- [1] As of September 30, 2023, qualifying assets represented 97.48% of total assets. Under the 1940 Act we may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets.
- [2] Categorized as Level 1 assets under the definition of ASC 820 fair value hierarchy.
- [3] Generally, the interest rate on floating interest rate investments is at benchmark rate plus spread. The borrower has an option to choose the benchmark rate, such as the London Interbank Offered Rate (“LIBOR”), Secured Overnight Financing Rate including adjustment, if any (“SOFR”) or the U.S. Prime rate. The spread may change based on the type of rate used. The terms in the Consolidated Schedule of Investments disclose the actual interest rate in effect as of the reporting period. LIBOR and SOFR loans are typically indexed to 30-day, 60-day, 90-day or 180-day rates (1M, 3M or 6M, respectively) at the borrower’s option. LIBOR and SOFR loans may be subject to interest floors. As of September 30, 2023, rates for weekly 1M L, 3M L 6M L, 1M S, 3M S and 6M S are 5.43%, 5.66%, 5.90%, 5.32%, 5.40% and 5.47%, respectively. As of September 30, 2023, the U.S. Prime rate was 8.50%.
- [4] Non-income producing investment.
- [5] Percentages are based on net assets.
- [6] Unless otherwise indicated, all securities are valued using significant unobservable inputs, which are categorized as Level 3 assets under the definition of Financial Accounting Standards Board’s Accounting Standards Codification 820 fair value hierarchy.
- [7] Unless otherwise indicated, all securities represent co-investments made with the Fund’s affiliates in accordance with the terms of the exemptive relief received from the U.S. Securities and Exchange Commission. See Note 3 “Related Party Transactions”. Certain previously disclosed industry classifications have been expanded to add additional sub-industries. Investments fitting into the new sub-industries have been reclassified accordingly.
- [8] Aggregate gross unrealized appreciation for federal income tax purposes is \$12,681,567; aggregate gross unrealized depreciation for federal income tax purposes is \$32,364,282. Net unrealized depreciation is \$19,682,715 based upon a tax cost basis of \$1,269,941,830.
- [9] Aggregate gross unrealized appreciation for federal income tax purposes is \$7,142,498; aggregate gross unrealized depreciation for federal income tax purposes is \$30,898,346. Net unrealized depreciation is \$23,755,848 based upon a tax cost basis of \$1,146,272,943.

- [10] As of December 31, 2022, qualifying assets represented 96.90% of total assets. Under the 1940 Act we may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets.

- [1] As defined in the Investment Company Act, the investment is deemed to be a “controlled affiliated person” of the Fund because the Fund owns, either directly or indirectly, 25% or more of the portfolio company’s outstanding voting securities or has the power to exercise control over management or policies of such portfolio company. See Note 3 “Related Party Transactions”.
- [2] As of December 31, 2022, qualifying assets represented 96.90% of total assets. Under the 1940 Act we may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets.
- [3] Generally, the interest rate on floating interest rate investments is at benchmark rate plus spread. The borrower has an option to choose the benchmark rate, such as the London Interbank Offered Rate (“LIBOR”), Secured Overnight Financing Rate including adjustment, if any (“SOFR”) or the U.S.

Prime rate. The spread may change based on the type of rate used. The terms in the Consolidated Schedule of Investments disclose the actual interest rate in effect as of the reporting period. LIBOR and SOFR loans are typically indexed to 30-day, 60-day, 90-day or 180-day rates (1M, 3M or 6M, respectively) at the borrower's option. LIBOR and SOFR loans may be subject to interest floors. As of December 31, 2022, rates for weekly 1M L, 3M L 6M L, 1M S, 3M S and 6M S are 4.39%, 4.73%, 5.15%, 4.42%, 4.73% and 4.98%, respectively. As of December 31, 2022, the U.S. Prime rate was 7.50%.

- [4] Non-income producing investment.
- [5] Percentages are based on net assets.
- [6] Position or portion thereof is held through a consolidated subsidiary.
- [7] Securities exempt from registration under the Securities Act of 1933, and may be deemed to be "restricted securities". As of December 31, 2022, the aggregate fair value of these securities is \$17,633,209 or 3.86% of the Fund's net assets. The initial acquisition dates have been included for such securities.
- [8] Unless otherwise indicated, all securities are valued using significant unobservable inputs, which are categorized as Level 3 assets under the definition of Financial Accounting Standards Board's Accounting Standards Codification 820 fair value hierarchy.
- [9] Unless otherwise indicated, all securities represent co-investments made with the Fund's affiliates in accordance with the terms of the exemptive relief received from the U.S. Securities and Exchange Commission. See Note 3 "Related Party Transactions".
- [10] As of September 30, 2023, qualifying assets represented 97.48% of total assets. Under the 1940 Act we may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets.
- [11] Categorized as Level 1 assets under the definition of ASC 820 fair value hierarchy.

- [1] As defined in the Investment Company Act, the investment is deemed to be a “controlled affiliated person” of the Fund because the Fund owns, either directly or indirectly, 25% or more of the portfolio company’s outstanding voting securities or has the power to exercise control over management or policies of such portfolio company. See Note 3 “Related Party Transactions”.
- [2] As of December 31, 2022, qualifying assets represented 96.90% of total assets. Under the 1940 Act we may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets.
- [3] Generally, the interest rate on floating interest rate investments is at benchmark rate plus spread. The borrower has an option to choose the benchmark rate, such as the London Interbank Offered Rate (“LIBOR”), Secured Overnight Financing Rate including adjustment, if any (“SOFR”) or the U.S.

Prime rate. The spread may change based on the type of rate used. The terms in the Consolidated Schedule of Investments disclose the actual interest rate in effect as of the reporting period. LIBOR and SOFR loans are typically indexed to 30-day, 60-day, 90-day or 180-day rates (1M, 3M or 6M, respectively) at the borrower's option. LIBOR and SOFR loans may be subject to interest floors. As of December 31, 2022, rates for weekly 1M L, 3M L 6M L, 1M S, 3M S and 6M S are 4.39%, 4.73%, 5.15%, 4.42%, 4.73% and 4.98%, respectively. As of December 31, 2022, the U.S. Prime rate was 7.50%.

- [4] Non-income producing investment.
- [5] Percentages are based on net assets.
- [6] Position or portion thereof is held through a consolidated subsidiary.
- [7] Securities exempt from registration under the Securities Act of 1933, and may be deemed to be "restricted securities". As of December 31, 2022, the aggregate fair value of these securities is \$17,633,209 or 3.86% of the Fund's net assets. The initial acquisition dates have been included for such securities.
- [8] Unless otherwise indicated, all securities are valued using significant unobservable inputs, which are categorized as Level 3 assets under the definition of Financial Accounting Standards Board's Accounting Standards Codification 820 fair value hierarchy.
- [9] Unless otherwise indicated, all securities represent co-investments made with the Fund's affiliates in accordance with the terms of the exemptive relief received from the U.S. Securities and Exchange Commission. See Note 3 "Related Party Transactions".
- [10] As of September 30, 2023, qualifying assets represented 97.48% of total assets. Under the 1940 Act we may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets.
- [11] Categorized as Level 1 assets under the definition of ASC 820 fair value hierarchy.
- [12] Generally, the interest rate on floating interest rate investments is at benchmark rate plus spread. The borrower has an option to choose the benchmark rate, such as the London Interbank Offered Rate ("LIBOR"), Secured Overnight Financing Rate including adjustment, if any ("SOFR") or the U.S. Prime rate. The spread may change based on the type of rate used. The terms in the Consolidated Schedule of Investments disclose the actual interest rate in effect as of the reporting period. LIBOR and SOFR loans are typically indexed to 30-day, 60-day, 90-day or 180-day rates (1M, 3M or 6M, respectively) at the borrower's option. LIBOR and SOFR loans may be subject to interest floors. As of September 30, 2023, rates for weekly 1M L, 3M L 6M L, 1M S, 3M S and 6M S are 5.43%, 5.66%, 5.90%, 5.32%, 5.40% and 5.47%, respectively. As of September 30, 2023, the U.S. Prime rate was 8.50%.
- [13] Unless otherwise indicated, all securities represent co-investments made with the Fund's affiliates in accordance with the terms of the exemptive relief received from the U.S. Securities and Exchange Commission. See Note 3 "Related Party Transactions". Certain previously disclosed industry classifications have been expanded to add additional sub-industries. Investments fitting into the new sub-industries have been reclassified accordingly.
- [14] Aggregate gross unrealized appreciation for federal income tax purposes is \$12,681,567; aggregate gross unrealized depreciation for federal income tax purposes is \$32,364,282. Net unrealized depreciation is \$19,682,715 based upon a tax cost basis of \$1,269,941,830.
- [15] Aggregate gross unrealized appreciation for federal income tax purposes is \$7,142,498; aggregate gross unrealized depreciation for federal income tax purposes is \$30,898,346. Net unrealized depreciation is \$23,755,848 based upon a tax cost basis of \$1,146,272,943.
- [16] Position, or a portion thereof, has been segregated to collateralize ABPCI Direct Lending Fund CLO VI Ltd.
- [17] Position, or a portion thereof, has been segregated to collateralize ABPCI Direct Lending Fund CLO XIII Ltd.
- [18] Position, or a portion thereof, has been segregated to collateralize ABPCIC Funding II, LLC.

- [19] Positions considered non-qualified assets therefore excluded from the qualifying assets calculation as noted in footnote + above.
- [20] Position or portion thereof is an unfunded loan commitment, and no interest is being earned on the unfunded portion. The unfunded loan commitment may be subject to a commitment termination date, that may expire prior to the maturity date stated. See Note 6 “Commitments and Contingencies”.
- [21] The negative cost is the result of the capitalized discount being greater than the principal amount outstanding on the loan. The negative fair value is the result of the capitalized discount on the loan.
- [22] Position, or a portion thereof, has been segregated to collateralize ABPCIC Funding III, LLC.
- [23] Included within ‘Cash and cash equivalents’ on the Consolidated Statements of Assets and Liabilities.
- [24] The investment is on non-accrual status. See Note 2 “Significant Accounting Policies.”
- [25] This investment has multiple reference rates or alternate base rates. The All-in interest rate shown is the weighted average interest rate in effect at December 31, 2022.
- [26] Position, or a portion thereof, has been segregated to collateralize ABPCIC Funding IV, LLC.
- [27] This investment has multiple reference rates or alternate base rates. The All-in interest rate shown is the weighted average interest rate in effect at September 30, 2023.
- [28] Non-controlled affiliated investment. See Note 3 “Related Party Transactions”.
- [29] MedMark Services, Inc. has been renamed to BAART Programs, Inc. in 2022.
- [30] Cybergrants Holdings, LLC has been renamed to Bonterra LLC in 2022.
- [31] Millin Purchaser LLC. has been renamed to Medsuite Purchaser, LLC in 2022.
- [32] Saturn Borrower Inc. has been renamed to Stratus Networks, Inc. in 2022.
- [33] TA/WEG Holdings, LLC has been renamed to Wealth Enhancement Group, LLC in 2022.
- [34] Excluded from the ASC 820 fair value hierarchy as fair value is measured using the net asset value per share practical expedient.
- [35] Securities exempt from registration under the Securities Act of 1933, and may be deemed to be “restricted securities”. As of September 30, 2023, the aggregate fair value of these securities is \$20,683,486 or 4.11% of the Fund’s net assets. The initial acquisition dates have been included for such securities.
- [36] Controlled affiliated investment. See Note 3 “Related Party Transactions”.

- [1] As defined in the Investment Company Act, the investment is deemed to be a “controlled affiliated person” of the Fund because the Fund owns, either directly or indirectly, 25% or more of the portfolio company’s outstanding voting securities or has the power to exercise control over management or policies of such portfolio company. See Note 3 “Related Party Transactions”.
- [2] As of December 31, 2022, qualifying assets represented 96.90% of total assets. Under the 1940 Act we may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets.
- [3] Generally, the interest rate on floating interest rate investments is at benchmark rate plus spread. The borrower has an option to choose the benchmark rate, such as the London Interbank Offered Rate (“LIBOR”), Secured Overnight Financing Rate including adjustment, if any (“SOFR”) or the U.S. Prime rate. The spread may change based on the type of rate used. The terms in the Consolidated Schedule of Investments disclose the actual interest rate in effect as of the reporting period. LIBOR and SOFR loans are typically indexed to 30-day, 60-day, 90-day or 180-day rates (1M, 3M or 6M, respectively) at the borrower’s option. LIBOR and SOFR loans may be subject to interest floors. As of December 31, 2022, rates for weekly 1M L, 3M L 6M L, 1M S, 3M S and 6M S are 4.39%, 4.73%, 5.15%, 4.42%, 4.73% and 4.98%, respectively. As of December 31, 2022, the U.S. Prime rate was 7.50%.
- [4] Non-income producing investment.
- [5] Percentages are based on net assets.
- [6] Position or portion thereof is held through a consolidated subsidiary.
- [7] Securities exempt from registration under the Securities Act of 1933, and may be deemed to be “restricted securities”. As of December 31, 2022, the aggregate fair value of these securities is \$17,633,209 or 3.86% of the Fund’s net assets. The initial acquisition dates have been included for such securities.
- [8] Unless otherwise indicated, all securities are valued using significant unobservable inputs, which are categorized as Level 3 assets under the definition of Financial Accounting Standards Board’s Accounting Standards Codification 820 fair value hierarchy.
- [9] Unless otherwise indicated, all securities represent co-investments made with the Fund’s affiliates in accordance with the terms of the exemptive relief received from the U.S. Securities and Exchange Commission. See Note 3 “Related Party Transactions”.

- [10] Aggregate gross unrealized appreciation for federal income tax purposes is \$12,681,567; aggregate gross unrealized depreciation for federal income tax purposes is \$32,364,282. Net unrealized depreciation is \$19,682,715 based upon a tax cost basis of \$1,269,941,830.
- [11] As of September 30, 2023, qualifying assets represented 97.48% of total assets. Under the 1940 Act we may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets.
- [12] Generally, the interest rate on floating interest rate investments is at benchmark rate plus spread. As of September 30, 2023, rates for weekly 1M L, 3M L 6M L, 1M S, 3M S and 6M S are 5.43%, 5.66%, 5.90%, 5.32%, 5.40% and 5.47%, respectively. As of September 30, 2023, the U.S. Prime rate was 8.50%.
- [13] Unless otherwise indicated, all securities represent co-investments made with the Fund’s affiliates in accordance with the terms of the exemptive relief received from the U.S. Securities and Exchange Commission. See Note 3 “Related Party Transactions”. Certain previously disclosed industry classifications have been expanded to add additional sub-industries. Investments fitting into the new sub-industries have been reclassified accordingly.
- [14] Aggregate gross unrealized appreciation for federal income tax purposes is \$7,142,498; aggregate gross unrealized depreciation for federal income tax purposes is \$30,898,346. Net unrealized depreciation is \$23,755,848 based upon a tax cost basis of \$1,146,272,943.
- [15] Position, or a portion thereof, has been segregated to collateralize ABPCI Direct Lending Fund CLO XIII Ltd.
- [16] Positions considered non-qualified assets therefore excluded from the qualifying assets calculation as noted in footnote + above.
- [17] Position or portion thereof is an unfunded loan commitment, and no interest is being earned on the unfunded portion. The unfunded loan commitment may be subject to a commitment termination date, that may expire prior to the maturity date stated. See Note 6 “Commitments and Contingencies”.
- [18] The negative cost is the result of the capitalized discount being greater than the principal amount outstanding on the loan. The negative fair value is the result of the capitalized discount on the loan.
- [19] Position, or a portion thereof, has been segregated to collateralize ABPCI Direct Lending Fund CLO VI Ltd.
- [20] Position, or a portion thereof, has been segregated to collateralize ABPCIC Funding II, LLC.
- [21] Position, or a portion thereof, has been segregated to collateralize ABPCIC Funding III, LLC.
- [22] Categorized as Level 1 assets under the definition of ASC 820 fair value hierarchy.
- [23] Included within ‘Cash and cash equivalents’ on the Consolidated Statements of Assets and Liabilities.
- [24] The rate shown is the annualized seven-day yield as of September 30, 2023.
- [25] The rate shown is the annualized seven-day yield as of December 31, 2022.
- [26] The investment is on non-accrual status. See Note 2 “Significant Accounting Policies.”
- [27] This investment has multiple reference rates or alternate base rates. The All-in interest rate shown is the weighted average interest rate in effect at December 31, 2022.
- [28] Position, or a portion thereof, has been segregated to collateralize ABPCIC Funding IV, LLC.
- [29] This investment has multiple reference rates or alternate base rates. The All-in interest rate shown is the weighted average interest rate in effect at September 30, 2023.
- [30] Non-controlled affiliated investment. See Note 3 “Related Party Transactions”.

- [31] MedMark Services, Inc. has been renamed to BAART Programs, Inc. in 2022.

1. Organization

AB Private Credit Investors Corporation (the “Fund,” “we,” “our,” and “us”), an externally managed, non-diversified, closed-end, management investment company that elected to be regulated as a business development company (“BDC”) under the Investment Company Act of 1940, as amended (the “1940 Act”), was incorporated under the laws of the state of Maryland on February 6, 2015. The Fund was formed to invest in primary-issue middle-market credit opportunities that are directly sourced and privately negotiated. AB Private Credit Investors LLC serves as the Fund’s external investment adviser (the “Adviser”).

The Fund is conducting private offerings (each a “Private Offering”) of its common stock to investors in reliance on an exemption from the registration requirements of the Securities Act of 1933, as amended (the “Securities Act”). At the closing of any Private Offering, each investor will make a capital commitment (a “Capital Commitment”) to purchase Shares pursuant to a subscription agreement entered into with the Fund. All investors will be committed to the Fund for at least three years from the date of their initial Capital Commitment, subject to the terms described in the Fund’s Private Placement Memorandum. Investors will be required to fund drawdowns to purchase Shares up to the amount of their respective Capital Commitment on an as-needed basis each time the Fund delivers a capital draw-down notice to its investors.

On September 29, 2017, the Fund completed the initial closing (“Initial Closing”) of its Private Offering after entering into subscription agreements (collectively, the “Subscription Agreements”) with several investors, providing for the private placement of Shares. As of September 30, 2023, the Fund had total Capital Commitments of \$629,019,653, of which 14% or \$90,663,743 is unfunded. Capital Commitments may be drawn down by the Fund on a pro rata basis, as needed (including follow-on investments), for paying the Fund’s expenses, including fees under the Amended and Restated Advisory Agreement (as defined below), and/or maintaining a reserve account for the payment of future expenses or liabilities.

The Fund’s fiscal year ends on December 31.

On June 14, 2019, the Adviser established ABPCI Direct Lending Fund CLO VI Ltd (“CLO VI”), an exempted company incorporated with limited liability under the laws of the Cayman Islands. CLO VI is 100% owned by the Fund and is consolidated in the Fund’s consolidated financial statements. CLO VI issued Class B-R Notes, Class C-R Notes and Subordinated Notes to the Fund through AB PCI Direct Lending Fund CLO VI Depositor LLC, a wholly-owned subsidiary of the Fund established on June 28, 2019.

On February 7, 2020, the Fund and an affiliate of Abbott Capital Management, LLC (“Abbott”) became members of, ABPCIC Equity Holdings, LLC (“ABPCICE”), a Delaware limited liability company and a special purpose vehicle designed to invest in private equity investments sourced by Abbott. The Fund is the managing member and owns 100% of the Class L Units and 93% of the Class A Units of ABPCICE. As a result, the Fund consolidates ABPCICE in its consolidated financial statements and records a non-controlling interest of the equity interests in ABPCICE not held by the Fund.

On July 30, 2020, February 11, 2021 and January 13, 2023, the Adviser established ABPCIC Funding II LLC (“ABPCIC Funding II”), ABPCIC Funding III LLC (“ABPCIC Funding III”) and ABPCIC Funding IV LLC (“ABPCIC Funding IV”), respectively, Delaware limited liability

companies. ABPCIC Funding II, ABPCIC Funding III and ABPCIC Funding IV are 100% owned by the Fund and are consolidated in the Fund's consolidated financial statements commencing from the date of their formation.

On January 5, 2023, the Adviser established ABPCI Direct Lending Fund CLO XIII LTD ("CLO XIII"), a private company limited by shares incorporated under the laws of Jersey. CLO XIII is 100% owned by the Fund and is consolidated in the Fund's consolidated financial statements commencing from the date of its formation. CLO XIII issued Class D Notes and Subordinated Notes to the Fund through ABPCI Direct Lending Fund CLO XIII Depositor LLC, a wholly-owned subsidiary of the Fund established on April 3, 2023.

The Adviser has established certain additional consolidated subsidiaries that are subject to U.S. federal and state corporate level income taxes to hold certain equity or equity-like investments in portfolio companies.

2. Significant Accounting Policies

The Fund is an investment company under accounting principles generally accepted in the United States of America (“GAAP”) and follows the accounting and reporting guidance applicable to investment companies in the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 946, *Financial Services – Investment Companies*. The Fund has prepared the consolidated financial statements and related financial information pursuant to the requirements for reporting on Form 10-Q and Articles 6 and 10 of Regulation S-X. Accordingly, we have not included in this quarterly report all of the information and notes required by GAAP for annual financial statements. In the opinion of management, the unaudited financial information for the interim period presented in this report reflects all normal and recurring adjustments necessary for a fair statement of financial position and results from operations. Operating results for interim periods are not necessarily indicative of operating results for an entire year.

The functional currency of the Fund is U.S. dollars and these consolidated financial statements have been prepared in that currency.

Consolidation

The Fund will generally consolidate any wholly or substantially owned subsidiary when the design and purpose of the subsidiary is to act as an extension of the Fund’s investment operations and to facilitate the execution of the Fund’s investment strategy. Accordingly, the Fund consolidated the results of its wholly or substantially owned subsidiaries in its consolidated financial statements. The portion of net assets that is attributable to non-controlling interest in ABPCICE is presented as “Non-Controlling Interest in ABPCIC Equity Holdings, LLC”, a component of total equity, on the Fund’s consolidated statements of assets and liabilities. All intercompany balances and transactions have been eliminated in consolidation.

Reclassifications

Certain previously disclosed industry classifications have been expanded to add additional sub-industries. Investments fitting into the new sub-industries have been reclassified accordingly.

Valuation of Investment Companies

Investments in investment companies are valued at fair value. Fair values are generally determined utilizing the net asset value (“NAV”) supplied by, or on behalf of, management of each investment company, which is net of management and incentive fees or allocations charged by the investment company and is in accordance with the “practical expedient”, as defined by ASC 820. NAVs received by, or on behalf of, management of each investment company are based on the fair value of the investment company’s underlying investments in accordance with policies established by management of each investment company, as described in each of their financial statements and offering memorandum.

Cash and Cash Equivalents

Cash consists of demand deposits and money market accounts. Cash is carried at cost, which approximates fair value. The Fund maintains deposits of its cash with financial institutions, and, at times, cash held in bank accounts may exceed the Federal Deposit Insurance Corporation

insured limit. The Fund considers all highly liquid investments, with original maturities of less than ninety days and money market mutual funds as cash equivalents.

Revenue Recognition

Investment transactions are recorded on a trade-date basis. Interest income is recognized on an accrual basis. Interest income on debt instruments is accrued and recognized for those issuers who are currently paying in full or expected to pay in full. For those issuers who are in default or expected to default, interest is not accrued and is only recognized when received. Generally, when interest and/or principal payments on a loan become past due, or if the Fund otherwise does not expect the borrower to be able to service its debt and other obligations, the Fund will place the loan on non-accrual status and will cease recognizing interest income on that loan for financial reporting purposes until all principal and interest have been brought current through payment or due to restructuring such that the interest income is deemed to be collectible. The Fund generally restores non-accrual loans to accrual status when past due principal and interest is paid and, in the management's judgment, is likely to remain current. Interest income and expense include discounts accreted and premiums amortized on certain debt instruments as determined in good faith by the Adviser and calculated using the effective interest method. Loan origination fees, original issue discounts and market discounts or premiums are capitalized as part of the underlying cost of the investments and accreted or amortized over the life of the investment as interest income.

Realized gains and losses on investment transactions are determined on the specific identification method.

Certain investments in debt securities may contain a contractual payment-in-kind ("PIK") interest provision. The PIK provisions generally feature the obligation, or the option, at each interest payment date of making interest payments in (i) cash, (ii) additional debt or (iii) a combination of cash and additional debt. PIK interest, computed at the contractual rate specified in the investment's credit agreement, is accrued as interest income and recorded as interest receivable up to the interest payment date. On the interest payment date, the accrued interest receivable attributable to PIK is added to the principal balance of the investment. When additional debt is received on the interest payment date, it typically has the same terms, including maturity dates and interest rates, as the original loan. PIK interest generally becomes due on the investment's maturity date or call date.

The Fund may earn various fees during the life of the loans. Such fees include, but are not limited to, syndication, commitment, administration, prepayment and amendment fees, some of which are paid to the Fund on an ongoing basis. These fees and any other income are recognized as earned. Upon prepayment of a loan or debt security, any prepayment premiums, unamortized upfront loan origination fees and unamortized discounts are recorded as interest income.

Costs associated with entering into an investment are included in the cost of the investment, and any costs incurred relating to an unconsummated investment are expensed.

Distributions received from an equity interest, limited liability company or a limited partnership investment are evaluated to determine if the distribution should be recorded as dividend income or a return of capital.

Investment Transactions

Investment transactions are accounted for on trade date. Realized gains (losses) on investments sold are recorded on the basis of specific identification method for both consolidated financial statement and U.S. federal income tax purposes. Payable for investments purchased and receivable for investments sold on the Consolidated Statements of Assets and Liabilities, if any, represents the cost of purchases and proceeds from sales of investment securities, respectively, for trades that have been executed but not yet settled.

Non-Accrual Investments

Investments are placed on non-accrual status when it is probable that principal, interest or dividends will not be collected according to the contractual terms. Accrued interest or dividends generally are reversed when an investment is placed on non-accrual status. Interest or dividend payments received on non-accrual investments may be recognized as income or applied to principal depending upon management's judgment. Non-accrual investments are restored to accrual status when past due principal and interest or dividends are paid and, in management's judgment, principal and interest or dividend payments are likely to remain current. The Fund may make exceptions to this treatment if an investment has sufficient collateral value and is in the process of collection. As of September 30, 2023, the Fund had certain investments held in four portfolio companies on non-accrual status, which represented 1.79% and 0.27% of the total investments (excluding investments in cash equivalents, if any) at amortized cost and at fair value. As of December 31, 2022, the Fund had certain investments held in three portfolio companies on non-accrual status, which represented 0.96% and 0.26% of the total investments (excluding investments in cash equivalents, if any) at amortized cost and at fair value.

Credit Facility Related Costs, Expenses and Deferred Financing Costs

The Revolving Credit Facilities (as defined in Note 4) are recorded at carrying value, which approximates fair value. Interest expense and unused commitment fees on the Revolving Credit Facilities are recorded on an accrual basis. Unused commitment fees are included in interest and borrowing expenses in the consolidated statements of operations. Deferred financing costs include capitalized expenses related to the closing of the Revolving Credit Facilities. Amortization of deferred financing costs is computed on the straight-line basis over the contractual term. The amortization of such costs is included in interest and borrowing expenses in the consolidated statements of operations, with any unamortized amounts included in deferred financing costs on the consolidated statements of assets and liabilities.

Notes Payable Related Costs, Expenses and Unamortized Debt Issuance Costs

The Notes (as defined in Note 4) are recorded at carrying value. Interest expense on notes payable is recorded on an accrual basis. Debt issuance costs relating to notes payable are amortized on a straight-line basis over the contractual term and included in interest and borrowing expenses in the consolidated statements of operations. The unamortized debt issuance costs are included as a direct reduction of the carrying value of the notes payable (i.e. a contra liability).

Upon early termination or partial principal pay down of the Notes, the unamortized costs related to the Notes are accelerated into interest and borrowing expenses on the Fund's consolidated statements of operations.

Secured Borrowings

The Fund may finance the purchase of certain investments through sale/buy-back agreements. In a sale/buy-back agreement, the Fund enters into a trade to sell an investment and contemporaneously enters into a trade to buy the same investment back on a specified date in the future with the same counterparty. The Fund uses sale/buy-back agreements as a short-term financing alternative to its existing Revolving Credit Facilities. The Fund accounts for its sale/buy-back agreements (the "Secured Borrowings") as secured borrowings and continues to present the investment as an asset and the obligation to return the cash received as a liability within secured borrowings on the consolidated statements of assets and liabilities. Interest income earned on investments pledged under sale/buy-back agreements and financing charges associated with the sale/buy-back agreements are included within interest income and interest and borrowing expenses, respectively, on the consolidated statements of operations. Accrued interest receivable on investments and accrued financing charges on the sale/buy-back agreements are included within interest receivable and interest and borrowing expenses payable, respectively, on the consolidated statements of assets and liabilities.

Income Taxes

ASC 740, “Accounting for Uncertainty in Income Taxes” (“ASC 740”) provides guidance on the accounting for and disclosure of uncertainty in tax positions. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Fund’s tax returns to determine whether the tax positions are “more-likely-than-not” of being sustained by the applicable tax authority. Tax positions deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. Based on its analysis of its tax position for all open tax years (the current and prior two years), the Fund has concluded that it does not have any uncertain tax positions that met the recognition or measurement criteria of ASC 740. Such open tax years remain subject to examination and adjustment by tax authorities.

The Fund has elected to be treated and intends to continue to be treated for federal income tax purposes as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). So long as the Fund is able to maintain its status as a RIC, it intends not to be subject to U.S. federal income tax on the portion of its taxable income and gains distributed to stockholders, if any. To qualify for RIC tax treatment, the Fund is required to distribute at least 90% of its investment company taxable income annually, meet diversification and income requirements quarterly, meet gross income requirements annually and file Form 1120-RIC, as provided by the Code. In order for the Fund not to be subject to U.S. federal excise taxes, it must distribute annually an amount at least equal to the sum of (i) 98% of its net ordinary income (taking into account certain deferrals and elections) for the calendar year, (ii) 98.2% of its capital gains in excess of capital losses for the one-year period ending on October 31 of the calendar year and (iii) any net ordinary income and capital gains in excess of capital losses for preceding years that were not distributed during such years. The Fund, at its discretion, may carry forward taxable income in excess of calendar year dividends and pay a 4% nondeductible U.S. federal excise tax on this income. The Fund will accrue excise tax on estimated undistributed taxable income as required. As of September 30, 2023, and December 31, 2022, \$0 and \$0, respectively, of accrued excise taxes remained payable. For the three and nine months ended September 30, 2023, the Fund accrued income taxes of \$96,092 and \$374,118, respectively. For the three and nine months ended September 30, 2022, the Fund accrued income taxes of \$382,072 and \$949,155, respectively. As of September 30, 2023 and December 31, 2022, \$185,657 and \$1,303,918, respectively, of accrued income taxes remained payable.

The Fund may be subject to taxes imposed by countries in which the Fund invests. Such taxes are generally based on income and/or capital gains earned or repatriated. Taxes are accrued and applied to net investment income, net realized gains and net unrealized gain (loss) as such income and/or gains are earned.

The Fund remains subject to examination by U.S. federal and state jurisdictions, as well as international jurisdictions, and upon completion of these examinations (if undertaken by the taxing jurisdiction) tax adjustments may be necessary and retroactive to all open tax years.

Certain of the Fund’s consolidated subsidiaries are subject to U.S. federal and state corporate-level income taxes.

Use of Estimates

The preparation of the consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities, if any, at the date of the consolidated financial statements, and the reported amounts of revenues and expenses recorded during the reporting period. Actual results could differ from those estimates and such differences could be material.

Distributions

Distributions from net investment income and net realized capital gains are determined in accordance with U.S. federal income tax regulations, which may differ from those amounts determined in accordance with GAAP. The Fund may pay distributions in excess of its taxable net investment income. This excess would be a tax-free return of capital in the period and reduce the stockholder's tax basis in its Shares. These book/tax differences are either temporary or permanent in nature. To the extent these differences are permanent they are charged or credited to paid-in capital in excess of par or distributable earnings, as appropriate, in the period that the differences arise. Temporary and permanent differences are primarily attributable to differences in the tax treatment of certain loans and the tax characterization of income and non-deductible expenses. These differences are generally determined in conjunction with the preparation of the Fund's annual RIC tax return. Distributions to common stockholders are recorded on the ex-dividend date. The amount to be paid out as a distribution is determined by the Board each quarter and is generally based upon the earnings estimated by the Adviser. The Fund may pay distributions to its stockholders in a year in excess of its net ordinary income and capital gains for that year and, accordingly, a portion of such distributions may constitute a return of capital for U.S. federal income tax purposes. The Fund intends to timely distribute to its stockholders substantially all of its annual taxable income for each year, except that the Fund may retain certain net capital gains for reinvestment and, depending upon the level of the Fund's taxable income earned in a year, the Fund may choose to carry forward taxable income for distribution in the following year and pay any applicable U.S. federal excise tax. The specific tax characteristics of the Fund's distributions will be reported to stockholders after the end of the calendar year. All distributions will be subject to available funds, and no assurance can be given that the Fund will be able to declare such distributions in future periods.

The Fund has adopted a dividend reinvestment plan that provides for stockholders to receive dividends or other distributions declared by the Board in cash unless a stockholder elects to "opt in" to the dividend reinvestment plan. As a result, if the Board declares a cash distribution, then the stockholders who have "opted in" to the dividend reinvestment plan will have their cash distributions automatically reinvested in additional Shares, rather than receiving the cash distribution.

Advisory Agreement

On November 13, 2019, the Fund entered into the amended and restated advisory agreement (the “Amended and Restated Advisory Agreement”), replacing the advisory agreement the Fund entered into with the Adviser on July 27, 2017 (the “Advisory Agreement”), pursuant to which the Fund will pay the Adviser, quarterly in arrears, a base management fee calculated at an annual rate of 1.50%. The base management fee is calculated based on a percentage of the average outstanding assets of the Fund (which equals the gross value of equity and debt instruments, including investments made utilizing leverage), excluding cash and cash equivalents, during such fiscal quarter. The average outstanding assets is calculated by taking the average of the amount of assets of the Fund at the beginning and end of each month that occurs during the calculation period. The base management fee is calculated and paid quarterly in arrears but will be accrued monthly by the Fund over the fiscal quarter for which such base management fee is paid.

On March 24, 2022, the Fund entered into the second amended and restated investment advisory agreement (the “Second Amended and Restated Advisory Agreement”), replacing the Amended and Restated Advisory Agreement pursuant to which effective March 24, 2022 the base management fee shall be calculated at an annual rate of 1.375%. On March 24, 2022, the Fund and the Adviser also entered into a fee waiver letter pursuant to which the Adviser has agreed to waive a portion of the management fee in excess of the base management fee calculated at the reduced annual rate of 1.375% for the period January 1, 2022 through March 24, 2022.

For the three and nine months ended September 30, 2023, the Fund incurred a management fee of \$4,276,488 and \$12,419,430, respectively. For the three and nine months ended September 30, 2022, the Fund incurred a management fee of \$3,644,259 and \$10,438,278, respectively, of which \$0 and \$283,566, respectively, were voluntarily waived by the Adviser. As of September 30, 2023 and December 31, 2022, \$4,276,488 and \$3,778,123, respectively, of accrued management fee remained payable.

The Fund will also pay the Adviser an incentive fee that provides the Adviser with a share of the income that the Adviser generates for the Fund. The incentive fee will consist of an income-based incentive fee component and a capital-gains component, which are largely independent of each other, with the result that one component may be payable even if the other is not.

Income-Based Incentive Fee: The income-based incentive fee is calculated and payable quarterly in arrears based on the Fund’s net investment income prior to any deductions with respect to such income-based incentive fees and capital gains incentive fees (“Pre-incentive Fee Net Investment Income” or “PIFNII”) for the quarter, as further described below. PIFNII means interest income, dividend income and any other income (including any other fees, such as commitment, origination, structuring, diligence, managerial and consulting fees or other fees the Fund receives from portfolio companies) that the Fund accrues during the fiscal quarter, minus the Fund’s operating expenses for the quarter (including the base management fee, expenses payable under the administration agreement (the “Administration Agreement”) the Fund has entered into with State Street Bank and Trust (the “Administrator”), and any interest expense and dividends paid on any issued and outstanding indebtedness or preferred stock, respectively, but excluding, for avoidance of doubt, the income-based incentive fee, as well as the capital gains incentive fee (described below), accrued under GAAP). PIFNII also includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with pay-in-kind interest and zero-coupon securities), accrued income that the Fund has not yet received in cash. The Adviser is not under any obligation to reimburse the Fund for any part of the income-based incentive fees it received that was based on accrued interest that the Fund never actually received.

PIFNII does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation. Because of the structure of the income-based incentive fee, it is possible that the Fund may accrue such income-based incentive fee in a quarter where the Fund incurs a net loss. For example, if the Fund receives PIFNII in excess of a hurdle rate (as defined below) for a quarter, the Fund will accrue the applicable income-based incentive fee even if the Fund has incurred a realized and/or unrealized capital loss in that quarter. However, cash payment of the income-based incentive fee may be deferred in this situation, subject to the restrictions detailed at the end of this section.

PIFNII, expressed as a rate of return on the average value of the Fund's net assets (defined as total assets, less indebtedness and before taking into account any incentive fees payable during the period) as of the first day of each month during the course of the immediately preceding calendar quarter, will be compared to various "hurdle rates," with the income-based incentive fee rate of return increasing at each hurdle rate.

Description of Quarterly Incentive Fee Calculations

The Fund pays the Adviser an income-based incentive fee with respect to PIFNII in each calendar quarter as follows:

- No income-based incentive fee in any calendar quarter in which PIFNII does not exceed 1.5% per quarter (6% per annum), the "6% Hurdle Rate";
- 100% of PIFNII with respect to that portion of such PIFNII, if any, that exceeds the 6% Hurdle Rate but is less than 1.67% in any calendar quarter (the "6% Catch-up Cap"), approximately 6.67% per annum. This portion of PIFNII (which exceeds the 6% Hurdle Rate but is less than the 6% Catch-up Cap) is referred to as the "6% Catch-up." The 6% Catch-up is meant to provide the Adviser with 10.0% of the PIFNII as if hurdle rate did not apply if this net investment income exceeded 1.67% but was less than 1.94% in any calendar quarter; and
- 10.0% of the amount of PIFNII, if any, that exceeds the 6% Catch-up Cap, but is less than 1.94% (the "7% Hurdle Rate"), approximately 7.78% per annum. The 7% Hurdle Rate is meant to limit the Adviser to 10% of the PIFNII until the amount of PIFNII exceeds 1.94%, approximately 7.78% per annum; and
- 100% of PIFNII with respect to that portion of such PIFNII, if any, that exceeds the 7% Hurdle Rate but is less than 2.06% in any calendar quarter (the "7% Catch-up Cap"), approximately 8.24% per annum. This portion of PIFNII (which exceeds the 7% Hurdle Rate but is less than the 7% Catch-up Cap) is referred to as the "7% Catch-up." The 7% Catch-up is meant to provide the Adviser with 15.0% of the PIFNII as if a hurdle rate did not apply if this net investment income exceeded 2.06% but was less than 2.35% in any calendar quarter; and
- 15.0% of the amount of PIFNII, if any, that exceeds the 7% Catch-up Cap, but is less than 2.35% (the "8% Hurdle Rate"), approximately 9.41% per annum. The 8% Hurdle Rate is meant to limit the Adviser to 15% of the PIFNII until the amount of PIFNII exceeds 2.35%, approximately 9.41% per annum; and
- 100% of PIFNII with respect to that portion of such PIFNII, if any, that exceeds the 8% Hurdle Rate but is less than 2.50% in any calendar quarter (the "8% Catch-up Cap"), approximately 10% per annum. This portion of PIFNII (which exceeds the 8% Hurdle Rate but is less than the 8% Catch-up cap) is referred to as the "8% Catch-up." The 8% Catch-up is meant to provide the Adviser with 20.0% of the PIFNII as if a hurdle rate did not apply if this net investment income exceeded 2.50% in any calendar quarter; and
- 20.0% of the amount of PIFNII, if any, that exceeds 2.50% in any calendar quarter.

For the three and nine months ended September 30, 2023, the Fund incurred income-based incentive fees of \$3,125,822 and \$8,480,899, respectively. For the three and nine months ended September 30, 2022, the Fund incurred income-based incentive fees of \$1,275,176 and \$4,158,321, respectively. As of September 30, 2023 and December 31, 2022, \$5,726,295 and \$2,534,935, respectively, of accrued income-based incentive fees remained payable.

The capital gains fee shall be determined and payable in arrears as of the end of each calendar year (or upon termination of this Agreement as set forth below), and will equal 20.0% of the Fund's aggregate cumulative realized capital gains, if any, from the date of the Fund's election to be regulated as a BDC through the end of each calendar year, computed net of all aggregate cumulative realized capital losses and aggregate cumulative unrealized capital depreciation, less the aggregate amount of any previously paid capital gain incentive fees, with respect to each of the investments in the Fund's portfolio. The Fund's "aggregate cumulative realized capital gains" will not include any unrealized appreciation. The capital gains fee is not subject to any minimum return to stockholders. If such amount is negative, then no capital gains fee will be payable for such year. In the event that this Agreement shall terminate as of a date that is not a calendar year end, the termination date shall be treated as though it were a calendar year end for purposes of calculating and paying a capital gains fee.

While the capital gains fee to be paid is determined above, GAAP requires such fee to be accrued as if the Fund were to be terminated and liquidated at period end hypothetical liquidation. There was no capital gains incentive fee under GAAP recognized for the three and nine months ended September 30, 2023. For the three

and nine months ended September 30, 2022, the Fund reduced the previously recognized capital gains incentive fee under GAAP by \$(499,007) and \$(1,283,044), which was not realized. As of September 30, 2023 and December 31, 2022, \$0 and \$0, respectively, of capital gains incentive fee remained payable.

The amount of capital gains incentive fee expense related to a hypothetical liquidation of the portfolio (and assuming no other changes in realized or unrealized gains and losses) would only become payable to the Adviser in the event of a complete liquidation of the Fund's portfolio as of period end and the termination of the Amended and Restated Advisory Agreement on such date. Also, it should be noted that the capital gains incentive fee expense fluctuates with the Fund's overall investment results.

The Fund will defer cash payment of any income-based incentive fee and/or any capital gains incentive fee otherwise earned by the Adviser if during the most recent four full fiscal quarter periods ending on or prior to the date such payment is to be made, the sum of (a) the PIFNIL, and (b) the realized capital gain / loss and (c) unrealized capital appreciation/ depreciation expressed as a rate of return on the value of our net assets, is less than 6.0%. Any such deferred fees are carried over for payment in subsequent calculation periods to the extent such payment is payable under the Amended and Restated Advisory Agreement.

Administration Agreement and Expense Reimbursement Agreement

The Fund has entered into the Administration Agreement with the Administrator and a separate expense reimbursement agreement with the Adviser (the "Expense Reimbursement Agreement") under which any allocable portion of the cost of its Chief Compliance Officer and Chief Financial Officer and their respective staffs will be reimbursed by the Fund. Under the Administration Agreement, the Administrator will be responsible for providing the Fund with clerical, bookkeeping, recordkeeping and other administrative services. The Fund will reimburse the Adviser an amount equal to the Fund's allocable portion (subject to the review of its Board) of its overhead resulting from its obligations under the Expense Reimbursement Agreement, including the allocable portion of the cost of its Chief Compliance Officer and Chief Financial Officer and their respective staffs.

Expense Support and Conditional Reimbursement Agreement

On September 29, 2017, the Fund and the Adviser entered into an agreement (the "Expense Support and Conditional Reimbursement Agreement") to limit certain of the Fund's Operating Expenses, as defined below, to no more than 1.5% of the Fund's average quarterly gross assets. To achieve this percentage limitation, the Adviser has agreed to reimburse the Fund for certain Operating Expenses on a quarterly basis (any such payment by the Adviser, an "Expense Payment") and the Fund has agreed to later repay such amounts (any such payment by the Fund, a "Reimbursement Payment"), pursuant to the terms of the Expense Support and Conditional Reimbursement Agreement. The actual percentage of Operating Expenses paid by the Fund in any quarter after deducting any Expense Payment, as a percentage of the Fund's average quarterly gross assets, is referred to as the "Percentage Limit."

Any Expense Payment by the Adviser pursuant to the Expense Support and Conditional Reimbursement Agreement will be subject to repayment by the Fund on a quarterly basis within the three years following the fiscal quarter of the Fund in which the Operating Expenses were paid or absorbed, if the total Operating Expenses for the current quarter, including Reimbursement Payments, expressed as a percentage of the Fund's average gross assets during such quarter is less than the then-current Percentage Limit, if any, and the Percentage Limit that was in effect at the time when the Adviser reimbursed the Operating Expenses that are the subject of the repayment, subject to certain provisions of the Expense Support and Conditional Reimbursement Agreement, as described below. For purposes of the Expense Support and Conditional Reimbursement Agreement, "Operating Expenses" means the Fund's Total Operating Expenses (as defined below), excluding base management fees, incentive fees, distribution and stockholder servicing fees, financing fees and costs, interest expense, brokerage commissions and extraordinary expenses and "Total Operating Expenses" means all of the Fund's operating costs and expenses incurred, as determined in accordance with generally accepted accounting principles for investment companies.

However, no Reimbursement Payment for any quarter will be made if: (1) the Effective Rate of Distributions Per Share (as defined below) declared by the Fund at the time of such Reimbursement Payment is less than or equal to the Effective Rate of Distributions Per Share at the time the Expense Payment was made to which such Reimbursement Payment relates, or (2) the Fund's Operating Expense Ratio at the time of such Reimbursement Payment is greater than or equal to the Operating Expense Ratio (as defined below) at the time the Expense Payment was made to which such Reimbursement Payment relates. For purposes of the Expense Support and Conditional Reimbursement Agreement, "Effective Rate of Distributions Per Share" means the annualized rate (based on a 365-day year) of regular cash distributions per Share exclusive of returns of capital, distribution rate reductions due to distribution and stockholder fees, and declared special dividends or

special distributions, if any. The “Operating Expense Ratio” is calculated by dividing Operating Expenses in any quarter by the Fund’s average net assets in such quarter.

The specific amount of expenses paid by the Adviser, if any, will be determined at the end of each quarter. The Fund or the Adviser may terminate the Expense Support and Conditional Reimbursement Agreement at any time, with or without notice. The Expense Support and Conditional Reimbursement Agreement will automatically terminate in the event of (a) the termination of the Amended and Restated Advisory Agreement, or (b) the Board of the Fund making a determination to dissolve or liquidate the Fund. Upon termination of the Expense Support and Conditional Reimbursement Agreement, the Fund will be required to fund any Expense Payments, subject to the aforementioned requirements per the Expense Support and Conditional Reimbursement Agreement, that have not been reimbursed by the Fund to the Adviser.

Transfer Agency Agreement

On September 26, 2017, the Fund and Alliance Bernstein Investor Services, Inc. (“ABIS”), an affiliate of the Fund, entered into an agreement pursuant to which ABIS will provide transfer agent services to the Fund. The Fund bears the expenses related to the agreement with ABIS.

For the three and nine months ended September 30, 2023, the Fund accrued \$36,929 and \$108,416, respectively, in transfer agent fees. For the three and nine months ended September 30, 2022, the Fund accrued \$32,503 and \$88,020, respectively, in transfer agent fees. As of September 30, 2023 and December 31, 2022, \$36,929 and \$34,224, respectively, of accrued transfer agent fees remained payable.

Co-investment Activity

The Fund may be prohibited under the 1940 Act from participating in certain transactions with its affiliates without prior approval of the directors who are not interested persons, and in some cases, the prior approval of the SEC. The Fund, the Adviser and certain of their affiliates have been granted exemptive relief by the SEC for the Fund to co-invest with other funds managed by the Adviser or its affiliates in a manner consistent with the Fund’s investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to such exemptive relief, the Fund generally is permitted to co-invest with certain of its affiliates if a “required majority” (as defined in Section 57(o) of the 1940 Act) of the Board make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to the Fund and its shareholders and do not involve overreaching of the Fund or its shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of the Fund’s shareholders and is consistent with its investment objective and strategies, (3) the investment by its affiliates would not disadvantage the Fund, and the Fund’s participation would not be on a basis different from or less advantageous than that on which its affiliates are investing and (4) the proposed investment by the Fund would not benefit the Adviser or its affiliates or any affiliated person of any of them (other than the parties to the transaction), except to the extent permitted by the exemptive relief and applicable law, including the limitations set forth in Section 57(k) of the 1940 Act. As a result of exemptive relief, there could be significant overlap in the Fund’s investment portfolio and the investment portfolio of other funds managed by the Adviser or its affiliates that could avail themselves of the exemptive relief and that have an investment objective similar to the Fund’s.

Affiliates

As defined in the Investment Company Act, the investment is deemed to be a “controlled affiliated person” of the Fund because the Fund owns, either directly or indirectly, 25% or more of the portfolio company’s outstanding voting securities or has the power to exercise control over management or policies of such portfolio company. The table below presents the Fund’s affiliated investments:

4. Borrowings

Credit Facilities

HSBC Credit Facility

On July 8, 2021, the Fund entered into Joinder and Third Amendment to Revolving Credit Agreement (the “HSBC Joinder”), with HSBC as administrative agent and a lender, and each of the parties listed thereto, pursuant to which the Fund became party to a subscription financing facility (the “2021 HSBC Credit Facility”) evidenced by Revolving Credit Agreement, dated as of June 14, 2019 (as amended, restated, supplemented or otherwise modified from time to time, the “2021 HSBC Credit Agreement”), by and among AB-Abbott Private Equity Investors 2019 (Delaware) Fund L.P., AB-Abbott Private Equity Investors 2020 (Delaware) Fund L.P., AB-Abbott Private Equity Solutions 2021 (Delaware) Fund L.P., AB Private Credit Investors Middle Market Direct Lending Fund L.P., AB-Abbott Private Equity Solutions 2022 (Delaware), affiliates of the Fund, the banks and financial institutions from time to time party thereto as lenders, and HSBC as administrative agent. The Fund Group Facility Sublimit (as defined in the 2021 HSBC Credit Agreement) applicable to the Fund under the 2021 HSBC Credit Facility is \$50 million. Borrowings under the 2021 HSBC Credit Facility bear interest at a rate per annum equal to (i) with respect to SOFR Loans, Adjusted Term SOFR (as defined in the 2021 HSBC Credit Agreement) plus the Applicable Margin (as defined in the 2021 HSBC Credit Agreement) for the applicable Interest Period (as defined in the 2021 HSBC Credit Agreement) and (ii) with respect to Reference Rate Loans (as defined in the 2021 HSBC Credit Agreement), the Reference Rate (as defined in the 2021 HSBC Credit Agreement) in effect from day to day. The Fund will also pay an unused commitment fee of 0.35%. Proceeds under the 2021 HSBC Credit Agreement may be used for any purpose permitted under the Fund’s organizational documents, including general corporate purposes such as the making of investments. The 2021 HSBC Credit Agreement contains certain customary covenants and events of default, with customary cure and notice provisions. As of September 30, 2023, the Fund is in compliance with these covenants. The Fund’s obligations under the 2021 HSBC Credit Agreement are secured by the Capital Commitments and capital contributions.

On June 10, 2022, the Fund entered into amendment no. 6 to the 2021 HSBC Credit Agreement. The 2021 HSBC Credit Agreement Amendment no. 6 (i) extended the maturity date of the 2021 HSBC Credit Facility from June 10, 2022 to June 9, 2023 and (ii) reduced the Fund’s sublimit commitment from \$50,000,000 to \$33,000,000.

On November 10, 2022, the Fund entered into amendment no. 7 to the 2021 HSBC Credit Agreement. The 2021 HSBC Credit Agreement Amendment no. 7 (i) temporarily increased the 2021 HSBC Credit Facility’s maximum commitment from \$135,000,000 to \$200,000,000 until March 31, 2023 (the “Temporary Increase Maturity Date”) and (ii) temporarily increased the Fund’s sublimit commitment from \$33,000,000 to \$50,000,000 until the Temporary Increase Maturity Date.

On March 30, 2023, the Fund entered into amendment no. 8 to the 2021 HSBC Credit Agreement. The 2021 HSBC Credit Agreement Amendment no. 8 extended the Temporary Increase Maturity Date from March 31, 2023 until June 9, 2023.

On June 9, 2023, the Fund entered into amendment no. 9 to the 2021 HSBC Credit Agreement. The 2021 HSBC Credit Agreement Amendment no. 9 (i) extended the maturity date of the 2021 HSBC Credit Facility from June 9, 2023 to June 7, 2024 and (ii) reduced the Fund’s sublimit commitment from \$33,000,000 to \$31,000,000.

Synovus Credit Facility

On October 15, 2020, ABPCIC Funding II entered into a revolving credit facility (the “Synovus Credit Facility”) with Synovus Bank, Specialty Finance Division (“Synovus”), as facility agent, and U.S. Bank, National Association (“U.S. Bank”), as collateral agent (in such capacity, the “Synovus Collateral Agent”), collateral custodian (in such capacity, the “Synovus Collateral Custodian”) and securities intermediary (in such capacity, the “Synovus Securities Intermediary”). On April 16, 2021, pursuant to an amendment to the loan financing and servicing agreement (the “Synovus Loan Agreement”), the Fund increased the commitment of the existing lender by \$20,000,000 from \$100,000,000 to \$120,000,000 and added WebBank as an additional lender with a commitment of \$30,000,000.

On December 31, 2021, pursuant to an amendment to the Synovus Loan Agreement, ABPCIC Funding II added Axos Bank as an additional lender with a commitment of \$50,000,000.

The Synovus Credit Facility provides for borrowings in an aggregate amount up to \$200,000,000. Borrowings under the Synovus Credit Facility bear interest based on an annual adjusted SOFR for the relevant interest period, plus an applicable spread. Interest is payable quarterly in arrears. Any amounts borrowed under the Synovus Credit Facility will mature, and all accrued and unpaid interest thereunder will be due and payable, on the earlier of (i) October 15, 2025 (or such later date mutually agreed to by ABPCIC Funding II and Synovus) or (ii) upon certain events which result in accelerated maturity under the agreements establishing the Synovus Credit Facility. Borrowing under the Synovus Credit Facility is subject to certain restrictions contained in the 1940 Act.

Borrowings under the Synovus Credit Facility are secured by all of the assets held by ABPCIC Funding II. Pursuant to the agreements establishing the Synovus Credit Facility, the Adviser will perform certain duties with respect to the purchase and management of the assets securing the Synovus Credit Facility. The Adviser will not receive a fee for these services so long as the Adviser or an affiliate thereof continues providing such services. ABPCIC Funding II will reimburse all reasonable expenses, disbursements and advances incurred or made by the Adviser in the performance of its obligations relating to the Synovus Credit Facility.

All of the collateral pledged to the lenders by ABPCIC Funding II under the Synovus Credit Facility is held in the custody of the Synovus Collateral Custodian or the Synovus Securities Intermediary. The Synovus Collateral Custodian will maintain and perform certain custodial services with respect to the collateral pledged to support the Synovus Credit Facility. As compensation for the services rendered by U.S. Bank in its capacities as Synovus Collateral Custodian and Synovus Collateral Agent, ABPCIC Funding II will pay U.S. Bank, on a quarterly basis, customary fee amounts and reimburse U.S. Bank for its reasonable out-of-pocket expenses. The Synovus Credit Facility contains certain customary covenants and events of default, with customary cure and notice provisions. As of September 30, 2023, the Fund is in compliance with these covenants.

Natixis Credit Facility

On March 24, 2021, ABPCIC Funding III entered into a warehouse financing transaction (the “2021 Natixis Credit Facility”) with Natixis, New York Branch, as administrative agent and U.S. Bank as collateral agent, collateral administrator and custodian. The reinvestment period of ABPCIC Funding III expired on March 24, 2023. On May 3, 2023, ABPCIC Funding III merged with CLO XIII (the “ABPCIC Funding III Merger”) as part of the closing of the CLO XIII Transaction (as defined below). The 2021 Natixis Credit Facility was terminated in connection with the ABPCIC Funding III Merger.

On April 21, 2023, ABPCIC Funding IV entered into a warehouse financing transaction (the “Natixis Credit Facility,” and together with the 2021 HSBC Credit Facility and the Synovus Credit Facility, the “Revolving Credit Facilities”) with Natixis, New York Branch, as

administrative agent (in such capacity, the “Natixis Administrative Agent”) and U.S. Bank Trust Company, National Association, as collateral agent (in such capacity, the “Natixis Collateral Agent”) and collateral administrator (in such capacity, the “Natixis Collateral Administrator”). In connection with the Natixis Credit Facility, ABPCIC Funding IV entered into, among other agreements, (i) the credit agreement (the “Natixis Credit Agreement”) among ABPCIC Funding IV, the lenders referred to therein, the Natixis Administrative Agent, the Natixis Collateral Agent and the Natixis Collateral Administrator, (ii) the account control agreement

(the “Natixis Account Control Agreement”) among ABPCIC Funding IV, as debtor, the Natixis Collateral Agent, as secured party, and U.S. Bank National Association, as securities intermediary (in such capacity, the “Natixis Securities Intermediary”), (iii) the collateral management agreement (the “Natixis Collateral Management Agreement”), between ABPCIC Funding IV and the Adviser, as collateral manager (in such capacity, the “Natixis Collateral Manager”), (iv) the collateral administration agreement (the “Natixis Collateral Administration Agreement”), among ABPCIC Funding IV, the Natixis Collateral Manager and the Natixis Collateral Administrator and (v) the master loan sale and contribution agreement between ABPCIC Funding IV and the Fund.

The Natixis Credit Agreement provides for borrowings in an aggregate amount up to \$200,000,000. Borrowings under the Natixis Credit Agreement will bear interest based on an adjusted term standard overnight financing rate for the relevant interest period or the applicable replacement thereto provided for in the Natixis Credit Agreement, in each case, plus an applicable spread. Interest is payable quarterly in arrears. Any amounts borrowed under the Natixis Credit Agreement will mature, and all accrued and unpaid interest thereunder will be due and payable, on the earlier of (i) April 21, 2033 (or such later date mutually agreed to by ABPCIC Funding IV and the Natixis Administrative Agent) or (ii) upon certain other events which result in accelerated maturity under the Natixis Credit Facility. Borrowing under the Natixis Credit Facility is subject to certain restrictions contained in the 1940 Act.

Borrowings under the Natixis Credit Agreement are secured by all of the assets held by ABPCIC Funding IV. Pursuant to the Natixis Collateral Management Agreement, the Natixis Collateral Manager will perform certain duties with respect to the purchase and management of the assets securing the Natixis Credit Facility. There is no collateral management fee charged as long as Adviser serves as a collateral manager. ABPCIC Funding IV will reimburse the expenses incurred by the Natixis Collateral Manager in the performance of its obligations under the Natixis Collateral Management Agreement other than any ordinary overhead expenses, which shall not be reimbursed. ABPCIC Funding IV has made customary representations and warranties under the Natixis Collateral Management Agreement and is required to comply with various covenants, reporting requirements and other customary requirements for similar credit facilities. As of September 30, 2023, the Fund is in compliance with these covenants.

All of the collateral pledged to the lenders by ABPCIC Funding IV under the Natixis Credit Agreement is held in the custody of the Natixis Securities Intermediary under the Natixis Account Control Agreement. The Natixis Collateral Administrator will maintain and perform certain collateral administration services with respect to the collateral pursuant to the Natixis Collateral Administration Agreement. As compensation for the services rendered by the Natixis Collateral Administrator, ABPCIC Funding IV will pay the Natixis Collateral Administrator, on a quarterly basis, customary fee amounts and reimburse the Natixis Collateral Administrator for its reasonable out-of-pocket expenses. The Natixis Collateral Administration Agreement and the obligations of the Natixis Collateral Administrator will continue until the earlier of (i) the liquidation of the collateral and the final distribution of the proceeds of such liquidation, (ii) the date on which all obligations have been paid in full or (iii) the termination of the Natixis Collateral Management Agreement.

The Fund’s outstanding borrowings through the Revolving Credit Facilities as of September 30, 2023 were as follows:

| | Aggregate Borrowing Amount Committed | Outstanding Borrowing | Amount Available | Carrying Value |
|--------------|-----------------------------------------|--------------------------|----------------------|----------------------|

| Total | \$ 550,000,000 | \$448,000,000 | \$102,000,000 | \$448,000,000 |

As of September 30, 2023 and December 31, 2022, deferred financing costs were \$925,433 and \$1,146,619, respectively, which remain to be amortized, and are reflected on the consolidated statements of assets and liabilities.

Collateralized Loan Obligations

CLO VI

On August 9, 2019, CLO VI (the "VI Issuer") and ABPCI Direct Lending Fund CLO VI LLC, a limited liability company organized under the laws of the State of Delaware (the "VI Co-Issuer," and together with the VI Issuer, the "VI Co-Issuers"), each a newly formed special purpose vehicle, completed a \$300,500,000 term debt securitization (the "CLO VI Transaction"). The stated reinvestment date was August 9, 2022.

The CLO VI indenture was refinanced under terms of the first supplemental indenture dated April 28, 2022 among the VI Issuer and U.S. Bank National Association, as trustee. As a result of the refinancing, the outstanding notes (other than the Subordinated Notes) under the indenture dated August 9, 2019 in the amount of \$246,900,000 were paid off, and the unamortized debt discount and debt issuance costs were accelerated into interest and borrowing expenses on the consolidated statements of operations. The VI Issuer issued new notes as listed below, as well as additional Subordinated Notes in the amount of \$7,720,000.

The CLO VI Transaction was executed through a private placement and the notes offered (the "VI Notes") that remain outstanding as of September 30, 2023 and December 31, 2022 were as follows:

(1) Carrying value is net of unamortized discount and debt issuance costs. Unamortized discount and debt issuance costs associated with the VI Notes totaled \$414,624 and \$1,229,809, respectively, as of December 31, 2022 and are reflected on the consolidated statements of assets and liabilities.

The CLO VI indenture provides that the holders of the VI Notes are to receive quarterly interest payments, in arrears, on the 27th day in January, April, July and October of each year, commencing in July 2022. The VI Notes will mature on April 27, 2034.

The VI Notes are the secured obligations of the VI Co-Issuers, and the indenture governing the VI Notes includes customary covenants and events of default. The VI Notes have not been, and will not be, registered under the Securities Act or any state securities or "blue sky" laws and may not be offered or sold in the United States absent registration with the Securities and Exchange Commission or an applicable exemption from registration.

The Adviser serves as collateral manager to the VI Issuer pursuant to a collateral management agreement between the Adviser and the VI Issuer (the "CLO VI Collateral Management Agreement"). For so long as the Adviser serves as collateral manager to the VI Issuer, the Adviser will elect to irrevocably waive any base management fee or subordinated interest to

which it may be entitled under the CLO VI Collateral Management Agreement. For the three and nine months ended September 30, 2023, the Fund did not incur any collateral management fees. For the three and nine months ended September 30, 2022, the Fund incurred collateral management fees of \$0 and \$588,476, respectively, which were voluntarily waived by the Adviser. Pursuant to a new CLO notes issuance, a collateral management fee is no longer charged as long as the Adviser serves as a collateral manager.

CLO XIII

On May 3, 2023, CLO XIII (the “XIII Issuer”), ABPCI Direct Lending Fund CLO XIII LLC, a limited liability company organized under the laws of the State of Delaware (the “XIII Co-Issuer,” and together with the XIII Issuer, the “XIII Co-Issuers”), ABPCI Direct Lending Fund CLO XIII First Static Subsidiary Ltd (the “First Static Subsidiary”) and ABPCI Direct Lending Fund CLO XIII Second Static Subsidiary Ltd (the “Second Static Subsidiary” and together with the First Static Subsidiary, the “Static Subsidiaries”, and together with the XIII Co-Issuers, the “XIII Issuer Entities”), each a newly formed special purpose vehicle, completed a \$395,000,000 term debt securitization (the “CLO XIII Transaction”). The stated reinvestment date was April 27, 2027.

The CLO XIII Transaction was executed through a private placement and the notes offered (the “XIII Notes”) that remain outstanding as of September 30, 2023 were as follows:

| | September 30, 2023 | | |
|-----------------------------------------------------------|--------------------|-------------------|-------------------------------|
| | Principal Amount | Interest Rate | Carrying Value ⁽¹⁾ |
| Class A Senior Secured Floating Rate Note (“Class A”) | \$228,000,000 | Term SOFR + 2.60% | \$225,562,955 |

| Class C Secured Deferrable Floating Rate Note (“Class C”) | \$ 36,000,000 | Term SOFR + 4.55% | \$ 35,615,204 |
| Class D Secured Deferrable Floating Rate Note (“Class D”) | \$ 28,000,000 | Term SOFR + 6.90% | \$ — * |
| Subordinated Notes | \$ 67,000,000 | N/A | \$ — * |

* Class D and Subordinated Notes are held by the Fund and have been eliminated in consolidation.

(1) Carrying value is net of unamortized discount and debt issuance costs. Unamortized discount and debt issuance costs associated with the XIII Notes totaled \$0 and \$3,206,637, respectively, as of September 30, 2023 and are reflected on the consolidated statements of assets and liabilities.

The CLO XIII indenture provides that the holders of the XIII Notes are to receive quarterly interest payments, in arrears, on the 27th day in January, April, July and October of each year, commencing in October 2023. The XIII Notes will mature on April 27, 2035.

The XIII Notes are the secured obligations of the XIII Issuer Entities, and the indenture governing the XIII Notes includes customary covenants and events of default. The XIII Notes have not been, and will not be, registered under the Securities Act or any state securities or “blue sky” laws and may not be offered or sold in the United States absent registration with the Securities and Exchange Commission or an applicable exemption from registration.

The Adviser serves as collateral manager to the XIII Issuer pursuant to a collateral management agreement between the Adviser and the XIII Issuer (the “CLO XIII Collateral

Management Agreement”). For so long as the Adviser serves as collateral manager to the XIII Issuer, a collateral management fee shall not be charged.

Secured Borrowings

From time to time, the Fund may engage in sale/buy-back agreements, with Macquarie US Trading LLC (the “Macquarie Sale/Buy Back”), which are a type of secured borrowing. The amount, interest rate and terms of these agreements will be individually negotiated on a transaction-by-transaction basis. Each borrowing is secured by an interest in an underlying asset which is participated or assigned to the sale/buy-back counterparty for the duration of the agreement.

There were no Secured Borrowings outstanding as of September 30, 2023.

Secured Borrowings outstanding as of December 31, 2022, were as follows:

| Loan Name | Trade Date | Maturity Date | bps Daily Rate | Amount |
|---------------|------------|---------------------------------|----------------|--------------------|
| Saviynt, Inc. | 12/22/2022 | 90 days or less from trade date | 2.27 | \$5,917,275 |
| | | | | <u>\$5,917,275</u> |

As of September 30, 2023 and December 31, 2022 total outstanding borrowings, net of unamortized discount and debt issuance costs, under the Revolving Credit Facilities, Notes, and Secured Borrowings were \$825,709,941 and \$699,022,842, respectively.

Interest Expense on Borrowings

For the three and nine months ended September 30, 2023 and September 30, 2022, the components of interest and other debt expenses related to the borrowings were as follows:

| Average outstanding balance | \$802,867,391 | \$656,301,827 | \$781,454,410 | \$627,445,522 |

(1) Calculated as the amount of the stated interest and borrowing expenses divided by average borrowings during the period.

5. Fair Value Measurement

In accordance with ASC 820, fair value is defined as the price that the Fund would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a framework for measuring fair value and a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability as of the reporting date.

Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Fund. Unobservable inputs reflect the Fund's own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. Each investment is assigned a level based upon the observability of the inputs which are significant to the overall valuation.

The three-tier hierarchy of inputs is summarized below:

- Level 1 – Quoted prices in active markets for identical investments.
- Level 2 – Other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.).
- Level 3 – Significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments at the reporting date).

The level in the fair value hierarchy within which the fair value measurement is categorized in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. If a fair value measurement uses price data vendors or observable market price quotations, that measurement is usually a Level 2 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes "observable" requires significant judgment by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

For certain investments, the Fund uses the net asset value of these investments as a practical expedient to determine their fair value. Due to the uncertainty inherent in valuing such positions, their estimated values could differ significantly from the values that could have been used had a ready market for such positions existed.

Valuation of Investments

Pursuant to the amended SEC Rule 2a-5 of the 1940 Act, the Board designated the Adviser as the Fund's "valuation designee." In this capacity, the Adviser is responsible, among other things, for making all fair value determinations relating to the Fund's portfolio investments, subject to the Board's oversight. Investments are valued at fair value as determined in good faith by our Adviser, as valuation designee, based on input of management, the audit committee and independent valuation firms that have been engaged to assist in the valuation of each portfolio investment without a readily available market quotation under a valuation policy. The Adviser principally carries out its fair value responsibilities through its Valuation Sub-Committee. This valuation process is conducted at the end of each fiscal quarter.

The fair values of loan investments based upon pricing data vendors or observable market price quotations are generally categorized as Level 2; however, those priced using models with significant unobservable inputs are categorized as Level 3.

In determining the fair value of the Fund's Level 3 debt and equity positions, the Adviser and the independent valuation firms use the following factors where relevant: loan to value ("LTV") based on an enterprise value determined using the original purchase price, public equity comparable, recent M&A transaction, and a discounted cash flow ("DCF") analysis, and yields from comparable loans, comparable high yield bonds, high yield indexes and loan indexes ("comparable yields").

Due to the inherent uncertainty of valuations, however, estimated fair values may differ from the values that would have been used had a readily available market for the securities existed and the differences could be material.

The following table summarizes the valuation of the Fund's investments as of September 30, 2023:

For the year ended December 31, 2022, amounts of \$426,294 of Common Stock were transferred into Level 3 from Investments valued at net asset value as a practical expedient due to the decreased transparency of the price inputs used in the valuation of these positions. Further, amounts of \$802,902 of Common Stock were transferred out of Level 3 as these positions are now valued using their net asset values as a practical expedient and therefore are excluded from levels 1, 2 or 3.

The following tables present the ranges of significant unobservable inputs used to value the Fund's Level 3 investments as of September 30, 2023 and December 31, 2022, respectively. These ranges represent the significant unobservable inputs that were used in the valuation of each type of investment. These inputs are not representative of the inputs that could have been used in the valuation of any one investment. Accordingly, the ranges of inputs presented below do not represent uncertainty in, or possible ranges of, fair value measurements of the Fund's Level 3 investments.

7. Net Assets

Equity Issuance

In connection with its formation, the Fund has the authority to issue 200,000,000 Shares.

On September 29, 2017, the Fund completed its Initial Closing after entering into Subscription Agreements with several investors, including the Adviser, providing for the private placement of Shares. Under the terms of the Subscription Agreements, investors are required to fund drawdowns to purchase Shares up to the amount of their respective Capital Commitments on an as-needed basis upon the issuance of a capital draw-down notice. At September 30, 2023 the Fund had total Capital Commitments of \$629,019,653, of which 14% or \$90,663,743 is unfunded. At December 31, 2022, the Fund had total Capital Commitments of \$572,772,226, of which 14% or \$77,483,361 was unfunded. The minimum Capital Commitment of an investor is \$50,000. The Adviser, however, may waive the minimum Capital Commitment at its discretion.

Capital Commitments may be drawn down by the Fund on a pro rata basis, as needed (including for follow-on investments), for paying the Fund's expenses, including fees under the Amended and Restated Advisory Agreement, and/or maintaining a reserve account for the payment of future expenses or liabilities.

The following table summarizes the total Shares issued and amount received related to capital drawdowns delivered pursuant to the Subscription Agreements during the nine months ended September 30, 2023 and September 30, 2022:

Dividend Reinvestment Plan

On September 26, 2017, the Fund adopted a dividend reinvestment plan, which was amended and restated on November 11, 2021 (the "DRIP"). Pursuant to the DRIP (both before and after it was amended), stockholders receive dividends or other distributions in cash unless a stockholder elects to reinvest his or

her dividends and other distributions. As a result of adopting the DRIP, if the Board authorizes, and the Fund declares, a cash dividend or distribution, stockholders who have opted into the DRIP will have their cash dividends or distributions automatically reinvested in additional Shares, rather than receiving cash.

The following tables summarize Shares distributed pursuant to the DRIP during the nine months ended September 30, 2023 and September 30, 2022 to stockholders who opted into the DRIP:

General Tender Program

Beginning with the quarter ended March 31, 2021, the Fund began to conduct quarterly general tender offers (each, a “General Tender,” and collectively, the “General Tender Program”), at the Board’s discretion, in accordance with the requirements of Rule 13e-4 under the Exchange Act and the 1940 Act, to allow each of its stockholders to tender Shares at a specific per Share price (the “Purchase Price”) based on the Fund’s net asset value as of the last date of the quarter in which the General Tender is conducted. The Fund intends to conduct each General Tender to repurchase up to a certain percentage of the weighted average of the number of Shares outstanding during the three-month period prior to the quarter in which the General Tender is conducted. The General Tender Program includes numerous restrictions that limit stockholders’ ability to sell their Shares.

The following table summarizes share repurchases completed during the nine months ended September 30, 2023:

- (1) The per share data was derived by using the weighted average shares outstanding during the applicable period.
- (2) Ratios calculated with Net Assets excluding the Non-Controlling Interest.
- (3) The per share data for distributions is the actual amount of distributions paid or payable per share of common stock outstanding during the entire period.
- (4) Total return based on NAV is calculated as the change in NAV per share during the respective periods, assuming dividends and distributions, if any, are reinvested in accordance with the Fund's dividend reinvestment plan.
- (5) Not annualized.
- (6) Annualized, except for professional fees, directors' fees and incentive fees.
- (7) For the nine months ended September 30, 2022, the Adviser voluntarily waived a portion of their management fees and collateral management fees. Additionally, the Adviser received reimbursement payments from the Fund as per the Expense Support and Conditional Reimbursement Agreement. The ratios include the effects of the waived expenses of 0.20%, for the nine months ended September 30, 2022.
- (8) Asset coverage ratio is equal to (i) the sum of (A) net assets at end of period and (B) debt outstanding at end of period, divided by (ii) total debt outstanding at the end of the period.

Significant Accounting Policies (Policies)

**9 Months Ended
Sep. 30, 2023**

[Accounting Policies](#)

[\[Abstract\]](#)

[Consolidation](#)

Consolidation

The Fund will generally consolidate any wholly or substantially owned subsidiary when the design and purpose of the subsidiary is to act as an extension of the Fund's investment operations and to facilitate the execution of the Fund's investment strategy. Accordingly, the Fund consolidated the results of its wholly or substantially owned subsidiaries in its consolidated financial statements. The portion of net assets that is attributable to non-controlling interest in ABPCICE is presented as "Non-Controlling Interest in ABPCIC Equity Holdings, LLC", a component of total equity, on the Fund's consolidated statements of assets and liabilities. All intercompany balances and transactions have been eliminated in consolidation.

[Reclassifications](#)

Reclassifications

Certain previously disclosed industry classifications have been expanded to add additional sub-industries. Investments fitting into the new sub-industries have been reclassified accordingly.

[Valuation of Investment Companies](#)

Valuation of Investment Companies

Investments in investment companies are valued at fair value. Fair values are generally determined utilizing the net asset value ("NAV") supplied by, or on behalf of, management of each investment company, which is net of management and incentive fees or allocations charged by the investment company and is in accordance with the "practical expedient", as defined by ASC 820. NAVs received by, or on behalf of, management of each investment company are based on the fair value of the investment company's underlying investments in accordance with policies established by management of each investment company, as described in each of their financial statements and offering memorandum.

[Cash and Cash Equivalents](#)

Cash and Cash Equivalents

Cash consists of demand deposits and money market accounts. Cash is carried at cost, which approximates fair value. The Fund maintains deposits of its cash with financial institutions, and, at times, cash held in bank accounts may exceed the Federal Deposit Insurance Corporation insured limit. The Fund considers all highly liquid investments, with original maturities of less than ninety days and money market mutual funds as cash equivalents.

[Revenue Recognition](#)

Revenue Recognition

Investment transactions are recorded on a trade-date basis. Interest income is recognized on an accrual basis. Interest income on debt instruments is accrued and recognized for those issuers who are currently paying in full or expected to pay in full. For those issuers who are in default or expected to default, interest is not accrued and is only recognized when received. Generally, when interest and/or principal payments on a loan become past due, or if the Fund otherwise does not expect the borrower to be able to service its debt and other obligations, the Fund will place the loan on non-accrual status and will cease recognizing interest income on that loan for financial reporting purposes until all principal and interest have been brought current through payment or due to restructuring such that the interest income is deemed to be collectible. The Fund generally restores non-accrual loans to accrual status when past due principal and interest is paid and, in the management's judgment, is likely to remain current. Interest income and expense include discounts accreted and premiums amortized on certain debt instruments as determined in good faith by the Adviser and calculated using the effective interest method. Loan origination fees, original issue discounts and market discounts or premiums are capitalized as part of the

underlying cost of the investments and accreted or amortized over the life of the investment as interest income.

Realized gains and losses on investment transactions are determined on the specific identification method.

Certain investments in debt securities may contain a contractual payment-in-kind (“PIK”) interest provision. The PIK provisions generally feature the obligation, or the option, at each interest payment date of making interest payments in (i) cash, (ii) additional debt or (iii) a combination of cash and additional debt. PIK interest, computed at the contractual rate specified in the investment’s credit agreement, is accrued as interest income and recorded as interest receivable up to the interest payment date. On the interest payment date, the accrued interest receivable attributable to PIK is added to the principal balance of the investment. When additional debt is received on the interest payment date, it typically has the same terms, including maturity dates and interest rates, as the original loan. PIK interest generally becomes due on the investment’s maturity date or call date.

The Fund may earn various fees during the life of the loans. Such fees include, but are not limited to, syndication, commitment, administration, prepayment and amendment fees, some of which are paid to the Fund on an ongoing basis. These fees and any other income are recognized as earned. Upon prepayment of a loan or debt security, any prepayment premiums, unamortized upfront loan origination fees and unamortized discounts are recorded as interest income.

Costs associated with entering into an investment are included in the cost of the investment, and any costs incurred relating to an unconsummated investment are expensed.

Distributions received from an equity interest, limited liability company or a limited partnership investment are evaluated to determine if the distribution should be recorded as dividend income or a return of capital.

[Investment Transactions](#)

Investment Transactions

Investment transactions are accounted for on trade date. Realized gains (losses) on investments sold are recorded on the basis of specific identification method for both consolidated financial statement and U.S. federal income tax purposes. Payable for investments purchased and receivable for investments sold on the Consolidated Statements of Assets and Liabilities, if any, represents the cost of purchases and proceeds from sales of investment securities, respectively, for trades that have been executed but not yet settled.

[Non-Accrual Investments](#)

Non-Accrual Investments

Investments are placed on non-accrual status when it is probable that principal, interest or dividends will not be collected according to the contractual terms. Accrued interest or dividends generally are reversed when an investment is placed on non-accrual status. Interest or dividend payments received on non-accrual investments may be recognized as income or applied to principal depending upon management’s judgment. Non-accrual investments are restored to accrual status when past due principal and interest or dividends are paid and, in management’s judgment, principal and interest or dividend payments are likely to remain current. The Fund may make exceptions to this treatment if an investment has sufficient collateral value and is in the process of collection. As of September 30, 2023, the Fund had certain investments held in four portfolio companies on non-accrual status, which represented 1.79% and 0.27% of the total investments (excluding investments in cash equivalents, if any) at amortized cost and at fair value. As of December 31, 2022, the Fund had certain investments held in three portfolio companies on non-accrual status, which represented 0.96% and 0.26% of the total investments (excluding investments in cash equivalents, if any) at amortized cost and at fair value.

Credit Facility Related Costs, Expenses and Deferred Financing Costs

Credit Facility Related Costs, Expenses and Deferred Financing Costs

The Revolving Credit Facilities (as defined in Note 4) are recorded at carrying value, which approximates fair value. Interest expense and unused commitment fees on the Revolving Credit Facilities are recorded on an accrual basis. Unused commitment fees are included in interest and borrowing expenses in the consolidated statements of operations. Deferred financing costs include capitalized expenses related to the closing of the Revolving Credit Facilities. Amortization of deferred financing costs is computed on the straight-line basis over the contractual term. The amortization of such costs is included in interest and borrowing expenses in the consolidated statements of operations, with any unamortized amounts included in deferred financing costs on the consolidated statements of assets and liabilities.

Notes Payable Related Costs, Expenses and Unamortized Debt Issuance Costs

Notes Payable Related Costs, Expenses and Unamortized Debt Issuance Costs

The Notes (as defined in Note 4) are recorded at carrying value. Interest expense on notes payable is recorded on an accrual basis. Debt issuance costs relating to notes payable are amortized on a straight-line basis over the contractual term and included in interest and borrowing expenses in the consolidated statements of operations. The unamortized debt issuance costs are included as a direct reduction of the carrying value of the notes payable (i.e. a contra liability).

Upon early termination or partial principal pay down of the Notes, the unamortized costs related to the Notes are accelerated into interest and borrowing expenses on the Fund's consolidated statements of operations.

Secured Borrowings

Secured Borrowings

The Fund may finance the purchase of certain investments through sale/buy-back agreements. In a sale/buy-back agreement, the Fund enters into a trade to sell an investment and contemporaneously enters into a trade to buy the same investment back on a specified date in the future with the same counterparty. The Fund uses sale/buy-back agreements as a short-term financing alternative to its existing Revolving Credit Facilities. The Fund accounts for its sale/buy-back agreements (the "Secured Borrowings") as secured borrowings and continues to present the investment as an asset and the obligation to return the cash received as a liability within secured borrowings on the consolidated statements of assets and liabilities. Interest income earned on investments pledged under sale/buy-back agreements and financing charges associated with the sale/buy-back agreements are included within interest income and interest and borrowing expenses, respectively, on the consolidated statements of operations. Accrued interest receivable on investments and accrued financing charges on the sale/buy-back agreements are included within interest receivable and interest and borrowing expenses payable, respectively, on the consolidated statements of assets and liabilities.

Income Taxes

Income Taxes

ASC 740, "Accounting for Uncertainty in Income Taxes" ("ASC 740") provides guidance on the accounting for and disclosure of uncertainty in tax positions. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. Based on its analysis of its tax position for all open tax years (the current and prior two years), the Fund has concluded that it does not have any uncertain tax positions that met the recognition or measurement criteria of ASC 740. Such open tax years remain subject to examination and adjustment by tax authorities.

The Fund has elected to be treated and intends to continue to be treated for federal income tax purposes as a regulated investment company ("RIC") under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). So long as the Fund is able to maintain its status as a RIC, it intends not to be subject to U.S. federal income tax on the portion of its taxable income and gains distributed to stockholders, if any. To qualify for RIC tax treatment, the Fund is

required to distribute at least 90% of its investment company taxable income annually, meet diversification and income requirements quarterly, meet gross income requirements annually and file Form 1120-RIC, as provided by the Code. In order for the Fund not to be subject to U.S. federal excise taxes, it must distribute annually an amount at least equal to the sum of (i) 98% of its net ordinary income (taking into account certain deferrals and elections) for the calendar year, (ii) 98.2% of its capital gains in excess of capital losses for the one-year period ending on October 31 of the calendar year and (iii) any net ordinary income and capital gains in excess of capital losses for preceding years that were not distributed during such years. The Fund, at its discretion, may carry forward taxable income in excess of calendar year dividends and pay a 4% nondeductible U.S. federal excise tax on this income. The Fund will accrue excise tax on estimated undistributed taxable income as required. As of September 30, 2023, and December 31, 2022, \$0 and \$0, respectively, of accrued excise taxes remained payable. For the three and nine months ended September 30, 2023, the Fund accrued income taxes of \$96,092 and \$374,118, respectively. For the three and nine months ended September 30, 2022, the Fund accrued income taxes of \$382,072 and \$949,155, respectively. As of September 30, 2023 and December 31, 2022, \$185,657 and \$1,303,918, respectively, of accrued income taxes remained payable.

The Fund may be subject to taxes imposed by countries in which the Fund invests. Such taxes are generally based on income and/or capital gains earned or repatriated. Taxes are accrued and applied to net investment income, net realized gains and net unrealized gain (loss) as such income and/or gains are earned.

The Fund remains subject to examination by U.S. federal and state jurisdictions, as well as international jurisdictions, and upon completion of these examinations (if undertaken by the taxing jurisdiction) tax adjustments may be necessary and retroactive to all open tax years.

Certain of the Fund's consolidated subsidiaries are subject to U.S. federal and state corporate-level income taxes.

Use of Estimates

Use of Estimates

The preparation of the consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities, if any, at the date of the consolidated financial statements, and the reported amounts of revenues and expenses recorded during the reporting period. Actual results could differ from those estimates and such differences could be material.

Distributions

Distributions

Distributions from net investment income and net realized capital gains are determined in accordance with U.S. federal income tax regulations, which may differ from those amounts determined in accordance with GAAP. The Fund may pay distributions in excess of its taxable net investment income. This excess would be a tax-free return of capital in the period and reduce the stockholder's tax basis in its Shares. These book/tax differences are either temporary or permanent in nature. To the extent these differences are permanent they are charged or credited to paid-in capital in excess of par or distributable earnings, as appropriate, in the period that the differences arise. Temporary and permanent differences are primarily attributable to differences in the tax treatment of certain loans and the tax characterization of income and non-deductible expenses. These differences are generally determined in conjunction with the preparation of the Fund's annual RIC tax return. Distributions to common stockholders are recorded on the ex-dividend date. The amount to be paid out as a distribution is determined by the Board each quarter and is generally based upon the earnings estimated by the Adviser. The Fund may pay distributions to its stockholders in a year in excess of its net ordinary income and capital gains for that year and, accordingly, a portion of such distributions may constitute a return of capital for U.S. federal income tax purposes. The Fund intends to timely distribute to its stockholders substantially all of its annual taxable income for each year, except that the Fund may retain certain net capital gains for reinvestment and, depending upon the level of the Fund's taxable income earned in a year, the Fund may choose to carry forward taxable income for distribution in

the following year and pay any applicable U.S. federal excise tax. The specific tax characteristics of the Fund's distributions will be reported to stockholders after the end of the calendar year. All distributions will be subject to available funds, and no assurance can be given that the Fund will be able to declare such distributions in future periods.

The Fund has adopted a dividend reinvestment plan that provides for stockholders to receive dividends or other distributions declared by the Board in cash unless a stockholder elects to "opt in" to the dividend reinvestment plan. As a result, if the Board declares a cash distribution, then the stockholders who have "opted in" to the dividend reinvestment plan will have their cash distributions automatically reinvested in additional Shares, rather than receiving the cash distribution.

[Summarize the Fair Value Measurement Inputs and Valuation Techniques](#)

The following tables present the ranges of significant unobservable inputs used to value the Fund's Level 3 investments as of September 30, 2023 and December 31, 2022, respectively. These ranges represent the significant unobservable inputs that were used in the valuation of each type of investment. These inputs are not representative of the inputs that could have been used in the valuation of any one investment. Accordingly, the ranges of inputs presented below do not represent uncertainty in, or possible ranges of, fair value measurements of the Fund's Level 3 investments.

- (1) Commitments are generally subject to borrowers meeting certain criteria such as compliance with covenants and certain operational metrics. These amounts may remain outstanding until the commitment period of an applicable loan expires, which may be shorter than its maturity.
- (2) Net of capitalized fees, expenses and original issue discount ("OID").
- (3) A negative fair value was reflected as investments, at fair value in the consolidated statements of assets and liabilities. The negative fair value is the result of the capitalized discount on the loan.

- (1) The per share data was derived by using the weighted average shares outstanding during the applicable period.
- (2) Ratios calculated with Net Assets excluding the Non-Controlling Interest.
- (3) The per share data for distributions is the actual amount of distributions paid or payable per share of common stock outstanding during the entire period.
- (4) Total return based on NAV is calculated as the change in NAV per share during the respective periods, assuming dividends and distributions, if any, are reinvested in accordance with the Fund's dividend reinvestment plan.
- (5) Not annualized.
- (6) Annualized, except for professional fees, directors' fees and incentive fees.
- (7) For the nine months ended September 30, 2022, the Adviser voluntarily waived a portion of their management fees and collateral management fees. Additionally, the Adviser received reimbursement payments from the Fund as per the Expense Support and Conditional Reimbursement Agreement. The ratios include the effects of the waived expenses of 0.20%, for the nine months ended September 30, 2022.
- (8) Asset coverage ratio is equal to (i) the sum of (A) net assets at end of period and (B) debt outstanding at end of period, divided by (ii) total debt outstanding at the end of the period.

- [1] Aggregate gross unrealized appreciation for federal income tax purposes is \$7,142,498; aggregate gross unrealized depreciation for federal income tax purposes is \$30,898,346. Net unrealized depreciation is \$23,755,848 based upon a tax cost basis of \$1,146,272,943.
- [2] As of December 31, 2022, qualifying assets represented 96.90% of total assets. Under the 1940 Act we may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets.
- [3] Generally, the interest rate on floating interest rate investments is at benchmark rate plus spread. The borrower has an option to choose the benchmark rate, such as the London Interbank Offered Rate ("LIBOR"), Secured Overnight Financing Rate including adjustment, if any ("SOFR") or the U.S. Prime rate. The spread may change based on the type of rate used. The terms in the Consolidated Schedule of Investments disclose the actual interest rate in effect as of the reporting period. LIBOR and SOFR loans are typically indexed to 30-day, 60-day, 90-day or 180-day rates (1M, 3M or 6M, respectively) at the borrower's option. LIBOR and SOFR loans may be subject to interest floors. As of December 31, 2022, rates for weekly 1M L, 3M L 6M L, 1M S, 3M S and 6M S are 4.39%, 4.73%, 5.15%, 4.42%, 4.73% and 4.98%, respectively. As of December 31, 2022, the U.S. Prime rate was 7.50%.

- [4] Unless otherwise indicated, all securities are valued using significant unobservable inputs, which are categorized as Level 3 assets under the definition of Financial Accounting Standards Board's Accounting Standards Codification 820 fair value hierarchy.
- [5] Unless otherwise indicated, all securities represent co-investments made with the Fund's affiliates in accordance with the terms of the exemptive relief received from the U.S. Securities and Exchange Commission. See Note 3 "Related Party Transactions".
- [6] Aggregate gross unrealized appreciation for federal income tax purposes is \$12,681,567; aggregate gross unrealized depreciation for federal income tax purposes is \$32,364,282. Net unrealized depreciation is \$19,682,715 based upon a tax cost basis of \$1,269,941,830.
- [7] As of September 30, 2023, qualifying assets represented 97.48% of total assets. Under the 1940 Act we may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets.
- [8] Generally, the interest rate on floating interest rate investments is at benchmark rate plus spread. The borrower has an option to choose the benchmark rate, such as the London Interbank Offered Rate ("LIBOR"), Secured Overnight Financing Rate including adjustment, if any ("SOFR") or the U.S. Prime rate. The spread may change based on the type of rate used. The terms in the Consolidated Schedule of Investments disclose the actual interest rate in effect as of the reporting period. - [9] Unless otherwise indicated, all securities represent co-investments made with the Fund's affiliates in accordance with the terms of the exemptive relief received from the U.S. Securities and Exchange Commission. See Note 3 "Related Party Transactions". Certain previously disclosed industry classifications have been expanded to add additional sub-industries. Investments fitting into the new sub-industries have been reclassified accordingly.
- [10] Gross additions may include increases in the cost basis of investments resulting from new portfolio investments, PIK, the accretion of discounts, the exchange of one or more existing securities for one or more new securities and the movement of an existing portfolio company into this category from a different category.
- [11] Gross reductions may include decreases in the cost basis of investments resulting from principal collections related to investment repayments or sales, the exchange of one or more existing securities for one or more new securities and the movement of an existing portfolio company out of this category into a different category.

- [2] As of September 30, 2023, qualifying assets represented 97.48% of total assets. Under the 1940 Act we may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of our total assets.
- [3] Generally, the interest rate on floating interest rate investments is at benchmark rate plus spread. The borrower has an option to choose the benchmark rate, such as the London Interbank Offered Rate ("LIBOR"), Secured Overnight Financing Rate including adjustment, if any ("SOFR") or the U.S. Prime rate. The spread may change based on the type of rate used. The terms in the Consolidated Schedule of Investments disclose the actual interest rate in effect as of the reporting period. LIBOR and SOFR loans are typically indexed to 30-day, 60-day, 90-day or 180-day rates (1M, 3M or 6M, respectively) at the borrower's option. LIBOR and SOFR loans may be subject to interest floors. As of September 30, 2023, rates for weekly 1M L, 3M L 6M L, 1M S, 3M S and 6M S are 5.43%, 5.66%, 5.90%, 5.32%, 5.40% and 5.47%, respectively. As of September 30, 2023, the U.S. Prime rate was 8.50%.
