OPPENHEIMER GLOBAL FUND
Supplement dated July 14, 1995 to the
Prospectus dated February 1, 1995

The following changes are made to the Prospectus:

1. Footnote 1 under the "Shareholder Transaction Expenses" chart in "Expenses" on page 2 is changed to read as follows:

1. If you invest \$1 million or more (\$500,000 or more for purchases by OppenheimerFunds prototype 401(k) plans) in Class A shares, you may have to pay a sales charge of up to 1% if you sell your shares within 18 calendar months from the end of the calendar month in which you purchased those shares. See "How to Buy Shares -- Class A Shares," below.

2. In "How to Buy Shares," the section entitled "Class A Shares" under "Classes of Shares" on page 14 is changed to read as follows:

If you buy Class A shares, you may pay an initial sales charge on investments up to \$1 million (up to \$500,000 for purchases by OppenheimerFunds prototype 401(k) plans). If you purchase Class A shares as part of an investment of at least \$1 million (\$500,000 for OppenheimerFunds prototype 401(k) plans) in shares of one or more OppenheimerFunds, you will not pay an initial sales charge, but if you sell any of those shares within 18 months of buying them, you may pay a contingent deferred sales charge. The amount of that sales charge will vary depending on the amount you invested. Sales charge rates are described in "Class A Shares" below.

3. In "How to Buy Shares," the section entitled "Which Class of Shares Should You Choose?" on page 14 is changed by adding a new final sentence to the second paragraph of that section as follows:

The discussion below of the factors to consider in purchasing a particular class of shares assumes that you will purchase only one class of shares and not a combination of shares of different classes.

4. In "How to Buy Shares," the first paragraph of the section "Class A Contingent Deferred Sales Charge" on page 17 is amended in its entirety to read as follows:

There is no initial sales charge on purchases of Class A shares of any one or more of the OppenheimerFunds in the following cases:

- purchases aggregating \$1 million or more, or
- purchases by an OppenheimerFunds prototype 401(k)

plan that: (1) buys shares costing \$500,000 or more or (2) has, at the time of purchase, 100 or more eligible participants, or (3) certifies that it projects to have annual plan purchases of \$200,000 or more.

Shares of any of the OppenheimerFunds that offers only one class of shares that has no designation are considered "Class A shares" for this purpose. The Distributor pays dealers of record commissions on those purchases in an amount equal to the sum of 1.0% of the first \$2.5 million, plus 0.50% of the next \$2.5 million, plus 0.25% of purchases over \$5 million. That commission will be paid only on the amount of those purchases in excess of \$1 million (\$500,000 for purchases by OppenheimerFunds 401(k) prototype plans) that were not previously subject to a front-end sales charge and dealer commission.

5. In "Reduced Sales Charges for Class A Purchases," on page 17 the first sentence of the section entitled "Right of Accumulation" is changed to read as follows:

To qualify for the lower sales charge rates that apply to larger purchases of Class A shares, you and your spouse can add together Class A and Class B shares you purchase for your individual accounts, or jointly, or for trust or custodial accounts on behalf of your children who are minors.

The first two sentences of the second paragraph of that section are revised to read as follows:

Additionally, you can add together current purchases of Class A and Class B shares of the Fund and other OppenheimerFunds to reduce the sales charge rate that applies to current purchases of Class A shares. You can also count Class A and Class B shares of OppenheimerFunds you previously purchased subject to an initial or contingent deferred sales charge to reduce the sales charge rate for current purchases of Class A shares, provided that you still hold that investment in one of the OppenheimerFunds.

6. The first sentence of the section entitled "Letter of Intent" is revised to read as follows:

Under a Letter of Intent, if you purchase Class A shares or Class A shares and Class B shares of the Fund and other OppenheimerFunds during a 13-month period, you can reduce the sales charge rate that applies to your purchases of Class A shares. The total amount of your intended purchases of both Class A and Class B shares will determine the reduced sales

charge rate for the Class A shares purchased during that period.

7. In the section entitled "Waivers of Class A Sales Charges," the second paragraph is amended by adding a new subsection (d) as follows:

(d) shares purchased and paid for with the proceeds of shares redeemed in the prior 12 months from a mutual fund (other than a fund managed by the Manager or any of its subsidiaries) on which an initial sales charge or contingent deferred sales charge was paid (this waiver also applies to shares purchased by exchange of shares of Oppenheimer Money Market Fund, Inc. that were purchased and paid for in this manner); this waiver must be requested when the purchase order is placed for your shares of the Fund, and the Distributor may require evidence of your qualification for this waiver.

The third paragraph of that section is revised to add a new subsection (6) as follows:

(6) For distributions from OppenheimerFunds prototype 401(k) plans for any of the following cases or purposes: (1) following the death or disability (as defined in the Internal Revenue Code) of the participant or beneficiary (the death or disability must occur after the participant's account was established); (2) hardship withdrawals, as defined in the plan; (3) under a Qualified Domestic Relations Order, as defined in the Internal Revenue Code; (4) to meet the minimum distribution requirements of the Internal Revenue Code; (5) to establish "substantially equal periodic payments" as described in Section 72(t) of the Internal Revenue Code, or (6) separation from service.

8. The first paragraph of the section entitled "Waivers of Class B Sales Charge" on page 19 is amended by adding a new subsection (5) as follows:

(5) for distributions from OppenheimerFunds prototype 401(k) plans (a) for hardship withdrawals; (b) under a Qualified Domestic Relations Order, as defined in the Internal Revenue Code; (c) to meet minimum distribution requirements as defined in the Internal Revenue Code; (d) to make "substantially equal periodic payments" as described in Section 72(t) of the Internal Revenue Code; or (e) for separation from service.

OPPENHEIMER GLOBAL FUND
Supplement dated July 14, 1995 to the
Statement of Additional Information
Dated February 1, 1995

The Statement of Additional Information is amended as follows:

1. In the section entitled "Letters of Intent" on pages 32 and 33, the first three sentences of the first paragraph in that section are replaced by the following:

A Letter of Intent (referred to as a "Letter") is an investor's statement in writing to the Distributor of the intention to purchase Class A shares or Class A and Class B shares of the Fund (and other OppenheimerFunds) during a 13-month period (the "Letter of Intent period"), which may, at the investor's request, include purchases made up to 90 days prior to the date of the Letter. The Letter states the investor's intention to make the aggregate amount of purchases of shares which, when added to the investor's holdings of shares of those funds, will equal or exceed the amount specified in the Letter. Purchases made by reinvestment of dividends or distributions of capital gains and purchases made at net asset value without sales charge do not count toward satisfying the amount of the Letter. A Letter enables an investor to count the Class A and Class B shares purchased under the Letter to obtain the reduced sales charge rate on purchases of Class A shares of the Fund (and other OppenheimerFunds) that applies under the Right of Accumulation to current purchases of Class A shares.

2. In the section entitled "Letters of Intent" on page 33, a new third paragraph is added as follows:

For purchases of shares of the Fund and other OppenheimerFunds by OppenheimerFunds prototype 401(k) plans under a Letter of Intent, the Transfer Agent will not hold shares in escrow. If the intended purchase amount under the Letter entered into by an OppenheimerFunds prototype 401(k) plan is not purchased by the plan by the end of the Letter of Intent period, there will be no adjustment of commissions paid to the broker-dealer or financial institution of record for accounts held in the name of that plan.

3. In the section entitled "Terms of Escrow That Apply to Letters of Intent" on pages 33 and 34, item 5 of that section is replaced by the following:

5. The shares eligible for purchase under the Letter (or the holding of which may be counted toward completion of a Letter) include (a) Class A shares sold with a front-end sales charge or subject to a Class A contingent deferred sales charge, (b) Class B shares acquired subject to a contingent deferred sales charge, and (c) Class A or B shares acquired in exchange for either (i) Class A shares of one of the other OppenheimerFunds that were acquired subject to a Class A initial or contingent

deferred sales charge or (ii) Class B shares of one of the other OppenheimerFunds that were acquired subject to a contingent deferred sales charge.

4. In the section entitled "Distributions from Retirement Plans" on page 36, the phrase "401(k) plans" is added after "403(b) (7) custodial plans" in the first sentence, and the third sentence of that section is revised to read as follows:

Participants (other than self-employed persons maintaining a plan account in their own name) in OppenheimerFunds-sponsored prototype pension, profit-sharing or 401(k) plans may not directly redeem or exchange shares held for their account under those plans.

5. In the section entitled "Special Arrangements for Repurchase of Shares from Dealers and Brokers" on pages 36 and 37, the last sentence of that section is revised to read as follows:

Ordinarily, for accounts redeemed by a broker-dealer under this procedure, payment will be made within three business days after the shares have been redeemed upon the Distributor's receipt of the required redemption documents in proper form, with the signature(s) of the registered owners guaranteed on the redemption document as described in the Prospectus.

6. In the section entitled "How To Exchange Shares" on page 39, the second full paragraph is changed by adding new third and fourth sentences as follows:

However, shares of Oppenheimer Money Market Fund, Inc. purchased with the redemption proceeds of shares of other mutual funds (other than funds managed by the Manager or its subsidiaries) redeemed within the 12 months prior to that purchase may subsequently be exchanged for shares of other OppenheimerFunds without being subject to an initial or contingent deferred sales charge, whichever is applicable. To qualify for that privilege, the investor or the investor's dealer must notify the Distributor of eligibility for this privilege at the time the shares of Oppenheimer Money Market Fund, Inc. are purchased, and, if requested, must supply proof of entitlement to this privilege.
