SASKATOON, Jan. 17, 2013 /CNW/ - **Claude Resources Inc. (TSX-CRJ; NYSE MKT-CGR)** ("Claude" and or the "Company") today reported that it has expanded its current debt facilities with its existing bank, Canadian Western Bank ("CWB") and, in addition, has come to an agreement with Crown Capital Partners Inc. ("CCP") for a debt facility of \$25 million.

CWB Financing Summary

The Company has expanded its current debt facilities to \$25 million, of which \$8.6 million is currently drawn. The current \$8.6 million consists of leases, demand loans and a line of credit. The debt expansion is structured as follows:

Facility	Previous Amount	Current Amount
Line of Credit	\$5,000,000	\$10,000,000
Leases/Demand Loans	\$7,000,000	\$10,000,000
Revolving Loan	NIL	\$5,000,000

Interest rates are both fixed and floating and carry a weighted average rate of approximately 4.5 percent.

CCP Financing Summary

The CCP offering consists of a five (5) year \$25 million debt facility which carries an interest rate of 10 percent of the outstanding principal, compounded and payable monthly. Principal payments, due to begin in 2014, are payable monthly. The facility includes 5.75 million warrants at a strike price of \$0.70 and can be exercisable at any time from the closing of the transaction to 5 years following the closing of the transaction. The issuance of warrants is subject to approval from each of the Toronto Stock Exchange and the New York Stock Exchange. Closing of the CCP financing is subjective to customary conditions precedent.

Months 13 - 59	\$300,000	\$3,600,000
Due at Maturity		\$10,900,000

Prepayment Terms

Neil McMillan, President and CEO, stated, "We are pleased to have both CWB and Crown Capital demonstrating their confidence and support of our business plan. We are satisfied with our blended cost of capital of approximately 8 percent. It represents the confidence our debt providers have in our ability to manage and retire the debt upon maturity. Our track

record over the past 21 years has certainly helped us build a good relationship with CWB and Crown. The Company expects to be able to grow the Seabee Gold Operation production by 10 to 15 percent compounded annually over the next 5 years and we are happy to have CWB and Crown as partners in that growth."

Use of Proceeds

The Company believes that its new capital structure will advance the Company over the long term without penalizing shareholders through major equity financings. The new debt facilities are intended for the retirement of the \$9.8 million debenture due in May 2013, for expansion capital at the Seabee Gold Operation and for general working capital purposes. The Company is confident that it can efficiently service and repay the debt facilities through growing operating cash flows from the Seabee Gold Operation.
