this Contract and may also lower your Participant Account's overall performance.

SOME ESTABLISHED EXCEPTIONS. You should be aware that certain owners of other contracts have different Sub-Account transfer restrictions:

- Certain contracts serviced by Windsor Securities, Inc., a registered broker-dealer firm, that sued Hartford in the 1990's for a variety of issues, have different Sub-Account transfer restrictions as a result of the settlement of litigation. With respect to owners of these contracts, we currently only have the ability to restrict transfers into certain underlying Funds and to limit the total contract value invested in any one underlying Fund. As of December 31, 2004, the total contract value for this group of contracts was approximately \$115 million.

POSSIBILITY OF UNDETECTED FREQUENT TRADING IN THE UNDERLYING FUNDS. You should also be aware that there may be frequent trading in the underlying Funds that Hartford is not able to detect and prevent, which we describe here:

- There is a variable annuity that we offer that has no Contingent Deferred Sales Charge. We are aware that frequent traders have used this annuity in the past to engage in frequent Sub-Account transfers. We believe that we have addressed this practice by closing all the international and global funds available in the annuity. However, we cannot always tell if there is frequent trading in this product.
- Many of the underlying Funds that make up the Sub-Accounts of this Contract are available for use with many different variable life insurance policies, variable annuity products and funding agreements, and they are offered directly to certain qualified retirement plans. Further, some of the underlying Funds in certain products for retirement plans are also available directly to the public on a retail basis to individuals or through omnibus accounts. Some of these products, plans and accounts may have less restrictive transfer rules or no transfer restrictions at all. Many of the group variable annuities or group funding agreements are offered to retirement plans, and plan sponsors administer their plan according to plan documents. If these retirement plan documents have no restrictions on Sub-Account transfers, then Hartford may not be able to apply any restriction on transfers. Hartford works with plan sponsors and plan administrators to deter frequent transfer activity. Hartford has had only limited success in this area. Frequent transfers by individuals or entities that occur in other investment or retirement products provided by Hartford could have the same abusive affect as frequent Sub-Account transfers done by Contract Owners of this Contract.

23

<Page>

HOW AM I AFFECTED BY FREQUENT SUB-ACCOUNT TRANSFERS?

Frequent Sub-Account transfers often result in frequent purchases and redemptions of shares of the underlying Fund. Frequent purchases and redemptions of the shares of the underlying Funds may increase your costs under this Contract and may also lower your Participant Account's overall performance. Your costs may increase because the underlying Fund will pass on any increase in fees related to the frequent purchase and redemption of the underlying Fund's securities. There may also be administrative costs associated with these transactions.

Frequent transfers may also cause an underlying Fund to hold more cash than the underlying Fund would like to hold. A large cash position means that the underlying Fund will not be fully invested and may miss a rise in value of the securities that the Fund would have purchased. If the underlying Fund chooses not to hold a larger cash position, then it may have to sell securities that it would have otherwise like to have kept, in order to meet its redemption obligations. Both of these measures could result in lower performance of the underlying Fund, which in turn would result in lower overall performance of your Participant Account.

Because frequent transfers may raise the costs associated with this Contract and lower performance, the effect may be a lower death benefit paid to your Beneficiary or lower annuity payouts to the Annuitant.

WHAT IF A PROSPECTUS FOR THE UNDERLYING FUNDS HAS DIFFERENT POLICIES AND PROCEDURES REGARDING FREQUENT TRADING?

We print the prospectus for the Contracts together with the prospectuses for the underlying Funds. While the prospectuses for the underlying Funds may describe policies and procedures regarding frequent trading that may be different from those described in the Contract prospectus, the policies and procedures described in the Contract prospectus control how we administer Sub-Account transfers.

DOLLAR COST AVERAGING: If, during the Accumulation Period, the portion of your Contract values held under the General Account option is at least \$5,000,

or the value of your Accumulation Units held under the Hartford Money Market HLS Sub-Account is at least \$5,000, you may choose to have a specified dollar amount transferred from either the General Account option or the Hartford Money Market HLS Sub-Account, whichever meets the applicable minimum value, to other Sub-Accounts of the Separate Account at monthly, quarterly, semi-annual or annual intervals ("transfer intervals"). This is known as Dollar Cost Averaging. The main objective of a Dollar Cost Averaging program is to minimize the impact of short term price fluctuations. Since the same dollar amount is transferred to other Sub-Accounts at set intervals, more units are purchased in a Sub-Account if the value per unit is low and less units are purchased if the value per unit is high. Therefore, a lower average cost per unit may be achieved over the long term. A Dollar Cost Averaging program allows investors to take advantage of market fluctuations. However, it is important to understand that Dollar Cost Averaging does not assure a profit or protect against a loss in declining markets.

The minimum amount that may be transferred to any one Sub-Account at a transfer interval is \$100. The transfer date will be the monthly, quarterly, semi-annual or annual anniversary, as applicable, of your first transfer under your initial Dollar Cost Averaging election. The first transfer will commence within five (5) business days after we receive your initial election either on an appropriate election form in good order or by telephone subject to the telephone transfer procedures detailed above. The dollar amount will be allocated to the Sub-Accounts that you specify, in the proportions that you specify on the appropriate election form that we provide or over our recorded telephone line. You may specify a maximum of five (5) Sub-Accounts. If, on any transfer date, your General Account value or the value of your Accumulation Units under the Money Market HLS Sub-Account, as applicable, is less than the amount you have elected to have transferred, your Dollar Cost Averaging program will end. You may cancel your Dollar Cost Averaging election by sending us a written notice at our Administrative Office or by calling one of our representatives at 1-800-771-3051 and giving us notice on our recorded telephone line.

MAY I REQUEST A LOAN FROM MY PARTICIPANT ACCOUNT?

During the Accumulation Period, a Participant under a Tax Sheltered Annuity plan may request a loan from his or her Participant Account. Loans from a Participant's Account may not be available in all states or may be subject to restrictions.

You must pay back your loan according to the payment schedule set by the terms of your loan agreement. The loan agreement describes the terms, conditions, any fees or charges of your loan.

24

<Page>

Loans will have a permanent effect on the Participant's Account because the investment results of each Sub-Account will apply only to the amount remaining in such Sub-Account. The longer a loan is outstanding, the greater the impact on the Participant's Account is likely to be. Also, if not repaid, the outstanding loan balance will reduce the death benefit otherwise payable to the Beneficiary.

HOW DO I KNOW WHAT MY PARTICIPANT ACCOUNT IS WORTH?

Your Participant Account value reflects the sum of the amounts under your Participant Account allocated to the General Account option and the Sub-Accounts.

There are two things that affect your Sub-Account value: (1) the number of Accumulation Units and (2) the Accumulation Unit value. The Sub-Account value is determined by multiplying the number of Accumulation Units by the Accumulation Unit value. Therefore, on any Valuation Day the portion of your Participant Account allocated to the Sub-Accounts will reflect the investment performance of the Sub-Accounts and will fluctuate with the performance of the underlying Funds.

Contributions made or Contract values allocated to a Sub-Account are converted into Accumulation Units by dividing the amount of the Contribution or allocation, minus any Premium Taxes, by the Accumulation Unit value for that Valuation Day. The more Contributions or Contract values allocated to the Sub-Accounts under your Participant Account, the more Accumulation Units will be reflected under your Participant Account. You decrease the number of Accumulation Units in a Sub-Account under your Participant Account by requesting Surrenders, transferring money out of a Sub-Account, submitting a Death Benefit claim or by electing an annuity payout from your Participant Account.

To determine the current Accumulation Unit value, we take the prior Valuation Day's Accumulation Unit value and multiply it by the Net Investment Factor for the current Valuation Day. The value of the Separate Account is determined at the close of the New York Stock Exchange (generally 4:00 p.m. Eastern Time).

The Net Investment Factor is used to measure the investment performance of a Sub-Account from one Valuation Day to the next. The Net Investment Factor for

each Sub-Account is calculated by dividing (a) by (b) and subtracting (c) where:

- (a) is the net asset value per share of each Fund held in the Sub-Account at the end of the current Valuation Day.
- (b) is the net asset value per share of each Fund held in the Sub-Account at the end of the prior Valuation Day.
- (c) is the daily factor representing the mortality and expense risk charge and any applicable administration charge deducted from the Sub-Account, adjusted for the number of days in the Valuation Period, and any other applicable charge.

We will send you a statement for each calendar quarter, that tells you how many Accumulation Units you have, their value and your total Participant Account value. You can also call 1-800-771-3051 to obtain your Participant Account value or, where available, you may access your account information through our website at retire.hartfordlife.com.

HOW ARE THE UNDERLYING FUND SHARES VALUED?

The shares of the Fund are valued at net asset value on a daily basis. A complete description of the valuation method used in valuing Fund shares may be found in the accompanying Prospectus of each Fund.

DEATH BENEFITS

DETERMINATION OF THE BENEFICIARY: The Beneficiary is the person or persons designated to receive payment of the death benefit upon the death of the Participant. If no designated Beneficiary remains living at the death of the Participant, the Participant's estate is the Beneficiary.

DEATH BEFORE THE ANNUITY COMMENCEMENT DATE:

- **DEATH PRIOR TO AGE 65:** If the Participant dies before the Annuity Commencement Date or the Participant's attainment of age 65 (whichever comes first) the Minimum Death Benefit is payable to the Beneficiary. The Minimum Death Benefit is the greater of (a) the value of your Participant Account

25

<Page>

determined as of the day we receive Due Proof of Death or (b) 100% of the total Contributions made to your Participant Account, reduced by any prior partial Surrenders or outstanding loan indebtedness. The value of a Participant's Account on any Valuation Day before the Annuity Commencement Date will be reduced by any applicable Premium Taxes not already deducted.

- **DEATH ON OR AFTER AGE 65:** If the Participant dies before the Annuity Commencement Date but on or after the Participant's 65th birthday, the Beneficiary will receive the value of your Participant Account (less any applicable Premium Taxes not already deducted) as of the Date we receive Due Proof of Death at our Administrative Offices.

CALCULATION OF THE DEATH BENEFIT -- If the Participant dies before the Annuity Commencement Date, the death benefit will be calculated as of the date we receive Due Proof of Death. THE DEATH BENEFIT REMAINS INVESTED IN THE SEPARATE ACCOUNT AND/OR GENERAL ACCOUNT OPTION ACCORDING TO YOUR LAST INSTRUCTIONS UNTIL THE PROCEEDS ARE PAID OR WE RECEIVE NEW SETTLEMENT INSTRUCTIONS FROM THE BENEFICIARY(IES). DURING THE TIME PERIOD BETWEEN OUR RECEIPT OF DUE PROOF OF DEATH AND OUR RECEIPT OF THE COMPLETED SETTLEMENT INSTRUCTIONS, THE CALCULATED DEATH BENEFIT WILL BE SUBJECT TO MARKET FLUCTUATIONS.

If the proceeds are taken in a single sum, payment will normally be made within seven days of our receipt of completed settlement instructions.

You may apply the death benefit payment to any one of the Annuity payment options under Separate Account Two (see "Annuity Payment Options") instead of receiving the death benefit payment in a single sum. An election to receive payment of death benefits under an Annuity payment option must be made before a lump sum settlement and within one year after the death by written notice to us at our Administrative Offices. Proceeds due on death may be applied to provide variable payments, fixed payments, or a combination of variable and fixed payments. No election to provide Annuity payments will become operative unless the initial Annuity payment is at least \$20 on either a variable or fixed basis, or \$20 on each basis when a combination benefit is elected. The manner in which the Annuity payments are determined and in which they may vary from month to month are the same as applicable to a Participant's Account after retirement (see "How are Contributions made to establish my Annuity Account?").

DEATH ON OR AFTER THE ANNUITY COMMENCEMENT DATE: If the Annuitant dies on or after the Annuity Commencement Date, there may be no payout at death unless the Annuitant has elected an Annuity payment option that permits the Beneficiary to elect to continue Annuity payments or receive the commuted value.

SETTLEMENT PROVISIONS

IMPORTANT TAX INFORMATION: THERE ARE CERTAIN RESTRICTIONS ON SECTION 403(B) TAX-SHELTERED ANNUITIES. AS OF DECEMBER 31, 1988, ALL SECTION 403(B) ANNUITIES HAVE LIMITS ON FULL AND PARTIAL SURRENDERS. CONTRIBUTIONS TO THE CONTRACT MADE AFTER DECEMBER 31, 1988 AND ANY INCREASES IN CASH VALUE AFTER DECEMBER 31, 1988 MAY NOT BE DISTRIBUTED UNLESS THE CONTRACT OWNER/EMPLOYEE HAS A) ATTAINED AGE 59 1/2, B) SEPARATED FROM SERVICE, C) DIED, D) BECOME DISABLED OR E) EXPERIENCED FINANCIAL HARDSHIP (CASH VALUE INCREASES MAY NOT BE DISTRIBUTED FOR HARDSHIPS PRIOR TO AGE 59 1/2). DISTRIBUTIONS PRIOR TO AGE 59 1/2 DUE TO FINANCIAL HARDSHIP OR SEPARATION FROM SERVICE MAY STILL BE SUBJECT TO A PENALTY TAX OF 10%. WE WILL NOT ASSUME ANY RESPONSIBILITY FOR DETERMINING WHETHER A WITHDRAWAL IS PERMISSIBLE, WITH OR WITHOUT TAX PENALTY, IN ANY PARTICULAR SITUATION; OR IN MONITORING WITHDRAWAL REQUESTS REGARDING PRE OR POST JANUARY 1, 1989 CONTRACT VALUES. ANY FULL OR PARTIAL SURRENDER DESCRIBED ABOVE MAY AFFECT THE CONTINUING TAX-QUALIFIED STATUS OF SOME CONTRACTS OR PLANS AND MAY RESULT IN ADVERSE TAX CONSEQUENCES TO THE CONTRACT OWNER. THE CONTRACT OWNER, THEREFORE, SHOULD CONSULT WITH A TAX ADVISER BEFORE UNDERTAKING ANY SUCH SURRENDER. (SEE "FEDERAL TAX CONSIDERATIONS")

After termination of Contributions on behalf of a Participant prior to the selected Annuity Commencement Date for that Participant, you will have the following options:

1. CONTINUE THE PARTICIPANT'S ACCOUNT UNDER THE CONTRACT. Under this option, when the selected Annuity Commencement Date arrives, payments will begin under the selected Annuity payment option. (See "Annuity payment options"). At any time in the interim, a Participant may Surrender his or her Participant Account for a lump sum cash settlement in accordance with 3. below.

26

<Page>

2. TO PROVIDE ANNUITY PAYMENTS IMMEDIATELY. The values in a Participant's Account may be applied, subject to contractual provisions, to provide for Fixed or Variable Annuity payments, or a combination thereof, commencing immediately, under the selected Annuity payment option under the Contract. (See "Annuity payment options").
3. TO SURRENDER THE PARTICIPANT'S ACCOUNT IN A SINGLE SUM. The amount received will be the value next computed after we receive a written Surrender request for complete Surrender at our Administrative Office, less any applicable Sales Charge, Annual Maintenance Fee and Premium Taxes. Payment will normally be made within seven days after we receive the written request.
4. TO REQUEST A PARTIAL SURRENDER OF THE PARTICIPANT'S ACCOUNT. Partial Surrenders are taken from the Sub-Account(s) that you specify. If you do not specify the Sub-Account(s), we will take the amount out of all applicable Sub-Account(s) on a pro rata basis. We will deduct any applicable Sales Charges from the partial Surrender (see "Contract Charges").
5. TO BEGIN MAKING MONTHLY, QUARTERLY, SEMI-ANNUAL OR ANNUAL WITHDRAWALS WHILE ALLOWING YOUR PARTICIPANT ACCOUNT TO REMAIN IN THE ACCUMULATION PERIOD. Your Participant Account remains subject to the Annual Maintenance Fee and any fluctuations in the investment results of the Sub-Accounts or any of the underlying investments. You may transfer the values of your Participant Account from one or more Sub-Accounts or the General Account option to any other Sub-Account, the General Account option or to any combination thereof, subject to certain restrictions (See "The Contracts"). For a more complete description of the restrictions and limitations of this Option, See "Systematic Withdrawal Option."

CAN PAYMENT OF THE SURRENDER VALUE EVER BE POSTPONED BEYOND THE SEVEN-DAY PERIOD?

Yes. It may be postponed whenever (a) the New York Stock Exchange is closed, except for holidays or weekends, or trading on the New York Stock Exchange is restricted as determined by the Securities and Exchange Commission; (b) the Securities and Exchange Commission permits postponement and so orders; or (c) the Securities and Exchange Commission determines that an emergency exists making valuation of the amounts or disposal of securities not reasonably practicable.

MAY I SURRENDER ONCE ANNUITY PAYMENTS HAVE STARTED?

Except with respect to Annuity payment option 5 (on a variable basis), once Annuity payments have commenced for an Annuitant, no Surrender of the Annuity benefit can be made for the purpose of receiving a partial withdrawal or a lump sum settlement. Any Surrender out of Annuity payment option 5 will be subject to applicable Sales Charges.

HOW DO I ELECT AN ANNUITY COMMENCEMENT DATE AND ANNUITY PAYMENT OPTION?

A Participant selects an Annuity Commencement Date (usually between the Participant's 50th birthday and the date on which the Participant attains age 70 1/2) and an Annuity payment option. The Annuity Commencement Date may be any day of any month before or including the month of a Participant's 75th birthday, or an earlier date if prescribed by applicable law.

The Annuity Commencement Date and/or the Annuity payment option may be changed from time to time, but any such change must be made at least 30 days prior to the date on which Annuity payments are scheduled to begin. Annuity payments will normally be made on the first business day of each month or another mutually agreed upon business day.

<Page>

The contract contains five Annuity payment options that may be selected on either a Fixed or Variable Annuity basis, or a combination thereof. If a Participant does not elect otherwise, we reserve the right to begin Annuity payments at age 65 under Option 2 with 120 monthly payments certain. Annuity payments will depend on the investment allocation of your Participant Account in effect on the Annuity Commencement Date. However, unless required by applicable law, we will not assume responsibility in determining or monitoring any required minimum distributions. (See "Federal Tax Consequences").

WHAT IS THE MINIMUM AMOUNT THAT I MAY SELECT FOR AN ANNUITY PAYMENT?

The minimum Annuity payment is \$20. No election may be made which results in a first payment of less than \$20. If at any time Annuity payments are or become less than \$20, we have the right to change the frequency of payment to intervals that will result in payments of at least \$20.

HOW ARE CONTRIBUTIONS MADE TO ESTABLISH AN ANNUITY ACCOUNT?

During the Annuity Period, Contract values are applied to establish Annuitant's Accounts under the Contracts to provide Fixed or Variable Annuity payments.

CAN A CONTRACT BE SUSPENDED BY A CONTRACT OWNER?

A Contract may be suspended by the Contract Owner by giving us written notice at least 90 days before the effective date of the suspension at our Administrative Office. A Contract will be suspended automatically on its anniversary if the Contract Owner fails to assent to any modification of a Contract. (See "Can a Contract be modified?"). In this context, such modifications would have become effective on or before that anniversary.

Upon suspension, we will continue to accept Contributions, subject to the terms of the Contract, as such terms are applicable to Participant's Accounts under the Contracts prior to such suspension. However, no Contributions will be accepted on behalf of any new Participant Accounts. Annuitants at the time of any suspension will continue to receive their Annuity payments. The suspension of a Contract will not preclude a Contract Owner from applying existing Participant's Accounts to the purchase of Fixed or Variable Annuity benefits.

ANNUITY PAYMENT OPTIONS:

OPTION 1: LIFE ANNUITY where we make monthly Annuity payments for as long as the Annuitant lives.

- Payments under this option stop with the last monthly payment preceding the death of the Annuitant, even if the Annuitant dies after one payment. This option offers the maximum level of monthly payments of any of the other life annuity options (Options 2-4) since there is no guarantee of a minimum number of payments nor a provision for a death benefit payable to a Beneficiary.

OPTION 2: LIFE ANNUITY WITH 120, 180 OR 240 MONTHLY PAYMENTS CERTAIN where we make monthly payments for the life of the Annuitant with the provision that payments will be made for a minimum of 120, 180 or 240 months, as elected. If, at the death of the Annuitant, payments have been made for less than the minimum elected number of months, then any remaining guaranteed monthly payments will be paid to the Beneficiary unless other provisions have been made and approved by us.

OPTION 3: UNIT REFUND LIFE ANNUITY where we make monthly payments during the life of the Annuitant terminating with the last payment due prior to the death of the Annuitant, except that an additional payment will be made to the Beneficiary if (a) below exceeds (b) below:

$$(a) = \frac{\text{total amount applied under the option at the Annuity Commencement Date}}{\text{Annuity Unit value at the Annuity Commencement Date}}$$

number of Annuity Units represented number of monthly
(b) = by each monthly Annuity payment made X Annuity payments made

The amount of the additional payments is determined by multiplying the excess, if any, by the Annuity Unit value as of the date we receive Due Proof of Death.

OPTION 4: JOINT AND LAST SURVIVOR ANNUITY where we make monthly payments during the joint lifetime of the Annuitant and a designated individual (called the joint Annuitant) and then throughout the remaining lifetime of the survivor, ending with the last payment prior to the death of the survivor.

28

<Page>

- When the Annuity is purchased, the Annuitant elects what percentage (50%, 66 2/3%, or 100%) of the monthly Annuity payment will continue to be paid to the survivor.
- Under this Option 4, it would be possible for an Annuitant and joint Annuitant to receive only one payment in the event of the common or simultaneous death of the Annuitant and joint Annuitant prior to the due date for the second payment.

OPTION 5: PAYMENTS FOR A DESIGNATED PERIOD where we agree to make monthly payments for the number of years selected. Under the Contracts, the minimum number of years is five. In the event of the Annuitant's death prior to the end of the designated period, the present value of any then remaining payments will be paid in one sum to the Beneficiary unless other provisions have been made and approved by us.

- Option 5 does not involve life contingencies and does not provide any mortality guarantee.

Surrenders are subject to the limitations set forth in the Contract and any applicable Sales Charges. (See "Contract Charges").

UNDER ANY OF THE ANNUITY PAYMENT OPTIONS ABOVE, EXCEPT OPTION 5 (ON A VARIABLE BASIS), NO SURRENDERS ARE PERMITTED BY THE ANNUITANT AFTER ANNUITY PAYMENTS COMMENCE.

OPTIONS 2 AND 5 ARE AVAILABLE ONLY IF THE GUARANTEED ANNUITY PAYMENT PERIOD IS LESS THAN THE LIFE EXPECTANCY OF THE ANNUITANT, OR THE JOINT LIFE EXPECTANCY OF THE ANNUITANT AND THEIR JOINT ANNUITANT AT THE TIME THE OPTION BECOMES EFFECTIVE. SUCH LIFE EXPECTANCY SHALL BE COMPUTED ON THE BASIS OF THE MORTALITY TABLE PRESCRIBED BY THE IRS OR, IF NONE IS PRESCRIBED, THE MORTALITY TABLE THEN IN USE BY US.

WE MAY OFFER OTHER ANNUITY PAYMENT OPTIONS FROM TIME TO TIME.

SYSTEMATIC WITHDRAWAL OPTION

If permitted by IRS regulations and the terms of the Employer's plan, a Participant can make withdrawals while allowing his or her Participant Account to remain in the Accumulation Period under the Contract. Eligibility under this provision is limited to Participants who have terminated their employment with the Employer and who have a minimum Individual Account balance of \$10,000 at the time they elect the Systematic Withdrawal Option ("SWO"). The maximum payment amount is 1.5% monthly, 4.5% quarterly, 9.0% semi-annually or 18.0% annually of the value of the Participant's Account at the time the SWO is elected. Payments are limited to 18.0% of the Participant's Account annually. The minimum payment amount is \$100. SWO payments generally are taxable as ordinary income and, if made prior to age 59 1/2, an IRS tax penalty may apply. Any Sales Charge otherwise applicable is waived on SWO payments.

Participants elect the specific dollar amount to be withdrawn, the frequency of payments (monthly, quarterly, semi-annually or annually) and the duration of payments (either a fixed number of payments or until the Participant's Account is depleted). The duration of payments may not extend beyond the Participant's life expectancy as of the beginning date of SWO payments or the joint and last survivor life expectancy of the Participant and the Participant's Beneficiary. Participants may not elect the SWO if there is an outstanding loan amount.

A Participant can change the terms of a SWO as often as four times in each calendar year, can terminate the SWO at any time, and can elect one of the five available Annuity options or a partial or full lump sum withdrawal. If a partial or full lump sum withdrawal is elected within 12 months of a SWO payment, the contingent deferred sales charge that was previously waived, if any, will be deducted from the Participant's Account upon withdrawal. SWO payments will be deducted on a pro rata basis from the General Account option and each Sub-Account to which the Participant's Account is allocated.

We are not responsible for determining a withdrawal amount that satisfies the minimum distribution requirements under the Code. Participants may be required to change their SWO payment amount to comply with the minimum distribution requirements. Participants should consult a tax adviser to

determine whether the amount of their SWO payments meets IRS minimum distribution requirements. For a discussion of the minimum distribution requirements applicable to Participants over age 70 1/2 see, "Federal Tax Considerations".

The SWO may only be elected pursuant to an election on a form provided by us. Election of the SWO does not affect Participants' other rights under the Contracts.

<Page>

HOW ARE VARIABLE ANNUITY PAYMENTS DETERMINED?

The value of the Annuity Unit for each Sub-Account in the Separate Account for any day is determined by multiplying the value for the preceding day by the product of (1) the Net Investment Factor (see "How do I know what my Participant Account is worth?") for the day for which the Annuity Unit value is being calculated, and (2) a factor to neutralize the assumed net investment rate discussed below.

The value of the Contract is determined as the product of the value of the Accumulation Unit credited to each Sub-Account no earlier than the close of business on the fifth business day preceding the date the first Annuity payment is due and the number of Accumulation Units credited to each Sub-Account as of the date the Annuity is to commence.

The first monthly payment varies according to the Annuity payment option selected. The Contract cites Annuity tables derived from the 1983a Individual Annuity Mortality Table with an assumed interest rate ("A.I.R.") of 4.00% per annum. The total first monthly Annuity payment is determined by multiplying the value (expressed in thousands of dollars) of a Sub-Account (less any applicable Premium Taxes) by the amount of the first monthly payment per \$1,000 of value obtained from the tables in the contracts. With respect to Fixed Annuities only, the current rate will be applied if it is higher than the rate under the tables in the Contract.

Level Annuity payments would be provided if the net investment rate remained constant and equal to the A.I.R. In fact, payments will vary up or down in the proportion that the net investment rate varies up or down from the A.I.R. A higher A.I.R. may produce a higher initial payment but more slowly rising and more rapidly falling subsequent payments than would a lower interest rate assumption.

The amount of the first monthly Annuity payment, determined as described above, is divided by the value of an Annuity Unit for the appropriate Sub-Account not later than the fifth business day preceding the day on which the payment is due in order to determine the number of Annuity Units represented by the first payment. This number of Annuity Units remains fixed during the Annuity Period, and in each subsequent month the dollar amount of the Annuity payment is determined by multiplying this fixed number of Annuity Units by the then current Annuity Unit value.

The Annuity payments will be made on the date selected. The Annuity Unit value used in calculating the amount of the Annuity payments will be based on an Annuity Unit value determined as of the close of business on a day not more than the fifth business day preceding the date of the Annuity payment.

Here is an example of how a Variable Annuity is determined:

ILLUSTRATION OF ANNUITY PAYMENTS:
(UNISEX) AGE 65, LIFE ANNUITY WITH 120 PAYMENTS CERTAIN

<C>	<S>	<C>
A.	Net amount applied.....	\$139,782.50
B.	Initial monthly income per \$1,000 of payment applied.....	6.13
C.	Initial monthly payment (A X B DIVIDED BY 1,000).....	\$ 856.87
D.	Annuity Unit Value.....	3.125
E.	Number of monthly annuity units (C DIVIDED BY D).....	274.198
F.	Assume annuity unit value for second month equal to.....	2.897
G.	Second monthly payment (F X E).....	\$ 794.35
H.	Assume annuity unit value for third month equal to.....	3.415
I.	Third month payment (H X E).....	\$ 936.39

</Table>

The above figures are simply to illustrate the calculation of a Variable Annuity and have no bearing on the actual historical record of any Separate Account.

<Page>

FEDERAL TAX CONSIDERATIONS

WHAT ARE SOME OF THE FEDERAL TAX CONSEQUENCES WHICH AFFECT THESE CONTRACTS?

A. GENERAL

Since the federal tax law is complex, the tax consequences of purchasing this contract will vary depending on your situation. You may need tax or legal advice to help you determine whether purchasing this contract is right for you.

Our general discussion of the tax treatment of this contract is based on our understanding of federal income tax laws as they are currently interpreted. A detailed description of all federal income tax consequences regarding the purchase of this contract cannot be made in the prospectus. We also do not discuss state, municipal or other tax laws that may apply to this contract. For detailed information, you should consult with a qualified tax adviser familiar with your situation.

B. TAXATION OF HARTFORD AND SEPARATE ACCOUNT TWO

Separate Account Two is taxed as part of Hartford which is taxed as a life insurance company under Subchapter L of Chapter 1 of the Code. Accordingly, Separate Account Two will not be taxed as a "regulated investment company" under Subchapter M of Chapter 1 of the Code. Investment income and any realized capital gains on the assets of Separate Account Two are reinvested and are taken into account in determining the value of the Accumulation and Annuity Units. (See "How do I know what my Participant Account is worth?") As a result, such investment income and realized capital gains are automatically applied to increase reserves under the Contract.

No taxes are due on interest, dividends and short-term or long-term capital gains earned by Separate Account Two with respect to the Contracts.

C. INFORMATION REGARDING TAX-QUALIFIED RETIREMENT PLANS

This summary does not attempt to provide more than general information about the federal income tax rules associated with use of a Contract by a tax-qualified retirement plan. State income tax rules applicable to tax-qualified retirement plans often differ from federal income tax rules, and this summary does not describe any of these differences. Because of the complexity of the tax rules, owners, participants and beneficiaries are encouraged to consult their own tax advisors as to specific tax consequences.

The Contracts may offer death benefits that may exceed the greater of the amounts paid for the Contract or the Contract's cash value. Owners who intend to use the Contract in connection with tax-qualified retirement plans should consider the income tax effects that such a death benefit may have on the plan.

The federal tax rules applicable to owners of Contracts under tax-qualified retirement plans vary according to the type of plan as well as the terms and conditions of the plan itself. Contract owners, plan participants and beneficiaries are cautioned that the rights and benefits of any person may be controlled by the terms and conditions of the tax-qualified retirement plan itself, regardless of the terms and conditions of a Contract. We are not bound by the terms and conditions of such plans to the extent such terms conflict with a Contract, unless we specifically consent to be bound.

Some tax-qualified retirement plans are subject to distribution and other requirements that are not incorporated into our administrative procedures. Contract owners, participants and beneficiaries are responsible for determining that contributions, distributions and other transactions comply with applicable law. Tax penalties may apply to transactions with respect to tax-qualified retirement plans if applicable federal income tax rules and restrictions are not carefully observed.

We do not currently offer the Contracts in connection with all of the types of tax-qualified retirement plans discussed below and may not offer the Contracts for all types of tax-qualified retirement plans in the future.

1. TAX-QUALIFIED PENSION OR PROFIT-SHARING PLANS

Eligible employers can establish certain tax-qualified pension and profit-sharing plans under section 401 of the Code. Rules under section 401(k) of the Code govern certain "cash or deferred arrangements" under such plans. Rules under section 408(k) govern "simplified employee pensions." Tax-qualified pension and profit-sharing plans are subject to limitations on the amount that may be contributed, the persons who may be eligible to participate, the time when distributions must commence, and the form in which distributions

<Page>

must be paid. Employers intending to use the Contracts in connection with tax-qualified pension or profit-sharing plans should seek competent tax and other legal advice. If the death benefit under the Contract can exceed the greater of the amount paid for the Contract and the Contract's cash value, it is possible that the IRS would characterize such death benefit as an "incidental death benefit." There are limitations on the amount of incidental benefits that may be provided under pension and profit sharing plans. In

addition, the provision of such benefits may result in currently taxable income to the participants.

2. TAX SHELTERED ANNUITIES UNDER SECTION 403(B)

Public schools and certain types of charitable, educational and scientific organizations, as specified in section 501(c)(3) of the Code, can purchase tax-sheltered annuity contracts for their employees. Tax-deferred contributions can be made to tax-sheltered annuity contracts under section 403(b) of the Code, subject to certain limitations. In general, total contributions may not exceed the lesser of (1) 100% of the participant's compensation, and (2) \$40,000 (adjusted for increases in cost-of-living). The maximum elective deferral amount is equal to \$12,000 for 2003, \$13,000 for 2004, \$14,000 for 2005, and \$15,000 for 2006 and thereafter, indexed. The limitation on elective deferrals may be increased to allow certain "catch-up" contributions for individuals who have attained age 50.

Tax-sheltered annuity programs under section 403(b) are subject to a PROHIBITION AGAINST DISTRIBUTIONS FROM THE CONTRACT ATTRIBUTABLE TO CONTRIBUTIONS MADE PURSUANT TO A SALARY REDUCTION AGREEMENT, unless such distribution is made:

- after the participating employee attains age 59 1/2;
- upon severance from employment;
- upon death or disability; or
- in the case of hardship (and in the case of hardship, any income attributable to such contributions may not be distributed).

Generally, the above restrictions do not apply to distributions attributable to cash values or other amounts held under a section 403(b) contract as of December 31, 1988.

If the death benefit under the Contract can exceed the greater of the amount paid for the Contract and the Contract's cash value, it is possible that the IRS would characterize such death benefit as an "incidental death benefit." If the death benefit were so characterized, this could result in currently taxable income to purchasers. In addition, there are limitations on the amount of incidental death benefits that may be provided under a section 403(b) arrangement.

3. DEFERRED COMPENSATION PLANS UNDER SECTION 457

Certain governmental employers or tax-exempt employers other than a governmental unit can establish a Deferred Compensation Plan under section 457 of the Code. For these purposes, a "governmental employer" is a State, a political subdivision of a State, or an agency or an instrumentality of a State or political subdivision of a State. Employees and independent contractors performing services for a governmental or tax-exempt employer can elect to have contributions made to a Deferred Compensation Plan of their employer in accordance with the employer's plan and section 457 of the Code.

Deferred Compensation Plans that meet the requirements of section 457(b) of the Code are called "eligible" Deferred Compensation Plans. Section 457(b) limits the amount of contributions that can be made to an eligible Deferred Compensation Plan on behalf of a participant. Generally, the limitation on contributions is the lesser of (1) 100% of a participant's includible compensation or (2) the applicable dollar amount, equal to \$12,000 for 2003, \$13,000 for 2004, \$14,000 for 2005, and \$15,000 for 2006 and thereafter, indexed. The plan may provide for additional "catch-up" contributions during the three taxable years ending before the year in which the participant attains normal retirement age. In addition, the contribution limitation may be increased to allow certain "catch-up" contributions for individuals who have attained age 50.

All of the assets and income of an eligible Deferred Compensation Plan for a governmental employer must be held in trust for the exclusive benefit of participants and their beneficiaries. For this purpose, certain custodial accounts and annuity contracts are treated as trusts. The requirement of a trust does not apply to amounts under an eligible Deferred Compensation Plan of a tax-exempt (non-governmental) employer. In addition, the requirement of a trust does not apply to amounts under a Deferred Compensation Plan of a

<Page>

governmental employer if the Deferred Compensation Plan is not an eligible plan within the meaning of section 457(b) of the Code. In the absence of such a trust, amounts under the plan will be subject to the claims of the employer's general creditors.

In general, distributions from an eligible Deferred Compensation Plan to a participant or beneficiary are prohibited under section 457 of the Code unless made after the participating employee:

- attains age 70 1/2,
- has a severance from employment as defined in the Code (including death of the participating employee), or
- suffers an unforeseeable financial emergency as defined in the Code.

4. INDIVIDUAL RETIREMENT ANNUITIES ("IRAS") UNDER SECTION 408

TRADITIONAL IRAS. Eligible individuals can establish individual retirement programs under section 408 of the Code through the purchase of an IRA. Section 408 imposes limits with respect to IRAs, including limits on the amount that may be contributed to an IRA, the amount of such contributions that may be deducted from taxable income, the persons who may be eligible to contribute to an IRA, and the time when distributions commence from an IRA. See Section 6 below for a discussion of rollovers involving IRAs.

SIMPLE IRAS. Eligible employees may establish SIMPLE IRAs in connection with a SIMPLE IRA plan of an employer under section 408(p) of the Code. Special rollover rules apply to SIMPLE IRAs. Amounts can be rolled over from one SIMPLE IRA to another SIMPLE IRA. However, amounts can be rolled over from a SIMPLE IRA to a Traditional IRA only after two years have expired since the employee first commenced participation in the employer's SIMPLE IRA plan. Amounts cannot be rolled over to a SIMPLE IRA from a qualified plan or a Traditional IRA. Hartford is a non-designated financial institution for purposes of the SIMPLE IRA rules.

ROTH IRAS. Eligible individuals may establish Roth IRAs under section 408A of the Code. Contributions to a Roth IRA are not deductible. Subject to special limitations, a Traditional IRA, SIMPLE IRA or Simplified Employee Pension under Section 408(k) of the Code may be converted into a Roth IRA or a distribution from such an arrangement may be rolled over to a Roth IRA. However, a conversion or a rollover to a Roth IRA is not excludable from gross income. If certain conditions are met, qualified distributions from a Roth IRA are tax-free.

5. FEDERAL TAX PENALTIES AND WITHHOLDING

Distributions from tax-qualified retirement plans are generally taxed as ordinary income under section 72 of the Code. Under these rules, a portion of each distribution may be excludable from income. The excludable amount is the portion of the distribution that bears the same ratio as the after-tax contributions bear to the expected return.

(a) PENALTY TAX ON EARLY DISTRIBUTIONS

Section 72(t) of the Code imposes an additional penalty tax equal to 10% of the taxable portion of a distribution from certain tax-qualified retirement plans. However, the 10% penalty tax does not apply to a distribution that is:

- Made on or after the date on which the employee reaches age 59 1/2;
- Made to a beneficiary (or to the estate of the employee) on or after the death of the employee;
- Attributable to the employee's becoming disabled (as defined in the Code);
- Part of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the employee or the joint lives (or joint life expectancies) of the employee and his or her designated beneficiary. In determining whether a payment stream designed to satisfy this exception qualifies, it is possible that the IRS could take the position that the entire interest in the Contract should include not only the current Contract value, but also some measure of the value of certain future benefits;
- Except in the case of an IRA, made to an employee after separation from service after reaching age 55; or
- Not greater than the amount allowable as a deduction to the employee for eligible medical expenses during the taxable year.

33

<Page>

In addition, the 10% penalty tax does not apply to a distribution from an IRA that is:

- Made after separation from employment to an unemployed IRA owner for health insurance premiums, if certain conditions are met;
- Not in excess of the amount of certain qualifying higher education expenses, as defined by section 72(t)(7) of the Code; or

- A qualified first-time homebuyer distribution meeting the requirements specified at section 72(t)(8) of the Code.

If you are a participant in a SIMPLE IRA plan, you should be aware that the 10% penalty tax is increased to 25% with respect to non-exempt early distributions made from your SIMPLE IRA during the first two years following the date you first commenced participation in any SIMPLE IRA plan of your employer.

(b) MINIMUM DISTRIBUTION PENALTY TAX

If the amount distributed is less than the minimum required distribution for the year, the Participant is subject to a 50% penalty tax on the amount that was not properly distributed.

An individual's interest in a tax-qualified retirement plan generally must be distributed, or begin to be distributed, not later than the Required Beginning Date. Generally, the Required Beginning Date is April 1 of the calendar year following the later of:

- the calendar year in which the individual attains age 70 1/2; or
- the calendar year in which the individual retires from service with the employer sponsoring the plan.

The Required Beginning Date for an individual who is a five (5) percent owner (as defined in the Code), or who is the owner of an IRA, is April 1 of the calendar year following the calendar year in which the individual attains age 70 1/2.

The entire interest of the Participant must be distributed beginning no later than the Required Beginning Date over:

- the life of the Participant or the lives of the Participant and the Participant's designated beneficiary (as defined in the Code), or
- over a period not extending beyond the life expectancy of the Participant or the joint life expectancy of the Participant and the Participant's designated beneficiary.

Each annual distribution must equal or exceed a "minimum distribution amount" which is determined generally by dividing the account balance by the applicable life expectancy. This account balance is generally based upon the account value as of the close of business on the last day of the previous calendar year. In addition, minimum distribution incidental benefit rules may require a larger annual distribution. Required minimum distributions also can be made in the form of annuity payments. The death benefit under the contract may affect the amount of the minimum required distribution that must be taken.

If an individual dies before reaching his or her Required Beginning Date, the individual's entire interest must generally be distributed within five years of the individual's death. However, this rule will be deemed satisfied, if distributions begin before the close of the calendar year following the individual's death to a designated beneficiary and distribution is over the life of such designated beneficiary (or over a period not extending beyond the life expectancy of the beneficiary). If the beneficiary is the individual's surviving spouse, distributions may be delayed until the individual would have attained age 70 1/2.

If an individual dies after reaching his or her Required Beginning Date or after distributions have commenced, the individual's interest must generally be distributed at least as rapidly as under the method of distribution in effect at the time of the individual's death.

The minimum distribution requirements apply to Roth IRAs after the Contract owner dies, but not while the Contract owner is alive. In addition, if the owner of a Traditional or Roth IRA dies and the Contract owner's spouse is the sole designated beneficiary, the surviving spouse may elect to treat the Traditional or Roth IRA as his or her own.

In 2002, the Internal Revenue Service issued final and temporary regulations in the Federal Register relating to minimum required distributions. Please consult with your tax or legal adviser with any questions regarding the new regulations.

<Page>

(c) WITHHOLDING

We are generally required to withhold federal income tax from the taxable portion of each distribution made under a Contract. The federal income tax withholding requirements, including the rate at which withholding applies, depend on whether a distribution is or is not an eligible rollover distribution.

Federal income tax withholding from the taxable portion of distributions that are not eligible rollover distributions is required unless the payee is eligible to, and does in fact, elect not to have income tax withheld by filing an election with us. Where the payee does not elect out of withholding, the rate of income tax to be withheld depends on whether the distribution is nonperiodic or periodic. Regardless of whether an election is made not to have federal income taxes withheld, the recipient is still liable for payment of federal income tax on the taxable portion of the distribution.

For periodic payments, federal income tax will be withheld from the taxable portion of the distribution by treating the payment as wages under IRS wage withholding tables, using the marital status and number of withholding allowances elected by the payee on an IRS Form W-4P, or acceptable substitute, filed us. Where the payee has not filed a Form W-4P, or acceptable substitute, with us, the payee will be treated as married claiming three withholding allowances. Special rules apply where the payee has not provided us with a proper taxpayer identification number or where the payments are sent outside the United States or U.S. possessions.

For nonperiodic distributions, where a payee has not elected out of withholding, income tax will be withheld at a rate of 10 percent from the taxable portion of the distribution.

Federal income tax withholding is required at a rate of 20 percent from the taxable portion of any distribution that is an eligible rollover distribution to the extent it is not directly rolled over to an eligible recipient plan. Payees cannot elect out of income tax withholding with respect to such distributions.

Also, special withholding rules apply with respect to distributions from non-governmental section 457(b) plans, and to distributions made to individuals who are neither citizens or resident aliens of the United States.

6. ROLLOVER DISTRIBUTIONS

Under present federal tax law, "eligible rollover distributions" from qualified retirement plans under section 401(a) of the Code, qualified annuities under section 403(a) of the Code, section 403(b) arrangements, and governmental 457(b) plans generally can be rolled over tax-free within 60 days to any of such plans or arrangements that accept such rollovers. Similarly, distributions from an IRA generally are permitted to be rolled over tax-free within 60 days to a qualified plan, qualified annuity, section 403(b) arrangement, or governmental 457(b) plan. After tax contributions may be rolled over from a qualified plan, qualified annuity or governmental 457 plan into another qualified plan or an IRA. In the case of such a rollover of after tax contributions, the rollover is permitted to be accomplished only through a direct rollover. In addition, a qualified plan is not permitted to accept rollovers of after tax contributions unless the plan provides separate accounting for such contributions (and earnings thereon). Similar rules apply for purposes of rolling over after tax contributions from a section 403(b) arrangement. After tax contributions (including nondeductible contributions to an IRA) are not permitted to be rolled over from an IRA into a qualified plan, qualified annuity, section 403(b) arrangement, or governmental 457(b) plan.

For this purpose, an eligible rollover distribution is generally a distribution to an employee of all or any portion of the balance to the credit of the employee in a qualified trust under section 401(a) of the Code, qualified annuity under section 403(a) of the Code, a 403(b) arrangement or a governmental 457(b) plan. However, an eligible rollover distribution does not include: any distribution which is one of a series of substantially equal periodic payments (not less frequently than annually) made (1) for the life (or life expectancy) of the employee or the joint lives (or joint life expectancies) of the employee and the employee's designated beneficiary, or (2) for a specified period of 10 years or more; any distribution to the extent it is a required minimum distribution amount (discussed above); or any distribution which is made upon hardship of the employee.

Separate accounting is required on amounts rolled from plans described under Code sections 401, 403(b) or 408(IRA), when those amounts are rolled into plans described under section 457(b) sponsored by governmental employers. These amounts, when distributed from the governmental 457(b) plan, will be subject to the 10% early withdrawal tax applicable to distributions from plans described under sections 401, 403(b) or 408(IRA), respectively.

The Code requires that investments supporting your Contract be adequately diversified. Code Section 817(h) provides that a variable annuity contract will not be treated as an annuity contract for any period during which the

investments made by the separate account or underlying fund are not adequately diversified. If a contract is not treated as an annuity contract, the contract owner will be subject to income tax on annual increases in cash value.

The Treasury Department's diversification regulations under Code Section 817(h) require, among other things, that:

- no more than 55% of the value of the total assets of the segregated asset account underlying a variable contract is represented by any one investment,
- no more than 70% is represented by any two investments,
- no more than 80% is represented by any three investments and
- no more than 90% is represented by any four investments.

In determining whether the diversification standards are met, all securities of the same issuer, all interests in the same real property project, and all interests in the same commodity are each treated as a single investment. In the case of government securities, each government agency or instrumentality is treated as a separate issuer.

A separate account must be in compliance with the diversification standards on the last day of each calendar quarter or within 30 days after the quarter ends. If an insurance company inadvertently fails to meet the diversification requirements, the company may still comply within a reasonable period and avoid the taxation of contract income on an ongoing basis. However, either the insurer or the contract owner must agree to pay the tax due for the period during which the diversification requirements were not met.

We monitor the diversification of investments in the separate accounts and test for diversification as required by the Code. We intend to administer all contracts subject to the diversification requirements in a manner that will maintain adequate diversification.

E. TAX OWNERSHIP OF THE ASSETS IN THE SEPARATE ACCOUNT

In order for a variable annuity contract to qualify for tax income deferral, assets in the separate account supporting the contract must be considered to be owned by the insurance company, and not by the contract owner, for tax purposes. The IRS has stated in published rulings that a variable contract owner will be considered the "owner" of separate account assets for income tax purposes if the contract owner possesses sufficient incidents of ownership in those assets, such as the ability to exercise investment control over the assets. In circumstances where the variable contract owner is treated as the "tax owner" of certain separate account assets, income and gain from such assets would be includable in the variable contract owner's gross income. The Treasury Department indicated in 1986 that, in regulations or revenue rulings under Code Section 817(d) (relating to the definition of a variable contract), it would provide guidance on the extent to which contract owners may direct their investments to particular subaccounts without being treated as tax owners of the underlying shares. Although no such regulations have been issued to date, the IRS has issued a number of rulings that indicate that this issue remains subject to a facts and circumstances test for both variable annuity and life insurance contracts.

For instance, the IRS in Rev. Rul. 2003-92 reiterated its position in prior rulings that, where shares in a fund offered in an insurer's separate account are not available exclusively through the purchase of a variable insurance contract (e.g., where such shares can be purchased directly by the general public or others without going through such a variable contract), such "public availability" means that such shares should be treated as owned directly by the contract owner (and not by the insurer) for tax purposes, as if such contract owner had chosen instead to purchase such shares directly (without going through the variable contract). More specifically, Rev. Rul. 2003-92 extended this "public availability" doctrine to interests in a non-registered limited partnership that are not publicly traded but are available directly to qualified buyers through private placements (as well as through variable contracts), holding that such limited partnership interests should be treated as owned directly by a variable contract owner (and not by the insurer). By contrast, where such limited partnership interests are available exclusively through the purchase of a variable insurance contract, Rev. Rul. 2003-92 held that such investment assets should be treated as owned by the insurer (and not by the contract owner). None of the shares or other interests in the fund choices offered in our Separate Account for your Contract are available for purchase except through an insurer's variable contracts.

<Page>

The IRS in Rev. Rul. 2003-91 also indicated that an insurer could provide as many as 20 fund choices for its variable contract owners (each with a general investment strategy, e.g., a small company stock fund or a special industry fund) under certain circumstances, without causing such a contract owner to be treated as the tax owner of any of the underlying fund assets. As a result, we believe that any owner of a Contract also should receive the same favorable tax

treatment. However, there is necessarily some uncertainty here as long as the IRS continues to use a facts and circumstances test for investor control and other tax ownership issues. Therefore, we reserve the right to modify the Contract as necessary to prevent you from being treated as the tax owner of any underlying assets.

F. NON-NATURAL PERSONS AS OWNERS

Pursuant to Code Section 72(u), an annuity contract held by a taxpayer other than a natural person generally is not treated as an annuity contract under the Code. Instead, such a non-natural Contract Owner generally could be required to include in gross income currently for each taxable year the excess of (a) the sum of the Contract Value as of the close of the taxable year and all previous distributions under the Contract over (b) the sum of net premiums paid for the taxable year and any prior taxable year and the amount includable in gross income for any prior taxable year with respect to the Contract under Section 72(u). However, Section 72(u) does not apply to:

- A contract the nominal owner of which is a non-natural person but the beneficial owner of which is a natural person (e.g., where the non-natural owner holds the contract as an agent for the natural person),
- A contract acquired by the estate of a decedent by reason of such decedent's death,
- Certain contracts acquired with respect to tax-qualified retirement arrangements,
- Certain contracts held in structured settlement arrangements that may qualify under Code Section 130, or
- A single premium immediate annuity contract under Code Section 72(u)(4), which provides for substantially equal periodic payments and an annuity starting date that is no later than 1 year from the date of the contract's purchase.

A non-natural Contract Owner that is a tax-exempt entity for federal tax purposes (e.g., a tax-qualified retirement trust or a Charitable Remainder Trust) generally would not be subject to federal income tax as a result of such current gross income under Code Section 72(u). However, such a tax-exempt entity, or any annuity contract that it holds, may need to satisfy certain tax requirements in order to maintain its qualification for such favorable tax treatment. See, e.g., IRS Tech. Adv. Memo. 9825001 for certain Charitable Remainder Trusts.

Pursuant to Code Section 72(s), if the Contract Owner is a non-natural person, the primary annuitant is treated as the "owner" in applying the required distribution rules described below. These rules require that certain distributions be made upon the death of an "owner." In addition, for a non-natural owner, a change in the primary annuitant is treated as the death of the "owner." However, the provisions of Code Section 72(s) do not apply to certain contracts held in tax-qualified retirement arrangements or structured settlement arrangements.

G. ANNUITY PURCHASES BY NONRESIDENT ALIENS AND FOREIGN CORPORATIONS

The discussion above provides general information regarding U.S. federal income tax consequences to annuity purchasers that are U.S. citizens or residents. Purchasers that are not U.S. citizens or residents will generally be subject to U.S. federal income tax and withholding on taxable annuity distributions at a 30% rate, unless a lower treaty rate applies and any required tax forms are submitted to Hartford. In addition, purchasers may be subject to state premium tax, other state and/or municipal taxes, and taxes that may be imposed by the purchaser's country of citizenship or residence. Prospective purchasers are advised to consult with a qualified tax adviser regarding U.S., state, and foreign taxation with respect to an annuity purchase.

H. GENERATION SKIPPING TRANSFER TAX

Under certain circumstances, the Code may impose a "generation skipping transfer tax" when all or part of an annuity contract is transferred to, or a death benefit is paid to, an individual two or more generations younger than the owner. Regulations issued under the Code may require Hartford to deduct the tax from your Contract, or from any applicable payment, and pay it directly to the IRS.

CAN A CONTRACT BE MODIFIED?

Subject to any federal and state regulatory restrictions, we may modify the Contracts at any time by written agreement between the Contract Owner and us. No modification will affect the amount or term of any Annuities begun prior to the

effective date of the modification, unless it is required to conform the Contract to, or give the Contract Owner the benefit of, any federal or state statutes or any rule or regulation of the U.S. Treasury Department or the Internal Revenue Service.

On or after the fifth anniversary of any Contract we may change, from time to time, any or all of the terms of the Contracts by giving 90 days advance written notice to the Contract Owner, except that the Annuity tables, guaranteed interest rates and the contingent deferred sales charges which are applicable at the time a Participant's Account is established under a Contract, will continue to be applicable.

We reserve the right to modify the Contract at any time if such modification: (i) is necessary to make the Contract or the Separate Account comply with any law or regulation issued by a governmental agency to which we are subject; or (ii) is necessary to assure continued qualification of the contract under the Code or other federal or state laws relating to retirement annuities or annuity contracts; or (iii) is necessary to reflect a change in the operation of the Separate Account or the Sub-Account(s); or (iv) provides additional Separate Account options; or (v) withdraws Separate Account options. In the event of any such modification we will provide notice to the Contract Owner or to the payee(s) during the Annuity period. Hartford may also make appropriate endorsement in the Contract to reflect such modification.

CAN HARTFORD WAIVE ANY RIGHTS UNDER A CONTRACT?

We may, at our sole discretion, elect not to exercise a right or reservation specified in this Contract. If we elect not to exercise a right or reservation, we are not waiving it. We may decide to exercise a right or a reservation that we previously did not exercise.

HOW ARE THE CONTRACTS SOLD?

Hartford Securities Distribution Company, Inc. ("HSD") serves as Principal Underwriter for the securities issued with respect to the Separate Account. HSD is an affiliate of Hartford. Both HSD and Hartford are ultimately controlled by The Hartford Financial Services Group, Inc. The principal business address of HSD is the same as that of Hartford.

The securities will be sold by salespersons of HSD who represent Hartford as insurance and variable annuity agents and who are registered representatives or Broker-Dealers who have entered into distribution agreements with HSD.

HSD is registered with the Commission under the Securities Exchange Act of 1934 as a Broker-Dealer and is a member of the National Association of Securities Dealers, Inc.

Commissions will be paid by Hartford and will not be more than 5.0% of Contributions and 0.25% annually on Participants' Account values. Sales compensation may be reduced. Hartford may pay or permit other promotional incentives, in cash or credit or other compensation. Hartford also pays a trail commission which will never exceed .

ADDITIONAL COMPENSATION TO BROKER-DEALERS, FINANCIAL INSTITUTIONS AND OTHER PERSONS ("FINANCIAL INTERMEDIARIES"): In addition to the commissions (which may be paid or reallocated to Financial Intermediaries from an applicable sales charge and/or advanced to Financial Intermediaries) and 12b-1 fees, the distributor or its affiliates pay, out of their own assets, significant additional compensation ("Additional Payments") to Financial Intermediaries (who may or may not be affiliates of the distributor) in connection with the sale and distribution of the group variable annuity contracts or group variable funding agreements ("Contracts") based on a number of factors. This additional compensation is not paid directly by you.

With the exception of certain compensation arrangements discussed herein, and "Negotiated Additional Amounts" defined below, these Additional Payments, which are generally based on average net assets (or on aged assets I.E., assets held over one year) and on sales of the Contracts attributable to a particular Financial Intermediary, may, but are normally not expected to, exceed, in the aggregate 2.00% of the average net assets of the Contracts attributable to a particular Financial Intermediary. As of December 31, 2004 Hartford Life Insurance Company ("Hartford Life") has entered into an arrangement to make Additional Payments that are

38

<Page>

generally based on average net assets (or on aged assets) attributable to a particular Financial Intermediary, on sales of the Contracts attributable to a particular Financial Intermediary, and/or on reimbursement of related sales expenses to Retirement Plan Advisors, Inc. ("RPA"). Hartford Life may enter into arrangements with other Financial Intermediaries to make such Additional Payments. Separate Additional Payments in the form of Negotiated Additional Amounts may also be made to the above-listed Financial Intermediary and to other Financial Intermediaries. Separate Additional Payments may also be made in connection with the sale and distribution of the Contracts in such forms as,

among others, "due diligence" payments and "marketing support" fees ("Negotiated Additional Amounts"), as discussed in greater detail below. With the exception of certain Negotiated Additional Amounts specifically discussed herein, payments of Negotiated Additional Amounts did not exceed 1.25% per Financial Intermediary for the calendar year ended December 31, 2004. These Additional Payments and Negotiated Additional Amounts may, in some cases, act as a financial incentive for a Financial Intermediary to recommend the purchase of one Contract over another Contract. Please consult your Financial Intermediary for more information.

DISTRIBUTION ARRANGEMENTS: Contracts issued by Hartford Life are continuously offered and sold by selected broker-dealers who have selling agreements with Hartford Life. Except as discussed below, Hartford Life bears all the expenses of providing distribution related services pursuant to the Contracts including the payment of the expenses relating to the distribution of prospectuses for sales purposes as well as any advertising or sales literature.

In addition to the commissions described herein, Hartford Life and its affiliates pay, out of their own assets, Additional Payments to Financial Intermediaries in connection with the sale and distribution of the Contracts. Certain Additional Payments are generally based on average net assets (or on aged assets) of the Contracts attributable to a particular Financial Intermediary, on sales of the Contracts attributable to a particular Financial Intermediary. Such Additional Payments are generally made for the placement of the Contracts on a Financial Intermediary's list of products available for purchase by its customers. Separate Additional Payments may take the form of, among others: (1) "due diligence" payments for a Financial Intermediary's examination of the products and payments for providing training and information relating to the product and (2) "marketing support" fees for providing assistance in promoting the sale of the product (Negotiated Additional Amounts). Subject to NASD regulations, Hartford Life and its affiliates may contribute Negotiated Additional Amounts to various non-cash and cash incentive arrangements to promote the sale of the Contracts, as well as sponsor various product educational programs, sales contests and/or promotions in which Financial Intermediaries that participate may receive prizes such as travel awards, merchandise and cash and/or investment research pertaining to particular securities and other financial instruments or to the securities and financial markets generally, educational information and related support materials and hardware and/or software. Hartford Life and its affiliates may also pay for the travel expenses, meals, lodging and entertainment of Financial Intermediaries and their salespersons and guests in connection with education, sales and promotional programs, subject to applicable NASD regulations. These programs, which may be different for different Financial Intermediaries, will not change the price an investor will pay for the Contracts or the amount that a registered representative will receive from such sale. These Additional Payments and Negotiated Additional Amounts may, in some cases, act as a financial incentive for a Financial Intermediary to recommend the purchase of one product over another product. Please consult your Financial Intermediary for more information.

The Additional Payments to Financial Intermediaries in connection with the sale and distribution of the Contracts are negotiated based on a range of qualitative factors, including, but not limited to, access and opportunity to provide product education and training, assistance with the development and implementation of joint marketing and business plans, reputation in the industry, ability to attract and retain assets, target markets, customer relationships and quality of service. No one factor is determinative of the type or amount of Additional Payments to be provided and factors are weighed in the assessment of such determination.

For the fiscal year ended December 31, 2004, Hartford Life or its affiliates paid approximately \$133,000 in total Additional Payments, including Negotiated Additional Amounts to Financial Intermediaries.

WHO IS THE CUSTODIAN OF THE SEPARATE ACCOUNT'S ASSETS?

Hartford is the custodian of the Separate Account's assets.

ARE THERE ANY MATERIAL LEGAL PROCEEDINGS AFFECTING THE SEPARATE ACCOUNT?

There continues to be significant federal and state regulatory activity relating to financial services companies, particularly mutual funds companies. These regulatory inquiries have focused on a number of mutual fund issues including market timing and late trading, revenue sharing and directed brokerage, fees, transfer

39

<Page>

agents and other fund service providers, and other mutual-fund related issues. The Hartford, which includes Hartford Life Insurance Company and its affiliates, has received requests for information and subpoenas from the Securities and Exchange Commission ("SEC"), subpoenas from the New York Attorney General's Office, requests for information from the Connecticut Securities and Investments Division of the Department of Banking, and requests for information from the New York Department of Insurance, in each case requesting documentation and other

information regarding various mutual fund regulatory issues.

The SEC's Division of Enforcement and the New York Attorney General's Office are investigating aspects of The Hartford's variable annuity and mutual fund operations related to market timing. The funds are available for purchase by the separate accounts of different variable life insurance policies, variable annuity products and funding agreements, and they are offered directly to certain qualified retirement plans. Although existing products contain transfer restrictions between sub-accounts, some products, particularly older variable annuity products, do not contain restrictions on the frequency of transfers. In addition, as a result of the settlement of litigation against The Hartford with respect to certain owners of older variable annuity products, The Hartford's ability to restrict transfers by these owners is limited. The SEC's Division of Enforcement also is investigating aspects of The Hartford's variable annuity and mutual fund operations related to directed brokerage and revenue sharing. The Hartford discontinued the use of directed brokerage in recognition of mutual fund sales in late 2003. The Hartford also has received a subpoena from the New York Attorney General's Office requesting information related to the Company's group annuity products. The Hartford continues to cooperate fully with the SEC, the New York Attorney General's Office and other regulatory agencies.

A number of companies have announced settlements of enforcement actions with various regulatory agencies, primarily the SEC and the New York Attorney General's Office, which have included a range of monetary penalties and restitution. While no such action has been initiated against The Hartford, the SEC and the New York Attorney General's Office are likely to take some action at the conclusion of the on-going investigations related to market timing and directed brokerage. The potential timing of any such action is difficult to predict. If such an action is brought, it could have a material adverse effect on The Hartford's consolidated results of operations or cash flows in particular quarterly or annual periods, but The Hartford does not expect any such action to result in a material adverse effect on the separate accounts or on the HLS funds that serve as underlying investments for those accounts.

In addition, The Hartford has been served with five putative national class actions, now consolidated into a single putative class action, IN RE HARTFORD MUTUAL FUNDS FEE LITIGATION, which is currently pending before the United States District Court for the District of Connecticut. In the consolidated amended complaint in this action, filed on October 20, 2004, plaintiffs make "direct claims" on behalf of investors in The Hartford's Retail Funds and "derivative claims" on behalf of the Retail Funds themselves. Plaintiffs (including Linda Smith, the lead plaintiff) allege that excessive or inadequately disclosed fees were charged to investors in the Retail Funds, that certain fees were used for improper purposes, and that undisclosed, improper, or excessive payments were made to brokers, including in the form of directed brokerage. Plaintiffs are seeking compensatory and punitive damages in an undetermined amount; rescission of the Retail Funds' investment advisory contracts, including recovery of all fees which would otherwise apply and recovery of fees paid; an accounting of all Retail Fund related fees, commissions, directed brokerage and soft dollar payments; and restitution of all allegedly unlawfully or discriminatorily obtained fees and charges. Defendants have moved to dismiss the consolidated amended complaint in this action. The defendants in this case include various Hartford entities, Wellington Management, The Hartford Mutual Funds, Inc., The Hartford Mutual Funds II, Inc., the Retail Funds themselves and the directors of the Retail Funds, who also serve as directors of the funds. This litigation is not expected to result in a material adverse effect on the separate accounts or on the HLS funds that serve as underlying investments for those accounts.

HOW MAY I GET ADDITIONAL INFORMATION?

Inquiries will be answered by calling 1-800-771-3051 or your sales representative or by writing to:

Hartford Life Insurance Company
P.O. Box 1583
Hartford, CT 06144-1583

You can also send inquiries to us electronically by Internet through our website at retire.hartfordlife.com.

SECTION 403(b) (11) ACKNOWLEDGMENT FORM

The Hartford Variable Annuity Contract which you have recently purchased is subject to certain restrictions imposed by the Tax Reform Act of 1986. Contributions to the Contract after December 31, 1988 and any increases in cash value after December 31, 1988 may not be distributed to you unless you have:

- a. attained age 59 1/2
- b. severance from employment
- c. died, or
- d. become disabled.

Distributions of post December 31, 1988 Contributions (excluding any income thereon) may also be made if you have experienced a financial hardship. Also there may be a 10% penalty tax for distributions made prior to age 59 1/2 because of financial hardship or separation from service. Also, please be aware that your 403(b) plan may also offer other financial alternatives other than the Hartford variable annuity. Please refer to your Plan.

HARTFORD LIFE INSURANCE COMPANY

GENERAL INFORMATION

SAFEKEEPING OF ASSETS

Hartford holds title to the assets of the Separate Account. The assets are kept physically segregated and are held separate and apart from Hartford's general corporate assets. Records are maintained of all purchases and redemptions of the underlying fund shares held in each of the Sub-Accounts.

EXPERTS

The consolidated balance sheets of Hartford Life Insurance Company (the "Company") as of December 31, 2004 and 2003, and the related consolidated statements of income, changes in stockholder's equity, and cash flows for each of the three years in the period ended December 31, 2004 have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their report dated February 24, 2005 (which report expresses an unqualified opinion and includes an explanatory paragraph relating to the Company's change in its method of accounting for certain nontraditional long-duration contracts and for separate accounts in 2004) and the statements of assets and liabilities of Hartford Life Insurance Company Separate Account Two (the "Account") as of December 31, 2004, and the related statements of operations for the year then ended and the statements of changes in net assets for each of the two years in the period ended December 31, 2004 have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their report dated February 24, 2005, which are both included in this Statement of Additional Information and have been so included in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing. The principal business address of Deloitte & Touche LLP is City Place, 33rd Floor, 185 Asylum Street, Hartford, Connecticut 06103-3402.

NON-PARTICIPATING

The Contract is non-participating and we pay no dividends.

MISSTATEMENT OF AGE OR SEX

If an Annuitant's age or sex was misstated on the Contract, any Contract payments or benefits will be determined using the correct age and sex. If we have overpaid Annuity Payouts, an adjustment, including interest on the amount of the overpayment, will be made to the next Annuity Payout or Payouts. If we

have underpaid due to a misstatement of age or sex, we will credit the next Annuity Payout with the amount we underpaid and credit interest.

PRINCIPAL UNDERWRITER

Hartford Securities Distribution Company, Inc. ("HSD") serves as Principal Underwriter for the securities issued with respect to the Separate Account. HSD is registered with the Securities and Exchange Commission under the Securities Exchange Act of 1934 as a Broker-Dealer and is a member of the National Association of Securities Dealers, Inc. HSD is an affiliate of ours. Both HSD and Hartford are ultimately controlled by The Hartford Financial Services Group, Inc. The principal business address of HSD is the same as ours.

Hartford currently pays HSD underwriting commissions for its role as Principal Underwriter of all variable annuities associated with this Separate Account. For the past three years, the aggregate dollar amount of underwriting commissions paid to HSD in its role as Principal Underwriter has been: 2004: \$1,437,027; 2003: \$2,110,679; and 2002: \$12,019,211.

PERFORMANCE RELATED INFORMATION

The Separate Account may advertise certain performance-related information concerning the Sub-Accounts. Performance information about a Sub-Account is based on the Sub-Account's past performance only and is no indication of future performance.

TOTAL RETURN FOR ALL SUB-ACCOUNTS

When a Sub-Account advertises its standardized total return, it will usually be calculated from the date of the inception of the Sub-Account for one, five and ten year periods or some other relevant periods if the Sub-Account has not been in existence for at least ten years. Total return is measured by comparing the value of an investment in the Sub-Account at the beginning of the relevant period to the value of the investment at the end of the period. To calculate standardized total return, Hartford uses a hypothetical initial premium payment of \$1,000.00 and deducts for the mortality and risk expense charge, the highest possible contingent deferred charge, any applicable administrative charge and the Annual Maintenance Fee.

<Page>

HARTFORD LIFE INSURANCE COMPANY

3

The formula Hartford uses to calculate standardized total return is $P(1+T)^n$ TO THE POWER OF $n = ERV$. In this calculation, "P" represents a hypothetical initial premium payment of \$1,000.00, "T" represents the average annual total return, "n" represents the number of years and "ERV" represents the redeemable value at the end of the period.

In addition to the standardized total return, the Sub-Account may advertise a non-standardized total return. These figures will usually be calculated from the date of inception of the underlying fund for one, five and ten year periods or other relevant periods. Non-standardized total return is measured in the same manner as the standardized total return described above, except that the contingent deferred sales charge and the Annual Maintenance Fee are not deducted. Therefore, non-standardized total return for a Sub-Account is higher than standardized total return for a Sub-Account.

YIELD FOR SUB-ACCOUNTS

If applicable, the Sub-Accounts may advertise yield in addition to total return. At any time in the future, yields may be higher or lower than past yields and past performance is no indication of future performance.

The standardized yield will be computed for periods beginning with the inception of the Sub-Account in the following manner. The net investment income per Accumulation Unit earned during a one-month period is divided by the Accumulation Unit Value on the last day of the period. This figure reflects deductions for the mortality and expense risk charge, any applicable administrative charge and the Annual Maintenance Fee.

The formula Hartford uses to calculate yield is: $YIELD = 2[(a-b/cd + 1)^{1/6} - 1]$ TO THE POWER OF 6 - 1]. In this calculation, "a" represents the net investment income earned during the period by the underlying fund, "b" represents the expenses accrued for the period, "c" represents the average daily number of Accumulation Units outstanding during the period and "d" represents the maximum offering price per Accumulation Unit on the last day of the period.

MONEY MARKET SUB-ACCOUNTS

A money market fund Sub-Account may advertise yield and effective yield. YIELD and effective yield figures reflect the deductions for the Contract, which include the mortality and expense risk charge, any applicable administrative charge and the Annual Maintenance Fee. At any time in the future, current and effective yields may be higher or lower than past yields and past performance is no indication of future performance.

Current yield of a money market fund Sub-Account is calculated for a seven-day period or the "base period" without taking into consideration any realized or unrealized gains or losses on shares of the underlying fund. The first step in determining yield is to compute the base period return. Hartford takes a hypothetical account with a balance of one Accumulation Unit of the Sub-Account and calculates the net change in its value from the beginning of the base period to the end of the base period. Hartford then subtracts an amount equal to the total deductions for the Contract and then divides that number by the value of the account at the beginning of the base period. The result is the base period return or "BPR". Once the base period return is calculated, Hartford then multiplies it by 365/7 to compute the current yield. Current yield is calculated to the nearest hundredth of one percent.

The formula for this calculation is $YIELD = BPR \times (365/7)$, where $BPR = (A-B)/C$. "A" is equal to the net change in value of a hypothetical account with a balance of one Accumulation Unit of the Sub-Account from the beginning of the base period to the end of the base period. "B" is equal to the amount that Hartford deducts for mortality and expense risk charge, any applicable administrative charge and the Annual Maintenance Fee. "C" represents the value of the Sub-Account at the beginning of the base period.

Effective yield is also calculated using the base period return. The effective yield is calculated by adding 1 to the base period return and raising that result to a power equal to 365 divided by 7 and subtracting 1 from the result. The calculation Hartford uses is:

$$EFFECTIVE\ YIELD = [(BASE\ PERIOD\ RETURN + 1) \text{ TO THE POWER OF } 365/7] - 1.$$

ADDITIONAL MATERIALS

We may provide information on various topics to Contract Owners and prospective Contract Owners in advertising, sales literature or other materials. These topics may include the relationship between sectors of the economy and the economy as a whole and its effect on various securities markets, investment strategies and techniques (such as value investing, dollar cost averaging and asset allocation), the advantages and disadvantages of investing in tax-deferred and taxable instruments, customer profiles and hypothetical purchase scenarios, financial management and tax and retirement planning, and other investment alternatives, including comparisons between the Contracts and the characteristics of and market for any alternatives.

4

HARTFORD LIFE INSURANCE COMPANY

PERFORMANCE COMPARISONS

Each Sub-Account may from time to time include in advertisements the ranking of its performance figures compared with performance figures of other annuity contract's sub-accounts with the same investment objectives which are created by Lipper Analytical Services, Morningstar, Inc. or other recognized ranking services.

Hartford may also compare the performance of the Sub-Accounts against certain widely acknowledged outside standards or indices for stock and bond market performance, such as:

- The Standard & Poor's 500 Composite Stock Price Index (the "S&P 500") is a stock market index that includes common stocks of 500 companies from several industrial sectors representing a significant portion of the market value of all stocks publicly traded in the United States, most of which are traded on the New York Stock Exchange. Stocks in the S&P 500 are weighted according to their market capitalization (the number of shares outstanding multiplied by the stock's current price).
- The Nasdaq Composite Index measures all Nasdaq domestic and non-U.S. based common stocks listed on The Nasdaq Stock Market. The Index is market-value weighted. This means that each company's security affects the Index in proportion to its market value. The market value, the last sale price multiplied by total shares outstanding, is calculated throughout the trading day, and is related to the total value of the Index. The Nasdaq Composite includes over 5,000 companies. On February 5, 1971, the Nasdaq Composite Index began with a base of 100.00.
- The Morgan Stanley Capital International EAFE Index (the "EAFE Index") of major markets in Europe, Australia and the Far East is a benchmark of international stock performance. The EAFE Index is "capitalization weighted," which means that a company whose securities have a high market value will contribute proportionately more to the EAFE Index's performance results than a company whose securities have a lower market value.
- The Lehman Brothers High YIELD Corporate Index is a broad-based market-value-weighted index that tracks the total return performance of non-investment grade, fixed-rate, publicly placed, dollar denominated and nonconvertible debt registered with the SEC.

- The Lehman Brothers Government/Corporate Bond Index is a broad based unmanaged, market-value-weighted index of all debt obligations of the U.S. Treasury and U.S. Government agencies (excluding mortgage-backed securities) and all publicly-issued fixed-rate, nonconvertible, investment grade domestic corporate debt.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

TO THE CONTRACT OWNERS OF HARTFORD LIFE INSURANCE COMPANY
SEPARATE ACCOUNT TWO AND THE
BOARD OF DIRECTORS OF HARTFORD LIFE INSURANCE COMPANY

We have audited the accompanying statements of assets and liabilities of each of the individual sub-accounts disclosed in Note 1 which comprise the Hartford Life Insurance Company Separate Account Two (the "Account") as of December 31, 2004, and the related statements of operations for the year then ended and the statements of changes in net assets for each of the two years in the period ended December 31, 2004. These financial statements are the responsibility of the Account's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of investments owned as of December 31, 2004, by correspondence with investment companies; where replies were not received, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of each of the individual sub-accounts constituting the Hartford Life Insurance Company Separate Account Two as of December 31, 2004, the results of their operations for the year then ended, and the changes in their net assets for each of the two years in the period ended December 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

SEPARATE ACCOUNT TWO

HARTFORD LIFE INSURANCE COMPANY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2004

1. ORGANIZATION:

Separate Account Two (the "Account") is a separate investment account within Hartford Life Insurance Company (the "Company") and is registered with the Securities and Exchange Commission ("SEC") as a unit investment trust under the Investment Company Act of 1940, as amended. Both the Company and the Account are subject to supervision and regulation by the Department of Insurance of the State of Connecticut and the SEC. The Account invests deposits by variable annuity contract owners of the Company in various mutual funds (the "Funds") as directed by the contract owners.

The Account invests in the following sub-accounts (collectively, the "Sub-Accounts"): the American Century-Registered Trademark- VP Capital Appreciation, AIM V.I. Capital Appreciation Fund, AIM V.I. High Yield Fund, AIM V.I. Premier Equity Fund, AllianceBernstein VP Global Bond Portfolio, AllianceBernstein VP Growth and Income Portfolio, AmSouth Capital Growth Fund, AmSouth Value Fund, AmSouth Select Equity Fund, BB&T MidCap Growth Fund, BB&T Capital Manager Equity Fund, BB&T Large Cap Value Fund, BB&T Large Company Growth Fund, BB&T Special Opportunities Fund, BB&T Total Return Bond Fund, Calvert Social Balanced Portfolio, Evergreen VA Foundation Fund, Evergreen VA Fund, Evergreen VA Growth Fund, Evergreen VA International Equity Fund, Evergreen Omega Fund, Evergreen VA Special Values Fund, Evergreen VA Special Equity Fund, Evergreen VA High Income Fund, Evergreen VA Growth and Income Fund, Fidelity-Registered Trademark- VIP Asset Manager-SM-, Fidelity-Registered Trademark- VIP Growth, Fidelity-Registered Trademark- VIP Contrafund-Registered Trademark-, Fidelity-Registered Trademark- VIP Overseas, Fifth Third Balanced VIP Fund, Fifth Third Disciplined Value VIP Fund, Fifth Third Mid Cap VIP Fund, Fifth

Third Quality Growth Fund, First Horizon Capital Appreciation Portfolio, First Horizon Core Equity Portfolio, Hartford Advisers HLS Fund, Hartford Bond HLS Fund, Hartford Capital Appreciation HLS Fund, Hartford Dividend and Growth HLS Fund, Hartford Focus HLS Fund, Hartford Global Advisers HLS Fund, Hartford Global Communications HLS Fund, Hartford Global Financial Services HLS Fund, Hartford Global Health HLS Fund, Hartford Global Leaders HLS Fund, Hartford Global Technology HLS Fund, Hartford Disciplined Equity HLS Fund, Hartford Growth HLS Fund, Hartford Growth Opportunities HLS Fund, Hartford High Yield HLS Fund, Hartford Index HLS Fund, Hartford International Capital Appreciation HLS Fund, Hartford International Small Company HLS Fund, Hartford International Opportunities HLS Fund, Hartford MidCap HLS Fund, Hartford MidCap Value HLS Fund, Hartford Money Market HLS Fund, Hartford Mortgage Securities HLS Fund, Hartford Small Company HLS Fund, Hartford SmallCap Growth HLS Fund, Hartford Stock HLS Fund, Hartford U.S. Government Securities HLS Fund, Hartford Value HLS Fund, Hartford Value Opportunities HLS Fund, Hartford Equity Income HLS Fund, Huntington VA Income Equity Fund, Huntington VA Dividend Capture Fund, Huntington VA Growth Fund, Huntington VA Mid Corp America Fund, Huntington VA New Economy Fund, Huntington VA Rotating Markets Fund, Huntington VA Macro 100 Fund, Huntington VA Situs Small Cap Fund, Merrill Lynch Global Growth V.I. Fund, Merrill Lynch Large Cap Growth V.I. Fund, MTB Large Cap Growth Fund II, MTB Large Cap Value Fund II, MTB Managed Allocation Fund -- Moderate Growth II, Nations Marsico International Opportunities Portfolio, Nations High Yield Bond Portfolio, Nations International Value Portfolio, Nations Marsico Focused Equities Portfolio, Nations Asset Allocation Portfolio, Nations Marsico Growth Portfolio, Nations Marsico 21st Century Portfolio, Nations Midcap Growth Portfolio, Nations Small Company Portfolio, Nations Value Portfolio, Jennison 20/20 Focus Portfolio, Jennison Portfolio, Prudential Value Portfolio, SP William Blair International Growth Portfolio, Smith Barney Government Fund, Smith Barney Appreciation Fund, Smith Barney Cash Portfolio, UBS Series Trust Tactical Allocation Portfolio, Victory Diversified Stock Fund, Victory Small Company Opportunity Fund, Wells Fargo Asset Allocation Fund, Wells Fargo Total Return Bond Fund, Wells Fargo Equity Income Fund, Wells Fargo International Equity Fund, Wells Fargo Large Company Growth Fund, Wells Fargo Small Cap Growth Fund, STI Classic VT Capital Appreciation Fund, STI Classic VT Growth & Income Fund, STI Classic VT Mid-Cap Equity Fund, and STI Classic VT Value Income Stock Fund.

2. SIGNIFICANT ACCOUNTING POLICIES:

The following is a summary of significant accounting policies of the Account, which are in accordance with accounting principles generally accepted in the United States of America in the investment company industry:

- a) SECURITY TRANSACTIONS--Security transactions are recorded on the trade date (date the order to buy or sell is executed). Realized gains and losses on

SA-142

<Page>

the sales of securities are computed on the basis of identified cost of the fund shares sold. Dividend and capital gains income is accrued as of the ex-dividend date. Capital gains income represents those dividends from the Funds which are characterized as capital gains under tax regulations.

- b) SECURITY VALUATION--The investments in shares of the Funds are valued at the closing net asset value per share as determined by the appropriate Fund as of December 31, 2004.
- c) UNIT TRANSACTIONS--Unit transactions are executed based on the unit values calculated at the close of the business day.
- d) FEDERAL INCOME TAXES--The operations of the Account form a part of, and are taxed with, the total operations of the Company, which is taxed as an insurance company under the Internal Revenue Code. Under current law, no federal income taxes are payable with respect to the operations of the Account.
- e) USE OF ESTIMATES--The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements and the reported amounts of income and expenses during the period. Operating results in the future could vary from the amounts derived from management's estimates.
- f) MORTALITY RISK--Net assets allocated to contracts in the payout period are computed according to the 1983a Individual Annuitant Mortality Table and the Annuity 2000 Table. The Mortality Risk is fully borne by the Company and may result in additional amounts being transferred into the variable annuity account by the Company to cover greater longevity of annuitants than expected. Conversely, if amounts allocated exceed amounts required, transfers may be made to the Company.

3. ADMINISTRATION OF THE ACCOUNT AND RELATED CHARGES:

- a) MORTALITY AND EXPENSE RISK AND ADMINISTRATIVE CHARGES--The Company, will make deductions at a maximum annual rate of 1.50% of the contract's value for the mortality and expense risks, which the Company undertakes. The Company also provides administrative services and receives a maximum annual fee of 0.15% of the Account's average daily net assets.
- b) TAX EXPENSE CHARGE--If applicable, the Company will make deductions at a maximum rate of 4.0% of the contract's value to meet premium tax requirements. An additional tax charge based on a percentage of the contract's value may be assessed to partial withdrawals or surrenders. These expenses are included in surrenders for benefit payments and fees in the accompanying statements of changes in net assets.
- c) ANNUAL MAINTENANCE FEE--An annual maintenance fee, ranging from \$25 to \$30, may be deducted from the contract's value each contract year. However, this fee is not applicable to contracts with values of \$50,000 or more, as determined on the most recent contract anniversary. These expenses are included in surrenders for benefit payments and fees in the accompanying statements of changes in net assets.

</Table>

* This represents the annualized contract expenses of the variable account for the period indicated and includes only those expenses that are charged through a reduction in the unit values. Excluded are expenses of the underlying fund portfolios and charges made directly to contract owner accounts through the redemption of units.

SA-180

<Page>

** These amounts represent the dividends, excluding distributions of capital gains, received by the Sub-Account from the underlying mutual fund, net of management fees assessed by the fund manager, divided by the average net assets. These ratios exclude those expenses, such as mortality and expense charges, that result in direct reductions in the unit values. The recognition of investment income by the Sub-Account is affected by the timing of the declaration of dividends by the underlying fund in which the Sub-Accounts invest.

*** This represents the total return for the period indicated and reflects a deduction only for expenses assessed through the daily unit value calculation. The total return does not include any expenses assessed through the redemption of units; inclusion of these expenses in the calculation would result in a reduction in the total return presented. Investment options with a date notation indicate the effective date of that investment option in the variable account. The total return is calculated for the period indicated or from the effective date through the end of the reporting period.

Rounded unit values.

SEPARATE ACCOUNT TWO

HARTFORD LIFE INSURANCE COMPANY
NOTES TO FINANCIAL STATEMENTS -- (CONTINUED)
DECEMBER 31, 2004

Summary of the Account's expense charges, including Mortality and Expense risk charges, Administrative charges, Riders (if applicable) and Annual Maintenance fees assessed. These fees are either assessed as a direct reduction in unit values or through a redemption of units for all contracts contained within the Account.

MORTALITY AND EXPENSE RISK CHARGES:

The Company, will make certain deductions ranging from 0.40% to 1.50% of the contract's value for mortality and expense risks undertaken by the Company.

These charges are a reduction in unit values.

ADMINISTRATIVE CHARGES:

The Company, will make a certain deduction of 0.15% of the contract's value for administrative services provided by the Company.

These charges are a reduction in unit values.

RIDERS:

The Company will make certain deductions for various Rider charges, such as Optional Death Benefit Charge, Earnings Protection Benefit Charge, Principal First Charge, Principal First Preferred Charge, MAV/EPB Death Benefit Charge, and MAV 70 Death Benefit Charge. These deductions range from 0.15% to 0.85%.

These charges are a reduction in unit values.

ANNUAL MAINTENANCE FEE:

An annual maintenance fee, ranging from \$25 to \$30, may be deducted from the contract's value each contract year. However, this fee is not applicable to contracts with values of \$50,000 or more, as determined on the most recent contract anniversary. These expenses are included in surrenders for benefit payments and fees in the accompanying statements of changes in net assets.

These charges are a redemption of units.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholder of
Hartford Life Insurance Company
Hartford, Connecticut

We have audited the accompanying consolidated balance sheets of Hartford Life Insurance Company and its subsidiaries (collectively, the "Company") as of December 31, 2004 and 2003, and the related consolidated statements of income, changes in stockholder's equity, and cash flows for each of the three years in the period ended December 31, 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of Hartford Life Insurance Company and its subsidiaries as of December 31, 2004 and 2003, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 2 of the consolidated financial statements, the Company changed its method of accounting and reporting for certain nontraditional long-duration contracts and for separate accounts in 2004.

Deloitte & Touche LLP
Hartford, Connecticut

HARTFORD LIFE INSURANCE COMPANY AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(DOLLAR AMOUNTS IN MILLIONS, UNLESS OTHERWISE STATED)

NOTE 1. ORGANIZATION AND DESCRIPTION OF BUSINESS

These Consolidated Financial Statements include Hartford Life Insurance Company and its wholly-owned subsidiaries ("Hartford Life Insurance Company" or the "Company"), Hartford Life and Annuity Insurance Company ("HLAI"), Hartford International Life Reassurance Corporation ("HLRe") and Servus Life Insurance Company, formerly Royal Life Insurance Company of America. The Company is a wholly-owned subsidiary of Hartford Life and Accident Insurance Company ("HLA"), a wholly-owned subsidiary of Hartford Life, Inc. ("Hartford Life"). Hartford Life is a direct subsidiary of Hartford Holdings, Inc., a direct subsidiary of The Hartford Financial Services Group, Inc. ("The Hartford"), the Company's ultimate parent company.

Along with its parent, HLA, the Company is a leading financial services and insurance group which provides (a) investment products, such as individual variable annuities and fixed market value adjusted annuities and retirement plan services for savings and retirement needs; (b) individual life insurance for income protection and estate planning; (c) group benefits products such as group life and group disability insurance that is directly written by the Company and is substantially ceded to its parent, HLA, and (d) corporate owned life insurance.

NOTE 2. BASIS OF PRESENTATION AND ACCOUNTING POLICIES

BASIS OF PRESENTATION

The consolidated financial statements have been prepared on the basis of accounting principles generally accepted in the United States, which differ materially from the accounting prescribed by various insurance regulatory authorities. All material intercompany transactions and balances between Hartford Life Insurance Company and its subsidiaries and affiliates have been eliminated.

In 2004, the Company sponsored and purchased an investment interest in a synthetic collateralized loan obligation transaction, a variable interest entity ("VIE") for which the Company determined itself to be the primary beneficiary. Accordingly, the assets, liabilities and results of operations of the entity are included in the Company's consolidated financial statements. For further discussion of the synthetic collateralized loan transaction see Note 4.

USE OF ESTIMATES

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The most significant estimates include those used in determining reserves, deferred policy acquisition costs, valuation of investments and evaluation of other-than-temporary impairments, income taxes and contingencies.

RECLASSIFICATIONS

Certain reclassifications have been made to prior year financial information to conform to the current year classifications.

ADOPTION OF NEW ACCOUNTING STANDARDS

In July 2003, the American Institute of Certified Public Accountants ("AICPA") issued Statement of Position ("SOP") 03-1, "Accounting and Reporting by Insurance Enterprises for Certain Nontraditional Long-Duration Contracts and for Separate Accounts" ("SOP 03-1"). SOP 03-1 addresses a wide variety of topics, some of which have a significant impact on the Company. The major provisions of SOP 03-1 require:

- Recognizing expenses for a variety of contracts and contract features, including guaranteed minimum death benefits ("GMDB"), certain death benefits on universal-life type contracts and annuitization options, on an accrual basis versus the previous method of recognition upon payment;
- Reporting and measuring assets and liabilities of certain separate account products as general account assets and liabilities when specified criteria are not met;
- Reporting and measuring the Company's interest in its separate accounts as general account assets based on the insurer's proportionate beneficial interest in the separate account's underlying assets; and
- Capitalizing sales inducements that meet specified criteria and amortizing such amounts over the life of the contracts using the same methodology as used for amortizing deferred acquisition costs ("DAC").

F-6

<Page>

SOP 03-1 was effective for financial statements for fiscal years beginning after December 15, 2003. At the date of initial application, January 1, 2004, the cumulative effect of the adoption of SOP 03-1 on net income and other comprehensive income was comprised of the following individual impacts shown net of income tax benefit of \$10:

<Table>

<Caption>

Components of Cumulative Effect of Adoption	Net Income	Other Comprehensive Income
	-----	-----
<S>	<C>	<C>
Establishing GMDB and other benefit reserves for annuity contracts	\$(50)	\$ --
Reclassifying certain separate accounts to general account	30	294
Other	2	(2)
	-----	-----
TOTAL CUMULATIVE EFFECT OF ADOPTION	\$(18)	\$292
	-----	-----

</Table>

In May 2003, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". SFAS No. 150 establishes standards for classifying and measuring as liabilities certain financial instruments that embody obligations of the issuer and have characteristics of both liabilities and equity. Generally, SFAS No. 150 requires liability classification for two broad classes of financial instruments:

(a) instruments that represent, or are indexed to, an obligation to buy back the issuer's shares regardless of whether the instrument is settled on a net-cash or gross-physical basis and (b) obligations that (i) can be settled in shares but derive their value predominately from another underlying instrument or index (e.g. security prices, interest rates, and currency rates), (ii) have a fixed value, or (iii) have a value inversely related to the issuer's shares. Mandatorily redeemable equity and written options requiring the issuer to buyback shares are examples of financial instruments that should be reported as liabilities under this new guidance. SFAS No. 150 specifies accounting only for certain freestanding financial instruments and does not affect whether an embedded derivative must be bifurcated and accounted for separately. SFAS No. 150 was effective for instruments entered into or modified after May 31, 2003 and for all other instruments beginning with the first interim reporting period beginning after June 15, 2003. Adoption of this statement did not have a material impact on the Company's consolidated financial condition or results of operations.

In January 2003, the FASB issued Interpretation No. 46, "Consolidation of Variable Interest Entities, an interpretation of ARB No. 51" ("FIN 46"), which required an enterprise to assess whether consolidation of an entity is appropriate based upon its interests in a variable interest entity. A VIE is an entity in which the equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. The initial determination of whether an entity is a

VIE shall be made on the date at which an enterprise becomes involved with the entity. An enterprise shall consolidate a VIE if it has a variable interest that will absorb a majority of the VIEs expected losses if they occur, receive a majority of the entity's expected residual returns if they occur or both. FIN 46 was effective immediately for new VIEs established or purchased subsequent to January 31, 2003. For VIEs established or purchased subsequent to January 31, 2003, the adoption of FIN 46 did not have a material impact on the Company's consolidated financial condition or results of operations as there were no material VIEs which required consolidation.

In December 2003, the FASB issued a revised version of FIN 46 ("FIN 46R"), which incorporated a number of modifications and changes made to the original version. FIN 46R replaced the previously issued FIN 46 and, subject to certain special provisions, was effective no later than the end of the first reporting period that ends after December 15, 2003 for entities considered to be special-purpose entities and no later than the end of the first reporting period that ends after March 15, 2004 for all other VIEs. Early adoption was permitted. The Company adopted FIN 46R in the fourth quarter of 2003. The adoption of FIN 46R did not result in the consolidation of any material VIEs.

FUTURE ADOPTION OF NEW ACCOUNTING STANDARDS

In December 2004, the FASB issued SFAS No. 123 (revised 2004), "Share-Based Payment" ("SFAS No. 123R"), which replaces SFAS No. 123, "Accounting for Stock-Based Compensation" ("SFAS No. 123") and supercedes APB Opinion No. 25, "Accounting for Stock Issued to Employees". SFAS No. 123R requires all companies to recognize compensation costs for share-based payments to employees based on the grant-date fair value of the award for financial statements for reporting periods beginning after June 15, 2005. The pro forma disclosures previously permitted under SFAS No. 123 will no longer be an alternative to financial statement recognition. The transition methods include prospective and retrospective adoption options. The prospective method requires that compensation expense be recorded for all unvested stock-based awards including those granted prior to adoption of the fair value recognition provisions of SFAS No. 123, at the beginning of the first quarter of adoption of SFAS No. 123R, while the retrospective methods would record compensation expense for all unvested stock-based awards beginning with the first period restated. The Hartford will adopt SFAS No. 123R in the third quarter of fiscal 2005 using the prospective method. In January 2003, The Hartford began expensing all stock-based compensation awards granted or modified after January 1, 2003 under the fair value recognition provisions of SFAS No. 123 and therefore, the adoption is not expected to have a

F-7

<Page>

material impact on the Company's consolidated financial condition or results of operations.

EITF ISSUE NO. 03-1

In March 2004, the Emerging Issues Task Force ("EITF") reached a final consensus on EITF Issue No. 03-1, "The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments" ("EITF Issue No. 03-1"). EITF Issue No. 03-1 was effective for periods beginning after June 15, 2004 and adopts a three-step impairment model for securities within its scope. The three-step model must be applied on a security-by-security basis as follows:

- Step 1: Determine whether an investment is impaired. An investment is impaired if the fair value of the investment is less than its cost basis.
- Step 2: Evaluate whether an impairment is other-than-temporary. For debt securities that cannot be contractually prepaid or otherwise settled in such a way that the investor would not recover substantially all of its cost, an impairment is deemed other-than-temporary if the investor does not have the ability and intent to hold the investment until a forecasted market price recovery or it is probable that the investor will be unable to collect all amounts due according to the contractual terms of the debt security.
- Step 3: If the impairment is other-than-temporary, recognize an impairment loss equal to the difference between the investment's cost basis and its fair value.

Subsequent to an other-than-temporary impairment loss, a debt security should be accounted for in accordance with SOP 03-3, "Accounting for Certain Loans and Debt Securities Acquired in a Transfer" ("SOP 03-3"). SOP 03-3 requires that the amount of a security's expected cash flows in excess of the investor's initial cost or amortized cost investment be recognized as interest income on a level-yield basis over the life of the security. EITF Issue No. 03-1 does not replace the impairment guidance for investments accounted for under EITF Issue No. 99-20, "Recognition of Interest Income and Impairments on Purchased and Retained Beneficial Interests in Securitized Financial Assets" ("EITF Issue No. 99-20"), however, it requires investors to determine if a security is other-than-temporarily impaired under EITF Issue No. 03-1 if the security is determined not to be other-than-temporarily impaired under EITF Issue No. 99-20.

In September 2004, the FASB staff issued clarifying guidance for comment in FASB Staff Position ("FSP") EITF Issue No. 03-1-a, "Implementation Guidance for the Application of Paragraph 16 of EITF Issue No. 03-1, 'The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments'", ("FSP Issue No. 03-1-a") and subsequently voted to delay the implementation of the impairment measurement and recognition guidance contained in paragraphs 10-20 of EITF Issue No. 03-1 in order to redeliberate certain aspects of the consensus as well as the implementation guidance included in FSP Issue No. 03-1-a. The disclosure requirements including quantitative and qualitative information regarding investments in an unrealized loss position remain effective and are included in Note 4.

The ultimate impact the adoption of EITF Issue No. 03-1 will have on the Company's consolidated financial condition and results of operations is still unknown. Depending on the nature of the ultimate guidance, adoption of the standard could potentially result in the recognition of unrealized losses, including those declines in value that are attributable to interest rate movements, as other-than-temporary impairments, except those deemed to be minor in nature. As of December 31, 2004, the Company had \$154 of total gross unrealized losses. The amount of impairments to be recognized, if any, will depend on the final standard, market conditions and management's intent and ability to hold securities with unrealized losses at the time of the impairment evaluation.

STOCK-BASED COMPENSATION

In January 2003, The Hartford adopted the fair value recognition provisions of SFAS No. 123, "Accounting for Stock Issued to Employees", and used the prospective transition method. Under the prospective method, stock-based compensation expense is recognized for awards granted or modified after the beginning of the fiscal year in which the change is made. The Hartford expenses all stock-based compensation awards granted after January 1, 2003. The allocated expense to the Company from The Hartford associated with these awards for the year ended December 31, 2003, was immaterial.

All stock-based compensation awards granted or modified prior to January 1, 2003, will continue to be valued using the intrinsic value-based provisions set forth in Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees". Under the intrinsic value method, compensation expense is determined on the measurement date, which is the first date on which both the number of shares the employee is entitled to receive and the exercise price are known. Compensation expense, if any, is measured based on the award's intrinsic value, which is the excess of the market price of the stock over the exercise price on the measurement date, and is recognized over the award's vesting period. The expense, including non-option plans, related to stock-based employee compensation included in the determination of net income for the years ended December 31, 2004, 2003 and 2002 is less than that which would have been recognized if the fair value method had been applied to all awards granted since the effective date of SFAS No. 123.

INVESTMENTS

Hartford Life Insurance Company's investments in fixed maturities, which include bonds, redeemable preferred stock and commercial paper; and certain equity securities, which include common and non-redeemable preferred stocks, are classified as "available-for-sale" as defined in SFAS No. 115, "Accounting for Certain Investments in

F-8

<Page>

Debt and Equity Securities" ("SFAS No. 115"). Accordingly, these securities are carried at fair value with the after-tax difference from amortized cost, as adjusted for the effect of deducting the life and pension policyholders' share of the immediate participation guaranteed contracts and certain life and annuity deferred policy acquisition costs, reflected in stockholders' equity as a component of accumulated other comprehensive income ("AOCI"). Equity investments classified as "trading", as defined in SFAS No. 115, are recorded at fair value with changes in fair value recorded in net investment income. Policy loans are carried at outstanding balance, which approximates fair value. Other investments primarily consist of limited partnership interests, derivatives and mortgage loans. Limited partnerships are accounted for under the equity method and accordingly the Company's share of partnership earnings are included in net investment income. Derivatives are carried at fair value and mortgage loans on real estate are recorded at the outstanding principal balance adjusted for amortization of premiums or discounts and net of valuation allowances, if any.

VALUATION OF FIXED MATURITIES

The fair value for fixed maturity securities is largely determined by one of three primary pricing methods: independent third party pricing service market quotations, independent broker quotations or pricing matrices, which use data provided by external sources. With the exception of short-term securities for which amortized cost is predominantly used to approximate fair value, security pricing is applied using a hierarchy or "waterfall" approach whereby prices are

first sought from independent pricing services with the remaining unpriced securities submitted to brokers for prices or lastly priced via a pricing matrix.

Prices from independent pricing services are often unavailable for securities that are rarely traded or are traded only in privately negotiated transactions. As a result, certain of the Company's asset-backed and commercial mortgage-backed securities are priced via broker quotations. A pricing matrix is used to price securities for which the Company is unable to obtain either a price from an independent third party service or an independent broker quotation. The pricing matrix begins with current treasury rates and uses credit spreads and issuer-specific yield adjustments received from an independent third party source to determine the market price for the security. The credit spreads incorporate the issuer's credit rating as assigned by a nationally recognized rating agency and a risk premium, if warranted, due to the issuer's industry and the security's time to maturity. The issuer-specific yield adjustments, which can be positive or negative, are updated twice annually, as of June 30 and December 31, by an independent third-party source and are intended to adjust security prices for issuer-specific factors. The matrix-priced securities at December 31, 2004 and 2003, primarily consisted of non-144A private placements and have an average duration of 4.7 and 4.3, respectively.

The following table identifies the fair value of fixed maturity securities by pricing source as of December 31, 2004 and 2003:

	2004		2003	
	General Account Fixed Maturities at Fair Value	Percentage of Total Fair Value	General Account Fixed Maturities at Fair Value	Percentage of Total Fair Value
Priced via independent market quotations	\$34,429	80.6%	\$24,557	81.6%
Priced via broker quotations	3,074	7.2%	2,037	6.8%
Priced via matrices	3,508	8.2%	2,129	7.1%
Priced via other methods	61	0.2%	151	0.5%
Short-term investments [1]	1,619	3.8%	1,211	4.0%
TOTAL [2]	\$42,691	100.0%	\$30,085	100.0%

</Table>

(1) Short-term investments are primarily valued at amortized cost, which approximates fair value.

(2) Effective January 1, 2004, guaranteed separate account assets were included with general account assets as a result of adopting SOP 03-1.

The fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between knowledgeable, unrelated willing parties. As such, the estimated fair value of a financial instrument may differ significantly from the amount that could be realized if the security was sold immediately.

OTHER-THAN-TEMPORARY IMPAIRMENTS

One of the significant estimations inherent in the valuation of investments is the evaluation of other-than-temporary impairments. The evaluation of impairments is a quantitative and qualitative process, which is subject to risks and uncertainties and is intended to determine whether declines in the fair value of investments should be recognized in current period earnings. The risks and uncertainties include changes in general economic conditions, the issuer's financial condition or near term recovery prospects and the effects of changes in interest rates. The Company's accounting policy requires that a decline in the value of a security below its amortized cost basis be assessed to determine if the decline is other-than-temporary. If the security is deemed to be other-than-temporarily impaired, a charge is recorded in net realized capital losses equal to the difference between the fair value and amortized cost basis of the security. In addition,

F-9

<Page>

for securities expected to be sold, an other-than-temporary impairment charge is recognized if the Company does not expect the fair value of a security to recover to amortized cost prior to the expected date of sale. The fair value of the other-than-temporarily impaired investment becomes its new cost basis. The Company has a security monitoring process overseen by a committee of investment and accounting professionals ("the committee") that identifies securities that, due to certain characteristics, as described below, are subjected to an enhanced analysis on a quarterly basis.

Securities not subject to EITF Issue No. 99-20 ("non-EITF Issue No. 99-20

securities") that are in an unrealized loss position, are reviewed at least quarterly to determine if an other-than-temporary impairment is present based on certain quantitative and qualitative factors. The primary factors considered in evaluating whether a decline in value for non-EITF Issue No. 99-20 securities is other-than-temporary include: (a) the length of time and the extent to which the fair value has been less than cost, (b) the financial condition, credit rating and near-term prospects of the issuer, (c) whether the debtor is current on contractually obligated interest and principal payments and (d) the intent and ability of the Company to retain the investment for a period of time sufficient to allow for recovery. Non-EITF Issue No. 99-20 securities depressed by twenty percent or more for six months are presumed to be other-than-temporarily impaired unless significant objective verifiable evidence supports that the security price is temporarily depressed and is expected to recover within a reasonable period of time. The evaluation of non-EITF Issue No. 99-20 securities depressed more than ten percent is documented and discussed quarterly by the committee.

For certain securitized financial assets with contractual cash flows (including asset-backed securities), EITF Issue No. 99-20 requires the Company to periodically update its best estimate of cash flows over the life of the security. If the fair value of a securitized financial asset is less than its carrying amount and there has been a decrease in the present value of the estimated cash flows since the last revised estimate, considering both timing and amount, then an other-than-temporary impairment charge is recognized. Estimating future cash flows is a quantitative and qualitative process that incorporates information received from third party sources along with certain internal assumptions and judgments regarding the future performance of the underlying collateral. As a result, actual results may differ from current estimates. In addition, projections of expected future cash flows may change based upon new information regarding the performance of the underlying collateral.

Once an impairment charge has been recorded, the Company then continues to review the other-than-temporarily impaired securities for additional other-than-temporary impairments. The ultimate completion of EITF Issue No. 03-1 may impact the Company's current other-than-temporary impairment evaluation process. (For further discussion of EITF Issue No. 03-1, see the Future Adoption of New Accounting Standards section of Note 2.)

NET REALIZED CAPITAL GAINS AND LOSSES

Net realized capital gains and losses, after deducting the life and pension policyholders' share and related amortization of deferred policy acquisition costs for certain products, are reported as a component of revenues and are determined on a specific identification basis. Net realized capital gains and losses on security transactions associated with the Company's immediate participation guaranteed contracts are recorded and offset by amounts owed to policyholders and were less than \$1 for the year ended December 31, 2004 and were \$1 for the years ended December 31, 2003 and 2002. Under the terms of the contracts, the net realized capital gains and losses will be credited to policyholders in future years as they are entitled to receive them.

NET INVESTMENT INCOME

Interest income from fixed maturities is recognized when earned on a constant effective yield basis based on estimated principal repayments, if applicable. Prepayment fees are recorded in net investment income when earned. The Company stops recognizing interest income when it does not expect to receive amounts in accordance with the contractual terms of the security. Interest income on these investments is recognized only when interest payments are received.

DERIVATIVE INSTRUMENTS

OVERVIEW

The Company utilizes a variety of derivative instruments, including swaps, caps, floors, forwards, futures and options through one of four Company-approved objectives: to hedge risk arising from interest rate, price or currency exchange rate volatility; to manage liquidity; to control transaction costs; or to enter into replication transactions. (For a further discussion of derivative instruments, see the Derivative Instruments section of Note 4.)

The Company's derivative transactions are permitted uses of derivatives under the derivatives use plan filed and/or approved, as applicable, by the State of Connecticut and the State of New York insurance departments. The Company does not make a market or trade in these instruments for the express purpose of earning short-term trading profits.

Accounting and Financial Statement Presentation of Derivative Instruments and Hedging Activities

Derivatives are recognized on the balance sheet at fair value. Fair value is based upon either independent market quotations or pricing valuation models which utilize independent third party data as inputs. The derivative contracts are reported as assets or liabilities in other investments and other

liabilities, respectively, in the consolidated balance sheets, excluding embedded derivatives and guaranteed minimum withdrawal benefits ("GMWB") reinsurance contracts. Embedded derivatives are recorded in

F-10

<Page>

the consolidated balance sheets with the associated host instrument. GMWB reinsurance contract amounts are recorded in reinsurance recoverables in the consolidated balance sheets.

On the date the derivative contract is entered into, the Company designates the derivative as (1) a hedge of the fair value of a recognized asset or liability ("fair value" hedge), (2) a hedge of a forecasted transaction or of the variability of cash flows to be received or paid related to a recognized asset or liability ("cash-flow" hedge), (3) a foreign-currency, fair value or cash-flow hedge ("foreign-currency" hedge), (4) a hedge of a net investment in a foreign operation or (5) held for other investment and risk management activities, which primarily involve managing asset or liability related risks which do not qualify for hedge accounting.

FAIR-VALUE HEDGES

Changes in the fair value of a derivative that is designated and qualifies as a fair-value hedge, along with the changes in the fair value of the hedged asset or liability that is attributable to the hedged risk, are recorded in current period earnings with any differences between the net change in fair value of the derivative and the hedged item representing the hedge ineffectiveness. Periodic derivative net coupon settlements are recorded in net investment income.

CASH-FLOW HEDGES

Changes in the fair value of a derivative that is designated and qualifies as a cash-flow hedge are recorded in AOCI and are reclassified into earnings when the variability of the cash flow of the hedged item impacts earnings. Gains and losses on derivative contracts that are reclassified from AOCI to current period earnings are included in the line item in the consolidated statements of income in which the hedged item is recorded. Any hedge ineffectiveness is recorded immediately in current period earnings as net realized capital gains and losses. Periodic derivative net coupon settlements are recorded in net investment income.

FOREIGN-CURRENCY HEDGES

Changes in the fair value of derivatives that are designated and qualify as foreign-currency hedges are recorded in either current period earnings or AOCI, depending on whether the hedged transaction is a fair-value hedge or a cash-flow hedge, respectively. Any hedge ineffectiveness is recorded immediately in current period earnings as net realized capital gains and losses. Periodic derivative net coupon settlements are recorded in net investment income.

NET INVESTMENT IN A FOREIGN OPERATION HEDGES

Changes in fair-value of a derivative used as a hedge of a net investment in a foreign operation, to the extent effective as a hedge, are recorded in the foreign currency translation adjustments account within AOCI. Cumulative changes in fair value recorded in AOCI are reclassified into earnings upon the sale or complete or substantially complete liquidation of the foreign entity. Any hedge ineffectiveness is recorded immediately in current period earnings as net realized capital gains and losses. Periodic derivative net coupon settlements are recorded in net investment income.

OTHER INVESTMENT AND RISK MANAGEMENT ACTIVITIES

The Company's other investment and risk management activities primarily relate to strategies used to reduce economic risk or enhance income, and do not receive hedge accounting treatment. Changes in the fair value, including periodic net coupon settlements, of derivative instruments held for other investment and risk management purposes are reported in current period earnings as net realized capital gains and losses.

HEDGE DOCUMENTATION AND EFFECTIVENESS TESTING

To qualify for hedge accounting treatment, a derivative must be highly effective in mitigating the designated change in value of the hedged item. At hedge inception, the Company formally documents all relationships between hedging instruments and hedged items, as well as its risk-management objective and strategy for undertaking each hedge transaction. The documentation process includes linking all derivatives that are designated as fair-value, cash-flow, foreign-currency or net-investment hedges to specific assets or liabilities on the balance sheet or to specific forecasted transactions. The Company also formally assesses, both at the hedge's inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in fair values or cash flows of hedged items. Hedge effectiveness is assessed using qualitative and quantitative methods. Qualitative methods may include comparison of critical terms of the derivative

to the hedged item. Depending on the hedging strategy, quantitative methods may include the "Change in Variable Cash Flows Method," the "Change in Fair Value Method" and the "Hypothetical Derivative Method". In addition, certain hedging relationships are considered highly effective if the changes in the fair value or discounted cash flows of the hedging instrument are within a ratio of 80-125% of the inverse changes in the fair value or discounted cash flows of the hedged item. If it is determined that a derivative is no longer highly effective as a hedge, the Company discontinues hedge accounting in the period in which the derivative became ineffective and prospectively, as discussed below under discontinuance of hedge accounting.

DISCONTINUANCE OF HEDGE ACCOUNTING

The Company discontinues hedge accounting prospectively when (1) it is determined that the derivative is no longer highly effective in offsetting changes in the fair value or cash flows of a hedged item; (2) the derivative is redesignated as a hedging instrument, because it is unlikely that a forecasted transaction will occur; or (3) the derivative expires or is sold, terminated, or exercised.

When hedge accounting is discontinued because it is determined that the derivative no longer qualifies as an effective fair-value hedge, the derivative continues to be carried at fair value on the balance sheet with changes in its fair value recognized in current period earnings.

F-11

<Page>

When hedge accounting is discontinued because the Company becomes aware that it is not probable that the forecasted transaction will occur, the derivative continues to be carried on the balance sheet at its fair value, and gains and losses that were accumulated in AOCI are recognized immediately in earnings.

In other situations in which hedge accounting is discontinued on a cash-flow hedge, including those where the derivative is sold, terminated or exercised, amounts previously deferred in AOCI are amortized into earnings when earnings are impacted by the variability of the cash flow of the hedged item.

EMBEDDED DERIVATIVES

The Company purchases financial instruments and issues products, such as GMWB, that contain a derivative instrument that is embedded in the financial instruments or products. When it is determined that (1) the embedded derivative possesses economic characteristics that are not clearly and closely related to the economic characteristics of the host contract, and (2) a separate instrument with the same terms would qualify as a derivative instrument, the embedded derivative is bifurcated from the host for measurement purposes. The embedded derivative, which is reported with the host instrument in the consolidated balance sheets, is carried at fair value with changes in fair value reported in net realized capital gains and losses.

CREDIT RISK

The Company's derivatives counterparty exposure policy establishes market-based credit limits, favors long-term financial stability and creditworthiness, and typically requires credit enhancement/credit risk reducing agreements. By using derivative instruments, the Company is exposed to credit risk, which is measured as the amount owed to the Company based on current market conditions and potential payment obligations between the Company and its counterparties. When the fair value of a derivative contract is positive, this indicates that the counterparty owes the Company, and, therefore, exposes the Company to credit risk. Credit exposures are generally quantified daily, netted by counterparty for each legal entity of the Company, and then collateral is pledged to and held by, or on behalf of, the Company to the extent the current value of derivatives exceeds exposure policy thresholds. The Company also minimizes the credit risk in derivative instruments by entering into transactions with high quality counterparties that are monitored by the Company's internal compliance unit and reviewed frequently by senior management. In addition, the compliance unit monitors counterparty credit exposure on a monthly basis to ensure compliance with Company policies and statutory limitations. The Company also maintains a policy of requiring that all derivative contracts be governed by an International Swaps and Derivatives Association Master Agreement which is structured by legal entity and by counterparty and permits the right of offset. In addition, the Company periodically enters into swap agreements in which the Company assumes credit exposure from a single entity, referenced index or asset pool.

PRODUCT DERIVATIVES AND RISK MANAGEMENT

The Company offers certain variable annuity products with a guaranteed minimum withdrawal benefit ("GMWB") rider. The GMWB provides the policyholder with a guaranteed remaining balance ("GRB") if the account value is reduced to zero through a combination of market declines and withdrawals. The GRB is generally equal to premiums less withdrawals. However, annual withdrawals that exceed a specific percentage of the premiums paid may reduce the GRB by an amount greater than the withdrawals and may also impact the guaranteed annual withdrawal amount

that subsequently applies after the excess annual withdrawals occur. For certain of the withdrawal benefit features, the policyholder also has the option, after a specified time period, to reset the GRB to the then-current account value, if greater. The GMWB represents an embedded derivative in the variable annuity contract that is required to be reported separately from the host variable annuity contract. It is carried at fair value and reported in other policyholder funds. The fair value of the GMWB obligations is calculated based on actuarial assumptions related to the projected cash flows, including benefits and related contract charges, over the lives of the contracts, incorporating expectations concerning policyholder behavior. Because of the dynamic and complex nature of these cash flows, stochastic techniques under a variety of market return scenarios and other best estimate assumptions are used. Estimating these cash flows involves numerous estimates and subjective judgments including those regarding expected market rates of return, market volatility, correlations of market returns and discount rates.

In valuing the embedded derivative, the Company attributes to the derivative a portion of the fees collected from the policyholder equal to the present value of future GMWB claims (the "Attributed Fees"). All changes in the fair value of the embedded derivative are recorded in net realized capital gains and losses. The excess of fees collected from the policyholder for the GMWB over the Attributed Fees are associated with the host variable annuity contract and recorded in fee income.

For contracts issued prior to July 2003, the Company has a reinsurance arrangement in place to offset its exposure to the GMWB. This arrangement is recognized as a derivative and carried at fair value in reinsurance recoverables. Changes in the fair value of both the derivative assets and liabilities related to the reinsured GMWB are recorded in net realized capital gains and losses. As of July 2003, the Company had substantially exhausted all of its reinsurance capacity with respect to contracts issued after July 2003. Substantially all new contracts with the GMWB are covered by a reinsurance arrangement with a related party. For further discussion of this arrangement, see Note 15 of Notes to Consolidated Financial Statements.

DEFERRED POLICY ACQUISITION COSTS AND PRESENT VALUE OF FUTURE PROFITS

Policy acquisition costs include commissions and certain other expenses that vary with and are primarily associated with acquiring business. Present value of future profits is an intangible asset recorded upon applying purchase accounting in an acquisition of a life insurance company. Deferred policy acquisition costs and the present value of future profits intangible asset are amortized in the same way. Both are amortized over the estimated life of the contracts acquired, usually 20 years. Within the following discussion, deferred policy acquisition costs and the present value of future profits intangible asset will be referred to as "DAC". At December 31, 2004 and 2003, the carrying value of the Company's DAC was \$6.5 billion and \$6.1 billion, respectively. For statutory accounting purposes, such costs are expensed as incurred.

DAC related to traditional policies are amortized over the premium-paying period in proportion to the present value of annual expected premium income. DAC related to investment contracts and universal life-type contracts are deferred and amortized using the retrospective deposit method. Under the retrospective deposit method, acquisition costs are amortized in proportion to the present value of estimated gross profits ("EGPs"), arising principally from projected investment, mortality and expense margins and surrender charges. The attributable portion of the DAC amortization is allocated to realized gains and losses on investments. The DAC balance is also adjusted through other comprehensive income by an amount that represents the amortization of deferred policy acquisition costs that would have been required as a charge or credit to operations had unrealized gains and losses on investments been realized. Actual gross profits can vary from management's estimates, resulting in increases or decreases in the rate of amortization.

The Company regularly evaluates its EGPs to determine if actual experience or other evidence suggests that earlier estimates should be revised. In the event that the Company were to revise its EGPs, the cumulative DAC amortization would be adjusted to reflect such revised EGPs in the period the revision was determined to be necessary. Several assumptions considered to be significant in the development of EGPs include separate account fund performance, surrender and lapse rates, estimated interest spread and estimated mortality. The separate account fund performance assumption is critical to the development of the EGPs related to the Company's variable annuity and to a lesser extent, variable universal life insurance businesses. The average annual long-term rate of assumed separate account fund performance (before mortality and expense charges) used in estimating gross profits for the variable annuity and variable universal life business was 9% for the years ended December 31, 2004 and 2003. For other products including fixed annuities and other universal life-type contracts, the average assumed investment yield ranged from 5.7% to 7.9% for both years ended December 31, 2004 and 2003.

The Company had developed models to evaluate its DAC asset, which allowed it to run a large number of stochastically determined scenarios of separate account

fund performance. These scenarios were then utilized to calculate a statistically significant range of reasonable estimates of EGPs. This range was then compared to the present value of EGPs currently utilized in the DAC amortization model. As of December 31, 2004, the present value of the EGPs utilized in the DAC amortization model fall within a reasonable range of statistically calculated present value of EGPs. As a result, the Company does not believe there is sufficient evidence to suggest that a revision to the EGPs (and therefore, a revision to the DAC) as of December 31, 2004 is necessary; however, if in the future the EGPs utilized in the DAC amortization model were to exceed the margin of the reasonable range of statistically calculated EGPs, a revision could be necessary.

Additionally, the Company continues to perform analyses with respect to the potential impact of a revision to future EGPs. If such a revision to EGPs were deemed necessary, the Company would adjust, as appropriate, all of its assumptions for products accounted for in accordance with Statement of Financial Accounting Standards ("SFAS") No. 97, 'Accounting and Reporting by Insurance Enterprises for Certain Long-Duration Contracts and for Realized Gains and Losses from the Sale of Investments', and reproject its future EGPs based on current account values at the end of the quarter in which a revision is deemed to be necessary.

Aside from absolute levels and timing of market performance assumptions, additional factors that will influence the determination to adjust assumptions include the degree of volatility in separate account fund performance and shifts in asset allocation within the separate account made by policyholders. The overall return generated by the separate account is dependent on several factors, including the relative mix of the underlying sub-accounts among bond funds and equity funds as well as equity sector weightings. The Company's overall separate account fund performance has been reasonably correlated to the overall performance of the S&P 500 Index (which closed at 1,212 on December 31, 2004), although no assurance can be provided that this correlation will continue in the future.

The overall recoverability of the DAC asset is dependent on the future profitability of the business. The Company tests the aggregate recoverability of the DAC asset by comparing the amounts deferred to the present value of total EGPs. In addition, the Company routinely stress tests its DAC asset for recoverability against severe declines in its separate account assets, which could occur if the equity markets experienced another significant sell-off, as the majority of policyholders' funds in the separate accounts is invested in the equity market.

RESERVE FOR FUTURE POLICY BENEFITS AND UNPAID CLAIMS AND CLAIM ADJUSTMENT EXPENSES

Liabilities for the Company's group life and disability contracts as well its individual term life insurance policies

F-13

<Page>

include amounts for unpaid claims and future policy benefits. Liabilities for unpaid claims include estimates of amounts to fully settle known reported claims as well as claims related to insured events that the Company estimates have been incurred but have not yet been reported. Liabilities for future policy benefits are calculated by the net level premium method using interest, withdrawal and mortality assumptions appropriate at the time the policies were issued. The methods used in determining the liability for unpaid claims and future policy benefits are standard actuarial methods recognized by the American Academy of Actuaries. For the tabular reserves, discount rates are based on the Company's earned investment yield and the morbidity/mortality tables used are standard industry tables modified to reflect the Company's actual experience when appropriate. In particular, for the Company's group disability known claim reserves, the morbidity table for the early durations of claim is based exclusively on the Company's experience, incorporating factors such as sex, elimination period and diagnosis. These reserves are computed such that they are expected to meet the Company's future policy obligations. Future policy benefits are computed at amounts that, with additions from estimated premiums to be received and with interest on such reserves compounded annually at certain assumed rates, are expected to be sufficient to meet the Company's policy obligations at their maturities or in the event of an insured's death. Changes in or deviations from the assumptions used for mortality, morbidity, expected future premiums and interest can significantly affect the Company's reserve levels and related future operations and, as such, provisions for adverse deviation are built into the long-tailed liability assumptions.

OTHER POLICYHOLDER FUNDS AND BENEFITS PAYABLE

The Company has classified its fixed and variable annuities, 401(k), certain governmental annuities, private placement life insurance ("PPLI"), variable universal life insurance, universal life insurance and interest sensitive whole life insurance as universal life-type contracts. The liability for universal life-type contracts is equal to the balance that accrues to the benefit of the policyholders as of the financial statement date (commonly referred to as the account value), including credited interest, amounts that have been assessed to

compensate the Company for services to be performed over future periods, and any amounts previously assessed against policyholders that are refundable on termination of the contract. Certain contracts classified as universal life-type may also include additional death or other insurance benefit features, such as guaranteed minimum death or income benefits offered with variable annuity contracts or no lapse guarantees offered with universal life insurance contracts. An additional liability is established for these benefits by estimating the expected present value of the benefits in excess of the projected account value in proportion to the present value of total expected assessments. Excess benefits are accrued as a liability as actual assessments are recorded. Determination of the expected value of excess benefits and assessments are based on a range of scenarios and assumptions including those related to market rates of return and volatility, contract surrender rates and mortality experience.

The Company has classified its institutional and governmental products, without life contingencies, including funding agreements, certain structured settlements and guaranteed investment contracts, as investment contracts. The liability for investment contracts is equal to the balance that accrues to the benefit of the contract holder as of the financial statement date, which includes the accumulation of deposits plus credited interest, less withdrawals and amounts assessed through the financial statement date.

REVENUE RECOGNITION

For investment and universal life-type contracts, the amounts collected from policyholders are considered deposits and are not included in revenue. Fee income for investment and universal life-type contracts consists of policy charges for policy administration, cost of insurance charges and surrender charges assessed against policyholders' account balances and are recognized in the period in which services are provided. The Company's traditional life and group disability products are classified as long duration contracts, and premiums are recognized as revenue when due from policyholders.

FOREIGN CURRENCY TRANSLATION

Foreign currency translation gains and losses are reflected in stockholder's equity as a component of accumulated other comprehensive income. The Company's foreign subsidiaries' balance sheet accounts are translated at the exchange rates in effect at each year end and income statement accounts are translated at the average rates of exchange prevailing during the year. Gains and losses on foreign currency transactions are reflected in earnings. The national currencies of the international operations are their functional currencies.

DIVIDENDS TO POLICYHOLDERS

Policyholder dividends are accrued using an estimate of the amount to be paid based on underlying contractual obligations under policies and applicable state laws.

Participating life insurance in force accounted for 5%, 6%, and 6% as of December 31, 2004, 2003 and 2002, respectively, of total life insurance in force. Dividends to policyholders were \$29, \$63, and \$65 for the years ended December 31, 2004, 2003 and 2002, respectively. There were no additional amounts of income allocated to participating policyholders. If limitations exist on the amount of net income from participating life insurance contracts that may be distributed to stockholders, the policyholder's share of net income on those contracts that cannot be distributed is excluded from stockholders' equity by a charge to operations and a credit to a liability.

REINSURANCE

Written premiums, earned premiums and incurred insurance losses and loss adjustment expense all reflect the net

F-14

<Page>

effects of assumed and ceded reinsurance transactions. Assumed reinsurance refers to our acceptance of certain insurance risks that other insurance companies have underwritten. Ceded reinsurance means other insurance companies have agreed to share certain risks the Company has underwritten. Reinsurance accounting is followed for assumed and ceded transactions when the risk transfer provisions of SFAS No. 113, "Accounting and Reporting for Reinsurance of Short-Duration and Long-Duration Contracts," have been met.

INCOME TAXES

The Company recognizes taxes payable or refundable for the current year and deferred taxes for the future tax consequences of differences between the financial reporting and tax basis of assets and liabilities. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years the temporary differences are expected to reverse.

NOTE 3. SEGMENT INFORMATION

The Company has changed its reportable operating segments in 2004 from

</Table>

F-19

<Page>

Included in the fair value of total fixed maturities as of December 31, 2004 are \$11.7 billion of guaranteed separate account assets. Guaranteed separate account assets were reclassified to the general account on January 1, 2004 as a result of the adoption of SOP 03-1. (For further discussion, see the Adoption of New Accounting Standards section of Note 2.)

The amortized cost and estimated fair value of fixed maturity investments at December 31, 2004 by contractual maturity year are shown below. Estimated maturities may differ from contractual maturities due to call or prepayment provisions. Asset-backed securities, including MBS and CMOs, are distributed to maturity year based on the Company's estimates of the rate of future prepayments of principal over the remaining lives of the securities. These estimates are developed using prepayment speeds provided in broker consensus data. Such estimates are derived from prepayment speeds experienced at the interest rate levels projected for the applicable underlying collateral. Actual prepayment experience may vary from these estimates.

<Table>

F-20

<Page>
CONCENTRATION OF CREDIT RISK

The Company is not exposed to any credit concentration risk of a single issuer greater than 10% of the Company's stockholders' equity other than certain U.S. government and government agencies.

SECURITY UNREALIZED LOSS AGING

The Company has a security monitoring process overseen by a committee of investment and accounting professionals that, on a quarterly basis, identifies securities in an unrealized loss position that could potentially be other-than-temporarily impaired. (For further discussion regarding the Company's other-than-temporary impairment policy, see the Investments section of Note 2.) Due to the issuers' continued satisfaction of the securities' obligations in accordance with their contractual terms and the expectation that they will continue to do so, management's intent and ability to hold these securities for a period of time sufficient to allow for any anticipated recovery in market value, as well as the evaluation of the fundamentals of the issuers' financial condition and other objective evidence, the Company believes that the prices of the securities in the sectors identified in the tables below were temporarily depressed as of December 31, 2004 and 2003.

The following table presents amortized cost, fair value and unrealized losses for the Company's fixed maturity and available-for-sale equity securities, aggregated by investment category and length of time that individual securities have been in a continuous unrealized loss position as of December 31, 2004.

</Table>

As of December 31, 2004, fixed maturities represented approximately 98% of the Company's total unrealized loss amount, which was comprised of approximately 1,200 different securities. The Company held no securities as of December 31, 2004 that were in an unrealized loss position in excess of \$11. There were no fixed maturities or equity securities as of December 31, 2004, with a fair value less than 80% of the security's amortized cost for six continuous months other than certain ABS and CMBS. Other-than-temporary impairments for certain ABS and CMBS are recognized if the fair value of the security, as determined by external pricing sources, is less than its carrying amount and there has been a decrease in the present value of the expected cash flows since the last reporting period. Based on management's best estimate of future cash flows, there were no such ABS and CMBS in an unrealized loss position as of December 31, 2004 that were deemed to be other-than-temporarily impaired.

Securities in an unrealized loss position for less than twelve months were comprised of over 1,000 securities of which 88%, or \$63, were comprised of securities with fair value to amortized cost ratios at or greater than 90%. The majority of these securities are investment grade fixed maturities depressed due to changes in interest rates from the date of purchase.

The securities depressed for twelve months or more as of December 31, 2004 were comprised of approximately 165 securities, with the majority of the unrealized loss amount relating to ABS and corporate fixed maturities within the financial services sector. A description of these events contributing to the security types' unrealized loss position and the factors considered in determining that recording an other-than-temporary impairment was not warranted are outlined below.

ABS -- ABS represents \$51 of the securities in an unrealized loss position for twelve months or more. These securities were primarily supported by aircraft lease receivables that had suffered a decrease in value in recent years as a result of a prolonged decline in airline travel, the uncertainty of a potential industry recovery and lack of market liquidity in this sector. Although uncertainty surrounding the stability of domestic airlines continues to weigh heavily on this sector, worldwide travel and aircraft demand appears to be improving, resulting in a modest increase in market prices and greater liquidity in this sector during 2004. As of December 31, 2004, the estimated future cash flows for these securities indicated full recovery and as a result, based on management's intent and ability to hold these securities, the prices of these securities were deemed to be temporarily depressed.

FINANCIAL SERVICES -- Financial services represents approximately \$12 of the securities in an unrealized loss position for twelve months or more. These securities are investment grade securities priced at or greater than 90% of amortized cost. As of December 31, 2004, the financial services twelve months or more unrealized loss amount primarily related to variable rate securities with extended maturity dates, which have been adversely impacted by the reduction in forward interest rates after the purchase date, resulting in lower expected cash flows. Unrealized losses for these securities have declined during the year as interest rates have risen. Additional changes in fair value of these securities are primarily dependent on future changes in forward interest rates. The majority of these variable rate securities are currently hedged with interest rate swaps, which convert the variable rate earned on the securities to a fixed amount. The swaps generally receive

F-22

<Page>
cash flow hedge accounting treatment and are currently in an unrealized gain position.

The remaining balance of \$19 in the twelve months or more unrealized loss category is comprised of approximately 90 securities, substantially all of which were depressed only a minor extent with fair value to amortized cost ratios at or greater than 90% as of December 31, 2004. The decline in market value for these securities is primarily attributable to changes in interest rates.

The following table presents the Company's unrealized loss, fair value and amortized cost for fixed maturity and equity securities, aggregated by investment category and length of time that individual securities have been in a continuous unrealized loss position as of December 31, 2003.

<Table>

F-23

<Page>

There were no fixed maturities or equity securities as of December 31, 2003, with a fair value less than 80% of the security's amortized cost for six continuous months. As of December 31, 2003, fixed maturities represented approximately 95% of the Company's unrealized loss amount, which was comprised of approximately 425 different securities. As of December 31, 2003, the Company held no securities presented in the table above that were at an unrealized loss position in excess of \$4.2.

The majority of the securities in an unrealized loss position for less than twelve months were depressed due to the rise in long-term interest rates. This group of securities was comprised of approximately 375 securities. Of the less than twelve months total unrealized loss amount \$48, or 84%, was comprised of securities with fair value to amortized cost ratios as of December 31, 2003 at or greater than 90%. As of December 31, 2003, \$47 of the less than twelve months total unrealized loss amount was comprised of securities in an unrealized loss position for less than six continuous months.

The securities depressed for twelve months or more were comprised of less than 100 securities. Of the twelve months or more unrealized loss amount \$15, or 88%, was comprised of securities with fair value to amortized cost ratios as of December 31, 2003 at or greater than 90%.

As of December 31, 2003, the securities in an unrealized loss position for twelve months or more were primarily interest rate related. The sector in the greatest gross unrealized loss position in the table above was financial services, which is included within the corporate category above. A description of the events contributing to the security type's unrealized loss position and the factors considered in determining that recording an other-than-temporary impairment was not warranted are outlined below.

FINANCIAL SERVICES -- Financial services represents approximately \$10 of the securities in an unrealized loss position for twelve months or more. All of these positions were priced at or greater than 80% of amortized cost as of December 31, 2003. The financial services securities in an unrealized loss position are primarily investment grade variable rate securities with extended maturity dates, which have been adversely impacted by the reduction in forward interest rates after the purchase date, resulting in lower expected cash flows. Unrealized loss amounts for these securities declined during 2003 as interest rates increased. Additional changes in fair value of these securities are primarily dependent on future changes in forward interest rates. A substantial percentage of these securities are currently hedged with interest rate swaps, which convert the variable rate earned on the securities to a fixed amount. The swaps generally receive cash flow hedge accounting treatment and are currently in an unrealized gain position.

The remaining balance of \$7 in the twelve months or more unrealized loss

category is comprised of approximately 50 securities with fair value to amortized cost ratios at or greater than 80%.

INVESTMENT MANAGEMENT ACTIVITIES

During 2004, Hartford Investment Management Company issued one and began serving as the collateral asset manager for an additional synthetic collateralized loan obligation ("CLO"), both of which the Company has an investment in. The synthetic CLOs invest in senior secured bank loans through total return swaps ("referenced bank loan portfolios"). The notional value of the referenced bank loan portfolios from the two synthetic CLOs as of December 31, 2004 was approximately \$700. The synthetic CLOs issued approximately \$135 of notes and preferred shares ("CLO issuances"), approximately \$120 of which was to third party investors. The proceeds from the CLO issuances were invested in collateral accounts consisting of high credit quality securities that were pledged to the referenced bank loan portfolios' swap counterparties. Investors in the CLO issuances receive the net proceeds from the referenced bank loan portfolios. Any principal losses incurred by the swap counterparties associated with the referenced bank loan portfolios are borne by the CLO issuances investors through the total return swaps.

Pursuant to the requirements of FIN 46R, the Company has concluded that the two synthetic CLOs are VIEs and that the Company is the primary beneficiary and must consolidate the CLO issued in 2004. Accordingly, the Company has recorded in the consolidated balance sheets \$65 of cash and invested assets, total return swaps with a fair value of \$3 in other assets, which reference a bank loan portfolio with a maximum notional of \$400, and \$52 in other liabilities related to the CLO issuances. The total return from the referenced bank loan portfolio of \$3 was received via the total return swap and recorded in realized capital gains and losses. Income from the fixed maturity collateral account and CLO issuance investor payments were recorded in net investment income in the consolidated statements of income. The Company's investment in the consolidated synthetic CLO issuance is \$14, which is its maximum exposure to loss. In addition, the Company has a \$2 preferred share investment in the non-consolidated synthetic CLO issuance, which is its maximum exposure to loss. The investors in the two synthetic CLO issuances have recourse only to the VIE assets and not to the general credit of the Company.

DERIVATIVE INSTRUMENTS

Derivative instruments are recorded at fair value and presented in the consolidated balance sheets as of December 31, as follows:

<Table>

<Caption>

	Asset Values		Liability Values	
	2004	2003	2004	2003
<C>	<C>	<C>	<C>	<C>
Other investments	\$ 42	\$116	\$ --	\$ --
Reinsurance recoverables	--	--	129	115
Other policyholder funds and benefits payable	129	115	--	--
Fixed maturities	4	7	--	--
Other liabilities	--	--	449	186
TOTAL	\$175	\$238	\$578	\$301

</Table>

The following table summarizes the primary derivative instruments used by the Company and the hedging strategies to which they relate. Derivatives in the Company's separate accounts are not included because the associated gains and losses accrue directly to policyholders. The notional value of derivative contracts represent the basis upon which pay or receive amounts are calculated and are not reflective of credit risk. The fair value amounts of derivative assets and liabilities are presented on a net basis as of December 31.

HEDGING STRATEGY	Notional Amount		Fair Value	
	2004	2003	2004	2003
<S>	<C>	<C>	<C>	<C>

CASH-FLOW HEDGES

Interest rate swaps

Interest rate swaps are primarily used to convert interest receipts on floating-rate fixed maturity investments to fixed rates. These derivatives are predominantly used to better match cash receipts from assets with cash disbursements required to

fund liabilities. The Company also enters into forward starting swap agreements to hedge the interest rate exposure on anticipated fixed-rate asset purchases due to changes in the benchmark interest rate London-Interbank Offered Rate ('LIBOR'). These derivatives were structured to hedge interest rate exposure inherent in the assumptions used to price primarily certain long-term disability products.

Interest rate swaps are also used to hedge a portion of the Company's floating rate guaranteed investment contracts. These derivatives convert the floating rate guaranteed investment contract payments to a fixed rate to better match the cash receipts earned from the supporting investment portfolio.

\$ 4,944 \$ 1,889 \$ 40 \$ 98

Foreign currency swaps

Foreign currency swaps are used to convert foreign denominated cash flows associated with certain foreign denominated fixed maturity investments to U.S. dollars. The foreign fixed maturities are primarily denominated in euros and are swapped to minimize cash flow fluctuations due to changes in currency rates.

1,311 703 (421) (147)

FAIR-VALUE HEDGES

Interest rate swaps

A portion of the Company's fixed debt is hedged against increases in LIBOR, the designated benchmark interest rate.

In addition, interest rate swaps are used to hedge the changes in fair value of certain fixed rate liabilities due to changes in LIBOR.

201 112 (5) (5)

Interest rate caps and floors

Interest rate caps and floors are used to offset the changes in fair value related to corresponding interest rate caps and floors that exist in certain of the Company's variable-rate fixed maturity investments.

HEDGING STRATEGY

<S>

OTHER INVESTMENT AND RISK MANAGEMENT ACTIVITIES

Interest rate caps and swaption contracts

The Company is exposed to policyholder surrenders during a rising interest rate environment. Interest rate cap and swaption contracts are used to mitigate the Company's loss in a rising interest rate environment. The increase in yield from the cap and swaption contract in a rising interest rate environment may be used to raise credited rates, thereby increasing the Company's competitiveness and reducing the policyholder's incentive to surrender. These derivatives are also used to reduce the duration risk in certain investment portfolios. These derivative instruments are structured to hedge the durations of fixed maturity investments to match certain products in accordance with the Company's asset and liability management policy.

The Company also uses an interest rate cap as an economic hedge of the interest rate risk related to fixed rate debt. In a rising interest rate environment, the cap will limit the net interest expense on the hedged fixed rate debt.

\$ 1,466 \$ 1,466 \$ 2 \$ 11

Interest rate swaps

The Company enters into interest rates swaps to terminate existing swaps in hedging relationships, and thereby offsetting the changes in value in the original swap. In addition, the Company uses interest rate swaps to manage duration risk between assets and liabilities.

1,441 1,702 7 29

Foreign currency swaps, forwards and put and call options

The Company enters into foreign currency swaps and forwards and purchases foreign put options and writes foreign call options to hedge the foreign currency exposures in certain of its foreign fixed maturity investments. Currency options were closed in January 2003 for a loss of \$3, after-tax.

The Company also enters into pay fixed U.S. dollar receive fixed yen zero coupon swaps and forwards to mitigate the foreign currency exposure associated with the yen denominated individual fixed annuity product. In addition, forward settling fixed maturity investments are traded to manage duration and foreign currency risk associated with this product.

HEDGING STRATEGY	Notional Amount		Fair Value	
	2004	2003	2004	2003
<S>	<C>	<C>	<C>	<C>

Credit default and total return swaps

The Company enters into swap agreements in which the Company assumes credit exposure from an individual entity, referenced index or asset pool. The Company assumes credit exposure to individual entities through credit default swaps. These contracts entitle the company to receive a periodic fee in exchange for an obligation to compensate the derivative counterparty should a credit event occur on the part of the referenced security issuer. Credit events typically include failure on the part of the referenced security issuer to make a fixed dollar amount of contractual interest or principal payments or bankruptcy. The maximum potential future exposure to the Company is the notional value of the swap contracts, \$193 and \$49, after-tax, as of December 31, 2004 and 2003, respectively.

The Company also assumes exposure to the change in value of indices or asset pools through total return swaps. As of December 31, 2004 and 2003, the maximum potential future exposure to the Company from such contracts is \$458 and \$130, after-tax, respectively.

The Company enters into credit default swaps agreements, in which the Company pays a derivative counterparty a periodic fee in exchange for compensation from the counterparty should a credit event occur on the part of the referenced security issuer. The Company entered into these agreements as an efficient means to reduce credit exposure to specified issuers.

\$ 1,418 \$ 275 \$ 6 \$ (18)

Options

The Company writes option contracts for a premium to monetize the option embedded in certain of its fixed maturity investments. The written option grants the holder the ability to call the bond at a predetermined strike value. The maximum potential future economic exposure is represented by the then fair value of the bond in excess of the strike value, which is expected to be entirely offset by the appreciation in the value of the embedded long option.

95 276 1 1

Product derivatives

The Company offers certain variable annuity products with a GMWB rider. The GMWB is an embedded derivative that provides the policyholder with a guaranteed remaining balance ("GRB") if the account value is reduced to zero through a combination of market declines and withdrawals. The GRB is generally equal to premiums less withdrawals. The policyholder also has the option, after a specified time period, to reset the GRB to the then-current account value, if greater. (For a further discussion, see the Derivative Instruments section of Note 2). The notional value of the embedded derivative is the GRB balance.

25,433 14,961 129 115

Reinsurance contracts

Reinsurance arrangements are used to offset the Company's exposure to the GMWB embedded derivative for the lives of the host variable annuity contracts. The notional amount of the reinsurance contracts is the GRB amount.

<u><S></u>	<u><C></u>	<u><C></u>	<u><C></u>	<u><C></u>
Statutory Reserve hedging instruments				
The Company purchased one and two year S&P 500 put option contracts to economically hedge the statutory reserve impact of equity exposure arising primarily from GMDB obligations against a decline in the equity markets.	\$ 1,921	\$ --	\$ 32	\$ --
TOTAL	\$64,734	\$36,500	\$(403)	\$ (63)

</Table>

The increase in notional amount since December 31, 2003 is primarily due to an increase in embedded derivatives associated with GMWB product sales, and, to a lesser extent, derivatives transferred to the general account as a result of the adoption of SOP 03-1 and new hedging strategies. The decrease in the net fair value of derivative instruments since December 31, 2003 was primarily due to the changes in foreign currency exchange rates, the rise in short-term interest rates during 2004 and derivatives transferred to the general account pursuant to the adoption of SOP 03-1.

Due to the adoption of SOP 03-1, derivatives previously included in separate accounts were reclassified into various other balance sheet classifications. On January 1, 2004, the notional amount and net fair value of derivative instruments reclassified totaled \$2.9 billion and \$(71), respectively.

For the year ended December 31, 2004, gross gains and losses representing the total ineffectiveness of all fair-value and net investment hedges were immaterial. For the year ended December 31, 2004, the Company's net gain and loss representing hedge ineffectiveness on cash flow hedges was \$(12), after-tax. For the years ended December 31, 2003 and 2002, the Company's gross gains and losses representing the total ineffectiveness of all cash-flow, fair-value and net investment hedges were immaterial.

The total change in value for other derivative-based strategies which do not qualify for hedge accounting treatment, including periodic net coupon settlements, are reported as net realized capital gains and losses in the consolidated statements of income. For the years ended December 31, 2004, 2003 and 2002, the Company recognized an after-tax net (loss) gain of \$(8), \$(3) and \$1 respectively, for derivative-based strategies, which do not qualify for hedge accounting treatment.

As of December 31, 2004 and 2003, the after-tax deferred net gains on derivative instruments accumulated in AOCI that are expected to be reclassified to earnings during the next twelve months are \$6. This expectation is based on the anticipated interest payments on hedged investments in fixed maturity securities that will occur over the next twelve months, at which time the Company will recognize the deferred net gains (losses) as an adjustment to interest income over the term of the investment cash flows. The Company does not hedge any exposure to the variability of future cash flows other than interest payments on variable-rate debt. For the years ended December 31, 2004, 2003 and 2002, the net reclassifications from AOCI to earnings resulting from the discontinuance of cash-flow hedges were immaterial.

Hartford Life began issuing a yen denominated individual fixed annuity product from a related party, Hartford Life Insurance KK, a wholly owned Japanese subsidiary of Hartford Life and Accident Insurance Company, in the fourth quarter of 2004. The yen denominated fixed annuity product is recorded in the consolidated balance sheets in other policyholder funds and benefits payable in U.S. dollars based upon the December 31, 2004 yen to dollar spot rate. To mitigate the yen exposure associated with the product, during the fourth quarter of 2004, the Company entered into pay fixed U.S. dollar receive fixed yen, zero coupon currency swaps (dollar to yen derivatives). As of December 31, 2004 the dollar to yen derivatives had a notional and fair value of \$408 and \$9, respectively. Changes in fair value of the dollar to yen derivatives totaled \$9 for the year ended December 31, 2004. Although economically an effective hedge, a divergence between the yen denominated fixed annuity product liability and the dollar to yen derivatives exists primarily due to the difference in the basis of accounting between the liability and the derivative instruments (i.e. historical cost versus fair value). The yen denominated fixed annuity product liabilities are recorded on a historical cost basis and are only adjusted for changes in foreign spot rates and accrued income. The dollar to yen derivatives are recorded at fair value incorporating changes in value due to changes in forward foreign exchange rates, interest rates and accrued income.

SECURITIES LENDING AND COLLATERAL ARRANGEMENTS

The Company participates in a securities lending program to generate additional income, whereby certain domestic fixed income securities are loaned for a short period of time from the Company's portfolio to qualifying third parties, via a lending agent. Borrowers of these securities provide collateral of 102% of the market value of the loaned securities. Acceptable collateral may be in the form of cash or U.S. Government securities. The market value of the loaned securities is monitored and additional collateral is obtained if the market value of the

collateral falls below 100% of the market value of the loaned securities. Under the terms of the securities lending program, the lending agent indemnifies the Company against borrower defaults. As of December 31, 2004 and

F-28

<Page>

2003, the fair value of the loaned securities was approximately \$1.0 billion and \$780, respectively, and was included in fixed maturities in the consolidated balance sheets. The Company retains a portion of the income earned from the cash collateral or receives a fee from the borrower. The Company recorded before-tax income from securities lending transactions, net of lending fees, of \$1.3 and \$0.5 for the years ended December 31, 2004 and 2003, respectively, which was included in net investment income.

The Company enters into various collateral arrangements, which require both the pledging and accepting of collateral in connection with its derivative instruments. As of December 31, 2004 and 2003, collateral pledged of \$276 and \$209, respectively, was included in fixed maturities in the consolidated balance sheets.

The classification and carrying amount of the loaned securities associated with the lending program and the collateral pledged at December 31, 2004 and 2003 were as follows:

<Table>

<Caption>

	2004	2003

Government/Government Agencies		
Foreign	16	11
United States	404	413
	-----	-----
TOTAL	\$1,283	\$989
	-----	-----

</Table>

As of December 31, 2004 and 2003, the Company had accepted collateral relating to the securities lending program and collateral arrangements consisting of cash, U.S. Government, and U.S. Government agency securities with a fair value of \$1 billion and \$996, respectively. At December 31, 2004 and 2003, cash collateral of \$1 billion and \$869, respectively, was invested and recorded in the consolidated balance sheets in fixed maturities with a corresponding amount recorded in other liabilities. The Company is only permitted by contract to sell or repledge the noncash collateral in the event of a default by the counterparty and none of the collateral has been sold or repledged at December 31, 2004 and 2003. As of December 31, 2004 and 2003, all collateral accepted was held in separate custodial accounts.

NOTE 5. FAIR VALUE OF FINANCIAL INSTRUMENTS

SFAS No. 107 "Disclosure about Fair Value of Financial Instruments", requires disclosure of fair value information of financial instruments. For certain financial instruments where quoted market prices are not available, other independent valuation techniques and assumptions are used. Because considerable judgment is used, these estimates are not necessarily indicative of amounts that could be realized in a current market exchange. SFAS No. 107 excludes certain financial instruments from disclosure, including insurance contracts other than financial guarantees and investment contracts. Hartford Life Insurance Company uses the following methods and assumptions in estimating the fair value of each class of financial instrument.

Fair value for fixed maturities and marketable equity securities approximates those quotations published by applicable stock exchanges or received from other reliable sources.

For policy loans, carrying amounts approximate fair value.

Fair value of other investments, which primarily consist of partnership investments, is based on external market valuations from partnership management. Other investments also include mortgage loans, whereby the carrying value approximates fair value.

Derivative instruments are reported at fair value based upon internally established valuations that are consistent with external valuation models, quotations furnished by dealers in such instrument or market quotations. Other policyholder funds and benefits payable fair value information is determined by estimating future cash flows, discounted at the current market rate.

The carrying amount and fair values of Hartford Life Insurance Company's

financial instruments as of December 31, 2004 and 2003 were as follows:

	2004		2003	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
<S>	<C>	<C>	<C>	<C>
ASSETS				
Fixed maturities	\$42,691	\$42,691	\$30,085	\$30,085
Equity securities	180	180	85	85
Policy loans	2,617	2,617	2,470	2,470
Other investments	1,083	1,083	639	639
LIABILITIES				
Other policyholder funds [1]	\$ 9,244	\$ 9,075	\$ 7,654	\$ 7,888

</Table>

[1] Excludes universal life type insurance contracts, including corporate owned life insurance.

F-29

<Page>

NOTE 6. REINSURANCE

Hartford Life Insurance Company cedes insurance to other insurers in order to limit its maximum losses and to diversify its exposures. Such transfers do not relieve Hartford Life Insurance Company of its primary liability and, as such, failure of reinsurers to honor their obligations could result in losses to Hartford Life Insurance Company. The Company also assumes reinsurance from other insurers and is a member of and participates in several reinsurance pools and associations. Hartford Life Insurance Company evaluates the financial condition of its reinsurers and monitors concentrations of credit risk. As of December 31, 2004, Hartford Life Insurance Company had no reinsurance recoverables and related concentrations of credit risk greater than 10% of the Company's stockholder's equity.

In accordance with normal industry practice, Hartford Life Insurance Company is involved in both the cession and assumption of insurance with other insurance and reinsurance companies. As of December 31, 2004, the largest amount of life insurance retained on any one life by any one of the life operations was approximately \$2.9. In addition, the Company reinsures the majority of the minimum death benefit guarantees as well as the guaranteed withdrawal benefits offered in connection with its variable annuity contracts. Substantially all contracts written since July 2003 with the GMWB are covered by a reinsurance arrangement with a related party.

Insurance fees, earned premiums and other were comprised of the following:

	For the years ended December 31,		
	2004	2003	2002
<S>	<C>	<C>	<C>
Gross fee income, earned premiums and other	\$3,834	\$3,780	\$3,324
Reinsurance assumed	49	43	45
Reinsurance ceded	(807)	(720)	(716)
NET FEE INCOME, EARNED PREMIUMS AND OTHER	\$3,076	\$3,103	\$2,653

</Table>

Hartford Life Insurance Company reinsures certain of its risks to other reinsurers under yearly renewable term, coinsurance, and modified coinsurance arrangements. Yearly renewable term and coinsurance arrangements result in passing a portion of the risk to the reinsurer. Generally, the reinsurer receives a proportionate amount of the premiums less an allowance for commissions and expenses and is liable for a corresponding proportionate amount of all benefit payments. Modified coinsurance is similar to coinsurance except that the cash and investments that support the liabilities for contract benefits are not transferred to the assuming company, and settlements are made on a net basis between the companies.

Hartford Life Insurance Company also purchases reinsurance covering the death benefit guarantees on a portion of its variable annuity business. On March 16, 2003, a final decision and award was issued in the previously disclosed arbitration between subsidiaries of the Company and one of their primary reinsurers relating to policies with death benefits written from 1994 to 1999.

The cost of reinsurance related to long-duration contracts is accounted for over

the life of the underlying reinsured policies using assumptions consistent with those used to account for the underlying policies. Insurance recoveries on ceded reinsurance contracts, which reduce death and other benefits were \$426, \$550, and \$670 for the years ended December 31, 2004, 2003 and 2002, respectively. Hartford Life Insurance Company also assumes reinsurance from other insurers.

Hartford Life Insurance Company records a receivable for reinsured benefits paid and the portion of insurance liabilities that are reinsured, net of a valuation allowance, if necessary. The amounts recoverable from reinsurers are estimated based on assumptions that are consistent with those used in establishing the reserves related to the underlying reinsured contracts. Management believes the recoverables are appropriately established; however, in the event that future circumstances and information require Hartford Life Insurance Company to change its estimates of needed loss reserves, the amount of reinsurance recoverables may also require adjustments.

Hartford Life Insurance Company maintains certain reinsurance agreements with HLA, whereby the Company cedes both group life and group accident and health risk. Under these treaties, the Company ceded group life premium of \$133, \$78, and \$96 in 2004, 2003 and 2002, respectively, and accident and health premium of \$230, \$305, and \$373, respectively, to HLA.

REINSURANCE RECAPTURE

On June 30, 2003, the Company recaptured a block of business previously reinsured with an unaffiliated reinsurer. Under this treaty, the Company reinsured a portion of the GMDB feature associated with certain of its annuity contracts. As consideration for recapturing the business and final settlement under the treaty, the Company has received assets valued at approximately \$32 and one million warrants exercisable for the unaffiliated company's stock. This amount represents to the Company an advance collection of its future recoveries under the reinsurance

F-30

<Page>
 agreement and will be recognized as future losses are incurred. Prospectively, as a result of the recapture, the Company will be responsible for all of the remaining and ongoing risks associated with the GMDB's related to this block of business. The recapture increased the net amount at risk retained by the Company, which is included in the net amount at risk discussed in Note 9. On January 1, 2004, upon adoption of the SOP, the \$32 was included in the Company's GMDB reserve calculation as part of the net reserve benefit ratio and as a claim recovery to date.

NOTE 7. DEFERRED POLICY ACQUISITION COSTS AND PRESENT VALUE OF FUTURE PROFITS

Changes in deferred policy acquisition costs and present value of future profits is as follows:

<Table>
 <Caption>

	2004	2003	2002
BALANCE, JANUARY 1	\$6,088	\$5,479	\$5,338
Capitalization	1,375	1,319	987
Amortization -- Deferred Policy Acquisitions costs	(774)	(620)	(491)
Amortization -- Present Value of Future Profits	(40)	(39)	(39)
Amortization -- Realized Capital Gains/(Losses)	(12)	14	8
Adjustments to unrealized gains and losses on securities available-for-sale and other	(79)	(65)	(324)
Cumulative effect of accounting changes (SOP 03-1)	(105)	--	--
BALANCE, DECEMBER 31	\$6,453	\$6,088	\$5,479

</Table>
 The following table shows the carrying amount and accumulated net amortization of the present value of future profits for the years ended December 31, 2004 and 2003.

<Table>
 <Caption>

	2004		2003	
	Carrying Amount	Accumulated Net Amortization	Carrying Amount	Accumulated Net Amortization
Present value of future profits	\$608	\$155	\$605	\$115

Net amortization expense for the years ended December 31, 2004, 2003 and 2002

was \$40, \$39 and \$39, respectively.

Estimated future net amortization expense for the succeeding five years is as follows.

<Table>

<Caption>

For the year ended December 31,

<S>	<C>
2005	\$ 39
2006	\$ 35
2007	\$ 31
2008	\$ 28
2009	\$ 26

</Table>

NOTE 8. GOODWILL AND OTHER INTANGIBLE ASSETS

Effective January 1, 2002, the Company adopted SFAS No. 142, "Goodwill and Other Intangible Assets", and accordingly ceased all amortization of goodwill. As of December 31, 2004 and December 31, 2003, the carrying amount of goodwill for the Company's Retail Products segment was \$119 and the Company's Individual Life segment was \$67.

The Company's tests of its goodwill for other-than-temporary impairment in accordance with SFAS No. 142 resulted in no write-downs for the years ended December 31, 2004 and 2003.

For a discussion of the Company's acquired intangible assets that continue to be subject to amortization and aggregate amortization expense, see Note 7. Except for goodwill, the Company has no material intangible assets with indefinite useful lives.

F-31

<Page>

NOTE 9. SEPARATE ACCOUNTS, DEATH BENEFITS AND OTHER INSURANCE BENEFIT FEATURES

The Hartford records the variable portion of individual variable annuities, 401(k), institutional, governmental, private placement life and variable life insurance products within separate account assets and liabilities, which are reported at fair value. Separate account assets are segregated from other investments. Investment income and gains and losses from those separate account assets, which accrue directly to, and whereby investment risk is borne by, the policyholder, are offset by the related liability changes within the same line item in the statement of income. The fees earned for administrative and contract holder maintenance services performed for these separate accounts are included in fee income. During 2004, there were no gains or losses on transfers of assets from the general account to the separate account. The Company had recorded certain market value adjusted ("MVA") fixed annuity products and modified guarantee life insurance (primarily the Company's Compound Rate Contract ("CRC") and associated assets) as separate account assets and liabilities through December 31, 2003. Notwithstanding the market value adjustment feature in this product, all of the investment performance of the separate account assets is not being passed to the contract holder. Therefore, it does not meet the conditions for separate account reporting under SOP 03-1. Separate account assets and liabilities related to CRC of \$11.7 billion were reclassified to, and revalued in, the general account upon adoption of SOP 03-1 on January 1, 2004.

Many of the variable annuity contracts issued by the Company offer various guaranteed minimum death, withdrawal and income benefits. Guaranteed minimum death benefits are offered in various forms as described in the footnotes to the table below. The Company currently reinsures a significant portion of the death benefit guarantees associated with its in-force block of business. Upon adoption of SOP 03-1, the Company recorded a liability for GMDB sold with variable annuity products of \$217 and a related GMDB reinsurance recoverable asset of \$108. As of December 31, 2004, the liability from GMDB sold with annuity products was \$174. The reinsurance recoverable asset, related to GMDB was \$64 as of December 31, 2004. During 2004, the Company incurred guaranteed death benefits of \$123, and paid guaranteed death benefits of \$166. Guaranteed minimum death benefits paid during 2003 were \$289. Guaranteed minimum death benefits paid during 2002 were \$264.

The net GMDB liability is established by estimating the expected value of net reinsurance costs and death benefits in excess of the projected account balance. The excess death benefits and net reinsurance costs are recognized ratably over the accumulation period based on total expected assessments. The GMDB liability is recorded in Future Policy Benefits on the Company's balance sheet. Changes in the GMDB liability are recorded in Benefits, Claims and Claims Adjustment Expenses on the Company's statement of income. The Company regularly evaluates estimates used and adjusts the additional liability balances, with a related charge or credit to benefit expense, if actual experience or other evidence suggests that earlier assumptions should be revised.

The determination of the GMDB liabilities and related GMDB reinsurance recoverable is based on models that involve a range of scenarios and assumptions, including those regarding expected market rates of return and volatility, contract surrender rates and mortality experience. The following assumptions were used to determine the GMDB liability as of December 31, 2004:

- 250 stochastically generated investment performance scenarios
- Returns, representing the Company's long-term assumptions, varied by asset class with a low of 3% for cash, a high of 11% for aggressive equities, and a weighted average of 9%
- Volatilities also varied by asset class with a low of 1% for cash, a high of 15% for aggressive equities, and a weighted average of 12%
- 80% of the 1983 GAM mortality table was used for mortality assumptions
- Lapse rates by calendar year vary from a low of 8% to a high of 14%, with an average of 12%
- Discount rate of 7.5%

F-32

<Page>

The following table provides details concerning GMDB exposure:

<Table>

<Caption>

BREAKDOWN OF VARIABLE ANNUITY ACCOUNT VALUE BY GMDB TYPE

	Account Value	Net Amount at Risk	Retained Net Amount at Risk	Weighted Average Attained Age of Annuitant
Maximum anniversary value (MAV) [1]				
<S>	<C>	<C>	<C>	<C>
MAV only	\$ 61,675	\$6,568	\$ 683	63
With 5% rollup [2]	4,204	575	104	62
With Earnings Protection Benefit Rider (EPB) [3]	4,849	228	67	59
With 5% rollup & EPB	1,499	124	21	61
Total MAV	72,227	7,495	875	63
Asset Protection Benefit (APB) [4]	17,173	5	4	61
Ratchet [5] (5 years)	40	2	--	65
Reset [6] (5-7 years)	8,262	640	640	60
Return of Premium [7]/Other	8,548	18	18	60
Total	\$106,250	\$8,160	\$1,537	63

</Table>

[1] MAV: the death benefit is the greatest of current account value, net premiums paid and the highest account value on any anniversary before age 80 (adjusted for withdrawals).

[2] Rollup: the death benefit is the greatest of the MAV, current account value, net premium paid and premiums (adjusted for withdrawals) accumulated at generally 5% simple interest up to the earlier of age 80 or 100% of adjusted premiums.

[3] EPB: The death benefit is the greatest of the MAV, current account value, or contract value plus a percentage of the contract's growth. The contract's growth is account value less premiums net of withdrawals, subject to a cap of 200% of premiums net of withdrawals.

[4] APB: the death benefit is the greater of current account value or MAV, not to exceed current account value plus 25% times the greater of net premiums and MAV (each adjusted for premiums in the past 12 months).

[5] Ratchet: the death benefit is the greatest of current account value, net premiums paid and the highest account value on any specified anniversary before age 85 (adjusted for withdrawals).

[6] Reset: the death benefit is the greatest of current account value, net premiums paid and the most recent five to seven year anniversary account value before age 80 (adjusted for withdrawals).

[7] Return of premium: the death benefit is the greater of current account value and net premiums paid.

The Company offers certain variable annuity products with a GMWB rider. The GMWB provides the policyholder with a guaranteed remaining balance ("GRB") if the account value is reduced to zero through a combination of market declines and withdrawals. The GRB is generally equal to premiums less withdrawals. However, annual withdrawals that exceed a specified percentage of the premiums paid may reduce the GRB by an amount greater than the withdrawals and may also impact the guaranteed annual withdrawal amount that subsequently applies after the excess annual withdrawals occur. In certain contracts, the policyholder also has the option, after a specified time period, to reset the GRB to the then-current

account value, if greater. The GMWB represents an embedded derivative liability in the variable annuity contract that is required to be reported separately from the host variable annuity contract. It is carried at fair value and reported in other policyholder funds. The fair value of the GMWB obligations are calculated based on actuarial assumptions related to the projected cash flows, including benefits and related contract charges, over the lives of the contracts, incorporating expectations concerning policyholder behavior. Because of the dynamic and complex nature of these cash flows, stochastic techniques under a variety of market return scenarios and other best estimate assumptions are used. Estimating cash flows involves numerous estimates and subjective judgments including those regarding expected market rates of return, market volatility, correlations of market returns and discount rates.

As of December 31, 2004 and December 31, 2003, the embedded derivative asset recorded for GMWB, before reinsurance, was \$129 and \$115, respectively. During 2004 and 2003, the change in value of the GMWB, reported in realized gains was \$33 and \$165 was incurred, respectively. There were no payments made for the GMWB during 2004, 2003 or 2002.

Account balances of contracts with guarantees were invested in variable separate accounts as follows:

<Table>
<Caption>

Asset type	As of December 31, 2004
<S>	<C>
Equity securities (including mutual funds)	\$88,782
Cash and cash equivalents	7,379

TOTAL	\$96,161

</Table>

As of December 31, 2004, approximately 16% of the equity securities above were invested in fixed income

F-33

<Page>
securities and approximately 84% were in equity securities.

The Individual Life segment sells universal life-type contracts with and without certain secondary guarantees, such as a guarantee that the policy will not lapse, even if the account value is reduced to zero, as long as the policyholder makes scheduled premium payments. The cumulative effect on net income upon recording additional liabilities for universal life-type contracts and the related secondary guarantees, in accordance with SOP 03-1, was not material. As of December 31, 2004, the liability for secondary guarantees as well as the amounts incurred and paid during the year was immaterial.

NOTE 10. SALES INDUCEMENTS

The Company currently offers enhanced crediting rates or bonus payments to contract holders on certain of its individual and group annuity products. Through December 31, 2003, the expense associated with offering certain of these bonuses was deferred and amortized over the contingent deferred sales charge period. Others were expensed as incurred. Effective January 1, 2004, upon the Company's adoption of SOP 03-1, the expense associated with offering a bonus is deferred and amortized over the life of the related contract in a pattern consistent with the amortization of deferred policy acquisition costs. Also, effective January 1, 2004, amortization expense associated with expenses previously deferred is recorded over the remaining life of the contract rather than over the contingent deferred sales charge period.

Changes in deferred sales inducement activity were as follows for the year ended December 31, 2004:

<Table>

<S>	<C>
Balance, beginning of period	\$ 198
Sales inducements deferred	141
Amortization charged to income	(30)

BALANCE AT DECEMBER 31	\$ 309

</Table>

NOTE 11. COMMITMENTS AND CONTINGENT LIABILITIES

LITIGATION

The Hartford Financial Services Group, Inc. and its consolidated subsidiaries

("The Hartford") is involved in various legal actions arising in the ordinary course of business, some of which assert claims for substantial amounts. These actions include, among others, putative state and federal class actions seeking certification of a state or national class. Such putative class actions have alleged, for example, improper sales practices in connection with the sale of life insurance and other investment products; and improper fee arrangements in connection with mutual funds. The Hartford also is involved in individual actions in which punitive damages are sought, such as claims alleging bad faith in the handling of insurance claims. Management expects that the ultimate liability, if any, with respect to such lawsuits, after consideration of provisions made for estimated losses, will not be material to the consolidated financial condition of the Company. Nonetheless, given the large or indeterminate amounts sought in certain of these actions, and the inherent unpredictability of litigation, it is possible that an adverse outcome in certain matters could, from time to time, have a material adverse effect on the Company's consolidated results of operations or cash flows in particular quarterly or annual periods.

BROKER COMPENSATION LITIGATION -- On October 14, 2004, the New York Attorney General's Office filed a civil complaint (the "NYAG Complaint") against Marsh Inc. and Marsh & McLennan Companies, Inc. (collectively, "Marsh") alleging, among other things, that certain insurance companies, including The Hartford, participated with Marsh in arrangements to submit inflated bids for business insurance and paid contingent commissions to ensure that Marsh would direct business to them. The Hartford is not joined as a defendant in the action. Since the filing of the NYAG Complaint, several private actions have been filed against The Hartford asserting claims arising from the allegations of the NYAG Complaint.

Two securities class actions have been filed in the United States District Court for the District of Connecticut alleging claims against The Hartford and five of its executive officers under Section 10(b) of the Securities Exchange Act and SEC Rule 10b-5. The complaints allege on behalf of a putative class of shareholders that The Hartford and the five named individual defendants, as control persons of The Hartford, "disseminated false and misleading financial statements" by concealing that "[The Hartford] was paying illegal and concealed "contingent commissions" pursuant to illegal 'contingent commission agreements.'" The class period alleged is November 5, 2003 through October 13, 2004, the day before the NYAG Complaint was filed. The complaints seek damages and attorneys' fees. The Hartford and the individual defendants dispute the allegations and intend to defend these actions vigorously.

In addition, three putative class actions have been filed in the same court on behalf of participants in The Hartford's 401(k) plan against The Hartford, Hartford Fire Insurance Company, The Hartford's Pension Fund Trust and Investment Committee, The Hartford's Pension Administration Committee, The Hartford's Chief Financial Officer, and John/Jane Does 1-15. The suits assert claims under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), alleging that The Hartford and the other named defendants breached their fiduciary duties to plan participants by, among other things, failing to inform them of the risk associated with investment in The Hartford's stock as a result of the activity alleged in the NYAG Complaint. The class period alleged is November 5, 2003 through the present. The complaints seek restitution of losses to the plan, declaratory and injunctive relief, and attorneys' fees. All defendants dispute the allegations and intend to defend these actions vigorously.

F-34

<Page>

Two corporate derivative actions also have been filed in the same court. The complaints, brought in each case by a shareholder on behalf of The Hartford against its directors and an executive officer, allege that the defendants knew adverse non-public information about the activities alleged in the NYAG Complaint and concealed and misappropriated that information to make profitable stock trades, thereby breaching their fiduciary duties, abusing their control, committing gross mismanagement, wasting corporate assets, and unjustly enriching themselves. The complaints seek damages, injunctive relief, disgorgement, and attorneys' fees. All defendants dispute the allegations and intend to defend these actions vigorously.

Seven putative class actions also have been filed by alleged policyholders in federal district courts, one in the Southern District of New York, two in the Eastern District of Pennsylvania, three in the Northern District of Illinois, and one in the Northern District of California, against several brokers and insurers, including The Hartford. These actions assert, on behalf of a class of persons who purchased insurance through the broker defendants, claims under the Sherman Act and state law, and in some cases the Racketeer Influenced and Corrupt Organizations Act ("RICO"), arising from the conduct alleged in the NYAG Complaint. The class period alleged is 1994 through the date of class certification, which has not yet occurred. The complaints seek treble damages, injunctive and declaratory relief, and attorneys' fees. Putative class actions also have been filed in the Circuit Court for Cook County, Illinois, Chancery Division and in the Circuit Court for Seminole County, Florida, Civil Division, on behalf of a class of all persons who purchased insurance from a class of defendant insurers. These state court actions assert unjust enrichment claims

and violations of state unfair trade practices acts arising from the conduct alleged in the NYAG Complaint and seek remedies including restitution of premiums, and, in the Cook County action, imposition of a constructive trust, and declaratory and injunctive relief. The class period alleged is 1994 through the present. The Hartford has removed the Cook County action to the United States District Court for the Northern District of Illinois. Pursuant to an order of the Judicial Panel on Multidistrict Litigation, it is likely that most or all of these actions will be transferred to the United States District Court for the District of New Jersey. The Hartford disputes the allegations in all of these actions and intends to defend the actions vigorously.

Additional complaints may be filed against The Hartford in various courts alleging claims under federal or state law arising from the conduct alleged in the NYAG Complaint. The Hartford's ultimate liability, if any, in the pending and possible future suits is highly uncertain and subject to contingencies that are not yet known, such as how many suits will be filed, in which courts they will be lodged, what claims they will assert, what the outcome of investigations by the New York Attorney General's Office and other regulatory agencies will be, the success of defenses that The Hartford may assert, and the amount of recoverable damages if liability is established. In the opinion of management, it is possible that an adverse outcome in one or more of these suits could have a material adverse effect on the Company's consolidated results of operations or cash flows in particular quarterly or annual periods.

BANCORP SERVICES, LLC -- In the third quarter of 2003, Hartford Life Insurance Company and its affiliate International Corporate Marketing Group, LLC settled their intellectual property dispute with Bancorp Services, LLC ("Bancorp"). The dispute concerned, among other things, Bancorp's claims for alleged patent infringement, breach of a confidentiality agreement, and misappropriation of trade secrets related to certain stable value corporate-owned life insurance products. The settlement provided that The Hartford would pay a minimum of \$70 and a maximum of \$80, depending on the outcome of the patent appeal, to resolve all disputes between the parties. The settlement resulted in the recording of a \$9 after-tax benefit, in the third quarter of 2003, reflecting the Company's portion of the settlement. On March 1, 2004, the Federal Circuit Court of Appeals decided the patent appeal adversely to The Hartford, and on March 22, 2004, The Hartford paid Bancorp an additional \$10 in full and final satisfaction of its obligations under the settlement. Because the charge taken in the third quarter of 2003 reflected the maximum amount payable under the settlement, the amount paid in the first quarter of 2004 had no effect on the Company's results of operations.

REINSURANCE ARBITRATION -- On March 16, 2003, a final decision and award was issued in the previously disclosed reinsurance arbitration between subsidiaries of The Hartford and one of their primary reinsurers relating to policies with guaranteed death benefits written from 1994 to 1999. The arbitration involved alleged breaches under the reinsurance treaties. Under the terms of the final decision and award, the reinsurer's reinsurance obligations to The Hartford's subsidiaries were unchanged and not limited or reduced in any manner. The award was confirmed by the Connecticut Superior Court on May 5, 2003.

REGULATORY DEVELOPMENTS

In June 2004, The Hartford received a subpoena from the New York Attorney General's Office in connection with its inquiry into compensation arrangements between brokers and carriers. In mid-September 2004 and subsequently, The Hartford has received additional subpoenas from the New York Attorney General's Office, which relate more specifically to possible anti-competitive activity among brokers and insurers. Since the beginning of October 2004, The Hartford has received subpoenas or other information requests from Attorneys General and regulatory agencies in more than a dozen jurisdictions regarding broker compensation and possible anti-competitive activity. The Hartford may receive additional subpoenas and other information requests from Attorneys General or other regulatory agencies regarding similar issues. The Hartford also has received a subpoena from the New York Attorney General's Office requesting information related to The Hartford's underwriting practices with respect to legal

F-35

<Page>

professional liability insurance. In addition, The Hartford has received a request for information from the New York Attorney General's Office concerning The Hartford's compensation arrangements in connection with the administration of workers compensation plans. The Hartford intends to continue cooperating fully with these investigations, and is conducting an internal review, with the assistance of outside counsel, regarding the issues under investigation.

On October 14, 2004, the New York Attorney General's Office filed a civil complaint against Marsh & McLennan Companies, Inc., and Marsh, Inc. (collectively, "Marsh"). The complaint alleges, among other things, that certain insurance companies, including The Hartford, participated with Marsh in arrangements to submit inflated bids for business insurance and paid contingent commissions to ensure that Marsh would direct business to them. The Hartford is not joined as a defendant in the action. Although no regulatory action has been initiated against The Hartford in connection with the allegations described in

the civil complaint, it is possible that the New York Attorney General's Office or one or more other regulatory agencies may pursue action against The Hartford or one or more of its employees in the future. The potential timing of any such action is difficult to predict. If such an action is brought, it could have a material adverse effect on the Company.

On October 29, 2004, the New York Attorney General's Office informed The Hartford that the Attorney General is conducting an investigation with respect to the timing of the previously disclosed sale by Thomas Marra, a director and executive officer of The Hartford, of 217,074 shares of The Hartford's common stock on September 21, 2004. The sale occurred shortly after the issuance of two additional subpoenas dated September 17, 2004 by the New York Attorney General's Office. The Hartford has engaged outside counsel to review the circumstances related to the transaction and is fully cooperating with the New York Attorney General's Office. On the basis of the review, The Hartford has determined that Mr. Marra complied with The Hartford's applicable internal trading procedures and has found no indication that Mr. Marra was aware of the additional subpoenas at the time of the sale.

There continues to be significant federal and state regulatory activity relating to financial services companies, particularly mutual funds companies. These regulatory inquiries have focused on a number of mutual fund issues, including market timing and late trading, revenue sharing and directed brokerage, fees, transfer agents and other fund service providers, and other mutual-fund related issues. The Hartford has received requests for information and subpoenas from the Securities and Exchange Commission ("SEC"), subpoenas from the New York Attorney General's Office, requests for information from the Connecticut Securities and Investments Division of the Department of Banking, and requests for information from the New York Department of Insurance, in each case requesting documentation and other information regarding various mutual fund regulatory issues.

The SEC's Division of Enforcement and the New York Attorney General's Office are investigating aspects of The Hartford's variable annuity and mutual fund operations related to market timing. The Hartford's mutual funds are available for purchase by the separate accounts of different variable universal life insurance policies, variable annuity products, and funding agreements, and they are offered directly to certain qualified retirement plans. Although existing products contain transfer restrictions between subaccounts, some products, particularly older variable annuity products, do not contain restrictions on the frequency of transfers. In addition, as a result of the settlement of litigation against The Hartford with respect to certain owners of older variable annuity products, The Hartford's ability to restrict transfers by these owners is limited. In February 2005, the Company agreed in principle with the Boards of Directors of the mutual funds to indemnify the mutual funds for any material harm caused to the funds from frequent trading by these owners. The specific terms of the indemnification have not been determined. The SEC's Division of Enforcement also is investigating aspects of The Hartford's variable annuity and mutual fund operations related to directed brokerage and revenue sharing. The Hartford discontinued the use of directed brokerage in recognition of mutual fund sales in late 2003. The Hartford also has received a subpoena from the New York Attorney General's Office requesting information related to The Hartford's group annuity products. The Hartford continues to cooperate fully with the SEC, the New York Attorney General's Office and other regulatory agencies.

A number of companies have announced settlements of enforcement actions with various regulatory agencies, primarily the SEC and the New York Attorney General's Office, which have included a range of monetary penalties and restitution. While no such action has been initiated against The Hartford, the SEC, and the New York Attorney General's Office are likely to take some action at the conclusion of the on-going investigations related to market timing and directed brokerage. The potential timing of any such action is difficult to predict, and The Hartford's ultimate liability, if any, from any such action is not reasonably estimable at this time. If such an action is brought, it could have a material adverse effect on the Company's consolidated results of operations or cash flows in particular quarterly or annual periods.

LEASES

The rent paid to Hartford Fire for operating leases entered into by the Company was \$36, 31, and \$31 for the years ended December 31, 2004, 2003 and 2002, respectively. Included in Hartford Fire's operating leases are the principal executive offices of Hartford Life Insurance Company, together with its parent, which are located in Simsbury, Connecticut. Rental expense is recognized on a level basis for the facility located in Simsbury, Connecticut, which expires on December 31, 2009, and amounted to approximately \$15, \$12 and \$10 for the years ended December 31, 2004, 2003 and 2002, respectively.

F-36

<Page>

Future minimum rental commitments on all operating leases are as follows:

TAX MATTERS

The Company's federal income tax returns are routinely audited by the Internal Revenue Service ("IRS"). During the third quarter of 2004, the IRS completed its examination of the 1998-2001 tax years, and the IRS and the Company agreed upon all adjustments. As a result, during the third quarter of 2004 the Company booked a \$191 tax benefit to reflect the impact of the audit settlement on tax years covered by the examination as well as other tax years prior to 2004. The benefit relates primarily to the separate account DRD and interest. During the fourth quarter of 2004, the IRS issued a Revenue Agent's Report, reflecting the adjustments computed and agreed upon in the prior quarter with respect to the Company's federal taxes for the years under examination. No additional tax adjustments were recorded, as the results reflected in the Report were included in the tax benefit recorded in the third quarter. The IRS is expected to begin its audit of the 2002-2004 tax years sometime in 2005. Management believes that adequate provision has been made in the financial statements for any potential assessments that may result from future tax examinations and other tax-related matters for all open tax years.

UNFUNDED COMMITMENTS

At December 31, 2004, Hartford Life Insurance Company has outstanding commitments totaling \$389, of which \$196 is committed to fund limited partnership investments. These capital commitments can be called by the partnership during the commitment period (on average 2 to 5 years) to fund working capital needs or purchase new investments. Once the commitment period expires, the Company is under no obligation to fund the remaining unfunded commitment but may elect to do so. The remaining \$193 of outstanding commitments are primarily related to various funding obligations associated with investments in mortgage and construction loans. These have a commitment period of one month to 3 years.

GUARANTY FUND AND OTHER INSURANCE-RELATED ASSESSMENTS

In all states, insurers licensed to transact certain classes of insurance are required to become members of a guaranty fund. In most states, in the event of the insolvency of an insurer writing any such class of insurance in the state, members of the fund are assessed to pay certain claims of the insolvent insurer. A particular state's fund assesses its members based on their respective written premiums in the state for the classes of insurance in which the insolvent insurer is engaged. Assessments are generally limited for any year to one or two percent of premiums written per year depending on the state. There were no guaranty fund assessment payments or refunds in 2004 and 2003. There were guaranty fund assessment refunds of \$2 in 2002.

NOTE 12. INCOME TAX

Hartford Life Insurance Company and The Hartford have entered into a tax sharing agreement under which each member in the consolidated U.S. Federal income tax return will make payments between them such that, with respect to any period, the amount of taxes to be paid by the Company, subject to certain tax adjustments, generally will be determined as though the Company were filing a separate Federal income tax return with current credit for net losses to the extent the losses provide a benefit in the consolidated return.

The Company is included in The Hartford's consolidated Federal income tax return. The Company's effective tax rate was 3%, 21%, and 1% in 2004, 2003 and 2002, respectively.

Income tax expense (benefit) is as follows:

<Table>

<Caption>

		For the years ended December 31,		
		2004	2003	2002
		-----	-----	-----
<S>	<C>	<C>	<C>	<C>
Current	\$ (34)	\$ 13	\$ 4	
Deferred	63	155	(2)	
		-----	-----	-----
INCOME TAX EXPENSE	\$ 29	\$ 168	\$ 2	
		-----	-----	-----

</Table>

A reconciliation of the tax provision at the U.S. Federal statutory rate to the provision (benefit) for income taxes is as follows:

<Table>

<Caption>

	For the years ended December 31,		
	2004	2003	2002
<S>	<C>	<C>	<C>
Tax provision at the U.S.federal statutory rate	\$ 354	\$ 278	\$ 150
Dividends received deduction	(132)	(87)	(63)
IRS audit settlement (See Note 11)	(191)	--	(76)
Tax adjustment	(2)	(21)	--
Foreign related investments	(2)	(4)	(6)
Other	2	2	(3)
TOTAL	\$ 29	\$ 168	\$ 2

</Table>

F-37

<Page>

Deferred tax assets (liabilities) include the following as of December 31:

<Table>

<Caption>

	2004	2003
<S>	<C>	<C>
DEFERRED TAX ASSETS		
Tax basis deferred policy acquisition costs	\$ 607	\$ 638
Employee benefits	--	5
Net operating loss carryforward	--	17
Minimum tax credits	126	80
Foreign tax credit carryovers	6	27
Other	36	--
TOTAL DEFERRED TAX ASSETS	775	767
DEFERRED TAX LIABILITIES		
Financial statement deferred policy acquisition costs and reserves	(677)	(713)
Net unrealized gains on securities	(669)	(535)
Employee benefits	(16)	--
Investment related items and other	(51)	(5)
TOTAL DEFERRED TAX LIABILITIES	(1,413)	(1,253)
TOTAL DEFERRED TAX ASSET/(LIABILITY)	\$ (638)	\$ (486)

</Table>

Hartford Life Insurance Company had a current tax receivable of \$121 and \$141 as of December 31, 2004 and 2003, respectively.

In management's judgment, the gross deferred tax asset will more likely than not be realized through reductions of future taxes. Accordingly, no valuation allowance has been recorded.

Prior to the Tax Reform Act of 1984, the Life Insurance Company Income Tax Act of 1959 permitted the deferral from taxation of a portion of statutory income under certain circumstances. In these situations, the deferred income was accumulated in a "Policyholders' Surplus Account" and would be taxable only under conditions which management considered to be remote; therefore, no federal income taxes have been provided on the balance sheet in this account, which for tax return purposes was \$104 as of December 31, 2004. The American Jobs Creation Act of 2004, which was enacted in October 2004, allows distributions to be made from the Policyholders' Surplus Account free of tax in 2005 and 2006. The Company anticipates that, based on currently available information, this change will permanently eliminate the potential tax of \$37 on such a distribution.

NOTE 13. STATUTORY RESULTS

<Table>

<Caption>

For the years ended
December 31,

	2004	2003	2002
<S>			
Statutory net income (loss)	\$ 536	\$ 801	\$ (305)
Statutory capital and surplus	\$3,191	\$3,115	\$2,354

</Table>

A significant percentage of the consolidated statutory surplus is permanently reinvested or is subject to various state regulatory restrictions which limit the payment of dividends without prior approval. The payment of dividends by Connecticut-domiciled insurers is limited under the insurance holding company laws of Connecticut. Under these laws, the insurance subsidiaries may only make their dividend payments out of unassigned surplus. These laws require notice to and approval by the state insurance commissioner for the declaration or payment of any dividend, which, together with other dividends or distributions made within the preceding twelve months, exceeds the greater of (i) 10% of the insurer's policyholder surplus as of December 31 of the preceding year or (ii) net income (or net gain from operations, if such company is a life insurance company) for the twelve-month period ending on the thirty-first day of December last preceding, in each case determined under statutory insurance accounting policies. In addition, if any dividend of a Connecticut-domiciled insurer exceeds the insurer's earned surplus, it requires the prior approval of the Connecticut Insurance Commissioner. The insurance holding company laws of the other jurisdictions in which The Hartford's insurance subsidiaries are incorporated (or deemed commercially domiciled) generally contain similar (although in certain instances somewhat more restrictive) limitations on the payment of dividends. As of December 31, 2004, the maximum amount of statutory dividends which may be paid by the insurance subsidiaries of the Company in 2005, without prior approval, is \$498.

The domestic insurance subsidiaries of Hartford Life Insurance Company prepare their statutory financial statements in accordance with accounting practices prescribed by the applicable insurance department. Prescribed statutory accounting practices include publications of the National Association of Insurance Commissioners ("NAIC"), as well as state laws, regulations and general administrative rules.

NOTE 14. PENSION PLANS, POSTRETIREMENT, HEALTH CARE AND LIFE INSURANCE BENEFIT AND SAVINGS PLANS

PENSION PLANS

The Company's employees are included in The Hartford's non-contributory defined benefit pension and postretirement health care and life insurance benefit plans. Defined benefit pension expense, postretirement health care and life insurance benefits expense allocated by The Hartford to Hartford Life Insurance Company, was \$20, \$19 and \$10 in 2004, 2003 and 2002, respectively.

INVESTMENT AND SAVINGS PLAN

Substantially all the Company's U.S. employees are eligible to participate in The Hartford's Investment and Savings Plan. The cost to Hartford Life Insurance Company for this plan was approximately \$8, \$6 and \$5 for the years ended December 31, 2004, 2003 and 2002, respectively.

F-38

<Page>

NOTE 15. TRANSACTIONS WITH AFFILIATES

In connection with a comprehensive evaluation of various capital maintenance and allocation strategies by The Hartford, an intercompany asset sale transaction was completed in April 2003. The transaction resulted in certain of The Hartford's Property & Casualty subsidiaries selling ownership interests in certain high quality fixed maturity securities to the Company for cash equal to the fair value of the securities as of the effective date of the sale. For the Property and Casualty subsidiaries, the transaction monetized the embedded gain in certain securities on a tax deferred basis to The Hartford because no capital gains tax will be paid until the securities are sold to unaffiliated third parties. The transfer re-deployed to the Company desirable investments without incurring substantial transaction costs that would have been payable in a comparable open market transaction. The fair value of securities transferred was \$1.7 billion.

Effective July 7, 2003, the Company and its subsidiary, Hartford Life and Annuity Insurance Company ("HLAI") entered into an indemnity reinsurance arrangement with Hartford Life and Accident Company ("HLA"). Through this arrangement, both the Company and HLAI will automatically cede 100% of the GMWB's incurred on variable annuity contracts issued between July 7, 2003 and

December 31, 2004 that were otherwise not reinsured. The Company and HLAI, in total, ceded an immaterial amount of premiums to HLA. As of December 31, 2004, HLIC and HLAI, combined, have recorded a reinsurance recoverable from HLA of \$(62).

During the third quarter of 2004, Hartford Life introduced fixed MVA annuity products to provide a diversified product portfolio to customers in Japan. The yen based MVA product is written by Hartford Life Insurance KK, a wholly owned Japanese subsidiary of HLA and subsequently reinsured to the Company. As of December 31, 2004, \$522 of the account value had been assumed by the Company.

The Company has issued a guarantee to retirees and vested terminated employees (Retirees) of The Hartford Retirement Plan for U.S. Employees (the Plan) who retired or terminated prior to January 1, 2004. The Plan is sponsored by The Hartford. The guarantee is an irrevocable commitment to pay all accrued benefits which the Retiree or the Retiree's designated beneficiary is entitled to receive under the Plan in the event the Plan assets are insufficient to fund those benefits and The Hartford is unable to provide sufficient assets to fund those benefits. The Company believes that the likelihood that payments will be required under this guarantee is remote.

NOTE 16. QUARTERLY RESULTS FOR 2004 AND 2003 (UNAUDITED)

<Table>
<Caption>

<S>	Three Months Ended							
	<C>		<C>		<C>		<C>	
	March 31,		June 30,		September 30,		December 31,	
	2004	2003	2004	2003	2004	2003	2004	2003
Revenues	\$1,394	\$1,018	\$1,340	\$1,186	\$1,453	\$1,449	\$1,488	\$1,215
Benefits, claims and expenses [1]	1,121	888	1,097	970	1,205	1,229	1,240	987
Net income [1],[2],[3]	181	100	180	189	395	167	209	170

</Table>

[1] Included in the quarter ended September 30, 2003 is an after-tax benefit of \$9 related to the Bancorp litigation dispute.

[2] Included in the quarter ended June 30, 2003 is a \$23 tax benefit primarily related to the favorable treatment of certain tax items arising during the 1996-2000 tax years.

[3] Included in the quarter ended September 30, 2004 is a \$191 tax benefit which relates to agreement with IRS on the resolution of matters pertaining to tax years prior to 2004.
