CAUTIONARY STATEMENT REGARDING FORWARD LOOKING INFORMATION

The discussion contained in this 10-Q under the Securities Exchange Act of 1934, as amended, contains forward-looking statements that involve risks and uncertainties. The issuer's actual results could differ significantly from those discussed herein. These include statements about our expectations, beliefs, intentions or strategies for the future, which we indicate by words or phrases such as "anticipate," "expect," "intend," "plan," "will," "we believe," "the Company believes," "management believes" and similar language, including those set forth in the discussions under "Notes to Financial Statements" and "Management's Discussion and Analysis or Plan of Operation" as well as those discussed elsewhere in this Form 10-Q. We base our forward-looking statements on information currently available to us, and we assume no obligation to update them. Statements contained in this Form 10-Q that are not historical facts are forward-looking statements that are subject to the "safe harbor" created by the Private Securities Litigation Reform Act of 1995.

ENVIROSAFE CORPORATION
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
For the Three Months Ended March 31, 2008 and 2007

1. Basis of Presentation

The accompanying unaudited condensed financial statements have been prepared in accordance with both generally accepted accounting principles for interim financial information, and the instructions to Form 10-QSB and Item 310(b) of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. The accompanying unaudited condensed financial statements reflect all adjustments (consisting of normal recurring accruals) that are, in the opinion of management, considered necessary for a fair presentation of the results for the interim periods presented. Interim results are not necessarily indicative of results for a full year.

The unaudited condensed financial statements and related disclosures have been prepared with the presumption that users of the interim financial information have read or have access to our annual audited financial statements for the preceding fiscal year. Accordingly, these unaudited condensed financial statements should be read in conjunction with the financial statements and the related notes thereto contained in the Annual Report on Form 10-KSB for the year ended December 31, 2007.

2. Organization and Business Background

We were incorporated in the state of Delaware in 1996. We were formed to produce a comprehensive suite of disinfecting, cleaning, and bioremediation products for the consumer, commercial, institutional and municipal markets. We were not successful in developing this business model and had very limited revenues.

In 2007, former management resigned and was replaced by a new board and new officers and directors. Recognizing the need to increase shareholder value, the new Board was determined that the only way to enhance shareholder value was to seek potential business opportunities and effect a business combination with a target business with significant growth potential which, in the opinion of our management, could provide a profit to both the Company and our shareholders.

As of March 4, 2008, we executed a Plan of Exchange (the "Agreement"), between and among us, ADDE EDUCATION HLDS LTD., a corporation organized and existing under the laws of Hong Kong Special Administrative Region of People’s Republic of China ("ADDE"), the shareholders of ADDE (the "ADDE Shareholders") and our majority shareholder (the "EVSF Shareholders").

Pursuant to the terms of the Agreement, the transaction will not immediately close but shall be conditioned upon: (1) EVSF shall eliminate all know or potential liabilities of EVSF as of the closing date. This shall include, but is not limited to, any accounts payable, accrued expenses, as well as any liabilities shown on its annual report for the fiscal year of 2007 in FORM 10-KSB filed with the Securities and Exchange Commission prior to the closing; (2) EVSF and EVSF shareholders shall pledge that any expenses concerning any known or unknown lawsuits, legal disputes or any correlation expenses caused by original EVSF Corporation and their shareholders, EVSF shall undertake full responsibility and afford the correlation expenses after the closing. A comfort letter referencing EVSF prepared by a third party law firm confirming that to the best of their knowledge after reasonable due diligence, EVSF has no pending or threatened litigation; (3) a deposit of 632,253 shares of common stock of EVSF into the escrow account of Greentree Financial Group, Inc. ("Escrow Agent") in exchange for the cash payment of $260,000 and $260,000 promissory note made by ADDE Shareholders to Guoqiang Zhan ("Mr. Zhan"), the new president of EVSF, which shall also be simultaneously deposited into the escrow account of escrow agent, (4) the issuance of 20,000,000 new shares of common stock and 1,350,000 new shares of preferred stock of EVSF to the ADDE shareholders, which should take no longer than 60 days, (5) the resignation of Mr. Zhan from the board of directors and as officer of EVSF and appointment of his successor(s) as designated by ADDE and/or the ADDE Shareholders, (6) a pledge of 10,000,000 shares of EVSF common stock to be used as collateral on the above mentioned promissory note, (7) a fully executed guarantee of the promissory note from EVSF in favor of Mr. Zhan. Upon completion of the exchange, ADDE will be our 100% owned subsidiary.

Upon the delivery of 20,632,253 shares of common stock (including 632,253 common shares from the EVSF Shareholders), and 1,350,000 new shares of our preferred stock, to ADDE Shareholders, ADDE Shareholders will hold a 'controlling interest' in us

Copyright © 2012 www.secdatabase.com. All Rights Reserved.
Please Consider the Environment Before Printing This Document

representing approximately 93.2% of the then issued and outstanding our common shares. Furthermore, the designees of ADDE will be appointed to the Board of Directors after the closing. Subsequent to the appointment of ADDE designees, our current management will resign from the Board of Directors.

We have agreed to use our best efforts to insure the escrow conditions under the escrow agreement will be satisfied as promptly as practicable so that the closing conditions under the agreement will occur. We expect that the closing will occur in the second quarter of 2008. An additional current report on Form 8-K will be filed after the closing.

If we are successful with the closing of this transaction, we will provide the detailed business description and audited financials of the acquired company within the time periods proscribed by the federal securities laws.

3. Summary of Significant Accounting Policies

Cash and Cash Equivalents

We consider all highly liquid debt instruments and other short-term investments with an initial maturity of three months or less to be cash or cash equivalents.

We may in the future maintain cash and cash equivalents with a financial institution that exceeds the limit of insurability under the Federal Deposit Insurance Corporation. Management's evaluation of the financial strength of its financial institution, we believe the risk of maintaining deposits in excess of federal deposit limits at its financial institution is limited and does not pose a material risk.

Revenue Recognition

We record our transactions under the accrual method of accounting whereby income is recognized when the services are performed.

Income Taxes

We adopted the provisions of Statement of Financial Accounting Standards ("SFAS") No. 109, Accounting for Income Taxes. The Statement requires an asset and liability approach for financial accounting and reporting of income taxes, and the recognition of deferred tax assets and liabilities for the temporary differences between the financial reporting bases and tax bases of our assets and liabilities at enacted tax rates expected to be in effect when such amounts are realized or settled.

ENVIROSAFE CORPORATION
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
For the Three Months Ended March 31, 2008 and 2007

Use of Estimates

The preparation of financial statements in conformity with the accounting principles generally accepted in the Untied States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The carrying amounts reported in the balance sheets for cash and cash equivalents, and accounts payable approximate fair value because of the immediate or short-term maturity of these financial instruments. No other new accounting pronouncement issued or effective has had or is expected to have a material impact on the company's financial statements.

Stock-Based Compensation

We measure compensation expense for our non-employee stock-based compensation under the Financial Accounting Standards Board (FASB) Emerging Issues Task Force (EITF) Issue No. 96-18, "Accounting *for Equity Instruments that are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling, Goods or Services* ". The fair value of the option issued is used to measure the transaction, as this is more reliable than the fair value of the services received. The fair value is measured at the value of our common stock on the date that the commitment for performance by the counterparty has been reached or the counterparty's performance is complete. The fair value of the equity instrument is charged directly to compensation expense and additional paid-in capital.

Common Stock Issued For Other Than Cash

Services purchased and other transactions settled in our stock are recorded at the estimated fair value of the stock issued if that value is more readily determinable than the fair value of the consideration received.

Recent Accounting Pronouncements

We have reviewed all recently issued, but not yet effective, accounting pronouncements and do not believe the future adoption of any such pronouncements may be expected to cause a material impact on its financial condition or the results of its operations.

In February 2007, the FASB issued Statement of Financial Accounting Standard No. 159, "*The Fair Value Option for Financial Assets and Financial Liabilities" (*"SFAS No. 159"). This statement permits entities to choose to measure many financial instruments and certain other items at fair value. Companies should report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date. This statement is effective as of the beginning of an entity's first fiscal year that begins after November 15, 2007. The Company is currently assessing the potential impact, if any, for the adoption of SFAS No.159 on its financial statements.

In December 2007, the FASB issued two new statements: (a.) SFAS No. 141(revised 2007), *Business Combinations*, and (b.) No. 160, *Noncontrolling Interests in Consolidated Financial Statements.* These statements are effective for fiscal years beginning after December 15, 2008 and the application of these standards will improve, simplify and converge internationally the accounting for business combinations and the reporting of noncontrolling interests in financial statements. The Company is in the process of evaluating the impact, if any, on SFAS 141 (R) and SFAS 160 and does not anticipate that the adoption of these standards will have any impact on its financial statements.

(a.) SFAS No. 141 (R) requires an acquiring entity in a business combination to: (i) recognize all (and only) the assets acquired and the liabilities assumed in the transaction, (ii) establish an acquisition-date fair value as the measurement objective for all assets acquired and the liabilities assumed, and (iii) disclose to investors and other users all of the information they will need to evaluate

Copyright © 2012 www.secdatabase.com. All Rights Reserved.
Please Consider the Environment Before Printing This Document

and understand the nature of, and the financial effect of, the business combination, and, (iv) recognize and measure the goodwill acquired in the business combination or a gain from a bargain purchase.

(b.) SFAS No. 160 will improve the relevance, comparability and transparency of financial information provided to investors by requiring all entities to: (i) report noncontrolling (minority) interests in subsidiaries in the same manner, as equity but separate from the parent's equity, in financial statements, (ii) net income attributable to the parent and to the non-controlling interest must be clearly identified and presented on the face of the statement of income, and (iii) any changes in the parent's ownership interest while the parent retains the controlling financial interest in its subsidiary be accounted for consistently.

4. Income Taxes

Effective July 14, 2000, we adopted the provisions of Statement of Financial Accounting Standards (SFAS) No. 109, "Accounting for Income Taxes". The statement requires an asset and liability approach for financial accounting and reporting for income taxes, and the recognition of deferred tax assets and liabilities for the temporary differences between the financial reporting basis and tax basis of the Company's assets and liabilities at enacted tax rates expected to be in effect when such amounts are realized or settled. Because of its history of losses, we have not had any material federal or state income tax obligations. Due to the anticipated use of net operating loss carryforwards to offset future year income, no provision for income taxes was recorded for the three-month period ended March 31, 2008. The Company's net operating loss carryforwards totaled ($2,322,444) at March 31, 2008, expiring through March 31, 2028. When there has been a change in an entity's ownership, utilization of net operating loss carryforwards may be limited. Because of the changes in the ownership of our prior acquisitions, the use of these acquired net operating losses will be limited and may not be available to offset future taxable income.

There were no provisions for income taxes for the three month period ended March 31, 2008.

At March 31, 2008, deferred tax assets approximated the following:

Deferred tax assets	$	970,000
Valuation for deferred asset		(970,000)
Net deferred tax assets	$	—

At March 31, 2008, we had accumulated deficits approximating $2,322,000, available to offset future taxable income through 2028. We established valuation allowances equal to the full amount of the deferred tax assets due to the uncertainty of the utilization of the operating losses in the future period.

ENVIROSAFE CORPORATION
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
For the Three Months Ended March 31, 2008 and 2007

5. Capital Transactions

On April 23, 2007, we performed a one-for-three-hundred (1:300) reverse stock split of our outstanding shares of common stock. The number of our outstanding shares of common stock at that date was reduced from 342,375,000 to 1,141,375 shares and the par value of our common stock was unchanged at $0.0001. The financial statements amounts and shares herein have been retroactively adjusted thereto for the reverse split.

6. Going Concern

Our financial statements have been prepared on the basis that we will continue as a going concern, which contemplates the realization of asset values and the satisfaction of liabilities in the normal course of business. Certain conditions indicate that we may be unable to continue as a going concern:

- We reported net losses of $-0- and $150,607, respectively for the three months ended March 31, 2008 and 2007.
- At March 31, 2008, stockholder's deficit was ($10,000) and included an accumulated deficit of ($2,322,444).
- At March 31, 2008 there was a working capital deficit of $10,000.
- We have limited revenue prospects and have had no revenue in the past two years.
- Our ability to continue as a going concern is dependent upon our generating revenues and profit margins to cover cost of revenues and other operating expenses, generating positive cash flows from operations, obtaining debt or equity capital to fund expected negative operating cash flows and returning to profitable operations.
- We may be forced to liquidate our assets and cease operations if we are unable to raise sufficient capital to support operations and to satisfy its obligations.

In connection with these issues, we are implementing the following operating and management plans to in order to provide positive cash flow from operations during the subsequent periods:

- Develop our primary business products and develop a customer base and production facilities and capacity to manufacture products.
- Develop strategic partnerships with major companies to support our sales and marketing strategy, and production and manufacturing capacity.
- Negotiate with capital and debt funding sources to provide working capital to fund the growth and operations.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis provides information that management believes may be useful in understanding our operating results, cash flows and financial condition. This discussion should be read in conjunction with the unaudited financial information and related notes included in this Form 10-QSB.

The following discussion contains various "Forward-Looking Statements" within the meaning of the Private Securities Litigation Reform Act of 1995. The readers are referred to the statement entitled "Forward-Looking Statements" located at the end of Part I of this report.

We have adopted the provisions of Statement of Financial Accounting Standard No. 123 (Revised 2004), *Share-Based Payment* (SFAS No. 123R), and the new accounting standard for expensing stock options, in the three months ended March 31, 2008. All financial results presented in this Form 10-QSB include the impact of expensing stock options.

Overview

Copyright © 2012 www.secdatabase.com. All Rights Reserved.
Please Consider the Environment Before Printing This Document

Our financial statements have been prepared on the basis that we will continue as a going concern, which contemplates the realization of asset values and the satisfaction of liabilities in the normal course of business. Certain conditions indicate that we may be unable to continue as a going concern:

- We reported net losses of $-0- and $150,607 for the three months ended March 31, 2008 and 2007, respectively.

- Net cash used by in our operating activities was $-0- and $8,930 the three month periods ended March 31, 2008 and 2007, respectively.

- We are unable to generate business opportunities.

- At March 31, 2008, stockholder's deficit was $(10,000) and included an accumulated deficit of $(2,322,444).

- At March 31, 2008, there was a working capital deficit of $10,000.

- We had no revenues for the three months ended March 31, 2008 and 2007.

We do not expect positive cash flow from operations for the 2008 fiscal year and we may require additional funding to cover expected negative cash flows until the end of fiscal year 2008.

Our ability to continue as a going concern is dependent upon generating revenues and gross profit margins to cover cost of services and other operating expenses, generating positive cash flows from operations, obtaining debt or equity capital to fund expected negative operating cash flows and returning us to profitable operations.

Copyright © 2012 www.secdatabase.com. All Rights Reserved.
Please Consider the Environment Before Printing This Document

Operating results:

We have not generated any revenues during the three months ended March 31, 2008 and 2007.

We generated net losses of $-0- and $150,607 for the three months ended March 31, 2008 and 2007, respectively. The losses for the periods were due to general and administrative expenses and the non-cash professional fees resulting from the issuance of shares of common stock for services rendered in 2007. These shares are fully discussed above in previous sections herein.

As of March 31, 2008 we had accumulated $2,322,444 in operating losses that may, on a limited basis, be offset against future taxable income. There are limitations on the amount of net operating loss carryforwards that can be used. No tax benefit has been reported in the financial statements.

Financial Position and Liquidity

Total assets were $-0- at March 31, 2008, no decrease from total assets at year-end 2007.

Total liabilities were $10,000 at March 31, 2008, compared to total liabilities of $10,000 at year-end 2007. The liability was solely due to the 2007 audit fee.
As of March 31, 2008 and at December 31, 2007, we had $-0- in cash and cash equivalents.

Going Concern

Our financial statements have been prepared on the basis that we will continue as a going concern, which contemplates the realization of asset values and the satisfaction of liabilities in the normal course of business. Certain conditions indicate that we may be unable to continue as a going concern:

- We reported net losses of $-0- and $150,607, respectively for the three months ended March 31, 2008 and 2007.
- At March 31, 2008, stockholder's deficit was ($10,000) and included an accumulated deficit of ($2,322,444).
- At March 31, 2008 there was a working capital deficit of $10,000.
- We have limited revenue prospects and have had no revenue in the past two years.
- Our ability to continue as a going concern is dependent upon our generating revenues and profit margins to cover cost of revenues and other operating expenses, generating positive cash flows from operations, obtaining debt or equity capital to fund expected negative operating cash flows and returning to profitable operations.
- We may be forced to liquidate our assets and cease operations if we are unable to raise sufficient capital to support operations and to satisfy its obligations.

In connection with these issues, we are implementing the following operating and management plans to in order to provide positive cash flow from operations during the subsequent periods:

- Develop our primary business products and develop a customer base and production facilities and capacity to manufacture products.
- Develop strategic partnerships with major companies to support our sales and marketing strategy, and production and manufacturing capacity.
- Negotiate with capital and debt funding sources to provide working capital to fund the growth and operations.

Item 3. Controls and Procedures.

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in reports filed under the Securities Exchange Act of 1934 ("Exchange Act") is recorded, processed, summarized and reported within the specified time periods. Our Chief Executive Officer and our Chief Financial Officer (collectively, the "Certifying Officers") are responsible for establishing and maintaining adequate internal control over financial reporting for us . The controls and procedures established by us are designed to provide reasonable assurance that information required to be disclosed by the issuer in the reports that it

Copyright © 2012 www.secdatabase.com. All Rights Reserved.
Please Consider the Environment Before Printing This Document

files or submits under the Exchange Act are recorded, processed, summarized and reported within the time periods specified in the Commission's rules and forms.

During the three months ended March 31, 2008, our Certifying Officers evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report. Based on the evaluation, the Certifying Officers concluded that our disclosure controls and procedures were effective to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the applicable rules and forms, and that it is accumulated and communicated to our management, including the Certifying Officers, as appropriate to allow timely decisions regarding required disclosure. These conclusions notwithstanding you are advised that no system is 100% foolproof.

Changes in Internal Control over Financial Reporting

There were no changes in the our internal control over financial reporting that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Forward-Looking Statements

This Quarterly Report on Form 10-Q, including "Management's Discussion and Analysis of Financial Condition and Results of Operation" in Item 2, contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements include expectations concerning gross margin improvements, increasing raw material costs, contributions to our U.S. and international pension and benefit plans, borrowing capacity, plans to re-finance existing debt and favorable short-term liquidity requirements. Without limiting the foregoing, words or phrases such as "will likely result," "are expected to," "will continue," "is anticipated," "we believe," "estimate," "project" (including the negative or variations thereof) or similar terminology, generally identify forward-looking statements. Forward-looking statements may also represent challenging goals for us. Management cautions that undue reliance should not be placed on such forward-looking statements, which speak only as of the date made.

EXHIBIT 31.1 Certifications

I, Guoqiang Zhan, certify that:

1. I have reviewed this amendment to quarterly report on Form 10-Q/A No. 2 of Envirosafe Corp. (the "small business issuer")

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the small business issuer as of, and for, the periods presented in this report;

4. The small business issuer's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a–15(e) and 15d–15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a–15(f) and 15d–15(f)) for the small business issuer and have:

a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the small business issuer, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

c) Evaluated the effectiveness of the small business issuer's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

d) Disclosed in this report any change in the small business issuer's internal control over financial reporting that occurred during the small business issuer's most recent fiscal quarter (the small business issuer's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the small business issuer's internal control over financial reporting; and

5. The small business issuer's other certifying officer and I have disclosed, based on our most recent evaluation, to the small business issuer's auditors and the audit committee of small business issuer's board of directors (or persons performing the equivalent functions):

a) all significant deficiencies and material weaknesses in the design or operation of internal controls which are reasonably likely to adversely affect the small business issuer's ability to record, process, summarize and report financial information; and

b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls.

EXHIBIT 32.1

STATEMENT REQUIRED BY 18 U.S.C. SECTION 1350, AS ADOPTED PURSUANT
TO SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002

In connection with this amendment to quarterly report on Form 10-Q/A No. 2 of Envirosafe Corp. (the "Company") for the three months ended March 31, 2008, as filed with the Securities and Exchange Commission (the "Report"), I, Guoqiang Zhan, certify that:

* the Report fully complies with the requirements of Section 13(a) or 15(d), as applicable, of the Securities Exchange Act of 1934; and

* the information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

/s/ Guoqiang Zhan
Guoqiang Zhan

Date: August 28, 2008

This certification accompanies this Report pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 and shall not, except to the extent required by the Sarbanes-Oxley Act of 2002, be deemed filed by the Company for purposes of Section 18 of the Securities Exchange Act of 1934, as amended.
