ITEM 1. DESCRIPTION OF PROPOSED TRANSACTION

1.1 Background. By order dated November 1, 2000 in this proceeding (the

"Financing Order"),¹ the Commission authorized NiSource Inc. ("NiSource"), a new registered holding company, and its subsidiaries to engage in a program of external financing and intrasystem financing, and other related transactions, for the period through December 31, 2003 ("Authorization Period"). NiSource became a registered holding company on November 1, 2000, following its acquisition of Columbia Energy Group ("Columbia"), which is also a registered holding company.² NiSource owns, directly or indirectly, all of the issued and outstanding common stock of Northern Indiana Public Service Company ("Northern Indiana"), Kokomo Gas and Fuel Company ("Kokomo"), Northern Indiana Fuel and Light Company, Inc. ("NIFL"), Bay State Gas Company ("Bay State"), and Northern Utilities, Inc. ("Northern Utilities"), which were the pre-merger public-utility subsidiaries of NiSource (referred to here as the "NiSource Utility Subsidiaries"); and indirectly through Columbia, all of the issued and

outstanding common stock of Columbia Gas of Kentucky, Inc., Columbia Gas of Maryland, Inc., Columbia Gas of Ohio, Inc., Columbia Gas of Pennsylvania, Inc. and Columbia Gas of Virginia, Inc. (referred to here as the "Columbia Utility Subsidiaries"). Together, these companies distribute gas at retail in portions of Indiana, Ohio, Virginia, Maryland, Kentucky, Pennsylvania, Massachusetts, New Hampshire and Maine. In addition, Northern Indiana generates, transmits and sells electricity in a portion of Indiana. NiSource also holds directly or indirectly numerous non-utility subsidiaries and investments.

A more complete description of NiSource and Columbia and their respective subsidiaries is contained in the Commission's order dated October 30, 2000 approving NiSource's acquisition of Columbia.

As previously explained in this proceeding, NiSource organized NiSource Finance Corp. ("NiSource Finance") to facilitate financing the cash portion of the consideration paid to Columbia's shareholders in the merger. At the closing of the merger, NiSource Finance issued \$4,144,501,483 of commercial paper, back-stopped by a 364-day revolving credit facility, to finance the cash portion of the merger consideration and other related costs of the transaction (the "Acquisition Debt"). Subsequently, between November 14, 2000 and December 19, 2000, NiSource Finance issued and sold a total of \$2.65 billion of senior unsecured notes with varying maturities between November 15, 2003 and November 15, 2010. On December 6, 2000, NiSource issued approximately \$290.4 million of common stock. The proceeds of these financings were applied to reduce the outstanding amount of commercial paper issued by NiSource Finance. NiSource Finance's commercial paper and senior unsecured notes are guaranteed by NiSource. NiSource Finance's commercial paper is currently rated A-2 by Standard & Poor's ("S&P") and P-2 by Moody's Investor Service ("Moody's"), and its senior unsecured notes are rated BBB by S&P and Baa2 by Moody's.

1 NiSource Inc., et al., Holding Co. Act Release No. 27265.

2 NiSource filed a Notification of Registration on Form U5A on November 1, 2000, following its acquisition of Columbia Energy Group in accordance with the authorization granted by the Commission on October 30, 2000 in File No. 70-9551 (Holding Co. Act Release No. 27263).

Under the Financing Order, the Commission authorized NiSource to issue and sell from time to time during the Authorization Period, either directly or indirectly through one or more financing subsidiaries, equity securities and long-term and short-term debt securities. Among other specific approvals granted, the Commission authorized NiSource to issue and sell, directly or indirectly, short-term debt securities in the form of commercial paper, bank

notes or other evidence of indebtedness having maturities of less than one year ("Short-term Debt") in an aggregate principal amount at any time outstanding not to exceed \$2 billion.³

The Commission also authorized the NiSource Utility Subsidiaries to issue and sell Short-term Debt securities, including commercial paper, to finance their utility operations, in the following maximum principal amounts at any time outstanding during the Authorization Period:⁴

Subsidiary -----	Amount -----
Northern Indiana	\$1,000,000,000
Bay State	\$ 250,000,000
NIFL	\$ 50,000,000
Kokomo	\$ 50,000,000
Northern Utilities	\$ 50,000,000

Northern Indiana and Bay State currently have commercial paper facilities that are back-stopped by revolving bank credit lines. Borrowings by Bay State are used, in part, to fund short-term loans to Northern Utilities.

1.2 Proposed Modification. NiSource requests that the Commission issue a

supplemental order in this proceeding to authorize an increase from \$2 billion to \$3.4 billion in the maximum principal amount of Short-term Debt that NiSource (or any financing subsidiary of NiSource) may have outstanding at any one time. NiSource (or any financing subsidiary) will use the proceeds of increased short-term borrowings to make loans to Columbia and the NiSource Utility Subsidiaries in order to enable those companies to retire, at maturity, external short-term borrowings. After March 31, 2001, Columbia and Northern Indiana will not issue any new Short-term Debt securities to unaffiliated lenders but will instead satisfy all of their short-term borrowing needs through intercompany borrowings from NiSource or a financing subsidiary of NiSource. Bay State will maintain its commercial paper program in order to fund loans to Northern Utilities until such time as Northern Utilities has obtained an order of the Maine Public Utilities Commission permitting NiSource (or a financing subsidiary) to become the external funding source for Bay State's loans to

3 The Acquisition Debt does not count against the limitation on Short-term Debt, regardless of the maturity of the Acquisition Debt.

4 The Financing Order did not authorize any additional financing by Columbia or its subsidiaries. Columbia's existing authority to issue securities and guarantees, which is summarized in Item 1.4 of the original

Application/Declaration, remains in effect, and was not modified by the Financing Order, except that Columbia may not issue additional shares of common stock to investors other than NiSource.

Northern Utilities, at which point Bay State will terminate all external short-term financing arrangements. All short-term borrowings by Columbia and the NiSource Utility Subsidiaries from NiSource (or a financing subsidiary) will bear interest at rates designed to parallel the effective cost of Short-term Debt issued by NiSource (or a financing subsidiary). No changes are proposed herein to the individual company short-term borrowing limits previously approved by the Commission.

1.3 Reasons for Proposed Modification. In order to obtain the credit

ratings for NiSource Finance's commercial paper and senior unsecured notes, and to address issues of structural subordination in connection therewith, NiSource agreed with the independent rating agencies that it would attempt to retire all external short-term debt of Columbia and the NiSource Utility Subsidiaries not later than March 31, 2001⁵ so that all external short-term financing is consolidated at the NiSource level.⁶ The consolidation of separate external credit arrangements that are now maintained by Columbia, Northern Indiana, and Bay State with those of NiSource will also tend to simplify NiSource's capital structure and reduce administration and financial reporting. Further, the proposed change will facilitate NiSource's ultimate objective of creating and funding a single, system-wide, money pool arrangement that is expected to be modeled on the existing Columbia money pool arrangements. NiSource intends to file a further post effective amendment to seek necessary approvals for the creation and funding of new system-wide money pool. In the meantime, Columbia will continue to fund and administer its own system money pool in accordance with the Commission's earlier authorizations, with the exception that Columbia's source of short-term borrowings will be NiSource.

ITEM 2. FEES, COMMISSIONS AND EXPENSES.

The fees, commissions and expenses incurred or to be incurred in connection with the preparation and filing of this Post-Effective Amendment are estimated not to exceed \$7,500.

ITEM 3. APPLICABLE STATUTORY PROVISIONS.

3.1 General. Sections 6(a), 7, 9(a), 10 and 12(b) of the Act are applicable

to the proposed modification to the Financing Order.

also subject to Rules 53 and 54. Under Rule 53(a), the Commission shall not make certain specified findings under Sections 7 and 12 in connection with a proposal by a holding company to issue securities for the purpose of acquiring the securities of or other interest in any "exempt wholesale generator" ("EWG"), or to guarantee the securities of an EWG, if each of the conditions in paragraphs (a)(1) through (a)(4) thereof are met, provided that none of the conditions

5 The Columbia Utility Subsidiaries do not borrow from external sources. Instead, their short-term borrowing needs are met through direct borrowing from Columbia and from borrowings under the Columbia System Money Pool. Columbia funds its loans to subsidiaries by issuing commercial paper and other forms of short-term indebtedness.

6 Under the current financing arrangements, a lender extending short-term credit to Columbia or to any of the NiSource Utility Subsidiaries would be in a senior position in terms of recourse to the assets of those companies.

6

specified in paragraphs (b)(1) through (b)(3) of Rule 53 exists. Rule 54 provides that the Commission shall not consider the effect of the capitalization or earnings of subsidiaries of a registered holding company that are EWGs or "foreign utility companies" ("FUCOs") in determining whether to approve other transactions if Rule 53(a), (b) and (c) are satisfied. These standards are met.

Rule 53(a)(1): The combined "aggregate investment" of NiSource and Columbia in EWGs and FUCOs is approximately \$7.5 million, or less than 1% of NiSource's pro forma "consolidated retained earnings" at December 31, 2000 (\$829.7 million).

Rule 53(a)(2): NiSource will maintain books and records enabling it to identify investments in and earnings from each EWG and FUCO in which it directly or indirectly acquires and holds an interest. NiSource will cause each domestic EWG in which it acquires and holds an interest, and each foreign EWG and FUCO that is a majority-owned subsidiary, to maintain its books and records and prepare its financial statements in conformity with U.S. generally accepted accounting principles ("GAAP"). All of such books and records and financial statements will be made available to the Commission, in English, upon request.

Rule 53(a)(3): No more than 2% of the employees of the Utility Subsidiaries will, at any one time, directly or indirectly, render services to EWGs and FUCOs.

Rule 53(a)(4): NiSource will submit a copy of the Application/Declaration

in this proceeding and each amendment thereto, and will submit copies of any Rule 24 certificates required hereunder, as well as a copy of NiSource's Form U5S, to each of the public service commissions having jurisdiction over the retail rates of the Utility Subsidiaries.

In addition, NiSource states that the provisions of Rule 53(a) are not made inapplicable to the authorization herein requested by reason of the occurrence or continuance of any of the circumstances specified in Rule 53(b). Rule 53(c) is inapplicable by its terms.

ITEM 4. REGULATORY APPROVAL.

No state commission, and no federal commission, other than the Commission, has jurisdiction over the proposed increase in short-term borrowings by NiSource.

7

ITEM 5. PROCEDURE.

The Applicants request the Commission to publish a notice under Rule 23 with respect to the filing of this Post-Effective Amendment as soon as practicable and to issue an order as soon as the rules allow, and in any event not later than March 15, 2001. The Applicants further request that there not be a 30-day waiting period between issuance of the Commission's order and the date on which the order is to become effective. The Applicants hereby waive a recommended decision by a hearing officer or any other responsible officer of the Commission and consent that the Division of Investment Management may assist in the preparation of the Commission's decision and/or order, unless the Division opposes the matters proposed herein.

ITEM 6. EXHIBITS AND FINANCIAL STATEMENTS.

A. EXHIBITS.

ITEM 7. INFORMATION AS TO ENVIRONMENTAL EFFECTS.

None of the matters that are the subject of this Application/Declaration involves a "major federal action" nor do such matters "significantly affect the quality of the human environment" as those terms are used in section 102(2)(C) of the National Environmental Policy Act. The transactions that are the subject of this Application/Declaration will not result in changes in the operation of the Applicants that will have an impact on the environment. The Applicants are not aware of any federal agency that has prepared or is preparing an environmental impact statement with respect to the transactions that are the subject of this Application/Declaration.

PROPOSED FORM OF FEDERAL REGISTER NOTICE

SECURITIES AND EXCHANGE COMMISSION

(Release No. 35-)

Filings under the Public Utility Holding Company Act of 1935, as amended ("Act")

February , 2001
--

Notice is hereby given that the following filing(s) has/have been made with the Commission pursuant to provisions of the Act and rules promulgated thereunder. All interested persons are referred to the application(s) and/or declaration(s) for complete statements of the proposed transaction(s) summarized below. The application(s) and/or declaration(s) and any amendments thereto is/are available for public inspection through the Commission's Office of Public Reference.

Interested persons wishing to comment or request a hearing on the application(s) and/or declaration(s) should submit their views in writing by March , 2001 to the Secretary, Securities and Exchange Commission, 450 5th
--

Street, N.W., Washington, D.C. 20549, and serve a copy on the relevant applicant(s) and/or declarant(s) at the address(es) as specified below. Proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. Any request for hearing shall identify specifically the issues of fact or law that are disputed. A person who so requests will be notified of any hearing, if ordered, and will receive a copy of any notice or order issued in the matter. After March __, 2001, the application(s) and/or declaration(s), as filed or as amended, may be granted and/or permitted to become effective.

* * * * *

NISOURCE INC., ET AL.(70-9681)

NiSource Inc. ("NiSource"), a registered holding company whose principal executive offices are at 801 East 86th Avenue, Merrillville, Indiana 46410-6272, and its public utility and non-utility subsidiaries have filed a post-effective amendment to their application-declaration in this proceeding designating

Sections 6(a), 7, 9(a), 10, and 12(b) of the Public Utility Holding Company Act of 1935, as amended (the "Act"), as applicable to the proposed transactions.

1

By order dated November 1, 2000 in this proceeding (the "Financing Order"),¹ the Commission authorized NiSource and its subsidiaries to engage in a program of external financing and intrasystem financing, and other related transactions, for the period through December 31, 2003 (the "Authorization Period"). NiSource became a registered holding company on November 1, 2000, following its acquisition of Columbia Energy Group ("Columbia"), which is also a registered holding company. NiSource owns, directly or indirectly, all of the issued and outstanding common stock of Northern Indiana Public Service Company ("Northern Indiana"), Kokomo Gas and Fuel Company ("Kokomo"), Northern Indiana Fuel and Light Company ("NIFL"), Bay State Gas Company ("Bay State"), and Northern Utilities, Inc. ("Northern Utilities"), which were the pre-merger public-utility subsidiaries of NiSource (referred to here as the "NiSource Utility Subsidiaries"); and indirectly through Columbia, all of the issued and outstanding common stock of Columbia Gas of Kentucky, Inc., Columbia Gas of Maryland, Inc., Columbia Gas of Ohio, Inc., Columbia Gas of Pennsylvania, Inc. and Columbia Gas of Virginia, Inc. Together, these companies distribute gas at retail in portions of Indiana, Ohio, Virginia, Maryland, Kentucky, Pennsylvania, Massachusetts, New Hampshire and Maine. In addition, Northern Indiana generates, transmits and sells electricity in a portion of Indiana. NiSource also holds directly or indirectly numerous non-utility subsidiaries and investments.

NiSource states that it financed the cash portion of the merger consideration paid to Columbia's shareholders through the issuance of approximately \$4.1 billion of commercial paper by NiSource Finance Corp. ("NiSource Finance"), a newly-formed financing subsidiary. Subsequently, NiSource Finance issued approximately \$2.65 billion of senior unsecured notes with varying maturities between November 15, 2003 and November 15, 2010, and NiSource issued approximately \$290.4 million of common stock. The proceeds of these financings were used to reduce the outstanding amount of commercial paper issued by NiSource Finance.

Under the Financing Order, the Commission authorized NiSource to issue and sell from time to time during the Authorization Period, either directly or indirectly through one or more financing subsidiaries (including NiSource Finance), equity securities and long-term and short-term debt securities. Among other specific approvals granted, the Commission authorized NiSource to issue and sell, directly or indirectly, short-term debt securities in the form of commercial paper, bank notes or other evidence of indebtedness having maturities of less than one year ("Short-term Debt") in an aggregate principal amount at any time outstanding not to exceed \$2 billion.

The Commission also authorized the NiSource Utility Subsidiaries to issue and sell Short-term Debt securities, including commercial paper, to finance

their utility operations, in the following maximum principal amounts at any time outstanding during the Authorization Period:

Subsidiary -----	Amount -----
Northern Indiana	\$1,000,000,000
Bay State	\$ 250,000,000
NIFL	\$ 50,000,000
Kokomo	\$ 50,000,000
Northern Utilities	\$ 50,000,000

It is stated that Northern Indiana and Bay State currently have commercial paper facilities that are back-stopped by revolving credit lines. Borrowings by Bay State are used, in part, to make short-term loans to Northern Utilities, its wholly-owned subsidiary.

NiSource is now requesting a modification to the Financing Order to authorize an increase from \$2 billion to \$3.4 billion in the maximum principal amount of Short-term Debt that NiSource (or any financing subsidiary of NiSource) may have outstanding at any one time. NiSource states that it will use the proceeds of increased short-term borrowings to make loans to Columbia and the NiSource Utility Subsidiaries in order to enable those companies to retire, at maturity, external short-term borrowings. After March 31, 2001, Columbia and Northern Indiana will not issue any new Short-term Debt securities to unaffiliated lenders but will instead satisfy all of their short-term borrowing needs through intercompany borrowings from NiSource. Bay State will maintain its external funding arrangements in order to fund loans to Northern Utilities until such time as Northern Utilities has obtained an order of the Maine Public Utilities Commission permitting NiSource (or a financing subsidiary of NiSource) to become the external funding source for Bay State's loans to Northern Utilities. All short-term borrowings by Columbia and the NiSource Utility Subsidiaries from NiSource will bear interest at rates designed to parallel the effective cost of Short-term Debt issued by NiSource. Short-term borrowings by Columbia and the NiSource Utility Subsidiaries from NiSource will be within the individual company limits previously approved by the Commission.

NiSource states that in order to obtain the credit ratings for NiSource Finance's commercial paper and senior unsecured notes,² and to address issues of structural subordination in connection therewith, NiSource agreed with the

2 It is stated that NiSource Finance's commercial paper is currently rated A-2 by Standard & Poor's ("S&P") and P-2 by Moody's Investor Service ("Moody's"), and that its senior unsecured notes are rated BBB by S&P and Baa2 by Moody's.

3

independent rating agencies that it would attempt to retire all external short-term debt of Columbia and the NiSource Utility Subsidiaries not later than March 31, 2001, so that all external short-term financing is consolidated at the NiSource level. NiSource states that the consolidation of separate external credit arrangements that are now maintained by Columbia, Northern Indiana, and Bay State with those of NiSource will also tend to simplify NiSource's capital structure and reduce administration and financial reporting.

The applicants state that no state commission, and no federal commission, other than the Commission, has jurisdiction over the proposed increase in short-term borrowings by NiSource.

4
