PROXY STATEMENT  
-----

ANNUAL MEETING OF STOCKHOLDERS FOR 1994

The accompanying proxy is solicited by the Board of Directors of Union Camp Corporation (the 'Company') for use at the Annual Meeting of Stockholders to be held on Tuesday, April 26, 1994, and any adjournment thereof. Notice of Annual Meeting, proxy statement and proxy are being mailed to all stockholders on or about March 18, 1994. Proxies in the accompanying form which are properly executed will be voted and, if a choice is specified with respect to any matter to be acted upon, the shares will be voted in accordance with such

specification. If a choice is not specified on such proxies, the shares will be voted in accordance with the recommendations of the Board of Directors as set forth on the accompanying proxy. Abstentions are counted for quorum purposes, but such a vote will not affect the determination of whether more votes have been cast in favor of a proposal than have been cast against it. A proxy may be revoked by the person giving it at any time before its exercise.

The Board of Directors has fixed the close of business on March 4, 1994 as the record date for the determination of the stockholders entitled to notice of, and to vote at, the annual meeting. On March 4, 1994, 69,916,299 shares of Common Stock of the Company were outstanding. Each share is entitled to one vote on each matter presented for a vote at the annual meeting.

#### PROPOSAL 1 -- ELECTION OF DIRECTORS

The Company's Articles of Incorporation provide that the Board of Directors shall be divided into three classes, as nearly equal in size as possible. Each year the directors of one class are elected to serve terms of three years.

Four persons have been nominated by the Board for election as directors at the 1994 Annual Meeting to serve three year terms of office and until their successors are duly elected. The nominees will be elected if they receive a plurality of the votes cast by the shares entitled to vote at the Annual Meeting if a quorum (a majority of the votes entitled to be cast) is present. An abstention is counted for quorum purposes, but is not a vote cast.

The nominees to Class I to serve terms expiring at the annual meeting of stockholders in 1997 are Sir Colin Corness, Robert D. Kennedy, W. Craig McClelland and James M. Reed. All of the nominees are currently Class I directors elected by the stockholders at the 1991 Annual Meeting.

Votes (other than votes withheld) will be cast pursuant to the accompanying proxy for the election of the nominees listed unless, by reason of death or other unexpected occurrence, one or more of such nominees shall not be available for election, in which event it is intended that such votes will be cast for a substitute nominee or nominees designated by the Board of Directors or, if no substitute nominee or nominees are selected by the Board of Directors, to amend the Company's bylaws to reduce the membership of the Board of Directors to a number equal to the number of such nominees who are available for election, and to elect such nominees. The Board of Directors has no reason to believe that any of the nominees listed will not be available for election as a director.

The names of the directors and nominees, their ages, the years in which their terms of office will expire, their principal occupations during at least the past five years, other directorships held and certain other biographical information are set forth on the following pages.

BOARD OF DIRECTORS AND COMMITTEES

In 1993, the Board of Directors held seven meetings and the Executive Committee of the Board of Directors held three meetings. Non-employee directors receive as compensation for serving on the Board, an annual fee of \$17,500 plus shares of Company Common Stock awarded pursuant to the Stock Compensation Plan for Non-Employee Directors (the 'Stock Compensation Plan'). The Stock Compensation Plan provides that immediately after each annual meeting of stockholders, each director who is not an employee of the Company shall receive the number of whole shares of Company Common Stock provided in the Plan for that year, or if there is no provision in the Plan for that year, whole shares having a fair market value, at the time of the grant, of approximately \$5,000. In no event may the fair market value of any annual grant of such stock exceed \$40,000 for each non-employee director. The total number of shares of Company Common Stock that may be awarded under the Stock Compensation Plan is 150,000. During 1993 each non-employee director received 135 shares of Company Common Stock pursuant to the Stock Compensation Plan which had a fair market value of approximately \$6,000 at the time such stock was granted. The Plan provides that each non-employee director shall receive for 1994 shares of Company Common Stock having a fair market value of approximately \$9,000. Non-employee directors are also paid \$1,500 for each meeting of the Board of Directors they attend, \$750 for each committee meeting they attend and \$1,000 per year for serving as the Chair of a committee.

The Board of Directors has appointed an Audit Committee, a Personnel, Compensation and Nominating Committee, a Pension Investment Committee and a Public Issues Committee, which are composed entirely of non-employee directors of the Company.

The Audit Committee held three meetings during 1993. Generally, the Audit Committee (i) recommends to the Board of Directors the independent accountants to be appointed for the Company, (ii) meets with the independent accountants, the chief internal auditor and other corporate officers to review matters relating to corporate financial reporting and accounting procedures and policies, adequacy of financial, accounting and operating controls and the scope of the audits of the independent accountants and internal auditors, (iii) reviews and reports on the results of such audits to the Board of Directors and (iv) submits to the Board of Directors its recommendations relating to financial reporting and accounting practices and policies and financial, accounting and operating controls.

The Personnel, Compensation and Nominating Committee held five meetings during 1993. The Personnel, Compensation and Nominating Committee (i) makes recommendations to the Board concerning the election of the Company's officers, (ii) reviews the compensation plans and sets the compensation for officers of the Company, (iii) awards incentive compensation and bonuses to officers of the Company, (iv) administers the Company's stock option plans and awards options, restricted stock, stock appreciation rights and bonuses payable in stock and (v) recommends to the Board the members and the Chairs of Board Committees. The Personnel, Compensation and Nominating Committee also recommends to the Board candidates for election as directors, and will consider nominees recommended by stockholders. Such recommendations should be submitted in writing to the Secretary of the Company with a description of the proposed nominee's qualifications and other relevant biographical information, and the nominee's consent to serve as a director.

The Company's bylaws provide that any stockholder who wishes to nominate any person for election as a director at the annual meeting must give the Company's Secretary written notice of such intent at least sixty (60) days in advance of the date established in the bylaws as the day of the annual meeting (the last Tuesday in April of each year). Such notice must contain the information required by the bylaws including information regarding each person to be nominated as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had the person been nominated by the Board of Directors.

The Pension Investment Committee held two meetings during 1993. The Pension Investment Committee periodically reviews the activities of the management of the Company in supervising the investment of the Company's pension funds.

The Public Issues Committee held two meetings during 1993. The Public Issues Committee, in its discretion (i) inquires into and reviews any matter involving the conduct of the Company's business which affects the public or in which the public has a strong interest; (ii) recommends policies and programs which further the interests of the Company to the Board and/or the Company's management; (iii) provides oversight with respect to the Company's compliance activities as to environmental, health and safety, employment and other legal standards of conduct; and (iv) reports to the Board on matters believed to be of significance to the Board.

Non-employee directors may elect to defer for such period as they determine all or part of their directors' retainer and meeting fees in which case interest is earned on the deferred amounts at the rate equal to the average yield on 91 day U.S. Treasury bills for the preceding period of December 1 through November 30 compounded annually. Upon retirement from the Board of Directors, any director who is not an employee of the Company and who has completed five years of service as a non-employee director receives an annual retirement benefit equal to the sum of 50% of the director's annual retainer on the retirement date, plus 10% of such retainer multiplied by the number of the director's full years of service in excess of five but not in excess of ten years. Such retirement benefit is unfunded and is paid annually out of the Company's general assets until the total number of annual payments equals the number of the director's years of service. If the director dies before receiving all the retirement benefits he would have been entitled to receive had he lived, a lump sum death benefit equal to the present value of such annual retirement benefits remaining unpaid is payable to his beneficiary.

Directors who are employees of the Company do not receive any additional compensation by reason of their membership on, or attendance at meetings of, the Board or Committees thereof.

(2) The value of the restricted stock awards was determined by multiplying the closing price of the Company's Common Stock on the date of grant by the number of shares awarded. The restricted stock awards were granted on January 24, 1994 for fiscal year 1993 and January 28, 1992 for fiscal year 1991. As of December 31, 1993, the number of shares and the value of aggregate restricted stockholdings were as follows: 4,670 shares (\$223,284) by Mr. Cartledge; 2,434 shares (\$116,376) by Mr. Ballengee; 3,241 shares (\$154,960) by Mr. McClelland; no shares by Mr. Munford; 2,364 shares (\$113,029) by Mr. Reed; and 2,210 shares (\$105,666) by Mr. Trice. On January 24, 1994 restricted stock awards were made with respect to services rendered during 1993. As of January 24, 1994, the number of shares and the value of aggregate restricted stockholdings were as follows: 6,079 shares (\$297,491) by Mr. Cartledge; 3,169 shares (\$155,083) by Mr. Ballengee; 4,223 shares (\$206,663) by Mr. McClelland; no shares by Mr. Munford; 3,096 shares (\$115,511) by Mr. Reed; and 2,870 shares (\$140,451) by Mr. Trice. Each award becomes free of restrictions in equal installments over 5 years except that the 1994 restrictions were amended to lapse on December 21, 1993. The number of shares awarded was as follows: 2,352 for 1991 and 1,409 for 1993 to Mr. Cartledge; 1,226 for 1991 and 735 for 1993 to Mr. Ballengee; 1,639 for 1991 and 982 for 1993 to Mr. McClelland; 1,292 for 1991 and 0 in 1993 to Mr. Munford; 1,222 for 1991 and 732 for 1993 to Mr. Reed; and 1,103 for 1991 and 660 for 1993 to Mr. Trice. Common Stock dividends are payable on restricted stock.

(3) The compensation reported represents (a) Company contributions under the Salaried Employees Savings and Investment Plan and related supplemental plan; (b) amounts imputed or credited to the named executive officer for premiums paid for group life insurance; and (c) in the case of Mr. Munford, who retired during 1993, a \$134,920 payment for working beyond his normal retirement date at the Company's request. The Company contributions during 1993 pursuant to the Salaried Employees Savings and Investment Plan were as follows: \$18,300 to Mr. Cartledge; \$6,360 to Mr. Ballengee; \$12,750 to Mr. McClelland; \$6,700 to Mr. Munford; \$9,510 to Mr. Reed; and \$8,580 to Mr. Trice. The amounts imputed or credited for life insurance premiums were as follows: \$22,002 to Mr. Cartledge; \$7,449 to Mr. Ballengee; \$10,230 to Mr. McClelland; \$9,122 to Mr. Munford; \$9,555 to Mr. Reed; and \$4,838 to Mr. Trice.

- (1) An identical number of stock appreciation rights ('SARs') was granted in tandem with these options on November 30, 1993. The options (and related SARs) become exercisable two years from the date of grant, i.e., on November 30, 1995. The SARs include limited rights which permit the settlement of the SARs in cash, without regard to the date on which the option otherwise would be exercisable, upon the occurrence of certain change of control events.
- (2) The exercise price is the fair market value of the underlying stock on the date of the option grant.
- (3) The dollar amounts under these columns are the result of calculations at 0% and at the 5% and 10% rates set by the SEC and are not intended to forecast possible future appreciation, if any, of Union Camp's Common Stock.
- (4) Union Camp Common Stock would be trading at \$75.03 per share for these values to be realizable, an increase in stock price which would benefit all stockholders commensurately.
- (5) Union Camp Common Stock would be trading at \$119.47 per share for these values to be realizable, an increase in stock price which would benefit all stockholders commensurately.
- (6) As of November 30, 1993, there were 69,820,849 shares of the Company's Common Stock outstanding. The calculations shown herein are based on the assumed rates of price appreciation, compounded annually, from the stock's fair market value of \$46.0625 on November 30, 1993 when the above options were granted.

REPORT OF THE PERSONNEL,  
COMPENSATION AND NOMINATING COMMITTEE  
ON EXECUTIVE COMPENSATION

THE COMMITTEE'S FUNCTION

The Personnel, Compensation and Nominating Committee (the 'Committee') is

composed entirely of independent, non-employee directors. The Committee reviews and approves each element of the Company's executive compensation program and assesses the effectiveness of the program as a whole. The Committee approves the salaries of the Company's Chief Executive Officer (the 'CEO') and its other executive officers, makes awards under the Executive Annual Incentive Plan and the Policy Group Long-Term Incentive Plan and grants stock options under the 1989 Stock Option and Stock Award Plan.

#### OBJECTIVES OF THE EXECUTIVE COMPENSATION PROGRAM

The executive compensation program is designed to: (a) attract, retain and motivate talented executives to work on behalf of shareholders, the Company's employees, customers and the communities within which the Company operates; (b) provide compensation at levels that are competitive with those provided in the various markets where Union Camp competes for executive resources; (c) place a significant portion of executive pay at risk; and (d) recognize and reward exceptional individual accomplishments. The Company's CEO participates in the same programs and receives compensation based on the same factors as the other executive officers.

The Committee considered the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code which was enacted in 1993. Under this provision, beginning in 1994 a publicly held corporation would not be permitted to deduct compensation in excess of one million dollars per year paid to the CEO and the other executive officers named in the proxy statement except to the extent the compensation was paid under compensation plans meeting tax code requirements to be considered performance-based. The Committee noted that Union Camp does not currently face the loss of the deduction for compensation paid to its CEO and other named executive officers and that regulations on this new law are not yet available. However, the Committee determined that, in reviewing the design of and administering the executive compensation program, the Committee will

12

continue in the future to preserve the Company's tax deductions for executive compensation unless this goal conflicts with the primary objectives of the Company's compensation program.

The Committee also seeks an appropriate balance among program objectives. Particular attention is paid to the two key objectives discussed below.

#### PROVIDING COMPETITIVE LEVELS OF COMPENSATION

The Committee intends to provide the Company's CEO and its executives with total compensation that, at targeted levels of performance, according to an independent consultant, is competitive with the average total compensation earned by executives who hold comparable positions or have similar qualifications in the paper and forest products industry and within general industry for companies of comparable size. The Company has historically used this comparable group which differs from and is larger than the peer group used in the Stock Performance Graph on page 15 because the Company feels the larger group better represents the market within which it competes for executive talent. To determine average competitive levels of base salary and target incentive compensation, the Committee regularly reviews information drawn from various sources, including proxy statements, industry surveys and independent compensation consultants. The Committee examines specific salary and target incentive recommendations for Union Camp's CEO and other officers, considering each position's relative content, accountability, scope of responsibility as well as the individual's performance and experience. While the targeted value of an executive's total compensation is set annually at average competitive levels, a large portion of a senior executive's compensation is at risk and will exceed or fall below the targeted levels depending on actual performance measured against predetermined objectives.

#### ENSURING THAT INCENTIVE COMPENSATION VARIES WITH PERFORMANCE

Union Camp's annual incentive plan is designed to ensure that incentive compensation is predictable with the financial and strategic performance of the Company and/or its business units as measured against predetermined objectives which are approved annually by the Committee. Awards paid under the Policy Group Long-Term Incentive Plan takes into account the Company's long-term financial performance.

Because the Company's incentive plans serve different purposes, they use different performance measures and periods. Accordingly, an executive's total compensation may not vary based on any single measure of corporate or business unit performance over a particular period of time.

The Company's executive compensation program for its CEO and the other four most highly compensated executive officers shown in the Summary Compensation Table (the 'named executive officers') has four principal elements: base salary, the Executive Annual Incentive Plan, the Policy Group Long-Term Incentive Plan and the Stock Option Plan. Following is an overview of each program element and what actions the Committee took in 1993.

#### BASE SALARY

Base salaries are intended to be externally competitive and internally equitable and reflect an individual's sustained performance. Base salary levels are adjusted periodically based on an individual's performance and the external market. Base salaries are annually targeted at average base salary levels for similar positions in the paper and forest products industry and in general industry for companies of comparable size. Base salaries may be less than or exceed the targeted averages if warranted by sustained performance.

1993 Action: Reflecting the difficult economic climate affecting Union Camp's 1991, 1992 and 1993 operating results, the CEO's and the other named executive officers' base salaries shown in the Summary Compensation Table were not adjusted for fiscal years 1991, 1992 and 1993 under the Company's annual merit review program, despite surveys showing executive salaries increasing in the paper and forest products industry and general industry because management and the Committee felt

13

this was appropriate in light of the Company's performance. As a result, the base salaries reported for the CEO and the named executive officers for 1993 are below the 1993 targeted average base salary levels for similar positions in the above-referenced comparable group.

#### THE EXECUTIVE ANNUAL INCENTIVE PLAN

The amount of the incentive targeted for the CEO and the named executive officers under the Executive Annual Incentive Plan is the average competitive annual incentive recommended by an independent consultant based on the average annual incentive compensation paid to comparable positions by the comparable group referred to under the caption 'Providing competitive levels of compensation'. The incentive targeted is based on (i) the Company and/or key business units achieving their annual financial plans and (ii) the CEO and the named executive officers, as a group, achieving predetermined operating or strategic goals that are established as part of the Company's annual planning and budgetary process. At the beginning of each year the Committee reviews the operating or strategic goals established for the CEO and the named executive officers and the financial performance measures for the Company and its key business units. The plan focuses on both the attainment of the financial performance measures of the Company and its key business units and the achievement by the CEO and the named executive officers, as a group, of their predetermined operating or strategic goals. The Committee has the discretion to pay awards in cash or up to 50% in the Company's Common Stock.

Executives' awards are tied to the financial performance measures most appropriate to their responsibilities. To reinforce the need for teamwork and focus attention on overall corporate objectives, each participant has a portion of his award tied to the financial performance measures for the Company as a whole, defined by earnings per share. While the portion of the award based on financial performance measures for Mr. Cartledge and Mr. McClelland is determined solely by corporate earnings per share results, the other named executive officers have some of their awards based on financial performance measures linked to the performance of the key business units for which they are responsible.

1993 Action: At the beginning of 1993 the Committee determined target incentives for the CEO and the named executive officers. Since the Company's 1993 earnings per share results did not meet the corporate financial performance measures established, the portion of the targeted incentive based on corporate financial performance measures was reduced by 67%. The earnings results of the key business units varied significantly against the financial performance measures established. The named executive officers responsible for these key business units had their targeted incentives adjusted accordingly. In addition, at the beginning of 1993, the Committee established a number of specific operating and strategic goals which were weighted and which the CEO and the named executive officers had to accomplish as a team in order to receive the targeted awards after those target awards were adjusted for actual earnings results. The Committee regards the specific operating and strategic goals as competitively sensitive information. Since the CEO and named executive officers as a team did not meet all of these goals the Committee approved a further reduction of their incentives. Therefore, the annual bonus payment shown in the Summary Compensation Table for Mr. Cartledge and Mr. McClelland represents 31% of their target incentives for 1993. The annual bonus payment shown for the

other named executive officers are different, reflecting the adjustments made on account of the earnings results of the key business units for which they are responsible.

#### THE POLICY GROUP LONG-TERM INCENTIVE PLAN

Under the Policy Group Long-Term Incentive Plan, long term incentives are earned by the CEO and other members of the Company's Policy Committee (currently seven executive officers) when the Company attains specific earnings and return on capital goals that are equally weighted and are determined, respectively, by an earnings forecasting formula and a return on capital ranking that must exceed the median of a competitor group of 14 major paper and packaging companies. The competitor group differs and is larger than the peer group used in the Stock Performance Graph which, at selection, consisted of the companies in the Dow Jones Paper Group Index because the Company has historically compared its financial performance against the competitor group. Since 1990, awards earned

14

under this plan are made in restricted shares of Common Stock that vest at a rate of 20% per year over 5 years. The objective of this plan is to focus senior management's attention on two critical factors affecting the Company's long term performance (earnings per share and return on capital) and reward them for making successful long term decisions. The value of these awards may vary considerably based on Union Camp's stock price performance.

1993 Action: The Company's return on capital ranking among the group of 14 paper and packaging competitors equaled the median. Therefore, no award was granted to the CEO or other Policy Group members under this provision of the Long-Term Incentive Plan. The Company's earnings per share for 1993 did not meet the Plan's forecasted target but exceed its threshold resulting in the CEO and the named executive officers each receiving an award equal to 10.5% of the amount of his annual base salary as in effect at the end of January 1994 when the awards were granted. These awards were granted in restricted stock which will vest 20% a year over the next five years.

#### THE 1989 STOCK OPTION AND STOCK AWARD PLAN

Stock options are the final element of the Company's compensation for its CEO and executive officers. Stock options are normally granted annually. The primary objective of issuing stock options is to encourage the CEO and the officers of the Company to maintain an equity interest in the Company and provide financial rewards linked to the future performance of the Company's Common Stock.

1993 Action: The starting point for the determination of stock option awards for each of the CEO and the named executive officers is the average competitive total compensation for comparable positions recommended by the independent compensation consultant (as discussed under the caption 'Providing competitive levels of compensation' on page 12). The Committee approved 1993 stock option grants that were determined by offsetting the average competitive total compensation reported by the consultant by the CEO's and named executive officers' base salaries, and their Annual Incentive Plan and Long-Term Incentive Plan target awards. For this calculation, the expected present value of the stock option grants was determined by the independent consultant using a version of the Black-Scholes formula. The Committee expects to use the same methodology each year and does not consider the amount of stock options previously awarded because it considers stock options to be primarily compensatory. The stock options granted to the CEO and the other named executives during 1993 are shown in the Option Grants table.

#### SUMMARY

The Company's emphasis on variable pay and the compensation programs' direct link to both short and long-term financial performance, as well as stock performance, tie executive pay to critical measures of corporate performance.

#### STOCK PERFORMANCE GRAPH

The graph below compares the cumulative total shareholder return of Union Camp Common Stock, the S&P 500 Composite -- 500 Stock Index and an index of a peer group of paper companies, for the period of five years beginning December 30, 1988 and ending December 31, 1993 (assuming that the value of the investment in Union Camp Common Stock and each index was \$100 on December 30, 1988 and that

all dividends were reinvested). The peer group index is comprised of 9 medium to large sized companies whose primary business is the manufacture and sale of paper products. Peer group returns are weighted each year based on each company's market capitalization at the beginning of the year. The peer group comprises the common stocks of: Boise Cascade, Bowater, Champion International, Consolidated Papers, Federal Paper Board, P.H. Glatfelter, International Paper, Mead, and Westvaco.

RETIREMENT PLANS

The Retirement Plan for Salaried Employees is a defined benefit plan and is funded solely by Company contributions. The calculation of benefits under the Retirement Plan is based upon average earnings, which include salary, overtime and vacation payments, bonuses and incentive compensation received during the highest 60 consecutive months of the 120 months preceding retirement ('Final Average Earnings'). The amount of the retirement benefit provided to a participating employee under the Retirement Plan equals the product of the sum of 1.05% of the participating employee's Final Average Earnings plus .45% of those Final Average Earnings in excess of the average applicable Social Security wage base at the date of retirement, multiplied by the number of years of credited service of the employee with the Company or one of its participating subsidiaries. Benefits under the Retirement Plan are not subject to any deduction for Social Security benefits or other offset amounts. To the extent that retirement benefits payable exceed limitations imposed by the Internal Revenue Code of 1986, as amended (the 'Code'), with respect to payments from tax qualified trusts, such excess amounts will not be paid from a qualified trust fund but will be paid by the Company on an unfunded basis out of its general assets.

The Company has adopted a Supplemental Retirement Income Plan for Executive Officers (the 'Plan') under which the Personnel, Compensation and Nominating Committee of the Board of Directors (the 'Committee') may from time to time designate certain executive officers as covered participants if such officers are (i) members of the Company's policy committee and/or (ii) hired at mid-career and responsible for a significant segment of the Company's business. The Plan currently covers seven policy committee members. The Plan provides for a minimum pension upon retirement at age 65 (or earlier with approval of the Committee) following at least 10 years of service of 40% of the participant's average annual earnings, which include salary, vacation payments and annual target bonus, during the highest 60 consecutive months of the 120 months preceding retirement ('Average Pension Compensation') which increases by 1 1/2% for each year of additional service up to a maximum of 55%

of Average Pension Compensation after 20 years of service. Payments under the Plan will be reduced by (i) pensions under the Retirement Plan for Salaried Employees and the related Supplemental Retirement Plan, (ii) any other pensions which may be payable by other employers and (iii) one-half of the amount of primary Social Security benefits. If an officer engages in certain competitive activity after retirement, benefits under the Plan will terminate. The Plan provides that Mr. McClelland shall receive a minimum annual pension equal to the higher of the Plan's benefit or the sum of \$22,400 plus any pension payable under the Retirement Plan for Salaried Employees and the related Supplemental Retirement Plan.

The following table shows the approximate annual pensions payable under all the plans described to the executive officers named in the Summary Compensation Table assuming retirement at age 65, whose Average Pension Compensation and years of service at retirement would be in the classifications indicated. The amounts shown have not been reduced by any pension payable by another employer or Social Security benefits which are offsets to the pensions payable under the Supplemental Retirement Income Plan for Executive Officers.

</TABLE>

The calculation of the amounts shown assumes that the employee remains in the service of the Company or one of its participating subsidiaries until age 65, that the retirement program is continued in its present form and that the individual receives the benefits in the form of a single life annuity. As of December 31, 1993, Messrs. Ballengee, Cartledge, McClelland, Reed and Trice were credited with 12, 28, 5, 24 and 30 years of service, respectively, under the Retirement Plan, including credit for prior service with a subsidiary of the Company in the case of Mr. Reed. Upon his retirement on September 1, 1993, Mr. Munford was credited with 42 years of service under the retirement plans. The payment in 1993 to Mr. Munford for working beyond his normal retirement date at the Company's request was not included in Final Average Earnings or Average Pension Compensation. The current compensation covered by the Plan is \$1,012,000 for Mr. Cartledge; \$458,000 for Mr. Ballengee; \$655,000 for Mr. McClelland; \$457,000 for Mr. Reed; and \$410,000 for Mr. Trice.

#### SEVERANCE ARRANGEMENTS

The individuals named in the Summary Compensation Table and two other executive officers have executed individual severance agreements with the Company. Each agreement provides that if, during the two-year period following a 'change in control of the Company,' the Company terminates the executive's employment without 'cause' (other than for 'disability') or the executive terminates his employment for 'good reason' (as such terms are defined in the severance agreements), the executive will receive from the Company as a severance benefit a lump sum payment equal to two times the sum of such executive's annual salary and two times the amount of his normal bonus opportunity (as such term is defined in the severance agreements). An executive officer would also be entitled to continue to receive certain welfare insurance benefits for two years. The Company will also make an additional payment to the executive to ensure that the components of the severance benefit described above that are multiples of salary and bonus will not be subject to net reduction due to the imposition of excise taxes under section 4999 of the Code. The individual severance agreements provide for the distribution to the executives of their benefits under the Company's Supplemental Retirement Plan promptly following a 'change in control of the Company.' If a lump sum severance benefit becomes payable, each executive officer party to such an individual severance agreement shall receive an additional

17

pension equal to the difference between (1) the pension he would have received under the Company's Retirement Plan for Salaried Employees (including any retirement benefits in excess of limitations imposed by the Code paid on an unfunded basis from the Company's general assets) if he were credited with two additional years of service under the Retirement Plan at an annual compensation in each such year equal to his annual salary and his normal annual bonus opportunity (as such terms are defined in the severance agreement), and (2) the pension actually payable to him under the Retirement Plan.

#### PROPOSAL 2 -- RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

Price Waterhouse has been recommended by the Audit Committee and appointed by the Board of Directors, subject to ratification by the stockholders, to make an examination of the consolidated balance sheet of the Company and its consolidated subsidiaries as of December 31, 1994 and the related consolidated statements of income and cash flows for the year 1994, and for such other purposes incidental thereto as may be required. Price Waterhouse has been the Company's independent accountants since 1977.

The Company expects that a representative of Price Waterhouse will be present at the meeting and will be available to respond to appropriate questions from stockholders. The representative of Price Waterhouse will have an opportunity to make a statement at the meeting if he so desires.

SECTION 16(a) REPORTING

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission. All Section 16(a) filing requirements applicable to the Company's directors and executive officers with respect to transactions during fiscal 1993 were complied with except that one purchase transaction by Gary E. MacDougal, a director, was reported on a Form 4 which was filed four days late.

OTHER MATTERS

The Board of Directors has at this time no knowledge of any matters to be brought before the meeting other than those referred to above. The Company's bylaws provide that stockholders who wish to propose the transaction of any business at the annual meeting must give the Company's Secretary written notice of such intent containing the information required by the bylaws at least sixty (60) days in advance of the day established by the bylaws as the date of the annual meeting (the last Tuesday in April). However, if any other matters properly come before the meeting, it is the intention of the persons named in the accompanying form of proxy to vote said proxy in accordance with their judgment on such matters.

STOCKHOLDER PROPOSALS

Any proposal of a stockholder for presentation at the 1995 Annual Meeting of the Stockholders of the Company must be received by the Company not later than November 18, 1994 for inclusion in the Company's 1995 Proxy Statement and Proxy.

EXPENSES

All expenses in connection with solicitation of proxies will be borne by the Company. In addition to the solicitation of proxies by use of the mails, certain directors, officers and regular employees of the Company may solicit the return of proxies in person and by telephone and other means of telecommunication. The Company has retained D.F. King & Co., Inc., 77 Water Street, New York, N.Y. 10005, to assist in the solicitation of proxies for which the Company will pay a fee of \$10,500 and will reimburse brokers and other nominees for their expenses in forwarding soliciting material to beneficial owners of the stock held of record by such persons.

A REMINDER!

Dear Shareholder:

You have previously received proxy materials in connection with the upcoming Annual Meeting of Union Camp Corporation to be held on April 26, 1994.

According to our latest records, your proxy for this meeting has not been received. Regardless of the number of shares you own, it is important they be represented at this meeting.

Since the time remaining is short, we strongly urge you to sign, date and mail the enclosed proxy card promptly in the envelope provided. If you have already mailed your proxy, please disregard this request and accept our thanks.

Sincerely,

Dirk R. Soutendijk

RE: FILE NO. 1-4001  
-----

Gentlemen:

Transmitted herewith, for filing pursuant to Rule 14a-6, is proxy material consisting of Notice of Meeting and Proxy Statement and Proxy (the 'Definitive Soliciting Material'), which we intend to mail on or about March 18, 1994 to our stockholders in connection with the solicitation for the Annual Stockholders' Meeting to be held on April 26, 1994. Please be advised that Union Camp submitted its executive compensation disclosure contained in the enclosed proxy statement to the SEC pursuant to the voluntary program announced in Release No. 34-33229. This material was reviewed by Linda B. Matarese, Esq. who cleared it on March 15, 1994.

The record date for the annual meeting is March 4, 1994. Union Camp paid the filing fee of \$125.00 to the Securities and Exchange Commission at its lockbox at Post Office Box 360055M, Pittsburgh, PA 15252.

In addition, transmitted herewith are the following definitive letters:

(1) A letter to all participants in the Union Camp Corporation: Salaried Employees' Savings and Investment Plan, Employees' Investment Plan, Employees' Savings and Investment Plan, Franklin Employee Investment Plan, Prattville Employee Investment Plan and Savannah Employee Investment Plan which we intend to mail to the plan participants on or about March 18, 1994; and

(2) A letter for a second mailing of the proxy which we intend to mail to stockholders on or about April 11, 1994.

Very truly yours,

MARY BETH ELLIOTT
