INFORMATION STATEMENT
(Preliminary)

December 26, 2012

NOTICE OF STOCKHOLDER ACTION BY WRITTEN CONSENT

GENERAL INFORMATION

To the Holders of Common Stock of East Coast Diversified Corporation:

This Information Statement has been filed with the Securities and Exchange Commission and is being furnished, pursuant to Section 14C of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), to the holders (the "Stockholders") of common stock, par value \$0.001 per share (the "Common Stock"), of East Coast Diversified Corporation, a Nevada corporation (the "Company"), to notify the Stockholders that on December 20, 2012, the Company received a majority written consent in lieu of a meeting of the holders ("Majority Stockholders"), together holding in the aggregate approximately 65% of the total voting power of all issued and outstanding voting capital of the Company. The Majority Stockholders authorized the following:

The 1-for-500 reverse stock split of the Company's issued and outstanding shares of Common Stock (the "Reverse Stock Split").

On December 20, 2012, the Board approved the Reverse Stock Split and recommended to the Majority Stockholders that they approve the Reverse Stock Split. On December 20, 2012, the Majority Stockholders approved the Reverse Stock Split by written consent in lieu of a meeting in accordance with Nevada law. Accordingly, your consent is not required and is not being solicited in connection with the approval of the Reverse Stock Split.

We will mail the Notice of Stockholder Action by Written Consent to the Stockholders on or about January 7, 2013.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND A PROXY.

The Board believes that the Stockholders of the Company will benefit from the Reverse Stock Split because it believes that such Reverse Stock Split could be a catalyst for an increase in the stock price of the Common Stock, which in turn could increase the marketability and liquidity of the Company's Common Stock, as well as increase the profile of the Company for private investment, acquisitions and other future opportunities that become available to the Company.

Accordingly, it is the Board's opinion that the Reverse Stock Split would better position the Company to attract potential business candidates and provide the Stockholders a greater potential return.

INTRODUCTION

Nevada law provides that the written consent of the holders of outstanding shares of voting capital stock having not less than the minimum number of votes which would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted can approve an action in lieu of conducting a special stockholders' meeting convened for the specific purpose of such action. Nevada law, however, requires that in the event an action is approved by written consent, a company must provide prompt notice of the taking of any corporate action without a meeting to the stockholders of record who have not consented in writing to such action and who, if the action had been taken at a meeting, would have been entitled to notice of the meeting if the record date for such meeting had been the date that written consents signed by a sufficient number of holders to take the action were delivered to a company.

In accordance with the foregoing, we will mail the Notice of Stockholder Action by Written Consent on or about January 7, 2013.

This Information Statement contains a brief summary of the material aspects of the Reverse Stock Split approved by the Board of East Coast Diversified Corporation (the "Company," "we," "our," or "us") and the Majority Stockholders.

Common Stock and Series A Preferred Stock

As of December 19th, 2012, there were 2,976,157,327 shares of our Common Stock and 62,347,878 shares of our Series A Preferred Stock issued and outstanding, respectively. The Series A Preferred shares have voting rights of 100 votes per share. Based on the foregoing, the total aggregate amount of votes entitled to vote regarding the approval of the Reverse Stock Split is approximately 9,210,945,127. Pursuant to Nevada law, at least a majority of the voting equity of the Company, or at least votes, are required to approve the Reverse Stock Split by written consent. The Majority Stockholders, who hold in the aggregate approximately 65% of the voting equity of the Company and have voted in favor of the Reverse Stock Split thereby satisfying the requirement under Nevada law that at least a majority of the voting equity vote in favor of a corporate action by written consent.

The following table sets forth the name of the Majority Stockholders, the number of shares of Common Stock and Series A Preferred held by the Majority Stockholders, the total number of votes that the Majority Stockholders voted in favor of the Reverse Stock Split and the percentage of the issued and outstanding voting equity of the Company that voted in favor thereof.

Name of Majority Stockholder	Number of Shares of Common Stock Beneficially held	Number of Shares of Preferred Stock Beneficially held	Number of Votes that Voted in favor of the Reverse Stock Split	Percentage of the Voting Equity that Voted in favor of the Reverse Stock Split
Kayode Aladesuyi	2,000,000	30,256,994	3,027,699,400	33%
Frank Russo	151,210	5,573,175	557,468,710	6%
Edward Eppel	204,409	2,602,041	260,408,509	3%
Anis Sherali	276,300,414	18,654,859	2,141,786,314	23%

ACTIONS TO BE TAKEN

The Reverse Stock Split will become effective on the date that we file the Certificate of Amendment to the Amended Certificate of Incorporation of the Company (the "Amendment") with the Secretary of State of the State of Nevada. We intend to file the Amendment with the Secretary of State of the State of Nevada promptly after the twentieth (20th) day following the date on which this Information Statement is mailed to the Stockholders.

Notwithstanding the foregoing, we must first notify FINRA of the intended Reverse Stock Split by filing the Issuer Company Related Action Notification Form no later than ten (10) days prior to the anticipated record date of such action. Our failure to provide such notice may constitute fraud under Section 10 of the Exchange Act.

We currently expect to file the Amendment on January 25, 2013.

1-FOR-500 REVERSE STOCK SPLIT

GENERAL

Our Board approved by unanimous vote a 1-for-500 reverse stock split (the “Reverse Stock Split”). Pursuant to the Reverse Stock Split, each five hundred (500) shares of our Common Stock will be automatically converted, without any further action by the Stockholders, into one share of Common Stock. No fractional shares of Common Stock will be issued as the result of the Reverse Stock Split. Instead, the Company will issue to the Stockholders one additional share of Common Stock for each fractional share. The Company anticipates that the effective date of the Reverse Stock Split will be January 25, 2013.

PLEASE NOTE THAT THE REVERSE STOCK SPLIT WILL NOT CHANGE YOUR PROPORTIONATE EQUITY INTERESTS IN THE COMPANY, EXCEPT AS MAY RESULT FROM THE ISSUANCE OF SHARES PURSUANT TO THE FRACTIONAL SHARES.

PURPOSE AND EFFECT OF INCREASING THE NUMBER OF AUTHORIZED SHARES

Our Board believes that, among other reasons, the number of outstanding shares of Common Stock have contributed to a lack of investor interest in the Company and has made it difficult for the Company to attract new investors and potential business candidates. Our Board proposed the Reverse Stock Split as one method to attract business opportunities for the Company. Our Board believes that the Reverse Stock Split could increase the stock price of our Common Stock and that the higher stock price could help generate interest in the Company by investors and provide business opportunities.

However, the effect of the Reverse Stock Split, if any, upon the stock price for our Common Stock cannot be predicted, and the history of similar stock split combinations for companies like us is varied. Further, we cannot assure you that the stock price of our Common Stock after the Reverse Stock Split will rise in proportion to the reduction in the number of shares of Common Stock outstanding as a result of the Reverse Stock Split because, among other things, the stock price of our Common Stock may be based on our performance and other factors as well.

The principal effect of the Reverse Stock Split will be the reduction in the number of shares of Common Stock issued and outstanding from 2,976,157,327 shares as of December 20, 2012 to approximately 5,952,315 shares (depending on the number of fractional shares that are issued). The Reverse Stock Split will affect all of our Stockholders uniformly and will not affect any Stockholder’s percentage ownership interest in the Company or proportionate voting power, except to the extent that the Reverse Stock Split results in any of our Stockholders holding a fractional share of our Common Stock. The Common Stock issued pursuant to the Reverse Stock Split will remain fully paid and non-assessable. The Reverse Stock Split shall not affect any rights, privileges or obligations with respect to the shares of Common Stock existing prior to the Reverse Stock Split, nor does it increase or decrease the market capitalization of the Company. The Reverse Stock Split is not intended as, and will not have the effect of, a “going private transaction” under Rule 13e-3 of the Exchange Act. We will continue to be subject to the periodic reporting requirements of the Exchange Act.

By reducing the number of issued and outstanding shares of Common Stock, more shares of Common Stock are available for issuance as a result of the Reverse Stock Split. The Board believes that the availability of more shares of Common Stock for issuance will allow the Company greater flexibility in pursuing financing from investors and issuing shares of Common Stock in exchange for such financing, meeting business needs as they arise, taking advantage of favorable opportunities, and responding to a changing corporate environment. Although the foregoing effect is mitigated somewhat by the reduction in the number of authorized shares of Common Stock described below, the number of shares of Common Stock remaining available for issuance is still greater than prior to the Reverse Stock Split because we are not reducing the total number of authorized shares of Common Stock by the same ratio as the Reverse Stock Split.

The following chart depicts the capitalization structure of the Company both pre-Reverse Stock Split and post-Reverse Stock Split (the post-split shares of Common Stock may differ slightly based on the number of fractional shares), taking into effect the Authorized Class A Share Decrease:

Pre-Reverse Stock Split

Authorized Shares of Common Stock	Issued Shares	Authorized but Unissued
5,900,000,000	2,976,157,327	2,923,842,673

Post-Reverse Stock Split

Authorized Shares	Issued Shares	Authorized but Unissued
5,900,000,000	5,952,315	5,894,047,685

CERTAIN RISKS ASSOCIATED WITH REVERSE STOCK SPLIT

You should recognize that you will own a lesser number of shares of Common Stock than you presently own. While we hope that the Reverse Stock Split will result in an increase in the potential stock price of our Common Stock, we cannot assure you that the Reverse Stock Split will increase the potential stock price of our Common Stock by a multiple equal to the inverse of the Reverse Stock Split ratio or result in the permanent increase in any potential stock price (which is dependent upon many factors, including our performance and prospects). Should the stock price of our Common Stock decline, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would occur in the absence of a Reverse Stock Split. Furthermore, the possibility exists that potential liquidity in the stock price of our Common Stock could be adversely affected by the reduced number of shares of Common Stock that would be outstanding after the Reverse Stock Split. In addition, the Reverse Stock Split will increase the number of Stockholders of the Company who own odd lots (less than 100 shares). Stockholders who hold odd lots typically will experience an increase in the cost of selling their shares, as well as possible greater difficulty in effecting such sales. As a result, we cannot assure you that the Reverse Stock Split will achieve the desired results that have been outlined above.

Following the Reverse Stock split, there will be approximately 2,970,205,012 additional shares of Common Stock available for issuance by the Board, without further shareholder approval, for stock dividends, acquisitions, raising additional capital, stock options or other corporate purposes. The additional shares of Common Stock could be used for potential strategic transactions, including, among other things, acquisitions, strategic partnerships, joint ventures, restructurings, business combinations and investments, although there are no immediate plans to do so. Assurances cannot be provided that any such transactions will be consummated on favorable terms or at all, that they will enhance stockholder value or that they will not adversely affect the Company's business or the trading price of the Common Stock. Any such issuance of additional shares of Common Stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of Common Stock, and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company. The Board is not aware of any attempt to take control of the Company and has not presented this proposal with the intention that the increase in the number of available authorized shares of Common Stock be used as a type of antitakeover device. Any additional Common Stock, when issued, would have the same rights and preferences as the shares of Common Stock presently outstanding. Other than convertible notes and other agreements previously disclosed by the Company in its public filings, there is currently no plan, agreement or other understanding that could require the Company to issue shares of Common Stock.

ANTI-TAKEOVER EFFECTS OF THE REVERSE STOCK SPLIT

THE OVERALL EFFECT OF THE REVERSE STOCK SPLIT MAY BE TO RENDER MORE DIFFICULT THE CONSUMMATION OF MERGERS WITH THE COMPANY OR THE ASSUMPTION OF CONTROL BY A PRINCIPAL STOCKHOLDER, AND THUS MAKE IT DIFFICULT TO REMOVE MANAGEMENT.

A possible effect of the Reverse Stock Split is to discourage a merger, tender offer or proxy contest, or the assumption of control by a holder of a large block of the Company's voting securities and the removal of incumbent management. Our management could use the additional shares of Common Stock available for issuance to resist or frustrate a third-party take-over effort favored by a majority of the independent Stockholders that would provide an above market premium by issuing additional shares of Common Stock.

The Reverse Stock Split is not the result of management's knowledge of an effort to accumulate the Company's securities or to obtain control of the Company by means of a merger, tender offer, solicitation or otherwise. Nor is the Reverse Stock Split a plan by management to adopt a series of amendments to the Company's charter or by-laws to institute an anti-takeover provision. The Company does not have any plans or proposals to adopt other provisions or enter into other arrangements that may have material anti-takeover consequences. As discussed above, the reason for the Reverse Stock Split is to increase the amount of shares of Common Stock that the Company is able to issue in order to attract potential investors and conduct equity financings.

PROCEDURE FOR EFFECTING REVERSE STOCK SPLIT AND EXCHANGE OF STOCK CERTIFICATES

We anticipate that the Reverse Stock Split will become effective on January 25, 2013, or as soon thereafter as is reasonably practicable (the “Effective Date”). Beginning on the Effective Date, each stock certificate representing pre-Reverse Stock Split shares of Common Stock will be deemed for all corporate purposes to evidence ownership of post-Reverse Stock Split shares of Common Stock.

Our transfer agent, ClearTrust LLC, will act as exchange agent (the “Exchange Agent”) for purposes of implementing the exchange of stock certificates. Holders of pre-Reverse Stock Split shares of Common Stock are asked to surrender to the Exchange Agent stock certificates representing pre-Reverse Stock Split shares of Common Stock in exchange for stock certificates representing post-Reverse Stock Split shares of Common Stock in accordance with the procedures set forth in the letter of transmittal enclosed with this Information Statement. No new stock certificates will be issued to a Stockholder until such Stockholder has surrendered the outstanding stock certificate(s) held by such Stockholder, together with a properly completed and executed letter of transmittal.

Further, prior to filing the amendment to the Certificate of Incorporation reflecting the Reverse Stock Split, we must first notify the Financial Industry Regulatory Authority (“FINRA”) by filing the Issuer Company Related Action Notification Form no later than ten (10) days prior to our anticipated record date of January 25, 2013 for the Reverse Stock Split. Our failure to provide such notice may constitute fraud under Section 10 of the Exchange Act.

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATES AND SHOULD NOT SUBMIT ANY CERTIFICATES WITHOUT THE LETTER OF TRANSMITTAL.

FRACTIONAL SHARES

No fractional shares of Common Stock will be issued as the result of the Reverse Stock Split. Instead, the Company will issue to the Stockholders one additional share of Common Stock for each fractional share.

NO APPRAISAL RIGHTS

Under Nevada law, our Stockholders are not entitled to appraisal rights in connection with the Reverse Stock Split.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following tables set forth certain information regarding the beneficial ownership of our Common Stock as of December 18, 2012 of (i) each person known to us to beneficially own more than 10% of Common Stock, (ii) our directors, (iii) each named executive officer and (iv) all directors and named executive officers as a group. As of December 18, 2012, there were a total of 2,976,157,327 shares of Common Stock outstanding. Each share of Common Stock is entitled to one vote on matters on which holders of voting stock of the Company are eligible to vote. The column entitled “Percentage of Outstanding Common Stock” shows the percentage of voting common stock beneficially owned by each listed party.

The number of shares beneficially owned is determined under the rules promulgated by the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under those rules, beneficial ownership includes any shares as to which a person or entity has sole or shared voting power or investment power *plus* any shares which such person or entity has the right to acquire within sixty (60) days of December 20, 2012 through the exercise or conversion of any stock option, convertible security, warrant or other right. Unless otherwise indicated, each person or entity named in the table has sole voting power and investment power (or shares such power with that person’s spouse) with respect to all shares of capital stock listed as owned by that person or entity.

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership (1)	Percent of Class (2)
Kayode Aladesuyi	2,000,000	.07%
Frank Russo (3)	151,210	.01%
Edward Eppel	204,409	.01%
Anis Sherali (4)	276,300,414	9%
All Directors and Executive Officers as a Group (4 persons)	280,656,033	9.4%

(1) “Beneficial Owner” means having or sharing, directly or indirectly (i) voting power, which includes the power to vote or to direct the voting, or (ii) investment power, which includes the power to dispose or to direct the disposition, of shares of the common stock of an issuer. The definition of beneficial ownership includes shares, underlying options or warrants to purchase common stock, or other securities convertible into common stock, that currently are exercisable or convertible or that will become exercisable or convertible within 60 days. Unless otherwise indicated, the beneficial owner has sole voting and investment power. The mailing address for all officers and directors is 810 Franklin Court, Suite H, Marietta, Georgia 30067.

(2) For each shareholder, the calculation of percentage of beneficial ownership is based upon 2,976,157,327 shares of Common Stock outstanding as of December 20, 2012, and shares of Common Stock subject to options, warrants and/or conversion rights held by the shareholder that are currently exercisable or exercisable within 60 days, which are deemed to be outstanding and to be beneficially owned by the shareholder holding such options, warrants, or conversion rights. The percentage ownership of any shareholder is determined by assuming that the shareholder has exercised all options, warrants and conversion rights to obtain additional securities and that no other shareholder has exercised such rights.

(3) This total includes 151,210 shares held by Mr. Russo’s three dependent children, of which he has voting and dispositive power.

(4) Includes 250,000 shares held by Mr. Sherali’s wife, Farah Sherali, of which he has shared voting and dispositive power.
