What is a proxy statement and why is it important?

We hold a meeting of unitholders annually. This year's meeting will be held on May 16, 2017. Our Board of Directors is seeking your proxy to vote at the 2017 Annual Meeting of Unitholders ("*Annual Meeting*"). This proxy statement contains important information about the Partnership and each of the matters to be voted on at the meeting. We are mailing this proxy statement to unitholders on or about April 10, 2017. Please read these materials carefully so that you have the information you need to make informed decisions.

You do not need to attend the Annual Meeting to vote. Instead, you may simply complete, sign and return the enclosed proxy card or vote on the internet or by telephone as provided on your proxy card.

When and where is the Annual Meeting?

The 2017 Annual Meeting of Unitholders of Legacy Reserves LP will be held on Tuesday, May 16, 2017, at 10:30 a.m., local time, at the Midland Petroleum Club located at 501 W. Wall, Midland, Texas 79701.

Table of Contents

The Petroleum Club of Midland is located on the southwest corner of Wall Street and Marienfeld in downtown Midland. From the Midland International Airport, exit the airport on the south side and cross over and merge onto Business 20 East, which turns into Wall Street. The Petroleum Club is 10 miles east of the airport and is a white, two story building. There is parking behind the building. For your convenience, the Petroleum Club phone number is (432) 682-2557.

What am I being asked to vote upon?

You are being asked to (1) approve the election of the directors nominated to our Board of Directors to serve until the next Annual Meeting of Unitholders; (2) approve, by a non-binding advisory vote, executive compensation; (3) recommend, by non-binding advisory vote, that future unitholder advisory votes on executive compensation be conducted every three years; (4) ratify the appointment of the firm of BDO USA, LLP as independent registered public accountants of the Partnership for the fiscal year ending December 31, 2017; and (5) transact any other business as may properly come before the Annual Meeting or any adjournment thereof, including, without limitation, the adjournment of the Annual Meeting in order to solicit additional votes from unitholders in favor of adopting the foregoing proposals.

Voting and Proxy Procedures

Who may vote at the Annual Meeting?

Only unitholders of record at the close of business on March 21, 2017, the record date for the Annual Meeting, are entitled to participate in the Annual Meeting. If you were a unitholder of record on that date, you will be entitled to vote all of the units that you held on that date at the Annual Meeting, or any postponements or adjournments of the Annual Meeting.

It is critical that you instruct your broker how you wish to vote your units on Proposals 1, 2 and 3. Absent instructions from you, the bank or broker may not vote your units on these proposals and your units will be considered broker non-votes, which will have no effect on the outcome of Proposals 1, 2 and 3.

What are the voting rights of the holders of units?

Each unit is entitled to one vote on all matters. Your proxy card indicates the number of units that you owned as of the record date.

Who is soliciting my proxy?

Our Board of Directors on behalf of the Partnership is soliciting proxies to be voted at the Annual Meeting.

What different methods can I use to vote?

By Written Proxy. Regardless of whether you plan to attend the Annual Meeting, we urge you to complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. Returning the proxy card will not affect your right to attend the Annual Meeting and vote in person.

By Internet. Go to the website set forth on the proxy card and follow the on-screen instructions. You will need the control number contained on your proxy card. Voting by internet is the fastest and lowest cost medium of voting your proxy.

Table of Contents

By Telephone. Please dial the toll-free telephone number set forth on the proxy card and follow the audio instructions. You will need the control number contained on your proxy card.

If you properly follow the instructions above in time to vote, your “proxy” (Micah C. Foster and James Daniel Westcott are the individuals named as proxies on your proxy card) will vote your units as you have directed. Unless otherwise directed by you, your proxy will vote your units:

- **For** the election of the nine (9) director nominees proposed by our Board of Directors;
- **For** the approval, on an advisory basis, of the compensation of the named executive officers;
- **For** “3 years” with respect to the recommendation of the frequency of future unitholder advisory votes on executive compensation; and
- **For** the ratification of the appointment of BDO USA, LLP as our independent registered accounting firm for the fiscal year ending December 31, 2017.

If any other matter is presented, it is the intention of the persons named in the enclosed proxy card to vote proxies held by them in accordance with their best judgment. At the time this proxy statement was first mailed to unitholders, we knew of no matters that needed to be acted on at the Annual Meeting other than those discussed in this proxy statement.

In Person. All unitholders of record at the close of business on March 21, 2017 may vote in person at the Annual Meeting. If you plan to attend the Annual Meeting and vote in person, we will give you a ballot when you arrive. However, if your units are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you were the beneficial owner of the units on the record date.

How may I revoke my signed proxy card?

You may revoke your proxy card or change your vote at any time before your proxy is voted at the Annual Meeting. You can do this in one of three ways:

- you can send a written notice in advance of the meeting to our Secretary at 303 W. Wall, Suite 1800, Midland, Texas 79701, stating that you would like to revoke your proxy;
- you can complete and submit a later-dated proxy card; or
- you can attend the Annual Meeting and vote in person. Your attendance at the Annual Meeting will not alone revoke your proxy unless you vote at the meeting as described below.

If you have instructed a broker to vote your units, you must follow directions received from your broker to change those instructions.

You may change your internet vote as often as you wish by following the procedures for internet voting. The last known vote in the internet voting system as of 11:59 p.m., Eastern Time, on May 15, 2017 will be counted.

You may change your telephone vote as often as you wish by following the procedures for telephone voting. The last known vote in the telephone voting system as of 11:59 p.m., Eastern Time, on May 15, 2017 will be counted.

Table of Contents

What does it mean if I get more than one proxy card?

It indicates that your units are held in more than one account, such as two brokerage accounts registered in different names. You should complete each of the proxy cards to ensure that all of your units are voted. We encourage you to register all of your brokerage accounts in the same name and address for better service. You should contact your broker, bank or nominee for more information. Additionally, our transfer agent, Computershare Trust Company, N.A., can assist you if you want to consolidate multiple accounts registered in your name by contacting our transfer agent at P.O. Box 30170, College Station, TX 77842-3170, Telephone: (781) 575-4238.

Quorum and Required Votes

How many votes are needed to hold the meeting?

A majority of the voting power of the outstanding units entitled to vote at the meeting as of the record date must be represented at the meeting in order to hold the meeting and conduct business. This is called a quorum. As of March 21, 2017, the record date, there were 72,624,954 units outstanding held by approximately 134 holders of record. Unitholders are entitled to one vote, exercisable in person or by proxy, for each unit held by such Unitholder on the record date. Our partnership agreement does not provide for cumulative voting.

Units are counted as present at the Annual Meeting if:

- the unitholder is present and votes in person at the meeting;
- the unitholder has properly submitted a proxy card; or
- under certain circumstances, the unitholder's broker votes the units.

Who will count the vote?

Representatives of Computershare Trust Company, N.A., our transfer agent, will tabulate the votes cast by proxy. The Inspector of Election will tabulate any votes cast at the Annual Meeting.

How many votes are required to approve the proposals?

The affirmative vote of holders of a plurality of the votes cast with respect to the election of a director is required to elect that director. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election of directors (Proposal 1).

The affirmative vote of holders of a majority of the votes cast (not including abstentions and broker non-votes) at the meeting is required for the approval of:

- the non-binding resolution on executive compensation (Proposal 2);
- the non-binding recommendation of the frequency of future advisory votes on executive compensation (Proposal 3); and
- the ratification of our appointment of the independent registered public accounting firm for the fiscal year ending December 31, 2017 (Proposal 4) and any other matters that properly come before the meeting.

[Table of Contents](#)

How are abstentions and broker non-votes counted?

Abstentions and broker non-votes are included in determining whether a quorum is present.

Abstentions and broker non-votes will not be taken into account in determining the outcome of the election of directors (Proposal 1), the non-binding resolution on executive compensation (Proposal 2) or the non-binding recommendation of the frequency of future unitholder advisory votes on executive compensation (Proposal 3). Brokers do not have the discretionary authority to vote on the directors standing for election, the non-binding resolution on executive compensation or the non-binding recommendation of the frequency of future unitholder advisory votes on executive compensation. With respect to the ratification of the appointment of our auditors, brokers have the discretionary authority to vote on this proposal, but abstentions will not be taken into account in determining the outcome of this vote.

How are proxies solicited?

Proxies may be solicited by mail, telephone or other means by our general partner's officers and directors and our employees. No additional compensation will be paid to these individuals in connection with proxy solicitations. We will pay for distributing and soliciting proxies and will reimburse banks, brokers and other custodians their reasonable fees and expenses for forwarding proxy materials to unitholders.

The Notice of the 2017 Annual Meeting of Unitholders and proxy statement are available at <http://ir.legacylp.com/proxy.cfm> and our Annual Report on Form 10-K for the year ended December 31, 2016 is available at <http://ir.legacylp.com/annuals.cfm>.

PROPOSAL 1
ELECTION OF DIRECTORS

Board of Directors

The Amended and Restated Limited Liability Company Agreement, as amended, of our general partner provides that our Board of Directors will consist of a number of directors as determined from time to time by resolution adopted by a majority of directors then in office, but shall not be less than seven or more than nine. Currently, our Board of Directors has nine directors. Each of the nominees for election to the Board of Directors is currently a director of Legacy Reserves GP, LLC, our general partner. If elected at the Annual Meeting, each of the nominees will be elected to hold office for a one-year term and thereafter until his successor has been elected and qualified, or until his earlier death, resignation or removal.

Voting

Directors are elected by a plurality of the votes cast at the Annual Meeting. Units represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such units will be voted in favor of the remainder of those nominated and may be voted for substitute nominees, unless the Board of Directors chooses to reduce the number of directors serving on the Board of Directors. Each person nominated for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unable to serve.

Recommendation and Proxies

The Board of Directors recommends a vote FOR each of the nominees named below.

The persons named as proxies in the enclosed proxy card will vote all units over which they have discretionary authority FOR the election of the nominees named below. Although our Board of Directors does not anticipate that any of the nominees will be unable to serve, if such a situation should arise prior to the meeting, the appointed persons will use their discretionary authority pursuant to the proxy and vote in favor of the remainder of those nominated and may be voted for substitute nominees, unless the Board of Directors chooses to reduce the number of directors serving on the Board of Directors.

Set forth below is biographical information regarding each director nominee and information regarding the specific experience, qualifications, attributes and skills that qualify the nominees to serve on the Board of Directors. Each of the director nominees is an existing director standing for re-election for a one-year term expiring at the 2018 Annual Meeting.

**THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR”
THE FOREGOING DIRECTOR NOMINEES.**

PROPOSAL 2

ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, as amended (“*Exchange Act*”), and the related rules of the U.S. Securities and Exchange Commission (the “*SEC*”), we are including in these proxy materials a non-binding resolution seeking unitholder approval of the compensation of our named executive officers as described in this proxy statement.

Our executive officer compensation strategy is designed to align the compensation of the executive officers with unitholder return. We provide financial incentives to our executive officers for performance, achievement of goals and enhancement of unitholder value. Our compensation philosophy is to drive and support the long-term goal of growing asset value and total unitholder return by paying for performance and not rewarding underperformance. In meeting these goals, we intend to invest in our long-term opportunities while meeting our short-term commitments. Our compensation policy allows us to attract and retain highly qualified executive officers.

As all our executive officers hold units in the Partnership, we focus on the growth of our business. Through this approach, our executives receive salaries and incentive pay opportunities consistent with the market value of their services, and their performance is further rewarded through the return on their holdings of our units, which creates alignment of interests with our unitholders.

The text of the advisory (non-binding) resolution with respect to this Proposal 2 is as follows:

“RESOLVED, that the unitholders of Legacy Reserves LP approve, on an advisory basis, the compensation of the individuals identified in the Summary Compensation Table, as disclosed in the Legacy Reserves LP proxy statement with respect to Legacy Reserves LP’s 2017 Annual Meeting pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in this proxy statement.”

In considering their vote, unitholders may wish to review with care the information on the Partnership’s compensation policies and decisions regarding executive compensation as presented in the “Compensation Discussion and Analysis” on pages 23 to 48 in this proxy statement and the compensation tables and related narrative disclosure on pages 49 to 60 in this proxy statement.

Although the unitholder vote on this advisory resolution is non-binding, the Compensation Committee values unitholder opinions and will consider the outcome of the vote when making future decisions regarding our executive compensation program.

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” THE APPROVAL OF THE ADVISORY (NON-BINDING) RESOLUTION ON EXECUTIVE COMPENSATION.

PROPOSAL 3

ADVISORY (NON-BINDING) VOTE ON FREQUENCY OF FUTURE VOTES ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, we are providing the unitholders with an opportunity to provide an advisory (non-binding) vote with respect to whether future unitholder advisory votes on executive compensation should occur every three years, every two years or every year.

The Board recommends that unitholders support a frequency period of every three years for future advisory unitholder votes on compensation for our named executive officers. The Board believes holding an advisory vote on executive compensation every three years would allow us sufficient time to conduct a meaningful and detailed review of its pay practices in response to such unitholder advisory vote. Further, the Board believes that holding an advisory vote on executive compensation every three years would align more closely with our compensation philosophy, which is to drive and support the long-term goal of growing asset value and total unitholder return by paying for performance.

This advisory vote on frequency of advisory votes on executive compensation gives unitholders the opportunity to state their preference on how frequently we conduct the advisory vote on our executive compensation. Unitholders will be able to specify one of four choices for this proposal on the proxy card: three years, two years, one year or abstain.

While the Board recommends holding an advisory vote on executive compensation every three years, the Board recognizes that a more frequent advisory vote may be appropriate if a majority of our unitholders indicate their disapproval of the Partnership's executive compensation practices.

This advisory vote on the frequency of future advisory votes on executive compensation is non-binding on the Board. Unitholders are not voting to approve or disapprove the Board's recommendation. Although non-binding, the Board and the Compensation Committee will carefully review the voting results and consider these results in setting the future advisory vote frequency.

**THE BOARD RECOMMENDS THAT YOU VOTE "3 YEARS" WITH RESPECT
TO THE FREQUENCY OF VOTES ON EXECUTIVE COMPENSATION.**

CORPORATE GOVERNANCE

Management of Legacy Reserves LP

The directors and officers of Legacy Reserves GP, LLC, as our general partner, manage our operations and activities. Our general partner is not elected by our unitholders and will not be subject to re-election on a regular basis in the future. Other than through their ability to elect directors of our general partner as described below, unitholders will not be entitled to directly or indirectly participate in our management or operation.

Our general partner owes a fiduciary duty to the Partnership. Our general partner will be liable, as general partner, for all of our debts (to the extent not paid from our assets), except for indebtedness or other obligations that are made specifically nonrecourse to it. Our general partner therefore may cause us to incur indebtedness or other obligations that are nonrecourse to it.

The amended and restated limited liability company agreement, as amended, of our general partner provides for a board of directors of not less than seven and not more than nine members.

Our unitholders, including affiliates of our general partner, are entitled to elect all of the directors of our general partner annually. Directors of our general partner hold office for a one-year term and thereafter until the earlier of their death, resignation, removal or disqualification or until their successors have been elected and qualified.

Board of Directors

During the fiscal year ended December 31, 2016, our Board of Directors held 10 meetings. It is the policy of our Board of Directors to encourage directors to attend each meeting of unitholders. All of our directors serving on the Board of Directors at the time of the Annual Meeting held in 2016 attended the Annual Meeting held in 2016.

Director Independence

The Board of Directors includes four individuals who the Board of Directors has determined meet the independence and experience standards established by the NASDAQ Global Select Market, or NASDAQ, and the Exchange Act: Messrs. Granberry, Lawrence, Sullivan and Vann.

The Board annually reviews all relevant business relationships any director may have with Legacy and the independence standards established by the NASDAQ.

During 2016, the audit committee met 4 times, the compensation committee met 4 times, and the nominating, governance and conflicts committee met 7 times.

Leadership Structure of the Board

As prescribed by the Amended and Restated Limited Liability Company Agreement of our general partner, the Chairman of the Board of Directors has the power to preside at all meetings of the Board. Mr. C. Brown served as Chairman of our Board from our founding until May 12, 2016 and also previously served as our President and Chief Executive Officer until March 1, 2015.

Table of Contents

On May 12, 2016, the Board appointed Mr. Horne as Chairman of the Board. Mr. Horne also currently serves as our President and Chief Executive Officer. The nominating, governance and conflicts committee believes that Mr. Horne's history as one of the Partnership's founders, his industry experience and excellent performance in his previous roles at Legacy make him the appropriate leader of the Board. Also on May 12, 2016, the Board named Mr. Vann as the Lead Independent Director of the Board. The Lead Independent Director has clearly defined leadership authority and responsibilities, which include presiding at all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the independent directors, and serving as liaison between the Chairman of the Board and the independent directors. Our Lead Independent Director is afforded direct and complete access to the Chairman of the Board at any time as such director deems necessary or appropriate. The nominating, governance and conflicts committee will reevaluate its view on the Board's leadership structure periodically.

Risk Oversight

While it is the job of management to assess and manage our risk, the Board and its audit committee (each where applicable) discuss the guidelines and policies that govern the process by which risk assessment and management is undertaken and evaluate reports from various functions with the management team on risk assessment and management. The Board interfaces regularly with management and receives periodic reports that include updates on operational, financial, legal and risk management matters. The audit committee assists the Board in oversight of the integrity of our financial statements and our compliance with legal and regulatory requirements, including those related to the health, safety and environmental performance of Legacy. The audit committee also reviews and assesses the performance of our internal audit function and our independent auditors. The Board receives regular reports from the audit committee. We do not believe that the Board's role in risk oversight has an effect on the Board's leadership structure.

Evaluation of Compensation Risk

Our compensation committee has reviewed our employee compensation programs and overall compensation structure and internal controls. There are several design features of our compensation policy that reduce the likelihood of excessive risk-taking:

- annual cash incentive opportunities are contingent upon several carefully designed objective operational and financial measures (50% at target levels), as well as the compensation committee's discretion as to whether and in what amount to award additional cash incentive compensation (also 50% at target levels);
- our compensation policy is designed to provide a balanced mix of cash, equity-linked and equity and short- and long-term incentives;
- the potential payouts pursuant to our annual cash incentives are subject to reasonable maximum limits; and
- internal controls are in place to assure that payments and awards are consistent with actions approved by the compensation committee. Taking into consideration the factors above, the compensation committee does not believe that there is a reasonable likelihood that Legacy's compensation policy could have a material adverse effect on Legacy.

Nomination Criteria

The nominating, governance and conflicts committee is responsible for assessing the skills and characteristics that candidates for election to our Board of Directors should possess, as well as the composition of our Board of Directors as a whole. The assessments include qualifications under applicable independence standards and other standards applicable to our Board of Directors and its committees as well as consideration of skills and experience in the context of the needs of our Board of Directors. Each candidate must meet certain minimum qualifications including:

- the ability to dedicate sufficient time, energy and attention to the performance of her or his duties, taking into consideration the nominee's service on other public company boards; and
- skills and expertise complementary to the skills and expertise of the existing members of our Board of Directors (in this regard, the Board of Directors will consider its need for individuals with skills and expertise in operational, managerial, financial or governmental affairs or other relevant expertise).

The nominating, governance and conflicts committee may also consider the ability of a prospective candidate to work with the then-existing interpersonal dynamics of our Board of Directors and the candidate's ability to contribute to the collaborative culture among the members of the Board of Directors.

The nominating, governance and conflicts committee will also evaluate each nominee based upon a consideration of diversity, age, skills and experience in the context of the needs of the Board of Directors. The committee does not have a policy with regard to the consideration of diversity in identifying director nominees. Diversity, including diversity of experience, professional expertise, gender, race and age, is one factor considered in evaluating a nominee.

Based on this initial evaluation, the nominating, governance and conflicts committee will determine whether to interview the candidate and, if warranted, will recommend that one or more of its members, other members of our Board of Directors or senior management, as appropriate, interview the candidate in person or by telephone. After completing this evaluation and interview process, the committee ultimately determines its list of nominees and submits it to the full Board of Directors for consideration and approval.

The following discussion and analysis of compensation arrangements of the named executive officers of our general partner, Legacy Reserves GP, LLC, should be read together with the compensation tables and related disclosures set forth below.

Introduction

Our general partner manages our operations and activities through its Board of Directors. Under our fifth amended and restated agreement of limited partnership, we reimburse our general partner for direct and indirect general and administrative expenses incurred on our behalf, including the compensation of our general partner's executive officers. Our general partner has not incurred any reimbursable expenses related to the compensation of our general partner's executive officers for their management of us. Currently, our general partner's executive officers are employed by our wholly owned subsidiary, Legacy Reserves Services, Inc., and are directly compensated for their management of us pursuant to their employment agreements. The compensation amounts disclosed in this section and under "Executive Compensation" reflect the total compensation paid to the executive officers of our general partner. Please read "Executive Compensation - Employment Agreements."

Executive Summary

We are a master limited partnership headquartered in Midland, Texas, focused on the acquisition and development of oil and natural gas properties primarily located in the Permian Basin, East Texas, Rocky Mountain and Mid-Continent regions of the United States. Our compensation policy, as adopted by the compensation committee and approved by the Board of Directors in March 2013 and subsequently amended (the "*Compensation Policy*"), is designed to make our executive officers' total compensation comparable to that of similarly-sized publicly traded limited partnerships and exploration and production companies. The goals of our Compensation Policy are to:

- align the compensation of the executive officers with unitholder return;
- provide financial incentives to our executive officers for performance, achievement of goals and enhancement of unitholder value;
- drive and support the long-term goal of growing asset value and total unitholder return by paying for performance; and
- enable us to attract and retain highly qualified executive officers.

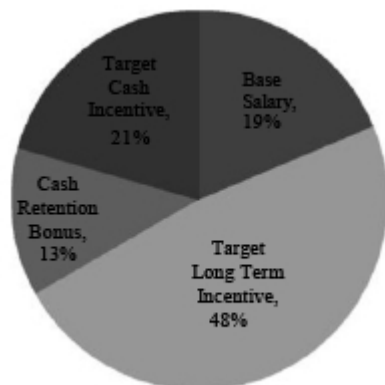

In meeting the goal of sustainable growth, we intend to invest in our long-term opportunities while meeting our short-term commitments.

In order to support and enhance the goals of the Compensation Policy, the compensation committee and the Board, as applicable, have approved the payment of quarterly cash retention bonuses to be paid pursuant to the terms described in "*Components of Compensation—2017 Adjustments to the Compensation Policy and Quarterly Cash Retention Bonuses*."

To achieve these goals, our total compensation to our executive officers is comprised of base salary, annual cash incentive compensation (annual cash bonus), quarterly cash retention bonus and equity-based incentive compensation. The charts below illustrate the allocation of compensation opportunities between salary, target annual cash bonus, quarterly cash retention bonus and target annual grants of equity to our Chief Executive Officer and other named executive officers (“NEOs”) with respect to fiscal year 2016. Base salaries in the charts below are represented by annualized base salaries that were effective during the year ended December 31, 2016, beginning on March 1, 2016. Target incentive compensation is based on the targets in place with respect to 2016 performance. Quarterly cash retention bonuses included in the charts below are based upon actual amounts paid to the Chief Executive Officer and the other NEOs and are deducted from each respective NEO’s target equity incentive compensation pertaining to 2016 performance.

On February 21, 2017, the compensation committee approved certain amendments to our Compensation Policy as further described under “–*Components of Compensation–2017 Adjustments to the Compensation Policy and Quarterly Cash Retention Bonuses.*”

The total compensation provided to our executive officers in fiscal year 2015 was comprised of compensation elements attributable solely to our Compensation Policy and the total compensation provided to our executive officers in fiscal year 2016 was comprised of elements attributable to our Compensation Policy and the Retention Bonus Agreements as described under “–*Quarterly Cash Retention Bonuses.*”

Cash Incentive Compensation. We believe meaningful annual cash incentive compensation to be a strong motivating factor that will result in significant increases in value and in growth. Payouts of annual cash incentive compensation to our executive officers during fiscal year 2016 and 2017 were made in accordance with the Compensation Policy based on performance during fiscal year 2015 and 2016, respectively. For more information regarding cash incentive compensation earned in fiscal year 2016 please see “–*Components of Compensation–Cash Incentive Compensation (Cash Bonus) under the Compensation Policy.*”

Subjective Component of Cash Incentive Compensation. In determining cash incentive awards earned in fiscal year 2016, our compensation committee conducted a subjective evaluation of individual officer and Partnership performance attributable to fiscal year 2016 for 50% of target annual cash incentive compensation. Under the Compensation Policy, the compensation committee has the discretion to award up to 150% of the subjective component of target annual cash incentive compensation.

Table of Contents

Objective Component of Cash Incentive Compensation. The remaining 50% of target annual cash incentive compensation earned in fiscal year 2016 was objectively determined in accordance with the objective criteria set forth in our Compensation Policy, which are based on our results and the achievement of operational and financial goals and objectives during fiscal year 2016 and are designed to align the incentive compensation of each executive officer with unitholder return by rewarding performance that maintains or grows distributions and exceeds the specified target levels for EBITDA (which is defined to mean Adjusted EBITDA, a non-GAAP financial measure, as described in the Partnership's annual report on Form 10-K). The respective criteria target levels, for purposes of the determination of annual objective cash incentive compensation only, are set by the compensation committee at the beginning of each year after considering management's recommendation.

Set forth below are the target levels for EBITDA and cash distribution growth targets used to determine the objective component of each executive officer's annual cash bonus that may be earned with respect to fiscal year 2016. Achievement of less than 85% of Target EBITDA or failure to maintain the prior cash distribution level, respectively, will result in no annual cash bonus awarded with respect to that particular performance measure.

Performance Measure	Weight	Performance Level/Percent Earned			
EBITDA	50%	< 85% of Target	85% of Target	100% of Target	115% of Target
		0%	50%	100%	150%

Quarterly Cash Retention Bonuses. Additionally, on June 13, 2016, the compensation committee approved, with respect to Mr. Horne, and the Board approved the recommendation of the compensation committee, with respect to Messrs. Westcott, Hammond, McGraw and LeRoy, the payment of quarterly cash retention bonuses for fiscal quarters ended June 30, September 30 and December 31, 2016 in the amounts per quarter as follows: \$125,000 to Mr. Horne, \$100,000 to Mr. Westcott, \$100,000 to Mr. Hammond, \$50,000 to Mr. McGraw and \$25,000 to Mr. LeRoy. The total amount of the quarterly cash retention bonuses paid in 2016 will be subtracted from the cash settlement of phantom units to be paid to such executive officers in 2019, if any, in connection with the vesting of phantom units awarded to such executive officers in 2016. For more information, including updates to the cash quarterly cash retention bonuses for 2017, please see “–Components of Compensation–2017 Adjustments to the Compensation Policy and Quarterly Cash Retention Bonuses”

Equity-Based Incentive Compensation. We believe meaningful equity participation by each named executive officer to be a strong motivating factor that will result in significant increases in value and in growth. Grants of equity-based compensation to our executive officers during fiscal year 2016 and 2017 were made in accordance with the Compensation Policy based on performance during fiscal year 2015 and 2016, respectively.

The subjective or service-based component of equity-based incentive compensation awarded as phantom units and associated distribution equivalent rights (“*DERs*”) is determined by a subjective evaluation of prior fiscal year performance by the compensation committee. The objective or performance-based component of equity-based incentive compensation, awarded as phantom units and associated *DERs*, is designed to reward our executive officers for their long-term performance and to align their interests with those of our unitholders. For more information regarding grants made during the fiscal years 2017 and 2016, please see “–Components of Compensation–Equity-Based Incentive Compensation under the Compensation Policy.”

Subjective Component of Equity -Based Incentive Compensation under the Compensation Policy (60% of target). Under the Compensation Policy, equity-based incentive compensation awarded under this component and associated *DERs* cliff vest after a three-year period and are not subject to any performance criteria. The *DERs* entitle the recipient of the award to a payment equivalent to the amount of the per unit distribution payable to unitholders over the vesting period. The compensation committee has the discretion to award up to 200% of the subjective component of target equity-based incentive compensation.

Objective Component of Equity -Based Incentive Compensation under the Compensation Policy (40% of target). Under the Compensation Policy, the objective component is granted at 200% of the target amount each year but is subject to cliff vesting after a three-year period in accordance with an objective performance-related formula (as set forth under “*Calculation of Vesting of Objective Component of Equity-Based Compensation under the Compensation Policy*” below) based on our objective average annual total unitholder return and the following: 1) our total unitholder return compared to the total unitholder returns of a group of our peers, and 2) our total unitholder return compared to the total unitholder returns of a broader group of MLPs. All total unitholder returns are measured during the cumulative three-year measurement period prior to the vesting date. If none or only a portion of phantom units vest as a result of target levels not being met, the unvested portion of phantom units and associated *DERs* will be forfeited.

Corporate Governance

Compensation Committee Authority

Executive officer compensation is administered by the compensation committee of the Board of Directors, which is currently composed of three members, Messrs. Vann, Granberry and Sullivan. The Board of Directors appoints the compensation committee members and, pursuant to the compensation committee's charter amended on January 18, 2017, delegates to the compensation committee the direct responsibility for, among other things, determining and approving the compensation for the general partner's executive officers, establishing equity and non-equity incentive plans, and administering our LTIP.

Prior to the compensation committee charter being amended on January 18, 2017, the compensation committee had direct responsibility for determining and approving the Chief Executive Officer's compensation and recommending compensation for the general partner's other executive officers.

The Board of Directors has determined that each committee member is independent under NASDAQ-listing standards, SEC rules and the relevant securities laws, and that each member qualifies as a "non-employee" director within the meaning of Rule 16-3 promulgated under the Exchange Act, and as an "outside director" as defined in Section 162(m) of the Internal Revenue Code.

Role of Compensation Experts in Determining Executive Officer Compensation

The compensation committee is authorized to obtain, at the Partnership's expense, compensation surveys, reports on the design and implementation of compensation programs for directors, officers and employees and other data and documentation as the compensation committee considers appropriate. In addition, the compensation committee has the sole authority to retain and terminate any outside counsel or other experts or consultants engaged to assist it in the evaluation of compensation of our directors and executive officers, including the sole authority to approve such consultants' fees and other retention terms.

Table of Contents

The compensation committee retained BDO USA, LLP (“*BDO*”) as a compensation consultant for performance years 2016 and 2015. BDO was engaged to provide a study of compensation programs related to named executive officers and outside directors offered by a broad peer group of exploration and production companies and publicly traded limited partnerships. The compensation committee charged BDO with undertaking this study to ascertain how the members of this peer group structure their compensation as a basis for establishing and maintaining an appropriate compensation program to better enable the Partnership to attract and retain highly qualified executive officers and to further align the interests of our executive officers with those of our unitholders.

BDO served as the Partnership’s independent registered public accountants during 2016. In appointing BDO’s compensation consulting group, the compensation committee considered whether such appointment would represent a conflict of interest. In particular, the compensation committee reviewed the structure of the consulting engagement which complies with SEC and Public Company Accounting Oversight Board independence rules and the relatively small amount of fees paid by the Partnership to BDO for compensation consulting services. The committee also evaluated its prior experience with BDO as its consultant and concluded that the advice received was, in its opinion, independent, that the relationship represented no conflict of interest, and that the compensation committee benefitted from the BDO consultants’ unique experience in consulting for publicly-traded partnerships.

Selection of Compensation Comparative Data

As discussed in greater detail below, central to our compensation philosophy is the alignment of the interests of our named executive officers with the interests of our unitholders. It is the goal of our compensation philosophy to provide financial incentives to our executive officers to focus on business strategies designed to maximize total return to our unitholders. In addition to comparing compensation packages of our named executive officers and outside directors with the compensation of their counterparts within a comparable group of exploration and production companies and publicly traded limited partnerships, other specific performance levels or “benchmarks,” as described in the Compensation Policy, were used in 2016 to establish the compensation packages of our named executive officers and outside directors.

The 2016 comparable group included Breitburn Energy Partners L.P.; Carrizo Oil & Gas, Inc.; Clayton Williams Energy, Inc.; Diamondback Energy, Inc.; EP Energy Corporation; EV Energy Partners, L.P.; Gulfport Energy Corporation; Halcón Resources Corporation; Laredo Petroleum Inc.; Linn Energy, LLC; Memorial Production Partners LP; Mid-Con Energy Partners, LP; Parsley Energy, Inc.; RSP Permian, Inc.; SandRidge Energy, Inc.; Summit Midstream Partners, LP; Southcross Energy Partners, L.P.; Swift Energy Company and Vanguard Natural Resources, LLC.

The 2015 comparable group included Atlas Resource Partners, L.P.; Breitburn Energy Partners L.P.; Carrizo Oil & Gas, Inc.; Clayton Williams Energy, Inc.; Crestwood Equity Partners LP; Diamondback Energy, Inc.; Eagle Rock Energy Partners, L.P.; EnLink Midstream Partners, LP; EV Energy Partners, L.P.; Gulfport Energy Corporation; Halcón Resources Corporation; Linn Energy, LLC; LRR Energy, L.P.; Memorial Production Partners LP; Mid-Con Energy Partners, LP; Parsley Energy, Inc.; Resolute Energy Corporation; Rosetta Resources Inc.; RSP Permian, Inc.; SandRidge Energy, Inc.; Summit Midstream Partners, LP; Southcross Energy Partners, L.P.; Swift Energy Company and Vanguard Natural Resources, LLC.

Our comparable group is determined by the compensation committee from time to time to ensure that the peer group’s size and composition produces relevant information for the compensation committee’s consideration.

Decision-Making Process and Role of Executive Officers

Compensation decisions for executive officers involve both objective and subjective criteria. For performance year 2016, under the amended compensation committee charter, the compensation committee consultant first provided information to the compensation committee regarding competitive market data. The second component of the decision-making process was our Chief Executive Officer providing a written overview of performance by the Partnership, including an overview of the performance by each named executive officer other than himself, in light of established operational and financial goals and objectives. After reviewing this written overview, the compensation committee met with the Chief Executive Officer in order to ask questions regarding the information set forth in the written overview and to gather any additional information needed in order to approve the compensation of all of the named executive officers.

In determining the compensation of the named executive officers, the compensation committee took into account the information provided by the compensation committee consultant. The compensation committee then evaluated the performance of the named executive officers in light of established operational and financial goals and objectives and determined as a committee, together with any other independent directors participating in the process, the named executive officers' compensation.

Executive Officer Compensation Strategy and Philosophy

Our Compensation Policy is designed to make our executive officers total compensation comparable to that of similarly sized publicly traded limited partnerships and exploration and production companies.

Our executive officer compensation strategy is designed to:

- align the compensation of the executive officers with unitholder return;
- provide financial incentives to our executive officers for performance, achievement of goals and enhancement of unitholder value;
- drive and support the long-term goal of growing asset value and total unitholder return by paying for performance; and

[Table of Contents](#)

- enable us to attract and retain highly qualified executive officers.

In meeting the goal of sustainable growth, we intend to invest in our long-term opportunities while meeting our short-term commitments. As all our executive officers hold units in the Partnership, we have attempted to maintain competitive levels of compensation while focusing on the growth of our business. Through this approach, our executives receive cash and equity compensation for the market value of their services, which creates alignment of interests with our unitholders.

At our named executive officers' 2016 compensation levels and due to our organizational structure, we did not believe that Internal Revenue Code Section 162(m) would be applicable and accordingly, did not consider it in setting compensation levels.

Components of Compensation

Named Executive Officer Compensation

Total compensation to our executive officers is comprised of base salary, cash incentive compensation (annual cash bonus), quarterly cash retention bonus and equity-based incentive compensation.

2016 Performance Goals and Objectives

For the 2016 performance year, the operational and financial goals and objectives were as follows:

- Generate \$0.02 per unit of Distributable Cash Flow;
- Divest at least \$50 million of Midland Basin properties with minimal impact to cash flow;

These goals and objectives, as supplemented by more detailed supporting goals and objectives put forth by our named executive officers, provided a framework for the compensation committee to assess our 2016 performance and to determine named executive officers' total compensation levels. Relative weight is not assigned to any of these goals and objectives. Additionally, the financial goals were based on various assumptions, with the understanding that our actual financial performance would be assessed based on factors considered relevant by the compensation committee at the time compensation for the named executive officers was reviewed and determined.

2016 Performance Assessment for Determination of Incentive Compensation under the Compensation Policy

The compensation committee assessed the 2016 performance of executive officers for purposes of the determination of the subjective components of cash incentive compensation and its consideration of equity-based incentive compensation earned with respect to fiscal year 2016 based on the attainment of the foregoing goals and objectives and the performance-related factors that it considered to be relevant.

- Provide the capital needed to execute the business plan while maintaining certain leverage senior debt metrics; and
- Experience zero lost-time accidents.

These goals and objectives, as supplemented by more detailed supporting goals and objectives put forth by our named executive officers, provided a framework for the compensation committee to assess our 2015 performance and to determine named executive officers' incentive compensation levels. Relative weight is not assigned to any of these goals and objectives. Additionally, the financial goals were based on various assumptions, with the understanding that our actual financial performance would be assessed based on factors considered relevant by the compensation committee at the time compensation for the named executive officers was reviewed and determined.

Base Salaries

Overview

We pay base salary to attract talented executives and provide a fixed base of cash compensation. Under its charter in effect until January 18, 2017, the compensation committee determined and approved the Chief Executive Officer's compensation including salary based on a review of the Chief Executive Officer's performance in light of established corporate goals and objectives. The compensation committee, with information provided by the compensation committee consultant and input of the Chief Executive Officer, also made recommendations to the Board of Directors as a whole with respect to the compensation, including base salary, to be paid to the other executive officers of our general partner. Under the compensation committee's charter in effect as of January 18, 2017, the compensation committee (rather than a combination of the compensation committee and Board) determines and approves the total compensation levels (including salary, annual cash bonus, quarterly cash retention bonus and equity compensation) of all of the executive officers of our general partner.

It is the intent of the compensation committee to have the base salaries of our named executive officers reviewed on an annual basis as well as at the time of a promotion or other material change in responsibilities.

2016 Base Salary Determinations

Effective March 1, 2016, base salaries were set at the following: Mr. Horne: \$550,000; Mr. Westcott: \$380,000; Mr. Hammond: \$380,000; Mr. McGraw: \$360,000; and Mr. LeRoy: \$260,000.

Cash Incentive Compensation (Cash Bonus) under the Compensation Policy

Overview

As a component of total compensation, the compensation committee chooses to pay annual incentives to drive the achievement of key results and to recognize individuals based on their contributions to those results. The compensation committee recognizes that short-term results contribute to achieving long-term goals. The amount of annual incentives is based upon our results and the achievement of operational and financial goals and objectives. The range and target amounts are recommended to the compensation committee by our Chief Executive Officer.

In determining cash incentive awards earned during a fiscal year, a subjective evaluation of the individual officer and Partnership performance (subjective criteria) for the fiscal year such awards are to be earned and our results and the achievement of operational and financial goals and objectives during such fiscal year (objective criteria) are considered.

The objective and subjective components of the cash incentive compensation each comprise 50% of the target bonus available expressed as a percentage of annual salary for each executive officer, as set forth in the following table for fiscal year 2016.

Named Executive Officer	Title	Target Cash Bonus as a Percentage of 2016 Annual Salary		
		Subjective	Objective	Total
Paul T. Horne	Chairman of the Board, President and Chief Executive Officer	55%	55%	110%
James Daniel Westcott	Executive Vice President and Chief Financial Officer	45%	45%	90%
Kyle M. Hammond	Executive Vice President and Chief Operating Officer	40%	40%	80%
Kyle A. McGraw	Director, Executive Vice President and Chief Development Officer	40%	40%	80%
Dan G. LeRoy	Vice President, General Counsel and Secretary	30%	30%	60%

Objective Component of Cash Bonus

The objective component (up to 50% of the annual target cash incentive compensation) is based on two measures of equal weight:

- EBITDA (which is defined to mean Adjusted EBITDA as defined in our 2016 Form 10-K); and
- Growth in cash distributions per unit.

The percentage levels that may be earned each year are based on the ranges of performance levels with respect to each target as set forth in the following table, as determined by straight-line interpolation.

Table of Contents

Our executive officers will not receive an annual cash bonus under this objective component unless the Partnership maintains its cash distribution per unit or achieves EBITDA that is at least 85% of the target EBITDA for the year.

Performance Measure	Weight	Performance Level/Percent Earned			
EBITDA	50%	<85% of Target	85% of Target	100% of Target	115% of Target
		0%	50%	100%	150%
Growth in Cash Distributions					
Per Unit	50%	< 0% Growth	0% Growth	7.5% Growth	15% Growth
		0%	50%	100%	150%

These objective measures are intended to align the cash incentive compensation of each executive officer with unitholder return by rewarding performance that maintains or grows distributions and achieves the EBITDA target. The respective target levels of EBITDA and growth in cash distributions per unit, respectively, for purposes of the annual cash bonus determination only, will be set by the compensation committee at the beginning of each year after considering management's recommendation. On February 21, 2017, the compensation committee approved certain amendments to our Compensation Policy as further described under "*Components of Compensation- 2017 Adjustments to the Compensation Policy*" which will change of the objective component of our annual cash bonuses in future payment periods.

During 2016, the Partnership achieved EBITDA of \$155.6 million, or 124.1% of the \$125.4 million target EBITDA, resulting in a Percentage Earned (pursuant to the table above) of 150% (weighted at 50% or 75%) and distribution growth in 2016 was 0% resulting in a Percentage Earned of 50% (weighted at 50% or 25%), resulting in bonus amounts at 100% of the potential target level of the objective component of the cash incentive compensation (the "*Objective Factor*" as set forth in the table below).

Subjective Cash Award

Each executive officer was awarded the annual cash bonuses in the amounts determined by the percentage of target levels available, as set forth under "*% of Subjective Factor Earned*" in the table below, and the potential target level of the subjective component of cash incentive compensation for 2016 (the "*Subjective Factor*" as set forth below). Under the Compensation Policy, the compensation committee and Board of Directors have the discretion to award up to 150% of the subjective target annual cash bonus.

Based on Legacy's and the individual executive officers' accomplishments and performances as set forth above, under the caption "*2016 Performance Assessment*," the Board, based on the compensation committee's recommendation, set the subjective portion of the annual cash bonus as shown in the table below.

Quarterly Cash Retention Bonus

Each executive officer was awarded the quarterly cash retention bonuses in the total amounts for 2016 as set forth under "*Cash Retention Bonus*" in the table below. The quarterly cash retention bonuses were paid with respect to quarters ending June 30, September 30 and December 31, 2016 because the executive officer remained continuously employed with the Partnership through the end of such quarter. The total amount of the quarterly cash retention bonuses paid in 2016 will be subtracted from the cash settlement of phantom units to be paid to such executive officers in 2019, if any, in connection with the vesting of phantom units awarded to such executive officers in 2016.

Table of Contents

The chart below illustrates the cash incentive award and quarterly cash retention bonus earned during 2016 for each named executive officer in accordance with the performance level/percentage earned calculation set forth in the Compensation Policy and applicable retention bonus agreement:

Named Executive Officer	2016 Salary	Subjective			Objective			Cash Incentive Amount (a)	Cash Retention Bonus (b)	Total Cash Incentive

Kyle M. Hammond	\$ 380,000	40%	150%	\$ 228,000	40%	100%	\$ 152,000	\$ 300,000	\$ 680,000

- (a) The amounts are determined by using a weighted earned percentage of 100% of the Objective Factor as determined in accordance with the formula set forth in the Compensation Policy. See “Cash Incentive Compensation (Cash Bonus) - Objective Component of Cash Bonus” above.
- (b) The total amount of the quarterly cash retention bonuses paid in 2016 will be subtracted from the cash settlement of phantom units to be paid to such executive officers in 2019, if any, in connection with the vesting of phantom units awarded to such executive officers in 2016.

Equity-Based Incentive Compensation - Overview

We provide performance-based equity-based incentive compensation opportunities to our executive officers as part of the compensation program because we believe that this element of compensation ties the interests of our executive officers directly to the interests of our unitholders. We also believe that equity-based incentive compensation serves as an important attraction and retention tool.

More specifically, the equity-based incentive compensation program of the Compensation Policy is designed to reward our named executive officers for their long-term performance by aligning grants of phantom units with total return to unitholders.

We consider equity-based incentive compensation to be an important element of our compensation program for named executive officers. We believe meaningful equity participation by each named executive officer to be a strong motivating factor that will result in significant increases in value and in growth. This belief is reflected in the aggregate awards of phantom units that have been made to named executive officers that did not already have a significant interest in our units. Our award structure for long-term equity-based incentives employs a mix of subjective and objective measures as set forth below.

Equity-Based Incentive Compensation under the Compensation Policy

Subjective or Service-Based Component. The subjective or service-based component is determined by a subjective evaluation of prior fiscal year performance and, with respect to each executive officer, may be awarded up to 200% of the specified percentage of annual salary as set forth in the tables below. Once granted, the only condition to vesting will be that the executive officer remain in the service of the Partnership until the end of the respective 3-year cliff vesting period. The vesting of service-based equity-based awards including associated DERs, once granted, is not subject to the attainment of any performance criteria.

Objective or Performance-Based Component under the Compensation Policy. The objective component is granted each year at 200% of the targeted percentage listed in the table below, but the amount vested at the end of the three-year period is determined on the vesting date in accordance with an objective performance-related formula (as set forth under “*Calculation of Vesting of Objective Component of Equity-Based Compensation under the Compensation Policy*” below) based on the objective average annual total unitholder return and our total unitholder return compared to the total unitholder returns of a group of our peers as well as the total unitholder returns of a broader group of MLPs achieved during the cumulative three-year measurement period prior to the vesting date. If none or only a portion of phantom units vest as a result of target levels not being met, the unvested portion of phantom units will be forfeited.

All equity-based incentive compensation awards are phantom units, with associated DERs, up to 200% of the specified percentage of annual salary as set forth in the following table.

Named Executive Officer	Title	Target Value of Phantom Units as a Percentage of 2016 Annual Salary (1)		
		Subjective	Objective	Total
Paul T. Horne	Chairman of the Board, President and Chief Executive Officer (2)	195%	130%	325%
James Daniel Westcott	Executive Vice President and Chief Financial Officer	150%	100%	250%
Kyle M. Hammond	Executive Vice President and Chief Operating Officer	120%	80%	200%
Kyle A. McGraw	Director, Executive Vice President and Chief Development Officer	105%	70%	175%
Dan G. LeRoy	Vice President, General Counsel and Secretary	48%	32%	80%

(1) Salaries effective March 1, 2016.

(2) On May 12, 2016, Mr. Horne was appointed as the Chairman of the Board.

A phantom unit is a notional unit that entitles the holder upon vesting to receive the same number of Partnership units. Under the Compensation Policy, the number of phantom units granted was determined by dividing the dollar amount of the intended grant value by the average closing price of Partnership units over the 20 trading days ended the last trading day prior to January 1st in the year of the grant. All phantom unit grants cliff vest on the third anniversary of the initial grant date or such date as determined by the compensation committee.

Calculation of Vesting of Objective Component of Equity-Based Compensation under the Compensation Policy

The objective-based phantom units granted at 200% of the target level each year are subject to a three-year measurement and vesting period. At the three-year vesting date of the objective or performance-based component of equity-based compensation, the number of phantom units to vest is determined based on the following three-step process, with the total vested amount to be determined by adding the values arrived at in Step 1 and Step 2.

Step 1: 50% of the performance-based award will be a function of the three-year average annual Total Unitholder Return for the Partnership ("*Legacy TUR*") and the percentile rank of the Legacy TUR among the Total Unitholder Return ("*TUR*") for such upstream master limited partnership ("*MLP*") peer companies as determined by the compensation committee (such peer companies, the "*Peer Group*"), using a single measurement date at the end of each three-year performance period. The average annual Legacy TUR or the average annual TUR for any entity in the Peer Group for any three-year performance period means the percentage increase in the value of a \$100 investment in a unit or common unit purchased at the average closing price of such a unit or common unit over the 20 trading days prior to January 1 of the year with respect to which the grant is made, assuming such investment is liquidated on the January 1 immediately prior to the vesting date, at a price that is the average price of the unit or common unit over the 20 trading days prior to the liquidation, plus any cash distributions paid in the three-year period from the grant date to the vesting date, divided by three. The following matrix will be used to determine the *Legacy TUR vs. Peer Group TUR* portion of the award.

Legacy TUR Ranking vs Peer Group*	> = 90 th %ile	0%	125%	150%	175%	200%
	75 th %ile	0%	100%	125%	150%	175%
	50 th %ile	0%	75%	100%	125%	150%
	25 th %ile	0%	50%	75%	100%	125%
	< = 10 th %ile	0%	25%	50%	75%	100%
		< = 0%	8%	12%	20%	> = 25%
Three-Year Average Annual Legacy TUR						

* For the 2014-2016 performance period, the Peer Group consisted of Atlas Resource Partners, L.P.; Breitburn Energy Partners L.P.; EV Energy Partners, L.P.; Linn Energy, LLC; Memorial Production Partners LP; Mid-Con Energy Partners, LP; and Vanguard Natural Resources, LLC. If any company in the Peer Group ceases to be publicly traded during any performance period, the compensation committee will adjust the composition of the Peer Group as it deems appropriate.

To determine the performance-based awards earned for this *Legacy TUR vs. Peer Group* component, the percentage determined in accordance with the performance grid (using straight-line interpolation between the percentages given above) is multiplied by 50% and multiplied by the target number of phantom units available for vesting.

Table of Contents

Step 2: 50% of the performance-based award will be a function of the three-year average Legacy TUR and the percentile rank of the Partnership among a group of MLPs included in the Alerian MLP Index (such group of MLPs as determined by the compensation committee, excluding publicly traded general partners of MLPs and shipping companies) (the “*Adjusted Alerian Index*”) based on such entities’ three-year average annual TUR. The following matrix will be used to determine the *Legacy TUR vs. Adjusted Alerian Index* portion of the award.

TUR Relative to Adjusted Alerian Index**	> = 90 th %ile	0%	125%	150%	175%	200%
	75 th %ile	0%	100%	125%	150%	175%
	50 th %ile	0%	75%	100%	125%	150%
	25 th %ile	0%	50%	75%	100%	125%
	< = 10 th %ile	0%	25%	50%	75%	100%
		< = 0%	8%	12%	20%	> = 25%

Three-Year Average Annual Legacy TUR

** “*Adjusted Alerian Index*” means a subset of companies included in the Alerian MLP Index as determined by the compensation committee and excludes publicly traded general partners of MLPs and shipping companies, as of the beginning of each fiscal year. The calculation of the Adjusted Alerian Index along with calculation of percentile results and the Legacy TUR percentile ranking is subject to third-party review.

To determine the performance-based awards earned on this *Legacy TUR vs. Adjusted Alerian Index* component, the percentage earned in accordance with the above matrix (using straight-line interpolation between the percentages set forth in the matrix) is multiplied by 50% and multiplied by the target number of phantom units available for vesting.

Step 3: The respective award values arrived at by performing the calculations set forth in Step 1 and Step 2 above will be added to determine the total vested portion of the performance-based equity award with respect to a particular three-year performance period.

For more information on how these awards will be determined in future periods, please see “*2017 Adjustments to the Compensation Policy and Quarterly Cash Retention Bonuses*. ”

2017 Objective Phantom Unit Vesting

In accordance with the calculation of the objective component of equity compensation as set forth in the Compensation Policy and calculated as described above in “–Equity-Based Incentive Compensation” and “–Calculation of Vesting of Objective Component of Equity-Based Compensation,” the phantom units granted to each executive officer on March 3, 2014 vested on February 18, 2017 in the amounts set forth below. No other objective phantom units granted under the objective component of equity-based incentive compensation portion of the Compensation Policy will vest in 2017 as such grants are subject to a three-year cliff vesting and measurement period.

The Performance Factor is determined based on the Partnership’s performance from 2014 through 2016 as measured by the Partnership’s 3 year average annual TUR, the Partnership’s 3 year average annual TUR compared to the 3 year average annual TUR of an index of other MLPs, and the Partnership’s 3 year average annual TUR compared to its peer group.

2017 Adjustments to the Compensation Policy and Quarterly Cash Retention Bonuses

On February 21, 2017, the compensation committee approved certain amendments to the Compensation Policy. Except as otherwise noted herein, the amendments to the Compensation Policy apply to incentive awards granted commencing in fiscal year 2018 in accordance with this Compensation Policy with respect to the Partnership's and the executive officers' performance during fiscal year 2017, as described herein. The amendments to the Compensation Policy are set forth below.

Cash Incentive Compensation (Cash Bonus). The objective component pertaining to growth in cash distributions has been deleted and replaced by a measure of ratio of Total Debt (as defined in our Third Amended and Restated Credit Agreement, as amended) to EBITDA (as defined as Adjusted EBITDA in our annual report on Form 10-K) at the last day of the given period.

The percentage levels that may be earned each year are based on the ranges of performance levels with respect to the target as set forth in the following table, as determined by straight-line interpolation. In addition, such levels pertaining to the EBITDA target have been amended as set forth in the table below.

Our general partner's executive officers will not receive an annual cash bonus (with respect to either of the two performance measures) under this objective component unless we achieve a Total Debt to EBITDA ratio that is less than 125% of the target Total Debt to EBITDA ratio or achieves EBITDA that is greater than 75% of the target EBITDA for the year.

Measure	Weight	Performance Level/Percent Earned		
EBITDA	50%	75% of Target	100% of Target	125% of Target
		0%	100%	200%
Ratio of Total Debt to EBITDA	50%	125% of Target	Target	75% of Target
		0%	100%	200%

The target levels and the related tiers of percent earned relative to performance level, for purposes of the annual cash bonus determination only, will be set by the Committee at the beginning of each year after considering management's recommendation.

The percentages listed below will be applied with respect to the Partnership's and the executive officers' performance during fiscal year 2017, but may change in the future at the compensation committee's discretion.

Executive Officer	Title	Target Cash Bonus As a Percentage of Annual Salary		
		Subjective	Objective	Total
Paul T. Horne	Chairman of the Board, President and Chief Executive Officer	55%	55%	110%
James Daniel Westcott	Executive Vice President and Chief Financial Officer	45%	45%	90%
Kyle M. Hammond	Executive Vice President and Chief Operating Officer	40%	40%	80%

Dan G. LeRoy	Vice President, General Counsel and Secretary	37.5%	37.5%	75%

[Table of Contents](#)

All other components of the Cash Incentive Compensation (Cash Bonus) remain in effect.

Equity-Based Incentive Compensation. The equity-based incentive compensation also employs a mix of subjective (weighted at 60% of total) and objective (weighted at 40% of total) measures.

The percentages listed below will be applied with respect to the Partnership's and executive officers' performance during fiscal year 2017, but may change in the future at the compensation committee's discretion.

Executive Officer	Title	Target Value of Phantom Units as a Percentage of Annual Salary		
		Subjective	Objective	Total
Paul T. Horne	Chairman of the Board, President and Chief Executive Officer	240%	160%	400%
James Daniel Westcott	Executive Vice President and Chief Financial Officer	180%	120%	300%

Kyle A. McGraw	Director, Executive Vice President and Chief Development Officer	105%	70%	175%
Dan G. LeRoy	Vice President, General Counsel and Secretary	60%	40%	100%

Subjective or Service-Based Component. The subjective or service-based component is determined by a subjective evaluation of prior fiscal year performance and, with respect to each executive officer, may be awarded up to two times the target percentage of annual salary as set forth in the table below. Once granted, subject to the respective executive officer's employment agreement, the only condition to vesting will be that the executive officer remain in the service of the Partnership until the end of the three-year vesting period. The vesting of service-based equity-based awards, once granted, is not subject to the attainment of any performance criteria. Phantom units granted pursuant to the subjective component, including those made in 2017 with respect to 2016 performance, will be settled two thirds in cash and one third in units and will not be subject to a cap on the maximum amount payable per unit.

Objective or Performance-Based Component. The matrix used to evaluate our total unitholder return for determining the percentage of equity grants made under the objective component that will vest has been amended to the following:

<div> <div>Legacy TUR</div> <div>Ranking</div> <div>vs</div> <div>Peer</div> <div>Group/Adjusted</div> <div>Alerian Index</div> </div>	> = 90 th %ile	100%	125%	150%	175%	200%

Phantom units granted pursuant to the objective component, including those granted in 2017 with respect to 2016 performance, will be settled in cash and will not be subject to a cap on the maximum amount payable per phantom unit.

All other components of the Equity-Based Incentive Compensation remain in effect.

On February 21, 2017, the Committee approved the payment of quarterly cash retention bonuses to the General Partner's executive officers for each quarter of the fiscal year ending December 31, 2017. The quarterly cash retention bonuses shall be paid with respect to the quarters ending March 31, June 30, September 30 and December 31, 2017 in the event that the executive officer remains continuously employed with the Partnership through the end of such quarter. The amounts of the quarterly cash retention bonuses will not offset any award of phantom units to the executive officers that are payable in cash. The quarterly cash retention bonuses with respect to each of the quarters ended March 31, June 30, September 30 and December 31, 2017 to the following executive officers are as follows:

Kyle M. Hammond	\$ 100,000

Amended and Restated Legacy Reserves LP Long-Term Incentive Plan (LTIP)

Long-term incentive compensation awards are administered through our LTIP adopted in March 2006 and amended and restated on August 17, 2007, and, by a vote the unitholders at the 2015 Annual Meeting, amended on June 12, 2015. The plan is administered by the compensation committee and permits the grant of awards resulting in the issuance of an aggregate of 5,000,000 units (of which 1,659,839 remain available for grant, as of March 7, 2017). Employees, consultants and directors of our general partner and its affiliates who perform services for us are eligible to receive awards under the LTIP ("*Eligible Persons*").

As of March 7, 2017, grants of awards that could result in the issuance of units, net of forfeitures, covering 3,103,970 units have been made, including 1,014,499 restricted units, 266,014 unit options, 1,389,773 phantom units and 433,684 units primarily issued to directors. We selected these types of awards because of the expectation by most of our employees as well as our directors that part of their compensation would be derived from the growth in value of Partnership units.

Our Board of Directors, or its compensation committee, in its discretion may terminate, suspend or discontinue the LTIP at any time with respect to any award that has not yet been granted. Our Board of Directors, or its compensation committee, also has the right to alter or amend the LTIP or any part of the plan from time to time, including increasing the number of units that may be granted, subject to unitholder approval as required by the exchange upon which the units are listed at that time. However, no change in any outstanding grant may be made that would materially impair the rights of the participant without the consent of the participant.

Table of Contents

Unit Grants

The LTIP permits the grant of units. A unit grant is a grant of units that vests immediately upon issuance. In 2015 and 2016, the only unit grants made were to non-employee directors.

Restricted Units and Phantom Units

A restricted unit is a unit that is subject to forfeiture prior to the vesting of the award. A phantom unit is a notional unit that entitles the grantee to receive a unit or, in the discretion of our Board of Directors or its compensation committee, cash equal to market value of a unit upon the vesting of the phantom unit. The compensation committee may make grants under the LTIP of restricted units and phantom units to employees, consultants and directors containing such terms, consistent with the LTIP, as the compensation committee shall determine. The compensation committee will determine the period over which the restricted units and phantom units granted to employees, consultants and directors will vest. The compensation committee may base vesting upon the achievement of specified financial objectives or on the grantee's completion of a period of service. In addition, the restricted units and phantom units will vest upon a change of control of the Partnership or our general partner, unless provided otherwise by the compensation committee in the award agreement. All restricted unit and phantom unit grants to our executive officers and employees provide for at least one year vesting periods with some providing for three and five year vesting. All 2016 and 2017 phantom unit grants to executive officers have three year vesting.

If the grantee's employment, service relationship or membership on the Board of Directors terminates for any reason, the grantee's unvested restricted units and phantom units will be automatically forfeited unless, and to the extent, the compensation committee provides otherwise in the award agreement or waives (in whole or in part) any such forfeiture. Units to be delivered in connection with the grant of restricted units or upon the vesting of phantom units settled in units may be units acquired by us on the open market, or from any other person, or we may issue new units, or any combination of the foregoing. Our general partner is entitled to reimbursement by us for the cost it incurs in acquiring units. Thus, the cost of the restricted units and the delivery of units upon the vesting of phantom units will be borne by us. If we issue new units in connection with the grant of restricted units or upon vesting of the phantom units settled in units, the total number of units outstanding will increase. The compensation committee, in its discretion, may provide for tandem distribution rights with respect to restricted units and grant tandem DERs with respect to phantom units that entitle the holder to receive cash equal to any cash distributions made on units prior to the vesting of a restricted or phantom unit. On phantom units, any such cash distributions will accumulate and accrue based on the assumed 100% vesting of any such phantom units but will not be payable until such vesting occurs. The actual amounts payable pursuant to such tandem DERs will be based solely on the number of underlying restricted or phantom units that actually vest. Holders of unvested restricted units are entitled to receive cash payments equal to any cash distribution payable at the time any cash distribution is paid to unitholders regardless of whether vesting has occurred.

Table of Contents

Unit Options and Unit Appreciation Rights (“UARs”)

The LTIP permits the grant of options covering units and the grant of unit appreciation rights. A unit appreciation right is an award that, upon exercise, entitles the participant to receive the excess of the fair market value of a unit on the exercise date over the exercise price established for the unit appreciation right. Such excess may be paid in units, cash, or a combination thereof, as determined by the compensation committee in its discretion. The compensation committee will be able to make grants of unit options and unit appreciation rights under the plan to employees, consultants and directors containing such terms as the committee shall determine consistent with the plan. Unit options and unit appreciation rights may not have an exercise price that is less than the fair market value of the units on the date of grant. In general, unit options and unit appreciation rights granted will become exercisable over a period determined by the compensation committee. In addition, the unit options and unit appreciation rights will become exercisable upon a change in control of the Partnership or our general partner, unless provided otherwise by the committee in the award agreement. The compensation committee, in its discretion may grant tandem DERs with respect to unit options and unit appreciation rights.

Upon exercise of a unit option (or a unit appreciation right settled in units), we will acquire units on the open market or from any other person or we may issue new units, or any combination of the foregoing. If we issue new units upon exercise of the unit options (or a unit appreciation right settled in units), the total number of units outstanding will increase, and we will receive the proceeds from an optionee's exercise of a unit option. The availability of unit options and unit appreciation rights is intended to furnish additional compensation to employees, consultants and directors and to align their economic interests with those of unitholders.

Currently, we only settle UARs in cash and not in units and therefore such UARs are not taken into consideration in calculating the number of units available for issuance under the LTIP. In 2016, we discontinued the granting of UARs.

Unit Option Practices

Although our LTIP permits us to award options under a variety of circumstances, we have not granted unit options since early 2007 and do not anticipate granting any further unit options. We have not back-dated any option awards. The option grants we have made to date had an exercise price that corresponded with the offering price to purchasers of our units in a private offering we conducted in March 2006, the price at which our units traded on the Portal Market, the price to the public of our units in our January 2007 initial public offering, or the market value of our units at the close of trading on the date of the grant. Any option grants we may make in the future will have an exercise price equal to the market value of our units at the close of trading on the date of the grant.

Perquisites and Other Personal Benefits

We maintain a 401(k) plan. The plan permits eligible full-time employees, including named executive officers, to make voluntary, pre-tax contributions to the plan up to a specified percentage of compensation, subject to applicable tax limitations. We may make a discretionary matching contribution to the plan for each eligible employee equal to 8.0% (6.0% prior to January 1, 2015) of an employee's annual compensation not in excess of \$260,000 for 2014, \$265,000 for 2015 and \$265,000 for 2016, subject to applicable tax limitations. Eligible employees who elect to participate in the plan are generally vested in any matching contribution after commencement of employment with the company. The plan is intended to be qualified under Section 401(a) of the Internal Revenue Code so that contributions to the plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the plan, and so that contributions, if any, will be deductible when made.

Table of Contents

We maintain an employee benefit plan that provides our employees with the opportunity to enroll in our health, dental and life insurance plans. We pay all of our employees' health and life insurance premiums. Our dental plan requires the employee to pay a portion of the premium, and we pay the remainder. We provide these benefits so that we will remain competitive in the employment market and offer the benefits to all employees on the same basis.

Unit Ownership Guidelines

On November 19, 2013, the nominating, governance and conflicts committee recommended and the Board of Directors approved a policy of unit ownership by executive officers and directors. Target ownership, which is based on market values, is in excess of the following thresholds: 5 times annual cash retainers for directors, 6 times base salary for the Chief Executive Officer, and 3 times base salary for all other executive officers. To accumulate this target ownership, executive officers and directors are not required to purchase units in the open market, but are generally required to retain at least 50% of each vesting of units or grant of unrestricted units, net of reductions for taxes due, until such target ownership is achieved. Notwithstanding the severe decline in our unit price that has rendered certain executive officers' and directors' unit ownership below the policy's thresholds, as of March 30, 2017, all executive officers and directors are in compliance with this policy.

As of December 31, 2016, our named executive officers as a group beneficially owned 1,498,747 units. Our named executive officers beneficially own approximately 2.1% of our 72,624,954 issued and outstanding units.

Table of Contents

- (c) Phantom units were granted to officers on June 13, 2016, February 24, 2015 and March 3, 2014. The amount shown reflects the grant date fair value of these awards based upon the Financial Accounting Standards board's authoritative guidance relating to stock compensation. The assumptions used in calculating these amounts are incorporated by reference to Note 13 - *"Unit Based Compensation"* to the financial statements in our annual report on Form 10-K filed with the SEC on February 22, 2017. In the prior years' Summary Compensation Table, based on then prevailing rules, the value of these awards reflected the grant date fair value of the amounts expensed each year, for financial reporting purposes. On December 16, 2009, the SEC adopted a final rule that requires reporting all stock and option awards granted during the fiscal year at the full grant date fair value. The value for each of the three years in this Summary Compensation Table reflects the full grant date fair value. The 2016 unit award figures exclude amounts equal to the quarterly cash retention bonuses paid with respect to continuous employment with the Partnership through the fiscal quarters ended June 30, 2016, September 30, 2016 and December 31, 2016 in the amounts per quarter of: \$125,000 to Mr. Horne, \$100,000 to Mr. Westcott, \$100,000 to Mr. Hammond, \$50,000 to Mr. McGraw and \$25,000 to Mr. LeRoy. Pursuant to the terms of the applicable grant agreements, the total amount of the quarterly cash retention bonuses paid in 2016 will be subtracted from the cash settlement of phantom units to be paid to such executive officers in 2019, if any, in connection with the vesting of phantom units awarded to such executive officers in 2016. The phantom units granted in 2016 which are settled in cash are limited to a maximum possible settlement value of \$10 per phantom unit. Assuming all performance and service conditions are met at the maximum possible level, the grant date fair value of the unit awards granted in 2016 pursuant to the Compensation Policy for each named executive officer is as follows: Mr. Horne: \$1,834,085; Mr. Westcott: \$874,060; Mr. Hammond: \$639,247; Mr. McGraw: \$628,587; and Mr. LeRoy: \$182,058. This table also reflects the grant date fair values of 130,000 restricted units granted to Mr. Hammond on June 15, 2015 in connection with the hiring of Mr. Hammond.

The employment agreements provide that each executive officer is entitled to participate in equity and non-equity incentive programs that we may establish from time to time and incentive compensation will be paid at the discretion of the Board of Directors. See “*Compensation Discussion and Analysis – Components of Compensation – Named Executive Officer Compensation.*”

Intellectual Property and Non-Compete Clauses

The employment agreements with each of our named executive officers require that the executive officer must promptly disclose and assign any individual rights that he may have in any intellectual property and business opportunities to us. For purposes of the employment agreements, intellectual property includes inventions, discoveries, processes, designs, methods, substances, articles, computer programs, or improvements and business opportunities include business ideas, prospects, proposals or other opportunities pertaining to the lease, acquisition, exploration, production, gathering or marketing of hydrocarbons and related products and the exploration potential of geographical areas on which hydrocarbon exploration prospects are located. Under the non-compete provisions of these agreements, the executive officers are prohibited from engaging or participating, with any person or entity, in any activity pertaining to the leasing, acquiring, exploring, producing, gathering or marketing of hydrocarbons during the term of the executive officer’s employment and the executive officer may not invest in any other such business unless prior approval is granted in writing by our Board of Directors. The non-compete provisions limit the executives’ right to engage in these activities for a period of 90 days after termination of employment in counties where we do business, 90 days in adjacent counties, and limit investment to \$500,000 in publicly traded companies engaged in similar businesses for a period of one year after termination unless such competitive activity is approved in writing by a majority of the independent directors of our Board of Directors. The employment agreements also prohibit the executive officer from soliciting any of our employees or customers for two years following termination.

The employment agreements prohibit the executive officers from engaging in or participating in any publicly traded partnership or limited liability company or privately held company contemplating an initial public offering as a limited partnership or a limited liability company that is in direct competition with us for one year following the termination of employment.

The non-compete provisions contained in the employment agreements will not apply to investments by the executive officers made prior to the effective date of their respective employment agreements, *provided* that the investments were identified in the employment agreement. In addition, the non-compete provisions will not apply if we terminate the executive officer’s employment within one year following a change of control.

Severance and Change in Control Payments

Pursuant to the terms of the employment agreements as of December 31, 2016, we may have been obligated to make severance payments to our named executive officers following the termination of their employment. Effective March 1, 2015, we amended our employment agreements with Messrs. Horne and McGraw to terminate our obligation to make gross-up payments associated with any excise tax that could have been imposed by Section 4999 of the Internal Revenue Code. Severance Benefits

Under the employment agreements, we may be obligated to make severance payments following the termination of each named executive officer's employment if we terminate him without cause or he terminates his employment for good reason, subject to certain cure periods. "Cause" is defined under each employment agreement as:

- the executive officer's conviction of or plea of nolo contendere to any felony or crime or offense causing substantial harm to the Partnership, general partner, or its direct or indirect subsidiaries, or involving acts of theft, fraud, embezzlement, moral turpitude or similar conducts;
- the executive officer's repeated intoxication by alcohol or drugs during the performance of his duties;
- the executive officer's malfeasance in the conduct of the executive's duties including, but not limited to, willful and intentional misuse or diversion of any funds, embezzlement or fraudulent or willful material misrepresentations or concealments on any written reports;
- the executive officer's material failure to perform the duties of his employment consistent with his position, expressly including the provisions of the employment agreements or material failure to follow or comply with the reasonable and lawful written directives of the Board;

Table of Contents

- a material breach of the employment agreement; or
- a material breach by the executive officer of written policies of the Partnership, the general partner, or any of our direct or indirect subsidiaries.

Each named executive officer will have a 15-day cure period prior to termination for cause under these agreements.

- a reduction in the executive officer’s base salary;
- the relocation of the executive officer’s primary place of employment to a location more than 20 miles from Midland, Texas; or
- any material reduction in the executive officer’s title, authority or responsibilities.

If the employment of any named executive officer is terminated by us for cause or by the executive officer without good reason, we are not obligated to make any severance payments to the executive officer. The amount that an executive officer is entitled to receive upon a termination of his employment by us without cause or by the executive officer with good reason is based on the executive officer’s salary and his incentive compensation. Under the severance provisions of each executive officer’s employment agreement, they are each entitled to severance pay in the amount of two years’ of annual base salary payable monthly at the highest rate in effect at any time during the 36 month period prior to termination, a lump sum payment equal to the average annual bonus of the two years preceding the termination and an amount equal to the executive’s pro-rata bonus for the fiscal year in which the termination occurs, such pro-rata bonus amount to be paid in a lump sum within 30 days following the date of termination. In addition, the executive officers are entitled to the full costs of the executive’s COBRA continuation coverage for the shorter of the severance period or the time when the executive receives substantially similar benefits from a subsequent employer. In addition, Mr. McGraw would have the right to exercise one demand registration right.

Change in Control Benefits

Pursuant to the employment agreements, we may be required to make payments to named executive officers upon a change in control, which occurs upon any of the following (*provided* that, with respect to Messrs. Westcott, LeRoy and Hammond, any such change in control qualifies as a change in ownership, change in effective control or change in ownership of a substantial portion of assets of the Partnership within the meaning of Section 409A of the Internal Revenue Code):

- the acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Exchange Act) (“*Person*”) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 35% or more of either (i) the then-outstanding equity interests of the Partnership (the “*Outstanding Legacy Equity*”) or (ii) the combined voting power of the then-outstanding voting securities of the Partnership entitled to vote generally in the election of directors (the “*Outstanding Legacy Voting Securities*”), *provided* that the following will not constitute a change of control: (A) any acquisition directly from the Partnership; (B) with respect to Messrs. Westcott, LeRoy and Hammond, a sale or other disposition of all or substantially all of the assets of the Partnership or any of its subsidiaries, in each case unless, following such transaction, (i) all or substantially all of the individuals and entities that were the beneficial owners of the Outstanding Legacy Equity and the Outstanding Legacy Voting Securities immediately prior to such transaction beneficially own, directly or indirectly, more than 50% of the then-outstanding equity interests and the combined voting power of the then-outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the corporation, resulting from such transaction (including, without limitation, a corporation or other entity that, as a result of such transaction, owns the Partnership or all or substantially all of the Partnership’s assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership immediately prior to such transaction of the Outstanding Legacy Equity and the Outstanding Legacy Voting Securities, as the case may be, (ii) no Person (excluding any corporation resulting from such transaction or any employee benefit plan (or related trust) of the Partnership or such corporation or other entity resulting from such transaction) beneficially owns, directly or indirectly, 35% or more of, respectively, the then-outstanding equity interests of the corporation or other entity resulting from such transaction or the combined voting power of the then-outstanding voting securities of such corporation or other entity, except to the extent that such ownership existed prior to such transaction, and (iii) at least a majority of the members of the board of directors of the corporation or equivalent body of any other entity resulting from such transaction were members of the Incumbent Board at the time of the execution of the initial agreement or of the action of the Board providing for such transaction; or

If a termination without cause or by the executive officer with good reason occurs within one year following a change in control, the executive officer will be entitled to a lump-sum payment in an amount equal to 36 months of his annual base salary (where each monthly amount equals one-twelfth of such executive's annual base salary), determined at the highest rate in effect at any time during the 36-month period prior to the termination. Such lump-sum payment shall be payable, with respect to Messrs. McGraw and Horne, within 30 days of the date of termination, and with respect to Messrs. Westcott, LeRoy and Hammond, within 60 days following the date of termination, *provided* that if the 60-day period begins and ends in two distinct taxable years, any such payment shall not be made until the second taxable year. In addition, the executive will be entitled to receive an amount equal to the average annual bonus of the two years preceding the termination, an amount equal to the executive's accrued but unpaid base salary and other amounts reimbursable by the employer to the executive pursuant to the agreement (any such accrued but unpaid base salary or other reimbursable amount to be paid in a lump sum within 30 days following the date of termination), an amount equal to any accrued but unpaid bonus and a cash amount equal to the executive's pro-rata bonus for the fiscal year in which the date of termination occurs, in each case, payable at such time as bonuses of other executive officers are paid such bonuses, and the full costs of the executive's COBRA continuation coverage for the shorter of the severance period or the time when the executive receives substantially similar benefits from a subsequent employer.

Quarterly Cash Retention Bonus Agreements

On June 13, 2016, the compensation committee approved, with respect to Mr. Horne, and the Board approved the recommendation of the compensation committee, with respect to Messrs. Westcott, Hammond, McGraw and LeRoy, the payment of quarterly cash retention bonuses for fiscal quarters ended June 30, September 30 and December 31, 2016 in the amounts per quarter as follows: \$125,000 to Mr. Horne, \$100,000 to Mr. Westcott, \$100,000 to Mr. Hammond, \$50,000 to Mr. McGraw and \$25,000 to Mr. LeRoy in the event that the executive officer remained continuously employed with the Partnership through the end of such quarter. The total amount of the quarterly cash retention bonuses paid in 2016 will be subtracted from the cash settlement of phantom units to be paid to such executive officers in 2019, if any, in connection with the vesting of phantom units awarded to such executive officers in 2016.

On February 21, 2017, the compensation committee approved the payment of quarterly cash retention bonuses to our general partner's executive officers for each quarter of the fiscal year ending December 31, 2017. The quarterly cash retention bonuses shall be paid with respect to quarters ending March 31, June 30, September 30 and December 31, 2017 in the amounts per quarter as follows: \$125,000 to Mr. Horne, \$100,000 to Mr. Westcott, \$100,000 to Mr. Hammond, \$50,000 to Mr. McGraw and \$25,000 to Mr. LeRoy in the event that the executive officer remains continuously employed with the Partnership through the end of such quarter. The quarterly cash retention bonuses will be paid pursuant to retention bonus agreements between an affiliate of the Partnership and the applicable executive officers. The amounts of the quarterly cash retention bonuses paid in 2017 will not offset any award of phantom units to the executive officers that are payable in cash.

Option Exercises and Units Vested in 2016

On February 18, 2016, pursuant to certain objective criteria, the last one-third tranche of each of the objective and subjective phantom units vested which were granted to Westcott, McGraw, LeRoy and Horne on March 7, 2013. The following table reflects all of the phantom units and restricted units held by our named executive officers which vested during 2016.

DIRECTOR COMPENSATION

Officers or employees of our general partner and its affiliates who also serve as directors of our general partner did not receive additional compensation for their Board service in 2016. In accordance with this policy, Paul T. Horne and Kyle A. McGraw did not receive any compensation for their service as directors in 2016. Each non-employee director, except as described below, was entitled to receive an annual retainer of \$40,000 and \$1,000 for each Board of Directors and committee meeting lasting less than one hour and \$1,500 for each Board of Directors and committee meeting lasting one hour or more for each meeting in excess of the four quarterly Board meetings scheduled each year.

In connection with Mr. C. Brown's resignation as President and Chief Executive Officer of our general partner and as an employee of any Legacy entity, effective March 1, 2015, Mr. C. Brown entered into a Non-Executive Chairman Agreement by and among our general partner, the Partnership, Legacy Reserves Services, Inc. and Mr. C. Brown (the "Chairman Agreement"). The Chairman Agreement was approved by the compensation committee and the Board of Directors on February 3, 2015. During the term of the Chairman Agreement, Mr. C. Brown was compensated for his services through a cash retainer of \$125,000 per quarter (the "Cash Retainer") in lieu of any annual or quarterly retainer paid to other non-employee members of the Board described above. In addition to the Cash Retainer, Mr. C. Brown was paid any of the cash directors' fees described above for which other non-employee members of the Board were eligible to receive in connection with any meetings of the Board attended by him and was eligible to receive grants of equity consistent with those that are granted to other non-employee directors. The Partnership also continued to provide health care coverage under COBRA for the period following Mr. C. Brown's resignation as President and Chief Executive Officer until he no longer served as Chairman of the Board. Under the terms of the LTIP, Mr. C. Brown was entitled to continued vesting of his outstanding equity awards in accordance with the grant agreements. On May 12, 2016, Mr. Horne was appointed as Chairman of the Board and the Chairman Agreement terminated. Mr. C. Brown continues to serve as a director of the Board in accordance with the policies applicable to non-employee directors.

On October 25, 2016, our general partner entered into a Director Nomination Agreement with GSO. Pursuant to the Director Nomination Agreement and in accordance with our amended and restated partnership agreement and our general partner's amended and restated limited liability company agreement, the size of our Board was increased from eight to nine directors, and the resulting vacancy was filled by an individual designated by GSO, initially Mr. D. Dwight Scott. Mr. Scott will not receive compensation for his service as a member of the Board. In the event of the resignation, death or removal (for cause or otherwise) of Mr. Scott from the Board, GSO will have the right for 90 days, or such longer period as agreed to by the Board, to designate a successor designated director to the Board to fill the resulting vacancy on the Board (and any applicable committee thereof), subject to certain qualification and governance requirements specified in the Director Nomination Agreement and in accordance with our partnership agreement and our general partner's limited liability company agreement. The Director Nomination Agreement will terminate upon the earlier of either the maturity date of our term loan credit agreement, dated October 25, 2016 (the "Second Lien Term Loan Credit Agreement") among the Partnership, as borrower, Cortland Capital Market Services LLC, as administrative agent and second lien collateral agent, and the lenders party thereto, or the date on which there are no loans outstanding under the Second Lien Term Loan Credit Agreement and all commitments under the Second Lien Term Loan Credit Agreement are terminated.

Each non-employee director, other than the director nominated pursuant to the Director Nomination Agreement, receives an annual grant of units valued at \$100,000, generally corresponding to the service period between each annual election of the Board members. In accordance with this policy, Messrs. C. Brown, D. Brown, Granberry, Lawrence, Sullivan, and Vann each received grants of 39,526 units on May 10, 2016.

In 2016, in addition to the annual retainer and units paid to non-employee Board members, other than the director nominated pursuant to the Director Nomination Agreement, the chairmen of our audit, conflicts, compensation, and nominating and governance committees each received an annual retainer for their additional service. For 2016, Mr. Lawrence received \$25,000 as chairman of the audit committee, Mr. Granberry received \$10,000 as chairman of the nominating, governance and conflicts committee and Mr. Vann received \$15,000 as chairman of the compensation committee. Our general partner's directors, other than the director nominated pursuant to the Director Nomination Agreement, are eligible to receive awards under the LTIP but do not participate in any non-equity incentive plan, pension plan or deferred compensation plan. Each non-employee director and independent director is reimbursed for out-of-pocket expenses in connection with attending meetings of the Board of Directors or committees. Each director will be indemnified by us for actions associated with being a director to the fullest extent permitted under Delaware law.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth the beneficial ownership of our units as of March 21, 2017 for:

- each person known by us to be a beneficial owner of 5% or more of our outstanding units;
- each of the directors of our general partner;
- each named executive officer of our general partner; and
- all directors and executive officers of our general partner as a group.

The amounts and percentage of units beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a “beneficial owner” of a security if that person has or shares “voting power,” which includes the power to vote or to direct the voting of such security, or “investment power,” which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days of March 21, 2017. Under these rules, more than one person may be deemed a beneficial owner of the same securities, and a person may be deemed a beneficial owner of securities as to which he has no economic interest.

Except as indicated by footnote, to our knowledge the persons named in the table below have sole voting and investment power with respect to all units shown as beneficially owned by them, subject to community property laws where applicable. Percentage of total units beneficially owned is based on 72,624,954 units outstanding as of March 21, 2017. The business address for the beneficial owners listed below is 303 W. Wall, Suite 1800, Midland, Texas 79701.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our founding investors, including members of our general partner's management team and directors, own an aggregate of 10,776,748 units, which represents a 15% limited partner interest in us. In addition, our general partner owns an approximate 0.03% general partner interest in us.

Distributions and Payments to Our General Partner and Its Affiliates

The following table summarizes the distributions and payments that may be made by us to our general partner and our founding investors in connection with our ongoing operation and any liquidation of the Partnership. These distribution and payment requirements were determined by and among affiliated entities and, consequently, are not the result of arm's-length negotiations.

Distributions of available cash to our general partner and our founding investors	If made, we will generally make cash distributions of approximately 99.9% of available cash (after taking into consideration any distributions to holders of our preferred units) to the unitholders pro rata, including our founding investors and members of our general partner's management team and directors, as the holders of an aggregate of 10,776,748 units, and approximately 0.03% to our general partner.
Payments to our general partner	Our general partner is entitled to reimbursement for all expenses it incurs on our behalf. Our partnership agreement provides that our general partner will determine the expenses that are allocable to us in good faith.
Withdrawal or removal of our general partner	If our general partner withdraws or is removed, its general partner interest will either be sold to the new general partner for cash or converted into units, for an amount equal to the fair market value of that interest.
Liquidation	Upon our liquidation, the partners, including our general partner, will be entitled to receive liquidating distributions according to their respective capital account balances.

Transactions with Related Persons

Travis McGraw, the brother of Kyle A. McGraw, is an employee of the Partnership serving as our Production Accounting/Marketing Manager. The aggregate value of compensation paid by us to Travis McGraw in 2016 was less than \$250,000. There were no material differences between the compensation paid to Travis McGraw and the compensation paid to any other employees who hold analogous positions.

[Table of Contents](#)

Review, Approval and Ratification of Transactions with Related Persons

Our partnership agreement contains specific provisions that address potential conflicts of interest between our general partner and its affiliates, on one hand, and us and our subsidiaries, on the other hand. Whenever such a conflict of interest arises, our general partner will resolve the conflict. Our general partner may, but is not required to, seek the approval of such resolution from the conflicts committee of the Board of Directors, which is comprised of independent directors. Our partnership agreement provides that our general partner will not be in breach of its obligations under the partnership agreement or its duties to us or to our unitholders if the resolution of the conflict is:

- approved by the nominating, governance and conflicts committee;
- approved by the vote of a majority of the outstanding common units, excluding any common units owned by our general partner or any of its affiliates;
- on terms no less favorable to us than those generally being provided to or available from unrelated third parties; or
- fair and reasonable to us, taking into account the totality of the relationships between the parties involved, including other transactions that may be particularly favorable or advantageous to us.

If our general partner does not seek approval from the nominating, governance and conflicts committee and the Board of Directors determines that the resolution or course of action taken with respect to the conflict of interest satisfies either of the standards set forth in the third and fourth bullet points above, then it will be presumed that, in making its decision, the Board of Directors acted in good faith, and in any proceeding brought by or on behalf of any limited partner or the Partnership, the person bringing or prosecuting such proceeding will have the burden of overcoming such presumption. Unless the resolution of a conflict is specifically provided for in our partnership agreement, our general partner or the nominating, governance and conflicts committee may consider any factors it determines in good faith to consider when resolving a conflict. When our partnership agreement requires someone to act in good faith, it requires that person to reasonably believe that he is acting in the best interests of the Partnership, unless the context otherwise requires.

In addition, our code of ethics requires that all employees, including employees, officers and members of the Board of Directors, avoid or disclose any activity that may interfere, or have the appearance of interfering, with their responsibilities to us and our unitholders.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No current executive officer served as a member of the Board of Directors or compensation committee of any other entity (other than our subsidiaries) that has or has had one or more executive officers serving as a member of the Board of Directors or the compensation committee of our general partner.

PROPOSAL 4
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee has selected BDO USA, LLP as independent registered public accountants of the Partnership to audit the Partnership's consolidated financial statements for the fiscal year ending December 31, 2017 and the Board of Directors has determined that it would be desirable to request that the unitholders ratify such appointment. BDO USA, LLP was our independent registered public accounting firm for our 2016 audit.

The audit committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, and other services. Pre-approval is detailed as to the specific service or category of service and is subject to a specific approval.

Before selecting BDO USA, LLP, the audit committee considered the firm's qualifications as independent registered public accountants and concluded that, based on BDO USA, LLP's prior performance and its reputation for integrity and competence, it was qualified. The audit committee also considered whether any non-audit services performed for the Partnership by BDO USA, LLP would impair BDO USA, LLP's independence and concluded that they did not. Even if the selection is ratified, the audit committee, in its sole discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Partnership and its unitholders.

A representative of BDO USA, LLP will attend our 2017 Annual Meeting. The representative will have the opportunity to make a statement if he or she desires to do so and to respond to appropriate questions.

The aggregate fees for professional services rendered by our principal accountants, BDO USA, LLP, for the years ended December 31, 2016 and 2015 were:

	Year ended December 31	
	2016	2015
Audit Fees(1)	\$ 571,863	\$ 590,582
Audit-Related Fees(1)	\$ 8,500	\$ 91,995
Tax Fees	\$ -	\$ -
All Other Fees (Executive compensation)(2)	\$ 25,825	\$ 20,000
Total	\$ 606,188	\$ 702,577

-
- (1) In the above table, "Audit Fees" are fees we paid for professional services for the audit of our consolidated financial statements included in our annual report on Form 10-K or for services that are normally provided by our principal accountants in connection with statutory and regulatory filings or engagements and fees for Sarbanes-Oxley 404 audit work. "Audit-Related Fees" are fees billed for assurance and related services in connection with acquisition transactions and related regulatory filings.

Table of Contents

(2) “*All Other Fees (Executive compensation studies)*” are fees billed for compensation consulting services in connection with a study of compensation programs related to named executive officers and outside directors of a broad peer group of exploration and production companies and publicly traded limited partnerships.

In regard to executive compensation services, as required by the Public Company Accounting Oversight Board, all services are approved in advance by the audit committee. All compensation consulting services are provided under the terms of a separate engagement letter that describes the approved services and the company’s acceptance of its responsibilities. Under the terms of the engagement, BDO USA, LLP does not perform management functions or make any management decisions. The Partnership must designate an individual with suitable skill, knowledge and experience to oversee the consulting engagement, evaluate the adequacy and results of the services performed, accept responsibility for the results of the services and establish and maintain internal controls and monitor ongoing activities.

Vote Required for Approval

Unitholder ratification is not required for making such appointment for the fiscal year ending December 31, 2017 because the Audit Committee has responsibility for the appointment of our independent registered public accountants. The appointment is being submitted for ratification with a view toward soliciting the opinion of unitholders, which opinion will be taken into consideration in future deliberations. No determination has been made as to what action the Board of Directors or the audit committee would take if unitholders do not approve the appointment.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE
APPOINTMENT OF BDO USA, LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANT.**

AUDIT COMMITTEE REPORT FOR FISCAL YEAR 2016

The audit committee is responsible for overseeing the Partnership's financial reporting process, reviewing the financial information that will be provided to unitholders and others, monitoring internal accounting controls, selecting our independent registered public accountants and providing to the board of directors of Legacy Reserves GP, LLC such additional information and materials as we may deem necessary to make the board of directors of Legacy Reserves GP, LLC aware of significant financial matters. We operate under a written audit committee charter adopted by the board of directors of Legacy Reserves GP, LLC.

We have reviewed and discussed the audited financial statements of the Partnership for the fiscal year ended December 31, 2016 with management and BDO USA, LLP, our independent registered public accountants for the fiscal year ended December 31, 2016. In addition, we have received from and discussed with BDO USA, LLP the matters required to be discussed by Public Company Accounting Oversight Board ("PCAOB") Auditing Standard No. 1301 (Communications with Audit Committees). We also have received the written disclosures and the letter from BDO USA, LLP, as required by the PCAOB Rule 3526 regarding the independent accountant's communications with the audit committee concerning independence and we have discussed the independence of BDO USA, LLP with that firm.

We, the members of the audit committee, are not professionally engaged in the practice of auditing or accounting nor are we experts in the fields of accounting or auditing, including determination of auditor independence. We rely, without independent verification, on the information provided to us and on the representations made by management and the independent registered public accountants. Accordingly, our oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions referred to above do not assure that the audit of our financial statements has been carried out in accordance with the auditing standards of the PCAOB, or that the financial statements are presented in accordance with accounting principles generally accepted in the United States of America.

Based upon the discussions referred to above, the audit committee recommended to the Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2016.
