## 3. POLICY LIMITATIONS

The following applies to the "Policy Limitations" under the YOUR POLICY section of the prospectus:

There are some restrictions on your ability to make sub-account transfers. These include: a) one sub-account transfer request each day; b) a total of 20 sub-account transfers each Calendar Year (the "Transfer Rule") by U.S. Mail, Voice Response Unit, Internet,

telephone, same day mail or courier service; and c) policies designed by the Underlying Funds to restrict excessive sub-account transfers. Please refer to the May 1, 2007 version of the prospectus for more information or contact Us.

## 4. ADDITIONAL PAYMENTS

The following updates the "Additional Payment" section under HOW POLICIES ARE SOLD in the prospectus:

Subject to FINRA and Financial Intermediary rules, we (or our affiliates) also pay the following types of additional payments to, among other things encourage the sale of this Policy. These additional payments could create an incentive for your Registered Representative, and the Financial Intermediary with which they are associated, to recommend products that pay them more than others.

For the year ended December 31, 2011, Hartford and its affiliates paid approximately \$3,400,000 in Additional Payments to Financial Intermediaries in conjunction with the promotion and support of individual life policies.

In addition, for the year ended December 31, 2011, Hartford, HESCO and their affiliates, Hartford Life and Annuity Insurance Company, paid \$4,600,000 in Additional Payments to an affiliated Financial Intermediary, Woodbury Financial Services, Inc. (an indirect wholly owned subsidiary of Hartford).

## 5. LEGAL PROCEEDINGS

The following updates the "Legal Proceedings" section of the prospectus:

There continues to be significant federal and state regulatory activity relating to financial services companies. Like other insurance companies, we are involved in lawsuits, arbitrations, and regulatory/legal proceedings. Certain of the lawsuits and legal actions the Company is involved in assert claims for substantial amounts. While it is not possible to predict with certainty the ultimate outcome of any pending or future case, legal proceeding or regulatory action, we do not expect the ultimate result of any of these actions to result in a material adverse effect on the Company or its Separate Accounts. Nonetheless, given the large or indeterminate amounts sought in certain of these actions, and the inherent unpredictability of litigation, an adverse outcome in certain matters could, from time to time, have a material adverse effect on the Company's results of operations or cash flows in particular quarterly or annual periods.
