PROXY STATEMENT

WORLD FUEL SERVICES CORPORATION

9800 Northwest 41st Street, Fourth Floor
Miami, Florida 33178

ANNUAL MEETING OF SHAREHOLDERS

to be held on June 20, 2005

INTRODUCTION

This proxy statement is furnished to the shareholders of WORLD FUEL SERVICES CORPORATION in connection with the solicitation of proxies by our Board of Directors (the “Board”) for the 2005 annual meeting of shareholders (the “Annual Meeting”) to be held at the place and time, and for the purposes, set forth in the attached notice of meeting.

The terms “World Fuel,” “company,” “we,” “our” and “us” used in this proxy statement refer to World Fuel Services Corporation and its subsidiaries unless the context otherwise requires. All common stock and stock option values and amounts, and all option exercise prices, shown in this proxy statement have been restated to reflect the two-for-one split of our common stock which occurred on February 1, 2005.

Pursuant to our By-Laws, the Board has ordered the Annual Meeting of Shareholders to be held on June 20, 2005, and has fixed the close of business on April 22, 2005, as the record date (the “Record Date”) for the determination of shareholders entitled to receive notice of, and to vote at, the Annual Meeting or any adjournment or postponement thereof.

This proxy statement and the accompanying proxy form are first being sent to shareholders on or about May 20, 2005. Our annual report for the fiscal year ended December 31, 2004, including the consolidated financial statements, is being mailed to each shareholder together with this Proxy Statement.

PROXIES AND VOTING

As of the Record Date, we had 22,870,289 outstanding shares of common stock (net of treasury stock), par value \$.01 per share (the “Common Stock”), which constitute our only class of voting securities. The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the Annual Meeting.

Proxies in the accompanying form, properly executed, duly returned to us and not revoked, will be voted in the manner specified. If no instructions are specified in the proxy, proxies will be voted in favor of: (i) the election of the Director nominees named in this proxy statement; and (ii) ratifying the selection of PricewaterhouseCoopers LLP as our independent auditors for the 2005 fiscal year. Returning a signed proxy will not affect your right to attend the

Table of Contents

Annual Meeting and to vote in person, since proxies are revocable. A proxy for the Annual Meeting may be revoked at any time prior to its use by submission of a later dated proxy, by delivery of written notice of revocation to our Corporate Secretary, or by voting in person at the Annual Meeting. Presence at the Annual Meeting does not of itself revoke a proxy.

Each holder of Common Stock on the Record Date is entitled to cast one vote per share, exercisable in person or by proxy, at the Annual Meeting. Directors are elected by a plurality vote of the shares of Common Stock present in person or represented by proxy at the Annual Meeting. All other matters to be considered at the Annual Meeting shall be approved if the votes cast in favor of the action exceed the votes cast opposing the action.

As of the Record Date, the eight nominees for Director beneficially owned a total of 1,040,601 shares of Common Stock, or approximately 4.6% of the shares of Common Stock outstanding. The nominees have informed us that they intend to vote their shares of Common Stock to elect themselves to the Board and in favor of the other proposals shown on the proxy. See “Principal Shareholders and Security Ownership of Management” below.

Under the laws of Florida, our state of incorporation, only the votes cast at the Annual Meeting or pursuant to a proxy will be counted in determining whether a director has been elected or a proposal has been approved. Abstentions and broker “non-votes” will not be counted in determining the outcome of the matter subject to vote, but will be counted in determining whether a quorum is present. A broker “non-vote” occurs when a broker or nominee holding shares for a beneficial owner does not vote on a proposal because the broker or nominee: (a) has not received voting instructions on a particular matter from the beneficial owner, and (b) does not have discretionary voting power on the matter. Votes at the Annual Meeting will be counted by an independent inspector of election appointed by the Board.

All stockholder meeting proxies, ballots, and tabulations that identify stockholders are kept confidential, and no such document shall be available for examination, nor shall the identity or the vote of any stockholder be disclosed, except as may be necessary to meet legal requirements.

COSTS OF SOLICITATION

The entire cost of soliciting proxies for the Annual Meeting will be borne by World Fuel. Solicitation of proxies may be made through personal calls upon, or telephone or other communications with, shareholders or their representatives by our officers and employees, who will receive no additional compensation therefor.

PROPOSAL NO. 1 – ELECTION OF DIRECTORS

Eight individuals have been nominated to serve as Directors for the ensuing year and until their successors shall have been duly elected and qualified. The persons named as proxies in the accompanying proxy form have advised management that unless authority is withheld in the proxy, they intend to vote for the election of the individuals listed in the table on the following page. Management does not contemplate that any of the nominees named in the table will be unable, or will decline, to serve; however, if any of the nominees is unable to serve, or declines to serve, the persons named in the accompanying proxy form may vote for another person, or persons, in their discretion, unless the Board chooses to reduce the number of Directors serving on the Board.

The following table sets forth certain information with respect to each nominee for election to the Board. All of the nominees currently serve as Directors. A summary of the background and experience of each nominee is set forth in the paragraphs following the table. Luis R. Tinoco, a Director since 1997, was not nominated for reelection, and resigned from the Board on April 25, 2005.

BOARD OF DIRECTORS

During the fiscal year ended December 31, 2004, the Board held six formal meetings and acted two times by unanimous written consent. The Board has three committees, the Audit Committee, the Compensation Committee, and the Governance Committee. All of the Directors attended at least 75% of the meetings of the Board and of the Board committees on which they served.

Corporate Governance Matters

The Board has established and adopted Corporate Governance Principles which govern the appointment, retention, responsibilities, qualifications and conduct of the Board and its committees. The Corporate Governance Principles require that all non-employee directors meet the standards for independence required by the listing standards of the New York Stock Exchange (the "NYSE"). In addition, members of our Audit Committee must also meet the independence standards for audit committee members adopted by the Securities and Exchange Commission (the "SEC").

The Board has determined that all six non-employee Director nominees are independent pursuant to the listing standards of the NYSE. In addition, the Board has determined that all of the members of the Audit Committee meet the independence standards for audit committee members adopted by the SEC.

Our six non-employee directors comprise our Governance Committee, and meet in executive session (without management present) prior to each scheduled Board meeting, and at

Table of Contents

other times as may be deemed necessary. Each meeting of the independent directors is presided over by John R. Benbow, as Chairman of the Governance Committee.

All of our employees, officers (including senior executive, financial and accounting officers) and Directors are held accountable for adherence to our Code of Business Conduct and Ethics (the "Code of Ethics"). The Code of Ethics is intended to establish standards necessary to deter wrongdoing and to promote compliance with applicable governmental laws, rules and regulations and honest and ethical conduct. The Code of Ethics covers all areas of professional conduct, including conflicts of interest, fair dealing, financial reporting and disclosure, protection of our assets and confidentiality. Waivers of any provision of the Code of Ethics for executive officers and Directors may only be granted by the Board or one of its committees and any waiver or modification of the Code of Ethics relating to such individuals will be disclosed by us.

We encourage employees and others to report violations of the Code of Ethics and any other unlawful or inappropriate practices they discover relating to our business. The Code of Ethics sets forth procedures for employees to file confidential and anonymous reports of any such violations or practices. In addition, the Audit Committee has established procedures to receive, retain and treat complaints regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. The procedure for employees to contact the Audit Committee regarding questionable accounting or auditing matters is set forth in the Code of Ethics. We have advised employees of our policy to not retaliate or take any other detrimental action against employees who submit such complaints in good faith.

It is our policy that each Director should attend all meetings of shareholders, absent extenuating circumstances. All of our Directors attended the 2004 annual meeting of shareholders.

Our Corporate Governance Principles, the Code of Ethics, and the charters of each of the Audit Committee, the Compensation Committee, and the Governance Committee are available on our website (<http://www.wfscorp.com>), under the heading "About Us - Corporate Governance." Copies of these documents may also be obtained by any shareholder, without charge, by writing to our Corporate Secretary, R. Alexander Lake, at our address shown below.

Any shareholder can contact our Board, any Board Committee, or any individual Director by writing to any of them, c/o the Corporate Secretary, at our principal office, 9800 Northwest 41st Street, Miami, Florida 33178, or by sending an email to the Corporate Secretary at "complianceofficer@wfscorp.com." Any communications received from interested parties in the manner described above will be collected and organized by our Corporate Secretary and will be periodically, but in any event prior to each regularly-scheduled Board meeting, reported and/or delivered to the appropriate Director or Directors.

Our governance principles provide that Directors may serve on the Board until the annual meeting next following their 73rd birthday, unless the Board determines to waive this retirement age. The Board has decided to waive the retirement age for John Benbow, because of his extensive knowledge regarding our operations and his continued valuable contributions to the Board and its committees.

The Governance Committee

The Governance Committee was formed in October 2002 and consists of our six independent Directors: John R. Benbow, Myles Klein, Jerome Sidel, Ken Bakshi, Richard A. Kassar and J. Thomas Presby. The Board has determined that each member of the Governance Committee is independent pursuant to the NYSE listing standards. The committee operates pursuant to a written charter which is posted on our website, as described in the preceding section. John R. Benbow serves as Chairman of the Governance Committee. The Governance Committee meets in executive session (without management present) prior to each scheduled Board meeting, and at other times as may be necessary to perform the committee's functions. Each meeting of the Governance Committee is presided over by the Chairman of the Committee. Four of these meetings were held during the fiscal year ended December 31, 2004.

The primary functions of the Governance Committee are to recommend to the Board the corporate governance principles and policies applicable to us; to lead the Board in its annual performance evaluation of the Board and individual members; to identify individuals qualified to become members of the Board, and to recommend to the Board the Director nominees for the next annual meeting of shareholders; to recommend to the Board the members to serve on the Board's committees; and, together with the Compensation Committee, to determine compensation of our senior executive officers and our non-employee Directors. In the first quarter of 2005, members of each of the three Board committees conducted evaluations of their committee's performance during 2004, in accordance with the requirements of their committee charters, and reviewed those evaluations in a meeting of the Governance Committee.

The Governance Committee has adopted a policy with respect to the nomination and evaluation of Director candidates. Pursuant to this policy, the committee will consider nominees for Director recommended by shareholders. If a shareholder wishes to recommend a candidate for Director, the shareholder should submit a written nomination to the Governance Committee, c/o our Corporate Secretary, 9800 NW 41st Street, Suite 400, Miami, FL 33178. This written nomination must be submitted by December 1, 2005, for candidates to be nominated for election at the 2006 annual meeting. Upon receipt of a nomination, the Corporate Secretary will advise the nominating shareholder of the additional information regarding the background and experience of the nominee which will be required so that the Governance Committee can evaluate the candidate. In addition to considering candidates suggested by shareholders, the committee considers potential candidates recommended by current Directors, employees and others. The committee may also retain professional search firms to identify Director candidates. The committee has the sole authority to approve the fees and other retention terms of any such firms.

In considering Board nominees, the Governance Committee reviews various skills and characteristics required of Board members in the context of the current composition of the Board. Although there are no specific, minimum qualifications that must be met by each nominee, the committee generally evaluates the candidate's intellect, integrity and judgment, and his or her knowledge, skills and experience, including experience in the marine and aviation fuel industry, securities markets, business, finance and public service. The committee makes this determination in the context of an assessment of the perceived needs of the Board at the time of the evaluation.

Table of Contents

The Governance Committee evaluates all nominees for Director based on the above criteria, including nominees recommended by shareholders. All nominees for Director included on the enclosed proxy card are currently serving on our Board.

The Audit Committee

The Audit Committee consists of J. Thomas Presby, Chairman, Myles Klein, John R. Benbow, and Richard Kassar. The Audit Committee held five formal meetings during the fiscal year ended December 31, 2004.

The Audit Committee operates pursuant to a written charter which is available on our website at <http://www.wfscorp.com>. A copy is attached as Appendix A to this Proxy Statement. In accordance with the NYSE listing standards, the charter addresses the purpose, duties and responsibilities, and requires an annual performance evaluation, of the Audit Committee. The charter was first adopted in 2000 and most recently amended in March 2005.

The Board has determined that all of the members of the Audit Committee meet the NYSE standards of independence, financial literacy and accounting or related financial management expertise, and the SEC's requirements with respect to independence of audit committee members. The Board has determined that at least one member of the Audit Committee, J. Thomas Presby, meets the SEC's definition of an "audit committee financial expert."

Our management is responsible for preparing our consolidated financial statements and for the financial reporting process. The independent auditors are responsible for expressing an opinion on the conformity of our consolidated financial statements to accounting principles generally accepted in the United States. Acting for the Board, the Audit Committee provides oversight of the financial reporting process and the internal control system. More specifically, the Audit Committee performs the following principal functions: reviews the qualifications, independence and performance of our independent auditors; approves the appointment of independent auditors for the ensuing year; reviews the scope and budget for the annual audit; reviews with the independent auditors the results of the audit engagement, including a review of the consolidated financial statements and the management letter; approves all audit and non-audit services provided by the independent auditors; reviews the scope of, and compliance with, our internal controls; reviews the effectiveness of our internal audit function; and recommends to the Board that the audited consolidated financial statements be included in our annual report on Form 10-K.

The Audit Committee has adopted policies for pre-approving all non-audit work performed by our independent auditors. These policies are described in the section of this Proxy Statement titled "Proposal No. 2 - Ratification of Independent Auditors."

Report of the Audit Committee

The Audit Committee has reviewed and discussed with management and with the independent auditors the audited consolidated financial statements for the fiscal year ended December 31, 2004. The Audit Committee has also performed the other reviews and duties set

Table of Contents

forth in its charter. The committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees. Additionally, the Audit Committee has: (i) received from the independent auditors the written disclosures required by Independence Standards Board No. 1, Independence Discussions with Audit Committees; (ii) considered whether the provision of tax and accounting research and other non-audit services by our independent auditors is compatible with maintaining the auditors' independence; and (iii) discussed with the independent auditors their independence from us and our management.

In reliance on the foregoing reviews and discussions, the Audit Committee recommended to the Board that the audited consolidated financial statements referred to above be included in our annual report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the SEC.

J. Thomas Presby, Chairman
Myles Klein, Member
John R. Benbow, Member
Richard Kassar, Member

The Compensation Committee

The Compensation Committee consists of John R. Benbow, Chairman, Ken Bakshi and Jerome Sidel. The Board has determined that each member of the Compensation Committee is independent pursuant to the NYSE listing standards. The committee operates pursuant to a written charter which is available on our website at <http://www.wfscorp.com>. During the fiscal year ended December 31, 2004, the Compensation Committee held twelve formal meetings, and acted once by unanimous written consent.

The Compensation Committee is responsible for establishing and administering our executive compensation programs. The committee periodically reviews the total compensation for our executive officers, and reviews senior management's recommendations regarding the compensation of other officers. The Compensation Committee submits its determinations with respect to the compensation of executive officers to the Governance Committee for review; if the Governance Committee objects to any compensation decision, the Compensation Committee must reconvene and reconsider the matter, in light of the Governance Committee's objection. The Compensation Committee's report on executive compensation is set forth in the "Compensation of Executive Officers" section of this Proxy Statement.

Compensation of Directors

Annual Fees. Directors who are not employed by us receive an annual fee of \$35,000. Members of the Audit and Compensation Committees of the Board receive an additional fee of \$3,500 per year, and chairpersons of the Audit, Compensation and Governance committees receive an additional \$6,250 per year. Directors who are employed by us do not receive additional compensation for serving as Directors.

Table of Contents

Stock Options. Pursuant to the 1993 Non-Employee Directors Stock Option Plan (the “1993 Plan”), each Director who is not employed by us receives annual stock options to purchase our common stock. Each non-employee Director receives a non-qualified option to purchase 10,000 shares when such person is first elected to the Board and receives a non-qualified option to purchase 10,000 shares each year that the individual is re-elected to the Board. If a director is elected to the Board during the course of the fiscal year, he receives a pro-rated portion of the 10,000 share stock option.

All options granted under the 1993 Plan fully vest and are exercisable on the date of grant; provided, if a Director is not initially elected at an annual meeting, his option will vest one year after the date the option is granted. Under the 1993 Plan, each grant of options to a non-employee Director remains exercisable for a term of five years from the grant date so long as such non-employee Director remains a member of the Board. The exercise price for options granted under the 1993 Plan may not be less than the fair market value of the Common Stock, which is defined as the closing price for the Common Stock at the end of the day preceding the date of grant.

As of December 31, 2004, options to purchase 236,000 shares of the Company’s Common Stock remain outstanding under the 1993 Plan and 96,276 shares are available for future grant. The exercise prices of the options granted and outstanding under the 1993 Plan range from \$3.50 to \$22.13 per share. The outstanding options at December 31, 2004 expire between September 2005 and May 2009.

On May 27, 2004, the seven non-employee Directors who were elected to the Board on that date (i.e., Messrs. Benbow, Klein, Sidel, Tinoco, Bakshi, Kassar and Presby) each received options to purchase 10,000 shares at an exercise price of \$22.13 per share. During the fiscal year ended December 31, 2004, the non-employee Directors as a group exercised options to purchase an aggregate of 5,000 shares of Common Stock at an exercise price of \$6.84 per share.

Stock Grants. To further promote Director stock ownership, we issue to each of the non-employee Directors 2,000 shares of Common Stock each year, upon his re-election to the Board, at no cost to the Director. All of these shares vest immediately. These stock grants are in addition to, and not in lieu of, options granted under the 1993 Plan. The stock grants for 2005 will be made immediately after the Annual Meeting.

In 2003, the Board adopted a Stock Deferral Plan for non-employee Directors to enable them to defer their stock grants. Each non-employee Director may elect to have his or her annual stock grants paid in stock units, in lieu of stock, with each stock unit being equivalent to one share of our Common Stock and deferred as provided in the Stock Deferral Plan. As of each cash dividend payment date with respect to Common Stock, each participant in the Stock Deferral Plan shall have credited to his or her account, as maintained by us, a number of stock units equal to the quotient obtained by dividing: (a) the product of (i) the cash dividend payable with respect to each share of Common Stock on such date, and (ii) the total number of stock units credited to his or her account as of the close of business on the record date applicable to such dividend payment date, by (b) the fair market value of one share of Common Stock on such dividend payment date. The total number of stock units credited to the participant’s account shall be paid to the Director by issuing him an equal number of shares of Common Stock, upon his retirement as a Director or upon a change of control of World Fuel. In 2004 and 2003, three Directors elected to defer their stock grants pursuant to this plan.

Long-Term Incentive Awards in 2004

In 2004, we granted long-term incentive awards (“LTIP awards”) to the named executive officers, but the grants were cancelled in September 2004. LTIP awards can be earned by the named executive officers upon achievement of long-term performance goals, measured over a series of rolling three-year performance periods, with the first period commencing in January 2003. Because the first LTIP awards were made in 2003, no LTIP awards have been paid to date.

Executive Employment Agreements

Paul H. Stebbins, our Chief Executive Officer, and Michael J. Kasbar, our Chief Operating Officer, are employed pursuant to employment agreements that contain substantially similar terms, and expire in July 2007. Under their employment agreements, Messrs. Stebbins and Kasbar each receive an annual base salary of \$525,000.

Messrs. Stebbins and Kasbar are eligible to receive annual bonuses and LTIP Awards pursuant to our Executive Incentive Plan. The Executive Incentive Plan was approved by shareholders at the 2004 annual meeting. Pursuant to this plan, annual bonuses are earned upon achievement of performance targets, which targets are currently based on diluted earnings per share growth and certain yearly objectives agreed upon by the executives and the Compensation Committee. The plan also provides for LTIP Awards which can be earned upon achievement of long-term performance goals, based on compound average annual growth rates (“CAGR”) in net income, as measured over a series of rolling three-year performance periods. For the year ended December 31, 2004, each of Messrs. Stebbins and Kasbar earned an annual bonus equal to \$1,050,000, or 200% of base salary. For 2005 and future years, different performance goals and measures may be agreed upon by the executives and the Compensation Committee.

Pursuant to their employment agreements, Messrs. Stebbins and Kasbar each is entitled to receive a cash severance payment if: (a) we terminate the executive for any reason other than death, disability or cause; (b) the executive resigns for good reason (generally a reduction in his responsibilities or compensation, or a breach by us), or resigns for any reason following a change of control; or (c) we elect not to renew the executive’s employment agreement upon expiration, for any reason other than cause. The severance payment is equal to two times the executive’s average salary and bonus during the three-year period preceding termination; provided, if (i) the termination occurs within three years after a change of control the multiple set forth above will be three instead of two, and (ii) in the case of a non-renewal, as described in item (c) above, the multiple will be one and the severance will be paid in 26 equal installments over a one-year period. Upon any such termination we will continue to provide coverage to the executive under our group insurance plans for up to three years, and all of the executive’s stock options, stock grants and SAR’s will immediately vest. For purposes of our employment agreements, a “change of control” is defined as set forth in our By-Laws.

The employment agreements with Messrs. Stebbins and Kasbar prohibit them from competing with us for a period of three years following the termination of employment for any reason.

<u>Name of Officer</u>	<u>Base Salary</u>	<u>Expiration Date</u>
Michael Clementi	\$425,000	March 31, 2007
Francis X. Shea	\$290,000	August 31, 2005
Robert S. Tocci	\$375,000	March 31, 2007

The three executive officers named above are eligible to receive annual bonuses and LTIP Awards, calculated as a percentage of base salary, if certain performance goals set by the Compensation Committee are achieved. The employment agreements with the three executive officers named above prohibit them from competing with us for a period of one year following the termination of employment for any reason.

Mr. Tocci's agreement entitles him to receive a severance payment if: (a) we refuse to renew his agreement for any reason other than cause, (b) Mr. Tocci terminates his employment for good reason or (c) we notify Mr. Tocci that we will not renew the agreement upon expiration and Mr. Tocci resigns within thirty days after receipt of this notice. The amount of the severance payment will be equal to the sum of six months salary plus fifty percent of the average annual bonus earned by Mr. Tocci for the two calendar years preceding the termination of his employment. In addition, if the agreement is terminated under the circumstances described in (c) above, Mr. Tocci will also be entitled to the salary payable over the remaining term of his employment agreement, plus a prorated bonus for the year of termination. If following a change of control, Mr. Tocci's employment is terminated without cause, or if he resigns for good reason, then in lieu of the amounts described above, the severance payment will be equal to (i) the greater of the salary payable over the remaining term of the agreement, or one year's salary, plus (ii) the average annual bonus earned by Mr. Tocci for the two calendar years preceding the termination.

Restricted Stock Grants. Under the 2001 Omnibus Plan, we granted 191,414 restricted shares during the calendar year ended December 31, 2002, 62,700 restricted shares during the fiscal year ended December 31, 2003, and 157,470 restricted shares during the fiscal year ended December 31, 2004. At December 31, 2004, there were 451,902 shares of unvested restricted stock outstanding, which shares will vest between March 2005 and March 2009.

Stock Appreciation Rights. Under the 2001 Plan, the Board is authorized to issue stock appreciation rights, or “SAR’ s.” Upon vesting, SAR’ s entitle an executive to receive a number of shares of Common Stock with a market value equal to the difference between: (a) the market value of a specified number of shares of Common Stock on the date the executive converts the SAR into Common Stock, and (b) the conversion price for such shares specified in the award. On March 14, 2005, Paul H. Stebbins, our Chief Executive Officer, and Michael J. Kasbar, our Chief Operating Officer, each received a SAR covering 70,000 shares. Of these SAR’ s, 50,000 shares have a conversion price of \$24.25 per share and 20,000 shares have a conversion price of \$28.60 per share. All of the SAR’ s will vest on January 27, 2007, and will expire on January 27, 2010. At the option of the executives, the SAR’ s may be converted into Common Stock, in whole or in part, at any time after the vesting date and before expiration.

Compensation Committee Report on Executive Compensation

General. The Compensation Committee is responsible for establishing and administering our executive compensation programs so that we can attract, motivate, reward and retain the management talent required to achieve sound growth and profitability. The committee also endeavors to maintain executive compensation reasonable relative to market standards and to the shareholder value created. The committee operates under a written charter adopted by the Board.

Table of Contents

The Compensation Committee annually determines company goals and objectives relevant to the Chief Executive Officer and the Chief Operating Officer, evaluates their performance in light of those goals and objectives, and establishes their compensation based on the evaluation. The committee also reviews and approves the compensation of the other named executive officers, based on the recommendations of the Chief Executive Officer and the Chief Operating Officer. The committee submits all of its principal actions to the other independent members of the Board for their concurrence.

To aid the committee in its responsibility to assure that compensation paid to management is reasonable and equitable, in 2004 the committee directed the company to prepare detailed reports on each of the five senior executives which reflected all components of their compensation for the period 2000 through 2004, including salary, bonus, equity and long-term compensation, accumulated realized and unrealized stock option and restricted stock gains, the number of shares retained from option exercises and vesting of restricted stock, the number of shares owned in comparison to our stock ownership requirements, and the value of all perquisites. For the Chief Executive Officer and the Chief Operating Officer, the reports also included the maximum payout obligations, including the value of equity assuming estimated growth rates, under several potential severance and change-in-control scenarios. These reports were reviewed with the other independent directors of the Board.

In its review of executive compensation, the Compensation Committee considers a number of factors, including: (1) the executive's individual performance and the performance of the business unit for which the executive is responsible; (2) the company's operating performance and the achievement of its strategic objectives; (3) business conditions in general and in our lines of business; (4) World Fuel's performance during the year in light of such conditions; and (5) market compensation for executives of similar background and experience.

In evaluating compensation levels, the committee has found few other public companies with which exact comparisons to World Fuel can be made, and therefore does not rely solely on surveys to set compensation. The committee believes that periodic goal-setting and achievement, rather than relative performance measurement, must be the foundation for its executive compensation programs. However, the committee does review pay levels at several other publicly held companies which are of a comparable size in terms of assets, number of employees, revenues and market capitalization. The committee also has retained the services of a compensation consultant to work solely with the committee to provide advice in the design and administration of our executive compensation programs.

Compensation Components. Executive compensation consists primarily of three components:

1. Base Salary. While base salaries are designed to be competitive in relation to industry standards and corporations of comparable size and complexity, it is the committee's belief that increases in salary should not be the primary source of increased compensation for senior executives.

2. Performance-based Annual Bonus. To align their total compensation with performance of the company, executives are eligible for annual bonuses for achieving challenging—not just incremental—incomes in profitability and other objectives. Our Executive Incentive Plan, approved by shareholders in 2004, directly links annual bonus levels to

Table of Contents

the company's financial performance. In 2004, the performance goals were based on increases in diluted earnings per share. In 2004, 66% of the cash compensation earned by our Chief Executive Officer and Chief Operating Officer was at risk, since it was based on the increase in diluted earnings per share over 2003.

3. Long-term Incentives. In the past, our long-term incentives were mostly periodic grants of incentive and non-qualified stock options, which are authorized under the Omnibus Plan last approved by shareholders in 2004. The committee has made awards both at market and at premiums of up to 120% of market. Following a trend in compensation programs that limited the use of stock options, the committee began in 2002 to award restricted stock, some of which vested only upon the achievement of specified performance targets, with vesting terms extending three to five years.

In evaluating the compensation components described above, the committee has considered that our executives do not receive pension or retirement benefits, so their salary, bonus and incentive awards are effectively the only compensation they will receive from World Fuel.

In 2004 the committee engaged its independent compensation consultant to prepare an extensive review of equity compensation programs being used by other companies in order to develop guidelines for the administration of our incentive programs.

With recent changes in accounting rules, the Committee has determined that stock appreciation rights (SARs) that are settled in stock have advantages over options, in that employees can exercise them without the assistance of a broker, and the company should have less dilution because it will issue only net shares in an amount equal to the difference between the option exercise price and the market price of the stock on the exercise date. SARs have the same accounting treatment as nonqualified stock options and will typically vest over three years. As with options, SARs provide recipients a direct incentive to focus on managing the company from the perspective of a shareholder.

In 2005, the committee expects to make awards of stock-settled SARs and/or restricted stock to the named executive officers

In order to provide a direct incentive to executive officers to increase earnings beyond the level at which maximum bonuses are earned under the Executive Incentive Plan, the committee approved an amendment to that plan that would provide for long-term incentive, or "LTIP," awards for the achievement of performance goals that are measured over rolling three-year performance periods, with the first period commencing January 2003. Target awards are possible only if net income grows at an 18% compound average annual rate ("CAGR") for the three-year period. The executive may earn 50% of the target award if the CAGR in earnings is at least 15%, and 200% of the target award if the CAGR in earnings is 21% or higher. The awards may be paid in cash or stock and the executive has the option to defer receipt, as determined by the committee.

In September 2004, the committee elected to reconsider the use of net income as the performance measure for LTIP awards due to an increase in the disparity between the growth rates of net income and diluted earnings per share. In connection with this decision, the committee agreed to suspend future LTIP awards and to cancel the LTIP award for the three-year performance period commencing January 2004. The LTIP award for the three-year performance

Table of Contents

period commencing January 2003 was left in effect and will result in a payout in early 2006 to the extent targets are met.

Employment Contracts. All of the named executive officers and certain other executives are compensated under employment contracts with different levels of base salary. Employment agreements generally extend for two to five years.

Stock Ownership and Holding Requirements. The Compensation Committee has established stock ownership requirements, to be achieved by December 31, 2005, for all executives that participate in the Executive Incentive Plan, based on multiples of base salary. Pursuant to these guidelines, our Chief Executive Officer and Chief Operating Officer are expected to own Common Stock having a value of at least three times their base salary. Other participants are expected to own Common Stock having a value that is at least equal to their base salary. In addition, beginning with equity grants awarded in 2005, recipients are required to hold, for a period of five years, 50% of the net shares received (after payment of the option exercise price and any applicable taxes) from the exercise of stock options or SARs or the vesting of restricted stock.

Internal Revenue Code Section 162(m). The Internal Revenue Code precludes us from taking a deduction for compensation in excess of one million dollars for any of the named executive officers, unless the compensation meets certain performance-based requirements. It is our policy to qualify, to the extent deemed reasonable by the committee, the compensation of the executive officers for deductibility under IRC Section 162(m).

Chief Executive Officer and Chief Operating Officer Compensation. In July 2002, the Board elected Mr. Stebbins Chairman and Chief Executive Officer and Mr. Kasbar President and Chief Operating Officer. Recognizing their 18-year relationship dating from the formation of Trans-Tec Services, Inc., which was acquired by us in 1995, and their partnership approach to the management of the company, the Compensation Committee agreed to set their compensation at the same level. At that time, Mr. Stebbins' salary was increased from \$500,000 to \$525,000 and Mr. Kasbar's salary was increased from \$487,500 to \$525,000. The committee reviewed their salary levels in the first quarter of 2005 and determined that they were appropriate and no adjustments were needed.

The annual incentive award for each executive, shown in the Summary Compensation Table, was based on the achievement of growth in earnings per share which exceeded the maximum award level provided for in the Executive Incentive Plan. In the case of our Chief Executive Officer and Chief Operating Officer, our earnings per share increased by 23.2% for 2004, and as a result these executives earned the maximum annual bonus of 200% of base salary pursuant to our Executive Incentive Plan.

During 2004, the Compensation Committee did not award stock options to either of the two senior executive officers. However, the CEO and the COO each received grants of performance-based restricted stock as set out in the Summary Compensation Table. As further recognition of the outstanding leadership the executives provided in achieving record results for the company in 2004, in the first quarter of 2005 they were each awarded 70,000 stock appreciation rights that will vest in 2007.

PROPOSAL NO. 2 – RATIFICATION OF INDEPENDENT AUDITORS

Introduction

The Audit Committee has appointed PricewaterhouseCoopers LLP (“PricewaterhouseCoopers”) to act as our independent registered public accountants for 2005. A proposal will be presented at the Annual Meeting to ratify this appointment. If the shareholders do not ratify the selection of PricewaterhouseCoopers LLP as our independent registered auditors, another independent registered public accounting firm will be considered by our Audit Committee, but the Audit Committee may nonetheless choose to engage PricewaterhouseCoopers. Even if the appointment of PricewaterhouseCoopers is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of World Fuel and its stockholders.

Representatives of PricewaterhouseCoopers are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they desire, and will be available to respond to questions.

The following is a description of the fees billed and to be billed to us by PricewaterhouseCoopers for the fiscal years ended December 31, 2004 and 2003.

The Audit Committee approved all services provided by, and all fees paid to, PricewaterhouseCoopers. The Audit Committee has considered the services provided by PricewaterhouseCoopers and described above, and has determined that such services are compatible with maintaining PricewaterhouseCoopers' independence.

The Audit Committee approved a policy that authorizes the Chairman of the Audit Committee to pre-approve audit and non-audit services to be provided by the independent auditors so long as such services: (a) involve fees of less than \$10,000, and (b) are subsequently reported to and approved by the full committee. Pursuant to this policy, all audit and non-audit services to be provided by the independent auditors, involving fees of \$10,000 or more, must be pre-approved by the Audit Committee.

The Board of Directors Unanimously Recommends a Vote for Ratification of the Appointment of PricewaterhouseCoopers LLP as our Independent Auditors.
