None

(Former name or former address, if changed since last report.)

Item 5. Other Events.

In a press release disseminated on July 26, 1999, the Registrant issued a press release announcing the delay of its earnings release and conference call originally scheduled for July 26, 1999. A copy of the press release is attached hereto and incorporated herein by reference.

Statements in this report that are forward looking involve known and unknown risks and uncertainties, which may cause the Registrant's actual results in future periods to be materially different from any future performance that may be suggested in this release. Such factors may include, but are not limited to, reliance upon subcontractors, fluctuations in customer demand and commitments, both in timing and volume, introduction of new products, commercial acceptance and viability of new products and expenses associated therewith, cancellations of orders without penalties, pricing and competition, the Registrant's ability to have available an appropriate amount of production capacity in a timely manner, the ability of the Registrant's customers to finance their purchases of the Registrant's products and/or services, the timing of new technology and product introductions, the risk of early obsolescence and the pending stockholder class action lawsuits. Further, the Registrant operates in an industry sector where securities values are highly volatile and may be influenced by economic and other factors beyond the Registrant's control, such as announcements by competitors and service providers. Reference is made to the discussion of risk factors detailed in the Company's filings with the Securities and Exchange Commission, including its reports on Form 10-K and 10-Q.

Item 7. Financial Statement and Exhibits.

A copy of the Registrant's press release announcing the delay of its earnings release and conference call originally scheduled for July 26, 1999 is attached hereto as an exhibit.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

99.1 Press Release disseminated July 26, 1999

Business Editors/High-Tech Writers

CAMPBELL, Calif.--(BUSINESS WIRE) --July 26, 1999--P-Com, Inc. (Nasdaq:PCMS) announced today that it has not yet completed the process of reviewing its financial statements for the second quarter of 1999 and is delaying its earnings release and conference call originally scheduled for July 26, 1999.

The conference call will be rescheduled for a later date.

P-Com Inc. develops, manufactures, and markets network access systems for the worldwide wireless telecommunications markets. The point-to-point, spread spectrum, and point-to-multipoint radio links provided by P-Com are designed to satisfy the network requirements of cellular and personal communications services, corporate communications, public utilities and local governments. In addition, P-Com provides comprehensive network services including system planning, program planning and management, path design, and installation.

Statements in this release that are forward looking involve known and unknown risks and uncertainties, which may cause the Company's actual results in future periods to be materially different from any future performance that may be suggested in this release. Such factors may include, but are not limited to, reliance upon subcontractors, fluctuations in customer demand and commitments, both in timing and volume, introduction of new products, commercial acceptance and viability of new products and expenses associated therewith, cancellations of orders without penalties, pricing and competition, the company's ability to have available an appropriate amount of production capacity in a timely manner, the ability of the company's customers to finance their purchases of the company's products and/or services, the timing of new technology and product introductions, the risk of early obsolescence, and the pending stockholder class action lawsuits. Further, the company operates in an industry sector where securities values are highly volatile and may be influenced by economic and other factors beyond the company's control, such as announcements by competitors and service providers. Reference is made to the discussion of risk factors detailed in the company's filings with the Securities and Exchange Commission, including its reports on Form 10-K and 10-Q.
