NEWS RELEASE

Dan MacInnis joins board of MAX Resource Corp.

MAX Resource Corp. is pleased to announce that Dan MacInnis has agreed to join its Board of Directors, effective immediately.

Mr. MacInnis is currently the President and CEO of MAG Silver Corp. (TSX-V: MAG) and has over 30 years of experience in mineral exploration on an international basis. He has extensive experience in property acquisitions and joint venture negotiations, with a significant number of mineral discoveries having been made under his guidance. In addition, Mr. MacInnis has managed and directed multi-million dollar exploration programs for Noranda Exploration, Battle Mountain Gold/Hemlo Gold, and Sargold Resources.

Mr. MacInnis is a Registered Professional Geoscientist (P. Geo) and a graduate of Saint Francis Xavier University in Nova Scotia with a B.Sc. in Geology.

“We are very pleased to have Dan join the MAX team, as he provides additional technical experience at the board level that will prove invaluable as we expand our property portfolio and exploration activities in the coming year” said Stuart Rogers, the President of MAX Resource Corp.

To accommodate the appointment of Mr. MacInnis, George Young has agreed to step down from the Board to focus on his other business interests. MAX would like to thank Mr. Young for his contribution to the Company's development and wishes him well in his current and future endeavours.

The Company has also agreed to grant incentive stock options to directors on 50,000 common shares at an exercise price of \$0.60 per share for a period of two years.

THE CONTENTS OF THIS NEWS RELEASE HAVE NEITHER BEEN APPROVED NOR DISAPPROVED BY THE TSX VENTURE EXCHANGE.

This News Release includes certain "forward looking statements". Without limitation, statements regarding potential mineralization and resources, exploration results, and future plans and objectives of the Company are forward looking statements that involve various degrees of risk. The following are important factors that could cause MAX' s actual results to differ materially from those expressed or implied by such forward looking statements: changes in the world wide price of mineral commodities, general market conditions, risks inherent in mineral exploration, risks associated with development, construction and mining operations, the uncertainty of future profitability and the uncertainty of access to additional capital.
