Registrant's telephone number, including area code: (212) 704-2400

Not Applicable

(Former name, former address and former fiscal year, if changed since
last report)

Item 5. Other Events

On October 10, 1994, Volt Information Sciences, Inc. announced the NYNEX telephone companies have accepted a directory assistance system provided by Volt's subsidiary, Volt Delta Resources, Inc. The system is operational at all New England sites and most New York sites for which its deployment is intended. Volt Delta will continue to provide ongoing maintenance services to both telephone companies.

This was the first installation of a new generation of directory assistance systems. Other major telephone companies have also placed orders for Volt Delta systems; these are currently in the implementation process.

The Company had previously reported a loss related to cost overruns on the system which was charged to the Company's earnings in fiscal 1993. As a result, there will be no impact on fiscal 1994 fourth quarter earnings, although revenue will be recognized.

SIGNATURES
