Description

DEBT CONSOLIDATION LOAN

Purpose of loan:

This loan will be used to pay off higher interest rate credit cards and consolidate my debt into a manageable monthly payment.

My financial situation:

I am a good candidate for this loan because I have a strong credit history and payment profile. I have a solid job with the federal government and make good money. I am trying to get through some tough times from being laid off in the private sector late last year. Now since I am with the federal government my employment status is solid and I do not foresee

any issues in the future (short or long term). I am just looking for get my head back above water and be able to move forward. Some of my credit accounts have introductory rates that are expiring within the next 6-7 months. Attempting to pay them off prior to recurring the deferred interest is difficult on the monthly cash flow. We had a solid payment plan in place to manage the payments and pay them all off within the introductory period however losing my job last year made it difficult to keep up with the plan we had in place and we had to reduce the monthly payments to stay afloat. Now it is just difficult and I am trying to obtain more manageable monthly payments in order to improve our monthly cash flows.

Description

CAR EXPENSES/ HOUSE UPDATE EXPENSE

Purpose of loan:

This loan will be used to...fix up some work on a 2002 Acura 3.2TL which is paid off, and do some needed work (front steps) and fixes to our garage.

My financial situation:

I am a good candidate for this loan because I will make the payments, and most repay early. The reason you see past delinquencies is from a personal Chpt 13 I had to file in 2007 stemming from a divorce and family medical bills. I have since been discharged and made restitution to those companies. My airline filed bankruptcy over a year ago and will be exiting shortly, the pilots were given equity in the company which we will see monetized later this year, allowing me to pay back early.
