The information in this term sheet is preliminary, and is subject to completion or change. This term sheet is being delivered to you for the limited purpose of providing you with preliminary information about the characteristics of a mortgage loan pool that may back an offering of certificates. Delivery of this information, by itself, is not intended to serve as the basis for an investment decision. More complete information regarding an offering of certificates, if any, backed by the pool of mortgage loans described herein or backed by a pool of mortgage loans that may include some, but not all, of the same mortgage loans included in the pool of mortgage loans described herein will be made available if the Depositors determine to proceed with any such offering. No one has been authorized to enter into a contract of sale on the basis of this information. Any offer to purchase made by you will not be accepted and will not constitute a contractual commitment by you to purchase any of the certificates, or a contract of sale, until an underwriter or dealer participating in any such offering has accepted your offer to purchase certificates.

No person is obligated to issue certificates or any similar security backed by the pool of mortgage loans described herein or backed by a portion of the mortgage loans included in the pool of mortgage loans described herein. You are advised that, if any such certificates are issued, the characteristics of the mortgage loan pool described herein may change at any time prior to issuance of certificates backed by the mortgage loan pool or availability of a final prospectus. The information set forth herein will be superseded by subsequent information, including, without limitation, information about the pool of mortgage loans described herein to the extent it has been conveyed prior to the time that you enter into any contract of sale.

This term sheet is not required to, and does not, contain all information that is required to be included in a prospectus and prospectus supplement for offered certificates.

This term sheet is not an offer to sell or a solicitation of an offer to buy securities in any jurisdiction or country where such offer, solicitation or sale is not permitted. This term sheet is not intended for distribution to, or use by, any person in any jurisdiction or country where such distribution or use would be a violation of local laws or regulations.

The information in this term sheet, if conveyed prior to the time of your contractual commitment to purchase any of the offered certificates, supersedes any information contained in any prior similar materials relating to such certificates.
