This is the initial offering of common stock of Pladeo Corp. and no public market currently exists for the securities being offered. We are offering for sale a total of 10,000,000 shares of common stock at a fixed price of \$ 0.01 per share. There is no minimum number of shares that must be sold by us for the offering to proceed, and we will retain the proceeds from the sale of any of the offered shares. This Prospectus will permit our President to sell the shares directly to the public, with no commission or other remuneration payable to her for any shares she may sell. Mrs. Guerrero will sell the shares and intends to offer them to friends, family members and business acquaintances. #### PROSPECTUS SUMMARY

AS USED IN THIS PROSPECTUS, UNLESS THE CONTEXT OTHERWISE REQUIRES, "WE," "US," "OUR," AND "PLADEO CORP." REFERS TO PLADEO CORP. THE FOLLOWING SUMMARY IS NOT COMPLETE AND DOES NOT CONTAIN ALL OF THE INFORMATION THAT MAY BE IMPORTANT TO YOU. YOU SHOULD READ THE ENTIRE PROSPECTUS BEFORE MAKING AN INVESTMENT DECISION TO PURCHASE OUR COMMON STOCK.

#### EMERGING GROWTH COMPANY STATUS

Because we generated less than \$1 billion in total annual gross revenues during our most recently completed fiscal year, we qualify as an "emerging growth company" under the Jumpstart Our Business Startups ("JOBS") Act.

Pursuant to Section 107 of the JOBS Act, an emerging growth company may choose to forgo such exemption and instead comply with the requirements that apply to an issuer that is not an emerging growth company. We have elected to use the extended transition period for complying with new or revised accounting standards under Section 102(b)(1).

PLADEO CORP.

We are a development stage company in the business of developing online chat system over the Internet that offers a real-time direct transmission of messages. Our System is a small web-based application that can be installed and executed within a web page by an end user. We will offer this system to everybody to use free off charge. To generate revenue we will include some fee based services.

Being a development stage company, we have no revenues and have limited operating history. Pladeo Corp. was incorporated in Nevada on February 2, 2012. To date we have prepared a business plan, registered a website domain (<http://pladeo.com>). Our principal executive office is located at Circuito Porta Vicenza 3108, Fracc. Porta Fontana, Leon, Mexico, 37134. Our phone number is +52 1 477 266 0071.

#### RISK FACTORS

An investment in our common stock involves a high degree of risk. You should carefully consider the risks described below and the other information in this prospectus before investing in our common stock. If any of the following risks occur, our business, operating results and financial condition could be seriously harmed. The trading price of our common stock, when and if we trade at a later date, could decline due to any of these risks, and you may lose all or

part of your investment.

#### RISKS ASSOCIATED TO OUR BUSINESS

WE ARE A DEVELOPMENT STAGE COMPANY BUT HAVE NOT YET COMMENCED OPERATIONS IN OUR BUSINESS. WE EXPECT TO INCUR OPERATING LOSSES FOR THE FORESEEABLE FUTURE.

We were incorporated on February 2, 2012 and to date have been involved primarily in organizational activities. We have not yet commenced business operations. Accordingly, we have no way to evaluate the likelihood that our business will be successful. We have not earned any revenues as of the date of this prospectus. We estimate "significant losses" to be up to \$100,000 which is our maximum offering. Our losses could be higher after the first twelve month period. We recognize that if the effectiveness of our business plan is not forthcoming, we will not be able to continue business operations. There is no history upon which to base any assumption as to the likelihood that we will prove successful, and it is doubtful that we will generate any operating revenues or ever achieve profitable operations. If we are unsuccessful in addressing these risks, our business will most likely fail.

WE ARE AN EMERGING GROWTH COMPANY AND CANNOT BE CERTAIN IF THE REDUCED DISCLOSURE REQUIREMENTS APPLICABLE TO EMERGING GROWTH COMPANIES WILL MAKE OUR COMMON STOCK LESS ATTRACTIVE TO INVESTORS.

We are an "emerging growth company" under the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act"), and may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved. We cannot predict if investors will find our common stock less attractive because we will rely on these exemptions. If some investors find our common stock less attractive as a result, our stock price may be lower than it otherwise would be, there may be a less active trading market for our common stock and our stock price may be more volatile.

5

We will remain an emerging growth company until the earliest of (i) the last day of our fiscal year during which we have total annual gross revenues of at least \$1.0 billion; (ii) the last day of our fiscal year ending after the fifth anniversary of the completion of this offering; (iii) the date on which we have, during the previous three-year period, issued more than \$1.0 billion in non-convertible debt; or (iv) the date on which we are deemed to be a "large accelerated filer" under the Securities Exchange Act of 1934 as amended (the "Exchange Act").

WE WILL LOSE OUR EMERGING GROWTH COMPANY STATUS ON THE EARLIEST OCCURRENCE OF ANY OF THE FOLLOWING EVENTS:

1. on the last day of any fiscal year in which we earn at least \$1 billion in total annual gross revenues, which amount is adjusted for inflation every five years;
2. on the last day of the fiscal year of the issuer following the fifth anniversary of the date of our first sale of common equity securities pursuant to an effective registration statement;
3. on the date on which we have, during the previous 3-year period, issued more than \$1 billion in non-convertible debt; or
4. the date on which such issuer is deemed to be a "large accelerated filer", as defined in section 240.12b-2 of title 17, Code of Federal Regulations, or any successor thereto."

A "large accelerated filer" is an issuer that, at the end of its fiscal year, meets the following conditions:

1. It has an aggregate worldwide market value of the voting and non-voting common equity held by its non-affiliates of \$700 million or more as of the last business day of the issuer's most recently completed second fiscal quarter;
2. It has been subject to the requirements of section 13(a) or 15(d) of the Act for a period of at least twelve calendar months; and
3. It has filed at least one annual report pursuant to section 13(a) or 15(d) of the Act.

AS AN EMERGING GROWTH COMPANY, EXEMPTIONS FROM THE FOLLOWING PROVISIONS ARE AVAILABLE TO US:

1. Section 404(b) of the Sarbanes-Oxley Act of 2002, which requires auditor attestation of internal controls;
2. Section 14A(a) and (b) of the Securities Exchange Act of 1934, which require companies to hold shareholder advisory votes on executive compensation and golden parachute compensation; 3. Section 14(i) of the Exchange Act (which has not yet been implemented), which requires companies to disclose the relationship between executive compensation actually paid and the financial performance of the company;
4. Section 953(b)(1) of the Dodd-Frank Act (which has not yet been implemented), which requires companies to disclose the ratio between the annual total compensation of the CEO and the median of the annual total compensation of all employees of the companies; and
5. The requirement to provide certain other executive compensation disclosure under Item 402 of Regulation S-K. Instead, an emerging growth company must only comply with the more limited provisions of Item 402 applicable to smaller reporting companies, regardless of the issuer's size.

6

BECAUSE WE ARE CONSIDERED TO BE A "SHELL COMPANY" UNDER APPLICABLE SECURITIES RULES, INVESTORS MAY NOT BE ABLE TO RELY ON THE RESALE EXEMPTION PROVIDED BY RULE 144 OF THE SECURITIES ACT. AS A RESULT, INVESTORS MAY NOT BE ABLE TO RE-SELL OUR SHARES AND COULD LOSE THEIR ENTIRE INVESTMENT.

We are considered to be a "shell company" under Rule 405 of Regulation C of the Securities Act. A "shell company" is a company with either no or nominal operations or assets, or assets consisting solely of cash and cash equivalents. As a result, our investors are not allowed to rely on Rule 144 of the Securities Act for a period of one year from the date that we cease to be a shell company. Because investors may not be able to rely on an exemption for the resale of their shares other than Rule 144, and there is no guarantee that we will cease to be a shell company, they may not be able to re-sell our shares in the future and could lose their entire investment as a result.

BECAUSE WE ARE CONSIDERED TO BE A "SHELL COMPANY" UNDER APPLICABLE SECURITIES RULES, WE ARE SUBJECT TO ADDITIONAL DISCLOSURE REQUIREMENTS IF WE ACQUIRE OR DISPOSE OF SIGNIFICANT ASSETS IN THE COURSE OF OUR BUSINESS. WE WILL INCUR ADDITIONAL COSTS IN MEETING THESE REQUIREMENTS, WHICH WILL ADVERSELY IMPACT OUR FINANCIAL PERFORMANCE AND, THEREFORE, THE VALUE OF YOUR INVESTMENT.

Because we are considered to be a "shell company" under Rule 405 of Regulation C of the Securities Act, we will be subject to additional disclosure requirements if we entered into a transaction which results in a significant acquisition or disposition of assets. In such a situation, we must provide prospectus-level, detailed disclosure regarding the transaction, as well as detailed financial information. In order to complying with these requirements, we will incur additional legal and accounting costs, which will adversely impact our results of operations. As a result, the value of an investment in our shares may decline as a result of these additional costs.

RULE 144 SAFE HARBOR IS UNAVAILABLE FOR THE RESALE OF SHARES ISSUED BY US UNLESS AND UNTIL WE CEASED TO BE A SHELL COMPANY AND HAVE SATISFIED THE REQUIREMENTS OF RULE 144(I)(1)(2).

Because Pladeo Corp is a "shell company" as defined by Rule 12b-2 promulgated under the Exchange Act. Accordingly, the securities in this offering can only be resold through registration under the Securities Act, meeting the safe harbor provisions of paragraph (i) of Rule 144, or in reliance upon Section 4(1) of the Securities Act of 1933 for non-affiliates.

Rule 144 safe harbor is unavailable for the resale of shares issued by us unless and until we have ceased to be a shell company and have satisfied the requirements of Rule 144(i)(1)(2).

The SEC has adopted final rules amending Rule 144 which became effective on February 15, 2008. Pursuant to Rule 144, one year must elapse from the time a "shell company", as defined in Rule 405 of the Securities Act and Rule 12b-2 of the Exchange Act, ceases to be a "shell company" and files Form 10 information with the SEC, during which time the issuer must remain current in its filing obligations, before a restricted shareholder can resell their holdings in reliance on Rule 144.

The term "Form 10 information" means the information that is required by SEC

Form 10, to register under the Exchange Act each class of securities being sold under Rule 144. The Form 10 information is deemed filed when the initial filing is made with the SEC. Under Rule 144, restricted or unrestricted securities, that were initially issued by a reporting or non-reporting shell company or a company that was at anytime previously a reporting or non-reporting shell company, can only be resold in reliance on Rule 144 if the following conditions are met: (1) the issuer of the securities that was formerly a reporting or non-reporting shell company has ceased to be a shell company; (2) the issuer of

7

the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act; (3) the issuer of the securities has filed all reports and material required to be filed under Section 13 or 15(d) of the Exchange Act, as applicable, during the preceding twelve months (or shorter period that the Issuer was required to file such reports and materials), other than Form 8-K reports; and (4) at least one year has elapsed from the time the issuer filed the current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

UNTIL WE REGISTER A CLASS OF OUR SECURITIES UNDER SECTION 12 OF THE SECURITIES EXCHANGE ACT OF 1934 ("EXCHANGE ACT"), WE WILL ONLY BE SUBJECT TO THE PERIODIC REPORTING OBLIGATIONS IMPOSED BY SECTION 15(D) OF THE EXCHANGE ACT.

Until such time as we register a class of our securities under Section 12 of the Exchange Act, we will only be subject to the periodic reporting obligations imposed by Section 15(d) of the Exchange Act. Accordingly, we will not be subject to the proxy rules, Section 16 short-swing profit provisions, beneficial ownership reporting, the bulk of the tender offer rules and the reporting requirements of Section 13 of the Exchange Act.

WITHOUT THE FUNDING FROM THIS OFFERING WE WILL BE UNABLE TO IMPLEMENT OUR BUSINESS PLAN.

Our current operating funds are less than necessary to complete our intended operations. We will need the funds from this offering to commence activities listed in our business plan. As of October 31, 2012, we had cash in the amount of \$94 and liabilities of \$600. We currently do not have any operations and we have no income.

WE HAVE YET TO EARN REVENUE AND OUR ABILITY TO SUSTAIN OUR OPERATIONS IS DEPENDENT ON OUR ABILITY TO RAISE FINANCING FROM THIS OFFERING. AS A RESULT, THERE IS SUBSTANTIAL DOUBT ABOUT OUR ABILITY TO CONTINUE AS A GOING CONCERN.

We have accrued net losses of \$8,506 for the period from our inception on February 2, 2012 to October 31, 2012, and have no revenues to date. Our future is dependent upon our ability to obtain financing from this offering. Further, the finances required to fully develop our plan cannot be predicted with any certainty and may exceed any estimates we set forth. These factors raise substantial doubt that we will be able to continue as a going concern. Thomas J Harris, CPA, our independent registered public accountant, has expressed substantial doubt about our ability to continue as a going concern. This opinion could materially limit our ability to raise funds. If we fail to raise sufficient capital when needed, we will not be able to complete our business plan. As a result we may have to liquidate our business and you may lose your investment.

WE MAY FACE DAMAGE TO OUR PROFESSIONAL REPUTATION IF OUR FUTURE CLIENTS ARE NOT SATISFIED WITH OUR SERVICES. IN THIS CASE, IT IS UNLIKELY THAT WE WILL BE ABLE TO OBTAIN FUTURE ENGAGEMENTS. IF WE ARE UNABLE TO OBTAIN ENGAGEMENTS, INVESTORS ARE LIKELY TO LOSE THEIR ENTIRE INVESTMENT.

As an embeddable chat system/social network company, we depend and will continue to depend to a large extent on referrals and new engagements from our former customers as we will attempt to establish a reputation for professional service company and integrity to attract and customers. As a result, if a customer is not satisfied with our services, such lack of satisfaction may be more damaging to our business than it may be to other businesses. Accordingly, no assurances can be given that we will obtain customers in the foreseeable future.

IF WE DO NOT ATTRACT CUSTOMERS, WE WILL NOT MAKE A PROFIT, WHICH ULTIMATELY WILL RESULT IN A CESSATION OF OPERATIONS.

We currently have no customers to purchase our services. We have not identified any customers and we cannot guarantee we ever will have any customers. Even if we obtain customers, there is no guarantee that we will generate a profit. If we cannot generate a profit, we will have to suspend or cease operations. You are likely to lose your entire investment if we cannot sell any of our services at prices which generate a profit.

OUR REPORTING OBLIGATIONS UNDER SECTION 15(D) OF THE EXCHANGE ACT MAY BE SUSPENDED AUTOMATICALLY IF WE HAVE FEWER THAN 300 SHAREHOLDERS OF RECORD ON THE FIRST DAY OUR FISCAL YEAR.

As long as our common stock is not registered under the Exchange Act, our obligation to file reports under Section 15(d) of the Exchange Act will be automatically suspended if, on the first day of any fiscal year (other than a fiscal year in which a registration statement under the Securities Act has gone effective), we have fewer than 300 shareholders of record. This suspension is automatic and does not require any filing with the SEC. In such an event, we may cease providing periodic reports and current or periodic information, including operational and financial information, may not be available with respect to our results of operations. Our common stock is not registered under the Exchange Act. If we have, after the last day of our fiscal year, more than 500 shareholders of record, in accordance with Section 12(g) of the Exchange Act; (currently we have one shareholder of record).

WE OPERATE IN A HIGHLY COMPETITIVE ENVIRONMENT, AND IF WE ARE UNABLE TO COMPETE WITH OUR COMPETITORS, OUR BUSINESS, FINANCIAL CONDITION, RESULTS OF OPERATIONS, CASH FLOWS AND PROSPECTS COULD BE MATERIALLY ADVERSELY AFFECTED.

We operate in a highly competitive environment. Our competition includes small and midsized companies, and many of them may sell the same services at competitive prices. Highly competitive environment could materially adversely affect our business, financial condition, results of operations, cash flows and prospects.

BECAUSE WE DO NOT HAVE AN ESCROW OR TRUST ACCOUNT FOR YOUR SUBSCRIPTION, IF WE FILE FOR BANKRUPTCY PROTECTION OR ARE FORCED INTO BANKRUPTCY, OR A CREDITOR OBTAINS A JUDGMENT AGAINST US AND ATTACHES THE SUBSCRIPTION.

Your funds will not be placed in an escrow or trust account. Accordingly, if we file for bankruptcy protection or a petition for involuntary bankruptcy is filed by creditors against us, your funds will become part of the bankruptcy estate and administered according to the bankruptcy laws. If a creditor sues us and obtains a judgment against us, the creditor could garnish the bank account and take possession of the subscriptions. As such, it is possible that a creditor could attach your subscription which could preclude or delay the return of money to you.

BECAUSE OUR CURRENT PRESIDENT AND EXECUTIVE OFFICER DEVOTE LIMITED AMOUNT OF TIME TO THE COMPANY, SHE MAY NOT BE ABLE OR WILLING TO DEVOTE A SUFFICIENT AMOUNT OF TIME TO OUR BUSINESS OPERATIONS, CAUSING OUR BUSINESS TO FAIL.

Lisbeth Guerrero, our President, and the company's sole employee, currently devotes approximately twenty hours per week providing management services to us. While she presently possesses adequate time to attend to our interest, it is possible that the demands on her from other obligations could increase, with the result that she would no longer be able to devote sufficient time to the management of our business. The loss of Mrs. Guerrero to our company could negatively impact our business development.

OUR SOLE EXECUTIVE OFFICER AND DIRECTOR DO NOT HAVE ANY PRIOR EXPERIENCE CONDUCTING A BEST-EFFORT OFFERING, OR MANAGING A PUBLIC COMPANY

Our executive sole officer and director do not have any experience conducting a best-effort offering or managing a public company. Consequently, we may not be able to raise any funds or run our public company successfully. If we are not able to raise sufficient funds, we may not be able to fund our operations as planned, and our business will suffer and your investment may be materially adversely affected. Also, our sole executive's officer's and director's lack of experience of managing a public company could cause you to lose some or all of your investment.

THERE IS NO MINIMUM NUMBER OF SHARES THAT HAS TO BE SOLD IN ORDER FOR THE OFFERING TO PROCEED

We do not have a minimum amount of funding set in order to proceed with the offering. If not enough money is raised to begin operations, you might lose your entire investment because we may not have enough funds to implement our business plan.

THE TRADING IN OUR SHARES WILL BE REGULATED BY THE SECURITIES AND EXCHANGE COMMISSION RULE 15G-9 WHICH ESTABLISHED THE DEFINITION OF A "PENNY STOCK."

The shares being offered are defined as a penny stock under the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), and rules of the

Commission. The Exchange Act and such penny stock rules generally impose additional sales practice and disclosure requirements on broker-dealers who sell our securities to persons other than certain accredited investors who are, generally, institutions with assets in excess of \$5,000,000 or individuals with net worth in excess of \$6,000,000 or annual income exceeding \$200,000 (\$300,000 jointly with spouse), or in transactions not recommended by the broker-dealer. For transactions covered by the penny stock rules, a broker dealer must make certain mandated disclosures in penny stock transactions, including the actual sale or purchase price and actual bid and offer quotations, the compensation to be received by the broker-dealer and certain associated persons, and deliver certain disclosures required by the Commission. Consequently, the penny stock rules may make it difficult for you to resell any shares you may purchase, if at all.

WE ARE SELLING THIS OFFERING WITHOUT AN UNDERWRITER AND MAY BE UNABLE TO SELL ANY SHARES.

This offering is self-underwritten, that is, we are not going to engage the services of an underwriter to sell the shares; we intend to sell our shares through our President, who will receive no commissions. She will offer the shares to friends, family members, and business associates, however, there is no guarantee that she will be able to sell any of the shares. Unless she is successful in selling all of the shares and we receive the proceeds from this offering, we may have to seek alternative financing to implement our business plan. We do not have any plans where to seek this alternative financing at present time.

DUE TO THE LACK OF A TRADING MARKET FOR OUR SECURITIES, YOU MAY HAVE DIFFICULTY SELLING ANY SHARES YOU PURCHASE IN THIS OFFERING.

We are not registered on any market or public stock exchange. There is presently no demand for our common stock and no public market exists for the shares being offered in this prospectus. We plan to contact a market maker immediately following the completion of the offering and apply to have the shares quoted on the Over-the-Counter Bulletin Board ("OTCBB"). The OTCBB is a regulated quotation service that displays real-time quotes, last sale prices and volume information in over-the-counter securities. The OTCBB is not an issuer listing service, market or exchange. Although the OTCBB does not have any listing requirements per se, to be eligible for quotation on the OTCBB, issuers must remain current in their filings with the SEC or applicable regulatory authority. Market makers are not permitted to begin quotation of a security whose issuer does not meet this filing requirement. Securities already quoted on the OTCBB that become delinquent in their required filings will be removed following a 30 to 60 day grace period if they do not make their required filing during that time. We cannot guarantee that our application will be accepted or approved and our stock listed and quoted for sale. As of the date of this filing, there have been no discussions or understandings between us and anyone acting on our behalf, with any market maker regarding participation in a future trading market for our securities. If no market is ever developed for our common stock, it will be difficult for you to sell any shares you purchase in this offering. In such a case, you may find that you are unable to achieve any benefit from your investment or liquidate your shares without considerable delay, if at all. In addition, if we fail to have our common stock quoted on a public trading market, your common stock will not have a quantifiable value and it may be difficult, if not impossible, to ever resell your shares, resulting in an inability to realize any value from your investment.

WE WILL INCUR ONGOING COSTS AND EXPENSES FOR SEC REPORTING AND COMPLIANCE. WITHOUT REVENUE WE MAY NOT BE ABLE TO REMAIN IN COMPLIANCE, MAKING IT DIFFICULT FOR INVESTORS TO SELL THEIR SHARES, IF AT ALL.

10

Our business plan allows for the payment of the estimated \$10,000 cost of this registration statement to be paid from existing cash on hand and loans from the director. We have already paid for the majority of legal and audit costs associated with this registration statement. If necessary, Lisbeth Guerrero, our Chairman, has verbally agreed to loan the company funds to complete the registration process. We plan to contact a market maker immediately following the close of the offering and apply to have the shares quoted on the OTC Electronic Bulletin Board. To be eligible for quotation, issuers must remain current in their filings with the SEC. In order for us to remain in compliance we will require future revenues to cover the cost of these filings, which could comprise a substantial portion of our available cash resources. If we are unable to generate sufficient revenues to remain in compliance it may be difficult for you to resell any shares you may purchase, if at all.

OUR REGULATORY REQUIREMENTS ARE MORE LIMITED THAN THOSE IMPOSED UPON FULLY REPORTING COMPANIES.

On the effective date of our registration statement, we will be subject to the

reporting requirements of Section 15(d) of the Exchange Act and will not have a class of securities registered under Section 12 of that act. The regulatory requirements imposed on Section 15(d) registrants are more limited than those imposed upon fully reporting companies and as a result investors may not get the full disclosure to fully evaluate the investment risks.

BECAUSE OUR COMMON STOCK IS NOT REGISTERED UNDER THE EXCHANGE ACT, WE WILL NOT BE SUBJECT TO THE FEDERAL PROXY RULES AND OUR SOLE DIRECTOR AND EXECUTIVE OFFICER AND 10% BENEFICIAL HOLDER WILL NOT BE SUBJECT TO SECTION 16 OF THE EXCHANGE ACT.

As long as our common stock is not registered under the Exchange Act, we will not be subject to Section 14 of the Exchange Act, which, among other things, prohibits companies that have securities registered under the Exchange Act from soliciting proxies or consents from shareholders without furnishing to shareholders and filing with the SEC a proxy statement and form of proxy complying with the proxy rules. In addition, so long as our common stock is not registered under the Exchange Act, our directors and executive officers and beneficial holders of 10% or more of our outstanding common stock will not be subject to Section 16 of the Exchange Act. Section 16(a) of the Exchange Act requires executive officers and directors, and persons who beneficially own more than 10% of a registered class of equity securities to file with the SEC initial statements of beneficial ownership, reports of changes in ownership and annual reports concerning their ownership of common shares and other equity securities, on Forms 3, 4, and 5 respectively. Such information about our directors, executive officers, and beneficial holders will only be available through periodic reports and any registration statements on Form S-1 and S-1/A we file.

OUR FINANCIAL STATEMENTS MAY NOT BE COMPARABLE TO COMPANIES THAT COMPLY WITH PUBLIC COMPANY EFFECTIVE DATES.

We have elected to use the extended transition period for complying with new or revised accounting standards under Section 102(b)(1). This election allows us to delay the adoption of new or revised accounting standards that have different effective dates for public and private companies until those standards apply to private companies. As a result of this election, our financial statements may not be comparable to companies that comply with public company effective dates.

#### FORWARD LOOKING STATEMENTS

This prospectus contains forward-looking statements that involve risk and uncertainties. We use words such as "anticipate", "believe", "plan", "expect", "future", "intend", and similar expressions to identify such forward-looking statements. Investors should be aware that all forward-looking statements contained within this filing are good faith estimates of management as of the date of this filing. Our actual results could differ materially from those

11

anticipated in these forward-looking statements for many reasons, including the risks faced by us as described in the "Risk Factors" section and elsewhere in this prospectus.

#### USE OF PROCEEDS

Our offering is being made on a self-underwritten basis: no minimum number of shares must be sold in order for the offering to proceed. The offering price per share is \$0.01. The following table sets forth the uses of proceeds assuming the sale of 25%, 50%, 70% and 100%, respectively, of the securities offered for sale by the Company. There is no assurance that we will raise the full \$100,000 as anticipated.

	\$25,000	\$50,000	\$75,000	\$100,000
	-----	-----	-----	-----
Legal and professional fees	\$10,000	\$10,000	\$10,000	\$10,000
Establish office	\$ 1,250	\$ 4,000	\$ 6,000	\$ 9,000
Developing website	\$ 1,250	\$ 4,000	\$ 6,000	\$ 9,000
Salaries	\$ 3,000	\$11,000	\$16,000	\$23,000
Advertising	\$ 4,000	\$11,000	\$18,000	\$24,000
Developing/Testing system	\$ 5,500	\$12,000	\$19,000	\$25,000

The amounts actually spent by us for any specific purpose may vary and will depend on a number of factors. Non-fixed cost, sales and marketing and general and administrative costs may vary depending on the business progress and development efforts, general business conditions and market reception to our services. Accordingly, our management has broad discretion to allocate the net proceeds to non-fixed costs.

An example of changes to this spending allocation for non-fixed costs include management deciding to spend less of the allotment on product development and more on sales and marketing. Such changes to spending may occur due to seasonal

variations in market demand for our products and services relative to when the funds are received.

If necessary, Lisbeth Guerrero, our sole officer and director, has verbally agreed to loan the company funds to complete the registration process but we will require full funding to implement our complete business plan.

#### DETERMINATION OF OFFERING PRICE

The offering price of the shares has been determined arbitrarily by us. It is not based upon an independent assessment of the value of our shares and should not be considered as such. The price does not bear any relationship to our assets, book value, earnings, or other established criteria for valuing a privately held company. In determining the number of shares to be offered and the offering price, we took into consideration our cash on hand and the amount of money we would need to implement our business plan. Accordingly, the offering price should not be considered an indication of the actual value of the securities.

#### DILUTION

The price of the current offering is fixed at \$0.01 per common share. This price is significantly higher than the price paid by our sole director and officer for common equity since the Company's inception on February 2, 2012. Lisbeth Guerrero, our sole officer and director, paid \$0.001 per share for the 8,000,000 common shares

Assuming completion of the offering, there will be up to 18,000,000 common shares outstanding. The following table illustrates the per common share dilution that may be experienced by investors at various funding levels.

Funding Level	\$100,000	\$75,000	\$50,000	\$25,000
-----	-----	-----	-----	-----
Offering price	\$0.01	\$0.01	\$0.01	\$0.01

Increase per common share attributable to investors	\$0.0050	\$0.0044	\$0.0035	\$0.0021
	12			
Pro forma net tangible book value per common share after offering	\$0.0060	\$0.0054	\$0.0045	\$0.0031

#### MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

You should read the following discussion and analysis of our financial condition and results of operations together with our consolidated financial statements and the related notes and other financial information included elsewhere in this prospectus. Some of the information contained in this discussion and analysis or set forth elsewhere in this prospectus, including information with respect to our plans and strategy for our business and related financing, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section of this prospectus for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

#### PLAN OF OPERATION

To meet our need for cash we are attempting to raise money from this offering. We cannot guaranty that we will be able to raise enough money through this offering. If we are unable to successfully find customers we may quickly use up the proceeds from this offering and will need to find alternative sources. At the present time, we have not made any arrangements to raise additional cash, other than through this offering.

We are planning to develop an online chat system and offer this system to everybody to use free off charge. To generate revenue we will include some fee based services. We want to make such system available for any website on the web, not only for mex.tl users. Following the effectiveness of this registration statement we will concentrate our effort on raising funds. In addition, we will also proceed with our business plan below based on the availability of funds. The milestones of our business plan are outlined below. Times are approximate and are based on funds availability.

Upon completion of our public offering, our specific goal is to profitably sell our product. Our plan of operations, assuming we raise \$25,000 is as follows:

#### ESTABLISHING THE OFFICE

Time frame -1st month

Estimated Cost: \$1,250: notebook - \$650, furniture - \$600

#### DEVELOP OUR WEBSITE

Hire an independent contractor to develop our website. Cost of web site developing \$1100. Twelve month hosting with registration of our domain costs \$150. Our web domain name is www.pladeo.com.

#### HIRING/DEVELOPING/TESTING CHAT SYSTEM

Time frame -5th - 8th month

Estimated Cost: \$8,500: Hiring - \$3,000, Developing - \$3,500, Testing - \$2,000

13

#### ONLINE ADVERTISING

a) Online Advertising: Google AdSense \$1,500, Link Exchange - \$1000, Facebook -\$500

b) Hire an independent contractor for online marketing (\$500 monthly)

Total: \$15,000

To implement our plan of operations (\$15,000) and pay ongoing legal fees associated with this offering (\$10,000), the total expenditure is: \$25,000 for the next twelve months (assuming we raise \$25,000). After twelve months period we may need additional financing. We do not currently have any arrangements for additional financing.

#### COMPLETE OUR PUBLIC OFFERING

We expect to complete our public offering within 180 days after the effectiveness of our registration statement by the Securities and Exchange Commissions. We intend to concentrate our efforts on raising capital during this period. Our operations will be limited due to the limited amount of funds on hand.

#### OFF-BALANCE SHEET ARRANGEMENTS

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

#### LIMITED OPERATING HISTORY

There is no historical financial information about us upon which to base an evaluation of our performance. We are in start-up stage operations and have not generated any revenues. We cannot guarantee we will be successful in our business operations. Our business is subject to risks inherent in the establishment of a new business enterprise, including limited capital resources and possible cost overruns due to price and cost increases in services and products.

#### RESULTS OF OPERATIONS

FROM INCEPTION ON FEBRUARY 2, 2012 TO OCTOBER 31, 2012

During the period we incorporated the company, prepared a business plan, registered a website domain (<http://pladeo.com>), and executed an Agreement under which, Pladeo Corp will develop and provide chat system to Mex.tl and in exchange we will integrate our chat system in their website and will be able to advertise.

We have accrued net losses of \$8,506 for the period from our inception on February 2, 2012 to October 31, 2012, and have no revenues to date. Our future is dependent upon our ability to obtain financing from this offering. We have generated no revenue since inception due to the fact that we are a development stage company and have not yet sold any advertising or any of our fee based services.

Since inception, we have sold 8,000,000 shares of common stock to our sole officer and director for net proceeds of \$8,000.

#### LIQUIDITY AND CAPITAL RESOURCES

As of October 31, 2012, we had cash in the amount of \$94 and liabilities of \$600. We currently do not have any operations and we have no income.

14

Since inception, we have sold 8,000,000 shares of common stock in one offer and sale, which was to our sole officer and director, at a price of \$0.001 per share, for aggregate proceeds of \$8,000.

To meet a small part our need for cash we are attempting to raise money from this offering. We cannot guarantee that we will be able to sell all the shares required. If we are successful, any money raised will be applied to the items set forth in the Use of Proceeds section of this prospectus. We will attempt to raise the necessary funds to proceed with all phases of our plan of operation. The sources of funding we may consider to fund this work include a public offering, a private placement of our securities or loans from our director or others.

We are highly dependent upon the success of the private offerings of equity or debt securities, as described herein. Therefore, the failure thereof would result in the need to seek capital from other resources such as taking loans, which would likely not even be possible for the Company. However, if such financing were available, because we are a development stage company with no operations to date, we would likely have to pay additional costs associated with high risk loans and be subject to an above market interest rate. At such time these funds are required, management would evaluate the terms of such debt financing. If the Company cannot raise additional proceeds via a private placement of its equity or debt securities, or secure a loan, the Company would be required to cease business operations. As a result, investors would lose all of their investment.

Our auditors have issued a "going concern" opinion, meaning that there is substantial doubt if we can continue as an on-going business for the next twelve months unless we obtain additional capital. No substantial revenues are anticipated until we have completed the financing from this offering and implemented our plan of operations. Our only source for cash at this time is investments by others in this offering. We must raise cash to implement our strategy and stay in business. The amount of the offering will likely allow us to operate for at least one year and have the capital resources required to cover the material costs with becoming a publicly reporting. The company anticipates over the next 12 months the cost of being a reporting public company will be approximately \$10,000.

Our currently available and contractually committed capital resources are not sufficient to fund planned operations for a period of not less than 12 months from the date of the prospectus, assuming no proceeds from the offering. It is most likely that all of our currently available and contractually committed capital resources will be used to fund remaining expenses associated with this registration statement. Our deficiency is \$25,000 which is our budget as stated in our 12 month plan of operations. Without funds from this offering and additional loans from our director we will not be able to operate using the available capital resources at all.

Should the Company fail to sell less than all its shares under this offering the Company would be forced to scale back or abort completely the implementation of its 12-month plan of operation.

#### SIGNIFICANT ACCOUNTING POLICIES

Our financial statements have been prepared in accordance with generally accepted accounting principles in the United States. Because a precise determination of many assets and liabilities is dependent upon future events, the preparation of financial statements for a period necessarily involves the use of estimates which have been made using careful judgment. The financial statements have, in our opinion, been properly prepared within reasonable limits of materiality and within the framework of the significant accounting policies summarized below:

We have elected to use the extended transition period for complying with new or revised accounting standards under Section 102(b)(1). This election allows us to delay the adoption of new or revised accounting standards that have different effective dates for public and private companies until those standards apply to private companies. As a result of this election, our financial statements may not be comparable to companies that comply with public company effective dates.

#### BASIS OF PRESENTATION

The Company reports revenues and expenses use the accrual method of accounting for financial and tax reporting purposes. The accounting and reporting policies of the Company conform to U.S. generally accepted accounting principles (US GAAP) applicable to development stage companies

15

#### USE OF ESTIMATES

Management uses estimates and assumption in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses.

#### DEPRECIATION, AMORTIZATION AND CAPITALIZATION

The Company records depreciation and amortization when appropriate using both straight-line and declining balance methods over the estimated useful life of the assets (five to seven years). Expenditures for maintenance and repairs are charged to expense as incurred. Additions, major renewals and replacements that increase the property's useful life are capitalized. Property sold or retired, together with the related accumulated depreciation is removed from the appropriated accounts and the resultant gain or loss is included in net income.

#### INCOME TAXES

The Company accounts for income taxes under ASC 740 "INCOME TAXES" which codified SFAS 109, "ACCOUNTING FOR INCOME TAXES" and FIN 48 "ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES - AN INTERPRETATION OF FASB STATEMENT NO. 109."Under the asset and liability method of ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under ASC 740, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the enactment occurs. A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations.

#### FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standards statements No. 107, "Disclosures About Fair Value of Financial Instruments", requires the Company to disclose, when reasonably attainable, the fair market values of its assets and liabilities which are deemed to be financial instruments. The Company's financial instruments consist primarily of cash.

#### PER SHARE INFORMATION

The Company computes per share information by dividing the net loss for the period presented by the weighted average number of shares outstanding during such period.

#### DESCRIPTION OF BUSINESS

##### GENERAL

We are in the business of developing online chat system over the Internet that offers a real-time direct transmission of messages. Our System is a widget/embeddable code, which is a small application that can be installed and executed within a web page by an end user. We will offer this system to everybody to use free off charge. To generate revenue we will include some fee based services. Many sites allow people to create their own websites in a fast and easy way, without any prior coding or programming experience. We have established a business relationship with creators of [www.mex.tl](http://www.mex.tl) website, which is involved in providing domain registration, webhosting and website development services in Mexico. Mex.tl became interested in our idea of creating a social chat between users of the system. They have a feedback system for their users. After they questioned their users regarding a chat system that can be easily

implemented in their websites - they got a high approval rating of the idea. Clients who create websites through mex.tl want their visitors to be able to chat on their websites. We plan to provide such system for mex.tl. and for users of other websites on the web by making this chat system an embeddable application/widget. "Embeddable" means that anyone can copy the code to their website, and the chat will work on their website.

16

From analyzing what is available on the web we found a few chat systems. They can be divided into 2 groups:

- 1) Chats that are offered as paid software. These systems usually charge their clients monthly and offer different plans depending on features and number of connections. These chats are typical for dating systems, live customer support, etc.
- 2) Chats that are either paid or free and are offered as a widget/embeddable code. These systems usually are simpler to use and available to everyone. This is the type of system we will be implementing.

#### TECHNOLOGY

Most other chat systems are based on browser plug-ins that may not be available on all platforms (for example, flash is not available on i Phone), or have stability issues (Apple CEO says new tablet computer doesn't support Flash because Adobe's Web graphics program is unstable and bug prone. ) We believe browser plug-ins are also reaching their end of life (Flash is discontinued on mobile devices, Microsoft Silver-light is rumored to be discontinued after version 5) and so will most likely not be continued in development. Since HTML is a web standard, development will continue indefinitely. Other chat systems that do use HTML, either use outdated technologies or have limited in functionality. Our chat is based on standardized HTML and JavaScript, and so will work on every browser and every device.

#### COMPETITION.

Our competitors offer mostly different chat systems. These particular systems are very popular and have its advantages and disadvantages. Advantages are: easy to use, easy to customize, has large user base, many sites already use them. Disadvantages: flash-based (old technology, slow and not useful for all mobile platforms), old design, no video chat, small box (can not re-size it to your preferable size). We feel that development stopped years ago, and they are not upgrading/updating their code. Design of the web page also can be improved, so we are introducing our chat system that we believe will have more advantages and less disadvantages.

Our failure to attain and maintain a competitive position within the market could have a material adverse effect on our business, financial condition and results of operations. There can be no assurance that we will be able to compete successfully against current and future competitors, and competitive pressures faced by us may have a material adverse effect on our business, financial condition and results of operations

#### MARKETING

We believe, that like other social networks, this system will grow by itself. Online advertising will be done via: Google AdSense, websites, Facebook, and LinkedIn.

#### EARNING PROFIT

As we reach a large user base we will include advertising into the chats. This approach will work well on mex.tl. Just by including this system to mex.tl we hope to obtain hundreds of thousands of users. Currently, their client data base contains approximately 300,000 users. Further, the system should promote itself, as all the websites that will use our chat system will advertise it on their websites. We will include "Add this chat to your website" button on every website. At first stage we will focus on getting more users. Once we reach over a few millions of users we will offer paid services.

#### PAID SERVICES

Pladeo is a social system, which means it relies not on one-time clients (like shopping sites) but on permanent members/users that come to use our services regularly. There are several methods that we will use to make money from users:

- 1) Contextual Advertising
- 2) Payments for Removal of Advertising
- 3) Payments for Upgrades
- 4) Business Services

- 5) Side Applications, such as online games
- 6) Mobile Apps

17

1) Contextual Advertising is a type of advertising that targets the users depending on the subject of their chat/page/discussion. Such advertising has proven to be very efficient by Google AdWords Program. For example if the chat is about music, advertising should target music related services, if it is about legal issues, advertising should offer legal services, etc. Pladeo will develop its own advertising platform, as well as may use such programs as Google AdSense.

2) Many users would not like to have advertising on their chats. We will allow the users to remove advertising from their chats for an annual fee. This concept works well with many free hosting systems.

3) We will have different packages: free and paid. Paid packages that offer advanced features, such as video chats, while label branding, enhanced templates, etc. Users will be charged a monthly fee for advanced packages.

4) We will offer special packages for businesses. For example if a dating website will want a customizable chat system for their website, we will provide it.

5) Many social systems, such as Facebook, make money from online games that are accessible through their website. We will offer such services as well.

6) We will offer paid free and paid mobile applications offered for iOS and Android platforms.

#### AGREEMENT

We have executed an agreement with Infospace S. De R.L. De C.V under which, Pladeo Corp will develop and provide chat system to Infospace and in exchange for being allowed to advertise on their website. Infospace is the counterparty to an agreement with the company, and that it operates the website Mex.tl. The agreement can be terminated at any time by either party with 30 days' notice, and that Infospace will pay Pladeo 50% of net revenues generated from the website from advertising means selected by Infospace. This agreement is filed as an exhibit to this registration statement.

#### OFFICE

Our business office is located at Circuito Porta Vicenza 3108, Fracc. Porta Fontana, Leon, Mexico, 37134.

#### GOVERNMENT REGULATIONS:

We do not believe that government regulations will have a significant impact on the way we do business.

#### DIRECTORS, EXECUTIVE OFFICERS, PROMOTER AND CONTROL PERSONS

The following table sets forth as of October 31, 2012, the names, positions and ages of our current executive officer and director

Name and Address of Executive Officers and/or Director	Age	Position
-----	---	-----
Lisbeth Guerrero, Circuito Porta Vicenza 3108, Fracc. Porta Fontana Leon, Mexico, 37134	35	President, Executive Officer, Treasurer, Secretary

The following is a brief description of the business experience of our executive officer, director and significant employees:

18

For last five years Lisbeth Guerrero has been working as manager for Salimus Corp - web developing company based in Mexico. She obtained an International Business Degree from University of Leon.

Lisbeth Guerrero has acted as our President, Secretary, Treasurer and sole Director since our incorporation on February 2, 2012. Our president will be devoting approximately 50% of her business time to our operations. Once we expand operations, and are able to attract more customers to purchase our product, Lisbeth Guerrero has agreed to commit more time as required. Because Lisbeth Guerrero will only be devoting limited time to our operations, our operations may be sporadic and occur at times which are convenient to him. As a result, operations may be periodically interrupted or suspended which could

result in a lack of revenues and a cessation of operations.

#### TERM OF OFFICE

Our sole director is appointed to hold office until the next annual meeting of our stockholders or until his respective successor is elected and qualified, or until she resigns or is removed in accordance with the provisions of the Nevada Revised Statutes. Our officers are appointed by our Board of Directors and hold office until removed by the Board or until their resignation.

#### DIRECTOR INDEPENDENCE

Our board of directors is currently composed of one member, Lisbeth Guerrero, who does not qualify as an independent director in accordance with the published listing requirements of the NASDAQ Global Market. The NASDAQ independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director, nor any of his family members has engaged in various types of business dealings with us. In addition, our board of directors has not made a subjective determination as to each director that no relationships exists which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, though such subjective determination is required by the NASDAQ rules. Had our board of directors made these determinations, our board of directors would have reviewed and discussed information provided by the director and us with regard to each director's business and personal activities and relationships as they may relate to us and our management.

#### COMMITTEES OF THE BOARD OF DIRECTORS

Our Board of Directors has no committees. We do not have a standing nominating, compensation or audit committee.

#### SIGNIFICANT EMPLOYEES

We have no employees other than our sole officer and director, Lisbeth Guerrero, who devotes approximately twenty hours per week to company matters. Lisbeth Guerrero will not be paid for any underwriting services that she performs on our behalf with respect to this offering.

Since our incorporation, we issued a total of 8,000,000 shares of restricted common stock to Lisbeth Guerrero, our sole officer and director in consideration of \$8,000.

Mrs. Guerrero will not be repaid from the proceeds of this offering. There is no due date for the repayment of the funds advanced by Mrs. Guerrero. Mrs. Guerrero will be repaid from revenues of operations if and when we generate revenues to pay the obligation. There is no assurance that we will ever generate revenues from our operations. The obligation to Mrs. Guerrero does not bear interest. There is no written agreement evidencing the advancement of funds by Mrs. Guerrero or the repayment of the funds to Mrs. Guerrero. The entire transaction was oral.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information concerning the number of shares of our common stock owned beneficially as of October 31, 2012 by: (i) each person (including any group) known to us to own more than five percent (5%) of any class of our voting securities, (ii) our director, and or (iii) our officer. Unless otherwise indicated, the stockholder listed possesses sole voting and investment power with respect to the shares shown.

Title of Class	Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percentage
Common Stock	Lisbeth Guerrero Circuito Porta Vicenza 3108, Fracc. Porta Fontana Leon, Mexico, 37134	8,000,000 shares of common stock (direct)	100%

20

(1) A beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares outstanding is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights. As a result, the percentage of outstanding shares of any person as shown in this table does not necessarily reflect the person's actual ownership or voting power with respect to the number of shares of common stock actually outstanding on October 31, 2012. As of October 31, 2012, there were 8,000,000 shares of our common stock issued and outstanding.

There is no arrangement to address the possible effect of the offering on the price of the stock.

Subscriptions for securities will be accepted or rejected within 48 hours after we receive them.

In connection with the Company's selling efforts in the offering, Lisbeth Guerrero will not register as a broker-dealer pursuant to Section 15 of the Exchange Act, but rather will rely upon the "safe harbor" provisions of SEC Rule 3a4-1, promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Generally speaking, Rule 3a4-1 provides an exemption from the broker-dealer registration requirements of the Exchange Act for persons associated with an issuer that participate in an offering of the issuer's securities. Mrs. Guerrero is not subject to any statutory disqualification, as that term is defined in Section 3(a)(39) of the Exchange Act. Mrs. Guerrero will not be compensated in connection with his participation in the offering by the payment of commissions or other remuneration based either directly or indirectly on transactions in our securities.

Mrs. Guerrero is not, nor has she been within the past 12 months, a broker or dealer, and she is not, nor has she been within the past 12 months, an associated person of a broker or dealer. At the end of the offering, Mrs. Guerrero will continue to primarily perform substantial duties for the Company or on its behalf otherwise than in connection with transactions in securities. Mrs. Guerrero will not participate in selling an offering of securities for any issuer more than once every 12 months other than in reliance on Exchange Act Rule 3a4-1(a)(4)(i) or (iii).

PLADEO CORP. will receive all proceeds from the sale of the 10,000,000 shares being offered. The price per share is fixed at \$0.01 for the duration of this offering. Although our common stock is not listed on a public exchange or quoted over-the-counter, we intend to seek to have our shares of common stock quoted on the Over-the Counter Bulletin Board. In order to be quoted on the OTC Bulletin Board, a market maker must file an application on our behalf in order to make a market for our common stock. There can be no assurance that a market maker will agree to file the necessary documents with FINRA, nor can there be any assurance that such an application for quotation will be approved. However, sales by the Company must be made at the fixed price of \$0.01 until a market develops for the stock.

The Company will not offer its shares for sale through underwriters, dealers, agents or anyone who may receive compensation in the form of underwriting discounts, concessions or commissions from the Company and/or the purchasers of the shares for whom they may act as agents. The shares of common stock sold by the Company may be occasionally sold in one or more transactions; all shares sold under this prospectus will be sold at a fixed price of \$0.01 per share.

#### STATE SECURITIES - BLUE SKY LAWS

There is no established public market for our common stock, and there can be no assurance that any market will develop in the foreseeable future. Transfer of our common stock may also be restricted under the securities or securities regulations laws promulgated by various states and foreign jurisdictions, commonly referred to as "Blue Sky" laws. Absent compliance with such individual state laws, our common stock may not be traded in such jurisdictions. Because the securities registered hereunder have not been registered for resale under the blue sky laws of any state, the holders of such shares and persons who desire to purchase them in any trading market that might develop in the future, should be aware that there may be significant state blue-sky law restrictions upon the ability of investors to sell the securities and of purchasers to purchase the securities. Accordingly, investors may not be able to liquidate their investments and should be prepared to hold the common stock for an indefinite period of time.

In order to comply with the applicable securities laws of certain states, the securities will be offered or sold in those only if they have been registered or qualified for sale; an exemption from such registration or if qualification requirement is available and with which Pladeo Corp. has complied.

In addition and without limiting the foregoing, the Company will be subject to applicable provisions, rules and regulations under the Exchange Act with regard to security transactions during the period of time when this Registration Statement is effective.

OCTOBER 31, 2012

NOTE 1 - ORGANIZATION AND NATURE OF BUSINESS

Pladeo Corp. (the "Company" or "Pladeo") was incorporated under the laws of the State of Nevada on February 16, 2012. We are in the business of developing online chat systems for everybody to use free off charge. We want to make our system available for all websites, not only for mex.tl users.

NOTE 2 - SUMMARY OF SIGNIFCANT ACCOUNTING POLICIES

Development Stage Company  
The accompanying financial statements have been prepared in accordance with

generally accepted accounting principles related to development stage companies. A development-stage company is one in which planned principal operations have not commenced or if its operations have commenced, there has been no significant revenues there from.

#### Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars.

#### Accounting Basis

The Company uses the accrual basis of accounting and accounting principles generally accepted in the United States of America ("GAAP" accounting). The Company has adopted April 30 fiscal year end.

#### Cash and Cash Equivalents

The Company considers all highly liquid investments with the original maturities of three months or less to be cash equivalents. The Company had \$94 of cash as of October 31, 2012.

#### Going Concern

The accompanying financial statements have been prepared in conformity with generally accepted accounting principle, which contemplate continuation of the Company as a going concern. However, the Company had no revenues as of October 31, 2012. The Company currently has limited working capital, and has not completed its efforts to establish a stabilized source of revenues sufficient to cover operating costs over an extended period of time.

Management anticipates that the Company will be dependent, for the near future, on additional investment capital to fund operating expenses. The Company intends to position itself so that it may be able to raise additional funds through the capital markets. In light of management's efforts, there are no assurances that the Company will be successful in this or any of its endeavors or become financially viable and continue as a going concern.

#### Fair Value of Financial Instruments

The Company's financial instruments consist of cash and cash equivalents and amounts due to shareholder. The carrying amount of these financial instruments approximates fair value due either to length of maturity or interest rates that approximate prevailing market rates unless otherwise disclosed in these financial statements.

#### Income Taxes

Income taxes are computed using the asset and liability method. Under the asset and liability method, deferred income tax assets and liabilities are determined based on the differences between the financial reporting and tax bases of assets and liabilities and are measured using the currently enacted tax rates and laws. A valuation allowance is provided for the amount of deferred tax assets that, based on available evidence, are not expected to be realized.

PLADEO CORP.  
(A DEVELOPMENT STAGE COMPANY)  
NOTES TO THE FINANCIAL STATEMENTS  
OCTOBER 31, 2012

#### NOTE 2 - SUMMARY OF SIGNIFCANT ACCOUNTING POLICIES (CONTINUED)

##### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

##### Revenue Recognition

The Company recognizes revenue when products are fully delivered or services have been provided and collection is reasonably assured.

##### Stock-Based Compensation

Stock-based compensation is accounted for at fair value in accordance with ASC Topic 718. To date, the Company has not adopted a stock option plan and has not granted any stock options.

##### Basic Income (Loss) Per Share

Basic income (loss) per share is calculated by dividing the Company's net loss applicable to common shareholders by the weighted average number of common shares during the period. Diluted earnings per share is calculated by dividing

the Company's net income available to common shareholders by the diluted weighted average number of shares outstanding during the year. The diluted weighted average number of shares outstanding is the basic weighted number of shares adjusted for any potentially dilutive debt or equity. There are no such common stock equivalents outstanding as of October 31, 2012.

Comprehensive Income

The Company has established standards for reporting and display of comprehensive income, its components and accumulated balances. When applicable, the Company would disclose this information on its Statement of Stockholders' Equity. Comprehensive income comprises equity except those resulting from investments by owners and distributions to owners. The Company has not had any significant transactions that are required to be reported in other comprehensive income.

Recent Accounting Pronouncements

Pladeo does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the Company's results of operations, financial position or cash flows.

NOTE 3 - LOAN FROM DIRECTOR

A shareholder loaned \$600 to the Company to pay for Company expenses. The loan is unsecured, non-interest bearing and due on demand.

The balance due to the director was \$600 as of October 31, 2012.

PLADEO CORP.  
(A DEVELOPMENT STAGE COMPANY)  
NOTES TO THE FINANCIAL STATEMENTS  
OCTOBER 31, 2012

NOTE 5 - COMMITMENTS AND CONTINGENCIES

The Company neither owns nor leases any real or personal property. An officer has provided office services without charge. There is no obligation for the officer to continue this arrangement. Such costs are immaterial to the financial statements and accordingly are not reflected herein. The officers and directors are involved in other business activities and most likely will become involved in other business activities in the future.

NOTE 6 - INCOME TAXES

As of October 31, 2012, the Company had net operating loss carry forwards of approximately \$8,461 that may be available to reduce future years' taxable income in varying amounts through 2031. Future tax benefits which may arise as a result of these losses have not been recognized in these financial statements, as their realization is determined not likely to occur and accordingly, the Company has recorded a valuation allowance for the deferred tax asset relating to these tax loss carry-forwards.

The provision for Federal income tax consists of the following:

	October 31, 2012
Federal income tax benefit attributable to:	
Current Operations	\$ 2,877
Less: valuation allowance	(2,877)
	-----
Net provision for Federal income taxes	\$ 0
	=====

The cumulative tax effect at the expected rate of 34% of significant items comprising our net deferred tax amount is as follows:

	October 31, 2012
Deferred tax asset attributable to:	
Net operating loss carryover	\$ 2,877

Less: valuation allowance	(2,877)
	-----
Net deferred tax asset	\$ 0
	=====

Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating loss carry forwards of approximately \$8,461 for Federal income tax reporting purposes are subject to annual limitations. Should a change in ownership occur net operating loss carry forwards may be limited as to use in future years.

NOTE 8 - SUBSEQUENT EVENTS

In accordance with SFAS 165 (ASC 855-10) the Company has analyzed its operations subsequent to October 31, 2012 and to the date these financial statements were issued, and has determined that it does not have any material subsequent events to disclose in these financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors  
Pladeo Corp.

I have audited the accompanying balance sheets of Pladeo Corp. (A Development Stage Company) as of April 30, 2012, and the related statements of operations, stockholders' equity and cash flows for the period February 2, 2012 (inception) to April 30, 2012. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pladeo Corp. (A Development Stage Company) as of April 30, 2012 and the results of its operations and cash flows for the period then ended and February 2, 2012 (inception), to April 30, 2012 in conformity with generally accepted accounting principles in the United States of America.

The accompanying financial statements have been prepared assuming the Company

will continue as a going concern. As discussed in Note #7 to the financial statements, the Company has had no operations and has no established source of revenue. This raises substantial doubt about its ability to continue as a going concern. Management's plan in regard to these matters is also described in Note #7 The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Cash and Cash Equivalents

The Company considers all highly liquid investments with the original maturities of three months or less to be cash equivalents. The Company had \$8,055 of cash as of April 30, 2012.

The Company's financial instruments consist of cash and cash equivalents and amounts due to shareholder. The carrying amount of these financial instruments approximates fair value due either to length of maturity or interest rates that approximate prevailing market rates unless otherwise disclosed in these financial statements.

Income Taxes

Income taxes are computed using the asset and liability method. Under the asset and liability method, deferred income tax assets and liabilities are determined based on the differences between the financial reporting and tax bases of assets and liabilities and are measured using the currently enacted tax rates and laws. A valuation allowance is provided for the amount of deferred tax assets that, based on available evidence, are not expected to be realized.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Company recognizes revenue when products are fully delivered or services have been provided and collection is reasonably assured.

Stock-Based Compensation

PLADEO CORP.  
(A DEVELOPMENT STAGE COMPANY)  
NOTES TO THE FINANCIAL STATEMENTS  
APRIL 30, 2012

NOTE 6 - INCOME TAXES

As of April 30, 2012, the Company had net operating loss carry forwards of approximately \$45 that may be available to reduce future years' taxable income in varying amounts through 2031. Future tax benefits which may arise as a result of these losses have not been recognized in these financial statements, as their realization is determined not likely to occur and accordingly, the Company has recorded a valuation allowance for the deferred tax asset relating to these tax loss carry-forwards.

The provision for Federal income tax consists of the following:

	April 30, 2012
	-----
Federal income tax benefit attributable to:	
Current Operations	\$ 15.30
Less: valuation allowance	(15.30)

Net provision for Federal income taxes	----- \$ 0 =====
--	------------------------

The cumulative tax effect at the expected rate of 34% of significant items comprising our net deferred tax amount is as follows:

	April 30, 2012 -----
Deferred tax asset attributable to:	
Net operating loss carryover	\$ 15.30
Less: valuation allowance	(15.30)
	-----
Net deferred tax asset	\$ 0 =====

Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating loss carry forwards of approximately \$45 for Federal income tax reporting purposes are subject to annual limitations. Should a change in ownership occur net operating loss carry forwards may be limited as to use in future years.

NOTE 7 - GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principle, which contemplate continuation of the Company as a going concern. However, the Company had no revenues as of April 30, 2012. The Company currently has limited working capital, and has not completed its efforts to establish a stabilized source of revenues sufficient to cover operating costs over an extended period of time.

Management anticipates that the Company will be dependent, for the near future, on additional investment capital to fund operating expenses. The Company intends to position itself so that it may be able to raise additional funds through the capital markets. In light of management's efforts, there are no assurances that the Company will be successful in this or any of its endeavors or become financially viable and continue as a going concern.

NOTE 8 - SUBSEQUENT EVENTS

In accordance with SFAS 165 (ASC 855-10) the Company has analyzed its operations subsequent to April 30, 2012 and to June 19, 2012, the date these financial statements were issued, and has determined that it does not have any material subsequent events to disclose in these financial statements.
