SUMMARY

References in this prospectus supplement and the accompanying prospectus to “Omnicare,” the “Company,” “we,” “us” or “our” are to Omnicare, Inc. unless otherwise indicated or the context otherwise requires. This section contains basic information about us and this offering. Because it is a summary, it does not contain all of the information that you should consider before investing. You should carefully read this entire prospectus supplement, the accompanying prospectus and the other documents we refer to or incorporate by reference, including the “Risk Factors” in this prospectus supplement and the accompanying prospectus, before making an investment decision.

Our Company

Omnicare is a leading geriatric pharmaceutical services company. We are the nation’s largest provider of pharmaceuticals and related pharmacy services to long-term healthcare institutions. Our clients include primarily skilled nursing facilities, assisted living facilities, retirement centers, independent living communities, hospitals, hospice and other healthcare settings. We provide our pharmacy services to long-term care facilities and other chronic care settings comprising approximately 1,441,000 beds in 47 states, the District of Columbia and in Canada. We purchase, repackage and dispense pharmaceuticals, both prescription and non-prescription, and provide computerized medical record keeping and third-party billing for residents in those facilities. We also provide consultant pharmacist services, including evaluating monthly patient drug therapy, monitoring the drug distribution system within the nursing facility, assisting in compliance with state and federal regulations and providing proprietary clinical and health management programs. In addition, we provide ancillary services, such as administering medications and nutrition intravenously (infusion therapy services) and furnishing respiratory therapy services, medical supplies and equipment and clinical care planning and financial software information systems to our client facilities. As well, we provide operational software and support systems to long-term care pharmacy providers across the United States. We provide pharmaceutical distribution and patient assistance services for specialty pharmaceuticals. We also provide comprehensive product development and research services for the pharmaceutical, biotechnology, medical device and diagnostic industries in 30 countries as of September 30, 2005.

Our Business

Our primary line of business is the distribution of pharmaceuticals, related pharmacy consulting and other ancillary services, data management services and medical supplies to skilled nursing facilities, assisted living facilities and other providers of healthcare services. We serve this market primarily through our national network of pharmacies, which are dedicated to serving skilled nursing, assisted living and other institutional healthcare facilities and are strategically located throughout the United States. We typically service long-term care facilities within a 150-mile radius of our pharmacy locations and maintain a 24-hour, seven-day per week, on-call pharmacist service for emergency dispensing and delivery and for consultations with the facility’s staff or attending physicians. We utilize a unit-of-use distribution system. This means that our prescriptions are packaged for dispensing in individual doses. This differs from prescriptions filled by retail pharmacies, which typically are dispensed in vials or other bulk packaging requiring measurement of each dose by or for the patient. Our delivery system is intended to improve control over pharmaceutical distribution and patient compliance with drug therapy by increasing the accuracy and timeliness of drug administration. In conjunction with our delivery system, our record keeping/documentation system is designed to result in greater efficiency in nursing time, improved control and reduced waste in client facilities, and lower error rates in both dispensing and administration. We also furnish intravenous administration of medication and nutrition therapy and respiratory therapy services, medical supplies and equipment and clinical care planning and software support systems. We believe we distinguish ourselves from many of our competitors by also providing proprietary clinical programs. For example, we have

developed a ranking of drugs based on their relative clinical effectiveness for the elderly and by cost to the payor. We use these rankings, which we call the *Omnicare Geriatric Pharmaceutical Care Guidelines*®, or *Omnicare Guidelines*, to more effectively manage patient care and costs. In addition, we provide health and outcomes management programs for the large base of elderly residents of the long-term care facilities we serve.

Recent Acquisitions

In July 2005, we acquired NeighborCare, Inc., or NeighborCare, for cash consideration of approximately \$1.6 billion. The cash consideration did not include the repayment of certain NeighborCare debt totaling approximately \$78 million, which we retired immediately following the acquisition, or the assumption of \$250 million in principal amount of NeighborCare's 6.875% senior subordinated notes due 2013, which we repurchased in August 2005. We financed the acquisition and the repayment of debt with available cash and the proceeds of loans under our 364-day loan facility, which had an aggregate outstanding amount of \$1.9 billion as of September 30, 2005. At the time of the acquisition, NeighborCare was a leading institutional pharmacy provider serving long term care and skilled nursing facilities, specialty hospitals, assisted and independent living communities, and other assorted group settings, as well as a provider of infusion therapy services, home medical equipment, respiratory services, community-based retail pharmacies and group purchasing.

On August 12, 2005, we completed the acquisition of excelleRx, Inc., a provider of pharmaceutical products and care services to approximately 400 hospice programs with approximately 48,000 patients in 46 states, for cash consideration at closing of approximately \$269 million.

On August 15, 2005, we completed the acquisition of RxCrossroads, L.L.C., a provider of specialty distribution, product support and mail order pharmacy services for pharmaceutical manufacturers and biotechnology companies, generally for high-cost drugs used in the treatment of chronic disease states, for cash consideration at closing of approximately \$235 million.

Our Concurrent Financing Transactions

Concurrently with this offering of notes, we are offering an aggregate of \$750 million of our % convertible senior debentures due 2035, and an aggregate of 12,825,000 shares of our common stock. Completion of this offering of notes is conditioned on the closing of our convertible debenture and common stock offerings. In addition, we are commencing, concurrently with the commencement of this offering, a tender offer to purchase for cash any and all of the outstanding \$375 million principal amount of our 8.125% senior subordinated notes due 2011. In conjunction with this tender offer, we are also soliciting consents to effect certain proposed amendments to the indenture governing the 8.125% notes. The consummation of the tender offer and consent solicitation is not a condition to the closing of this offering of notes or our concurrent offerings of convertible debentures and common stock. See "Description of Concurrent Financing Transactions" in this prospectus supplement for a description of these transactions.

Our principal executive offices are located at 100 East RiverCenter Boulevard, Covington, Kentucky, 41011, and our telephone number is (859) 392-3300. Our corporate website address is www.omnicare.com. Information contained on our website is not part of this prospectus.

- pay dividends or make other distributions;
- make other restricted payments and investments;
- create liens;
- sell assets;
- merge or consolidate with other entities; and

Summary Historical and Pro Forma Consolidated Financial Information
(in thousands, except ratios and per share data)

The following summary consolidated financial information should be read in conjunction with our historical consolidated financial statements and related notes and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” incorporated by reference into this prospectus supplement.

We derived the income statement data for the years ended December 31, 2002, 2003 and 2004 and the balance sheet data as of December 31, 2003 and 2004 from our audited financial statements, which are incorporated by reference into this prospectus supplement. We derived the income statement data for the nine months ended September 30, 2005 and the balance sheet data as of September 30, 2005 from our unaudited financial statements, which are incorporated by reference into this prospectus supplement. In the opinion of management, the unaudited financial statements from which the information below is derived contain all adjustments, which consist only of normal recurring adjustments, necessary to present fairly our financial position and results of operations as of the applicable dates and for the applicable periods. Historical results are not necessarily indicative of the results to be expected in the future. In addition, interim results may not be indicative of results for the remainder of the year.

The summary unaudited pro forma consolidated financial information set forth below is derived from the unaudited pro forma consolidated financial information included elsewhere in this prospectus supplement. The summary unaudited pro forma consolidated financial information does not necessarily reflect the results of operations or the financial position of the Company that actually would have occurred had the acquisition of NeighborCare, Inc., this offering and the concurrent financing transactions (including the repurchase of our 8.125% notes) been consummated as of the dates or for the periods indicated.

(c) In accordance with the adoption of Emerging Issues Task Force (“EITF”) Issue No. 01-14, “Income Statement Characterization of Reimbursements Received for ‘Out-of-Pocket’ Expenses Incurred” (“EITF No. 01-14”), we have recorded reimbursements received for “out-of-pocket” expenses on a grossed-up basis in the income statement as revenues and direct costs. EITF No. 01-14 relates solely to our contract research services business.

(d) In connection with the adoption of EITF No. 04-8, in the fourth quarter of 2004, we restated the previously reported diluted earnings per share and the diluted weighted average number of common shares outstanding for all periods since the second quarter of 2003, the period that the 4.00% junior subordinated convertible debentures were outstanding. See further discussion in note 1 and note 11 of the notes to our 2004 consolidated financial statements for additional information.

(e) In 2003, we completed a refinancing plan which raised \$1,033.6 million. See note 7 of the notes to our 2004 consolidated financial statements for further information on these transactions.

(f) EBITDA represents earnings before interest (net of investment income), income taxes, depreciation and amortization. We believe that certain investors find EBITDA to be a useful tool for measuring a company’s ability to service its debt, which is also the primary purpose for which management uses this financial measure. However, EBITDA does not represent net cash flows from operating activities, as defined by United States Generally Accepted Accounting Principles (“U.S. GAAP”), and should not be considered as a substitute for operating cash flows as a measure of liquidity. Our calculation of EBITDA may differ from the calculation of EBITDA by others. The following is a reconciliation of the EBITDA calculation to net cash flow from operating activities (in thousands):

- (g) The presentation of movements in cash overdraft balances as net cash flows from financing activities have been reclassified to conform with current year presentation.
- (h) Pro forma cash flow measures are not required under applicable accounting rules. Further, as NeighborCare is included in the consolidated historical balance sheet of the Company at September 30, 2005, pro forma balance sheet information with respect to the NeighborCare acquisition is not applicable.

- (j) Our ratio of earnings to fixed charges has been computed by adding income from continuing operations and fixed charges to derive adjusted income, and dividing adjusted income by fixed charges. Fixed charges consist of interest expense on debt (including the amortization of debt expense) and one-third (the proportion deemed representative of the interest portion) of rent expense.
- (k) Our ratio of earnings to combined fixed charges and preferred stock dividends for all periods presented are the same as our ratios of earnings to fixed charges because we had no shares of preferred stock outstanding during any period presented, and currently have no shares of preferred stock outstanding.
- (l) Our ratio of EBITDA to interest expense has been computed by dividing EBITDA by interest expense. Interest expense represents gross interest expense, rather than interest expense net of investment income.
- (m) Our ratio of total debt to EBITDA for the historical nine months ended September 30, 2005 has been computed using EBITDA for the twelve months ended September 30, 2005, in order to facilitate comparability of this measure. The following is a reconciliation of the twelve months ended September 30, 2005 EBITDA calculation (in thousands):

RISK FACTORS

You should carefully consider the risks described in this prospectus supplement and the accompanying prospectus, in addition to the other information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus, before making an investment decision. These risks are not the only ones facing us. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially and adversely affect our business operations. Any of these risks could materially and adversely affect our business, financial condition or results of operations. In such cases, you may lose all or part of your investment.

Risks Relating to our Business

Federal and state healthcare legislation has significantly impacted our business, and future legislation and regulations are likely to affect us.

In recent years, federal legislation has resulted in major changes in the healthcare system, which significantly affected healthcare providers. The Balanced Budget Act of 1997, or BBA, sought to achieve a balanced federal budget by, among other things, changing the reimbursement policies applicable to various healthcare providers. In a significant change for the skilled nursing facility industry, the BBA provided for the introduction in 1998 of the prospective payment system, or PPS, for Medicare-eligible residents of skilled nursing facilities. Prior to PPS, skilled nursing facilities under Medicare received cost-based reimbursement. Under PPS, Medicare pays skilled nursing facilities a fixed fee per patient per day based upon the acuity level of the resident, covering substantially all items and services furnished during a Medicare-covered stay, including pharmacy services. PPS resulted in a significant reduction of reimbursement to skilled nursing facilities. Admissions of Medicare residents, particularly those requiring complex care, declined in many skilled nursing facilities due to concerns relating to the adequacy of reimbursement under PPS. This caused a weakness in Medicare census leading to a significant reduction of overall occupancy in the skilled nursing facilities we served. This decline in occupancy and acuity levels adversely impacted our results beginning in 1999, as we experienced lower utilization of our services, coupled with PPS-related pricing pressure from our skilled nursing facility customers. The BBA also imposed numerous other cost-saving measures affecting Medicare skilled nursing facility services.

In 1999 and 2000, Congress sought to restore some of the reductions in reimbursement resulting from PPS. We believe this legislation improved the financial condition of skilled nursing facilities and provided incentives to increase occupancy and Medicare admissions, particularly among the more acutely ill. While certain of the payment increases mandated by these laws expired October 1, 2002, one provision gave skilled nursing facilities a temporary rate increase for certain high-acuity patients, including medically-complex patients with generally higher pharmacy costs, beginning April 1, 2000 and ending when the Centers for Medicare & Medicaid Services, or CMS, implements a refined resource utilization group, or RUG, patient classification system that better accounts for medically-complex patients. For several years, CMS did not implement such refinements, thus continuing the additional rate increases for certain high-acuity patients through federal fiscal year 2005. On July 28, 2005, CMS issued, and on August 4, 2005 published in the Federal Register, its final SNF PPS rule for fiscal year 2006. Under the rule, CMS added nine patient classification categories to the PPS patient classification system, thus triggering the expiration of the high-acuity payment add-ons. However, CMS estimates that the rule will have no net financial impact on SNFs in fiscal year 2006 because the \$1.02 billion reduction from the expiration of the add-on payments will be more than offset by a \$510 million increase in the nursing case-mix weight for all of the RUG categories and a \$530 million increase associated with various updates to the payment rates (including updates to the wage and market basket indexes), resulting in a \$20 million overall increase in payments for fiscal year 2006. The new patient classification refinements will be effective on January 1, 2006, and the market basket increase became effective October 1, 2005. While the fiscal year 2006 SNF PPS rates will not decrease payments to skilled nursing facilities, the loss of revenues associated with future changes in skilled nursing facility payment rates could, in the future, have an adverse effect on the financial condition of our skilled nursing facility clients which could, in turn, adversely affect the timing or level of their payments to us.

In December 2003, Congress enacted the Medicare Prescription Drug, Improvement and Modernization Act of 2003, or MMA, which includes a major expansion of the Medicare prescription drug benefit under a new Medicare Part D. Until the Part D benefit goes into effect on January 1, 2006, Medicare beneficiaries can receive assistance with their outpatient prescription drug costs through a new prescription drug discount card program, which began in June 2004, and which gives enrollees access to negotiated discounted prices for prescription drugs.

Under the new prescription drug benefit, Medicare beneficiaries may enroll in prescription drug plans offered by private entities (or in a “fallback” plan offered on behalf of the government through a contractor, to the extent private entities fail to offer a plan in a given area), which will provide coverage of outpatient prescription drugs (collectively, “Part D Plans”). Part D Plans will include both plans providing the drug benefit on a stand alone basis and Medicare Advantage plans providing drug coverage as a supplement to an existing medical benefit under that Medicare Advantage plan, most commonly a health maintenance organization plan. Medicare beneficiaries generally will have to pay a premium to enroll in a Part D Plan, with the premium amount varying from plan to plan, although CMS will provide various federal subsidies to Part D Plans to reduce the cost to beneficiaries. Medicare beneficiaries who are also entitled to benefits under a state Medicaid program (so-called “dual eligibles”) will have their prescription drug costs covered by the new Medicare drug benefit, including the nursing home residents we serve, whose drug costs are currently covered by state Medicaid programs.

CMS will provide premium and cost-sharing subsidies to Part D Plans with respect to dual eligible residents of nursing homes. Therefore, such dual eligibles will not be required to pay a premium for enrollment in a Part D Plan, so long as the premium for the Part D Plan in which they are enrolled is at or below the premium subsidy. Dual eligible residents of nursing homes will be entitled to have their entire prescription drug costs covered by a Part D Plan, provided that the prescription drugs which they are taking are either on the Part D Plan’s formulary, or an exception to the plan’s formulary is granted. CMS has reviewed the formularies of Part D Plans and has indicated that it will require their formularies to include the types of drugs most commonly needed by Medicare beneficiaries. CMS also will ensure that plans’ formulary exceptions criteria provide for coverage of drugs determined by the plan to be medically necessary for the enrollee.

Pursuant to the Part D final rule, we will obtain reimbursement for drugs we provide to enrollees of a given Part D Plan in accordance with the terms of agreements negotiated between us and that Part D Plan. We have negotiated such agreements with many Part D Plan sponsors under which we will provide drugs and associated services to their enrollees. We continue to negotiate agreements with other Part D Plans. Until all such agreements are finalized and Medicare beneficiaries enroll in the plans, including national, regional and local plans, we will not be able to determine the impact of the new Part D drug benefit on our results of operations or financial condition. The MMA will not change the manner in which Medicare pays for drugs for Medicare beneficiaries covered in a Part A stay. We will continue to receive reimbursement for drugs provided to such residents from the skilled nursing facilities, in accordance with the terms of the agreements we have negotiated with each skilled nursing facility.

Our contractual relationships with pharmaceutical manufacturers can include rebates and other forms of price concessions on the products we purchase. On November 28, 2005 CMS posted to the “Questions and Answers” portion of its website a statement to the effect that it has significant concerns about the continued payment of certain rebates by pharmaceutical manufacturers to long-term care pharmacies with respect to prescriptions dispensed under the new Medicare Part D prescription drug benefit, and that it is examining this issue closely. We believe that our contracts with pharmaceutical manufacturers are legally and economically valid arrangements that bring value to the healthcare system and the patients that we serve. However, there can be no assurance that, if these price concessions were no longer provided to us, there would not be a material adverse effect on our business or results of operations.

CMS has issued other subregulatory guidance on many aspects of the final Part D rule, including the provision of pharmaceutical services to long-term care residents, and the agency will continue to issue guidance

[Table of Contents](#)

as the new program is implemented. We are continuing to monitor implementation of the new Part D benefit, and cannot predict the ultimate effect of the final rule or the outcome of other potential developments relating to its implementation on our business or results of operations.

The MMA also reforms the Medicare Part B prescription drug payment methodology. With certain exceptions, in 2004 most Part B drugs were reimbursed at 85 percent of the April 1, 2003 average wholesale price. In 2005, Medicare Part B payment generally equals 106 percent of the lesser of (i) the wholesale acquisition cost of the product, or (ii) the average sales price, or ASP, of the product, with certain exceptions and adjustments. More significant reforms are planned for 2006, when most drugs will be reimbursed under either an ASP methodology or under a “competitive acquisition program.” Our revenues for drugs dispensed under Medicare Part B are not significant in comparison to total revenues. The MMA also includes provisions that will institute administrative reforms designed to improve Medicare program operations. It is uncertain at this time the impact that the MMA’s legislative reforms or future Medicare reform legislation ultimately will have on us.

Discounted average wholesale price, or AWP, plus a dispensing fee is the basis for many state Medicaid programs’ reimbursement of drugs to pharmacy providers for Medicaid beneficiaries generally as well as under certain private reimbursement programs. If government or private health insurance programs discontinue or modify the use of AWP or otherwise implement payment methods that reduce the reimbursement for drugs and biologicals, it could adversely affect our level of reimbursement.

With respect to Medicaid, the BBA repealed the “Boren Amendment” federal payment standard for Medicaid payments to Medicaid nursing facilities, effective October 1, 1997, giving states greater latitude in setting payment rates for such facilities. The law also granted states greater flexibility to establish Medicaid managed care programs without the need to obtain a federal waiver. Although these waiver programs generally exempt institutional care, including nursing facilities and institutional pharmacy services, some states do use managed care principles in their long-term care programs. Moreover, no assurances can be given that additional Medicaid programs ultimately will not change the reimbursement system for long-term care, including pharmacy services, from fee-for-service to managed care negotiated or capitated rates. Our operations have not been adversely affected in states with managed care programs in effect. In addition, some states continue to face budget shortfalls, and most states are taking steps to implement cost controls within their Medicaid programs. Likewise, the federal government may consider changes to Medicaid designed to rein in program spending. A Medicaid Commission has been established to advise the Secretary of HHS on, among other things, ways to achieve \$10 billion in Medicaid savings over five years. In addition, Congress is considering various proposals to reduce Medicaid spending. There can be no assurance that future changes in Medicaid payments to pharmacies, nursing facilities or managed care systems will not have an adverse impact on our business. While we have endeavored to adjust to these pricing pressures to date, these pressures are likely to continue or escalate, particularly if economic recovery does not emerge, and there can be no assurance that such occurrence will not have an adverse impact on our business.

Further, in order to rein in healthcare costs, we anticipate that federal and state governments will continue to review and assess alternate healthcare delivery systems, payment methodologies and operational requirements for healthcare providers, including long-term care facilities and pharmacies. Given the continuous debate regarding the cost of healthcare, managed care and other healthcare issues, we cannot predict with any degree of certainty what additional healthcare initiatives, if any, will be implemented or the effect any future legislation or regulation will have on our business. Longer term, funding for federal and state healthcare programs must consider the aging of the population and the growth in enrollees as eligibility is expanded; the escalation in drug costs owing to higher drug utilization among seniors and the introduction of new, more efficacious but also more expensive medications; the implementation of the Medicare drug benefit for seniors; and the long-term financing of the entire Medicare program. Given competing national priorities, it remains difficult to predict the outcome and impact on us of any changes in healthcare policy relating to the future funding of the Medicare and Medicaid programs. Further, Medicaid and/or Medicare payment rates for pharmaceutical supplies and services may not continue to be based on current methodologies or remain comparable to present levels. Any future healthcare legislation or regulation may adversely affect our business.

Risks Relating to this Offering

We have substantial outstanding debt and we could incur more debt in the future. Any failure to meet our debt obligations would adversely affect our business and financial condition.

At September 30, 2005, on a pro forma basis after giving effect to this offering, the concurrent financing transactions and the use of the net proceeds therefrom, and assuming that 100% of our 8.125% notes are purchased in the related tender offer, our total consolidated long-term debt (including current maturities) would have been approximately \$3.0 billion, accounting for approximately 51.4% of our total capitalization. In addition, we and our subsidiaries may be able to incur substantial additional debt in the future. The indentures governing our outstanding notes and the notes offered hereby contain restrictions on our incurrence of additional debt. These restrictions, however, are subject to a number of qualifications and exceptions, and under certain circumstances, we could incur substantial additional indebtedness in compliance with these restrictions. Moreover, these restrictions do not prevent us from incurring obligations that do not constitute debt under the indentures.

The degree to which we are leveraged could have important consequences to you, including:

a substantial portion of our cash flow from operations will be required to be dedicated to interest and principal payments and may not be available for operations, working capital, capital expenditures, expansion, acquisitions or general corporate or other purposes;

our ability to obtain additional financing in the future may be impaired;

we may be more highly leveraged than our competitors, which may place us at a competitive disadvantage;

our flexibility in planning for, or reacting to, changes in our business and industry may be limited; and

our degree of leverage may make us more vulnerable in the event of a downturn in our business or in our industry or the economy in general.

Our ability to make payments on and to refinance our debt will depend on our ability to generate cash in the future. This, to a certain extent, is subject to general economic, business, financial, competitive, legislative, regulatory and other factors that are beyond our control.

We cannot assure you that our business will generate sufficient cash flow from operations or that future borrowings will be available to us under credit facilities in an amount sufficient to enable us to pay our debt or to fund our other liquidity needs. We may need to refinance all or a portion of our debt on or before maturity. We cannot assure you that we would be able to refinance any of our debt on commercially reasonable terms or at all.

The notes and the subsidiary guarantees are subordinated to senior indebtedness.

The notes are subordinated in right of payment to all of our current and future senior indebtedness, including our obligations under our senior credit facility and the convertible debentures being offered concurrently herewith. The indenture governing the notes will not limit the amount of additional indebtedness, including senior indebtedness, we or our subsidiaries can create, incur, assume or guarantee, if we are in compliance with the covenants contained in the indenture. By reason of the subordination of the notes, in the event of insolvency, bankruptcy, liquidation, reorganization, dissolution or winding up of our business, our assets will be available to pay the amounts due on the notes only after all of our senior indebtedness has been paid in full. In addition, upon default in payment with respect to certain of our senior indebtedness or an event of default with respect to this indebtedness permitting the acceleration thereof, we may be blocked from making payments on the notes pursuant to the indenture.

In addition, we conduct most of our operations through our subsidiaries. The notes will be structurally subordinated to indebtedness of our subsidiaries. Certain of our domestic subsidiaries will guarantee, on a joint

[Table of Contents](#)

and several basis, our obligations under the notes on a senior subordinated basis. However, the guarantees will be subordinated to the senior indebtedness of these subsidiaries, including the guarantors' guarantee of our senior credit facility and Omnicare Purchasing Company, LP's guarantee of the convertible debentures being offered concurrently herewith. In the event of the insolvency, bankruptcy, liquidation, reorganization, dissolution or winding up of the business of any of these subsidiaries, senior creditors of these subsidiaries generally will have the right to be paid in full before any distribution is made in respect of the guarantees. In addition, your claims will be effectively subordinated to the claims of creditors of any of our subsidiaries that do not guarantee the notes. Our non-guarantor subsidiaries generated approximately 4.4% of our total revenues during the nine months ended September 30, 2005 and comprised approximately 2.8% of our total assets at September 30, 2005.

At September 30, 2005, we and our guarantor subsidiaries had approximately \$950 million of senior indebtedness on a consolidated basis (excluding the convertible debentures), after giving effect to this offering, our concurrent offerings of common stock and convertible debentures and the use of proceeds therefrom described under "Use of Proceeds." The convertible debentures will be senior debt of Omnicare, Inc. and will be guaranteed on a senior basis by Omnicare Purchasing Company, LP, but will not be guaranteed by, and will not be obligations of, any of our other subsidiaries.

Your ability to enforce the guarantees of the notes may be limited.

Although the notes are our obligations, they will be unconditionally guaranteed on an unsecured senior subordinated basis by certain of our domestic subsidiaries. The performance by each subsidiary guarantor of its obligations with respect to its guarantee may be subject to review under relevant federal and state fraudulent conveyance and similar statutes in a bankruptcy or reorganization case or lawsuit by or on behalf of unpaid creditors of such subsidiary guarantor. Under these statutes, if a court were to find under relevant federal or state fraudulent conveyance statutes that a subsidiary guarantor did not receive fair consideration or reasonably equivalent value for incurring its guarantee of the notes, and that, at the time of such incurrence, the subsidiary guarantor: (i) was insolvent; (ii) was rendered insolvent by reason of such incurrence or grant; (iii) was engaged in a business or transaction for which the assets remaining with such subsidiary guarantor constituted unreasonably small capital; or (iv) intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they matured, then the court, subject to applicable statutes of limitation, could void the subsidiary guarantor's obligations under its guarantee, recover payments made under the guarantee, subordinate the guarantee to other indebtedness of the subsidiary guarantor or take other action detrimental to the holders of the notes.

The measure of insolvency for these purposes will depend upon the governing law of the relevant jurisdiction. Generally, however, a company will be considered insolvent for these purposes if the sum of that company's debts is greater than the fair value of all of that company's property or if the present fair salable value of that company's assets is less than the amount that will be required to pay its probable liability on its existing debts as they become absolute and matured or if a company is not able to pay its debts as they become due. Moreover, regardless of solvency, a court could void an incurrence of indebtedness, including the guarantees, if it determined that such transaction was made with the intent to hinder, delay or defraud creditors. In addition, a court could subordinate the indebtedness, including the guarantees, to the claims of all existing and future creditors on similar grounds. The guarantees also could be subject to the claim that, since the guarantees were incurred for the benefit of Omnicare and only indirectly for the benefit of the subsidiary guarantors, the obligations of the subsidiary guarantors under the guarantees were incurred for less than reasonably equivalent value or fair consideration.

There can be no assurance as to what standard a court would apply in order to determine whether a subsidiary guarantor was "insolvent" upon the sale of the notes or that, regardless of the method of valuation, a court would not determine that the subsidiary guarantor was insolvent upon consummation of the sale of the

[Table of Contents](#)

notes. If the court concludes that a guarantee is voided or limited on fraudulent conveyance grounds, holders of the convertible debentures that are being offered concurrently herewith and other senior creditors of Omnicare may have priority over the holders of the notes in respect of the assets of the relevant guarantor.

We conduct most of our operations through, and depend on funds from, our subsidiaries. Creditors of our subsidiaries will have priority as to our subsidiaries' assets.

We are a holding company and hold most of our assets at, and conduct most of our operations through, direct and indirect subsidiaries. As a holding company, our results of operations depend on the results of operations of our subsidiaries. Moreover, we are dependent on dividends or other intercompany transfers of funds from our subsidiaries to meet our debt service and other obligations, including payment of principal and interest on the convertible debentures. The ability of our subsidiaries to pay dividends or make other payments or advances to us will depend on their operating results and will be subject to applicable laws and restrictions contained in agreements governing the debt of such subsidiaries.

The claims of creditors of our subsidiaries, including trade creditors, will generally have priority as to the assets of such subsidiaries over the claims of our creditors, including the holders of notes. At September 30, 2005, after giving pro forma effect to the offering of notes here, the concurrent offerings and the use of proceeds therefrom, and assuming the tender of 100% of the outstanding principal amount of our 8.125% senior subordinated notes in the related tender offer, the aggregate amount of debt of our subsidiaries, including trade payables and excluding intercompany payables, would have been approximately \$3.4 billion, including the guarantees of our 6.125% senior subordinated notes due 2013, the notes offered here and the guarantee of our senior credit facility and the guarantee by Omnicare Purchasing Company, LP of our convertible debentures being offered concurrently herewith.

We are permitted to create unrestricted subsidiaries, which generally will not be subject to any of the covenants in the indenture, and we may not be able to rely on the cash flow or assets of those unrestricted subsidiaries to pay our indebtedness.

Unrestricted subsidiaries will generally not be subject to the covenants under the indenture. Unrestricted subsidiaries may enter into financing arrangements that limit their ability to make loans or other payments to fund payments in respect of the notes. Accordingly, we may not be able to rely on the cash flow or assets of unrestricted subsidiaries to pay any of our indebtedness, including the notes.

Our ability to repurchase the notes upon a change of control or in connection with an asset sale repurchase may be limited.

In the event of certain changes of control involving us, you will have the right, at your option, to require us to purchase all or a portion of the notes you hold at a purchase price equal to 101% of the aggregate principal amount of your notes, plus accrued interest thereon to the repurchase date. In addition, under certain circumstances we may be required by the terms of the indenture to make an offer to repurchase notes with proceeds from asset sales. Our ability to repurchase the notes upon a change of control or in connection with any asset sale repurchase may be limited by the terms of our senior indebtedness and the subordination provisions of the indenture relating to the notes. Further, our ability to repurchase the notes upon a change of control or in connection with an asset sale repurchase will be dependent on the availability of sufficient funds and our ability to comply with applicable securities laws. Accordingly, there can be no assurance that we will be in a position to repurchase the notes upon a change of control or in connection with an asset sale repurchase. The term “change of control” under the indenture is limited to certain specified transactions and may not include other events that might adversely affect our financial condition or result in a downgrade of the credit rating (if any) of the notes, nor would the requirement that we offer to repurchase the notes upon a change of control necessarily afford holders of the notes protection in the event of a highly leveraged reorganization.

There is currently no public market for the notes, and an active trading market may not develop for the notes. The failure of a market to develop for the notes could adversely affect the liquidity and value of your notes.

The notes are a new issue of securities, and there is no existing market for the notes. We do not intend to apply for listing of the convertible debentures on any securities exchange or for quotation of the notes on any automated dealer quotation system. We have been advised by the underwriters that following the completion of the offering, certain of the underwriters currently intend to make a market in the notes. However, they are not obligated to do so and any market-making activities with respect to the notes may be discontinued by them at any time without notice. In addition, any market-making activity will be subject to limits imposed by law. A market may not develop for the notes, and there can be no assurance as to the liquidity of any market that may develop for the notes. If an active, liquid market does not develop for the notes, the market price and liquidity of the notes may be adversely affected. If any of the notes are traded after their initial issuance, they may trade at a discount from their initial offering price.

The liquidity of the trading market, if any, and future trading prices of the notes will depend on many factors, including, among other things, prevailing interest rates, our operating results, financial performance and prospects, the market for similar securities and the overall securities market, and may be adversely affected by unfavorable changes in these factors.

A breach of a covenant in our debt instruments could cause acceleration of a significant portion of our outstanding indebtedness.

A breach of a covenant or other provision in any debt instrument governing our current or future indebtedness could result in a default under such instruments. Our ability to comply with these covenants and other provisions may be affected by events beyond our control, and we cannot assure you that we will be able to comply with these covenants and other provisions. Upon the occurrence of an event of default under any debt instrument, the lenders could elect to declare all amounts outstanding to be immediately due and payable and terminate all commitments to extend further credit. If we were unable to repay those amounts, the lenders could proceed against collateral granted to them, if any, to secure the indebtedness. If our current or future lenders accelerate the payment of the indebtedness owed to them, we cannot assure you that our assets would be sufficient to repay in full our outstanding indebtedness.

USE OF PROCEEDS

We estimate that the net proceeds from this offering will be approximately \$734.3 million, after deducting the underwriting discount and estimated offering expenses payable by us. We intend to use the net proceeds from this offering, as well as the net proceeds of the concurrent offering of common stock and a portion of the net proceeds of the concurrent offering of convertible debentures, to repay our 364-day loan facility, which had an aggregate outstanding amount of \$1.9 billion as of September 30, 2005. The loan facility was used to finance the NeighborCare acquisition and the repayment of related debt, as well as the acquisition of excelleRx, Inc. and RxCrossroads, L.L.C. Interest on the outstanding balances of the 364-day loan facility is payable, at our option, (1) at a Eurodollar Base Rate (as defined in the loan facility) plus a margin of 0.75% or (2) at an Alternate Base Rate (as defined in the loan facility). The amounts outstanding under the 364-day loan facility were drawn at various intervals during the third quarter of 2005, with each separate borrowing having a slightly different interest rate based on the timing of the borrowing. The weighted average interest rate on the 364-day loan facility was 4.55% at September 30, 2005. We intend to use the remaining portion of the net proceeds from the concurrent offering of convertible debentures to repurchase any and all of the outstanding principal amount of our 8.125% notes and make related consent payments pursuant to our tender offer and consent solicitation. Completion of this offering of notes is conditioned on the completion of our concurrent offerings of convertible debentures and common stock. The consummation of the tender offer and consent solicitation is not a condition to the closing of this offering or our concurrent offerings of convertible debentures and common stock. See “Description of Concurrent Financing Transactions” for more information.

Certain affiliates of Lehman Brothers Inc., J.P. Morgan Securities Inc., SunTrust Capital Markets, Inc., CIBC World Markets Corp., Merrill Lynch, Pierce, Fenner & Smith Incorporated and Wachovia Capital Markets, LLC are lenders under the 364-day loan facility and as such will receive a portion of the proceeds of this offering, which will be used in the repayment of the 364-day loan facility.

DESCRIPTION OF NOTES

You can find the definitions of certain terms used in this description under the subheading “Certain Definitions.” In this description, the word “Omnicare” refers only to Omnicare, Inc. and not to any of its subsidiaries.

Omnicare will issue the % Senior Subordinated Notes due 2013 (the “2013 notes”) and the % Senior Subordinated Notes due 2015 (the “2015 notes”) and, together with the 2013 notes, the “notes”) under an indenture and one or more supplemental indentures, to be dated the Issue Date, among itself, the Guarantors and SunTrust Bank, as trustee (together, the “indenture”). The 2013 notes and the 2015 notes are each referred to as a “series” of notes issued under the indenture. The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939.

The following description is a summary of the material provisions of the indenture. It does not restate those agreements in their entirety. We urge you to read the indenture because it, and not this description, defines your rights as holders of the notes. Copies of the indenture are available as set forth below under “—Concerning the Trustee.” Certain defined terms used in this description but not defined below under “—Certain Definitions” have the meanings assigned to them in the indenture.

The registered Holder of a note will be treated as the owner of it for all purposes. Only registered Holders will have rights under the indenture.

Brief Description of the Notes and the Guarantees

The Notes

The notes:

- are general unsecured obligations of Omnicare;
- are subordinated in right of payment to all existing and future Senior Debt of Omnicare;
- are *pari passu* in right of payment with our 8.125% Notes and our 6.125% Notes;
- are *pari passu* in right of payment with any future senior subordinated Indebtedness of Omnicare;
- are unconditionally guaranteed by the Guarantors; and
- are senior to our 4.00% Convertible Subordinated Debentures due 2033.

The Guarantees

On the Issue Date, the notes will be guaranteed by each of Omnicare’s Domestic Subsidiaries except the Excluded Subsidiaries.

Each guarantee of the notes:

- is a general unsecured obligation of the Guarantor;
- is subordinated in right of payment to all existing and future Senior Debt of that Guarantor (including, in the case of Purchasing, its guarantee of our % Convertible Senior Debentures due 2035); and
- is *pari passu* in right of payment with all existing and future senior subordinated Indebtedness of that Guarantor.

Assuming we had completed this offering of notes and the Concurrent Financing Transactions described under “Use of Proceeds” and applied the net proceeds from this offering and these other financing transactions described under “Use of Proceeds,” as of September 30, 2005, Omnicare and the Guarantors would have had total Senior Debt of approximately \$950 million on a consolidated basis, including the Credit Agreement and excluding our % Convertible Senior Debentures due 2035. The % Convertible Senior Debentures due 2035 will be Senior Debt of Omnicare and Purchasing, but will not be guaranteed by, and will not guarantee obligations of, the other Guarantors. An additional approximately \$614 million would have been available to Omnicare for borrowing under the Credit Agreement. As indicated above and as discussed in detail below under the caption “–Subordination,” payments on the notes and under these guarantees will be subordinated to the payment of Senior Debt. The indenture will permit us and the Guarantors to incur additional Senior Debt.

As of the Issue Date, all our Subsidiaries will be Restricted Subsidiaries, except for certain Subsidiaries which will be designated as Unrestricted Subsidiaries. These Unrestricted Subsidiaries held approximately 1.1% of our total consolidated assets as of September 30, 2005 and accounted for approximately 1.4% of our total consolidated revenues for the nine months ended September 30, 2005. In addition, under the circumstances described below under the subheading “–Certain Covenants–Designation of Restricted and Unrestricted Subsidiaries,” we will be able to designate other subsidiaries as Unrestricted Subsidiaries. Our Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the indenture. Our Unrestricted Subsidiaries will not guarantee the notes.

Principal, Maturity and Interest

On the Issue Date, Omnicare is issuing 2013 notes in an aggregate principal amount of \$ and 2015 notes in an aggregate principal amount of \$. Omnicare may issue additional notes of either series from time to time after this offering. Any offering of additional notes is subject to the covenant described below under the caption “–Certain Covenants–Incurrence of Indebtedness and Issuance of Preferred Stock.” The notes of either series and any additional notes of that series subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase. Omnicare will issue notes in denominations of \$1,000 and integral multiples of \$1,000. The 2013 notes will mature on , 2013 and the 2015 notes will mature on , 2015.

Interest on the 2013 notes will accrue at the rate of % per annum and interest on the 2015 notes will accrue at the rate of % per annum. Interest on the notes will be payable semi-annually in arrears on and , commencing on , 2006. Omnicare will make each interest payment to the Holders of record on the immediately preceding and .

Interest on the notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

If a Holder has given wire transfer instructions to Omnicare and the trustee, all principal, interest and premium on that Holder’s notes will be paid in accordance with those instructions. All other payments on notes will be made at the office or agency of the paying agent and registrar unless Omnicare elects to make interest payments by check mailed to the Holders at their address set forth in the register of Holders.

Paying Agent and Registrar for the Notes

The trustee will initially act as paying agent and registrar. Omnicare may change the paying agent or registrar without prior notice to the Holders of the notes, and Omnicare or any of its Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A Holder may transfer or exchange notes in accordance with the indenture. The registrar and the trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will be required to pay all taxes due on transfer. Omnicare is not required to transfer or exchange any note selected for redemption. Also, Omnicare is not required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

Subsidiary Guarantees

The notes will be guaranteed by each of Omnicare's current and future Domestic Subsidiaries except the Excluded Subsidiaries. The Subsidiary Guarantees will be joint and several obligations of the Guarantors. Each Subsidiary Guarantee will be subordinated to the prior payment in full of all Senior Debt of that Guarantor. The obligations of each Guarantor under its Subsidiary Guarantee will be limited as necessary to prevent that Subsidiary Guarantee from constituting a fraudulent conveyance under applicable law. See "Risk Factors—Your ability to enforce the guarantees of the notes may be limited."

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person, other than Omnicare or another Guarantor, unless:

- (1) immediately after giving effect to that transaction, no Default or Event of Default exists; and
- (2) subject to the provisions of the following paragraph, the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger assumes all the obligations of that Guarantor under the indenture and its Subsidiary Guarantee pursuant to a supplemental indenture satisfactory to the trustee.

The Subsidiary Guarantee of a Guarantor will be released, and any Person acquiring assets (including by way of merger or consolidation) or Capital Stock of a Guarantor shall not be required to assume the obligations of any such Guarantor:

- (1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) a Restricted Subsidiary, if the sale or other disposition complies with the "Asset Sale" provisions of the indenture;
- (2) in connection with any sale of all of the Capital Stock of a Guarantor to a Person that is not (either before or after giving effect to such transaction) a Restricted Subsidiary, if the sale complies with the "Asset Sale" provisions of the indenture;
- (3) if Omnicare designates any Restricted Subsidiary that is a Guarantor to be an Unrestricted Subsidiary or an Excluded Subsidiary in accordance with the requirements of the indenture;
- (4) if any Guarantor is otherwise no longer obligated to provide a Subsidiary Guarantee pursuant to the indenture; or
- (5) at such time as 90% or more of the % Convertible Senior Debentures due 2035 are no longer outstanding, if such Guarantor's guarantee of any obligations under the Credit Agreement, or if the Credit Agreement is no longer outstanding, any other Indebtedness of Omnicare, is fully and unconditionally released, except that such Guarantor shall subsequently be required to become a Guarantor by executing a supplemental indenture and providing the Trustee with an officers' certificate and opinion of counsel at such time as it guarantees any obligations under the Credit Agreement, or if the Credit Agreement is no longer outstanding, any other Indebtedness of Omnicare.

Subordination

The payment of principal, interest and premium on the notes will be subordinated to the prior payment in full of all Senior Debt of Omnicare, including Senior Debt incurred after the Issue Date.

The holders of Senior Debt of Omnicare will be entitled to receive payment in full of all Obligations due in respect of Senior Debt of Omnicare (including interest accruing after the commencement of any bankruptcy proceeding at the rate specified in the applicable Senior Debt of Omnicare, whether or not allowable as a claim in such proceeding) before the Holders of notes will be entitled to receive any payment with respect to the notes (except that Holders of notes may receive and retain Permitted Junior Securities and payments made from the trust described under “–Legal Defeasance and Covenant Defeasance”), in the event of any distribution to creditors of Omnicare:

- (1) in a liquidation or dissolution of Omnicare;
- (2) in a bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to Omnicare or its property;
- (3) in an assignment for the benefit of creditors of Omnicare; or
- (4) in any marshaling of Omnicare’s assets and liabilities.

Omnicare also may not make any payment in respect of the notes (except in Permitted Junior Securities or from the trust described under “–Legal Defeasance and Covenant Defeasance”) if:

- (1) a payment default on Designated Senior Debt of Omnicare occurs and is continuing beyond any applicable grace period; or
- (2) any other default occurs and is continuing on Designated Senior Debt of Omnicare that permits holders of that Designated Senior Debt to accelerate its maturity and the trustee receives a notice of such default (a “Payment Blockage Notice”) from Omnicare or the holders of any Designated Senior Debt of Omnicare.

Payments on the notes by Omnicare may and will be resumed:

- (1) in the case of a payment default, upon the date on which such default is cured or waived or such Designated Senior Debt of Omnicare is discharged or paid in full; and
- (2) in the case of a nonpayment default, upon the earlier of the date on which such nonpayment default is cured or waived or such Designated Senior Debt of Omnicare is discharged or paid in full or 179 days after the date on which the applicable Payment Blockage Notice is received, unless the maturity of any Designated Senior Debt of Omnicare has been accelerated.

No new Payment Blockage Notice may be delivered unless and until:

- (1) 360 days have elapsed since the delivery of the immediately prior Payment Blockage Notice; and
- (2) all scheduled payments of principal, interest and premium on the notes that have come due have been paid in full in cash.

No nonpayment default that existed or was continuing on the date of delivery of any Payment Blockage Notice to the trustee will be, or be made, the basis for a subsequent Payment Blockage Notice unless such default has been cured or waived for a period of not less than 90 days.

If the trustee or any Holder of the notes receives a payment in respect of the notes from Omnicare (except in Permitted Junior Securities or from the trust described under “–Legal Defeasance and Covenant Defeasance”) when the payment is prohibited by these subordination provisions, the trustee or the Holder, as the case may be, will hold the payment in trust for the benefit of the holders of Senior Debt of

Omnicare. Upon the proper written request of the holders of Senior Debt of Omnicare, the trustee or the Holder, as the case may be, will deliver the amounts in trust to the holders of Senior Debt of Omnicare or their proper representative.

S-32

Table of Contents

Omnicare must promptly notify holders of Senior Debt of Omnicare if payment of the notes is accelerated because of an Event of Default.

The indenture will contain provisions with respect to the subordination of each Subsidiary Guarantee to Senior Debt of the relevant Guarantor comparable to those set forth above for the subordination of the notes. The convertible debentures do not constitute claims against any of the Guarantors (other than Purchasing) and, therefore, do not constitute Senior Debt of such Guarantors. Accordingly, the subordination provisions set forth in this section as to such Guarantors do not apply with respect to the convertible debentures. The indenture requirements described above (i.e., that the trustee or a Holder of the notes hold in trust for holders of Senior Debt any payments prohibited by the subordination provisions of the indenture, and deliver such payments in trust to the holders of Senior Debt) apply in respect of any payments received by the trustee or a Holder pursuant to a Subsidiary Guarantee of the notes only to Senior Debt of the relevant Guarantor and not to Senior Debt of Omnicare (including the convertible debentures).

As a result of the subordination provisions described above, in the event of a bankruptcy, liquidation or reorganization of Omnicare or any Subsidiary Guarantor, Holders of notes may recover less ratably than creditors of Omnicare or such Subsidiary Guarantor who are holders of Senior Debt of Omnicare or such Subsidiary Guarantor, as the case may be. See “Risk Factors—The notes and the subsidiary guarantees are subordinated to senior indebtedness.”

Failure by Omnicare to make any required payment in respect of the notes when due or within any applicable grace period, whether or not occurring during a payment blockage period, will result in an Event of Default under the indenture and, thereafter, Holders of the notes will have the right to accelerate the maturity thereof.

Mandatory Redemption

Except as set forth below under "–Repurchase at the Option of Holders," Omnicare is not required to make mandatory redemption or sinking fund payments with respect to the notes.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each Holder of notes will have the right to require Omnicare to repurchase all or any part (equal to \$1,000 or an integral multiple of \$1,000) of that Holder's notes pursuant to a Change of Control Offer on the terms set forth in the indenture. In the Change of Control Offer, Omnicare will offer a Change of Control Payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased, to the date of purchase. Within 30 days following any Change of Control, Omnicare will mail a notice to each Holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the Change of Control Payment Date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the indenture and described in such notice.

Omnicare will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the indenture, Omnicare will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the indenture by virtue of such conflict.

On the Change of Control Payment Date, Omnicare will, to the extent lawful:

- (1) accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;

S-34

Table of Contents

- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being purchased by Omnicare.

The paying agent will promptly mail to each Holder of notes properly tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; *provided* that each new note will be in a principal amount of \$1,000 or an integral multiple of \$1,000.

Prior to complying with any of the provisions of this "Change of Control" covenant, but in any event within 90 days following a Change of Control, Omnicare will either repay all outstanding Senior Debt or obtain the requisite consents, if any, under all agreements governing outstanding Senior Debt to permit the repurchase of notes required by this covenant. Omnicare will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The provisions described above that require Omnicare to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the indenture are applicable. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the Holders of the notes to require that Omnicare repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

Omnicare will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by Omnicare and purchases all notes properly tendered and not withdrawn under the Change of Control Offer.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, transfer, conveyance or other disposition of "all or substantially all" of the properties or assets of Omnicare and its Restricted Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of notes to require Omnicare to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Omnicare and its Restricted Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

Omnicare will not, and will not permit any of the Restricted Subsidiaries to, consummate an Asset Sale unless:

- (1) Omnicare (or the Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of;
- (2) the fair market value is determined by Omnicare's Board of Directors and evidenced by a resolution of the Board of Directors; and
- (3) at least 70% of the consideration received in the Asset Sale by Omnicare or such Restricted Subsidiary is in the form of cash, Cash Equivalents and/or Replacement Assets. For purposes of this provision, each of the following will be deemed to be cash:
 - (a) any liabilities, as shown on Omnicare's or such Restricted Subsidiary's most recent balance sheet, of Omnicare or any Restricted Subsidiary (other than contingent liabilities and liabilities that are

Table of Contents

by their terms subordinated to the notes or any Subsidiary Guarantee) that are assumed by the transferee of any such assets and from which Omnicare or such Restricted Subsidiary is released from further liability; and

- (b) any securities, notes or other obligations received by Omnicare or any such Restricted Subsidiary from such transferee that are converted by Omnicare or such Restricted Subsidiary into cash within 60 days of receipt, to the extent of the cash received in that conversion.

Within 360 days after the receipt of any Net Proceeds from an Asset Sale, Omnicare or a Restricted Subsidiary may apply those Net Proceeds at its option:

- (1) to repay Senior Debt;
- (2) to acquire all or substantially all of the assets of, or a majority of the Voting Stock of, another Permitted Business;
- (3) to make a capital expenditure;
- (4) to acquire Replacement Assets; or
- (5) to acquire other long-term assets that are used or useful in a Permitted Business.

Omnicare or the Restricted Subsidiary will be deemed to have complied with the immediately preceding sentence with respect to any such Net Proceeds if it enters into a binding agreement to make an acquisition or capital expenditure permitted pursuant to clause (2), (3), (4) or (5) of the immediately preceding sentence in an amount equal to such Net Proceeds within such 360 days; *provided* that, if the relevant acquisition or capital expenditure is not consummated or completed, as the case may be, within the later of (x) 360 days after the receipt of the relevant Net Proceeds and (y) 90 days after the date of such binding agreement, such Net Proceeds will constitute “Excess Proceeds.” Pending the final application of any Net Proceeds, Omnicare or the Restricted Subsidiary may temporarily invest the Net Proceeds in any manner that is not prohibited by the indenture.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the preceding paragraph will constitute “Excess Proceeds.” When the aggregate amount of Excess Proceeds exceeds \$50.0 million, Omnicare will make an offer (an “Asset Sale Offer”) to all Holders of notes and all holders of other Indebtedness that is *pari passu* with the notes containing provisions similar to those set forth in the indenture with respect to offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of principal amount plus accrued and unpaid interest, if any, to the date of purchase, and will be payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale Offer, Omnicare may use those Excess Proceeds for any purpose not otherwise prohibited by the indenture. If the aggregate principal amount of notes and other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the trustee will select the notes and such other *pari passu* Indebtedness to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

Omnicare will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the indenture, Omnicare will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the indenture by virtue of such conflict.

Certain agreements governing Omnicare’s outstanding Senior Debt generally prohibit Omnicare from purchasing notes, and also provide that certain transactions constituting a Change of Control or Asset Sale event with respect to Omnicare would constitute a default under these agreements. Any future credit agreements or

[Table of Contents](#)

other agreements relating to Senior Debt to which Omnicare becomes a party may contain similar restrictions and provisions. In the event a Change of Control or Asset Sale occurs at a time when Omnicare is prohibited from purchasing notes, Omnicare could seek the consent of its senior lenders to the purchase of notes or could attempt to refinance the borrowings that contain such prohibition. If Omnicare does not obtain such a consent or repay such borrowings, Omnicare will remain prohibited from purchasing notes. In such case, Omnicare's failure to purchase notes would constitute an Event of Default under the indenture which would, in turn, constitute a default under such Senior Debt. In such circumstances, the subordination provisions in the indenture would likely restrict payments to the Holders of notes.

Selection and Notice

If less than all of the notes are to be redeemed at any time, the trustee will select notes for redemption as follows:

- (1) if the notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the notes are listed; or
- (2) if the notes are not listed on any national securities exchange, on a pro rata basis, by lot or by such method as the trustee deems fair and appropriate.

No notes of \$1,000 or less can be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each Holder of notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the notes or a satisfaction and discharge of the indenture. Notices of redemption may not be conditional.

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that note that is to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note will be issued in the name of the Holder of notes upon cancellation of the original note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on notes or portions of them called for redemption.

Covenant Removal

From and after the first date on which both (a) the notes of an outstanding series are rated Investment Grade by each of Moody's Investor Service, Inc. ("Moody's") and Standard & Poor's Ratings Group ("S&P") and (b) there shall not exist a Default or Event of Default applicable to such series under the indenture (a "Rating Event"), Omnicare and the Restricted Subsidiaries will, in respect of such series, no longer be subject to the covenants described under "Restricted Payments," "Incurrence of Indebtedness and Issuance of Preferred Stock," "Dividend and Other Payment Restrictions Affecting Subsidiaries," "Transactions with Affiliates," "Additional Subsidiary Guarantees," clause (4) of the first paragraph under "Merger, Consolidation or Sale of Assets" and "Repurchase at the Option of Holders-Asset Sales." Upon the occurrence of a Rating Event with respect to a series, the Subsidiary Guarantees for such series of each of the Guarantors will be automatically released.

There can be no assurance that a Rating Event will occur or, if one occurs, that the notes will continue to maintain an Investment Grade rating. In addition, at no time after a Rating Event in respect of a series will the provisions and covenants contained in the indenture at the time of issuance of the notes that cease to be applicable to such series after the Rating Event be reinstated for such series.

In the event Moody's or S&P is no longer in existence or issuing ratings, such organization may be replaced by a nationally recognized statistical rating organization (as defined in Rule 436 under the Securities Act) designated by Omnicare with notice to the trustee and the foregoing provisions will apply to the rating issued by the replacement rating agency.

Restricted Payments

Omnicare will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

- (1) declare or pay any dividend or make any other payment or distribution on account of Omnicare' s or any Restricted Subsidiary' s Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving Omnicare or any of its Restricted Subsidiaries) or to the direct or indirect holders of Omnicare' s or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of Omnicare or to Omnicare or a Restricted Subsidiary);
- (2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Omnicare) any Equity Interests of Omnicare or any direct or indirect parent of Omnicare;
- (3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness that is subordinated to the notes or the Subsidiary Guarantees, except a payment of interest or principal at the Stated Maturity thereof; or
- (4) make any Restricted Investment

(all such payments and other actions set forth in these clauses (1) through (4) above being collectively referred to as "Restricted Payments"),

unless, at the time of and after giving effect to such Restricted Payment:

- (1) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment;
- (2) Omnicare would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the second paragraph of the covenant described below under the caption "--Incurrence of Indebtedness and Issuance of Preferred Stock"; and
- (3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Omnicare and its Restricted Subsidiaries after March 20, 2001 (excluding Restricted Payments permitted by clauses (2), (3), (4), (6), (7), (8), (9), (10), (11), (12), (14), (15) and (16) of the next succeeding paragraph) is less than the sum, without duplication, of:
 - (a) 50% of the Consolidated Net Income of Omnicare for the period (taken as one accounting period) from January 1, 2001 to the end of Omnicare' s most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit), *plus*
 - (b) 100% of the aggregate net cash proceeds received by Omnicare since March 20, 2001 as a contribution to its common equity capital or from the issue or sale of Equity Interests of Omnicare (other than Disqualified Stock) or from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities that have been converted into or exchanged for such Equity Interests of Omnicare (other than Equity Interests (or Disqualified Stock or debt securities) sold to a Restricted Subsidiary), *plus*
 - (c) to the extent that any Restricted Investment that was made after March 20, 2001 is sold for cash or Cash Equivalents (or a combination thereof) or otherwise liquidated or repaid for cash or Cash Equivalents (or a combination thereof), the lesser of (i) the return of capital with respect to such Restricted Investment (less the cost of disposition, if any) and (ii) the initial amount of such Restricted Investment, *plus*

Table of Contents

- (d) an amount equal to the sum of (x) the net reduction in Investments in Unrestricted Subsidiaries resulting from cash dividends, repayments of loans or advances or other transfers of assets, in each case to Omnicare or any Restricted Subsidiary from Unrestricted Subsidiaries, *plus* (y) the portion (proportionate to Omnicare's equity interest in such Subsidiary) of the fair market value of the net assets of an Unrestricted Subsidiary at the time such Unrestricted Subsidiary is designated a Restricted Subsidiary, in each case since March 20, 2001 (*provided, however*, that the foregoing sum shall not exceed, in the case of any Unrestricted Subsidiary, the amount of Investments made since March 20, 2001 by Omnicare or any Restricted Subsidiary that were treated as Restricted Payments, and *provided, further*, that no amount will be included under this clause (d) to the extent it is already included in clauses (a), (b) or (c) above).

So long as no Default has occurred and is continuing or would be caused thereby, the preceding provisions will not prohibit:

- (1) the payment of any dividend within 60 days after the date of declaration of the dividend, if at the date of declaration the dividend payment would have complied with the provisions of the indenture;
- (2) the redemption, repurchase, retirement, defeasance or other acquisition of any subordinated Indebtedness of Omnicare or any Restricted Subsidiary or of any Equity Interests of Omnicare in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Restricted Subsidiary) of, Equity Interests of Omnicare (other than Disqualified Stock); provided that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition will be excluded from clause (3)(b) of the preceding paragraph;
- (3) the defeasance, redemption, repurchase or other acquisition of subordinated Indebtedness of Omnicare or any Restricted Subsidiary with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness;
- (4) the payment of any dividend by a Restricted Subsidiary to the holders of its Equity Interests on a pro rata basis;
- (5) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of Omnicare or any Restricted Subsidiary held by any officer, director or employee of Omnicare or any Subsidiary of Omnicare in connection with any management equity subscription agreement, any compensation, retirement, disability, severance or benefit plan or agreement, any stock option or incentive plan or agreement, any employment agreement or any other similar plans or agreements; *provided that* the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests may not exceed \$60.0 million in any calendar year (with unused amounts in any calendar year being carried over to succeeding years);
- (6) the repurchase of Equity Interests deemed to occur upon the exercise of stock options or stock appreciation rights or the lapsing of restrictions on restricted stock, to the extent such Equity Interests represent a portion of the exercise price of those stock options or stock appreciation rights or the withholding taxes payable in connection with such stock options, stock appreciation rights or restricted stock;
- (7) the payment of dividends by Omnicare on its common stock in an aggregate annual amount of up to \$120.0 million;
- (8) the repurchase of any class of Capital Stock of a Restricted Subsidiary (other than Disqualified Stock) if such repurchase is made pro rata among all holders of such class of Capital Stock;
- (9) the payment of any scheduled dividend or similar distribution, and any scheduled repayment of the stated amount, liquidation preference or any similar amount at final maturity or on any scheduled redemption or repurchase date, in respect of any series of preferred stock or similar securities of Omnicare or any Restricted Subsidiary (including Disqualified Stock), provided that (a) such series of

[Table of Contents](#)

preferred stock or similar securities was issued in compliance with the “–Incurrence of Indebtedness and Issuance of Preferred Stock” covenant and (b) such payments were scheduled to be paid in the original documentation governing such series of preferred stock or other securities (it being understood that the foregoing provisions of this clause (9) shall not be deemed to permit the payment of any dividend or similar distribution, or the payment of the stated amount, liquidation preference or any similar amount, prior to the date originally scheduled for the payment thereof);

- (10) payments in lieu of fractional shares;
- (11) the purchase of any Indebtedness that is subordinate to the notes at a purchase price no greater than 101% of the principal amount thereof in the event of a Change of Control in accordance with provisions similar to those described under “Repurchase at the Option of Holders–Change of Control”; *provided* that prior to such purchase Omnicare has made the Change of Control Offer as provided in such section and has purchased all notes validly tendered for payment in connection with such Change of Control Offer;
- (12) the purchase of any Indebtedness that is subordinate to the notes from Net Proceeds to the extent permitted by the provisions described under “Repurchase at the Option of Holders–Asset Sales”;
- (13) (a) honoring any conversion request by a holder of convertible securities and making required cash payments in connection therewith and (b) redemption of the 4.00% Convertible Subordinated Debentures due 2033 and the Trust PIERS upon an “Investment Company Event” or a “Tax Event” (as defined in the indenture and the amended and restated trust agreement therefor as in effect on the Issue Date);
- (14) interest payments on the 4.00% Convertible Subordinated Debentures due 2033 and the corresponding distributions paid to holders of the Trust PIERS;
- (15) the distribution of 4.00% Convertible Subordinated Debentures due 2033 to holders of the Trust PIERS in connection with the liquidation of the related trust; and
- (16) additional Restricted Payments pursuant to this clause (16) in an aggregate amount not to exceed 5.0% of Consolidated Assets of Omnicare as of the end of Omnicare’s most recently completed fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (with each such Restricted Payment being valued as of the date made and without regard to subsequent changes in value).

The amount of all Restricted Payments (other than cash) will be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by Omnicare or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The fair market value of any assets or securities that are required to be valued by this covenant will be determined by the Board of Directors of Omnicare in good faith, whose determination with respect thereto will be conclusive.

Incurrence of Indebtedness and Issuance of Preferred Stock

Omnicare will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, “incur”) any Indebtedness (including Acquired Debt), and Omnicare will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any shares of preferred stock; *provided, however*, that Omnicare and any Restricted Subsidiary may incur Indebtedness (including Acquired Debt) and Omnicare may issue Disqualified Stock and any Restricted Subsidiary may issue preferred stock (including Disqualified Stock) if the Fixed Charge Coverage Ratio for Omnicare’s most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock or preferred stock is issued would have been at least 2.0 to 1, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the Disqualified Stock or preferred stock had been issued, as the case may be, at the beginning of such four-quarter period.

Table of Contents

The first paragraph of this covenant will not prohibit the following (collectively, “Permitted Debt”):

- (1) the incurrence by Omnicare and its Restricted Subsidiaries of additional Indebtedness and letters of credit under Credit Facilities in an aggregate principal amount at any one time outstanding under this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of Omnicare and its Restricted Subsidiaries thereunder) not to exceed \$2.75 billion;

- (3) the incurrence by Omnicare and the Guarantors of Indebtedness represented by the notes and the related Subsidiary Guarantees to be issued on the Issue Date;

- (5) the incurrence by Omnicare or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was permitted by the indenture to be incurred under the first paragraph of this covenant or clauses (2) (excluding 8.125% Notes repurchased pursuant to the tender offer therefor launched by Omnicare substantially concurrently with the offering of the notes), (3), (4), (10), (13), (14), (16) or this clause (5) of this paragraph;
- (6) the incurrence by Omnicare or any of its Restricted Subsidiaries of intercompany Indebtedness between or among Omnicare and any of its Restricted Subsidiaries; *provided, however*, that (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than Omnicare or a Restricted Subsidiary and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either Omnicare or a Restricted Subsidiary, will be deemed, in each case, to constitute an incurrence of such Indebtedness by Omnicare or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (6);
- (7) the incurrence by Omnicare or any of its Restricted Subsidiaries of Hedging Obligations that are incurred for the purpose of fixing or hedging (a) interest rate risk with respect to any Indebtedness that is permitted by the terms of the indenture to be outstanding or (b) exchange rate risk with respect to obligations under any agreement or Indebtedness, or with respect to any asset, of such Person that is payable or denominated in a currency other than U.S. Dollars;

- (9) the accrual of interest, the accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, and the payment of dividends on preferred stock (including Disqualified Stock) in the form of additional shares of the same class of preferred stock (including Disqualified Stock) will not be deemed to be an incurrence of Indebtedness or an issuance of preferred stock (including Disqualified Stock) for purposes of this covenant; provided, in each such case, that the amount thereof is included in Fixed Charges of Omnicare as accrued;
- (10) the issuance of Convertible Subordinated Debentures and/or the issuance of Convertible Preferred Stock in an aggregate principal amount (with the liquidation value of the Convertible Preferred Stock being treated as its principal amount for this purpose) not to exceed \$750.0 million at any one time outstanding pursuant to this clause (10), plus the issuance of any related securities issued by a subsidiary trust or similar financing vehicle in connection therewith;

Table of Contents

- (11) Indebtedness of Omnicare or any Restricted Subsidiary consisting of guarantees, indemnities, hold backs or obligations in respect of purchase price adjustments in connection with the acquisition or disposition of assets, including, without limitation, shares of Capital Stock of Restricted Subsidiaries, or contingent payment obligations incurred in connection with the acquisition or disposition of assets which are contingent on the performance of the assets acquired or disposed of;
- (12) Indebtedness represented by (a) letters of credit for the account of Omnicare or any Restricted Subsidiary or (b) other obligations to reimburse third parties pursuant to any surety bond or other similar arrangements, to the extent that such letters of credit and other obligations, as the case may be, are intended to provide security for workers' compensation claims, payment obligations in connection with self-insurance, in connection with participation in government reimbursement or other programs or other similar requirements in the ordinary course of business;
- (13) the incurrence by Omnicare or any Restricted Subsidiary of Indebtedness to the extent the proceeds thereof are used to purchase notes pursuant to a Change of Control Offer;
- (14) the incurrence by Omnicare or any of its Restricted Subsidiaries of additional Indebtedness (which may include, but is not limited to, Indebtedness of the types referred to in the foregoing clauses (1) through (13)) in an aggregate principal amount (or accreted value, as applicable) at any time outstanding, including all Permitted Refinancing Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (14), not to exceed \$200.0 million;
- (15) the incurrence by Omnicare and its Restricted Subsidiaries of the Indebtedness under the 364-Day Credit Facility in an aggregate principal amount at any one time outstanding under this clause (15) not to exceed (a) \$1.9 billion minus (b) amounts applied to repay Indebtedness under the 364-day Credit Facility, including with net proceeds from the Concurrent Financing Transactions;

For purposes of determining compliance with this "Incurrence of Indebtedness and Issuance of Preferred Stock" covenant, in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (16) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, Omnicare will be permitted to classify and reclassify such item of Indebtedness in any manner that complies with this covenant. Indebtedness under Credit Facilities outstanding on the date on which notes are first issued and authenticated under the indenture will be deemed to have been incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt. Omnicare will not permit any of its Subsidiaries (other than Purchasing) to guarantee the % Convertible Senior Debentures due 2035 or any Permitted Refinancing Indebtedness incurred in respect thereof pursuant to clause (5) of the immediately preceding paragraph, except that any such Permitted Refinancing Indebtedness may be Guaranteed by a Guarantor on a basis subordinated to such Guarantor's Subsidiary Guarantee.

No Senior Subordinated Debt

Omnicare will not incur, create, issue, assume, guarantee or otherwise become liable for any Indebtedness that is subordinate or junior in right of payment to any Senior Debt of Omnicare and senior in any respect in right of payment to the notes. No Guarantor will incur, create, issue, assume, guarantee or otherwise become liable for any Indebtedness that is subordinate or junior in right of payment to the Senior Debt of such Guarantor and senior in any respect in right of payment to such Guarantor's Subsidiary Guarantee.

Liens

Omnicare will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind securing *pari passu* or subordinated Indebtedness or trade payables on any asset now owned or hereafter acquired, except Permitted Liens, unless (i) in the case of any Lien securing *pari passu* Indebtedness, the notes are secured by a Lien that is senior in priority to or *pari passu* with such Lien and (ii) in the case of any Lien securing subordinated Indebtedness, the notes are secured by a Lien that is senior in priority to such Lien.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

Omnicare will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (1) pay dividends or make any other distributions on its Capital Stock to Omnicare or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to Omnicare or any of its Restricted Subsidiaries;
- (2) make loans or advances to Omnicare or any of its Restricted Subsidiaries; or
- (3) transfer any of its properties or assets to Omnicare or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

- (1) agreements governing Existing Indebtedness and Credit Facilities as in effect on the Issue Date and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of those agreements, *provided* that the amendments, modifications, restatements, renewals, increases, supplements, refundings, replacement or refinancings are not materially more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in those agreements on the Issue Date;
- (2) the indenture, the notes and the Subsidiary Guarantees;
- (3) applicable law;
- (4) any instrument governing Indebtedness or Capital Stock of a Person acquired by Omnicare or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness or Capital Stock was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired, *provided* that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the indenture to be incurred;
- (5) customary non-assignment provisions in leases entered into in the ordinary course of business;
- (6) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on that property of the nature described in clause (3) of the preceding paragraph;
- (7) any agreement for the sale or other disposition of a Restricted Subsidiary or any assets thereof that restricts distributions by that Restricted Subsidiary pending the sale or other disposition;
- (8) Permitted Refinancing Indebtedness, *provided* that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

- (9) Liens securing Indebtedness otherwise permitted to be incurred under the provisions of the covenant described above under the caption “–Liens” that limit the right of the debtor to dispose of the assets subject to such Liens;

S-43

Table of Contents

- (10) provisions with respect to the disposition or distribution of assets or property in joint venture agreements, assets sale agreements, stock sale agreements and other similar agreements entered into in the ordinary course of business;
- (11) restrictions imposed in connection with a financing transaction involving a sale or other disposition of accounts receivable and related assets (including, without limitation, in connection with a securitization or similar financing) or in connection with a financing involving a subsidiary trust or similar financing vehicle that is permitted by the “–Incurrence of Indebtedness and Issuance of Preferred Stock” covenant, *provided*, that such restrictions do not materially adversely affect Omnicare’s ability to pay interest and principal on the notes when due; and
- (12) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business or imposed by governmental agencies or authorities.

Merger, Consolidation or Sale of Assets

Omnicare may not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not Omnicare is the surviving corporation); or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of Omnicare and its Restricted Subsidiaries taken as a whole, in one or more related transactions, to another Person; unless:

- (1) either: (a) Omnicare is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than Omnicare) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a corporation organized or existing under the laws of the United States, any state of the United States or the District of Columbia;
- (2) the Person formed by or surviving any such consolidation or merger (if other than Omnicare) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all the obligations of Omnicare under the notes and the indenture pursuant to agreements reasonably satisfactory to the trustee;
- (3) immediately after such transaction, on a pro forma basis giving effect to such transaction or series of transactions (and treating any obligation of Omnicare or any Restricted Subsidiary incurred in connection with or as a result of such transaction or series of transactions as having been incurred at the time of such transaction), no Default or Event of Default exists; and
- (4) Omnicare or the Person formed by or surviving any such consolidation or merger (if other than Omnicare), or to which such sale, assignment, transfer, conveyance or other disposition has been made, will, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, (a) be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption “– Incurrence of Indebtedness and Issuance of Preferred Stock” or (b) have a Fixed Charge Coverage Ratio that is no worse than the Fixed Charge Coverage Ratio of Omnicare for such applicable four-quarter period without giving pro forma effect to such transactions and the related financing transactions.

In addition, Omnicare may not, directly or indirectly, lease all or substantially all of the properties or assets of Omnicare and its Restricted Subsidiaries, taken as a whole, in one or more related transactions, to any other Person. This “Merger, Consolidation or Sale of Assets” covenant will not apply to a sale, assignment, transfer, conveyance or other disposition of assets between or among Omnicare and any of the Guarantors.

Upon any consolidation or merger, or any sale, assignment, transfer, conveyance, transfer or other disposition of all or substantially all of the properties or assets of Omnicare and its Restricted Subsidiaries, taken as a whole, in accordance with the foregoing provisions, the successor Person formed by such consolidation or

[Table of Contents](#)

into which Omnicare is merged or to which such sale, assignment, transfer, conveyance or other disposition is made, shall succeed to, and be substituted for, and may exercise every right and power of, Omnicare under the indenture with the same effect as if such successor had been named as Omnicare therein. When a successor assumes all the obligations of its predecessor under the indenture and the notes following a consolidation or merger, or any sale, assignment, transfer, conveyance, transfer or other disposition of all or substantially all of the assets of the predecessor in accordance with the foregoing provisions, the predecessor shall be released from those obligations.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of Omnicare may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate fair market value of all outstanding Investments owned by Omnicare and its Restricted Subsidiaries in the Subsidiary so designated will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the first paragraph of the covenant described above under the caption “–Restricted Payments” or Permitted Investments, as determined by Omnicare. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. The Board of Directors of Omnicare may re-designate any Unrestricted Subsidiary to be a Restricted Subsidiary if the redesignation would not cause a Default. As of the Issue Date, Anderson Medical Services, Inc., Atlantic Medical Group, Bach’s Pharmacy Services East, Inc., Dixon Pharmacy, Howard’s Pharmacy, Inc., Konsult Inc., OCR Services Corporation, Omnicare Air Transport Services, Inc. and Omnicare.com, Inc. are designated as Unrestricted Subsidiaries.

Transactions with Affiliates

Omnicare will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate (each, an “Affiliate Transaction”), unless:

- (1) the Affiliate Transaction is on terms that are no less favorable to Omnicare or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by Omnicare or such Restricted Subsidiary with an unrelated Person; and
- (2) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$50.0 million Omnicare delivers to the trustee a resolution of Omnicare’s Board of Directors set forth in an officers’ certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the disinterested members of Omnicare’s Board of Directors, or an opinion as to the fairness to the Holders of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing in the United States.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

- (1) directors’ fees, indemnification and similar arrangements, consulting fees, employee salaries, bonuses or employment agreements, compensation, retirement, disability, severance or employee benefit arrangements and incentive arrangements with, and loans and advances to, any officer, director or employee in the ordinary course of business,
- (2) performance of all agreements in existence on the Issue Date and any modification thereto or any transaction contemplated thereby in any replacement agreement therefor so long as such modification or replacement is not materially more disadvantageous to Omnicare or any of its Restricted Subsidiaries than the original agreement in effect on the Issue Date;

[Table of Contents](#)

- (3) transactions in connection with a financing transaction involving a sale or other disposition of accounts receivable and related assets (including, without limitation, in connection with a securitization or similar financing) or in connection with a financing involving a subsidiary trust or similar financing vehicle that is permitted by the “Incurrence of Indebtedness and Issuance of Preferred Stock” covenant;
- (4) transactions in the ordinary course of business with any joint venture that is otherwise permitted by the indenture; *provided*, that such joint venture is between and among Omnicare and/or any of its Subsidiaries on the one hand and third parties that are not otherwise Affiliates of Omnicare on the other hand;
- (5) transactions between or among Omnicare and/or its Restricted Subsidiaries;
- (6) transactions with a Person (other than an Unrestricted Subsidiary) that is an Affiliate of Omnicare solely because Omnicare or a Restricted Subsidiary owns an Equity Interest in, or controls, such Person;
- (7) sales of Equity Interest (other than Disqualified Stock) to Affiliates of Omnicare; and
- (8) Restricted Payments that are permitted by the provisions of the indenture described above under the caption “–Restricted Payments.”

Additional Subsidiary Guarantees

If Omnicare or any of its Restricted Subsidiaries acquires or creates another Domestic Subsidiary after the Issue Date, then that newly acquired or created Domestic Subsidiary (other than an Excluded Subsidiary) will become a Guarantor and execute a supplemental indenture and deliver an opinion of counsel satisfactory to the trustee within 10 business days after the end of the fiscal quarter in which it was acquired or created.

Activities of Purchasing

Purchasing and its Subsidiaries (if any) will not engage in any activities other than the type of business conducted by Purchasing on the Issue Date and any activities incidental thereto and will not hold any assets not related to such business or incidental activities.

Reports

Whether or not required by the Commission, so long as any notes are outstanding, Omnicare will furnish to the Holders of notes and file with the Commission (unless the Commission will not accept such filing), within the time periods specified in the Commission’s rules and regulations:

- (1) all quarterly and annual financial information that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if Omnicare were required to file such Forms, including a “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and, with respect to the annual information only, a report on the annual financial statements by Omnicare’s certified independent accountants; and

Table of Contents

- (2) all current reports that would be required to be filed with the Commission on Form 8-K if Omnicare were required to file such reports;

provided, that any information accepted for filing with the Commission shall be deemed to have been furnished to Holders of the notes.

Events of Default and Remedies

Each of the following is an Event of Default with respect to the 2013 notes or the 2015 notes, as the case may be:

- (1) default for 30 days in the payment when due of interest on the notes of such series whether or not prohibited by the subordination provisions of the indenture;
- (2) default in payment when due of the principal of, or premium, if any, on the notes of such series, whether or not prohibited by the subordination provisions of the indenture;
- (3) failure by Omnicare or any of its Restricted Subsidiaries to comply with the provisions described under the captions “–Repurchase at the Option of Holders–Change of Control,” “–Repurchase at the Option of Holders–Asset Sales,” or “–Certain Covenants–Merger, Consolidation or Sale of Assets;”
- (4) failure by Omnicare or any of its Restricted Subsidiaries for 60 days after notice to comply with any of the other agreements in the indenture applicable to the relevant series;
- (5) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by Omnicare or any of its Restricted Subsidiaries (or the payment of which is guaranteed by Omnicare or any of its Restricted Subsidiaries) whether such Indebtedness or guarantee now exists, or is created after the Issue Date, if that default:
 - (a) is caused by a failure to pay principal of such Indebtedness at its final stated maturity after giving effect to any grace period provided in such Indebtedness on the date of such default (a “Payment Default”); or
 - (b) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$70.0 million or more;

- (6) failure by Omnicare or any of its Restricted Subsidiaries to pay final, non-appealable judgments aggregating in excess of \$70.0 million that are not covered by insurance or as to which an insurer has not acknowledged coverage in writing, which judgments are not paid, discharged or stayed for a period of 60 days;
- (7) except as permitted by the indenture, any Subsidiary Guarantee for such series of notes shall be held in any final, nonappealable judicial proceeding to be unenforceable or invalid or shall cease for any reason to be in full force and effect or any Guarantor, or any Person acting on behalf of any Guarantor, shall deny or disaffirm its obligations under its Subsidiary Guarantee for the notes of such series (unless such Guarantor could be designated as an Excluded Subsidiary); and
- (8) certain events of bankruptcy or insolvency described in the indenture with respect to Omnicare or any of its Restricted Subsidiaries that is a Significant Subsidiary.

A Default under clause (4) is not an Event of Default in respect of the notes of a series until the trustee or the Holders of at least 25% in principal amount of the notes of such series then outstanding notify Omnicare of the Default and Omnicare does not cure such default within

the time specified after receipt of such notice. Such notice must specify the Default, demand that it be remedied and state that such notice is a “Notice of Default”.

S-47

[Table of Contents](#)

In the case of an Event of Default arising from certain events of bankruptcy or insolvency with respect to Omnicare, all outstanding notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing in respect of a series, the trustee or the Holders of at least 25% in principal amount of the then outstanding notes of such series may declare all the notes to be due and payable immediately.

Holders of the notes may not enforce the indenture or the notes except as provided in the indenture. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding notes of a series may direct the trustee in its exercise of any trust or power with respect to such series. The trustee may withhold from Holders of the notes notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal or interest.

The Holders of a majority in aggregate principal amount of the notes of a series then outstanding by notice to the trustee may on behalf of the Holders of all of the notes waive any existing Default or Event of Default and its consequences under the indenture with respect to such series except a continuing Default or Event of Default in the payment of interest or premium on, or the principal of, the notes of such series.

Omnicare is required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any Default or Event of Default, Omnicare is required to deliver to the trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of Omnicare or any Guarantor, as such, will have any liability for any obligations of Omnicare or the Guarantors under the notes, the indenture, the Subsidiary Guarantees, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

Omnicare may, at its option and at any time, elect to have all of its obligations discharged with respect to the outstanding notes of a series and all obligations of the Guarantors discharged with respect to their Subsidiary Guarantees for such series (“Legal Defeasance”) except for:

- (1) the rights of Holders of outstanding notes to receive payments in respect of the principal of, or interest or premium on, such notes when such payments are due from the trust referred to below;
- (2) Omnicare’s obligations with respect to the notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the trustee, and Omnicare’s and the Guarantor’s obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the indenture.

In addition, Omnicare may, at its option and at any time, elect to have the obligations of Omnicare and the Guarantors released with respect to certain covenants that are described in the indenture (“Covenant Defeasance”) for a series of notes and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the notes of such series. In the event Covenant Defeasance occurs in respect of a series of notes, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events with respect to Omnicare) described under “–Events of Default and Remedies” will no longer constitute an Event of Default with respect to the notes of such series.

Table of Contents

In order to exercise either Legal Defeasance or Covenant Defeasance in respect of any series of notes:

- (1) Omnicare must irrevocably deposit with the trustee, in trust, for the benefit of the Holders of the notes of such series, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, or interest and premium on, the outstanding notes of such series on the stated maturity or on the applicable redemption date, as the case may be, and Omnicare must specify whether such notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, Omnicare has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) Omnicare has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the Holders of the outstanding notes of such series will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, Omnicare has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the Holders of the outstanding notes of such series will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default or Event of Default with respect to such series has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit);
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the indenture) to which Omnicare or any of its Subsidiaries is a party or by which Omnicare or any of its Subsidiaries is bound;
- (6) Omnicare must deliver to the trustee an officers' certificate stating that the deposit was not made by Omnicare with the intent of preferring the Holders of notes of such series over the other creditors of Omnicare with the intent of defeating, hindering, delaying or defrauding creditors of Omnicare or others; and
- (7) Omnicare must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with or waived.

Amendment, Supplement and Waiver

Except as provided in the next three succeeding paragraphs, the indenture or the notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), and any existing default or compliance with any provision of the indenture or the notes may be waived with the consent of the Holders of a majority in principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes); *provided that* any amendment to or supplement to the indenture or a series of notes that by its terms affects the rights of Holders of a series of then outstanding notes but not the other series may be effected, and any default or compliance with any provision of the indenture affecting the Holders of any series of then outstanding notes but not the other series may be waived, with the consent of Holders of a majority in principal amount of the then outstanding notes of the affected series (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Table of Contents

Without the consent of each Holder affected, an amendment or waiver may not (with respect to any notes held by a non-consenting Holder):

- (1) reduce the principal amount of notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any note or alter the provisions with respect to the redemption of the notes (other than provisions relating to the covenants described above under the caption “–Repurchase at the Option of Holders” and other than notice provisions with respect to any optional redemption by Omnicare);
- (3) reduce the rate of or change the time for payment of interest on any note;
- (4) waive a Default or Event of Default in the payment of principal of, or interest or premium on, the notes (except a rescission of acceleration of the notes of any series by the Holders of at least a majority in aggregate principal amount of the notes of such series and a waiver of the payment default in respect of such series of notes that resulted from such acceleration);
- (5) make any note payable in money other than that stated in the notes;
- (6) make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of Holders of notes to receive payments of principal of, or interest or premium on, the notes;
- (7) waive a redemption payment with respect to any note (other than a payment required by one of the covenants described above under the caption “–Repurchase at the Option of Holders”);
- (8) release any Guarantor from any of its obligations under its Subsidiary Guarantee or the indenture, except in accordance with the terms of the indenture; or
- (9) make any change in the preceding amendment and waiver provisions.

In addition, any amendment to, or waiver of, the provisions of the indenture relating to subordination of the notes of any series that adversely affects the rights of the Holders of the notes of such series will require the consent of the Holders of at least 66 ²/₃% in aggregate principal amount of notes of such series then outstanding.

Notwithstanding the preceding, without the consent of any Holder of notes, Omnicare, the Guarantors, if applicable, and the trustee may amend or supplement the indenture or the notes:

- (1) to cure any ambiguity, defect or inconsistency;
- (2) to provide for uncertificated notes in addition to or in place of certificated notes;
- (3) to provide for the assumption of Omnicare’s or a Guarantor’s obligations to Holders of notes in the case of a merger or consolidation or sale of all or substantially all of Omnicare’s or a Guarantor’s assets;
- (4) to make any change that would provide any additional rights or benefits to the Holders of notes or that does not adversely affect the legal rights under the indenture of any such Holder;
- (5) to comply with requirements of the Commission in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;
- (6) to allow any Guarantor to execute a supplemental indenture and/or a Subsidiary Guarantee with respect to the notes;
- (7) to evidence and provide the acceptance of the appointment of a successor trustee under the indenture; or

- (8) with respect to a series, to mortgage, pledge, hypothecate or grant a security interest in favor of the trustee for the benefit of the Holders of notes of such series as additional security for the payment and performance of Omnicare' s or a Guarantor' s obligations.

S-50

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all notes of a series issued thereunder, when:

- (1) either:
 - (a) all notes of such series that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and notes of such series for whose payment money has been deposited in trust and thereafter repaid to Omnicare, have been delivered to the trustee for cancellation; or
 - (b) all notes of such series that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and Omnicare or any Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the Holders of notes of such series, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the notes of such series not delivered to the trustee for cancellation for principal, premium and accrued interest to the date of maturity or redemption;
- (2) no Default or Event of Default with respect to the notes of such series has occurred and is continuing on the date of the deposit or will occur as a result of the deposit and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which Omnicare or any Guarantor is a party or by which Omnicare or any Guarantor is bound;
- (3) Omnicare or any Guarantor has paid or caused to be paid all sums payable by it under the indenture with respect to the notes of such series; and
- (4) Omnicare has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the notes of such series at maturity or the redemption date, as the case may be.

In addition, Omnicare must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied or waived.

Concerning the Trustee

If the trustee becomes a creditor of Omnicare or any Guarantor, the indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the Commission for permission to continue or resign.

The Holders of a majority in principal amount of the then outstanding notes of a series will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee with respect to such series, subject to certain exceptions. The indenture provides that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any Holder of notes, unless such Holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Anyone who receives this prospectus supplement may obtain a copy of the indenture without charge by writing to Omnicare, Inc., 100 East RiverCenter Boulevard, Covington, Kentucky 41011, Attention: Corporate Secretary.

Book-Entry, Delivery and Form

Notes will be issued in registered, global form in minimum denominations of \$1,000 and integral multiples of \$1,000 in excess of \$1,000. Notes will be issued at the closing of this offering only against payment in immediately available funds.

The Notes initially will be represented by one or more notes in registered, global form without interest coupons (the “Global Notes”). The Global Notes will be deposited upon issuance with the trustee as custodian for The Depository Trust Company (“DTC”), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. Omnicare takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised Omnicare that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the “Participants”) and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the Underwriters), banks, trust companies, clearing corporations and certain other organizations. Access to DTC’s system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the “Indirect Participants”). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised Omnicare that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of Participants designated by the Underwriters with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Notes).

Investors in the Global Notes who are Participants in DTC’s system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants in such system. All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Table of Contents

Except as described below, owners of interests in the Global Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or “Holders” thereof under the indenture for any purpose.

Payments in respect of the principal of, and interest and premium on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered Holder under the indenture. Under the terms of the indenture, Omnicare and the trustee will treat the Persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither Omnicare, the trustee nor any agent of Omnicare or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC’ s records or any Participant’ s or Indirect Participant’ s records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC’ s records or any Participant’ s or Indirect Participant’ s records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised Omnicare that its current practice, upon receipt of any payment in respect of securities such as the notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or Omnicare. Neither Omnicare nor the trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the notes, and Omnicare and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC’ s procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Cross-market transfers between the Participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC’ s rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised Omnicare that it will take any action permitted to be taken by a Holder of notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the notes, DTC reserves the right to exchange the Global Notes for legended notes in certificated form, and to distribute such notes to its Participants.

[Table of Contents](#)

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. Neither Omnicare nor the trustee nor any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for definitive notes in registered certificated form (“Certificated Notes”) if:

- (1) DTC (a) notifies Omnicare that it is unwilling or unable to continue as depository for the Global Notes and Omnicare fails to appoint a successor depository or (b) has ceased to be a clearing agency registered under the Exchange Act; or
- (2) there has occurred and is continuing a Default or Event of Default with respect to the notes.

In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Same Day Settlement and Payment

Omnicare will make payments in respect of the notes represented by the Global Notes (including principal, premium and if any, interest) by wire transfer of immediately available funds to the accounts specified by the Global Note Holder. Omnicare will make all payments of principal, interest and premium with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the Holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such Holder’s registered address. The notes represented by the Global Notes are expected to be eligible to trade in DTC’s Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. Omnicare expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised Omnicare that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC’s settlement date.

We may redeem some or all of the convertible debentures on or after , 2015, for cash at a redemption price equal to 100% of the principal amount of convertible debentures being redeemed. The obligations of Omnicare, Inc. and Guarantor under the convertible debentures are pari passu with the obligations of Omnicare, Inc. and Guarantor under our senior credit facility and senior to the obligations of Omnicare, Inc. and Guarantor under our subordinated debt, including our 6.125% notes, our 8.125% notes and the notes being offered hereby. The closing of this offering is conditioned upon the closing of the convertible debenture offering. We intend to use a portion of the net proceeds from our offering of convertible debentures to repurchase any and all of the outstanding principal amount of our 8.125% notes and make related consent payments pursuant to our tender offer and consent solicitation. We intend to use the remaining portion of the net proceeds from our offering of convertible debentures, as well as the net proceeds of the concurrent offering of common stock and all of the net proceeds of this offering of notes, to repay our 364-day loan facility, which had an aggregate outstanding amount of \$1.9 billion as of September 30, 2005.

Offer to Purchase our 8.125% Senior Subordinated Notes

Concurrently with this offering, we are offering to purchase for cash any and all of the \$375 million outstanding principal amount of our 8.125% notes. In conjunction with this tender offer, we are soliciting consents to effect certain proposed amendments to the indenture governing the 8.125% notes. The proposed amendments would eliminate most of the restrictive covenants and certain events of default and amend certain other provisions contained in the indenture governing the 8.125% notes. The tender offer and consent solicitation are being made pursuant to an Offer to Purchase and Consent Solicitation Statement, dated December 5, 2005, and a related Consent and Letter of Transmittal, which more fully set forth the terms and conditions of the tender offer and consent solicitation. The total consideration to be paid for each \$1,000 principal amount of 8.125% notes validly tendered and accepted for purchase will be determined using a yield equal to a fixed spread of 50 basis points plus the bid side yield to maturity of the 1.625% U.S. Treasury Note due February 28, 2006. The

[Table of Contents](#)

pricing of the total consideration is expected to occur at 2:00 p.m., New York City time, on December 16, 2005 (such date subject to adjustment). The total consideration includes a consent payment of \$20 per \$1,000 principal amount payable only to holders who tendered their 8.125% notes and validly delivered their consents prior to the expiration of the consent solicitation. The consent solicitation is currently set to expire at 5:00 p.m., New York City time, on December 16, 2005, unless extended. The tender offer is currently set to expire at 12:00 midnight, New York City time, on January 3, 2006, unless extended. Our obligation to purchase validly tendered 8.125% notes is conditioned upon, among other things, the consummation of this offering and the concurrent offerings of common stock and convertible debentures. We intend to fund the tender offer and consent solicitation with a portion of the net proceeds from the concurrent offering of convertible debentures.

MATERIAL UNITED STATES FEDERAL INCOME AND ESTATE TAX CONSEQUENCES FOR NON-U.S. HOLDERS

The following is a general discussion of the material U.S. federal income and estate tax consequences of the ownership and disposition of our notes to beneficial owners of the notes that are non-U.S. holders, as defined below. This discussion is limited to initial beneficial owners that purchase notes upon original issuance at the initial offering price shown on the cover page of this prospectus supplement and that hold notes as capital assets (generally, property held for investment).

As used in this discussion, the term “non-U.S. holder” means a beneficial owner of notes that is not a partnership or entity treated as a partnership for U.S. federal income tax purposes and that is not for U.S. federal income tax purposes:

an individual who is a citizen or resident of the United States;

a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States or any State thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income tax regardless of the source thereof; or

a trust (i) with respect to which a court within the United States is able to exercise primary supervision over its administration and one or more U.S. persons have the authority to control all of its substantial decisions, or (ii) that has a valid election in effect under U.S. Treasury regulations to be treated as a United States person.

If a partnership is the beneficial owner of a note, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. A beneficial owner of notes that is a partnership for U.S. federal income tax purposes and partners in such a partnership should consult their own tax advisors about the U.S. federal income and other tax consequences of holding and disposing of the notes.

This discussion does not address all aspects of U.S. federal income tax that may be important to beneficial owners in light of their particular circumstances or the U.S. federal income tax consequences to beneficial owners subject to special treatment under U.S. federal tax law, including, without limitation, banks and other financial institutions, insurance companies, tax-exempt organizations, partnerships or other pass-through entities, certain former citizens or residents of the United States, broker-dealers and traders in securities or persons holding notes as part of a “straddle,” “hedge,” “conversion transaction,” “synthetic security” or other integrated investment. In addition, this discussion does not address any U.S. federal gift tax consequences, or state or local or non-U.S. tax consequences.

The following discussion is based on current provisions of the Internal Revenue Code of 1986, as amended (the “Code”), Treasury regulations promulgated thereunder and administrative and judicial interpretations, all as in effect as of the date hereof, and all of which are subject to change, possibly on a retroactive basis.

This summary is for general purposes only. This summary is not intended to be, and should not be construed to be, legal or tax advice to any particular beneficial owner of notes. Each potential investor should consult its own tax advisors as to the U.S. federal, state, local and non-U.S. income, estate and other tax considerations with respect to the ownership and disposition of notes.

Payments of Interest

In general, payments of interest on the notes to a non-U.S. holder will not be subject to U.S. federal income tax or withholding tax, except as described below under “–Backup Withholding and Information Reporting,” provided that:

- (1) the non-U.S. holder does not actually or constructively own 10% or more of the total combined voting power of all classes of our stock entitled to vote;

Table of Contents

- (2) the non-U.S. holder is not a controlled foreign corporation that is related to us, actually or by attribution, through stock ownership;
- (3) the non-U.S. holder is not a bank receiving the interest pursuant to a loan agreement entered into in the ordinary course of its trade or business;
- (4) such payments are not “effectively connected” with a trade or business of the non-U.S. holder conducted in the United States (or, if a treaty applies, are not attributable to a “permanent establishment” of such non-U.S. holder in the United States); and
- (5) either:
 - (a) the non-U.S. holder certifies under penalties of perjury on Internal Revenue Service (“IRS”) Form W-8 BEN or a suitable substitute form that it is not a “U.S. person” as defined in the Code, and provides its name and address, and taxpayer identification number, if any; or
 - (b) a securities clearing organization, bank or other financial institution that holds customers’ securities in the ordinary course of its trade or business and holds the notes certifies under penalties of perjury that such statement has been received from the non-U.S. holder and furnishes a copy thereof.

A non-U.S. holder may also be entitled to the benefits of an income tax treaty under which interest on the notes is subject to a reduced rate of withholding tax or is exempt from U.S. withholding tax, provided a properly executed IRS Form W-8BEN claiming the exemption is furnished to us and any other applicable procedures are complied with.

If the interest accrued on a note is “effectively connected” with a trade or business of the non-U.S. holder conducted in the United States (or, if a treaty applies, is attributable to a “permanent establishment” of such non-U.S. holder in the United States), non-U.S. holders can obtain an exemption from withholding tax by providing a properly completed IRS Form W-8ECI, or a suitable substitute form, prior to the payment of interest. Payments of interest on a note exempt from the withholding tax as effectively-connected income nevertheless may be subject to a graduated U.S. federal income tax as if such amounts were earned by a U.S. holder. In addition, if such non-U.S. holder is a foreign corporation, it may be subject to a branch profits tax equal to 30% (or lower applicable treaty rate) of its earnings and profits for the taxable year, subject to adjustments, that are effectively connected with its conduct of a trade or business in the United States.

Special rules regarding exemption from, or reduced rates of, U.S. withholding tax may apply in the case of notes held by partnerships or certain types of trusts. Partnerships and trusts that are prospective purchasers should consult their own tax advisors regarding special rules that may be applicable in their particular circumstances.

Sale, Exchange or Redemption of Notes

A non-U.S. holder generally will not be subject to U.S. federal income tax or withholding tax, except as described below under “–Backup Withholding and Information Reporting,” with respect to gain realized on a sale, exchange, redemption or other disposition of a note unless (i) the non-U.S. holder is an individual who is present in the United States for a period or periods aggregating 183 or more days in the taxable year of the sale or disposition and certain other conditions are met, or (ii) the gain realized on such disposition is “effectively connected” with a trade or business of the non-U.S. holder conducted in the United States (or, if a treaty applies, is attributable to a “permanent establishment” of such non-U.S. holder in the United States).

Backup Withholding and Information Reporting

We must report annually to the IRS and to each non-U.S. holder the amount of interest paid to that holder and the tax withheld from those payments. These reporting requirements apply regardless of whether withholding was reduced or eliminated by an applicable tax treaty. Copies of the information returns reporting those payments and withholding may also be made available to the tax authorities in the country in which the non-U.S. holder is a resident under the provisions of an applicable income tax treaty or agreement.

[Table of Contents](#)

Backup withholding and additional information reporting will not apply to payments on the notes made by us or our paying agent to a non-U.S. holder if the certification described in clause (5) under “–Payments of Interest” above is received.

Backup withholding and information reporting generally will not apply to payments of proceeds from the sale or other disposition of a note made to a non-U.S. holder by or through the foreign office of a broker. However, information reporting requirements, and possibly backup withholding, will apply if such broker is, for U.S. federal income tax purposes, a U.S. person or has certain other enumerated connections with the United States, unless such broker has documentary evidence in its records that the holder is a non-U.S. person and certain other conditions are met, or the holder otherwise establishes an exemption. Payments of proceeds from the sale or other disposition of a note made to a non-U.S. holder by or through the United States office of a broker are subject to information reporting and backup withholding at the applicable rate unless the holder certifies, under penalty of perjury, that it is a non-U.S. person and that it satisfies certain other conditions, or otherwise establishes an exemption. A non-U.S. holder may obtain a refund or a credit against such non-U.S. holder’s U.S. federal income tax liability of any amounts withheld under the backup withholding rules, provided the required information is furnished to the IRS in a timely manner.

Non-U.S. holders should consult their own tax advisors regarding the application of information reporting and backup withholding rules in their particular situations, the availability of an exemption therefrom and the procedure for obtaining such an exemption, if available.

Estate Tax

Notes held at the time of death by an individual who at the time of death is not a citizen or resident of the United States (as specifically defined for U.S. federal estate tax purposes) will not be included in such holder’s gross estate for U.S. federal estate tax purposes, provided that the individual does not actually or constructively own 10% or more of the total combined voting power of all classes of our stock entitled to vote.

Each potential investor should consult its own tax advisors as to its particular tax consequences with respect to the ownership and disposition of the notes, including the applicability and effect of any state, local or foreign tax laws, and the possible effects of changes in tax laws.

The representatives of the underwriters have advised us that the underwriters propose to offer the notes directly to the public at the public offering price on the cover of this prospectus supplement and to selected dealers, which may include the underwriters, at such offering price less a selling concession not in excess of \$ per note. The underwriters may allow, and the selected dealers may re-allow, a discount from the concession not in excess of \$ per note to other dealers. After the offering, the representatives may change the offering price and other selling terms.

The expenses of the offering that are payable by us are estimated to be approximately \$2.6 million (exclusive of underwriting discounts and commissions).

Discretionary Sales

The underwriters have informed us that they do not intend to confirm sales of the notes to any account over which they exercise discretionary authority without the prior written approval of the customer.

Liquidity of the Trading Market

The notes are a new issue of securities with no established trading market. The underwriters have advised us that they intend to make a market in the notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes.

Stabilization, Short Positions and Penalty Bids

The representatives may engage in stabilizing transactions, short sales and purchases to cover positions created by short sales, and penalty bids or purchases for the purpose of pegging, fixing or maintaining the price of the notes, in accordance with Regulation M under the Securities Exchange Act of 1934:

Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.

Over-allotment transactions involve sales by the underwriters of the notes in excess of the principal amount notes the underwriters are obligated to purchase, which creates a syndicate short position. Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the notes or preventing or retarding a decline in the market price of the notes. As a result, the price of the notes may be higher than the price that might otherwise exist in the open market.

Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover syndicate short positions.

Penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the notes originally sold by the syndicate member is purchased in a stabilizing or syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, short sales, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of our notes or preventing or retarding a decline in the market price of our notes. As a result, the price of our notes may be higher than the price that might otherwise exist in the open market. These transactions, if commenced, may be discontinued at any time.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our notes. In addition, neither we nor any of the underwriters make any representation that the representatives will engage in these stabilizing transactions or that any transaction, once commenced, will not be discontinued without notice.

Indemnification

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the underwriters may be required to make for these liabilities.

Stamp Taxes

If you purchase notes offered in this prospectus supplement and the accompanying prospectus, you may be required to pay stamp taxes and other charges under the laws and practices of the country of purchase, in addition to the offering price listed on the cover page of this prospectus supplement.

Other Relationships

Certain of the underwriters and their related entities have engaged and may engage in commercial and investment banking transactions with us in the ordinary course of their business. They have received customary compensation and expenses for these commercial and investment banking transactions. Lehman Brothers Inc. acted as our financial advisor in connection with our acquisition of NeighborCare. In connection with that transaction, Lehman Brothers Inc. received customary fees for such services and certain of its expenses were reimbursed. Wachovia Securities was a financial advisor in connection with our acquisition of excelleRx, Inc. and certain of its affiliates had an ownership interest in excelleRx, Inc. In addition, certain of the underwriters also are serving as either joint book-running managers or co-managers in our concurrent offerings of convertible debentures and common stock. Furthermore, Wachovia Securities is acting as the dealer-manager in connection with our tender offer for our 8.125% notes and the related consent solicitation.

Certain affiliates of the underwriters, including Lehman Commercial Paper Inc., JPMorgan Chase Bank, N.A., Canadian Imperial Bank of Commerce, Merrill Lynch Bank USA, Wachovia Bank, National Association and SunTrust Bank, are lenders under our existing credit facility, including the 364-day loan facility, which will be repaid using a portion of the net proceeds of this offering, as well as a portion of the net proceeds of our offering of common stock and all of the net proceeds of our offering of notes. Because more than 10% of the net offering proceeds of this offering may be paid to the underwriters or their respective affiliates or associated persons, the underwriters may be deemed to have a “conflict of interest” under Rule 2710(c)(8) of the Conduct Rules of the National Association of Securities Dealers. Accordingly, this offering is being made in compliance with the applicable provisions of Rule 2720 of the Conduct Rules, and Credit Suisse First Boston LLC has been engaged to act as a “qualified independent underwriter.” In such capacity, Credit Suisse First Boston LLC has performed due diligence investigations and reviewed and participated in the preparation of the prospectus supplement, and will recommend the maximum prices at which the notes may be offered in accordance with the requirements of Rule 2720. Credit Suisse First Boston LLC will receive no compensation from us for serving in this capacity.

Electronic Distribution

A prospectus in electronic format may be made available on the Internet sites or through other online services maintained by one or more of the underwriters and/or selling group members participating in this offering, or by their affiliates. In those cases, prospective investors may view offering terms online and, depending upon the particular underwriter or selling group member, prospective investors may be allowed to place orders online. The underwriters may agree with us to allocate a specific number of notes for sale to online brokerage account holders. Any such allocation for online distributions will be made by the representatives on the same basis as other allocations.

Other than the prospectus in electronic format, the information on any underwriter’s or selling group member’s web site and any information contained in any other web site maintained by an underwriter or selling group member is not part of the prospectus or the registration statement of which this prospectus supplement and the accompanying prospectus forms a part, has not been approved and/or endorsed by us or any underwriter or selling group member in its capacity as underwriter or selling group member and should not be relied upon by investors.

LEGAL MATTERS

Legal matters with respect to the validity of the notes being offered hereby will be passed on for us by Dewey Ballantine LLP, New York, New York. The underwriters have been represented by Cleary Gottlieb Steen & Hamilton LLP, New York, New York.

RISK FACTORS

You should carefully consider the risks described in this prospectus, in addition to the other information contained or incorporated by reference in this prospectus and the applicable prospectus supplement, before making an investment decision. These risks are not the only ones facing us. Any of these risks could materially and adversely affect our business, financial condition or results of operations. In such cases, you may lose all or part of your investment.

Risks Relating to Our Business

Omnicare has substantial outstanding debt and could incur more debt in the future. Any failure to meet its debt obligations would adversely affect Omnicare's business and financial condition.

At December 31, 2004, Omnicare's total consolidated long-term debt (including current maturities) accounted for approximately 39.9% of its total capitalization. In addition, Omnicare and its subsidiaries may be able to incur substantial additional debt in the future. The instruments governing Omnicare's current indebtedness contain restrictions on Omnicare's incurrence of additional debt. These restrictions, however, are subject to a number of qualifications and exceptions, and under certain circumstances, Omnicare could incur substantial additional indebtedness in compliance with these restrictions, including in connection with potential acquisition transactions. Moreover, these restrictions do not prevent Omnicare from incurring obligations that do not constitute debt under the governing documents.

The degree to which Omnicare is leveraged could have important consequences to you, including:

a substantial portion of Omnicare's cash flow from operations will be required to be dedicated to interest and principal payments and may not be available for operations, working capital, capital expenditures, expansion, acquisitions, dividends or general corporate or other purposes;

Omnicare's ability to obtain additional financing in the future may be impaired;

Omnicare may be more highly leveraged than its competitors, which may place it at a competitive disadvantage;

Omnicare's flexibility in planning for, or reacting to, changes in its business and industry may be limited; and

Omnicare's degree of leverage may make it more vulnerable in the event of a downturn in its business or in its industry or the economy in general.

Omnicare's ability to make payments on and to refinance its debt will depend on its ability to generate cash in the future. This, to a certain extent, is subject to general economic, business, financial, competitive, legislative, regulatory and other factors that are beyond Omnicare's control.

We cannot assure you that Omnicare's business will generate sufficient cash flow from operations or that future borrowings will be available under its credit facilities in an amount sufficient to enable Omnicare to pay its debt or to fund its other liquidity needs. Omnicare may need to refinance all or a portion of its debt on or before maturity. We cannot assure you that Omnicare would be able to refinance any of its debt, including any credit facilities on commercially reasonable terms or at all.

[Table of Contents](#)

If we or our client institutions fail to comply with Medicaid and Medicare reimbursement regulations, our revenue could be reduced, we could be subject to penalties and we could lose our eligibility to participate in these programs.

Approximately one-half of our pharmacy services billings are directly reimbursed by government sponsored programs. These programs include Medicaid and, to a lesser extent, Medicare. The remainder of our billings are paid or reimbursed by individual residents, long-term care facilities and other third party payors, including private insurers. A portion of these revenues also are indirectly dependent on government programs. The table below represents our approximated payor mix for the last three years:

	2002	2003	2004
State Medicaid programs	46 %	47 %	48 %
Private pay and long-term care facilities (1)	44 %	45 %	45 %
Federal Medicare program (2)	2 %	2 %	2 %
Other private sources (3)	8 %	6 %	5 %
Totals	100%	100%	100%

(1) Includes payments from skilled nursing facilities on behalf of their federal Medicare program-eligible residents (Medicare Part A) and for other services and supplies, as well as payments from third-party insurers and private pay.

(2) Includes direct billing for medical supplies.

(3) Includes our contract research organization revenues.

The Medicaid and Medicare programs are highly regulated. The failure, even if inadvertent, of us and/or our client institutions to comply with applicable reimbursement regulations could adversely affect our reimbursement under these programs and our ability to continue to participate in these programs. In addition, our failure to comply with these regulations could subject us to other penalties.

Continuing efforts to contain healthcare costs may reduce our future revenue.

Our sales and profitability are affected by the efforts of healthcare payors to contain or reduce the cost of healthcare by lowering reimbursement rates, limiting the scope of covered services, and negotiating reduced or capitated pricing arrangements. Any changes which lower reimbursement levels under Medicaid, Medicare or private pay programs, including managed care contracts, could reduce our future revenue. Furthermore, other changes in these reimbursement programs or in related regulations could reduce our future revenue. These changes may include modifications in the timing or processing of payments and other changes intended to limit or decrease the growth of Medicaid, Medicare or third party expenditures. In addition, our profitability may be adversely affected by any efforts of our suppliers to shift healthcare costs by increasing the net prices on the products we obtain from them.

Federal and state healthcare legislation has significantly impacted our business, and future legislation and regulations are likely to affect us.

In recent years, federal legislation has resulted in major changes in the healthcare system, which significantly affected healthcare providers. The Balanced Budget Act of 1997, or BBA, sought to achieve a balanced federal budget by, among other things, changing the reimbursement policies applicable to various healthcare providers. In a significant change for the skilled nursing facility industry, the BBA provided for the introduction in 1998 of the prospective payment system, or PPS, for Medicare-eligible residents of skilled nursing facilities. Prior to PPS, skilled nursing facilities under Medicare received cost-based reimbursement. Under PPS, Medicare pays skilled nursing facilities a fixed fee per patient per day based upon the acuity level of the resident, covering substantially all items and services furnished during a Medicare-covered stay, including

[Table of Contents](#)

pharmacy services. PPS resulted in a significant reduction of reimbursement to skilled nursing facilities. Admissions of Medicare residents, particularly those requiring complex care, declined in many skilled nursing facilities due to concerns relating to the adequacy of reimbursement under PPS. This caused a weakness in Medicare census leading to a significant reduction of overall occupancy in the skilled nursing facilities we served. This decline in occupancy and acuity levels adversely impacted our results beginning in 1999, as we experienced lower utilization of our services, coupled with PPS-related pricing pressure from our skilled nursing facility customers. The BBA also imposed numerous other cost-saving measures affecting Medicare skilled nursing facility services.

In 1999 and 2000, Congress sought to restore some of the reductions in reimbursement resulting from PPS. We believe this legislation improved the financial condition of skilled nursing facilities and provided incentives to increase occupancy and Medicare admissions, particularly among the more acutely ill. While certain of the payment increases mandated by these laws expired October 1, 2002, one provision gave skilled nursing facilities a temporary rate increase for certain high-acuity patients, including medically-complex patients with generally higher pharmacy costs, beginning April 1, 2000 and ending when the Centers for Medicare & Medicaid Services, or CMS, implements a refined resource utilization group, or RUG, patient classification system that better accounts for medically-complex patients. For several years, CMS did not implement such refinements, thus continuing the additional rate increases for certain high-acuity patients through federal fiscal year 2005. On July 28, 2005, CMS issued, and on August 4, 2005 published in the Federal Register, its final SNF PPS rule for fiscal year 2006. Under the rule, CMS added nine patient classification categories to the PPS patient classification system, thus triggering the expiration of the high-acuity payment add-ons. However, CMS estimates that the rule will have no net financial impact on SNFs in fiscal year 2006 because the \$1.02 billion reduction from the expiration of the add-on payments will be more than offset by a \$510 million increase in the nursing case-mix weight for all of the RUG categories and a \$530 million increase associated with various updates to the payment rates (including updates to the wage and market basket indexes), resulting in a \$20 million overall increase in payments for fiscal year 2006. The new patient classification refinements will be effective on January 1, 2006, and the market basket increase became effective October 1, 2005. While the fiscal year 2006 SNF PPS rates will not decrease payments to skilled nursing facilities, the loss of revenues associated with future changes in skilled nursing facility payment rates could, in the future, have an adverse effect on the financial condition of our skilled nursing facility clients which could, in turn, adversely affect the timing or level of their payments to us.

In December 2003, Congress enacted the Medicare Prescription Drug, Improvement and Modernization Act of 2003, or MMA, which includes a major expansion of the Medicare prescription drug benefit under a new Medicare Part D. Until the Part D benefit goes into effect on January 1, 2006, Medicare beneficiaries can receive assistance with their outpatient prescription drug costs through a new prescription drug discount card program, which began in June 2004, and which gives enrollees access to negotiated discounted prices for prescription drugs.

Under the new prescription drug benefit, Medicare beneficiaries may enroll in prescription drug plans offered by private entities (or in a “fallback” plan offered on behalf of the government through a contractor, to the extent private entities fail to offer a plan in a given area), which will provide coverage of outpatient prescription drugs (collectively, “Part D Plans”). Part D Plans will include both plans providing the drug benefit on a stand alone basis and Medicare Advantage plans providing drug coverage as a supplement to an existing medical benefit under that Medicare Advantage plan, most commonly a health maintenance organization plan. Medicare beneficiaries generally will have to pay a premium to enroll in a Part D Plan, with the premium amount varying from plan to plan, although CMS will provide various federal subsidies to Part D Plans to reduce the cost to beneficiaries. Medicare beneficiaries who are also entitled to benefits under a state Medicaid program (so-called “dual eligibles”) will have their prescription drug costs covered by the new Medicare drug benefit, including the nursing home residents we serve, whose drug costs are currently covered by state Medicaid programs.

Table of Contents

CMS will provide premium and cost-sharing subsidies to Part D Plans with respect to dual eligible residents of nursing homes. Therefore, such dual eligibles will not be required to pay a premium for enrollment in a Part D Plan, so long as the premium for the Part D Plan in which they are enrolled is at or below the premium subsidy. Dual eligible residents of nursing homes will be entitled to have their entire prescription drug costs covered by a Part D Plan, provided that the prescription drugs which they are taking are either on the Part D Plan's formulary, or an exception to the plan's formulary is granted. CMS has reviewed the formularies of Part D Plans and has indicated that it will require their formularies to include the types of drugs most commonly needed by Medicare beneficiaries. CMS also will ensure that plans' formulary exceptions criteria provide for coverage of drugs determined by the plan to be medically necessary for the enrollee.

Pursuant to the Part D final rule, we will obtain reimbursement for drugs we provide to enrollees of a given Part D Plan in accordance with the terms of agreements negotiated between us and that Part D Plan. We have negotiated such agreements with many Part D Plan sponsors under which we will provide drugs and associated services to their enrollees. We continue to negotiate agreements with other Part D Plans. Until all such agreements are finalized and Medicare beneficiaries enroll in the plans, including national, regional and local plans, we will not be able to determine the impact of the new Part D drug benefit on our results of operations or financial condition. The MMA will not change the manner in which Medicare pays for drugs for Medicare beneficiaries covered in a Part A stay. We will continue to receive reimbursement for drugs provided to such residents from the skilled nursing facilities, in accordance with the terms of the agreements we have negotiated with each skilled nursing facility.

Our contractual relationships with pharmaceutical manufacturers can include rebates and other forms of price concessions on the products we purchase. On November 28, 2005 CMS posted to the "Questions and Answers" portion of its website a statement to the effect that it has significant concerns about the continued payment of certain rebates by pharmaceutical manufacturers to long-term care pharmacies with respect to prescriptions dispensed under the new Medicare Part D prescription drug benefit, and that it is examining this issue closely. We believe that our contracts with pharmaceutical manufacturers are legally and economically valid arrangements that bring value to the healthcare system and the patients that we serve. However, there can be no assurance that, if these price concessions were no longer provided to us, there would not be a material adverse effect on our business or results of operations.

CMS has issued other subregulatory guidance on many aspects of the final Part D rule, including the provision of pharmaceutical services to long-term care residents, and the agency will continue to issue guidance as the new program is implemented. We are continuing to monitor implementation of the new Part D benefit, and cannot predict the ultimate effect of the final rule or the outcome of other potential developments relating to its implementation on our business or results of operations.

The MMA also reforms the Medicare Part B prescription drug payment methodology. With certain exceptions, in 2004 most Part B drugs were reimbursed at 85 percent of the April 1, 2003 average wholesale price. In 2005, Medicare Part B payment generally equals 106 percent of the lesser of (i) the wholesale acquisition cost of the product, or (ii) the average sales price, or ASP, of the product, with certain exceptions and adjustments. More significant reforms are planned for 2006, when most drugs will be reimbursed under either an ASP methodology or under a "competitive acquisition program." Our revenues for drugs dispensed under Medicare Part B are not significant in comparison to total revenues. The MMA also includes provisions that will institute administrative reforms designed to improve Medicare program operations. It is uncertain at this time the impact that the MMA's legislative reforms or future Medicare reform legislation ultimately will have on us.

Discounted average wholesale price, or AWP, plus a dispensing fee is the basis for many state Medicaid programs' reimbursement of drugs to pharmacy providers for Medicaid beneficiaries generally as well as under certain private reimbursement programs. If government or private health insurance programs discontinue or modify the use of AWP or otherwise implement payment methods that reduce the reimbursement for drugs and biologicals, it could adversely affect our level of reimbursement.

With respect to Medicaid, the BBA repealed the “Boren Amendment” federal payment standard for Medicaid payments to Medicaid nursing facilities, effective October 1, 1997, giving states greater latitude in setting payment rates for such facilities. The law also granted states greater flexibility to establish Medicaid managed care programs without the need to obtain a federal waiver. Although these waiver programs generally exempt institutional care, including nursing facilities and institutional pharmacy services, some states do use managed care principles in their long-term care programs. Moreover, no assurances can be given that additional Medicaid programs ultimately will not change the reimbursement system for long-term care, including pharmacy services, from fee-for-service to managed care negotiated or capitated rates. Our operations have not been adversely affected in states with managed care programs in effect. In addition, some states continue to face budget shortfalls, and most states are taking steps to implement cost controls within their Medicaid programs. Likewise, the federal government may consider changes to Medicaid designed to rein in program spending. A Medicaid Commission has been established to advise the Secretary of HHS on, among other things, ways to achieve \$10 billion in Medicaid savings over five years. In addition, Congress is considering various proposals to reduce Medicaid spending. There can be no assurance that future changes in Medicaid payments to pharmacies, nursing facilities or managed care systems will not have an adverse impact on our business. While we have endeavored to adjust to these pricing pressures to date, these pressures are likely to continue or escalate, particularly if economic recovery does not emerge, and there can be no assurance that such occurrence will not have an adverse impact on our business.

Further, in order to rein in healthcare costs, we anticipate that federal and state governments will continue to review and assess alternate healthcare delivery systems, payment methodologies and operational requirements for healthcare providers, including long-term care facilities and pharmacies. Given the continuous debate regarding the cost of healthcare, managed care and other healthcare issues, we cannot predict with any degree of certainty what additional healthcare initiatives, if any, will be implemented or the effect any future legislation or regulation will have on our business. Longer term, funding for federal and state healthcare programs must consider the aging of the population and the growth in enrollees as eligibility is expanded; the escalation in drug costs owing to higher drug utilization among seniors and the introduction of new, more efficacious but also more expensive medications; the implementation of the Medicare drug benefit for seniors; and the long-term financing of the entire Medicare program. Given competing national priorities, it remains difficult to predict the outcome and impact on us of any changes in healthcare policy relating to the future funding of the Medicare and Medicaid programs. Further, Medicaid and/or Medicare payment rates for pharmaceutical supplies and services may not continue to be based on current methodologies or remain comparable to present levels. Any future healthcare legislation or regulation may adversely affect our business.

If we fail to comply with licensure requirements, fraud and abuse laws or other applicable laws, we may need to curtail operations, and could be subject to significant penalties.

Our pharmacy business is subject to extensive and often changing federal, state and local regulations, and our pharmacies are required to be licensed in the states in which they are located or do business. While we continuously monitor the effects of regulatory activity on our operations and we currently have pharmacy licenses for each pharmacy we operate, the failure to obtain or renew any required regulatory approvals or licenses could adversely affect the continued operation of our business. The long-term care facilities that contract for our services are also subject to federal, state and local regulations and are required to be licensed in the states in which they are located. The failure by these long-term care facilities to comply with these or future regulations or to obtain or renew any required licenses could result in our inability to provide pharmacy services to these facilities and their residents. We are also subject to federal and state laws that prohibit some types of direct and indirect payments between healthcare providers. These laws, commonly known as the fraud and abuse laws, prohibit payments intended to induce or encourage the referral of patients to, or the recommendation of, a particular provider of items or services. Violation of these laws can result in loss of licensure, civil and criminal penalties and exclusion from the Medicaid, Medicare and other federal healthcare programs.

We expend considerable resources in connection with our compliance efforts. We believe that we are in compliance in all material respects with state and federal regulations applicable to our business.

Federal and state laws that protect patient health information may increase our costs and limit our ability to collect and use that information.

Our company and the healthcare industry generally also are impacted by the Health Insurance Portability and Accountability Act of 1996, or HIPAA, which mandates, among other things, the adoption of standards to enhance the efficiency and simplify the administration of the healthcare system. HIPAA requires the Department of Health and Human Services to adopt standards for electronic transactions and code sets for basic healthcare transactions such as payment and remittance advice (“transaction standards”); privacy of individually identifiable healthcare information (“privacy standards”); security and electronic signatures (“security standards”), as well as unique identifiers for providers, employers, health plans and individuals; and enforcement. In many of our operations, we are a healthcare provider, required to comply in our operations with these standards and subject to significant civil and criminal penalties for failure to do so. In addition, we provide services to customers that also are healthcare providers and are required to provide satisfactory written assurances to those customers that we will provide those services subject to the requirements of the privacy standards. The transaction standards have gone into effect, although we and most other covered entities in the healthcare industry received an extension until October 2003 to comply. However, in September 2003, CMS acknowledged that not all healthcare providers were capable of submitting HIPAA-compliant claims transactions, and therefore adopted a contingency plan for Medicare that would permit the continued use of non-compliant electronic transactions in order to avoid disruption of providers’ cash flow due to rejection of non-HIPAA compliant claims. This contingency plan will continue in effect until terminated by CMS. On February 27, 2004, CMS instructed Medicare carriers and fiscal intermediaries that, as of July 6, 2004, HIPAA non-compliant claims may be paid no earlier than 27 days after receipt, while HIPAA-complaint claims are eligible for payment 14 days from receipt. Most health plans and healthcare providers such as us were required to comply with the privacy standards by April 2003. In February 2003, the Department of Health and Human Services published standards for the security of electronic health information. We were required to comply with the requirements of the security standards by April 2005 and believe that we are in compliance with such standards. CMS published a rule in January 2004 announcing the adoption of the National Provider Identifier as the standard unique health identifier for healthcare providers to use in filing and processing healthcare claims and other transactions. This rule became effective May 23, 2005, with a compliance date of May 23, 2007. Based on current information, we believe we will be able to fully comply with HIPAA requirements, however, at this time we cannot estimate the cost of compliance or if implementation of the HIPAA standards will result in an adverse effect on our operations or profitability, or that of our customers.

We are subject to additional risks relating to our acquisition strategy.

One component of our strategy contemplates our making selected acquisitions. Acquisitions involve inherent uncertainties. These uncertainties include our ability to consummate proposed acquisitions on favorable terms or at all, the effect on acquired businesses of integration into a larger organization and the availability of management resources to oversee the operations of these businesses. The successful integration of acquired businesses will require, among other things:

- consolidation of financial and managerial functions and elimination of operational redundancies;
- achievement of purchasing efficiencies;
- the addition and integration of key personnel; and
- the maintenance of existing business.

Even though an acquired business may have experienced positive financial performance as an independent company prior to an acquisition, we cannot be sure that the business will continue to perform positively after an acquisition.

We also may acquire businesses with unknown or contingent liabilities, including liabilities for failure to comply with healthcare laws and regulations. We have policies and procedures to conduct reviews of potential

[Table of Contents](#)

acquisition candidates for compliance with healthcare laws and to conform the practices of acquired businesses to our standards and applicable laws. We also generally seek indemnification from sellers covering these matters. We may, however, incur material liabilities for past activities of acquired businesses.

We cannot be sure of the successful completion or integration of any acquisition or that an acquisition will not have an adverse impact on our results of operations or financial condition.

We operate in highly competitive businesses.

The long-term care pharmacy business is highly regionalized and, within a given geographic region of operations, highly competitive. Our largest competitors nationally are Pharmerica, Inc., a subsidiary of AmerisourceBergen Corporation and Kindred Pharmacy Services, a division of Kindred Healthcare, Inc. In the geographic regions we serve, we also compete with numerous local retail pharmacies, local and regional institutional pharmacies and pharmacies owned by long-term care facilities. While we compete on the basis of quality, cost-effectiveness and the increasingly comprehensive and specialized nature of our services, along with the clinical expertise, pharmaceutical technology and professional support we offer, competitive pricing pressures may affect our profitability.

Our contract research organization, or CRO, business, competes against other full-service CROs and client internal resources. The CRO industry is highly fragmented with a number of full-service contract research organizations and many small, limited-service providers, some of which serve only local markets. Clients choose a CRO based upon, among other reasons, reputation, references from existing clients, the client's relationship with the organization, the organization's experience with the particular type of project and/or therapeutic area of clinical development, the organization's ability to add value to the client's development plan, the organization's financial stability and the organization's ability to provide the full range of services required by the client.

We are dependent on our senior management team and our pharmacy professionals.

We are highly dependent upon the members of our senior management and our pharmacists and other pharmacy professionals. Our business is managed by a small number of key management personnel who have been extensively involved in the success of our business, including Joel F. Gemunder, our President and Chief Executive Officer. If we were unable to retain these persons, we might be adversely affected. There is a limited pool of senior management personnel with significant experience in our industry. Accordingly, we believe we could experience significant difficulty in replacing key management personnel. Although we have employment contracts with our key management personnel, these contracts generally may be terminated without cause by either party.

In addition, our continued success depends on our ability to attract and retain pharmacists and other pharmacy professionals. Competition for qualified pharmacists and other pharmacy professionals is strong. The loss of pharmacy personnel or the inability to attract, retain or motivate sufficient numbers of qualified pharmacy professionals could adversely affect our business. Although we generally have been able to meet our staffing requirements for pharmacists and other pharmacy professionals in the past, our inability to do so in the future could have a material adverse effect on us.

OUR COMPANY

We are a leading geriatric pharmaceutical services company. We are the nation's largest provider of pharmaceuticals and related pharmacy services to long-term healthcare institutions. Our clients include primarily skilled nursing facilities, assisted living facilities, retirement centers, independent living communities, hospitals, hospice and other healthcare settings. We provide our pharmacy services to long-term care facilities and other chronic care settings, comprising approximately 1,441,000 beds in 47 states, the District of Columbia and in Canada. We purchase, repackage and dispense pharmaceuticals, both prescription and non-prescription, and provide computerized medical record keeping and third-party billing for residents in those facilities. We also provide consultant pharmacist services, including evaluating monthly patient drug therapy, monitoring the drug distribution system within the nursing facility, assisting in compliance with state and federal regulations and providing proprietary clinical and health management programs. In addition, we provide ancillary services, such as administering medications and nutrition intravenously (infusion therapy services) and furnishing respiratory therapy services, medical supplies and equipment and clinical care planning and financial software information systems to our client facilities. As well, we provide operational software and support systems to long-term care pharmacy providers across the United States. We provide pharmaceutical distribution and patient assistance services for specialty pharmaceuticals. We also provide comprehensive product development and research services for the pharmaceutical, biotechnology, medical device and diagnostic industries in 30 countries as of September 30, 2005.

Our primary line of business is the distribution of pharmaceuticals, related pharmacy consulting and other ancillary services, data management services and medical supplies to skilled nursing facilities, assisted living facilities and other providers of healthcare services. We serve this market primarily through our national network of pharmacies, which are dedicated to serving skilled nursing, assisted living and other institutional healthcare facilities and are strategically located throughout the United States. We typically service long-term care facilities within a 150-mile radius of our pharmacy locations and maintain a 24-hour, seven-day per week, on-call pharmacist service for emergency dispensing and delivery and for consultations with the facility's staff or attending physicians. We utilize a unit-of-use distribution system. This means that our prescriptions are packaged for dispensing in individual doses. This differs from prescriptions filled by retail pharmacies, which typically are dispensed in vials or other bulk packaging requiring measurement of each dose by or for the patient. Our delivery system is intended to improve control over pharmaceutical distribution and patient compliance with drug therapy by increasing the accuracy and timeliness of drug administration. In conjunction with our delivery system, our record keeping/documentation system is designed to result in greater efficiency in nursing time, improved control and reduced waste in client facilities, and lower error rates in both dispensing and administration. We also furnish intravenous administration of medication and nutrition therapy and respiratory therapy services, medical supplies and equipment and clinical care planning and software support systems. We believe we distinguish ourselves from many of our competitors by also providing proprietary clinical programs. For example, we have developed a ranking of drugs based on their relative clinical effectiveness for the elderly and by cost to the payor. We use these rankings, which we call the Omnicare Geriatric Pharmaceutical Care Guidelines(R), or Omnicare Guidelines, to more effectively manage patient care and costs. In addition, we provide health and outcomes management programs for the large base of elderly residents of the long-term care facilities we serve.

Our principal executive offices are located at 100 East RiverCenter Boulevard, Covington, Kentucky, 41011, and our telephone number is (859) 392-3300. Our corporate website address is www.omnicare.com. Information contained on our website is not part of this prospectus.

USE OF PROCEEDS

Unless we indicate otherwise in an accompanying prospectus supplement, we intend to use the net proceeds from the sale of the securities offered by this prospectus for general corporate purposes, which may include, but not be limited to, refinancing of indebtedness, working capital, capital expenditures, acquisitions and repurchases and redemptions of securities.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our consolidated ratio of earnings to fixed charges for the periods indicated:

	Year Ended December 31,					Nine Months Ended	
	2000	2001	2002	2003	2004	September 30, 2004	2005
Ratio of earnings to fixed charges (1)(2)	2.2x	2.8x	4.0x	4.3x	5.3x	5.6x	3.8x

- (1) Our ratio of earnings to fixed charges has been computed by adding income before income taxes and fixed charges to derive adjusted income, and dividing adjusted income by fixed charges. Fixed charges consist of interest expense on debt (including the amortization of debt expense) and one-third (the proportion deemed representative of the interest proportion) of rent expense.
- (2) Our ratio of earnings to combined fixed charges and preferred stock dividends for the periods indicated above are the same as our ratios of earnings to fixed charges set forth above because we had no shares of preferred stock outstanding during the periods indicated and currently have no shares of preferred stock outstanding.

DESCRIPTION OF DEBT SECURITIES AND GUARANTEES OF DEBT SECURITIES

We may issue debt securities either separately, or together with, or upon the conversion of or in exchange for, other securities. The debt securities will be our subordinated obligations, which we refer to as “subordinated debt securities.” The subordinated debt securities of any series may be our senior subordinated obligations, subordinated obligations, junior subordinated obligations or may have such other ranking as will be described in the relevant prospectus supplement. We may issue any of these types of debt securities in one or more series. Our subordinated debt securities may be issued from time to time under a subordinated debt securities indenture.

The applicable prospectus supplement and the form of indenture relating to any particular debt securities offered will describe the specific terms of that series. When evaluating the debt securities, you also should refer to all provisions of the indenture and the debt securities. We can issue an unlimited amount of debt securities under the indenture. However, certain of our existing or future debt agreements may limit the amount of debt securities we may issue. We can issue debt securities from time to time and in one or more series as determined by us. In addition, we can issue debt securities of any series with terms different from the terms of debt securities of any other series and the terms of particular debt securities within any series may differ from each other, all without the consent of the holders of previously issued series of debt securities.

In addition, the prospectus supplement relating to a series of subordinated debt securities will describe our rights, if any, to defer payments of interest on the subordinated debt securities by extending the interest payment period.

Debt securities may be issued as original issue discount securities to be sold at a discount below their principal amount or at a premium above their principal amount. In the event of an acceleration of the maturity of any original issue discount security, the amount payable to the holder upon acceleration will be determined in the manner described in the applicable prospectus supplement.

The above is not intended to be an exclusive list of the terms that may be applicable to any debt securities and we are not limited in any respect in our ability to issue debt securities with terms different from or in addition to those described above or elsewhere in this prospectus, provided that the terms are not inconsistent with the indenture. Any applicable prospectus supplement also will describe any special provisions for the payment of additional amounts with respect to the debt securities.

Guarantees

Debt securities may be guaranteed by certain of our domestic subsidiaries, if so provided in the applicable prospectus supplement. The prospectus supplement will describe the terms of any guarantees, including, among other things, the method for determining the identity of the guarantors and the conditions under which guarantees will be added or released. Any guarantees will be joint and several obligations of the guarantors. The obligations of each guarantor under its guarantee will be limited as necessary to prevent that guarantee from constituting a fraudulent conveyance or fraudulent transfer under applicable law.

PLAN OF DISTRIBUTION

We may sell the securities to one or more underwriters for public offering and sale by them or may sell the securities to investors through agents or dealers. Any underwriter or agent involved in the offer and sale of the securities will be named in the applicable prospectus supplement. We also reserve the right to sell securities directly to investors in those jurisdictions where we are authorized to do so.

The distribution of securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, or from time to time at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices. We also may, from time to time, authorize underwriters acting as our agents to offer and sell the securities upon the terms and conditions set forth in any prospectus supplement. In connection with the sale of the securities, underwriters may be deemed to have received compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the securities for whom they may act as agent.

If a dealer is utilized in the sale of the securities in respect of which this prospectus is delivered, we may sell the securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale.

Any underwriting compensation paid by us to underwriters or agents in connection with the offering of the securities, and any discounts, concessions or commissions allowed by underwriters to participating dealers, will be set forth in an applicable prospectus supplement. Underwriters, dealers and agents participating in the distribution of the securities may be deemed to be underwriters under the Securities Act, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act. Underwriters, dealers and agents may be entitled under agreements with us to indemnification against and contribution toward certain civil liabilities, including liabilities under the Securities Act, and to reimbursement by us for certain expenses.

In connection with underwritten offerings of securities, underwriters may over-allot or effect transactions that stabilize, maintain or otherwise affect the market price of the offered securities at levels above those that might otherwise prevail in the open market, including by entering stabilizing bids, effecting syndicate covering transactions or imposing penalty bids, each of which is described below.

A stabilizing bid means the placing of any bid, or the effecting of any purchase, for the purpose of pegging, fixing or maintaining the price of a security.

A syndicate covering transaction means the placing of any bid on behalf of the underwriting syndicate or the effecting of any purchase to reduce a short position created in connection with the offering.

A penalty bid means an arrangement that permits the managing underwriter to reclaim a selling concession from a syndicate member in connection with the offering when offered securities originally sold by the syndicate member are purchased in syndicate covering transactions.

These transactions may be effected on the New York Stock Exchange, in the over-the-counter market or otherwise. Underwriters are not required to engage in any of these activities, or to continue the activities if commenced.

If so indicated in an applicable prospectus supplement, we may authorize dealers acting as our agents to solicit offers by institutions to purchase the securities from us or it at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on the date or dates stated in the prospectus supplement. Each delayed delivery contract will be for an amount not less than, and the aggregate principal amount or offering price of the securities sold pursuant to delayed delivery contracts will not be less nor more than, the respective amounts stated in the prospectus supplement. Institutions with whom

Table of Contents

delayed delivery contracts, when authorized, may be entered into include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and other institutions, but will in all cases be subject to approval by us.

The securities also may be offered and sold, if so indicated in the prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more firms ("remarketing firms"), acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreement, if any, with us and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters in connection with the securities remarketed thereby. Remarketing firms may be entitled under agreements which may be entered into with us to indemnification by us against certain liabilities, including liabilities under the Securities Act.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third parties in such sale transactions will be underwriters and, if not identified in this prospectus, will be identified in the applicable prospectus supplement (or a post-effective amendment).

The securities may or may not be listed on a national securities exchange or a foreign securities exchange. Securities offered may be a new issue of securities with no established trading market. Any underwriters to whom or agents through whom these securities are sold by us for public offering and sale may make a market in these securities, but such underwriters or agents will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of or the trading market for any such securities.

One or more of the underwriters, dealers or agents, and/or one or more of their respective affiliates, may be a lender under our credit agreements and may provide other commercial banking, investment banking and other services to us and/or our subsidiaries and affiliates in the ordinary course of business.

LEGAL MATTERS
