The agreement provides that the Board of Directors of the registrant will include Mr. Press in the slate of directors for election at the annual meeting of the stockholders to be held in 2009 and that the signatories to the agreement will not seek to call a special meeting or other actions relating to the election of directors for one year. In addition, Mr. Press agreed to submit his resignation as a director if OPP ceases to hold at least 50% of the common stock of the Company that OPP and its affiliates currently hold as a group. The settlement agreement includes certain standstill restrictions that commenced upon the execution of the settlement agreement and will expire on the first anniversary of our 2009 annual meeting if Mr. Press is elected to our board of directors at the 2009 annual meeting, or at the final adjournment of the 2009 annual meeting of stockholders if Mr. Press is not elected at our 2009 annual meeting. Under the terms of the standstill restrictions, neither OPP nor any of its affiliates may, among other things, (i) submit or encourage any other person or group to nominate directors for election to the registrant's board of directors, (ii) submit any stockholder proposals, (iii) call an annual or special meeting of stockholders, (iv) solicit proxies from stockholders of the registrant, (v) change the composition of the board of directors. The standstill restrictions contain certain exceptions that, among other things, permit OPP to seek to change the composition of our Board of Directors at the 2010 annual meeting by submitting nominees for election and to solicit proxies in favor of such nominees for the 2010 annual meeting. In addition, during the effective period of the standstill restrictions described above, OPP has agreed that it will cause any shares of our common stock that it owns to be voted in accordance with the recommendation of our Board of Directors if Mr. Press has approved and joined in any such recommendation.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") requires our officers and directors, and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Such officers, directors and ten-percent stockholders are also required by SEC rules to furnish us with copies of all forms that they file pursuant to Section 16(a). Based solely on our review of the copies of such forms received by us, and on written representations from certain reporting persons that no other reports were required for such persons, we believe that, during fiscal 2008, our officers, directors and greater than ten percent stockholders complied with all applicable Section 16(a) filing requirements, except that Oliver Press Partners LLC filed its Form 3 in August 2008 and it was originally due in March 2008.

ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our Executive Compensation Philosophy

Our executive compensation programs are designed to provide strong alignment between executive pay and performance and to focus executives on making policies and decisions that enhance Coherent's stockholder value over time. As we explain further below, the Compensation and H.R. Committee is highly focused on having a significant portion of our executive officers' compensation tied to achieving certain performance goals. Accordingly, our objectives are to:

Ensure that the executive team has clear goals and accountability with respect to our financial performance;

Attract, motivate and retain talented executives who are responsible for the success of our company by maintaining a total compensation program that is competitive with the prevailing practices in our industry;

Provide market levels of pay for meeting target performance expectations, with above market pay for performance above target and below market pay for performance below target;

Be mindful in our design of an executive compensation structure of both our historical practices, as well as the evolving practices in our industry as well as the broader high technology industry;

Promote our culture of integrity by properly rewarding appropriate risk taking, while not promoting excessive risk taking;

Benchmark pay practices including and beyond the photonics industry to recognize that we face competitors ranging from smaller to larger enterprises in the broader high technology market; and

Prudently utilize discretion to make awards that differ from the defined pay structure, as warranted, to recognize exceptional circumstances and performance.

Throughout this Proxy Statement, our chief executive officer and chief financial officer during fiscal 2008, as well as the other individuals who are included in the Fiscal 2008 Summary Compensation Table, are referred to as our "Named Executive Officers."

Compensation and H.R. Committee Operations and Decision Making

The committee held ten (10) meetings in fiscal 2008. Typically, the committee has considered Named Executive Officer base salary and other compensation during March or April of each fiscal year, but beginning in fiscal 2009, will be reviewing such compensation during the first fiscal quarter.

Role and Authority of Our Compensation and H.R. Committee

During fiscal 2008, the Compensation and H.R. Committee of the Board of Directors consisted of Messrs. Hart (Chair) and Vij and Dr. Rogerson. Each of these individuals qualifies as (i) an "independent director" under the requirements of The NASDAQ Stock Market, (ii) a "non-employee director" under Rule 16b-3 of the Securities Exchange Act of 1934 (the "1934 Act"), (iii) an "outside director" under Section 162(m) of the Code and (iv) an "independent outside director" as that term is defined by RiskMetrics Group, formerly Institutional Shareholder Services.

The Compensation and H.R. Committee is responsible for ensuring that our executive compensation programs are effectively designed, implemented and administered. In particular, the committee reviews the corporate goals and objectives and approves the compensation for our Named Executive Officers. The compensation includes base salary and incentive non-equity and equity compensation as well as executive benefits and perquisites. The committee has sole authority delegated to it by the Board to make equity grants to our Named Executive Officers.

Our Compensation and H.R. Committee has adopted a charter, a copy of which may be found on our website at "www.coherent.com"- "Company"- "Corporate Governance." The committee reviews its charter annually and, where appropriate, revises it accordingly.

The committee may meet with or without management present, at its discretion. The committee regularly conducts an executive session without management present. The objective of these sessions is to enable the committee to discuss compensation issues without those who will be affected by the decisions in attendance.

Role of Executive Officers in Compensation Decisions

The Compensation and H.R. Committee regularly meets with Dr. Ambroseo, our chief executive officer, to obtain recommendations with respect to the compensation programs, practices and packages for our Named Executive Officers other than Dr. Ambroseo. Additionally, Ms. Simonet, our executive vice president and chief financial officer, and Mr. DiMarco, our executive vice president and general counsel are regularly invited to meetings of the committee or otherwise asked to assist the committee. During fiscal 2008, Mr. Victor, our former executive vice president, human resources also regularly attended the committee's meetings. The assistance of these individuals includes providing financial information and analysis for the committee and its compensation consultants, taking minutes of the meeting or providing legal advice, the development of compensation proposals for consideration, and providing insights regarding our employees (executive and otherwise) and the business context for the committee's decisions. Named Executive Officers will attend portions of committee meetings when requested, but will leave the meetings as appropriate when matters which will potentially affect them personally are discussed. From time to time, outside legal counsel attends committee meetings. The Compensation and H.R. Committee makes decisions regarding Dr. Ambroseo's compensation without him present.

In fiscal 2008, the Compensation and H.R. Committee engaged Farient Advisors ("Farient") as its compensation consultants. Farient was retained to comprehensively review and analyze our executive compensation program and to make recommendations for fiscal 2008 compensation. Farient serves at the discretion of the committee and does no other work for the Company unless it was expressly authorized by the committee. Since their retention, Farient has not done any work for the Company other than its work with the committee. The committee believes that it is critical for its compensation consultant to meet with management, especially our chief executive officer to obtain their perspectives on the context for decision-making and impact of compensation recommendations.

The Board of Directors also determined that a separate consultant was needed for Board-related compensation to avoid any perceived conflict of interest for the committee's advisor, Farient. Mr. DiMarco, our general counsel and corporate secretary, on behalf, and at the direction, of the Board, retained Compensia, Inc. ("Compensia") to provide a comprehensive review on compensation for membership on the Board and its committees. Following a recommendation from Compensia, during fiscal 2008, the Board determined the compensation to be paid for service on special committees, including the Special Committee and the Special Litigation Committee. Additionally, during fiscal 2008, Compensia provided recommendations to the Board with regards to its non-equity compensation, which was adopted by the Board in September, 2008 and effective in fiscal 2009.

The table below illustrates director compensation for fiscal 2009:

<u>Position</u>	<u>Annual Retainer(1)</u>

Additionally, Coherent participates in and maintains a subscription to the Radford Executive Compensation Survey. This survey provides benchmark data and overall practices reports to assist the Company with regards to employees generally. Such data includes executive compensation data and is presented from time to time to the committee at its request.

Pay Positioning Strategy and Benchmarking of Compensation

Coherent has striven to position the midpoint of its target compensation ranges near the 50th percentile of its peers, resulting in targeted total compensation that is competitive within our labor market for performance that meets the objectives established by the committee. An individual's actual salary, non-equity incentive compensation opportunity and equity compensation may fall below or above the target position based on the individual's experience, seniority, skills, knowledge, performance and contributions. These factors are weighed individually by the committee in its judgment, and no one factor takes precedence over others nor is any formula used in making these decisions. The chief executive officer's review of the performance of his direct reports is carefully considered by the committee in making individual pay decisions. Actual realized pay will be higher or lower than the targeted amounts for each individual based primarily on Company performance.

In analyzing our executive compensation program relative to this target market positioning, the committee reviewed information provided by its independent compensation consultant, which includes an analysis of data from peer companies' proxy filings with respect to similarly situated individuals at the peer companies and from multiple compensation survey sources, including a broad cross-section of technology companies of similar size to Coherent from the Radford Executive Compensation Survey and survey data provided by Salary.com. For pay decisions made in fiscal 2008, Fariet recommended that the committee approve modifications to the group of peer companies for conducting compensation analyses from proxies to better reflect the Company's size, strategy and business. For fiscal 2008, the peer companies were Adaptec Inc., Altera Corporation, Axcelis Technologies, Inc., Cirrus Logic, Inc., Cymer Inc., Cypress Semiconductor, Integrated Device Technology, FEI Company, JDS Uniphase, Lam Research, Linear Technology, Newport Corporation, Novellus Systems, Plantronics Inc., PMC-Sierra, Inc. and Trimble Navigation Limited.

The committee reviews and updates, if necessary, the peer group used for proxy analyses annually to ensure that the comparisons are meaningful. Several factors are considered in selecting the peer group, the most important of which are:

Industry (primarily companies in the Electronic Equipment and Semiconductor sub-industry classifications defined by the Global Industry Classification Standard (GICS) system);

Revenue level (as a proxy for complexity) (primarily companies with between \$200 million and \$2 billion in revenues); and

Geographic location (technology markets, primarily in the Bay Area).

The committee's perspective is that companies that meet these criteria are the most likely competitors for executive talent in our labor markets.

For fiscal 2009, Fariet recommended that the committee modify the group of peer companies for conducting compensation analyses based on the factors above to better reflect the Company's size, strategy and business. Following these recommendations, the committee removed Adaptec, Inc., Cirrus Logic, Inc., Cypress Semiconductor Corp., Lam Research Corp. and Novellus Systems, Inc. and added FLIR Systems, Inc. and GSI Group, Inc. to the peer group for fiscal 2009. The committee also was mindful and took into consideration the recent policy update by RiskMetrics with regards to the formulation and use of peer groups and the relative size of peers, although the peer group selected is not confined to the Global Industrial Classification System (GICS) code for Coherent.

Components of Compensation

The principal components of Coherent's executive officer compensation and employment arrangements during fiscal 2008 included:

Base salary;

Variable cash incentive payments;

Long-term equity awards through time-based stock options;

Long-term equity awards through time-based restricted stock units;

Long-term equity incentive awards through performance-based restricted stock units;

Change of control protection through participation in our Change of Control Plan;

Retirement savings matching benefits provided under a 401(k) plan and under a deferred compensation plan;

Executive perquisites; and

Benefit programs generally available to other employees.

These components were selected because the committee believes that a combination of salary, incentive pay, benefits and perquisites is necessary to help us attract and retain the executive talent on which Coherent's success depends and in recognition of some of the benefits which have historically been available to executives at the Company. The variable components are structured to allow the committee to reward performance throughout the fiscal year and to provide an incentive for executives to appropriately balance their focus on short-term and long-term strategic goals. The fixed components, including salary, benefits and perquisites, are structured to provide a minimum level of security for our executives relative to their day-to-day spending needs and long-term needs for income and are intended to be competitive with the levels of base income that each executive could receive from similar employment at other companies. The committee believes that, when taken together, these components are effective in achieving the objectives of our compensation program and philosophy and are reasonable relative to our strategy of managing total compensation near the 50th percentile of market practices.

The committee annually reviews the entire compensation program with the assistance of Farient, its independent compensation consultant. The committee reviews change in control protections every two years upon renewal of the plan. However, the Compensation and H.R. Committee may at any time review one or more components as necessary or appropriate to ensure such components remain competitive and appropriately designed to reward performance. In setting compensation levels for a particular Named Executive Officer, the committee considers both individual (as described above) and corporate factors.

As a result of the Company's historical equity grant review, the committee did not make any equity grants to the Named Executive Officers during fiscal 2007. During fiscal 2008, the committee made three types of grants to the Named Executive Officers: (a) an option grant to address missed cycle grants in fiscal 2007, (b) a grant of time-based restricted stock units and (c) as part of the committee's focus on tying a significant portion of the Named Executive Officers' compensation to performance criteria, performance-based restricted stock units which will vest (assuming achievement of the performance metrics) in November, 2010 (as discussed more fully below).

Base Salary and Variable Non-Equity Incentive Compensation

Base Salary

Coherent provides base salary to its Named Executive Officers and other employees to compensate them for services rendered on a day-to-day basis during the fiscal year. The Compensation and H.R. Committee reviewed information provided by its independent compensation consultant with respect to similarly situated individuals at the peer companies to assist it in determining base salary for each Named Executive Officer. In addition, the committee considers each individual's experience, skills, knowledge and responsibility. In reviewing each Named Executive Officer other than the chief executive officer, the committee also considers such individual's performance review provided by the chief executive officer. With respect to the chief executive officer, the committee additionally considers the performance of Coherent as a whole.

During Coherent's voluntary internal review of its historical equity grants, the Compensation and H.R. Committee determined not to consider changes to the compensation of the Named Executive Officers until that review was completed. Accordingly, in the fourth quarter of fiscal 2007, following the announcement of the completion of the Special Committee's internal review, the Compensation and H.R. Committee asked Farient to review executive officer compensation. Farient noted that Mr. DiMarco's base salary was below the 50th percentile of the peer group and recommended to the committee that it increase his annual base salary from \$250,000 to \$300,000, which put his base salary slightly below the 50th percentile, but brought his overall direct cash compensation (including incentive-

based cash compensation) to approximately the 50th percentile. The Compensation and H.R. Committee approved that recommendation and Mr. DiMarco's salary increase was effective in the first quarter of fiscal 2008.

In the third quarter of fiscal 2008, the committee again reviewed the base salaries of the Named Executive Officers. Farient provided an extensive overview and analysis of the benchmarked data and comparative results for the base salaries of our Named Executive Officers. In reviewing the base salaries of the Named Executive Officers, the Compensation and H.R. Committee determined that increases were appropriate for Dr. Ambroseo, Ms. Simonet and Mr. Spinelli. Given the adjustment made to Mr. DiMarco's salary during the fourth quarter of the prior fiscal year, the committee determined that he was compensated at the 50th percentile and, therefore, no further adjustment was needed at that time. Additionally, given that Mr. Victor had previously announced his retirement effective in January 2009, no adjustment to base salary was warranted. The following table illustrates the base salary adjustments (rounded) approved by the committee during the third fiscal quarter of 2008:

<u>Name</u>	<u>Prior Salary</u>	<u>Increase</u>	<u>New Salary</u>
John Ambroseo	\$548,000	\$ 32,000 or 6%	\$580,000
Helene Simonet	\$352,000	\$ 18,000 or 5%	\$370,000
Luis Spinelli	\$251,000	\$ 5,000 or 2%	\$256,000

During the first quarter of fiscal 2009, upon management's recommendation, the committee determined not to increase salaries for fiscal 2009. Prior to making this determination the committee discussed management's recommendation with Farient, which agreed with the recommendation.

To focus each executive officer on the importance of the performance of Coherent, a substantial portion of each individual's potential short-term compensation is in the form of variable incentive pay that is tied to achieving goals established by the Compensation and H.R. Committee. In fiscal 2008, Coherent maintained one incentive cash program under which executive officers were eligible to receive bonuses: the 2008 Variable Compensation Plan ("2008 VCP"). In the first quarter of fiscal 2008, the Compensation and H.R. Committee amended the Company's Productivity Incentive Plan ("PIP") to remove executive officers (including the Named Executive Officers) from being eligible participants for awards under PIP. Going forward, the committee felt that PIP was not a material part of compensation for the Named Executive Officers and that it would be administratively more effective to have the variable cash incentive compensation for Named Executive Officers under a single plan.

2008 VCP

The 2008 VCP was designed to promote the growth and profitability of Coherent. It provided incentive compensation opportunity in line with targeted market rates to our Named Executive Officers who are critical to the successful development and attainment of the Company's business objectives. Under the 2008 VCP, participants were eligible to receive quarterly bonuses if specific performance goals set by the committee at the beginning of the year were achieved. The Compensation and H.R. Committee established these goals when it adopted the 2008 VCP during the first quarter of fiscal 2008. In setting the performance goals, the Compensation and H.R. Committee assessed the anticipated difficulty and relevant importance to the success of Coherent of achieving the performance goals.

The actual awards (if any) payable for each quarter varied depending on the extent to which actual performance met, exceeded or fell short of the goals approved by the committee. The 2008 VCP established goals tied to achieving varying levels of quarterly revenue and pre-tax profit goals. The committee determined that the targeted goals for the 2008 VCP would be (i) at least 80% of the budgeted quarterly revenue set forth in the Company operating plan and (ii) at least 80% of the Company's budgeted profit before taxes, as adjusted for extraordinary items, such as the fiscal impact of stock option expensing under FASB 123(R), stock investigation costs and litigation related thereto, impairment or restructuring charges, and the impact of significant acquisitions (the "PBIT Target"). Therefore, to have a minimum payout under the 2008 VCP, the Company would have to meet or exceed, on a quarterly basis, 80% of (i) budgeted revenue and (ii) the PBIT Target, both as measured against the Board-approved Company operating plan. Assuming each of the thresholds were met, the amount each participant received could fluctuate between 0% (for less than 80% of the PBIT Target) and 200% (for 120% or higher achievement of the PBIT Target) of the targeted amount for each quarter as follows:

<u>PBIT Target Achievement</u>	<u>Payout Modifier</u>
Less than 80%	0%
80%	50%
85%	62.5%
90%	75%
95%	87.5%
100%	100%
105%	125%
110%	150%
115%	175%
120%	200%

If Coherent failed to meet at least 80% of the goal for each of the targets for a particular quarter, the participant would not receive any bonus for that particular quarter. As noted above, the committee set these performance goals to focus the management team on increasing the performance of the Company through meeting quarterly revenue targets and maximizing pretax profits. The committee and Farient chose to focus on revenue growth and pretax profits so that the executive management was incentivized to deliver the type of growth which benefits our stockholders, namely increasing sales and profitability. The specific goals used to determine 2008 VCP awards in each quarter included detailed information on the Company's cost structure and business plans and are therefore considered confidential business information, the disclosure of which could result in competitive harm. Based on a review of past performance goals and the goals for fiscal 2008, the committee believes that the goals were reasonably difficult to achieve, as demonstrated by the fact that the Company did not achieve all of the targets set by the committee for fiscal 2008, resulting in a payout less than the targeted amount. Additionally, in approving the 2008 Variable Compensation Plan in the first quarter of fiscal 2008, the committee, upon recommendation of Farient, determined that the amount each participant may receive can fluctuate between 0 and 200% of the targeted amount. The committee determined to, as compared to the fiscal 2007 Variable Compensation Plan, increase the cap from 150% to 200% and to decrease the achievement threshold from 90% to 80% to reflect the volatile nature of quarterly performance results in technology companies and to be consistent with peer pay practices.

The table below describes for each Named Executive Officer under the 2008 Variable Compensation Plan (i) the target percentage of base salary, (ii) the potential award range as a percentage of base salary, and (iii) the actual award earned for fiscal 2008.

<u>Named Executive Officer</u>	Target	Payout	Actual Award(1)	Actual Award
	Percentage	Percentage		Percentage of
	of Base Salary	Range of Base Salary		Base Salary(2)(3)
John Ambroseo	100%	0-200%	\$ 534,621	94.8%
Helene Simonet	70%	0-200%	\$ 239,649	66.4%
Bret DiMarco	50%	0-200%	\$ 143,275	47.8%
Luis Spinelli	50%	0-200%	\$ 120,635	47.6%
Ron Victor	50%	0-200%	\$ 114,567	47.8%

- (1) Reflects amounts earned during fiscal year 2008.
- (2) This reflects the aggregate quarterly bonuses earned by the Named Executive Officers for fiscal year 2008 under the 2008 Variable Compensation Plan.
- (3) As seen in the plan-based award table below, no payments were made for the fourth fiscal quarter under the 2008 Variable Compensation Plan as the Company did not achieve the minimum performance requirements.

Long-Term, Equity-Based Incentive Awards

Equity-based awards are made to our employees, including the Named Executive Officers, under Coherent's 2001 Stock Plan. The goal of our equity-based award program is to provide employees and executives the perspective of an owner with a stake in the success of Coherent, thus further increasing alignment with our stockholders. Coherent's long-term incentive program may include the grant of stock options, time-based restricted stock and/or incentive-based restricted stock.

When making its compensation decisions, the committee reviews the comprehensive compensation overview prepared by Farient which reflects potential realizable value under current short and long term compensation arrangements for the Named Executive Officer.

During several meetings over the first and second quarters of fiscal 2008, the committee met with Farient to discuss the design of an appropriate long-term, equity based incentive award program. The committee determined to base the program largely on restricted stock units, given the option grants made to certain employees (including certain Named Executive Officers) during the first quarter of fiscal 2008. In particular, during the second quarter of fiscal 2008, the committee determined to have a 50-50 split between time-based and performance-based restricted stock units in its grants to Named Executive Officers, with the performance-based grants having a multiplier dependent upon achieving performance goals. In reviewing and determining the performance goals to utilize in the grants, the committee focused on two elements: the publicly announced adjusted EBITDA as a percentage of sales goals and a minimum gross revenue achievement. Adjusted EBITDA is defined as earnings before interest, taxes, depreciation, amortization and certain other non-operating income and expense items and other items, such as the fiscal impact of stock option expensing under FASB 123(R), stock investigation costs and litigation related thereto, impairment or restructuring charges, and the impact of significant acquisitions.

The committee strongly believed that at least half of the long-term equity-based awards to the Named Executive Officers should be tied through cliff vesting to these announced goals, so that the individuals who can significantly impact the Company's performance are incentivized to achieve or exceed these targets. The vesting of the performance-based grants vary from 0-300% of the base-line performance grants and achievement will be measured in the first quarter of fiscal 2011—the adjusted EBITDA and the revenue threshold are both measured against the full fiscal year 2010 results. The performance targets are structured so that the grant recipients, including the Named Executive Officers, are strongly incentivized to take the necessary operational steps to drive adjusted EBITDA improvement. The measurement for the performance grants is for adjusted EBITDA for the entire fiscal year 2010, rather than the announced adjusted EBITDA goals which are measured for exiting fiscal year 2010 to measure the recipient's entire year's performance. The revenue threshold selected represents a dollar amount which would be the highest annual revenue ever achieved by the Company. Given the current economic conditions, it is unlikely the Company will be able to achieve this revenue threshold. By way of illustration, in the case that the Company met its adjusted EBITDA goals, but did not achieve the revenue threshold, none of the performance-based restricted stock units would vest. The committee continues to believe that these targets are difficult to achieve, especially given the included required minimum revenue threshold. The time-based grants vest in three equal annual installments from the date of grant. The specific goals used to determine the achievement of the performance vesting requirements include detailed information on the Company's cost structure and business plans and are therefore deemed confidential business information, the disclosure of which could result in competitive harm.

The following table reflects the grants and ranges for the Named Executive Officers for the time and performance-based restricted stock unit grants during fiscal 2008:

Restricted Stock Unit Grants to Named Executive Officer During Fiscal 2008:

<u>Named Executive Officer</u>	<u>Time-Based RSU Grants</u>	<u>Potential Range for Performance-Based RSU Grants, depending upon achieving performance metrics</u>
John Ambroseo	22,500	0-67,500
Helene Simonet	12,500	0-37,500
Bret DiMarco	10,000	0-30,000
Luis Spinelli	5,000	0-15,000

In the first quarter of fiscal 2008, upon the recommendation of Farient, the committee granted stock options to certain employees, including certain of the Named Executive Officers. These grants were made following the conclusion of the voluntary stock option review and in recognition of the fact

that no long-term incentive compensation was provided during fiscal 2007. Stock options were selected as the equity vehicle for grant since they create an incentive to enhance stockholder value, help to retain valuable talent through vesting provisions, and were available for grant during the period that the Company was not current in its reporting obligations. Grants to selected individuals, including Dr. Ambroseo, Ms. Simonet, and Mr. DiMarco included both a market-based portion tied to competitive pay practices and an above market portion provided to recognize the extraordinary contributions of these individuals during the stock option review process and to encourage their retention. These grants featured a shorter vesting period than our traditional grants (18 months rather than three years) to recognize that the grants would have been made at the beginning of the year rather than after year end absent the stock option review process.

Performance Outcomes of Prior Awards

During the third quarter of fiscal 2006, the Compensation and H.R. Committee adopted a performance-based restricted stock program for certain employees of the Company, including the Named Executive Officers. The restricted stock grants were subject to annual vesting over three years depending upon the achievement of performance measurements tied to Coherent's internal metrics for revenue growth of a range of approximately 5-12% and adjusted EBITDA of approximately 16-20% as a percentage of sales. The committee felt that a three year goal of revenue and adjusted EBITDA as a percentage of sales improvements were the correct goals for incentivizing the management team. The committee set these goals so that they were challenging to achieve. The vesting of the restricted stock was variable, so that the number of shares earned could range from 0% to 125% of the grant target for fiscal 2006 and 0% to 200% of the grant target for fiscal 2007 and fiscal 2008. In addition, the aggregate shares of restricted stock were to be awarded on a staggered basis as follows: 25% in 2006, 35% in 2007 and 40% in 2008. Given the variability, the range of the aggregate number of shares of restricted stock which could be earned by the Company's Named Executive Officers over the three year period was as follows: Dr. Ambroseo-0-52,562 shares; Ms. Simonet-0-24,468 shares; Mr. Spinelli-0-10,875 shares; Mr. Victor-0-6,706 shares and Mr. DiMarco-0-5,981 shares. Based on the revenue growth and adjusted EBITDA percentage for fiscal 2007 and 2008, no shares under the program vested in fiscal 2008 or fiscal 2009.

Remedial Actions Related to the Historical Equity Grant Investigation

During the second quarter of fiscal 2008, the committee reviewed a series of option grants which were due to expire unexercised due to the Company not being current with respect to its voluntary stock option review. Options representing an aggregate of 416,075 shares were due to expire in April 2008, of which 387,500 were held by Dr. Ambroseo, Ms. Simonet and Messrs. Spinelli and Victor. None of the foregoing grants had incorrect original grant dates. The committee determined to extend the expiration date for such grants by fifteen months, which was approximately equivalent to the period during which such option holders were prohibited from exercising their options.

During the third quarter of fiscal 2008, the committee reviewed the Internal Revenue Code Section 409A ("Section 409A") liability faced by Mr. Spinelli related to his exercise in calendar year 2006 of a misdated option grant. Mr. Spinelli is the only Named Executive Officer who had any potential Section 409A liability related to the exercise of misdated options. The committee approved the Company reimbursing Mr. Spinelli for his tax obligations (approximately \$54,000) under Section 409A as a result of his exercise. Further, in June 2008, the committee authorized the Company to amend two of Mr. Spinelli's stock options (the "Spinelli Options") to increase the exercise prices of such options: an option to purchase 5,058 shares of Coherent common stock was amended to increase the exercise price from \$19.77 to \$24.90, and an option to purchase 14,942 shares of Company common stock was amended to increase the exercise price from \$19.77 to \$24.90. Because the Spinelli Options were originally granted with a per share exercise price less than the fair market value of a share of

Company common stock on the date of grant, such options may be subject to adverse tax consequences under Section 409A of the Internal Revenue Code of 1986, as amended. The Internal Revenue Service promulgated special transition rules to protect taxpayers from the adverse tax consequences of Section 409A by permitting certain holders of discounted options to amend such option to increase the exercise price to the fair market value of the common stock on such options' original grant date, so long as such amendment occurs by December 31, 2008. Therefore, the committee authorized the amendments to the Spinelli Options described above to avoid adverse tax consequences under Section 409A to Mr. Spinelli. In addition, in order to compensate Mr. Spinelli for the loss of the built-in value associated with increasing the exercise prices of the Spinelli Options, the committee authorized a cash payment to Mr. Spinelli of \$107,730, which equals approximately 105% of the built-in loss of value of the Spinelli Options. Such payment was made on the Company's first payroll date in calendar 2009, less applicable withholdings.

The Compensation and H.R. Committee has reviewed the number of option grants which expired unexercised held by Dr. Ambroseo, Ms. Simonet and Messrs. Spinelli and Victor. At this time, the committee has not reached a conclusion as to whether or not any remedial payments or actions will be taken with regards to such grants or, to the extent remedial payments or actions are taken, how the value of such expired options should be measured.

Employee Stock Option Tender Offer

In April 2008, the Company initiated a tender offer related to certain discount options held by non-executive employees discovered during our voluntary review of our historical stock option practices. Discount options are options with an exercise price that is less than the fair market value of the shares underlying the option at the time of grant. The discounted options included in this offer were certain options which vested after December 31, 2004. During the tender offer period, non-executive employees had the ability to amend the exercise price per share for eligible options to the fair market value of the underlying option as of the measurement date of that option, and receive a cash payment for the difference between the discounted share price and the amended share price. This amendment was designed to allow holders of discount options to avoid certain adverse tax consequences associated with discount options. The offer expired on May 9, 2008.

Equity Award Practices

Our broad-based employee stock option program is designed to promote long-term retention and recognize individual performance. Participation is driven by the annual review process. Guidelines are based on competitive market practice for grants for new hires, promotions, and ongoing performance-related grants. Typically, an employee may be offered an option or restricted stock grant upon beginning employment and may be eligible for periodic grants thereafter. The size of grants (and eligibility for the same) is influenced by the prevailing guidelines and the individual's performance or particular requirements at the time of hire. Employees, including the Named Executive Officers, are also eligible to participate in our Employee Stock Purchase Plan.

Stock Grant Process

During the first quarter of fiscal 2008, following the recommendation of the Special Committee, the Board of Directors approved a number of refinements to our stock grant processes. Beginning in fiscal 2008, the committee process for granting equity awards is as follows:

The Compensation and H.R. Committee has the authority to make equity grants to both executive officers and other service providers;

The Compensation and H.R. Committee will make grants in open trading window periods with grants effective on the date of such meeting, or, if due to exigent circumstances they meet in a closed window period, the grant will be effective 45 days thereafter;

The Compensation and H.R. Committee has delegated authority to the equity grant committee, consisting of our chief executive officer and our chief financial officer, to meet on the second Friday of any particular month (only if such date is in an open trading window) to make equity grants consistent with previously approved guidelines to non-executive officer service providers; and

Neither committee may grant equity awards by written consent.

During fiscal 2008 equity grants were only made by the Compensation and H.R. Committee.

Stock Grant Policies

The Board of Directors and/or the Compensation and H.R. Committee annually considers a "burn rate" which the annual grants of equity awards under the 2001 Stock Plan will not exceed. "Burn rate" is the potential dilution of common shares outstanding if all new equity grants are vested and/or exercised, expressed as a percentage of common shares outstanding.

Due to the historical stock option investigation no burn rate target was set for fiscal 2007. Only two non-executive officers received option grants during fiscal 2007 and, therefore, the fiscal year "burn rate" was only 0.11%.

In fiscal 2008, the Compensation and H.R. Committee granted an aggregate of 1,029,650 shares subject to options, and time-based and performance-based (at 100% target) restricted stock units representing 3.26% of Coherent's outstanding common stock as of February 28, 2008 (excluding automatic grants to directors under the Director Option Plan). Given the limited grants made in fiscal 2007, the committee, upon recommendation of Fariant, believed that the increase to the annual burn rate was warranted. Since those grants, Coherent has also completed a large stock repurchase so that the outstanding shares of Coherent were reduced to 24,191,115 as of September 27, 2008. The committee has approved a burn rate of 3.3% for fiscal 2009. With the assistance of Fariant, the committee has reviewed this burn rate relative to peer practices and guidance from RiskMetrics and found that the total dilution was consistent with the median of peer practices and complied with the RiskMetrics guidelines.

In general, we issue only nonqualified stock options to employees and executives, although we have issued incentive stock options in the past. In the last few years, we have typically granted options subject to either two or three year vesting, with an equal tranche vesting on each of the applicable calendar anniversaries following the grant date. These grants typically have a life of six years. As noted above, in the grants made in the first quarter of fiscal 2008 which vest over 18 months due to the delay in granting, the committee determined that in order to have an immediate significant retention impact, the grants were made with half of the shares vesting in each of April 2008 and April 2009 subject to continued service through such dates.

Deferred Compensation

Executive officers are eligible to participate in our 401(k) Retirement Plan on the same terms as all other U.S. employees. Our 401(k) Retirement Plan is a tax-qualified plan and therefore is subject to certain Internal Revenue Code limitations on the dollar amounts of deferrals and Company contributions that can be made to plan accounts. These limitations apply to our more highly-compensated employees (including the Named Executive Officers).

Coherent maintains a Deferred Compensation Plan for executive management personnel and certain former members of the board of directors. Formerly a number of non-executive employees were eligible to participate in the plan. The purpose of the Deferred Compensation Plan is to permit eligible participants the option to defer receipt of compensation pursuant to the terms of the plan. The Deferred Compensation Plan permits participants to contribute, on a pre-tax basis, up to 75% of their base salary earnings, up to 100% of their bonus pay and commissions and up to 100% of directors' annual retainer earned in the upcoming plan year. Plan participants may invest deferrals in a variety of different deemed investment options. To preserve the tax-deferred status of deferred compensation plans, the IRS requires that the available investment alternatives be "deemed investments." Participants do not have an ownership interest in the funds they select; the funds are only used to measure the gains or losses that are attributed to the participant's deferral account over time. The participant's deferrals and earnings are reflected on Coherent's financial statements and remain, respectively, a general asset and unfunded liability of the Company. Participants have the status of unsecured creditors of Coherent with respect to the payment of plan benefits. Separate distribution elections are made by the plan participant for each plan year and include lump sum payment, annual installments and future year scheduled in-service withdrawals.

At our discretion, we may provide for contributions in excess of the Internal Revenue Code limit to qualified 401(k) plans to be made to the non-qualified deferred compensation plan. The calculation for this non-qualified plan contribution is 6% of eligible compensation (as defined by the 401(k) qualified plan) less the 401(k) qualified plan match limit. In fiscal year 2008, a contribution was made to the non-qualified deferred compensation plan for certain Named Executive Officers for plan year 2007. These amounts are reflected in both the Summary Compensation Table under "Other Compensation" and in the "Non-Qualified Deferred Compensation Table" below.

The committee considers the Deferred Compensation Plan to be a reasonable and appropriate program because it allows the Named Executive Officers and members of the Board to accumulate retirement benefits at a rate, relative to their overall income, that is comparable to the rate that other employees are able to accumulate retirement benefits, and promotes executive officer retention by offering a deferred compensation plan that is comparable to and competitive with what is offered by our peer group of companies.

Change in Control and Severance Plan

We have adopted the Change in Control and Severance Plan (the "change in control plan") which provides certain benefits in the event of a change in control of Coherent for certain employees, including each of our Named Executive Officers. Benefits are provided under this plan if there is a tender offer or merger resulting in Coherent being acquired by another company or entity and within two years thereafter the executive's employment is subsequently terminated without cause or is voluntarily terminated following a constructive termination. The committee and our Board of Directors believe that the prospect of such a change in control would likely result in our executive officers facing personal uncertainties and distractions as to how a change in control might affect them. The committee believes that including our Named Executive Officers in the plan allows them to focus solely on the best interests of our stockholders in the event of a possible, threatened or pending change in control, and encourages them to remain with Coherent despite the possibility that a change in control might

affect them adversely. This change in control plan therefore serves as an important retention tool to ensure that personal uncertainties do not dilute our executive's complete focus on promoting stockholder value. The change in control plan was amended in fiscal 2009 for Section 409A-related matters and other administrative matters. In calendar year 2009 the change in control plan will come up for review and potential renewal by the committee.

With respect to our chief executive officer, Dr. Ambroseo, the change in control plan provides that in the event that plan benefits plus any other benefits considered parachute payments under the Internal Revenue Code, equal or exceed 3.54 times his "base amount" (as determined under Internal Revenue Code Section 280G), he will receive an additional payment sufficient to fully offset the impact of any excise tax under 280G. The committee believes that the level of benefits provided under the plan is reasonable and not excessive. See "Change in Control Arrangements" for more details on this plan.

Executive perquisites and Other Personal Benefits

The committee also provides our executive officers with the following perquisites and other personal benefits: automobile benefit and capped executive medical reimbursement. The committee has determined, with advice from Fariant, that the use of a company-leased vehicle and a medical reimbursement benefit are reasonable in the context of the overall compensation levels of our Named Executive Officers, are consistent with a number of other peer companies, have been historical components of compensation for executive officers at the Company and serve as further retention tools.

The Company has historically maintained a vehicle program whereby executive officers were eligible to receive either (a) a monthly automobile allowance or (b) have the auto allowance apply as amortization against the purchase price of a vehicle purchased and owned by the Company over such period of time for the amortized value of the automobile to reach 20% of the original value of the car, not to exceed four years ("amortized method"). During the fourth quarter of fiscal 2008, the committee revised the administration of the program so that executive officers are instead eligible to receive either (a) a monthly automobile allowance or (b) a leased vehicle with up to an aggregate purchase price as follows: (i) \$95,000 for the chief executive officer and (ii) \$75,000 for other executive officers. For those individuals utilizing the automobile allowance alternative, the auto allowance amount is set annually utilizing a prescribed formula. The administration of the leased alternative under the program is through a third party financing agency and, when the leased vehicle alternative is selected, the Company pays the monthly lease for such vehicle. Executive officers are either reimbursed for or provided gas, oil, maintenance and insurance for vehicles leased under this program by the Company. Participants in the auto program incur annual imputed income on the personal use of any vehicles under the program, including fuel and miles, as determined using the Internal Revenue Service Code rules.

During fiscal 2008, prior to the change in policy highlighted in the prior paragraph, for vehicles purchased and owned by the Company, the executive officer was required to either (a) purchase such vehicle from the Company for the unamortized amount any time or (b) return the car for sale by the Company and reimburse the Company for the difference between the value of the car from such sale and the amortized balance at the time the car is returned to the Company. The executive officer also incurred imputed income on the positive difference, if any, between the amortized value of the car after four years and its fair market value (as determined by Kelly Blue Book trade in value in "good condition"). Once purchased from the Company, the vehicle was owned by the executive officer. In addition, in the event of the termination of the employment of the executive officer, the executive officer would have to purchase the vehicle at the then-current amortized value and incur the imputed income highlighted above. Executive officers were eligible to elect a new vehicle under the amortized method whenever a car was purchased from the Company. The executive officer's taxable income was affected by the value of the vehicle at initial purchase (e.g., the higher the value of the car, the higher

imputed income amount to the individual). Additionally, if the amortized value was not scheduled to reach 20% of the purchase price after four years, then the individual would have to have a set amount withheld from his or her paycheck to allow the amortization to reach 20% of the purchase price within four years, but the amortized value would be higher in the event that a new car was chosen prior to four years, with a resulting higher imputed income.

Each Named Executive Officer also receives up to \$5,000 per calendar year of reimbursement for uninsured medical expenses with the Company also paying such executive's taxes on the amount of the benefit.

Tax and Accounting Considerations

The Company's compensation programs are affected by each of the following:

Accounting for Stock-Based Compensation—The Company accounts for stock-based compensation in accordance with the requirements of FASB Statement 123(R). The Company also takes into consideration FASB Statement 123(R) and other generally accepted accounting principles in determining changes to policies and practices for its stock-based compensation programs.

Section 162(m) of the Internal Revenue Code—This section limits the deductibility of compensation for our chief executive officer and our four other most highly compensated named executive officers unless the compensation is less than \$1 million during any fiscal year or is "performance-based" under Section 162(m). Our 2001 Stock Plan is designed so that option grants thereunder are fully tax-deductible. Cash compensation and, historically, restricted stock awards are not granted under plans which have been so designed. We may from time to time pay compensation to our executive officers that may not be deductible when, for example, we believe that such compensation is appropriate and in the best interests of the stockholders after taking various factors into consideration, including business conditions and the performance of such executive officer.

Section 409A of the Internal Revenue Code—Section 409A imposes additional significant taxes in the event that an executive officer, director or service provider received "deferred compensation" that does not satisfy the requirements of Section 409A. We believe that we have designed and operated any plans to appropriately comply with Section 409A.

Compensation Committee Interlocks and Insider Participation

During fiscal 2008, the Compensation and H.R. Committee of the Board of Directors consisted of Messrs. Hart (Chair) and Vij and Dr. Rogerson. None of the members of the Compensation and H.R. Committee has been or is an officer or employee of Coherent. None of our executive officers serves on the board of directors or compensation committee of a company that has an executive officer that serves on our Board of Directors or Compensation and H.R. Committee. No member of our Board of Directors is an executive officer of a company in which one of our executive officers serves as a member of the board of directors or compensation committee of that company.

Compensation and H.R. Committee Report

The Compensation and H.R. Committee of the Board has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation and H.R. Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the proxy and to be incorporated by reference into the Company's Annual Report on Form 10-K.

Fiscal 2008 Summary Compensation Table

The table below presents information concerning the total compensation of Coherent's Named Executive Officers for the fiscal years ended September 27, 2008 and September 29, 2007.

Since no equity awards were granted to Named Executive Officers in fiscal 2007 other than the performance-based awards which vested in November 2006 as a result of fiscal 2006 performance, non-equity-based compensation accounted for all of the total compensation of the Named Executive Officers earned during fiscal 2007. The performance-based restricted stock units granted to Named Executive Officers described elsewhere are not reflected in the summary compensation table, as the single vesting date (and achievement determination) is not until fiscal 2011.

- (1) Reflects the dollar amount recognized for financial statement reporting purposes (disregarding an estimate of forfeitures related to service-based vesting conditions) for fiscal 2008 in accordance with FAS 123(R), and includes grants made in fiscal 2008 and prior. These amounts do not correspond to the actual value that will be recognized by the Named Executive Officers, for example as of January 9, 2009, none of the option awards granted in fiscal 2008 are in the money as of January 26, 2009.

These amounts do not correspond to the actual value that will be recognized by the Named Executive Officers, for example as of January 9, 2009, none of the option awards granted in fiscal year 2008 are in the money.
- (2) The performance based restricted stock grants are subject to annual vesting over three years depending upon the achievement of performance measurements tied to the Company's internal metrics for revenue growth and EBITDA percentage and is variable, so that the number of shares earned ranged from 0% to 125% of the grant target for fiscal 2006 and range from 0% to 200% of the grant target for fiscal 2007 and fiscal 2008. For fiscal 2008 and 2007, the Company determined that the metrics have not been met, and that no shares were earned.
- (3) Failure to meet a minimum level of performance will result in no vesting of the performance restricted stock units (PRSU) and no bonus paid out under the 2008 Variable Compensation Plan.

(1) The exercise prices indicated are the prices originally recorded by the Company at grant and have not been adjusted to reflect any new measurement date as a result of the Company's historical stock option review. Only the grants dated

April 25, 2002 in the table had a new measurement date determined for accounting purposes, which had a lower closing price by \$0.16. No changes to the exercise price of these April 25, 2002 grants have been made.

- (2) These shares vest on April 15, 2009.
- (3) This column does not include the third tranche of restricted stock awards which are subject to the achievement of certain performance metrics, which did not ultimately vest in November 2008. Market Value is determined by multiplying the number of shares by \$34.99, the closing price of the Company's common stock on September 26, 2008, the last trading date of the fiscal year. As noted above, the performance-based restricted stock units vest in November 2011 in an amount which is 0-300% of the targeted amount reflected in the table. Given the current economic conditions, it is unlikely that the Company will meet the threshold for achievement and the payout value is, therefore, reflected as \$0 in the table.

Fiscal 2008 Non-Qualified Deferred Compensation

The following table presents information regarding the non-qualified deferred compensation activity for each Named Executive Officer during fiscal 2008:

<u>Name</u>	Executive Contributions in Last FY (\$)(1)	Registrant Contributions in Last FY (\$)(2)	Aggregate Earnings in Last FY (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance of Last FYE (\$)(3)

- (1) Amounts in this column consist of salary and/or bonus earned during fiscal 2008, which is also reported in the Summary Compensation Table
- (2) Amounts reflect Company contribution payments in excess of the Internal Revenue Code Sections 401(a)(17) and 402(g) qualified plan limits made to the non-qualified "Deferred Compensation Plan" for plan year 2007 made in fiscal year 2008. Amounts reported in this column are also reported in the "All Other Compensation" column of the Summary Compensation Table.
- (3) The deferred compensation in a participant's account is fully vested and is credited with positive or negative investment results based on the plan investment options selected by the participant.
- (4) Amounts represent account balances and earnings from the Supplementary Retirement Plan (SRP) which was suspended.
- (5) Mr. Victor retired from the Company in January 2009.

Potential Payments upon Termination or Change of Control

The following table shows the potential payments and benefits that Coherent (or its successor) would be obligated to make or provide upon termination of employment of each our Named Executive Officers pursuant to the terms of the Change of Control Severance Plan. Other than this plan, there are no other employment agreements or other contractual obligations triggered upon a change of control. For purposes of this table, it is assumed that each Named Executive Officer's employment terminated at the close of business on September 26, 2008 (the last business day before the end of our fiscal year end on September 27, 2008). The amounts reported below do not include the nonqualified deferred compensation distributions that would be made to the Named Executive Officers following a termination of employment (for those amounts and descriptions, see the prior table). These payments are conditioned upon the execution of a form release of claims by the Named Executive Officer in favor of Coherent. There can be no assurance that a triggering event would produce the same or similar results as those estimated below if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

- (1) Equity Compensation Acceleration is the value of the in-the-money value of unvested stock options, time-based restricted stock units and performance-based restricted stock units, in each

case as of September 26, 2008 at the closing stock price on that date (\$34.99). The value of accelerated stock options are thus calculated by multiplying the number of unvested shares subject to acceleration by the difference between the exercise price and the closing stock price on September 26, 2008; the value of accelerated restricted stock is calculated by multiplying the number of unvested shares subject to acceleration by the closing stock price on September 26, 2008. This assumes immediate release and vesting of the performance-based restricted stock units at the maximum, or 300% of target, achievement. The amounts reflected for Equity Compensation Acceleration do not reflect any applicable taxes, just gross proceeds. Since the table assumes a triggering event on September 26, 2008, only those stock option and restricted stock/RSU grants prior to that date are included in the table. Additionally, the third tranche of the performance-based restricted stock granted in 2006, but which was to vest in November 2008 is not included in this table as that tranche did not vest as the performance metrics were not achieved.

- (2) Estimated reimbursement (by way of a tax "gross-up") for a 20% excise tax that would be due under Section 4999 of the Internal Revenue Code of 1986 on a portion of the amounts reported.

The change in control plan provides for the payment of specified compensation and benefits upon certain terminations of the employment of the participants following a change in control of the Company. The Board has evaluated the economic and social impact of an acquisition or other change of control on its key employees. The Board recognizes that the potential of such an acquisition or change of control can be a distraction to its key employees and can cause them to consider alternative employment opportunities. The Board has determined that it is in the best interests of Coherent and its stockholders to assure that Coherent will have the continued dedication and objectivity of its key employees. The Board believes that the change of control plan will enhance the ability of our key employees to assist the Board in objectively evaluating potential acquisitions or other changes of control.

Furthermore, the Board believes a change of control plan aids us in attracting and retaining the highly qualified, high performing individuals who are essential to its success. The plan's assurance of fair treatment will ensure that key employees will be able to maintain productivity, objectivity and focus during the period of significant uncertainty that is inherent in an acquisition or other change of control. A change in control of Coherent is defined under the change of control plan as an occurrence of a business combination, an acquisition by any person directly or indirectly of fifty percent or more of the combined voting power of Coherent's common stock or a change in the composition of the Board of Directors where less than fifty percent are incumbent directors.

The change of control plan provides that if within 24 months after a change in control the Company terminates the executive's employment other than by reason of his death, disability, retirement or for cause, or the executive officer terminates his employment for "good reason," the executive will receive a lump sum severance payment equal to 2.99 (in the case of Dr. Ambroseo) or 2.0 (in the case of Ms. Simonet and Messrs. Spinelli and DiMarco) times the executive's annual base salary and annual bonus (assuming achievement of all performance requirements thereof). "Good reason" is defined in each Agreement as any of the following that occurs after a change in control of the Company: certain reductions in compensation; certain material changes in employee benefits and perquisites; a change in the site of employment; reduction in the executive's duties and responsibilities; the Company's failure to obtain the written assumption by its successor of the obligations set forth in the Agreement; attempted termination of employment on grounds insufficient to constitute a basis of termination for cause under the terms of the change of control plan; or the Company's breach of any of the provisions of the change of control plan. Under the terms of the plan, the executives will also

have acceleration of all vesting conditions for equity grants and health care for the executive (and his or her covered family members) will be provided on the same terms for two years and, in the case of Dr. Ambroseo, three years. Further, Dr. Ambroseo will receive a gross-up for any Internal Revenue Code section 280G ("280G") excise taxes to the extent that the severance benefits are more than 20% over the limit imposed by 280G (i.e., more than 3.59x the "base amount" as defined by Section 280G). If the benefits are less than 20% over the limit, the benefits will be reduced to the extent necessary so that no 280G excise tax is triggered. To the extent 280G is triggered as a result of the severance benefits for the other executive participants, such payments will either be paid in full or reduced so that the executive receives the maximum severance benefit without triggering 280G.

Director Compensation

During fiscal 2008, we paid our non-employee directors an annual retainer (depending upon position) and per meeting fees for service on the Board of Directors. In fiscal 2008, the annual retainer amounts for non-employee directors were as follows:

Chairman of the Board: \$41,000

Lead independent director: \$33,000

Chairman of the Audit Committee: \$33,000

Member of the Board: \$25,000

Additionally, non-employee members of the Board of Directors received \$2,000 per board meeting attended, plus \$1,000 per committee meeting attended, except that the Chairman of the Audit Committee received \$3,000 per meeting of the Audit Committee attended, and the Chairmen of the Compensation and H.R. Committee and the Governance and Nominating Committee, respectively, received \$2,000 per meeting of the Compensation and H.R. Committee and the Governance and Nominating Committee attended. As discussed above, each director serving on the Special Committee and/or the Special Litigation Committee earned \$4,000 per month for service thereon. There was no additional compensation paid to directors for serving on the Ad Hoc Repurchase Committee, which was formed for the purpose of decision-making with regards to our announced stock buy-back. Additionally, since we had a Chairman of the Board who was an independent director, no member of the Board of Directors held the position of Lead independent director in fiscal 2008. For fiscal 2009, members of the Board of Directors will receive cash compensation from annual retainers, with no per meeting fees. See "Compensation Discussion and Analysis."

Our 1998 Directors' Stock Plan was adopted by the Board of Directors on November 24, 1998 and was approved by the stockholders on March 17, 1999. The 1998 Directors' Stock Plan was amended on March 23, 2003, and was further amended on March 30, 2006, when the 1998 Directors' Stock Plan was renamed the 1998 Director Stock Plan (the "1998 Director Plan"). As of September 30, 2007, 150,000 shares were reserved for issuance thereunder. Under the terms of the 1998 Director Plan, the number of shares reserved for issuance thereunder is increased each year by the number of shares necessary to restore the total number of shares reserved to 150,000 shares.

As of September 27, 2008, the 1998 Director Plan provided for the automatic and non-discretionary grant of a non-statutory stock option to purchase 24,000 shares of the Company's common stock to each non-employee director on the date on which such person becomes a director. Thereafter, each non-employee director will be automatically granted a non-statutory stock option to purchase 6,000 shares of

common stock on the date of and immediately following each Annual Meeting of Stockholders at which such non-employee director is reelected to serve on the Board of Directors, if, on such date, he or she has served on the Board of Directors for at least three months. Such plan provides that the exercise price must be equal to the fair market value of the common stock on the date of grant of the options.

Additionally, as of September 27, 2008, the 1998 Director Plan provides for the automatic and non-discretionary grant of 2,000 shares of restricted stock units ("RSUs") to each non-employee director on the date on which such person becomes a director. Thereafter, each non-employee director will be automatically granted 2,000 shares of RSUs on the date of and immediately following each Annual Meeting of Stockholders at which such non-employee director is reelected to serve on the Board of Directors, if, on such date, he or she has served on the Board of Directors for at least three months.

The 1998 Director Plan provides that with respect to any options held by a director who retires after at least eight years of service on the Board, such director will fully vest in and have the right to exercise his or her option as to both vested and unvested shares as of such date. The option will remain exercisable for the lesser of (i) two (2) years following the date of such director's retirement or (ii) the expiration of the option's original term.

As of September 27, 2008, 188,700 shares had been issued on exercise under the 1998 Director Plan. There were no options exercised by non-employee directors during fiscal 2008.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Review, Approval or Ratification of Related Person Transactions

In accordance with the charter for the Audit Committee of the Board of Directors, the members of the Audit Committee, all of whom are independent directors, review and approve in advance any proposed related person transactions. Additionally, from time to time the Board of Directors may directly consider these transactions. For purposes of these procedures, the individuals and entities that are considered "related persons" include:

Any of our directors, nominees for director and executive officers;

Any person known to be the beneficial owner of five percent or more of our common stock (a "5% Stockholder"); and

Any immediate family member, as defined in Item 404(a) of Regulation S-K, of a director, nominee for director, executive officer and 5% Stockholder. Related Person Transactions

Certain Transactions

The following table sets forth information with respect to the one executive officer of the Company who was indebted to us during Fiscal 2008.

John Ambroseo	–	8.00%	2/15/08	\$ 10,000(1)\$	0

The promissory note was full recourse. Ten percent of the original principal balance of this loan was forgiven each year during the life of the loan, as Dr. Ambroseo was employed by us during the life of the loan. This loan was related to a promotion. The interest on the loan was deducted from payments under the Company's annual Variable Compensation Plans. In the event that no payments were made under such plans for a particular period, then interest on the promissory note was forgiven for such period. Such amounts are reflected in the Summary Compensation Table under "Other Compensation." The original amount of the promissory note was \$100,000.

In April 2008 the Compensation and HR Committee approved the adoption of a Retention Agreement for Mr. Victor (the "Victor Agreement"). The Agreement provided, among other things, that Mr. Victor will provide service to the Company as our Executive Vice President, Human Resources through the period ending January 2, 2009 and that Mr. Victor will receive a single lump sum payment of \$250,000 after providing the Company with a full release. Mr. Victor provided the release and received the payment in January 2009.

See above under Item 10 for a discussion of the agreement between the Company and OPP.

LOAN AGREEMENT

THIS LOAN AGREEMENT (“**Agreement**”) is made and entered into as of March 31, 2008 by and between COHERENT, INC., a Delaware corporation (“**Borrower**”), and UNION BANK OF CALIFORNIA, N.A., a national banking association (“**Bank**”).

SECTION 1. THE CREDIT

1.1 CREDIT FACILITIES

1.1.1 The Revolving Loan. Bank will loan to Borrower an amount not to exceed Forty Million and 00/100 Dollars (\$40,000,000.00) outstanding in the aggregate at any one time (the “**Revolving Loan**”). The proceeds of the Revolving Loan shall be used for Borrower’s general working capital and corporate purposes. Borrower may borrow, repay and reborrow all or part of the Revolving Loan in amounts of not less than One Million and 00/100 Dollars (\$1,000,000.00) in accordance with the terms of the Revolving Note (defined below). All borrowings of the Revolving Loan must be made before March 31, 2010, at which time all unpaid principal and interest of the Revolving Loan shall be due and payable. The Revolving Loan shall be evidenced by Bank’s standard form of commercial promissory note (the “**Revolving Note**”). Bank shall enter each amount borrowed and repaid in Bank’s records and such entries shall be deemed correct absent manifest error. Omission of Bank to make any such entries shall not discharge Borrower of its obligation to repay in full with interest all amounts borrowed.

1.1.1 (a) The Commercial L/C Sublimit. As a sublimit under the Revolving Loan, Bank shall issue, for the account of Borrower, one or more irrevocable commercial letters of credit (individually, a “**Commercial L/C**”) with transport documents presented in a full set to Bank (and, in case of airway bills, consigned to Bank). The aggregate amount available to be drawn under all outstanding Commercial L/Cs and the aggregate amount of unpaid reimbursement obligations under drawn Commercial L/Cs (collectively, the “**Commercial L/C Exposure**”) plus the Standby L/C Exposure (as defined below) as of such time, shall not exceed Five Million and 00/100 Dollars (\$5,000,000.00) and shall reduce, dollar for dollar, the maximum amount available under the Revolving Loan. All Commercial L/Cs shall be drawn on terms and conditions acceptable to Bank and shall be governed by the terms of (and Borrower agrees to execute) Bank’s standard form of commercial letter of credit application and reimbursement agreement. No Commercial L/C shall expire more than one hundred twenty (120) days from the date of its issuance, and in no event later than March 31, 2010.

1.1.1 (b) The Standby L/C Sublimit. As a sublimit under the Revolving Loan, Bank shall issue, for the account of Borrower, one or more irrevocable standby letters of credit (individually, a “**Standby L/C**”). The aggregate amount available to be drawn under all Standby L/Cs and the aggregate amount of unpaid reimbursement obligations under drawn Standby L/Cs (collectively, the “**Standby L/C Exposure**”) plus the Commercial L/C Exposure as of such time, shall not exceed Five Million and 00/100 Dollars (\$5,000,000.00) and shall reduce, dollar for dollar, the maximum amount available under the Revolving Loan. All Standby L/Cs shall be drawn on terms and conditions acceptable to Bank and shall be governed by the terms of (and Borrower agrees to execute) Bank’s standard form of standby letter of credit application and

reimbursement agreement. No Standby L/C shall expire more than three hundred sixty-five (365) days from the date of its issuance, and in no event later than March 31, 2010.

1.2 Terminology. The following words and phrases, whether used in their singular or plural form, shall have the meanings set forth below:

“**GAAP**” means generally accepted accounting principles and practices consistently applied. Accounting terms used in this Agreement but not otherwise expressly defined have the meanings given them by GAAP.

“**L/C**” means the Commercial L/Cs or the Standby L/Cs, or both, as the context may require.

“**Lien**” means any voluntary or involuntary security interest, mortgage, pledge, encumbrance or title retention agreement covering all or any part of the property of Borrower or any Guarantor.

“**Loan Documents**” means this Agreement, the Note, and all other documents, instruments and agreements required by Bank and executed in connection with this Agreement, the Note, the Loans, the Revolving Loans and any L/Cs.

“**Note**” means the Revolving Note described above and any other promissory note(s) that may from time to time evidence the obligations of Borrower under this Agreement.

“**Permitted Liens**” means the Liens permitted pursuant to Section 5.1 below.

“**Revolving Loan**” has the meaning given to such term in Section 1.1.1 above.

1.3 Prepayment. The Revolving Loan may be prepaid in full or in part but only in accordance with the terms of the Note, and any such prepayment shall be subject to any prepayment fee provided for therein. In the event of a principal prepayment on any term indebtedness, the amount prepaid shall be applied to the scheduled principal installments due in the reverse order of their maturity on the Loan being prepaid.

1.4 Interest. The unpaid principal balance of the Revolving Loan shall bear interest at the rate or rates provided in the Note.

1.5 Commitment Fee. On the last calendar day of each calendar quarter (commencing June 30, 2008), Borrower shall pay to Bank a fee of one-quarter of one percent (0.25%) per year on the unused portion of the Revolving Loan for the calendar quarter then ended (or portion thereof during which this Agreement is in effect), computed on the basis of a 360 day year for actual days elapsed.

1.6 Disbursement. Bank shall disburse the proceeds of the Revolving Loan as provided in Bank’s standard form Authorization(s) to Disburse executed by Borrower.

SECTION 2. CONDITIONS PRECEDENT

Bank shall not be obligated to disburse all or any portion of the Revolving Loan or issue any L/Cs unless at or prior to the time of each such disbursement or issuance, the following conditions have been fulfilled to Bank’s satisfaction:

2

2.1 Compliance. Borrower shall have performed and complied with all terms and conditions required by this Agreement to be performed or complied with, and shall have executed and delivered to Bank the Note and all other Loan Documents.

2.2 Authorization to Obtain Credit. Borrower shall have provided Bank with an executed copy of Bank’s form Authorization to Obtain Credit with certified copies of resolutions duly adopted by Borrower’s board of directors and in form satisfactory to Bank, authorizing the execution, delivery and performance of this Agreement and the other Loan Documents. Such resolutions shall also designate the persons who are authorized to act on Borrower’s behalf in connection with this Agreement to do the things required of Borrower pursuant to this Agreement.

2.3 Continuing Compliance. At the time any disbursement is to be made and immediately thereafter, there shall not exist any Event of Default (as hereinafter defined) or any event, condition, or act which with notice or lapse of time, or both, would constitute an Event of Default.

SECTION 3. REPRESENTATIONS AND WARRANTIES

Borrower represents and warrants that:

3.1 Business Activity. Borrower’s principal business is the manufacture of lasers and the design and manufacture of photonic solutions for a multitude of laser-based applications.

3.2 Intentionally Omitted.

3.3 Organization and Qualification. Borrower is duly organized and existing under the laws of the state of its organization, is duly qualified and in good standing in any jurisdiction where such qualification is required except to the extent that a failure to qualify could not reasonably be expected to result in a material adverse effect upon Borrower or its financial condition, and has the power and authority to carry on the business in which it is engaged and/or proposes to engage.

3.4 Power and Authorization. Borrower has the power and authority to enter into this Agreement and to execute and deliver the Note and all other Loan Documents. This Agreement and all things required by this Agreement and the other Loan Documents have been duly authorized by all requisite action of Borrower.

3.5 Authority to Borrow. The execution, delivery and performance of this Agreement, the Note and all other Loan Documents are not in contravention of any of the terms of any material indenture, agreement or undertaking to which Borrower is a party or by which it or any of its property is bound or affected.

3.6 Compliance with Laws. Borrower is in compliance with all applicable laws, rules, ordinances or regulations which materially affect the operations or financial condition of Borrower.

3.7 Title. Except for assets which may have been disposed of in the ordinary course of business, Borrower has good and marketable title to all property reflected in its financial statements delivered to Bank and to all property acquired by Borrower since the date of said

financial statements, free and clear of all Liens, except Liens specifically referred to in said financial statements and Permitted Liens.

3.8 Financial Statements. Borrower's financial statements, including its unaudited balance sheet as at December 29, 2007, and its unaudited statement of operation, unaudited statement of stockholders equity, and unaudited statement of cash flows for its three fiscal months ended December 29, 2007, each prepared on a consolidated basis, have heretofore been furnished to Bank, and fairly present in all material respects Borrower's financial condition and results of operations for the period covered thereby. Since September 29, 2007, there has been no material adverse change in Borrower's financial condition or operations.

3.9 Litigation. Except as disclosed in the Company's public filings with the Securities and Exchange Commission, there is no litigation or proceeding pending or threatened against Borrower or any of its property which could reasonably be expected to result in a material adverse effect upon Borrower or its financial condition.

3.10 ERISA. Borrower's defined benefit pension plans (as defined in the Employee Retirement Income Security Act of 1974, as amended ("ERISA")), meet, as of the date hereof, the minimum funding standards of Section 302 of ERISA, and no Reportable Event or Prohibited Transaction as defined in ERISA has occurred with respect to any such plan, except to the extent that any such event could not reasonably be expected to result in a material adverse effect upon Borrower or its financial condition.

3.11 Regulation U. No action has been taken or is currently planned by Borrower, or any agent acting on its behalf, which would cause this Agreement or the Note to violate Regulation U or any other regulation of the Board of Governors of the Federal Reserve System, or to violate the Securities and Exchange Act of 1934, in each case as in effect now or as the same may hereafter be in effect. Borrower is not engaged in the business of extending credit for the purpose of purchasing or carrying margin stock as one of its important activities and, except as may be expressly agreed to and documented between Borrower and Bank, none of the proceeds of the Revolving Loan, nor any L/C, will be used directly or indirectly for such purpose.

3.12 No Event of Default. Borrower is not now in default in the payment of any of its material obligations, and there exists no Event of Default, and no condition, event or act which with notice or lapse of time, or both, would constitute an Event of Default.

3.13 Continuing Representations and Warranties. The foregoing representations and warranties shall be considered to have been made again at and as of the date of each and every Revolving Loan disbursement and every L/C issuance and shall be true and correct in all material respects as of each such date.

SECTION 4. AFFIRMATIVE COVENANTS

Until all sums payable pursuant to this Agreement, the Note and the other Loan Documents have been paid in full (which with respect to any L/C that remains outstanding shall include the delivery to Bank of cash collateral acceptable to Bank in an amount equal to not less than one

hundred five percent (105%) of the outstanding face amount thereof) and Bank has no further obligations to make Revolving Loans or issue or permit to remaining outstanding any L/C, unless Bank otherwise consents in writing, Borrower agrees that:

- 4.1 Use of Proceeds.** Borrower will use the proceeds of the Revolving Loan and any L/C that is issued only as provided in Section 1 above.
- 4.2 Payment of Obligations.** Borrower will pay and discharge promptly all material taxes, assessments and other governmental charges and claims levied or imposed upon it or its property, or any part thereof; **provided, however**, that Borrower shall have the right in good faith to contest any such taxes, assessments, charges or claims and, pending the outcome of such contest, to delay or refuse payment thereof provided that adequately funded reserves are established by it to pay and discharge any such taxes, assessments, charges and claims.
- 4.3 Maintenance of Existence.** Borrower will maintain and preserve its existence, and all rights, franchises, licenses and other authority necessary for the conduct of its business, and will maintain and preserve its property and assets, equipment and facilities in good order, condition and repair (ordinary wear and tear excepted); provided, however, that subject to any other provisions of this Agreement or the other Loan Documents, Borrower shall retain the right to dispose of property, assets, equipment and facilities if Borrower deems it to be in the best interests of its business.
- 4.4 Records.** Borrower will keep and maintain full and accurate accounts and records of its operations in accordance with GAAP and will permit Bank, at Borrower's expense, to have access thereto, to make examination and photocopies thereof, and to make audits of Borrower's accounts and records during regular business hours; provided, however, that Borrower shall have the right to deny access to Bank and its representatives to any documents or information that are subject to attorney-client privilege, so long as Borrower makes reasonable efforts to provide Bank or its representatives any non-privileged documents or information included therein.
- 4.5 Information Furnished.** Borrower will furnish to Bank:
- (a) Within forty-five (45) days after the close of each fiscal quarter, except for the final quarter of each fiscal year, its unaudited balance sheet as of the close of such fiscal quarter, and its unaudited statement of operation, unaudited statement of stockholders equity, and unaudited statement of cash flows for that fiscal quarter, each prepared on a consolidated basis, with year-to-date totals and supportive schedules, all prepared in accordance with GAAP.
 - (b) Within ninety (90) days after the close of each fiscal year, a copy of its balance sheet as of the close of such fiscal year, and its statement of operation, statement of stockholders equity, and statement of cash flows for that fiscal year, each prepared on a consolidated basis, examined and prepared on an audited basis by independent certified public accountants selected by Borrower and reasonably satisfactory to Bank, in accordance with GAAP along with any management letter provided by such accountants.
 - (c) As soon as available, copies of any Form 10-Q quarterly reports, Form 10-K annual reports, and any other material filings (such as a Form 8-K current report regarding any material occurrence) made by Borrower with the SEC or any other federal or state regulatory authority. Anything required to be delivered pursuant to Sections 4.5(a) or 4.5(b) above or this 4.5(c) (to the extent any such financial statements, reports or proxy statements are included in materials otherwise filed with the SEC) may be delivered electronically and if so delivered, shall be deemed to have been

delivered on the date on which the Borrower posts such reports, or provides a link thereto, on the Borrower's website on the Internet.

- (d) Within forty-five (45) days after the close of each fiscal quarter (except for the final quarter of each fiscal year, in which case within ninety (90) days after the close of such fiscal year), a certification of compliance with all covenants under this Agreement, executed by Borrower's chief financial officer or other duly authorized officer, in form acceptable to Bank.
- (e) Prompt written notice to Bank of any Event of Default, any litigation which could reasonably be expected to have a material adverse effect on Borrower's financial condition, and any other matter which has resulted in, or could reasonably be expected to result in, a material adverse change in Borrower's financial condition or operations.

(f) Written notice to Bank reasonably promptly (and in any case within four (4) business days) of any change in Borrower's executive officers, Borrower's name or Borrower's state of organization.

(g) Within fifteen (15) days after Borrower knows that any Reportable Event or Prohibited Transaction (as defined in ERISA) has occurred with respect to any defined benefit pension plan of Borrower, a statement of an authorized officer of Borrower describing such event or condition and the action, if any, which Borrower proposes to take with respect thereto.

(h) Such other financial statements and information as Bank may reasonably request from time to time; provided, however, that no information will be provided to the extent that such information is subject to attorney-client privilege, so long as Borrower makes reasonable efforts to provide Bank or its representatives any non-privileged documents or information included therein.

4.6 Quick Ratio. Borrower, on a consolidated basis, will at all times maintain a ratio of cash, accounts receivable and marketable securities to current liabilities (including for purposes of this calculation the outstanding amount of the Revolving Loan) of not less than 1.0:1.0.

4.7 Total Liabilities to Tangible Net Worth. Borrower, on a consolidated basis, will at all times maintain a ratio of total liabilities to Tangible Net Worth of not greater than 1.0:1.0. "**Tangible Net Worth**" means Borrower's consolidated net worth increased by indebtedness subordinated to Bank and decreased by patents, licenses, trademarks, trade names, goodwill and other similar intangible assets, organizational expenses, security deposits, prepaid costs and expenses and monies due from affiliates (including officers, shareholders and directors).

4.8 Funded Debt to EBITDA. Borrower, on a consolidated basis, will maintain as of the last day of each fiscal quarter a ratio of Funded Debt to EBITDA of not greater than 2.0:1.0. "**Funded Debt**" means (a) all indebtedness for borrowed money or for the deferred purchase price of property or services (including reimbursement and all other obligations with respect to surety bonds, letters of credit and bankers' acceptances or hedge agreements, in each case whether or not matured, but excluding obligations to trade creditors incurred in the ordinary course of business and not more than 90 days past due and excluding deferred taxes); (b) all obligations evidenced by notes, bonds, debentures or similar instruments; (c) all indebtedness created or arising under any conditional sale or other title retention agreements with respect to property acquired (even though the rights and remedies of the seller or lender under such

agreement in the event of default are limited to repossession or sale of such property); (d) all capitalized lease obligations; (e) guaranties of indebtedness described in clauses (a) through (d) above and all other guaranteed indebtedness that is not otherwise reflected in the consolidated financial statements of Borrower; (f) all indebtedness referred to in clauses (a), (b), (c), (d) or (e) above secured by (or for which the holder of such indebtedness has an existing right, contingent or otherwise, to be secured by) any Lien upon or in property owned by it, even though it has not assumed or become liable for the payment of such indebtedness; (g) all obligations to Bank under the Loan Documents; and (h) all liabilities under Title IV of ERISA. "**EBITDA**" means earnings before interest, taxes, depreciation and amortization, plus non-cash stock compensation and other non-cash charges, for the four (4) fiscal quarters preceding the date of calculation. For purposes of calculating the amount of any outstanding obligations with respect to hedging arrangements, such amount shall mean, in respect of any one or more hedge agreements, after taking into account the effect of any netting agreement relating to such hedge agreements, (a) for any date on or after the date such hedge agreements have been closed out and termination value(s) determined in accordance therewith, such termination value(s), and (b) for any date prior to the date referenced in clause (a), the amount(s) determined as the mark-to-market value(s) for such hedging agreements, as determined based upon one or more mid-market or other readily available quotations provided by any recognized dealer in such hedging agreements.

4.9 Insurance. Borrower will keep all of its insurable property, whether real, personal or mixed, adequately insured by good and responsible companies against fire and such other risks for damages to persons and property as are customarily insured against by companies conducting similar business with respect to like properties. Borrower will maintain adequate worker's compensation insurance.

4.10 Maintenance of Account for Payment of Amounts Due to Bank. Borrower will at all times (a) maintain with Bank a deposit account that Bank is authorized to charge for any amounts then due to Bank from borrower under this Agreement, the Note or any other Loan Documents, including interest, principal, fees, costs, expenses or other amounts due to Bank hereunder or thereunder, and (b) ensure that such account has immediately available funds sufficient to pay any such amounts payable to Bank as and when they become due and payable.

4.11 Additional Requirements. Upon Bank's demand, Borrower will promptly take such further action and execute all such additional documents and instruments in connection with this Agreement and the other Loan Documents as Bank in its reasonable discretion deems

necessary, and promptly supply Bank with such other information concerning its affairs as Bank may reasonably request from time to time; provided, however, that no information will be provided to the extent that such information is subject to attorney-client privilege, so long as Borrower makes reasonable efforts to provide Bank or its representatives any non-privileged documents or information included therein.

4.12 Litigation and Attorneys' Fees. Upon Bank's demand, Borrower will promptly pay to Bank reasonable attorneys' fees, including the reasonable estimate of the allocated costs and expenses of in-house legal counsel and staff, and all costs and other reasonable expenses paid or incurred by Bank in collecting, modifying or compromising the Revolving Loan or in enforcing or exercising its rights or remedies created by, connected with or provided for in this Agreement and the other Loan Documents. If any judicial action, arbitration or other proceeding is commenced, only the prevailing party shall be entitled to attorneys' fees and court costs.

7

4.13 Bank Expenses. Upon Bank's request, Borrower will pay or reimburse Bank for all reasonable costs, expenses and fees incurred by Bank in preparing and documenting this Agreement and the Revolving Loan and any L/C, and all amendments and modifications to any Loan Documents, including but not limited to all filing and recording fees, costs of appraisals, insurance and reasonable attorneys' fees, including the reasonable estimate of the allocated costs and expenses of in-house legal counsel and staff.

SECTION 5. NEGATIVE COVENANTS

Until all sums payable pursuant to this Agreement, the Note and the other Loan Documents have been paid in full (which with respect to any L/C that remains outstanding shall include the delivery to Bank of cash collateral acceptable to Bank in an amount equal to not less than one hundred five percent (105%) of the outstanding face amount thereof) and Bank has no further obligations to make Revolving Loans or issue or permit to remaining outstanding any L/C, unless Bank otherwise consents in writing, Borrower agrees that:

5.1 Liens. Borrower will not create, assume or suffer to exist any Lien on any of its property, whether real, personal or mixed, now owned or hereafter acquired, or upon the income or profits thereof, except for the following:

- (a) Liens, if any, in favor of Bank,
- (b) Liens for taxes not delinquent and taxes and other items being contested in good faith,
- (c) minor encumbrances and easements on real property which do not affect its market value in any material respect
- (d) existing Liens as of the date hereof on Borrower's personal property,
- (e) purchase money security interests encumbering only the personal property purchased,
- (f) judgment Liens that do not constitute an Event of Default under this Agreement,
- (g) the interests of lessors under operating leases and capital leases,
- (h) Liens on property of an entity existing at the time such entity is merged into or consolidated with the Borrower; provided that such Liens were not created in contemplation of such merger, consolidation or acquisition and do not extend to any assets other than those of the entity so merged into or consolidated with the Borrower,
- (i) Liens in favor of warehousemen, landlords, carriers, mechanics, materialmen, laborers, or suppliers, incurred in the ordinary course of Borrowers' business and not in connection with the borrowing of money,
- (j) Liens on amounts deposited in connection with obtaining worker's compensation or other unemployment insurance,

8

- (k) Liens on amounts deposited in connection with the making or entering into of bids, tenders, or leases in the ordinary course of business and not in connection with the borrowing of money,

- (l) Liens on amounts deposited as security for surety or appeal bonds in connection with obtaining such bonds in the ordinary course of business,
- (m) bankers' Liens, rights of set-off and similar rights and remedies arising by law or contract in favor of banks, brokerage firms and other such financial institutions with respect to cash and securities deposited with such banks, brokerage firms and other such financial institutions to the extent such Liens, rights and remedies secure or extend solely to amounts due as a result of the administration or maintenance of such deposited cash and securities,
- (n) Liens securing the payment of insurance premiums financed by an insurance financing company to the extent such Liens extend solely to returned premiums on the insurance policies so financed,
- (o) licenses of property granted in the ordinary course of business,
- (p) customary Liens granted in favor of a trustee to secure fees and other amounts owing to such trustee under an indenture or other agreement, and
- (q) other Liens securing indebtedness in an aggregate principal amount not to exceed Two Million Five Hundred Thousand Dollars (\$2,500,000) at any time outstanding.

Borrower shall not agree or consent to any restriction on Borrower's ability to create, assume or suffer to exist any Lien on any of its property to secure its obligations under this Agreement, except (i) agreements in favor of the Bank or (ii) prohibitions or conditions under (A) any purchase money debt or capital lease obligation solely to the extent that the agreement or instrument governing such purchase money debt or capital lease obligation prohibits a Lien on the property acquired with the proceeds of such purchase money debt or capital lease, (B) customary provisions in joint venture agreements and other similar agreements applicable to joint ventures entered into in the ordinary course of business, (C) customary provisions contained in leases or licenses of intellectual property and other similar agreements entered into in the ordinary course of business, (D) customary provisions restricting subletting or assignment of any lease governing a leasehold interest, (E) customary provisions restricting assignment of any agreement entered into in the ordinary course of business, (F) customary restrictions and conditions contained in any agreement relating to the sale of any asset pending the consummation of such sale, including any sale structured as a merger or consolidation of a subsidiary of Borrower, (G) any transaction in which a condition to consummating such transaction is that all obligations under this Agreement be paid in full and that the commitment of Bank hereunder is terminated, or (H) customary restrictions and conditions contained in the document relating to any Lien, so long as (1) such Lien is permitted under Section 5.1 and such restriction or conditions relate only to the specific asset subject to such Lien, and (2) such restrictions and conditions are not created for the specific purpose of avoiding the restrictions imposed by this paragraph.

5.2 Borrowings. Borrower will not sell, discount or otherwise transfer any account receivable or any note, draft or other evidence of indebtedness, except to Bank or except to a financial institution at face value for deposit or collection purposes and discounting of account receivables with customers in the ordinary course of business, and without any fees other than the financial institution's normal fees for such services. Borrower will not borrow any money, except (a) pursuant to agreements with Bank, (b) pursuant to transactions entered into with Borrower's subsidiaries in the ordinary course of business as currently conducted, (c) borrowed money that is secured by a Lien that is otherwise permitted by Section 5.1, or (d) other borrowed money in an aggregate principal amount not to exceed Ten Million Dollars (\$10,000,000) outstanding at any time.

5.3 Sale of Assets, Liquidation or Merger. Borrower will not liquidate, dissolve or enter into any consolidation, merger, partnership or other combination, or convey, sell or lease all or the greater part of its assets or business, or purchase or lease all or the greater part of the assets or business of another; **provided, however**, that Borrower may acquire, merge or consolidate if (a) Borrower is the surviving entity, (b) the assets so acquired will not be subject to any Lien following the effective date of such combination, except for Liens that are otherwise permitted pursuant to Section 5.1, (c) no Event of Default shall have occurred and be continuing or shall result therefrom, (d) as of the effective date of and after giving effect to such acquisition, merger or consolidation, Borrower would be in compliance on a pro forma basis with the financial covenants in Sections 4.6, 4.7 and 4.8, and (e) based on projections prepared by Borrower, after giving effect to such acquisition, merger or consolidation Borrower could not reasonably be expected to be in violation of the financial covenants in Sections 4.6, 4.7 or 4.8 during the term of this Agreement.

5.4 Loans, Advances and Guaranties. Borrower will not, except in the ordinary course of business as currently conducted, make any loans or advances, or become a guarantor or surety. The foregoing sentence shall not prohibit Borrower from making loans or advances to, or becoming a guarantor or surety for, Borrower's subsidiaries, in each case in the ordinary course of business as currently conducted.

5.5 Redemption of Stock. Except pursuant to either (a) Borrower's tender offer commenced February 15, 2008 to purchase up to 7,990,000 shares of its common stock at a price per share not less than \$26 and not greater than \$29.50, or (b) Borrower's repurchase program to purchase up to an additional \$25 million worth of its common stock following the completion or termination of the tender offer and terminating no later than February 11, 2009, Borrower will not redeem or retire any share of its capital stock for value.

6.7 Borrower shall make a general assignment for the benefit of its creditors.

6.8 The appointment, or commencement of any proceedings for the appointment, of a receiver, trustee, custodian or similar official for all or substantially all of Borrower's property.

7.4 Applicable Law. THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS SHALL BE GOVERNED BY AND CONSTRUED ACCORDING TO THE INTERNAL LAWS OF THE STATE OF CALIFORNIA APPLICABLE TO CONTRACTS MADE AND PERFORMED IN THAT STATE, WITHOUT REGARD TO THE PRINCIPLES THEREOF REGARDING CONFLICTS OF LAWS, AND ANY APPLICABLE LAWS OF THE UNITED STATES OF AMERICA.

- 7.5 Severability.** Should any one or more provisions of this Agreement or any other Loan Document be determined to be illegal or unenforceable, all other provisions of such document shall nevertheless be effective.
- 7.6 Controlling Document.** In the event of any inconsistency between the terms of this Agreement and any other Loan Document, the terms of the other Loan Document shall prevail.

IN THE EVENT THAT THE WAIVER OF JURY TRIAL SET FORTH IN THE PREVIOUS SENTENCE IS NOT ENFORCEABLE UNDER THE LAW APPLICABLE TO THIS AGREEMENT, THE PARTIES TO THIS AGREEMENT AGREE THAT ANY CLAIM, INCLUDING ANY QUESTION OF LAW OR FACT RELATING THERETO, SHALL, AT THE WRITTEN REQUEST OF ANY PARTY, BE DETERMINED BY JUDICIAL REFERENCE PURSUANT TO THE STATE LAW APPLICABLE TO THIS AGREEMENT. THE PARTIES SHALL SELECT A SINGLE NEUTRAL REFEREE, WHO SHALL BE A RETIRED STATE OR FEDERAL JUDGE. IN THE EVENT THAT THE PARTIES CANNOT AGREE UPON A REFEREE, THE COURT SHALL APPOINT THE REFEREE. THE REFEREE SHALL ALSO DETERMINE ALL ISSUES RELATING TO THE APPLICABILITY, INTERPRETATION, AND ENFORCEABILITY OF THIS PARAGRAPH. THE PARTIES ACKNOWLEDGE THAT IF A REFEREE IS SELECTED TO DETERMINE THE CLAIMS, THEN THE CLAIMS WILL NOT BE DECIDED BY A JURY.
