INDEPENDENT AUDITORS REPORT

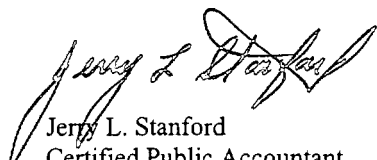

To the Board of Directors and Stockholders of
Mid Florida Equities, Inc.

We have audited the accompanying statement of financial condition of Mid Florida Equities, Inc. (the "Company") as of December 31, 2002 and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinions, based on our audit, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2002 and the results of its operations and its cash flows for the year ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules 1, 2 and 3 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Mid Florida Equities, Inc. (the "Company") was incorporated in Florida on November 7, 1996. The Company is a registered broker-dealer in securities under the Securities Act of 1934 and has been a member of the National Association of Securities Dealers, Inc. (the "NASD") since March 18, 1997. The company conducted operations from its executive offices in Eustis, Florida.

In December, 1999 the "Company" advanced monies for legal assistance to obtain work permits and licenses in Anguilla, British West Indies.

Depreciation

The Corporation provides for depreciation of its office furniture and equipment under the straight-line method for financial accounting purposes and under accelerated methods for income tax purposes over estimated useful lives of seven years.

Expenditures for repairs and maintenance are charged directly to expense as incurred. Expenditures for additions and betterments are capitalized. When assets are sold or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and any related gain or loss is included in income.

Depreciation expense for the twelve month period ended December 31, 2002 totaled \$726.

Income Taxes

The Corporation has elected to be taxed under the provisions of Subchapter S of the Internal Revenue Code, whereby the Corporation generally pays no tax on its taxable income. Instead, any taxable income or loss is passed through to the stockholders and reported on their individual income tax returns.

2. ADDITIONAL PAID-IN CAPITAL

In December 1996, the Corporation received a capital contribution of \$19,500 from its stockholder.

Board of Directors
Mid Florida Equities, Inc.

In planning and performing our audit of the financial statements of Mid Florida Equities, Inc. (the "Company") for the year ended December 31, 2002 we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. We did not review the practices and procedure followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payments for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

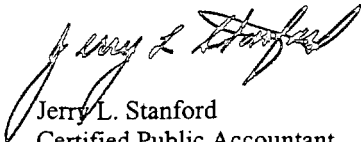

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related cost of internal control structure policies and procedures and of the practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standard established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors of irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2002.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Security Dealers, Inc. and other regulatory agencies which rely on Rule 17a-5 under the Securities Exchange Act of 1934 and should not be used for any other purpose.
