In addition to the portfolio projections, valuations, forecasts and assumptions described in the Partnership's fairness opinions and summary portfolio appraisal report (the "Stanger Reports"), each prepared by Robert A. Stanger & Co., Inc. ("Stanger") and included as Schedules II and III, respectively, to Exhibit 99.6 of this Schedule 13E-3, Stanger also considered the portfolio projections, valuations, forecasts, assumptions and other information included herein in preparing the Stanger Reports:

The Partnership does not as a matter of course make public forecasts or projections as to future performance or earnings. However, in analyzing the value of the Partnerships under alternative methodologies, the General Partner prepared the projections and forecasts included in this Exhibit 99.29. THE PROJECTIONS AND FORECASTS WERE PREPARED SOLELY FOR INTERNAL USE AND NOT WITH A VIEW TO PUBLIC DISCLOSURE OR COMPLIANCE WITH PUBLISHED GUIDELINES OF THE COMMISSION REGARDING PROJECTIONS OR THE GUIDELINES ESTABLISHED BY THE AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS REGARDING PROJECTIONS AND ARE INCLUDED IN THIS SCHEDULE 13E-3 ONLY BECAUSE SUCH INFORMATION WAS MADE AVAILABLE TO STANGER AND ALEX. BROWN & SONS, INCORPORATED. In addition, because the estimates and assumptions underlying these projections and forecasts are inherently subject to significant economic and competitive uncertainties and contingencies, which are beyond the Partnership's control, there can be no assurance that the projections and forecasts will be realized. Actual results may be higher or lower than those set forth herein. Deloitte & Touche LLP, the Partnership's independent auditor, has not examined, compiled or otherwise applied procedures to the financial projections and forecasts included in this Schedule 13E-3, and, accordingly, does not express an opinion or any other form of assurance on the financial projections and forecasts.

(1) Debt service and principal amortization are derived from IDS2's 12/31/95 audited financial statements (footnote D) and assumes the \$470,000 line of credit is repaid in May 1997.

_____

(2) Debt service and principal amortization are based on IDS 3's 12/31/95 audited financial statements (footnote C, adjusted to reflect an increase of \$600,000 on the Partnership's line of credit to fund repayment in February 1996 of one of the Grupe notes) with 20-year amortization and an 8% interest rate. Additionally, the remaining notes payable to Grupe totalling \$674,000 are assumed to be paid off with excess Partnership cashflow at their maturity (12/31/96) and accrue interest at their current rate of 11.4%.
