ITEM 5. OTHER EVENTS.

PSI Energy, Inc. (Company), a subsidiary of Cinergy Corp., expects a reduction in net income of \$41 million (after tax) in July related to the extreme weather conditions late in the month. While increased sales from retail operations contributed \$5 million after tax, cash losses reflecting costs to serve wholesale power contracts and anticipated liquidated damage claims totaled \$46 million after tax.

The extreme weather conditions required the purchase of power needed to supplement generation to meet record wholesale and retail customer demand. The anticipated liquidated damages are related to supply curtailments to eight power marketers for four-to six hours July 30.
