PART I – FINANCIAL INFORMATION

Item 1. Financial Statements.

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and in accordance with the instructions for Form 10-Q. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

In the opinion of management, the financial statements contain all material adjustments, consisting only of normal recurring adjustments necessary to present fairly the financial condition, results of operations, and cash flows of the Company for the interim periods presented.

The results for the period ended September 30, 2011 are not necessarily indicative of the results of operations for the full year. These financial statements and related footnotes should be read in conjunction with the financial statements and footnotes thereto included in the Company's Form 10-K filed with the Securities and Exchange Commission for the period ended December 31, 2010.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

History

AOTS 29, Inc. (the Company), a development stage company, was incorporated under the laws of the State of Delaware on December 17, 2007. The Company is in the development stage as defined in Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 915 "Development Stage Entities". The fiscal year end is December 31.

The Company filed a Form 10-SB registration statement with the Securities and Exchange Commission (SEC) pursuant to Section 12(g) of the Securities Exchange Act of 1934. The registration statement has been declared effective as of March 17, 2008.

On September 23, 2011, the Company incorporated a wholly-owned subsidiary under the name of "AOTS 29, Inc." under the laws of the State of Delaware. On September 30, 2011, the Company effectuated a merger (the "Merger") pursuant to which its wholly-owned subsidiary, AOTS 29, Inc., was merged with and into the Company, with the Company continuing as the surviving corporation. On the same day, the Company changed its name from "SRKP 29, Inc." to "AOTS 29, Inc." by filing a Certificate of Ownership and Merger with the Office of Secretary of State of Delaware.

Going Concern and Plan of Operation

The Company's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company is in the development stage and has negative working capital, negative stockholders' equity and has not earned any revenues from operations to date. These conditions raise substantial doubt about its ability to continue as a going concern.

The Company is currently devoting its efforts to locating merger candidates. The Company's ability to continue as a going concern is dependent upon its ability to develop additional sources of capital, locate and complete a merger with another company, and ultimately, achieve profitable operations. The accompanying financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Income Taxes

In accordance with ASC Topic 740, "Accounting for Income Taxes", the Company accounts for income taxes under the liability method of accounting for income taxes. Under this method, deferred income taxes are recorded to reflect the tax consequences in future years of temporary differences between the tax basis of the assets and liabilities and their financial amounts at year-end. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

For federal income tax purposes, substantially all startup and organizational expenses must be deferred until the Company commences business. The Company may elect a limited deduction of up to $10,000 in the taxable year in which the trade or business begins. The $10,000 must be reduced by the amount of startup costs in excess of $60,000. The remainder of the expenses not deductible must be amortized over a 180-month period beginning with the month in which the active trade or business begins. These expenses will not be deducted for tax purposes and will represent a deferred tax asset. The Company will provide a valuation allowance in the full amount of the deferred tax asset since there is no assurance of future taxable income. Tax deductible losses can be carried forward for 20 years until utilized.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes (Continued)

The Company has adopted ASC Topic 740, "Accounting for Uncertainty in Income Taxes" - an interpretation of FASB Statement No. 109 ("FIN 48") as of December 17, 2007. ASC Topic 740 clarifies the accounting for uncertainty in income taxes recognized in companies' financial statements in accordance with ASC Topic 740, "Accounting for Income Taxes". As a result, the Company applies a more-likely-than-not recognition threshold for all tax uncertainties. ASC Topic 740 only allows the recognition of those tax benefits that have a greater than fifty percent likelihood of being sustained upon examination by the taxing authorities. As a result of implementing ASC Topic 740, the Company's management has reviewed the Company's tax positions and determined there were no outstanding, or retroactive tax positions with less than a 50% likelihood of being sustained upon examination by the taxing authorities, therefore the implementation of this standard has not had a material affect on the Company.

Based on its evaluation, the Company has concluded that there are no significant uncertain tax positions requiring recognition in its financial statements. The Company's evaluation was performed for the tax periods ended December 31, 2007 through December 31, 2010 for U.S. Federal Income Tax and for the tax periods ended December 31, 2007 through December 31, 2010 for the State of Florida Income Tax, the tax years which remain subject to examination by major tax jurisdictions as of September 30, 2011.

The Company does not have any unrecognized tax benefits as of September 30, 2011 and 2010 which if recognized would affect the Company's effective income tax rate.

The Company's policy is to recognize interest and penalties related to income tax issues as components of income tax expense. The Company did not recognize or incur any accrual for interest and penalties relating to income taxes as of September 30, 2011 and 2010.

Deferred Offering Costs
Deferred offering costs, consisting of legal, accounting and filing fees relating to an offering will be capitalized. The deferred offering costs will be offset against offering proceeds in the event the offering is successful. In the event the offering is unsuccessful or is abandoned, the deferred offering costs will be expensed.

Cash and Cash Equivalents
Cash and cash equivalents consist primarily of cash in banks and highly liquid investments with original maturities of 90 days or less.

Concentrations of Credit Risk
The Company maintains all cash in deposit accounts, which at times may exceed federally insured limits. The Company has not experienced a loss in such accounts.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Earnings per Common Share

Basic earnings per common share are computed based upon the weighted average number of common shares outstanding during the period. Diluted earnings per share consists of the weighted average number of common shares outstanding plus the dilutive effects of options and warrants calculated using the treasury stock method. In loss periods, dilutive common equivalent shares are excluded as the effect would be anti-dilutive. At September 30, 2011 and 2010, the only potential dilutive securities were 7,096,390 common stock warrants. Due to the net loss, none of the potentially dilutive securities were included in the calculation of diluted earnings per share since their effect would be anti-dilutive.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates and assumptions.

Recently Issued Accounting Pronouncements

The Company has adopted all recently issued accounting pronouncements. The adoption of the accounting pronouncements, including those not yet effective, is not anticipated to have a material effect on the financial position or results of operations of the Company.

NOTE 2 - STOCKHOLDERS' EQUITY

During December 2007, the Company sold for $5,000 cash 7,096,390 shares of its $.0001 par value common stock to various investors. In addition, the Company also sold to these investors for $2,500 cash warrants to purchase 7,096,390 shares of common stock at an exercise price of $.0001. These warrants expire at the earlier date of 10 years from date of purchase or 5 years from the date the Company consummates a merger or other business combination with an operating business or any other event to which the Company ceases to be a “shell company.”

NOTE 3 - RELATED PARTY TRANSACTIONS

The Company neither owns nor leases any real or personal property. Most office services are provided at a charge by WestPark Capital. For the three months ended September 30, 2011 and 2010, the Company incurred $3,000 and $3,000 for these services, respectively. For the nine months ended September 30, 2011 and 2010, the Company incurred costs of $9,000 and $9,000 for these services, respectively. The Company’s President is also the Chief Executive Officer of WestPark Capital. Such costs are material to the financial statements. The officers and directors of the Company are involved in other business activities and may, in the future, become involved in other business opportunities that become available. Such persons may face a conflict in selecting between the Company and their other business interests. The Company has not formulated a policy for the resolution of such conflicts.

NOTE 4 - DUE TO STOCKHOLDERS

Since inception certain stockholders have advanced the Company $147,500 to pay for operating expenses. These funds have been advanced interest free, are unsecured, and are due on demand.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Forward Looking Statement Notice

Certain statements made in this Quarterly Report on Form 10-Q are "forward-looking statements" (within the meaning of the Private Securities Litigation Reform Act of 1995) regarding the plans and objectives of management for future operations. Such statements involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements of AOTS 29, Inc. ("we", "us", "our" or the "Company") to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. The forward-looking statements included herein are based on current expectations that involve numerous risks and uncertainties. The Company's plans and objectives are based, in part, on assumptions involving the continued expansion of business. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the Company. Although the Company believes its assumptions underlying the forward-looking statements are reasonable, any of the assumptions could prove inaccurate and, therefore, there can be no assurance the forward-looking statements included in this Quarterly Report will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by the Company or any other person that the objectives and plans of the Company will be achieved.

Description of Business

The Company was incorporated in the State of Delaware on December 17, 2007 (Inception) under the name "SRKP 29, Inc." and maintains its principal executive office at 4737 North Ocean Drive, Suite 207, Lauderdale by the Sea, FL 33308. Since inception, the Company has been engaged in organizational efforts and obtaining initial financing. The Company was formed as a vehicle to pursue a business combination through the acquisition of, or merger with, an operating business. The Company filed a registration statement on Form 10-SB with the U.S. Securities and Exchange Commission (the "SEC") on January 16, 2008, and since its effectiveness, the Company has focused its efforts to identify a possible business combination.

On September 23, 2011, the Company incorporated a wholly-owned subsidiary under the name of "AOTS 29, Inc." under the laws of the State of Delaware.

On September 30, 2011, the Company effectuated a merger (the "Merger") pursuant to which its wholly-owned subsidiary, AOTS 29, Inc., was merged with and into the Company, with the Company continuing as the surviving corporation. On the same day, the Company changed its name from "SRKP 29, Inc." to "AOTS 29, Inc." by filing a Certificate of Ownership and Merger with the Office of Secretary of State of Delaware.

The Company is currently considered to be a "blank check" company. The SEC defines those companies as "any development stage company that is issuing a penny stock, within the meaning of Section 3(a)(51) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and that has no specific business plan or purpose, or has indicated that its business plan is to merge with an unidentified company or companies." Many states have enacted statutes, rules and regulations limiting the sale of securities of "blank check" companies in their respective jurisdictions. The Company is also a "shell company," defined in Rule 12b-2 under the Exchange Act as a company with no or nominal assets (other than cash) and no or nominal operations. Management does not intend to undertake any efforts to cause a market to develop in our securities, either debt or equity, until we have successfully concluded a business combination. The Company intends to comply with the periodic reporting requirements of the Exchange Act for so long as we are subject to those requirements.

The Company was organized as a vehicle to investigate and, if such investigation warrants, acquire a target company or business seeking the perceived advantages of being a publicly held corporation. The Company's principal business objective for the next 12 months will be to complete the transactions contemplated by the Share Exchange. In the event the Company does not consummate the transactions contemplated by the Share Exchange the Company's principal business objective for the next 12 months and beyond such time will be to achieve long-term growth potential through a combination with an operating business. The Company will not restrict its potential candidate target companies to any specific business, industry or geographical location and, thus, may acquire any type of business.

The Company currently does not engage in any business activities that provide cash flow. During the next twelve months we anticipate incurring costs related to:

(i) filing Exchange Act reports, and
(ii) investigating, analyzing and consummating an acquisition.

We believe we will be able to meet these costs through use of funds in our treasury, through deferral of fees by certain service providers and additional amounts, as necessary, to be loaned to or invested in us by our stockholders, management or other investors. As of the date of the period covered by this report, the Company has $7,432 of cash in its treasury. There are no assurances that the Company will be able to secure any additional funding as needed. Currently, however our ability to continue as a going concern is dependent upon our ability to generate future profitable operations and/or to obtain the necessary financing to meet our obligations and repay our liabilities arising from normal business operations when they come due. Our ability to continue as a going concern is also dependant on our ability to find a suitable target company and enter into a possible reverse merger with such company. Management's plan includes obtaining additional funds by equity financing through a reverse merger transaction and/or related party advances, however there is no assurance of additional funding being available.

The Company may consider acquiring a business which has recently commenced operations, is a developing company in need of additional funds for expansion into new products or markets, is seeking to develop a new product or service, or is an established business which may be experiencing financial or operating difficulties and is in need of additional capital. In the alternative, a business combination may involve the acquisition of, or merger with, a company which does not need substantial additional capital but which desires to establish a public trading market for its shares while avoiding, among other things, the time delays, significant expense, and loss of voting control which may occur in a public offering.

Since our Registration Statement on Form 10-SB went effective, our management has had contact and discussions with representatives of other entities regarding a business combination with us. Any target business that is selected may be a financially unstable company or an entity in its early stages of development or growth, including entities without established records of sales or earnings. In that event, we will be subject to numerous risks inherent in the business and operations of financially unstable and early stage or potential emerging growth companies. In addition, we may effect a business combination with an entity in an industry characterized by a high level of risk, and, although our management will endeavor to evaluate the risks inherent in a particular target business, there can be no assurance that we will properly ascertain or assess all significant risks. Our management anticipates that it will likely be able to effect only one business combination, due primarily to our limited financing and the dilution of interest for present and prospective stockholders, which is likely to occur as a result of our management's plan to offer a controlling interest to a target business in order to achieve a tax-free reorganization. This lack of diversification should be considered a substantial risk in investing in us, because it will not permit us to offset potential losses from one venture against gains from another.

The Company anticipates that the selection of a business combination will be complex and extremely risky. Our management believes that there are numerous firms seeking the perceived benefits of becoming a publicly traded corporation. Such perceived benefits of becoming a publicly traded corporation include, among other things, facilitating or improving the terms on which additional equity financing may be obtained, providing liquidity for the principals of and investors in a business, creating a means for providing incentive stock options or similar benefits to key employees, and offering greater flexibility in structuring acquisitions, joint ventures and the like through the issuance of stock. Potentially available business combinations may occur in many different industries and at various stages of development, all of which will make the task of comparative investigation and analysis of such business opportunities extremely difficult and complex.

Liquidity and Capital Resources

As of September 30, 2011, the Company had assets equal to $5,514 comprised exclusively of cash. This compares with assets of $9,834, comprised exclusively of cash, as of December 31, 2010. The Company's current liabilities as of September 30, 2011 totaled $147,500, comprised exclusively of monies due to stockholders. This compares to the Company's current liabilities as of December 31, 2010 of $122,500, comprised exclusively of monies due to stockholders. The Company can provide no assurance that it can continue to satisfy its cash requirements for at least the next twelve months.

The following is a summary of the Company's cash flows provided by (used in) operating, investing, and financing activities:

	Nine Months Ended September 30, 2011	Nine Months Ended September 30, 2010	For the Cumulative Period from December 17, 2007 (Inception) to September 30, 2011
Net Cash (Used in) Operating Activities	$ (29,320)	$ (26,408)	$ (149,486)
Net Cash (Used in) Investing Activities	$ -	$ -	$ -
Net Cash Provided by Financing Activities	$ 25,000	$ 25,000	$ 155,000
Net Increase (Decrease) in Cash and Cash Equivalents	$ (4,320)	$ (1,408)	$ 5,514

The Company has only cash assets and has generated no revenues since inception. The Company is also dependent upon the receipt of capital investment or other financing to fund its ongoing operations and to execute its business plan of seeking a combination with a private operating company. In addition, the Company is dependent upon certain related parties to provide continued funding and capital resources. If continued funding and capital resources are unavailable at reasonable terms, the Company may not be able to implement its plan of operations.

Results of Operations

The Company has not conducted any active operations since inception, except for its efforts to locate suitable acquisition candidates. No revenue has been generated by the Company from December 17, 2007 (Inception), through September 30, 2011. It is unlikely the Company will have any revenues unless it is able to effect an acquisition or merger with an operating company, of which there can be no assurance. It is management's assertion that these circumstances may hinder the Company's ability to continue as a going concern. The Company's plan of operation for the next twelve months shall be to continue its efforts to locate suitable acquisition candidates.

For the three and nine months ended September 30, 2011, the Company had a net loss of $5,757 and $29,320, respectively, comprised of legal, accounting, audit and other professional service fees incurred in relation to the filing of the Company's Quarterly and Annual Reports on Form 10-Q and Form 10-K. This compares with a net loss of $5,120 and $26,408 for the three and nine months ended September 30, 2010, comprised of legal, accounting, audit and other professional service fees incurred in relation to the filing of the Company's Quarterly and Annual Reports on Form 10-Q and Form 10-K.

For the cumulative period from December 17, 2007 (Inception) to September 30, 2011, the Company had a net loss of $149,486, comprised exclusively of legal, accounting, audit and other professional service fees incurred in relation to the formation of the Company, the filing of the Company's Registration Statement on Form 10-SB in January of 2008, and the filing of the Company's Quarterly Reports on Form 10-Q and Annual Reports on Form 10-K.

Off-Balance Sheet Arrangements

The Company does not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the Company's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

Contractual Obligations

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, the Company is not required to provide this information.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, the Company is not required to provide the information required by this Item.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed pursuant to the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules, regulations and related forms, and that such information is accumulated and communicated to our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

As of September 30, 2011, we carried out an evaluation, under the supervision and with the participation of our principal executive officer and our principal financial officer of the effectiveness of the design and operation of our disclosure controls and procedures. Based on this evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

Changes in Internal Controls

There have been no changes in our internal controls over financial reporting during the quarter ended September 30, 2011 that have materially affected or are reasonably likely to materially affect our internal controls.

PART II — OTHER INFORMATION

Item 1. Legal Proceedings.

There are presently no material pending legal proceedings to which the Company, any of its subsidiaries, any executive officer, any owner of record or beneficially of more than five percent of any class of voting securities is a party or as to which any of its property is subject, and no such proceedings are known to the Company to be threatened or contemplated against it.

Item 1A. Risk Factors.

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, the Company is not required to provide the information required by this Item.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

None.

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Removed and Reserved.

Item 5. Other Information.

None.

Item 6. Exhibits.

(a) Exhibits required by Item 601 of Regulation S-K.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

	AOTS 29, INC.
Dated: November 2, 2011	By: /s/ Richard A. Rappaport Richard A. Rappaport President and Director Principal Executive Officer
Dated: November 2, 2011	By: /s/ Anthony C. Pintsopoulos Anthony C. Pintsopoulos Secretary, Chief Financial Officer and Director Principal Accounting Officer Principal Financial Officer

Exhibit 31.1

Certification of Principal Executive Officer
Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
and Securities and Exchange Commission Release 34-46427

I, Richard A. Rappaport, certify that:

1. I have reviewed this report on Form 10-Q of AOTS 29, Inc.;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and I have:

a) designed such disclosure controls and procedures or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation;

d) disclosed in this report any change in the registrant’s internal control over financial reporting that occurred during the registrant’s most recent fiscal quarter (the registrant’s fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant’s internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Related Party Transactions [Abstract]	
Related Party Transactions Excluding Due To Stockholders Disclosure [Text Block]	**NOTE 3 - RELATED PARTY TRANSACTIONS** The Company neither owns nor leases any real or personal property. Most office services are provided at a charge by WestPark Capital. For the three months ended September 30, 2011 and 2010, the Company incurred $3,000 and $3,000 for these services, respectively. For the nine months ended September 30, 2011 and 2010, the Company incurred costs of $9,000 and $9,000 for these services, respectively. The Company's President is also the Chief Executive Officer of WestPark Capital. Such costs are material to the financial statements. The officers and directors of the Company are involved in other business activities and may, in the future, become involved in other business opportunities that become available. Such persons may face a conflict in selecting between the Company and their other business interests. The Company has not formulated a policy for the resolution of such conflicts.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Unaudited)	9 Months Ended
	Sep. 30, 2011
Accounting Policies [Abstract]	
Business Description and Accounting Policies [Text Block]	**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

History

AOTS 29, Inc. (the Company), a development stage company, was incorporated under the laws of the State of Delaware on December 17, 2007. The Company is in the development stage as defined in Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 915 "Development Stage Entities". The fiscal year end is December 31.

The Company filed a Form 10-SB registration statement with the Securities and Exchange Commission (SEC) pursuant to Section 12(g) of the Securities Exchange Act of 1934. The registration statement has been declared effective as of March 17, 2008.

On September 23, 2011, the Company incorporated a wholly-owned subsidiary under the name of "AOTS 29, Inc." under the laws of the State of Delaware. On September 30, 2011, the Company effectuated a merger (the "Merger") pursuant to which its wholly-owned subsidiary, AOTS 29, Inc., was merged with and into the Company, with the Company continuing as the surviving corporation. On the same day, the Company changed its name from "SRKP 29, Inc." to "AOTS 29, Inc." by filing a Certificate of Ownership and Merger with the Office of Secretary of State of Delaware.

Going Concern and Plan of Operation

The Company's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company is in the development stage and has negative working capital, negative stockholders' equity and has not earned any revenues from operations to date. These conditions raise substantial doubt about its ability to continue as a going concern.

The Company is currently devoting its efforts to locating merger candidates. The Company's ability to continue as a going concern is dependent upon its ability to develop additional sources of capital, locate and complete a merger with another company, and ultimately, achieve profitable operations. The accompanying financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Income Taxes

In accordance with ASC Topic 740, "Accounting for Income Taxes", the Company accounts for income taxes under the liability method of accounting for income taxes. Under this method, deferred income taxes are recorded to reflect the tax consequences in future years of temporary differences between the tax basis of the assets and liabilities and their financial amounts at year-end. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

For federal income tax purposes, substantially all startup and organizational expenses must be deferred until the Company commences business. The Company may elect a limited deduction of up to $10,000 in the taxable year in which the trade or business begins. The $10,000 must be reduced by the amount of startup costs in excess of $60,000. The remainder of the expenses not deductible must be amortized over a 180-month period beginning with the month in which the active trade or business begins. These expenses will not be deducted for tax purposes and will represent a deferred tax asset. The Company will provide a valuation allowance in the full amount of the deferred tax asset since there is no assurance of future taxable income. Tax deductible losses can be carried forward for 20 years until utilized .

The Company has adopted ASC Topic 740, "Accounting for Uncertainty in Income Taxes" - an interpretation of FASB Statement No. 109 ("FIN 48") as of December 17, 2007. ASC Topic 740 clarifies the accounting for uncertainty in income taxes recognized in companies' financial statements in accordance with ASC Topic 740, "Accounting for Income Taxes". As a result, the Company applies a more-likely-than-not recognition threshold for all tax uncertainties. ASC Topic 740 only allows the recognition of those tax benefits that have a greater than fifty percent likelihood of being sustained upon examination by the taxing authorities. As a result of implementing ASC Topic 740, the Company's management has reviewed the Company's tax positions and determined there were no outstanding, or retroactive tax positions with less than a 50% likelihood of being sustained upon examination by the taxing authorities, therefore the implementation of this standard has not had a material affect on the Company.

Based on its evaluation, the Company has concluded that there are no significant uncertain tax positions requiring recognition in its financial statements. The Company's evaluation was performed for the tax periods ended December 31, 2007 through December 31, 2010 for U.S. Federal Income Tax and for the tax periods ended December 31, 2007 through December 31, 2010 for the State of Florida Income Tax, the tax years which remain subject to examination by major tax jurisdictions as of September 30, 2011.

The Company does not have any unrecognized tax benefits as of September 30, 2011 and 2010 which if recognized would affect the Company's effective income tax rate.

The Company's policy is to recognize interest and penalties related to income tax issues as components of income tax expense. The Company did not recognize or incur any accrual for interest and penalties relating to income taxes as of September 30, 2011 and 2010.

Deferred Offering Costs

Deferred offering costs, consisting of legal, accounting and filing fees relating to an offering will be capitalized. The deferred offering costs will be offset against offering proceeds in the event the offering is successful. In the event the offering is unsuccessful or is abandoned, the deferred offering costs will be expensed.

Cash and Cash Equivalents

Cash and cash equivalents consist primarily of cash in banks and highly liquid investments with original maturities of 90 days or less.

Concentrations of Credit Risk

The Company maintains all cash in deposit accounts, which at times may exceed federally insured limits. The Company has not experienced a loss in such accounts.

Earnings per Common Share

Basic earnings per common share are computed based upon the weighted average number of common shares outstanding during the period. Diluted earnings per share consists of the weighted average number of common shares outstanding plus the dilutive effects of options and warrants calculated using the treasury stock method. In loss periods, dilutive common equivalent shares are excluded as the effect would be anti-dilutive. At September 30, 2011 and 2010, the only potential dilutive securities were 7,096,390 common stock warrants. Due to the net loss, none of the potentially dilutive securities were included in the calculation of diluted earnings per share since their effect would be anti-dilutive.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates and assumptions.

Recently Issued Accounting Pronouncements

The Company has adopted all recently issued accounting pronouncements. The adoption of the accounting pronouncements, including those not yet effective, is not anticipated to have a material effect on the financial position or results of operations of the Company.
